

Lewis Demands End To Coal Work Order

Mine Operators Join In Feuding, Clark Barks Back At Miner Boss
WASHINGTON, April 17. (AP)—John L. Lewis and the government barked at each other out of court today as the country waited for a Monday verdict in his contempt trial.

Truman Tells Of Inflation Danger To U. S.

Urges Controls While There's Still Some Time
WASHINGTON, April 17. (AP)—President Truman said tonight the nation's economy "is in serious danger" from high prices.

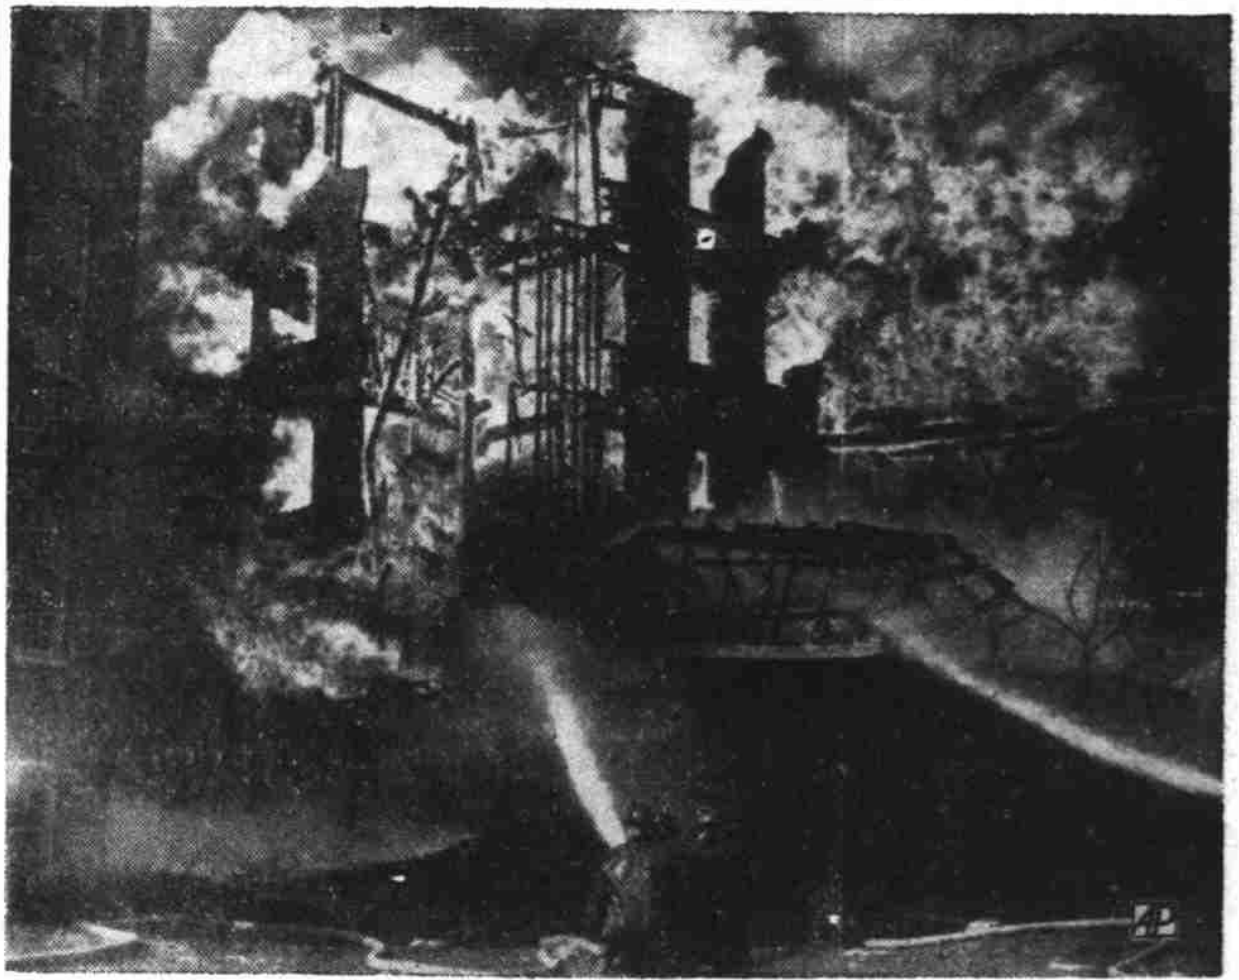

College Vets Hit Jester's Bonus Stand

AUSTIN, April 17. (AP)—College veterans criticized Gov. Beauford H. Jester today on his bonus stand. They also rebuffed a Communist offer to help support their drive for a state bonus.

Goldsborough Ruling May Be Tough One

By HOUSTON HARTE
WASHINGTON, April 17. — John L. Lewis will know Monday whether Judge T. Alan Goldsborough considers him an impertinent second offender.

Italians Lining Up For Crucial Vote

FIRE THREATENS ROCKFORD — This fire threatened the entire business district in Rockford, Ill. but was extinguished after completely destroying a 4-story furniture showroom and damaging a dozen other buildings.

Citizens Know Eyes Of World Are Upon Them

Many Stay Up All Night Making Their Decision
ROME, Sunday April 18. (AP)— From their homes in the fields and the cities, Italians began lining up today to vote in the national elections — fully aware of the momentousness of their decision and knowing well that the eyes of the world were on them.

Jews Beat Off Fanatical Arabs

JERUSALEM, April 17. (AP)—Jewish militiamen of Haganah announced that they beat off today fanatical Arab desert warriors, who charged with knives clenched in their teeth, in a wild battle 15 miles east of Haifa.

Ohio River Is Nearing Crest

CINCINNATI, April 17. (AP)—The Ohio River neared its crest here today as thousands of flood victims prepared to return to their water-soaked homes.

Texas Cow May Have Dread Hoof, Mouth Infection

AUSTIN, April 17. (AP)—A diseased cow discovered on a farm in the Carl Community of Travis County has caused the State Livestock Sanitary Commission to order the entire herd placed under restrictive observation.

Test Flows At Rate Of More Than 3,500 Barrels Per Day

Seaboard Oil Company of Delaware No. 1 Dora Campbell, semi-wildcat 14 miles north of Big Spring, flowed Saturday at a rate in excess of 3,500 barrels per day.

Wooten Is State Jaycee Officer

Lloyd Wooten, president of the Big Spring Junior Chamber of Commerce, was elected state vice-president of the Jaycees Saturday.

Gaitan Funeral Is Being Planned

BOGOTA, Colombia, April 17. (AP)—A family friend says tentative plans are being made for a funeral here tomorrow for Liberal Leader Jorge Elie Gaitan, whose slaying touched off the bloody Colombian revolt.

British Train Crash Kills 23, Hurts 23

WINSFORD, England, April 17. (AP)—Twenty-three persons were killed early today when a speeding mail train struck a standing Glasgow-London passenger express near this Cheshire County town.

City To Consider Paving Requests

City commissioners will study petitions requesting more paving contract extensions Monday afternoon.

Auto Strike Is Threat To Chrysler

A threatened auto workers strike against Chrysler Corp. boiled up Saturday on the nation's turbulent labor horizon.

