GLAS MEADOR

Effort and expense is re-  
make and keep an enemy  
friend; it is easier to grow  
than flowers.

my thoughts gambol over  
ward of useless con-  
frequently weigh the lack  
tion displayed by wo-  
list. Perhaps there is no  
but it is barely pos-  
the condition might be  
ed by the instrument's

ing on the asphalt surface  
modern highway three east-  
galleons of a forgotten era  
ward through the hot  
of an August afternoon.  
covered wagons with the  
wind of defeat pressing  
stained sails; rough ambu-  
ships freighted with wound-  
s. Timid children looked  
under the sagging canvas  
thin, jaded horses plodded  
with the spirit of weary  
slaves. A brown-eyed  
trotted in a moving wagon  
s. Failure had written its  
account on the faces of  
men and women. Unknown  
of disaster had achieved  
cooperative goal and written  
sults with tears, heartaches  
the pain of the road back.  
passing was like the pitiful  
of lanterns forgotten after  
rival of day. They belonged  
world of winding wagon  
across lonely prairies, dry  
and white rimmed mesas.  
covered wagons brought  
refugees from the west in the  
when vision's lamp flamed  
ly on the sunset horizon.  
age was not enough to feed  
ing horses and cattle, to quiet  
y children. Mistaken judge-  
is no disgrace; only the stub-  
s to admit it.

nowledge of my faults per-  
any great amount of pre-  
satisfaction on the rare oc-  
when a contemporary feels  
I deserve some measure of

he placed her scabby hands on  
frail shoulders when the  
ms of childhood reflected in  
wide, tragic eyes like golden  
s above still water. A drunk-  
ep-father best his small back  
a doubled rope when he fall-  
to perform a man's work and  
then knew hunger with the  
racy of an estrayed and un-  
ted kitten.

sometimes he would sit alone at  
al when companions laughed  
played, his eyes drinking the  
stem of great books. He seldom  
s. One day he was gone and  
sands of time soon filled his  
low tracks.

ears rolled through the hollow  
s of live at little wells of  
th, defeat and fame. The boy's  
-father was found stiff and  
less one frosty morning.  
owed in a lister-furrow, still  
died a half-filled fruit jar of  
n whiskey. The following sun-  
his mother married again  
moved away.

Again time whistled at the un-  
portant stations as it thundered  
A wealthy man drove his mas-  
sive automobile to the cemetery  
s. He found the weed-covered  
s, issued a few instructions  
drove away. Within a short  
an impressive granite monu-  
ent was erected and the weeds  
s from the grave. A son had re-  
ted to pay for the love he  
received.

## Cotton Movement Is Studied At Meeting Molley Represented At Lubbock As Vital Farm Problem Is Discussed

PROBLEMS of a nation at war confronted farmers and business leaders from 35 West Texas counties meeting at Lubbock, Tuesday. Outstanding problem for discussion was the movement of the area's large and valuable cotton crop from the field to the gin.

The meeting was held specifically at the call of Mark McGee of Ft. Worth, state director of the Office of Price Administration, who was Present with several key members of his staff.

Motley county delegates included D. I. W. Birnie, chairman of the war price and ration board, County Agent J. R. Emmons, Mayor G. T. Edwards, and other farm civic and business leaders. Total attendance was estimated at 800.

Purpose of the meeting, as emphasized repeatedly by McGee and others, who spoke, was twofold: First to emphasize anew that automobile tires will be almost unobtainable; and, second, to hear and discuss ideas as to how cotton can be moved to gins either with the few available tires, or by other means of transportation. Many suggestions were offered.

Pooling Plan Offered  
Most acceptable plan was offered by Joe Naughton of Ellis county, which works something like this: A few farmers, usually five or six, residing in the same general area get together to try to solve the problem of moving their cotton. Since it is improbable that

## Masonic Chapter To Confer Degrees

Several degrees will be conferred by the Royal Arch Chapter of Matador Masonic lodge in a called meeting to be held tonight in the lodge hall. Members from the Floydada lodge will be visitors and will assist in the work.

The meeting is called for 8 o'clock, and will adjourn at 8 o'clock for supper to be served under the supervision of Henry Pipkin. The work will be resumed following the meal.

All R. A. M. members are urged to be present for the meeting.

## School Lunch Plan Will Be Discussed

A meeting will be held Wednesday afternoon, September 16, at 2:30 o'clock, in the Motley County courtroom, for the purpose of discussing the Community School Lunch program, according to information received by Judge W. R. Cammack, from Forrest M. Wright of Lubbock, Area Supervisor of the Agricultural Marketing Administration.

Representatives of the Texas State Department of Public Welfare, Commodity Distribution Division, Work Projects Administration, and the Agricultural Marketing Administration will be present for the meeting, which is one of a number of county-wide meetings being held by the group for this purpose.

## Dates Announced For Driver Exams

Examinations for driver's licenses will be held here on the 1st, 3rd and 5th Wednesday afternoons from one p. m. to five p. m. according to an announcement made yesterday by Miss Rachel Patton deputy in the office of Sheriff H. H. Courtney.

The examinations will be conducted by a member of the State Highway Patrol.

## RETURNS FROM HOSPITAL

Mrs. H. H. Campbell returned home Sunday from Lubbock, where she has been a patient in the Lubbock general hospital since July.

## STUDENTS TREK BACK TO STUDIES HERE MONDAY

Enrollment in Matador's school system Monday was only slightly less than last year's total, with the registration for classes being 127 high school students and 221 in the elementary grades, according to Superintendent B. F. Tunnell. Last year 131 students were enrolled in high school, 35 being seniors. This year's senior class numbers only 23.

Faculty members for the grade school are: Mrs. Cecil Godfrey, first grade; Miss Verlin Reeves, second grade; Miss Amy Glenn, third grade; Vernon Doss, principal teaching arithmetic in the 5, 6, 7 and 8th grades, with Mrs. Harold Jones teaching the same grades in English and penmanship, Miss Thersia Godfrey, reading and art, Mrs. Mae McKenzie, geography, Mrs. Meason, health and physical education and Mrs. Homer Kingery, music. No fourth grade is being taught.