New Jet Will Be Made In Dallas

WASHINGTON, April 17. (AP)—Production of the Navy's new jet fighter plane, the F 101, is to be started soon at Dallas, the Navy announced today.

Says Rural Schools Depend On Roads

AUSTIN, April 17. (AP)—Improvement of rural schools depends on the improvement of rural roads, a State Teachers Assn., official said today.

WARM-UP FOR FUND RAISING FEEDS Texas Democrats Barbecue Each Other

While admission to the Truman barbecue is free, its backers have made it clear they will welcome contributions which will go to the National Democratic Committee. The State Executive Committee's function at Fort Worth, with Gov. M. Neff of Waco as the welcoming speaker for the Truman affair. It will be held at Mother Neff Park, near McGregor, instead of at Syriam Park on the outskirts of Waco.

ON DISPLAY THIS WEEK — New 1949 models for the Lincoln and the Lincoln Cosmopolitan (above) will be shown this week at the Truman Jones Motor company at 403 Runnels street. Marking the culmination of several years planning, the models feature new, sleek lines; 8-cylinder motors with 152-horsepower for assured smooth performance; new wing suspension to turn the ride into a glide; new low center of gravity plus super-balloon tires to take sway out of curves. These new automobiles go on display here Thursday, simultaneously with other cities in the nation.

WINGS OVER BIG SPRING

Air Enthusiasts Planning Double-Barreled Program

Aviation enthusiasts are planning on a double-barreled program for Saturday. Tentative plans call for a breakfast of the chamber of commerce aviation committee at the Airport cafe, recognizing the inauguration of Skyway No. 1—the first transcontinental route marked for private fliers. Then several fliers plan a hop to Midland to look in on dedication of the Midland-Odessa port.

Two students at Hamilton Field—C. H. Forgas and Truman Lee—soloed.

F. O. Hogg, Lamesa, has one of his ships in at Big Spring Flying Service for repair and overhaul.

From Hamilton Field, northeast of the city, O. S. Hockaday, Fort Worth, Texas Electric Service representative, was flown, by Cecil Hamilton on an inspection of new lines between Lamesa and Denver City. He also checked lines into Amarillo. Hamilton flew a high-line patrol during the week.

Two students at Hamilton Field—C. H. Forgas and Truman Lee—soloed.

F. O. Hogg, Lamesa, has one of his ships in at Big Spring Flying Service for repair and overhaul.

Frey Is Taking Officers' Course

PORT BLISS, April 17.—Lt. Col. Walter F. Frey of 706 Lancaster St., Big Spring, is one of 30 reserve officers enrolled in the indoctrination course for Organized Reserve and National Guard officers which closes this week at Fort Bliss.

The two-weeks course is the fourth in a series being held at Fort Bliss during the first half of 1948. It is designed to bring the officer-students up to date on Department of the Army plans and developments and also to give them instruction in antiaircraft artillery and in guided missiles.

Lt. Col. Frey entered on active duty with the Army in July 1941 and served overseas in North Africa and the European Theater of Operations for more than 34 months. He received the Bronze Star for his services.

Separated from the Army in January, 1946, the Big Spring man in civilian life is employed as airport engineer.

Jap Leader Suzuki Dies At Age Of 79

TOKYO, April 17 (AP)—Baron Kantaro Suzuki, whose career paralleled the rise and fall of the Japanese empire, died today of a liver ailment at 79.

Suzuki, an admiral, was Nippon's premier when Emperor Hirohito broadcast acceptance of allied surrender terms August, 1945. He resigned after the broadcast.

BFS effected repairs to a Navy craft during the week.

Charles Holderbaum, seeking a private pilots license, and K. C. Webb, seeking his commercial, enrolled at Big Spring Flying Service. W. D. Pybus, completed his commercial flight training.

Traffic at the Munny port was on even keel for the week, Navy business continuing brisk. Two Navy craft were grounded by mechanical difficulties.

The Munny port is a rather active place, and no wonder, considering the number of agencies stationed there. The CAA has a section for the district airport engineer; radio maintenance; for the airport control tower; for the airways communication station; and for the weather bureau. Big Spring Flying Service has its school and maintenance shops, and of course the city operates its hangar. In the terminal building, American Airlines, Continental Air Lines and Pioneer Airlines have operations offices. In addition, the naval reserve electronics war fare company and national guard company are due to have headquarters at the port.

Haskell Girl Is Top 4-H'er

COLLEGE STATION, April 17. (AP)—Award to Miss Novis Allison of Rule, Haskell County, of the Maggie W. Barry Scholarship, the top 4-H prize for Texas girls, was announced tonight.

The award, given every year by the Texas Home Demonstration Assn. to the most outstanding 4-H Club girl, entitles her to one year in any state college.

Miss Allison, 16-year-old daughter of Mr. and Mrs. J. C. Allison, has been in club work since 1940. Other awards received in recognition of her work include the county gold star for outstanding achievements and the "Green Thumb" for victory garden work in 1944.

Sewing has been her favorite 4-H project and she figures the 211 garments she has made during the past eight years has saved \$400 on her clothing bills.

Her activities around the home vary from ironing 12 shirts a week to helping with the wheat harvest, from canning 95 quarts of food to putting in 100 hours on painting the nine-room house, from remodeling her bedroom to driving a tractor.

Electricity Cut Off

LUBBOCK, April 17 (AP)—Electric service was cut off in Slaton, Tahoka, Post and Wilson nearly a half hour this morning because of a freak accident. A sheet of metal was picked up from a moving truck and blown across a highline.

A DOLLAR WENT FARTHER IN WASHINGTON'S DAY

It is said that Washington once threw a silver dollar across the Potomac. Well, a dollar went further in those days. But here is good news for sick people—a price reduction that will make your medicine dollars go further. The makers of Mertz Compound have reduced the price of this excellent tonic approximately 17%.

The amazing results people have been obtaining with this great medicine has kept sales increasing in such volume that this lower price was made possible.

Mertz has been endorsed in writing by hundreds of Texas people. Here is what Mrs. Alma Cummings of Waco wrote:

"For the past 10 years I have been troubled with severe gas pains which seemed to press against my heart and made it difficult to breathe.

"I had a pain under my heart that was almost unbearable at times. My food just would not digest and soiled on my stomach. I had had dizzy spells and when these attacks occurred, I felt all puffed up.

"I am under weight, but since taking Mertz two weeks, I have gained seven pounds. My appetite has greatly improved and I can now eat lots of things that I couldn't eat before taking this wonderful medicine.

"Since taking Mertz, I feel like a different person. It certainly is wonderful to get up in the morning and do a day's work, without that tired, worn-out feeling. I was amazed at the quick action of this medicine."

The above is just one of many from people who report quick action for constipation, stomach disorders, kidney conditions, rheumatic pain, etc.

Buy Mertz from your druggist at the new REDUCED price. Send post card to The Mertz Co., 4815 Bryan, Dallas 4, Texas, for free booklet, "BETTER HEALTH," and PROOF of what Mertz is doing for sick people.

Owens To Represent HSU Vets At Meet

ABILENE, April 17.—Johnny Owens, graduate student from Big Spring, has been selected by veterans of Hardin-Simmons university to represent that group in a state-wide veterans for bonus rally to be held in Austin April 19-20. Veterans from Texas colleges and universities will gather to present their programs for a bonus to the state legislators.

Owens, son of Mr. and Mrs. F. K. Owens of Big Spring, was selected by Hardin-Simmons veterans at a meeting of the group this week. His expenses will be paid out of the veteran group's treasury.

Please Help Us Serve You Better

You Can Do This By Giving YOUR Destination And The Number In Your Party

Now that all Yellow Cabs are equipped with two-way radio, FCC regulations require us to keep a log on all cab calls. Our patrons can assist us greatly in this respect by giving, when a Yellow is called, the destination and number in a party.

In addition, this information will assist us in speeding trips, making dispatching simpler—and improving service to YOU.

We are deeply grateful for the fine cooperation patrons are showing us and in return want to make your Yellow Cab service all the better.

If you can help us with full information on your calls, you can avoid being crowded, avoid being taken 'out of the way' and can be more conveniently served.

Fund Of \$148,000 Has Been Set Aside For Permanent Improvements To City

Approximately \$148,000 of Big Spring's proposed \$323,648 budget is earmarked for permanent improvements.

Largest item listed on the anticipated capital outlay requirements is street improvement, with an appropriation of \$77,100 recommended for that purpose. Of this amount, the city proposes to use \$72,000 for payments of the city's part of new paving, either already completed or ordered in by contract. The remainder is recommended for financing bridges and culverts, storm sewers and street markers.

Two installations operated by the city are scheduled to receive improvements costing \$35,000. Plans are to make extensive improvements at the water treatment plant, including changes and additions required by the state health department. The setting vats at the plant will be enlarged, and storage facilities for treated water

will be increased to meet health department standards. This project is expected to cost \$2,000.

A \$15,000 expenditure is contemplated for a proposed administration building at the Municipal airport. The appropriation is recommended from the airport fund, a unit which pays its own way and requires no assistance from the general fund. The tentative plans involve remodeling part of the No. 1 hangar, which now houses the airport manager's office, and application has been made through the CAA for Federal aid on the project.

If granted, the aid would match funds provided by the city, which would enable an expenditure of \$30,000 for the project. Materials from some buildings granted the city by the government for airport purposes will be used in the remodeling work to curtail expenses.

Plans for increasing water production and extending both water

and sewer services call for expenditure of \$34,350. Development of two new wells in the O'Barr field, one of which already is complete, and tying them in for service, will require \$9,500. The new production is expected to provide a capacity load for the city's pipeline to the O'Barr field.

New distribution lines, fire hydrants and service connections will require an estimated \$12,750, while new meters will cost about \$4,000.

Purchase of new sanitary sewers in the amount of \$8,100 has been recommended.

Martha Langston Is Cotton Queen

COLLEGE STATION, April 17 (AP)—Martha Jean Langston of Tioga was crowned queen of the annual pageant and cotton ball here last night at the annual event.

The ball and pageant were sponsored by the student agronomy society of Texas A. & M. college. Cotton was glorified with hundreds of duchesses from over the state wearing cotton evening gowns.

Natilda Nail, national "Maid of Cotton" and Lindsey T. Murray, Waco, executive vice president of the Texas Cotton association, crowned Wallace Hackler of Olton as king of the celebration. The king then placed a crown on Miss Langston's head.

FALSE ALARMS

PHILADELPHIA, April 17 (AP)—The stiff winds that swept Philadelphia last night gave Owl and Holmes protective agencies a busy night answering 37 burglar alarms. All but two were false, however, as gusts of wind set off the alarms by rattling loose windows.

YMCA Board Will Meet On Tuesday

Regular board meeting for the YMCA is set for Tuesday at 6:30 p. m. at the high school.

Time for the meeting was advanced in order to permit members of the board to attend the senior play, set for 8 p. m., Cecil

Collings, president, announced.

Several important reports are to be heard, and plans for a membership invitation campaign will be discussed. Some of the plans and activities for the spring and summer months will be discussed by Lee Milling, executive secretary.

Members of the high school homemaking class will serve sandwiches to the YMCA directors.

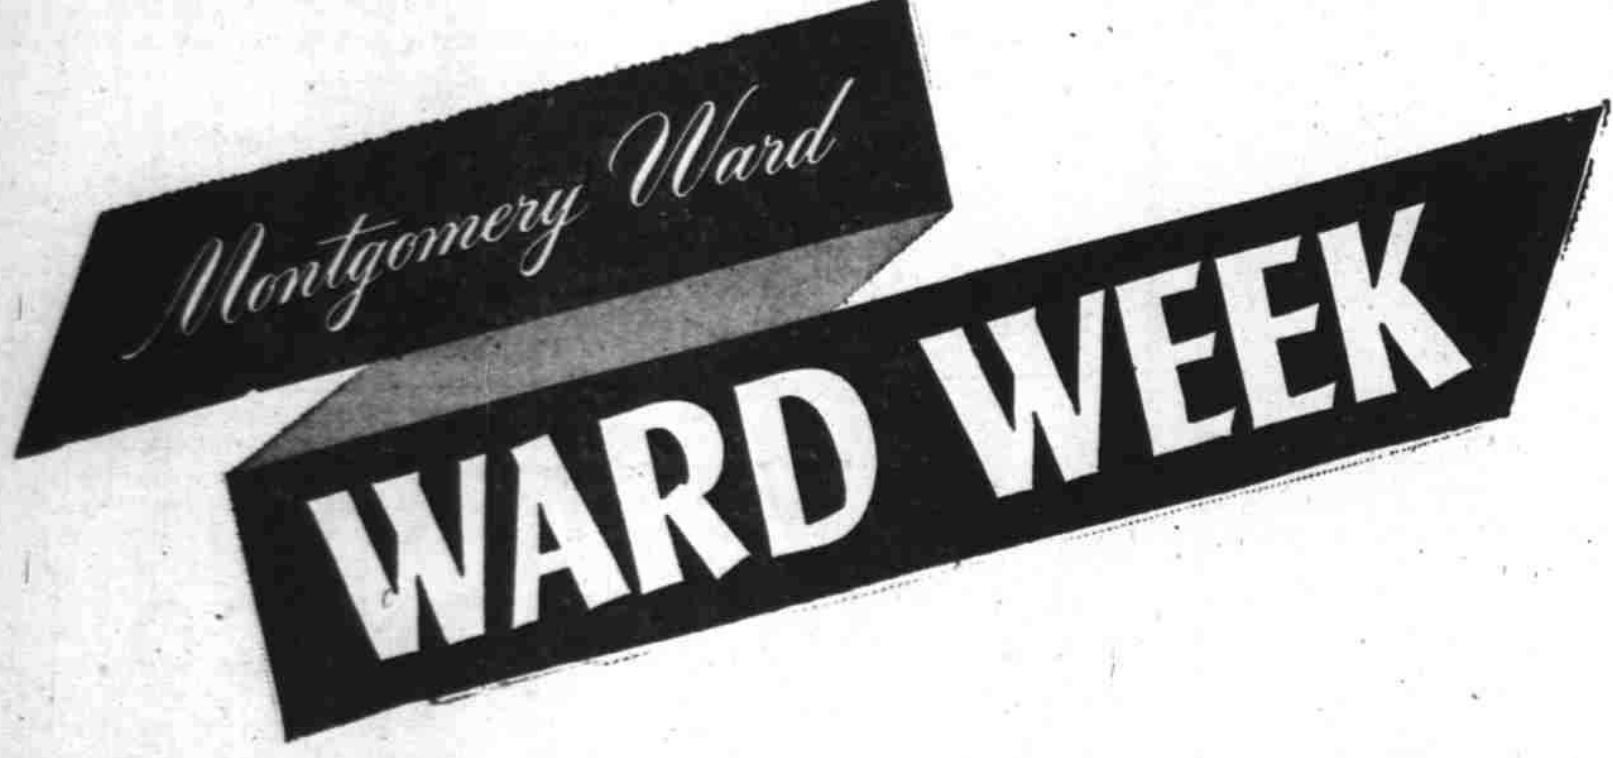

Land In Greece

ATHENS, April 17 (AP)—Thirty single-engine fighter planes from the United States landed here last night, en route to Turkey under the Greek-Turkish military aid programs. Americans piloted the ships.