High school subjects and teachers are: English, Miss Claryce Whitten; Home Ec and chemistry, Miss Zona Beth Faulkner; Algebra and commercial bookkeeping, Mrs. Brady Thomas; Typing, Mrs. McKenzie; and mathematics, B. F. Tunnell, with Mrs. Charlie Keith substituting in the science department until that vacancy is filled. Expression and public speaking will be taught by Mrs. J. R. Whitworth.

A vacancy will occur in high school history and civics after Friday, September 18, when Principal Bert Ezzell will leave to join the armed forces.

## King Baby Dies At Paducah Hospital

Funeral services were conducted Wednesday afternoon, September 2, in the home of Mr. and Mrs. W. C. King for the infant son of Mr. and Mrs. Dale King.

The baby died shortly after birth Tuesday in the Paducah hospital. Besides the parents, the child is survived by his grandfather, W. C. King, and the maternal grandparents, Mr. and Mrs. J. F. Bridges, Rev. Charles C. Brooks conducted the services.

## Baptist Church Is Free Of Debt; \$900 Subscribed Sunday

The "giving" spirit of this small west Texas community was again demonstrated Sunday morning at the close of services at the Baptist Church, when, within the space of twenty minutes, something over \$800.00 was subscribed in pledges to defray expenses incurred during the revival meeting, and other outstanding indebtedness. Over \$600 of the amount was paid in cash.

The phenomenal contribution was made following a motion that sufficient funds be raised to clear the church of debt which included payments for insurance, and a bill for remodeling the parsonage, in addition to the revival expenses. The goal set was little more than \$700.00.

Additional contributions made at the evening church services brought the day's collection to exceed \$900.00.

## Bennie Cox Named New Fire Chief

B. C. (Bennie) Cox, recently employed at Bob's Oil Well service station was named to head Matador Volunteer Fire Department at the Monday evening meeting. He succeeds Earl Laughlin.

Chief Cox brings to the department many years of experience in fire-fighting work.

Several new, draft-exempt members were accepted in the volunteer group, which included: J. R. Whitworth, Vernon Daniels, L. R. Bishop, Pat Sheridan, Lewis Eudy, Elmer Jameson and Claude Harp.

## IN VETERAN'S HOSPITAL

M. S. Patton left Monday for Amarillo, where he will receive treatment in the Veteran's Hospital for about thirty days.

His duties as secretary of the Matador National Farm Loan Association will be assumed by Mrs. Patton during his absence.

## Leaf Worms Are Threat To Cotton

Following additional rains and continued cloudy weather, leaf worms are again threatening Motley county's excellent cotton crop prospects, according to County Agent J. R. Emmons.

Farmers are urged to examine their cotton daily and begin poisoning at the first alarming showing of worms. Elbert Reeves found 36 leaf worms on one stalk this week, and Mrs. Melvin Meason reports an alarming number of the insects. Poisoning has been started in both fields.

Mr. Emmons recommends three to six pounds of calcium arsenic to 50 gallons of water, used as a spray for control of leaf worms. The amount used per acre depends on the size of the cotton, he declared. Cotton plants should be completely covered. Farmers are urged not to allow the worms to get out of control through carelessness in daily inspection.

## County Delegate Back From Austin

Earl McBride, mechanical superintendent and "crew" at the Tribune, returned from Austin yesterday afternoon, where he represented Motley county Democrats at the state convention.

He was one of the eight delegates selected at the county convention and carried credentials to represent the county Demos at the state meet.

The convention elected George A. Butler, 42-year-old Houston attorney as chairman of the executive committee to succeed E. B. Germany; reelected Mrs. H. H. Weimer of Seguin vice-chairman; named Charles E. Simmons of Austin as secretary to succeed Clarence Butcher, and selected a new executive committee without a hitch.

## First Cotton Is Ginned Friday At Roaring Springs

The first bale of cotton ginned from the 1942 crop in the vicinity of Roaring Springs, was brought to the Roaring Springs Gin Friday, September 4, and according to the report of gin manager S. M. Newberry, an average of 20 cents per pound was paid to Elbert Sanders, who raised the cotton in the farm of H. Jackson.

In addition to the sale price, Mr. Sanders received a premium which was contributed by the following: Cal Pinion, D. Hall, S. M. Newberry, J. T. Swim, Claudis Nichols Store, Smith's Cofe, Higginbotham Bartlett Lbr. Co., postoffice clerks Freeman Drug, Thacker Supply Co., Campbell Foodway, Campbell's Variety, Spot Cash Grocery, J. D. Mitchell, Super Service Station, H. L. Smith, W. C. King, Carl Tardy, Homer Kingery, Q. A. & P. agent, City Tailor Shop, Carpenter's Blacksmith Shop, Irwin & Son Grocery, J. W. Crouch and Berry Watson.

## County Has Supply Of Cotton Sacks

No shortage of cotton sacks or duck is anticipated in the county this season according to a recent survey made by County Agent J. R. Emmons.

"Farmers owe Motley county merchants a debt of thanks for their foresightedness," Mr. Emmons, declared. "The county will probably have sufficient cotton sacks and cotton-sacking material because merchants anticipated the present shortage, buying large stocks and buying early while the material was available."

## First Cotton Was Sold For 8c In '38

The following front page news item is from the September 8, 1938 issue of the Matador Tribune:

"W. H. Patterson of Northfield ginned the first bale of 1938 cotton last week. The 1890 pounds of snaps yielded 415 pounds of lint which was sold for 8c, or \$32.20. The seed sold for \$8.78, at the rate of \$19.00 per ton...."

## Patriotic Response To Scrap Iron Campaign May Possibly Lead Nation

AGAIN the patriotic spirit of Motley county sets an example of complete cooperation! The entire state of Texas is looking to this sparsely populated cattle-country county for its record in the recent nationwide scrap iron drive. Motley county leads the state in per capita response and may possibly lead the entire nation!

County Judge W. R. Cammack received the following message Monday from J. C. Jerigan, secretary to the State Department of Education: "From a speech made to the State Department of Education, Mr. Geo. P. Butler, head of the Texas scrap drive, told our group this afternoon that Motley county was leading the state and quite possibly the United States in per capita collection of scrap."

J. R. Emmons, county agent, declared Tuesday that Motley county had collected 141 pounds of scrap per capita during the drive. The goal was for 100 pounds per capita. While figures are not available for the nation, the state of Nebraska claimed honors for 106 pounds per capita.