Glasscock Ranch Put Under Lease

Northwest Glasscock county has been put under a 10-year oil and gas lease.

Wildcats have been reported for immediate drilling in East-Central Crane county, in South-Central Runnels county, and in South-Central Cochran county.

R. S. Brennan, Jr., of Midland, has taken a 10-year commercial oil and gas lease in an 8,000-acre block in Northwest Glasscock county, 15 miles northwest of Garden City.

The lease was taken from Elmer Lay Powell of Garden City, and covers his ranch. No information has been revealed on the amount of the bonus paid for the lease. The contract calls for an annual lease rental of 50 cents per acre. There is no drilling obligation.

All of the land covered by the trade is in block 35, TP survey, T-3-S. Included is the east half of section 5, all of section 4, the east

half of section 8, all of sections 9, 10, 11, 17, the north half and the southeast quarter of section 16, the southwest quarter of section 15, all of sections 20, 21, 28 and 22, the northwest quarter of section 29, and the south 430 acres in section 34.

The Texas company No. 1-NCT 15 Richard King, is to be a 3,500-foot wildcat in East-Central Crane county, five miles northwest of the town of Crane. It is due to explore into the upper Permian.

The project will be 1,980 feet from north and east lines of section 27, block X, CCSD&RGNG survey. That puts it about four and one half miles west of the McElroy field, and about two miles southeast of the Block 31 field. The production in the later area is from the Devonian and from the Ellenburger. Drilling on the Texaco venture is to start at once.

Southern Minerals Corporation No. 1 Alis S. Dickinson, is to be a 4,500-foot prospector in South-Central

WEEKLY OIL

Coal May Provide Future Auto Power

HOUSTON, April 17. (AP)—How will American automobiles be fueled in the year 2148?

Scientists studying the problem today indicate the answer will be a synthetic gasoline produced from coal.

The petroleum industry is devoting considerable attention to the problem.

Joining with the industry in its look into the future are government agencies, particularly the U. S. Bureau of Mines.

Participants in the studies don't expect to be around in 2148, but their common goal is to have an answer to the future supply problem ready just in case petroleum reserves don't last as long as most estimates indicate.

Current studies involve experiments in producing synthetic gasoline from natural gas, coal, shale and tar sands.

Atomic energy also enters the picture but present indications give it little chance of being used to power automobiles. It apparently is destined for large scale space heating and commercial purposes.

There are two plants now under construction for production of gasoline from natural gas, one in Texas and one in Kansas.

The Bureau of Mines already is conducting shale experiments in Colorado and has plans underway for two plants which will deal with coal experiments.

A member of the U. S. atomic energy commission recently predicted a working model of a production type nuclear power section will be in operation within 10 years.

R. C. Alden of the Phillips Petroleum Company recently said current oil reserves of 25 billion barrels could last 13 years at present rates of demand but that, without being optimistic, one can conclude potential reserves will push the figure to from 60 to 200 years.

Alden gave this picture of possibilities of natural gas and coal being converted into gasoline, the estimates being based on current known reserves, demands and synthesis procedures:

1. Natural gas—Present reserves of 165.9 trillion cubic feet would produce 11.7 billion barrels of gasoline, which would last approximately 13 years.

2. Coal—Known reserves of 3.2 trillion tons would produce 4.7 trillion barrels of gasoline, a supply sufficient to last several thousand years.

Dr. Paul C. Aebersold, chief of the isotopes division of the U. S. Atomic Energy Commission, makes these estimates on possibilities of atomic energy as a source of power:

1. Current known reserves of uranium would supply 10 times more energy than known reserves of oil.

2. Coal as a world resource of power is a thousand fold more plentiful than uranium.

3. Total energy demand of the world for all heat, mechanical, motive and electrical power is about 2600 million kilowatts, the equivalent of 2,000,000 (m) pounds of uranium. Known uranium reserves could meet this demand for 50 years.

Both Alden and Aebersold, while optimistic over possibilities of discovery of additional reserves of oil and uranium, asserted coal to be the answer to a long range program for the nation's future power needs.

Meanwhile the oil industry continues its plans for increased ex-

END PROMISED TO OIL CHANGE

BIRMINGHAM, England, April 17 (AP)—Prof. Maurice Stacey told the Royal Institute of Chemistry today that a new compound will

permit automobiles to run a lifetime with no change of oil.

Stacey said the compound is based on fluorine, which eliminates hydrogen from oils and makes them non-inflammable. Present lubricants have to be changed mainly because they partly burn. With the oil non-inflammable it will be practically everlasting, provided the cars have good oil filters and the lubrication system does not leak, Stacey said.

High Structure In Winkler Test

Stanford Oil & Gas company No. 2 Seth Campbell, deep wildcat in Central Winkler county, about four miles south and east of Kermit, and 1,981 feet from south and 1,986 feet from west lines of section 13, block B-5, ps1 survey, was drilling ahead below 11,869 feet in the top of the Ellenburger dolomite. It was to go to about 11,880 feet, and run a second drillstem test.

It ran one test at 11,830-855 feet. A 2,000-foot water blanket was used. Recovery was two feet of free oil, the 2,000-foot water blanket, cut with gas, and 60 feet of oil and gas cut drilling mud. No formation water developed.

Tentative top of the Ellenburger was picked at 11,830 feet, 201 feet higher structurally than Sinclair Prairie Oil Company No. 1 Seth Campbell, one and three-quarter miles to the east.

That project drilled to 12,305 feet in the Ellenburger, and had some slight shows of petroleum.

Reds Lift Travel Ban On Vienna Road

VIENNA, April 17 (AP)—The Russians today lifted all travel restrictions on the road leading from Vienna to the British airport inside the Soviet zone of Austria, British authorities announced.

Although all automobiles were still being stopped at the Russian check point, no "gray cards" or other identification papers of British military or civilian personnel were demanded by Soviet guards.

The Russians last night called a halt on all British commercial flights into Vienna, but the British said they would continue flying.

CANDIDATE — District Judge John A. Rawlins (above) of Dallas, well-known Texas jurist and leader in progressive and legal affairs for many years, Saturday announced his candidacy for associate justice of the Supreme Court of Texas. Native Texan and 53-year-old, Judge Rawlins has served as attorney, state legislator, county and district judge.