Scrap Still needed  
V. D. Pippins, local scrap dealer declared late yesterday that the need for scrap metal is still as urgent as before, since many great steel mills may be forced to close in event the scrap metal does not continue to flow to them. He is shipping a fourth car of iron to the Youngstown Sheet & Tube Co. Brier Hill Works, at Youngstown, Ohio, one of the nation's great mills threatened with necessity of closing because of material shortage. He urged everyone to understand that the recently completed drive was only the starting, rather than the end of the scrap metal need of a nation at war. The need will continue to exist until victory is accomplished.

High Prices Paid  
Altho Matador is not located on a railroad and metal must be trucked to Roaring Springs for shipment, scrap iron prices are approximately 20% higher here than in Floydada or Paducah. Mr. Pippins said he would continue to pay the higher price as long as the volume justified it, but that is the metal does not continue to be

(continued on back page)

## Revival At Local Church Of Christ Pronounced Success

The 10-day revival meeting of the local Church of Christ closed last Sunday night, September 6, with 11 additions and 14 restorations.

Minister E. C. McKenzie, of Henderson, Texas, conducted the services and brought to the listeners many grand and glorious lessons which they will not soon forget. Hershel L. Dyer of Crosbyton, did a fine work in leading the congregational singing.

Out-of-town visitors who at different times attended this revival were from Pampa, Crosbyton, Abilene, Petersburg, McAdoo, Flomot and Roaring Springs.

Minister McKenzie has promised to return to the Matador Church of Christ, the Lord willing, the latter part of August next year, to hold another such meeting.

It is hoped that this date will not conflict with revival dates of other local churches next year.

## More Rainfall Is Registered Here

Additional rainfall was registered over most of Motley county during the past week. In the extreme north section of the county the precipitation was heavier than that registered here. Geo. Springer said his rain gauge showed .30 inch in Matador.

## LEAVE FOR CALIFORNIA

Mrs. Tommie Newman, accompanying her parents, Mr. and Mrs. C. V. Smart of Spur, left Sunday morning for California where they will visit Mr. Newman, who is stationed at Santa Monica. They will also visit her brother, and son of Mr. and Mrs. Smart, who is enlisted in the Marines.

Mrs. Annie Tudor left last Wednesday for Fort Worth, where she is visiting her son and family.

## Scrap Iron Leads Program Of Flomot Community Meet

Unity of purpose to support the war effort with complete cooperation was demonstrated Monday evening at the Flomot high school auditorium at a special Community meet attended by approximately 100.

The following new officers were elected for the ensuing year: Joe Speer, president; R. M. Morris, vice-president and Mrs. George Pope, secretary.

The Flomot high school band opened the program with two selections, followed by remarks and introductions by County Agent J. R. Emmons. Mrs. L. B. Turner made a patriotic address entitled "The Flag of Service."

Continuation of the scrap drive was urged by R. M. Morris after W. I. Rushing had announced that Austin officials declared Motley county to be the leading county in the state and possibly in the nation, in the recent scrap iron drive. Title of his address was "Why Give Scrap Iron Now?"

## Scraping Iron

In his address, "Use of Scrap Iron," Joe Speer declared he preferred to refer to the iron which the Japs purchased from us a few years ago as scrap iron and the iron with which we are fighting them as "scraping iron." Mrs. Hurston Cromer delivered an address on "Women's part in Victory" and Mrs. Howard Bishop outlined a wartime recreational plans. Mrs. D. F. Cannedy stressed the need to can all food products possible and also suggested late fall gardens suitable to this climate. Douglas Meador, editor of the Matador Tribune was introduced and made a brief address.

The Community meeting is held regularly on the 4th Thursday evening each month at 8:30. The next meeting will be held Thursday, September 24th.

## MATADORS TO TRY CROWELL FRIDAY

Current season for the Matador Matadors will open Friday night when they meet the Crowell Wildcats under lights at Crowell.

Twenty-five boys have been working out in preparation for the season. The line is inexperienced with the exception of Alton Marshall, a last year's tackle, and Sonny Russell for guard. Russell played backfield last year.

The team has three regulars in backfield, Algie Durbin, and Vance Campbell, last year all-district backs, and Norman Pitts, a 1941 regular.

Probable starting lineup for the Friday night game includes: Morris Stephens and Herbert Smallwood, ends; Sonny Russell and Charles Price, guards; Alton Marshall and C. D. Garrison, tackles; Harry Louis Willett, center; Algie Durbin, Vance Campbell, Norman Pitts and Raldo James, backs.

Others who will probably see plenty of play during the season are: Mack Jacobs, Gene Webb, Billy Wason, Bobby Harp, Alvin Garrison, Reese Timmons, Math Barkley, James Garth and Pete Williams.

Miss Kara Hunsucker, who has been employed on the Olney Enterprise, Olney, returned home Saturday to remain until next week when she will enroll at Texas Tech, Lubbock, for her senior year.

-As Provided By State Law and Federal Regulations-

HERD OF BUFFALO DELAY PASSENGER

CROWELL—Train crew and passengers on the Santa Fe Railway Slaton division near here rubbed their eyes and virtually exclaimed in chorus: "Page Mr. Ripley!"

For in this year 1942 and in broad daylight they discovered a herd of buffalo stampeding along the right-of-way, three miles east of this community. Conductor John Davenport reported the amazing situation to Superintendent H. R. McKee, and an order was immediately put out to other train crews to be on the alert. In the meantime section men were notified and they engaged in a "last roundup," after dis- covering that the small herd, one of the last of its kind in a semi- wild stage, had escaped from the ranch of Dr. J. M. Hill.

Supt. McKee declared that the last record he recalls of buffalo blocking the right-of-way occurred 25 years ago when a wild herd halted traffic near Onava, New Mexico.

The Santa Fe System carloading for the week ending August 15, 1942, were 22,407 compared with 22,266 for the same week in 1941. Cars received from connections totaled 11,643 compared with 8,423 for the same week in 1941. Total cars moved were 34,050 compared with 30,689 for the same week in 1941. The Santa Fe handled a total of 34,683 cars during the preceding week of this year.

Social Security Tax Must Be Paid On All Wages

LUBBOCK—"All wages paid for services rendered, regardless of the length of time involved, should be reported on the regular quarterly Social Security tax returns," John D. Palmer, manager of the Lubbock office of the Social Security Board, announced today.

The announcement was made to correct the false impression of many employers that work on a short duration need not be reported. "Temporary, part-time, intermittent, or casual labor, which is in the course of an employer's trade or business should be reported, even though the amount of wages involved is small," Palmer said. "Employers should record the name and Social Security account number of each such work- er, and the required information should be reported the same as that for regular employees who work steadily for one employer."

Palmer added that night watch- men, janitors, and others who may be employed by several firms at the same time are entitled to the old-age and survivors insurance benefits which are provided by

Northfield News

Mr. and Mrs. Delmont Hays and family were guests of Mr. and Mrs. C. M. Payne Sunday. Miss Velma Collins, who has been visiting her brothers at Childress, last week, returned home Monday.

Mrs. Emma Courtney of Childress visited Mr. and Mrs. T. W. Bain last week. Mrs. Lilly Knipe returned to her home in Albuquerque, New Mexico Saturday after spending the summer with her daughter and husband Mr. and Mrs. G. A. Ashford.

Those transacting business in Childress last week were Mr. and Mrs. G. A. Ashford, Mrs. J. A. Tipton, F. G. Tipton and daughter Gaynell, Mr. and Mrs. T. W. Bain and Mrs. J. D. Spray. Mr. and Mrs. F. G. Tipton and family were guests of Mr. and Mrs. W. E. Collins Sunday.

The Baptist revival starts Friday, August 28th. Mr. and Mrs. P. A. Simpson and Billy Paul are vacationing in South Texas. Jimmie Wade is visiting his

Spur Laundry Service in Matador Mondays, Wednesdays and Fridays

By BOYCE HOUSE

"Uncle Buck" was (for he's passed away now) the gray-haired, mild-mannered bailiff of federal court. Friendly and even jolly in manner, nevertheless he could—if you gained his confidence—tell many an interesting story of bad men of the Southwest for, first and last, he was an officer for 40 years.

One day, while out in a little West Texas county seat town, he ran into one of the toughest hoppers in the State. However, Uncle Buck had no official business with the man; in fact, they were rather good personal friends, considering their different stations in life. So they had something to drink—probably an ice cream soda, strawberry flavor.

The bad man—let's call him Jack—was in a talkative mood and among other topics he discussed the fate of an officer who, not long before, had attempted to arrest a notorious outlaw and was shot to death. "He didn't go about making the arrest in the right way," Jack said.

Some months later, Uncle Buck was handed an indictment against Jack. He called two deputies and the pair walked, unannounced, into Jack's hangout and, while one pointed a sawed-off shotgun at Jack's belt-buckle, the other roughly commanded the killer to turn around and flatten out against the wall, and then he was relieved of his shooting-irons.

When Jack was marched in, he was bitter. "I don't like the way your men treated me," he snarled at Uncle Buck. "I'll get even with you." "Why," Uncle Buck said mildly, "I was just carrying out your suggestion."

"How was that?" "Don't you remember when we were talking out in West Texas a while back, you told me the safe way to arrest a dangerous man? Well, I had it done just the way you told me then."

Jack studied a moment, then his face lighted in a grin. "I reckon that's one on me," he said.

Clyde Pipkin Buys Store At Dalhart

Clyde Pipkin has bought Wolf Drug Store No. 2, at Dalhart, it was announced recently in the Dalhart, Texan, and assumed charge September 1.

The firm name will be changed to the De Soto Drug Store, it being located in the De Soto Hotel of that place. Pipkin has been in the drug business 16 years, and has been associated with the Wolf Drug Co. in Dalhart since Sept. 15, 1930. He and his family moved there from Quitaque, but are former Matador residents. He is the son of Mrs. C. D. Pipkin of this place.

DID YOU KNOW—

By Mrs. Tom Tilson

Victory does not lie in the opening of a western front, nor is it to be brought about alone by military might upon land, sea and in the air. It will come when we return unto the Lord and obey all His commands, statutes and judgements, reverence His name and keep holy His Sabbaths. If we will do this, Moses assures us God will keep His promise, "and ye shall chase your enemies, and they shall all before you by the sword. And five of you shall chase an hundred, and a hundred of you shall put ten thousand to flight."

The laws for Victory are not hidden from us, but in unbelief we refuse to read them and obey and heed their instruction. This must be national. Based on individual preparation.

Another of Uncle Buck's stories was of a different nature and dealt with a traveling evangelist. Now this revivalist was a powerful exhorter but he did like his liquor. One afternoon, he sent his man-of-all-work, a darkey, over to Paul's Saloon, to get a pint of whiskey. The negro was gone so long that it came time for the evening service. The evangelist began his sermon and was discussing the Apostles, and reached Paul.

Your own judgment says it's true... Be wise and "follow through!"... MORE PEOPLE GO TO CHEVROLET DEALERS FOR SERVICE THAN TO ANY OTHER DEALER ORGANIZATION. SUPER CHEVROLET SERVICE. ### CEREMONY UNITES LOCAL COUPLE AT CLOVIS THURSDAY

A marriage of much interest to friends here, was performed Thursday evening, September 3, at Clovis, New Mexico, uniting Mrs. Kate Catlin and Joe M. Gaines. The vows were exchanged at the Methodist parsonage of that city, before the pastor, Rev. J. O. Bailey, who officiated. Attendants at the wedding were Mr. and Mrs. A. E. Westmoreland of Matador, who accompanied Mr. Gaines to Clovis to meet Mrs. Catlin, who was returning home from Los Angeles, California, after a two-months visit with her sons residing there. Mrs. Gaines has been a resident of Matador since about 1902, and Mr. Gaines is manager of the West Texas Gin here, having held that position for the past ten years.

### Sgt. Ben Clements Marries Saturday

Miss Beth Deming of San Angelo, became the bride of Staff Sgt. Ben Houston Clements Saturday evening at 8 o'clock, in the Goodfellow Field chapel. Chaplain A. H. Manes read the wedding vows. The bride, an only daughter of Mr. and Mrs. J. H. Deming, wore a powder blue crepe dress with matching full-length coat. Her accessories were black and she wore a corsage of white gardenias. Miss Joyce Therwhanger was maid of honor, and Staff Sgt. Thomas B. Self attended the bridegroom. Wedding guests included the bride's parents, the bridegroom's mother, Mrs. L. B. Archer and children, Misses Imogene and Billie Jo Archer, and Leo Bennett Archer all of Matador, L. B. Turner of Flomot and Sgt. Nick Graff and William Bright. The bride is a graduate of Junction High School and San Angelo Business College. Sgt. Clements, a graduate of Matador High school, where he was reared, is a grandson of Mrs. B. F. Turner and is stationed at Goodfellow Field, San Angelo. After a week-end visit with relatives here, the couple returned to San Angelo, where they will be at home after Sept. 10, at 309 N. Jefferson.