WEST TEXAS OIL

Locations Jump, Two Pools Spread

By JOHN B. BREWER
 SAN ANGELO, April 17—Extensions to two fields and to a pay in another were among principal West Texas oil developments this week.

Wildcat starters numbered six in five counties. This followed the equaling of the record number of locations staked in one week, 91, from Feb. 29-March 6. The 91 locations April 4-10, inclusive, included six wildcats, and brought totals for the first 14 weeks in 1948 to 104 wildcats and 817 tests in fields, a grand total of 921 and a weekly average of 65.79.

Anderson-Prichard and Vickers Petroleum No. 1 Miss Marvin Frances Foster, southeastern Sterling county wildcat, cemented 5 1/4-inch casing at 4,406 feet after recovering sulphur water in the Ellenburger on a drillstem test from 8,200-30 feet. It was substituting cable tools for rotary and next week will perforate pipe opposite the Wichita-Albany from which, in mid-February, it flowed naturally 1,360.4 barrels of 28.5 gravity oil in 49 hours from pay at 4,238-97 feet. Location is the C SW SW 12-15-H&TC, 7 1/2 miles south of Sterling City.

Nineteen miles northwest of No. 1 Foster, the Texas Co. will drill No. 1-H TXL to 4,200 feet in quest of Wichita-Albany production. The western Sterling county wildcat will be in the C SE SE 13-31-45-T&P, on a short-term lease.

Devonian and Ellenburger production in the Wheeler field on the line of Winkler and Ector counties was extended south by Stanolind Shell No. 1 Theron G. Cahill in Ector. The well, C NE NW 21-

McKinney Makes A Final Appeal For City Cleanup

A final appeal for cooperation in the city cleanup campaign was issued Saturday by D. M. McKinney, chairman of the chamber of commerce civic and beautification department.

McKinney said he hoped that all residents who plan for city trucks to haul collections of trash would have the materials stacked conveniently for loading by the time trucks make the pickup routes.

The trucks will begin the pickup work Monday morning. They will continue over the various routes until the entire city has been serviced.

McKinney also urged residents to give special attention to vacant lots. Most all residents realize the benefits to be derived from a cleanup program around their respective homes, he pointed out, but improvement of the appearance of vacant property is important to the community as a whole, he declared.

Three T&P Oil Cars Are Ablaze

FORT KORTH, April 17. (AP)—Three oil cars of an eastbound Texas and Pacific railway freight train were ablaze two blocks from the railroad's depot in Handley early this afternoon.

J. C. Hawthorne, filling station operator, said he saw one of the cars careen from the rails, piling up the other two cars, then heard a loud explosion and then flames shot 100 feet into the air. Several ambulances and the larger part of the Fort Worth fire department were at the scene. No injuries had been reported, however.

Serum Guards Against Measles

Prompt inoculation with a convalescent serum after exposure usually is effective in reducing the effects of measles, Dr. F. E. Sadler, director of the Midland-Ector-Howard county health unit, has advised.

Dr. Sadler said that if administered immediately after exposure, the serum sometimes produces complete immunity, and it insures lighter cases in practically all instances.

Since outbreaks of measles in some West Texas areas are near epidemic proportions, the health unit director said many parents probably would desire to take advantage of the serum. Those who do should consult their family physicians as soon as possible after their children are exposed to the disease, he said.

The local health unit reported Saturday that some 12 cases of measles were recorded in Howard county during the past week.

FFA Delegates Will Attend State Meet

Three score chapters of Future Homemakers of America will send delegates from this district to the state meet this week.

Florence McAllister, district supervisor, said Saturday that indications are most chapters will send the allowed delegate, plus the homemaking instructor in many instances.

Miss Edna McGregor, instructor, and Luan Creighton, local delegate, are due to go from here. Plans to use a chartered bus have been abandoned. First session of the meeting will be held Thursday night in Galveston and will conclude Saturday noon. There are 61 chapters in this district and 600 in the state.

ADD Personality TO CONCRETE BLOCK

Decorate to Suit Your Own Taste
 Seal Out Moisture at Low Cost

Concrete block need not be drab and cold-looking. Bondex adds the color that creates charm, also seals out moisture. You do both these jobs when you brush on world-famous Bondex.

5 lb. pkg. makes about 100 sq. ft. of wall or ceiling.

Famous British Hostess Is Dead

LONDON, April 17. (AP)—Alice, Viscountess Wimborne, hostess to royalty and members of the British nobility during the '30s, died today in London. She was 62.

She curtailed her social activities after the death in 1939 of her husband, Viscount Wimborne. He was a Liberal Party political leader and former lord lieutenant of Ireland.

PONTIAC

A FINE CAR MADE EVEN FINER.

For all "one-car" families

For the family which has but one motor car—Pontiac is an extremely wise choice. First, it is big and beautiful. You can drive it anywhere, any time, with the certain knowledge that it will be admired. It also gives you the comfort you want, and need. It is safe, too—because it has big, sturdy brakes—and remarkable balance on turns and curves. It provides the performance luxury of GM Hydra-Matic Drive*. It is quick and nimble, easy to steer and park—a feature especially appreciated by women. And it is very economical—just as economical, in fact, as any car you can buy. It is a rare car, indeed, which can offer all these qualities. And because Pontiac does offer them, it is becoming the choice of more and more people every day.

*GM Hydra-Matic Drive, Bumper Guards and White Sidewall Tires optional on all models at additional cost.

HCJC Summer School Planned

Summer school for Howard County Junior College will begin June 1, E. C. Dodd, president, said Saturday.

Registration is to be completed on that date and classes will start the following day. July 5 is down as a holiday and the first weeks will end July 10. On July 12 the second half of the summer session swings into full stride, and the end is set for Aug. 21.

Catalogues for the summer classes are to be completed this week. The faculty will be chosen from the regular faculty, the number depending on demand for various subjects. Already, there have been requests for shop, elementary woodwork, and mechanical drawing, English and commercial subjects during the session, said Dodd.

WEEK'S BUSINESS

Both Building, Real Estate Activities Up

An increase in business activity was indicated during the past week by two of the major yardsticks, as both building figures and real estate transfers topped the previous week's report. Heaviest gains in building resulted from new residential work. The city issued 25 permits, with more than half of the total involving either new residences or remodeling work. The Nasworthy Building Co. which has planned 15 new residential units here, obtained three permits. Estimated costs of construction for permits issued last week totalled \$40,825. This activity boosted the year's total to \$6,033,130.

The county clerk's office recorded 16 warranty deeds during the week, which represented a slight increase. The instruments involved transactions totalling \$39,335, which brought the year's total up to \$851,336.

New passenger automobile registrations dropped to seven but other types of motor vehicles were reaching consumers at about the usual rate. The county tax assessor-collector's office issued licenses for six new trucks, one motorcycle and one tractor.

The phrase, "the Great White Way," as a synonym for Broadway, is supposed to have been coined in 1901 by O. J. Gude, an advertising man.

O'Brien Family Holds Reunion

Approximately a dozen members of the O'Brien family in Big Spring participated Saturday in the annual family reunion at the home of Fred O'Brien, Lamesa.

Among those attending from here were Dr. and Mrs. P. D. O'Brien, their sons, Robert and Richard O'Brien, who only Friday morning returned home from 15 months army duty in Japan, a daughter, Mrs. Marie Haynes, and her two sons, John Gordon and Carl Philip; Mr. and Mrs. Gene O'Brien and children, Mrs. Rose Bailey, Betty O'Brien, Roy Lee O'Brien and wife. Last year the reunion, held at the P. D. O'Brien home, attracted 88.