### Spur Girl Marries At Lubbock Friday

In a service read at the post chapel, Miss Ann Hughes, daughter of Dr. and Mrs. J. F. Hughes of Spur, former Roaring Springs residents, became the bride of Aviation Cadet William A. Innes of the Lubbock Army Flying school and formerly of Rocky Mountain, N. C. Capt. James E. McDaniel, chaplain, officiated with the services at 4 o'clock Friday afternoon. Cadet Innes received his commission as second lieutenant Sunday. Given in marriage by her father the bride wore a blue suit, trimmed with a full length fur. She chose black accessories and her corsage was an orchid. Miss Mona Hughes attended her sister. She was dressed in a beige suit with brown accessories. Her corsage was of pink gardenias. Mrs. Hughes wore a black crepe dress with a black feather hat, and a corsage of red roses. Cadet Felix Jackson of the LAES attended the bridegroom. The bride was graduated from the University of Texas in 1939, and has been doing graduate work at Texas Technological college. Cadet Innes attended the University of North Carolina.—Lubbock Avalanche. Mrs. Innes was reared in Roaring Springs and was a graduate of Roaring Springs High School in 1933.

#### ARRIVALS ANNOUNCED

# Motley County Gins Prepared To Handle '42 Cotton Crop

## Producers Protected In Oversight Of Managements

Motley county's eight gins will be able to handle the 1942-43 cotton crop, according to reports from the ginners. The farmers are able to get their cotton hauled to gin plants. The gins have been installed and equipped and have been tested and now the gins are ready to handle the flood of white gold that is expected to break over the county.

In instances the foresight of the ginners is responsible for the excellent condition of the gins. They understood the situation which the nation was in regard to machinery of the type and purchased parts for those anticipated. In some instances the gin equipment was secured at the present time and the condition indicated difficulty for production in the future.

Motley county gin organizations are of the sincere interests of the success or failure of the ginners. They are closely linked with that of the producer that nothing will be done without the complete cooperation of the ginners.

**Is Problem**  
Most of the county gins are in operation, some will be able to operate with less than normal because of the shortage. Men in the armed forces who have moved elsewhere by the high wages of the war plants, have affected the abundance of qualified ginners. Those who have declared they will not work for this ginning season are now employed, retraining and repairing and servicing the gins.

**CONTRIBUTIONS**  
The tribune gratefully acknowledges the following unsolicited contributions to its plan of sending copies to all Motley county in the armed service: Pat \$1, Frank Pohl \$1, David Dan Darsey \$2, Mrs. C. E. Flomot \$2, Ben Edwards \$2, J. W. Dewbre 50c.

**FROM TRIP**  
Mrs. Schweitzer arrived Sunday night from a trip to Lake City, Utah, having accompanied Pvt. Ray Sims who was transferred to that camp at Sheppard Field. On her trip, Schweitzer visited Coach Harvey G. Stanford of Matador, now of Las Vegas, and with relatives at Clifton, Arizona. She reached Carlsbad, N. M., with Elmer Gene Jameson home is Matador, but employed there.

Stearns returned home from Amarillo, where he had with relatives. Harold Jones returned last from Rockford, Illinois, and spent part of the summer. Mr. Jones was stationed at Matador, where he has assumed the position of teacher in the Matador school.

"WE HAVE IT. WILL GET IT. OR IT IS NO LONGER AVAILABLE"

### McDonald Urges Farmers To Hold For 22c Cotton

AUSTIN—Don't sell your cotton below 22 cents for 1516 middling FOB ports or mill centers, Commissioner of Agriculture J. E. McDonald today urged Texas farmers, declaring that the recent government crop forecast had exerted a bearish influence on the market.

At the same time, McDonald urged the farmers to take advantage of the government cotton loan offer and put every bale into government loan until the market reaches the true parity price of 22 cents.

"The farmer must have this price for the 1942 crop if he is to have purchasing power with which to support other vital industries," McDonald said. "It will be very unfortunate if our cotton farmers allow themselves to become confused and market their cotton for less than its intrinsic value."

Calling attention to the acute farm labor condition, McDonald declared that all of the estimated 13,085,000 bales may not be harvested this year. And next year it is doubtful if an adequate cotton supply can be produced because of this labor condition. Present consumption is above all previous records, the Commissioner said.

"Congress provided that ceiling prices on cotton goods should not be fixed below a price justifying 21.47 for 1516 middling cotton, interior points," McDonald said. They also provided that no government owned or loan cotton should be sold below full parity, set by the U. S. Department at 18.85. The Congress also provided a government loan equaling 85% of parity."

"There is no justification for the farmer losing confidence and selling below these figures," McDonald asserted. "Prices of things the farmer must buy, the wages he pays for labor and the increased taxes justify 22-cent cotton."

### Army Makes Place For Colored Women

For the first time in the history of the Nation, colored women have an opportunity to serve with the Army.

Through new regulations, opportunities are opened to colored women in the Women's Army Auxiliary Corps. The Lubbock Army Recruiting Office announced this week that quotas have been authorized calling for stenographers, typists, general clerks, cooks and chauffeurs. Applicants must be between 21 and 44 inclusive, physically fit, able to pass an intelligence test and to show experience in the occupations named.

Colored women desiring to join the WAAC are urged to apply for information or enlistment at one of the following Army Recruiting Stations: Lubbock, Pampa, Odessa, Big Spring, Sweetwater, El Paso, Fort Bliss, Amarillo and Plainview.

Mrs. Ollie Nall, Mrs. Denver Powell and daughter Ann of Turkey, and Miss Delene Nall, who is employed at the West Texas Utilities, Quitaque, were guests of Miss Dora Jameson, Sunday.

Leonard King, who has been employed in Shreveport, La., is visiting his parents, Mr. and Mrs. Tom King and other relatives here.

### PIONEER'S RODEO ATTRACTS LARGE NUMBER OF FANS

Cattle-country rodeo enthusiasm attained new heights record at the 20th anniversary meeting for the Motley-Dickens Counties Old Settler's Association meeting held at Roaring Springs Pioneer park August 27.

Some estimates of the crowd reached 5,000 and observers believe that approximately half of the number and possible more attended the rodeo held during the afternoon.

Record of the various rope and saddle contests is as follows:

(Note: This report by H. H. Schweitzer) Cowboy Belling contest: Otis Smith, NT, Ward Rattan 47 sec., Will T. Smith 73 1/2, E. D. Walker 23 1-5, Pete Davis 62 1-5, Sonny Russell 42 2-5, L. M. Cox 56, Jessie Smallwood 28, Curtis Martin Jr., NT, Raldo James 29, Billie Hand 27 4-5, Quinn Martin (1st place) 17, Melvin Warren 26, Norman Martin NT, John Stotts NT, Robert Koonce NT, Jim Ward Jeffers 30 1-5, W. #### ERRATUM

The Tribune wishes to correct an error appearing in last week's issue regarding the election of officials by the Motley-Dickens Counties Old Settler's Association. Mrs. J. N. Scrivner of Roaring Springs was reelected secretary-treasurer.

Alligators are harmless as long as you can keep their mouths closed, says a naturalist. For that matter, so are gossips.

GO TO CHURCH SUNDAY

### Santa Fe Cars Carry War Bond Sales Plea

Contributing wholeheartedly to the sales campaign, the Santa Fe has just brought out the first transcontinental railway moving War Bond billboard in the form of the above dining car, now operating on the Grand Canyon Limited and the Ranger. Painted red, white and blue, the diner with the backing of a Minute Man sign, displays the message, "BUY WAR BONDS," on either side. Stewards in charge of the car are accredited members of the War Savings Staff of the U. S. Treasury Department. As an additional means of spreading the War Bond appeal, the Santa Fe is having the same message lettered on 200 box cars.

### Fate Of Malcolm Reinhardt Since Fall Of Corregidor Is Unknown By Parents

FATE of Malcolm T. Reinhardt, Jr., one of the heroes of Corregidor, is still unknown to his parents, Mr. and Mrs. M. T. Reinhardt of Matador.

Except for the War Department notice to the effect that their son is "missing in action," and long delayed letters written before the retreat from Bataan to Corregidor, they have waited day by day without word that might provide comfort and support more than the eternal hope which remains in the hearts of loved-ones at home.

Mrs. Reinhardt has written many of the defenders who managed to escape the rock fortress and also Miss Eunice Hatchitt one of the nurses who has managed to return to America.

Here is Miss Hatchitt's reply to Mrs. Reinhardt's inquiry:

"Dear Mrs. Reinhardt: Yes, the boys continued with their band during those days in Corregidor. I heard them play a number of times in the tunnel at Corregidor. I did not see any of them after I left April 29th of this year. I am sure they are all prisoners at the Rock. This is all the information I can give you at this time."

#### Organized Swing Band

Reference in the above letter to the band is reply to Mrs. Reinhardt's inquiry as to the band organized by Malcolm Reinhardt during the terrible days of Corregidor. He conducted a radio orchestra before entering the armed service.

Miss Lucy Wilson, another nurse who escaped, now at her home in Big Sandy, Texas, did not know Malcolm Reinhardt. She left Corregidor on the night of May 3. Regarding the fighting, she said: "Enough cannot be said in praise of these boys. They were the bravest and best fighters imaginable."

Sailor Knew Malcolm John Samuel Stringer of La-

mesa, a mechinist's mate on the minesweeper "Quail," which the crew scuttled to avoid its capture by the Japs, answered Mrs. Reinhardt's inquiry, under date of August 29, as follows: "Dear Mrs. Reinhardt: I received your letter about your son, Mrs. Reinhardt, I knew Malcolm, he was a real sailor too. But I do not know what happened to him. There was a chance for his escape, I am sure. Mrs. Reinhardt, I would enjoy a visit with you very much but I only have a few days to visit my parents. I had not been home in seven years. I am leaving today for Washington, where I will be assigned to another ship. The way 18 of us escaped was as follows. We got hold of a small boat and made a get away during the night. It was either take the small boat and risk our lives or be taken prisoners, so I preferred the small boat. I hope your son escaped, one way or another. Mrs. Reinhardt I just can't tell you how the bullets missed us. I hope to bring your son back with me the next trip I make."

Identify Son's Picture Mr. and Mrs. Reinhardt believe they have recognized their son in a group of pictures published recently by Life Magazine, in an article entitled, "Philippine Epic." He is shown standing in one of the Corregidor tunnels, which is being used as an emergency hospital for the wounded defenders.

The great live oak near Lamar, Arkansas County, is frequently referred to as the largest tree in Texas. Its trunk two feet above crown roots has a circumference of 29 feet, six inches. Maximum spread of limbs is 102 feet. It is known as the Lamar Oak and also as the Taylor Oak, from General Zachary Taylor who camped under it during the Mexican War.

### Physical Exercise Basic Requirement For Good Health

AUSTIN—"Physical exercise, despite labor-saving devices, still is one of nature's basic requirements for vigorous health. This fact frequently is overlooked by many middle-aged and older persons who deliberately have reduced exertion to a minimum, permitting gadgets, the automobile and other persons to do for them those things, which, in a less ingenious and abundant age, they would have called on their own muscles to perform. This tendency is being overdone," stated Dr. Geo. W. Cox, State Health Officer.

"For instance, a few days ago a woman of fifty consulted a physician. After relating her vague symptoms, the doctor requested her to outline her daily routine. She said she arose about 9:00 a. m. had breakfast, read the paper, visited with friends on the telephone, had lunch, went to a movie or played bridge, dined at seven, played more bridge or read a book until bedtime. 'You see,' she said, 'I don't do anything.' And that, madam, is exactly your trouble. Sit-down recreations have got the best of you. Exercise, not pills, is what you need."

"While an extreme example, this case serves to illustrate a lesson that well could be taken to heart by many men and women of middle-age or older. Substituting inclinations and inventions for physical activity definitely is not in line with nature's plans for the best achievable health.

"Of course, there is no desire to imply that the middle-aged and older should make a fetish of exercise. Indeed, a rigid exertion schedule might be harmful. The daily walk, physical interest in gardening, a moderate game of golf or other sport, if the doctor approves, should meet the requirements nicely. The regularity, not the severity, of the exercise in the fresh air is the big factor.