Cancer Fund Drive Reaches Half Of Goal

Incomplete reports from teams soliciting for the American Cancer Society Saturday showed half the goal raised.

Ted O. Groebel, county chairman, said that approximately \$1,100 had been contributed toward a \$2,000 quota.

He felt that as others completed their work and word of the campaign got around, the total would mount steadily.

"We can still reach our objective if workers complete their contacts and all who want to have a part will see that their contribution is sent in to headquarters," he said.

Checks may be mailed simply to "Cancer—Big Spring," and they will find their way to the treasurer, said Groebel, or contributions may be left at Westex Oil company or with Ira Thurman at the First National bank.

Reports from teams working on the drive show one composed of Groebel and Matt Harrington leading with \$335. The A. D. Webb team was in second place with \$150, barely head of one headed by Bill Cox with \$144. One other team had not reported. Cosden Petroleum Corp. and employees gave \$200.

The women's auxiliary of the Six County Medical Society, meeting here Thursday evening while doctors held their regular session, answered an appeal for the cancer campaign with a \$20 donation.

From the Big Spring Credit Women's club came a \$25 gift to the fund, Groebel reported Saturday.

Experiment Calves Enter Last Week

Forty-eight calves on feed at the U. S. Experiment Farm enter their last week Monday.

Weighing is to start a week from today and will be completed on April 26, said F. E. Keating, superintendent. The calves will be shipped to Fort Worth the following day. Carcasses will be graded and bladders checked for precipitates since the prime object of the test is to determine influence of minerals in producing urinary calculi.

The animals have good to excellent gains, the lots ranging from 2.32 to 2.50 pounds per day, with one exception. Some individuals have averaged well over three pounds per day. J. M. Jones, extension service animal husbandman, and W. H. Black, Washington, D. C., bureau of animal husbandry, are due to be here to assist Keating and his staff in concluding the tests.

Scouters Discuss Expansion Plans

Plans for expanding Boy Scout activity in the Big Spring district were discussed at a special Scouters conference called by Walton S. Morrison, district committee chairman, Thursday night.

The group of adult leaders also made preparation for a training course to begin on April 26 and joined in a brief discussion of the summer camping program. Local Scouts will encamp at the Scout Ranch for one week beginning May 24.

Attending the session were C. V. Warren, George Melear, Wayne Monroey, J. C. Webb, Fred Keating, Nat Shick, Arnold Seydler, C. S. Blomsheld, W. C. Blankenship, S. M. Smith, Cecil Nabors, Walter Grice, Arthur Leonard, Stanley Womack, Chester O'Brien, H. D. Norris, Charles Watson and Joe Pickle.

VET TURNED DOWN

LE MARS, Ia., April 17. (AP) — Frank Meyer, a war veteran, applied for re-enlistment in the National Guard here today but was turned down flat. Meyer is 78.

Legion Honors Steer Band

For their various volunteer services to community undertakings, members of the Big Spring high school band and their director, J. W. King, were honored by the local American Legion post Friday night.

Approximately 85 were present for an informal program at the Legion clubhouse. The band members were served "hot dogs" and soft drinks on the outdoor dance pavilion, later enjoyed piano numbers by Helen Duley and a period of informal dancing. The program lasted from 7 to 9:30.

The Legion's regular bingo party was held at the clubhouse Saturday night, with a large crowd in attendance.

With 860 members already signed, the Legion post still is shooting for a goal of 1,000 members. If that figure is reached by May 22, Post Commander D. L. Burnette, Jr., has announced, a dance will be given free to all Legionnaires and their guests on that night. Jack Free's orchestra has been engaged.

Top Ropers To Clash Here

Big Spring is due to be the gathering place for thousands of roping and riding enthusiasts two weeks hence, when some of the nation meet in matched events.

On May 2, beginning at 2:30, Big Spring's own champ, Toots Mansfield, crosses lariats with Everett Shaw, an Oklahoman who boasts a fine record in bringing down the steers. They will fight it out for a \$5,000 purse, each roping, tripping, tying and branding ten steers.

An added attraction pits Sonny Edwards of Big Spring against Walter Poage of Rankin in a six-calf matched roping.

Advertising and publicity on the event has gone out to all West Texas and southeastern New Mexico points, and the high rating of the contestants is expected to be a factor in bringing a large crowd. Members of the Howard County Sheriff's Posse, sponsoring the event as its first major project, are busy getting the new arena in shape, arranging for special seats, etc. The roping will be at the Posse's arena southwest of the airport, which may be reached by turning south off highway 80 just west of the airfield.

Receive Aid

DUNKERQUE, France, April 17. (AP) — U. S. Ambassador Jefferson Caffery today greeted the 750th boatload of American supplies to reach France since the American interim-aid program was voted four months ago today. This program preceded the European Recovery Program now getting under way.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Fair today and Monday. Not much change in temperature. High today 95, low tonight 62, high tomorrow 92.

Highest temperature this date, 101 in 1925; lowest this date, 34 in 1922; maximum rainfall this date, 1.96 in 1908.

TEMPERATURES

Sun sets today at 7:17 p. m., rises Monday at 6:11 a. m.

WEATHER FORECAST

EAST TEXAS: Fair Sunday partly cloudy Monday. No important temperature changes. Gentle to moderate south-easterly winds on the coast.

WEST TEXAS: Fair Sunday partly cloudy Monday. Slightly cooler Monday and in Panhandle and South Plains Sunday night.

ABClub Will Not Support Merger

Members of the American Business club Friday unanimously opposed a tentative merger of the club with two other national associations. The plan is scheduled to come up before the ABS National convention in June.

Decision was reached after an open discussion of the pros and cons of such a measure. National headquarters has listed as reasons for better leaders of the club, greater expansion of public service, larger and better publications, increased membership.

A statement by Doug Orme, who is against merging the club under a different name, warned that after 13 years building a prestige for the American Business club it would be "like starting over again" to change now. It would be difficult to gain public support for a new name; it is still "quality rather than quantity that counts—no one cares of we have 10,000 members." The local delegate will oppose the proposed plan at the convention.

Johnny Knox was introduced as a new member.

The Week

(Continued From Page One)

north side is blossoming with paved arteries.

Banks reported deposits in excess of \$18,500,000 last week. This was down only \$800,000 from the peak reached at the end of the year. Comparative figures for a year ago are not immediately available, but this year undoubtedly is ahead.

Monkey business at the city park included arrival of a baby monkey last week. Hundreds already have flocked around the cage to get a glimpse of the new member, and today the spot will be one of the most popular in the area.

Initial response to the American Cancer Society campaign has been encouraging. Several organizations have voted gifts and others may follow, businesses and individuals should not wait to be asked but mail checks to "Cancer, Big Spring." Funds go for diagnosis, research and education.

Big Spring is baseball happy these days, and the season hasn't even opened. This afternoon all proceeds go to financing park improvements. By Friday night, when the opening Longhorn league tilt is played here, the joint ought to be packed to the rafters.