"Of course, some folks can 'lazy' through life and apparently live happily, healthily and to a good old age. From strictly a health viewpoint, however, they are like-

### Dorothy Wason Is Named To Office

Miss Dorothy Wason was recently named Publicity Superintendent of the Young People's Association of Methodist churches in the Plainview District, according to information received from the president of the association, Lee Roy Carpenter of Amherst.

Miss Wason, the daughter of Mr. and Mrs. Bill Wason, is active in young people's work in the local Methodist church.

ly to be the exception rather than the rule. "Consequently, a little more attention to the fundamental demands of the body and less emphasis upon the 'soft life' is a rule that should be beneficial to many. Even in these speed-up days, leisure still is available to most persons in a measure not thought of a few decades ago. To put some of it to work for oneself in terms of healthful exercise, is good for young, middle-aged, and older persons alike."

### Whiteflat News

Ida Belle Armstrong

(Delayed)

Miss Elsie Cook left Thursday for Mary-Hardin Baylor College at Belton, Texas where she enrolled for the fall term in business administration.

Miss Ida Belle Armstrong, student in Mary-Hardin Baylor College, Belton, Texas arrived home Monday for a weeks visit with her parents, Mr. and Mrs. Harry Armstrong.

**Let's Talk About Money ... and WAR**

When you hear that bombing planes cost \$335,000, tanks \$75,000, anti-aircraft guns \$50,000—And when you hear, too, that America needs 60,000 planes, 45,000 tanks, and 20,000 anti-aircraft guns at once—

It doesn't take much figuring to see that winning this war calls for every dollar all of us can scrape together. With our freedom at stake—with our farms, families, even our very lives depending upon the outcome, we'd gladly give this money.

But we aren't asked to do that. Our Government asks us only to lend the money—to put our increased earnings into War Bonds—month after month—until this war is won. In doing so, we save for our own security as well. For we get back \$4 for every \$3 we invest, when the Bonds are 10 years. And if we need money, we can get it all back time after 60 days from issue date.

This is the American way—volunteer way—to raise the lions needed for Victory. And money can ... will ... must raised.

So let's show them that the fathers of America are helping win this war in two vitally important ways—by producing more in War Bonds. Make Every Market Day "Buy War Bonds Day"—Invest At Least 10%

NOTE—Now You Can Buy War Bonds Through Your Rural Postman!

**Your Home Is A Citadel . . .**

YOUR home is the citadel of strength . . . the front behind the front of a nation at war. It will endure through the stress of conflict and help establish the peace to follow . . . it deserves to be kept in good repair.

MOVING COTTON...

(continued from page one)

any one or two of them will have sufficient equipment to move their crop, but the group will usually have all the equipment needed or they will be able to obtain it from the limited supplies available.

This plan, as admitted, might mean a great deal of inconvenience and extra work. It might mean extra expense, but according to the speaker, it should move to gins and markets a lot of cotton that otherwise will not be moved.

Other ideas suggested were these: Attach several trailers behind a single tractor. Switch tire, even wheels, from other vehicles. Arrange by groups with professional truckers to haul the cotton. Investigate the possibility of trucks from wholesale houses to haul the cotton.

Investigate the possibility of trucks from wholesale houses to haul the cotton. Investigate the possibility that large trucks like those used to haul cattle, which could haul several bales of cotton in a single load, might be used. Take fullest advantage of other methods of transportation, such as horse-drawn wagons, if any can be "dug-up."

No Tires Available

Mr. McGee emphasized that eligible lists had 35,000 applications which were turned down in August and that 70,000 "eligible applications" would be turned down in September because the tires are no longer available.

FARM LOANS...

(continued from page one)

prepared for 200 but less than half that number accepted the invitation.

Stockholders of the Matador National Farm Loan Association embrace the great, silent strength of any nation. Bronzed men who have watched white, hot sky over burning fields and ranges, women with calloused hands. People who work and hope and continue to work with faith in the land.

National leaders responsible for the Farm Loan Plan would have rejoiced at the meeting Saturday evening. Despite the great national crisis, which weighs heavily on their shoulders, there was a new spirit of hope. Debt, the great farm burden, has been lifted.

Bank Stock Above Par

The cooperative plan of the bank system has succeeded, perhaps above the most sanguine dreams of its creators. The Houston bank does not owe the Federal government a single penny, and it has \$36,000,000 (millions) surplus. Shares for which stockholders paid \$5.00 are now worth \$18.00. None of the other 11 banks have such a record. The other banks still owe the government and in some instances the \$5 shares are now only worth \$2.50.

Success in management of the Houston bank is not difficult to understand. Capable, experienced and reliable men have charted its course and obtained the same high standard personnel in various branches. Loans have been made with great care, never in overvaluation of the land, or the borrower. The borrowers have been sincere, hard-working people, anxious to own a farm, a few cattle or a ranch.

M. S. Patton, secretary-treasurer of the local bank declares that many loans are being liquidated ahead of schedule in this county.

More Loans Are Needed

Many farm loan associations are being consolidated and stockholders were warned Saturday night by President J. L. Woodruff, that servicing of this agency may be moved to Paducah, unless a united move is made by stockholders to retain it in Matador. H. H. Campbell immediately offered a motion to urge the Houston bank to allow the present organization unchanged. It received unanimous support of those present and the secretary was instructed to send

SCRAP IRON...

(continued from page one)

brought to him, he will need to lower his price to widen his margin of profit.

Mr. Pippins has purchased over \$4,400 worth of scrap since coming to Matador four months ago. L. R. Bishop operating Matador's other scrap metal depot is assumed to have purchased in the neighborhood of the same amount, although he could not be located for verification of the estimate late yesterday.

Thus it is probable that Motley county residents have received \$8,000 to \$10,000 for scrap metal since war was declared. Great quantities of scrap still exist in the county according to estimates and citizens are urged to collect and market it at once. Nothing else could contribute more to the war effort.

proxy ballots to members not attending the meeting.

It was pointed out that consolidations were being made in many sections on account of war conditions and also to reduce operating expenses. Members were urged to seek every possible new loan in order to keep the Matador agency active, and also to make payments promptly so that the record could be kept above any possible future criticism.

Rev. R. L. Jameson Speaks

The entire meeting was composed of local people. Principal address was made by Rev. R. L. (Bob) Jameson, who besides being an outstanding pastor, is worthy to stand at the head of any banquet table. In dramatic, eloquent terms, he told his listeners of the great value of the Matador National Farm Loan Bank. He cited its great democratic principles and the many worthy achievements. He commended the management and directors.

Report of a three-member nominating committee selected W. I. Rushing to succeed himself as a director and he was unanimously re-elected.

Besides Messrs. Woodruff and Patton, other officers are R. C. Echols, vice-president, W. I. Rushing, J. C. Bursleson and G. T. Edwards, directors. Offices are located upstairs in the First State Bank building.

Mrs. Ernest E. Cullison left Sunday for Houston, where she will make her home.

Boys In The Service

Pvt. Louis Amick of Sheppard Field, spent the week-end with his parents at Flomot.

Staff Sgt. Harold Faulkner, and Mrs. Faulkner of San Angelo, visited here during the past week merrily and other relatives. The recent enlistment of Merritt Faulkner into the Army Air Corps, and his eldest brother, Forrest into the same branch of service, makes the Faulkner brothers 100% in the armed forces. Forrest is stationed at Nashville, Tenn., with Sqdn. F. Group 2, AAFCC.

John Kenneth Simpson, son of Mr. and Mrs. F. G. Simpson of Roaring Springs, formerly of Matador, has been selected for training as a Naval Aviation cadet and will be ordered to active duty in the near future, according to a special naval release from Dallas. When ordered to active duty he will report to the U. S. Navy Pre-flight School, University of Georgia, Athens, Ga., for three months of physical conditioning, instruction in naval essentials, military drill and ground school subjects. After completing this course, he will be sent to one of the Navy's reserve bases for primary flight training.

Lloyd P. Latimer, who has been enlisted by the Lubbock Army Flying School into the U. S. Army Air Forces to become an aviation mechanic, left Friday for Fort Sill, Oklahoma, for processing, according to a special News release to the Tribune.

After a brief course in aviation mechanics, he will be ready for duty on the flying line, servicing, repairing and maintaining the trainer planes used for training the future flying officers of the Air Forces.

Sgt. Hobert C. Smith, who has been stationed at Fort Sam Houston, with the Headquarters Co. 2nd QM Bn. has been transferred to an eastern location, where he will be in Officer's Training School, engaged in chemical warfare. Sgt. Smith visited his parents, Mr. and Mrs. H. L. Smith at Roaring Springs, last week.

Aviation Cadet Fred G. Simpson Jr., of Randolph Field, visited friends here Thursday of last week while spending a 3-day furlough with his parents, Mr. and Mrs. Fred Simpson of Roaring Springs.

Granville Brownlow, student sailor stationed in the Navy Training School, San Diego, is visiting his relatives in Roaring Springs this week.

T. E. Long, Jr. son of Mr. and Mrs. T. E. Long of Roaring Springs is stationed at Grand Prairie, where he will soon complete his course as Aviation Cadet.

Pvt. Vester Roller, who is in training in Camp Barkley, visited his parents, Mr. and Mrs. W. C. Roller at Roaring Springs, this week-end.

Sgt. Dale Davidson, with the 568th Sch. Sqdn. Las Vegas, Nev.,

is spending a 15-day furlough with his mother, Mrs. J. D. Davidson and other relatives at Flomot.

Cpl. Vance Gilbreath of Ft. Sill, Oklahoma, spent Saturday at his home here. Mrs. Gilbreath and her mother, Mrs. A. W. Ford drove there to accompany him home.

Pvt. Donald Groves of Sheppard Field, spent the week-end here with his mother, Mrs. J. A. Groves and other relatives.

Mrs. C. P. Waybourn returned home Wednesday of last week, from Houston, where she had been visiting her son, Buck Waybourn.

IMPROVEMENTS AT Skaggs Grocery include center checking counter, this week and a new meat slicer in the meat department. The meat slicer is of modern design, being rapid and unusual in appearance.

NEW BREAD WRAPPERS Cunningham's Bakery has a new bread wrapper which bears the firm's name for the first time. Previous wrappers bore the name of Bakery which had a long on hand when it was purchased by Mr. Cunningham.

Fight! Work! and Save

A War Message on WAR BONDS from the President of the United States

"... The American people know that if we raise the billions which we now need to pay for the war and at the same time prevent a disastrous rise in the cost of living, we shall have to double and more than double the scale of our savings.

"Every dime and dollar not vitally needed for absolute necessities should go into WAR BONDS and STAMPS to add to the striking power of our armed forces.

"If these purchases are to have a material effect in restraining price increases they must be made out of current income.

"In almost every individual case they should be big enough to mean rigid self-denial, a substantial reduction for many of us in the scale of expenditure that is comfortable and easy for us.

"We cannot fight this war, we cannot exert our maximum effort, on a spend-as-usual basis.

"We cannot have all we want if our soldiers and sailors are to have all they need."

Franklin D. Roosevelt

Dig Deep for More Scrap

The most patriotic work you can do today is gather more SCRAP METAL... Your nation must have thousands of tons... There is no end to the SCRAP DRIVE UNTIL THE WAR IS WON.

INVEST IN AMERICA — Buy War Bonds and Stamps!

"I flicked the switch —but Nothing Happened!"

CLICK!... Thousands of times each year, day and night, her fingertips had repeated that simple motion until it had become automatic and unthinking.

Let's suppose it's you. You let yourself in late some night. You flick the switch—and nothing happens! No light anywhere! At first you are annoyed. But your emotions quickly turn to confusion, concern—and fear.

Something's seriously wrong when the lights won't work!

The very fact that West Texans do take electric service for granted is a tribute to the men and women who supply it. They've made it dependable. And they've made it cheap.

The average West Texas family gets twice as much electricity for its money as it did 10 or 15 years ago. It's made it possible for most families to enjoy the comfort and convenience of many more time and labor-saving appliances.

This has been accomplished under the American tradition of freedom. Freedom of business management under government regulation—freedom to make our own laws... live our own lives... freedom to invent, invest and produce more for everybody's benefit. That is the American Way—the absolute opposite to the Hitler system of political management and state slavery.

The American Way has made this the most power-full nation in the world today... proving that practical business management is meeting the needs of our way of life.

West Texas Utilities Company