Expert Will Tell Alcohol Education Plan

W. Roy Breg, Washington, D. C., executive secretary of Allied Youth brings his alcohol education techniques here today.

He speaks at 7:30 p. m. at the First Methodist church under sponsorship of the Council of Church Women. Young people, as well as parents, school administrators and others interested in social problems of youth, are urged to attend.

Allied Youth is a non-political, non-sectarian organization designed to show young people how to have fun without drinking, develop fellowship which makes saying "no" popular and easy, builds a program in which there is no place for beverage alcohol, furnishes scientific information, and leaves the individual to his or her own decision on the question.

Although it is not "a reform movement or a crusade," this "teen age program has drawn high praise from such men as Dr. Daniel A. Poling, editor of the Christian Herald, Dr. John R. Mott, president of YMCA's World Alliance, and Dr. E. M. Jellinek, director of the Yale School of Alcohol Studies.

While here, Breg is due to be guest speaker at the Alcoholics Anonymous chapter at the high school Monday.

Area Wildcats Drilling Ahead

Wildcats in this area were making satisfactory progress Saturday.

Sun No. 1 Ellwood estate, 17.5 miles south of Colorado City and 660 feet from the east and 1,980 feet from the south lines of 26-16, SPRR, was at 4,984 in lime and shale on a 8,000-foot venture. Humble No. 1-B Ellwood estate, northeast Sterling county deep exploration, was at 6,355 feet in shale. Sun No. 1 Schattal, central Scurry deep test, ran a drillstem test from 2,655-98 after almost three feet of lime and dolomite showed light shows in a core from 2,683-88, and the next 10 feet returned a similar sample.

In northern Glasscock county, three miles south of production, John Camp, et al No. 1 Wm. B. Currie, 330 feet out of the southwest corner of section 37-32-2s, got underway.

Progress Is Slow In Loan Campaign

Howard county was making slow progress toward its \$326,000 security loan quota Saturday.

Sales for the month aggregated \$20,068.75. Of this amount, \$14,568.75 is in E bonds, the balance in G's.

The security loan campaign continues until June 30. A few cities in the country already have subscribed their quota.

Besides playing its part in the contemplated defense requirements the principal objective of the loan drive is debt management — the placing of the public debt in the hands of a larger number of individuals instead of with commercial banks.

Directors Of C-C Slate Conference

Big Spring chamber of commerce directors will meet at noon Monday in the Settles hotel.

Several committee reports will be heard, and J. H. Greene, chamber manager will make a special report on the annual meeting of the Chamber of Commerce Managers Association of West Texas, which closed Saturday in Del Rio.

Library Committee Will Meet Tuesday

Executive committee of the Friends of the Howard County Library will meet at 4 p. m. Tuesday in the Home Demonstration Agent's office.

All members of the association have been urged to attend, and the public is invited to the session.

SURVEY OF STATE SHOWS

There's Nothing Wrong With Texas Crop Prospects That A Good Rain Won't Cure

Associated Press Staff Writer
In mid-April there's nothing wrong with Texas agriculture that a soaking rain won't cure. Provided the rain comes within a week.

That, in general, is the opinion of farm writers on Texas newspapers from the tip of the Panhandle to the Gulf and from the New Mexico border to Louisiana who surveyed their areas for the Associated Press.

The current drought is the fourth heavy blow farmers have suffered during the planting and growing season.

Last fall, winter crops got off to a poor start because of drought. Moisture conditions later improved somewhat. Then, in central and south Texas sections, fields became too muddy for planting.

In mid-March came the third blow. A late, severe freeze wiped out some crops and badly set back others.

But in mid-April, farmers re-

ported that the crops that survived the freeze are in good shape—if they get rain soon.

Henry Gerger at Umbarger, Randall County, summed up the situation for David Rasco of the Amarillo Globe-News:

"It seems that my (wheat) crop is beginning to go backward—just in the past week. It's still not hurt, but there's not much progress in vitality or robust health."

The Denton Record Chronicle said that "if it doesn't rain, there won't be enough of any crops to bother gathering."

Some parts of Central, South and East Texas received good rains 10 days ago, but strong, dry winds sapped that moisture and bruised young plants.

The survey indicated that only four areas were in reasonably good shape. These included sections around Texarkana, Greenville, Tyler and Wichita Falls-Vernon.

Glenn Shelton of the Wichita Falls Record News and Times said that "wheat in the 19 counties of this area is generally excellent."

RECORD BREAKER

Cliff Clines of the Vernon Record said that "the Wilbarger County wheat crop is expected to break all previous records." Dale Carter, Wilbarger County AAA administrative officer, said, "it looks now as if the county will produce a record crop. One more rain will assure a bumper harvest. And, even without the rain, we'll make a fair crop."

The livestock situation over Texas was serious.

Grass hadn't recovered from the March freeze. Winter wheat and oats were too weak to be grazed. Stock water tanks were dry or nearly dry. Cattle still were underweight because of the freezes. Lambs and sheep losses have been heavy.

M. C. Ulmer, president of the First National Bank at Midland, termed the situation the most critical in years.

The Midland Reporter Telegram said that further stock losses will be suffered unless rain comes.

But where crops were wiped out, king cotton was the gainer. From almost every section where drought and freezes had darkened the crop outlook, farmers said they planned to replace damaged crops with cotton.

And cotton again this year gave one example of how Texas can have agricultural products of one sort or another on the market 12 months of the year. The lower Rio Grande Valley has planted cotton twice already this year—the first was blown out by high winds—while in some of the northern areas, the crop hasn't been planted yet.

INCOME DECLINE

All indications point this year to a sharp reduction in Texas farm and ranch income from the records set last year.

The Department of Agriculture listed income from 40 major crops at \$1,446,219,000. Texas has more than 100 additional kinds of farm products.

A sharp reduction in value of livestock also was indicated. Last year, as of December 30, the value was \$996,000,000, not counting livestock in cities and towns. Sharp losses of sheep and lambs indicated that the wool crop of 26,600,000 and the mohair crop worth \$10,600,000 also would be less.

Here, by crops, is the mid-April situation:

Cotton (a \$630,785,000 crop last year):

The lower Rio Grande Valley counties of Hidalgo, Cameron, Wilbarger and Starr have secured permits to plant 600,854 acres, nearly 175,000 more than ever planted before. Less than half of this is on irrigated land. Hot weather and dry wind last week sapped the topsoil moisture and irrigation water supplies were barely able to keep up with demand. Insects, thrips and aphids are doing some damage, the McAllen Monitor reported.

Elsewhere, some cotton was up the south-central counties, but farther north, farmers were waiting for rain before planting.

The Austin American quoted T. H. Boyder, Travis County farm agent, as saying that cotton planting, usually completed by March 20, has been delayed there.

Victoria County, the Victoria Advocate says, is expecting an increase in acreage to 22,000 from 20,000 and conditions look good for a fine crop. Use of new insecticides is counted on to increase the yield.

The Paris News says King Cotton will extend his domain in Lamar County. Lack of rain reduced corn acreage and this will be planted to cotton. Last year, the county planted 100,000 acres, produced 40,000 bales. Now, cotton farmers are waiting for rain before rushing the big crop into the ground.

Farmers in the Wichita Falls area are quitting cotton for wheat, the Record News and Times report, but cotton still leads wheat as a cash crop. Last year that district received \$71,428,000 from cotton and \$35,877,000 from wheat. A few years ago almost the total cash farm income came from cotton.

On the other hand, a trend toward cotton as a cash crop in Tarrant County is reported by the Fort Worth Star-Telegram. The Sherman Democrat said that Grayson County expects to plant 90,000 acres, about the same as in 1947, when about a third of a bale per acre was harvested. The Denton Herald said crops frozen out earlier or poor because of the drought are being planted to cotton.

Corpus Christi Caller Times said that in the coastal bend country cotton is up to a fair stand, although late because of wet weather in February and March.

The Marshall News Messenger said preparation for cotton planting has been very light in Harrison County.

The Temple Telegram said soil was in very favorable shape and heavy cotton planting began this week end.

The Harris County crop was late, the Houston Chronicle said, and about 7,000 acres were planted, about the same as last year.

Brazos County, the Bryan Eagle reported, still needs rain and some cotton has not come up because of lack of moisture.

The Lubbock Avalanche-Journal said no row crops have been planted in that area because of the drought, although most land had been prepared for planting when moisture comes.

Wheat (a \$279,608,000 crop last year):

Texas produced 124,270,000 bushels last year but this year's prospects are for only 48,860,000.

Spectacular Whirlaway feature brings you added safety and thrilling performance!

Hydra-Matic Drive means more than "no-clutch, no-shift" driving ease. It means a new kind of performance, too. Smoother, faster, more brilliant pick-up—with WHIRLAWAY. SCHOLAR'S DREAM

Work Is Underway On Browning Shrine

WACO, April 17. (U)—This spring workmen are digging into the black gummy soil of the Brazos River Valley on a foundation for a shrine to an English poet, Robert Browning.

And on May 7, the date of Browning's birth, when bluebonnets cover the undulating hills around Waco, a gaunt, gray-haired man will lay the cornerstone on his dream of 30 years—a building to house a priceless Browning collection.

"We told the architect to build the most beautiful building in America. Those are his orders," said Dr. A. Joseph Armstrong, professor of English at Baylor University.

"In it we will put our Browning collection, the greatest in the world."

Very few would dispute him. Oxford University and the British National Museum in England and the New York Public Library have Browning collections, but they are small compared to the first editions, Browning portraits, Browning letters and personal belongings of the poet now assembled on the second floor of Baylor's Library. It's a mecca for Browning Scholars.

"Our new building shall be a shrine," the scholar said, "and the principal room shall be the foyer of meditation."

This foyer will be a room, 75 by 75 feet and two stories high. Oriental tile on the floor will carry

out the bells and pomegranate motif of Browning and stained glass windows will diffuse soft light.

"This will be a room where a student may come and think intensely on great thoughts," said Dr. Armstrong.

"If we produce one Chaucer, one Milton, one Aeschylus or another Browning down here in Waco, then our building will not have been in vain."

Dr. Armstrong began actual plans for the building five years ago. A friend, still unnamed, offered \$100,000 if the professor could raise a like amount. A year later he had \$150,000 and now has \$460,000, with \$200,000 still needed.

"I just started collecting, \$5 here, \$10 here, \$1,000 there and before long there it was," Dr. Armstrong related. "Most of it came from my former students. I had no idea I could raise it. At heart I am only a shy student."

Folks around Waco say he's as shy as a brahman bull where Browning is concerned.

"Not so long ago," Dr. Armstrong related, "a football player stopped me on the campus and said, here, Doc, I heard you needed some money for Browning, and handed me a \$5 bill. Now I never had any use for football players, never allowed one in my class if I knew it, but that's the way it's been. One fellow I flunked in Shakespeare sent a check for \$5,000."

Someone gave the money for white marble to line the interior hall, someone else the tile mosaic floor, some one else the staircase, which will be a copy of the one in the Burgos Cathedral in Spain.

Each of the 16 stained glass windows has been paid for by some Browning lover. The list goes on throughout the building—the hand carved mahogany chairs, the mahogany bookcases at \$1,500 each.

The city of Waco gave \$100,000 with which to purchase an entire city block adjacent to the Baylor Campus. The three-story white Georgian marble shrine, Cedars of Lebanon and copper beeches, two trees connected with Browning, will be planted on the lawn.

The main floor of the Browning building will include the entrance hall, the Foyer of Meditation, a treasury room where the collection will be kept and a study room for students doing research. Under the staircase will be the "Cloister of The Clasped Hands," the home for the bit of bronze for which the collection is most famous. It was taken from the clasped hands of Robert Browning and his wife, Elizabeth Barrett, by Harriet Hosmer.

The collection contains 4,000 volumes of books, these include every first edition of Browning. The list was completed only last year with the acquisition of "Pauline." In the international book cases are Browning's works translated into 37 foreign languages.

—SMART AND THRIFTY—

Wednesday Is D Day For Longhorn Loop

Steeds Oppose Lamesa At 3

The Big Spring baseball Broncs wind up their conditioning program for the 1948 Longhorn league wars with a 3 o'clock contest at Steer park.

Guests for the afternoon will be George Sturdivant's Lobos of the WT-NM league, who have taken the measure of the locals twice in three outings.

The Steeds plunge into their second Longhorn league season Wednesday in Midland. They play again in Midland Thursday, then move here to host Midland in their local debut Friday. The teams will break tradition and start playing night games with the first outing.

Pat Stasey's crew pranced to the league title by five games last year only to lose to Ballinger in the finals of the Shaughnessy play-offs.

Eight clubs will break the barrier Wednesday, compared to the six which functioned in 1947. Newcomers are San Angelo's Colts and Del Rio.

The evening before the campaign opens, the managers of all the teams gather here for a parley with League President Howard L. Green. The local management is dining on food and refreshments for the party, which will be held at the Settles hotel starting at 7:30 o'clock.

Stasey and Harold Webb at Midland are the only holdover skipper. Others who will pilot clubs in the 1948 chase are Bill Gann at Sweetwater, Lloyd Rigby at Vernon, Bill Davis at Odessa, Bill Alwood at Ballinger, Pepper Martin at Angelo and Bill Lacy at Del Rio.

OPENING GAME BATTERY? — Gerry Rodriguez (right), who may pitch the opening day baseball game for the Big Spring Broncs against Midland next Wednesday, talks it over in a recent practice session with his favorite target, Catcher Armando Traspuesto. Both were with Big Spring last year. Rodriguez won a dozen games. Traspuesto hit .359 and was named to the league's all-star team. (Photo-by Jack M. Hayes).

Humberto Baez, pitching despite a bad cold, and Gerry Rodriguez combined to pitch the Big Spring Broncs to an 8-4 victory over the Sweetwater Sports here Saturday night.

Rodriguez gained credit for the victory after entering the game in the sixth round. His mates pounded the dish for three runs in their part of that stanza.

Joe Cumill hit for the circuit for Big Spring in the seventh while Carl Beringer clouted a round tripper for the visitors as the leadoff man in the initial canto.

The Big Spring hurlers paraded out five hits between them and struck out a total of ten men.

DIAMOND DUST—Manager Pat Stasey's first hit, coming at an opportune time in the third round, dropped back of Left Fielder Frank Bishop in left field. Hal Jackson and Baez couldn't get together in the fourth, the Sport stepping out of the box three times before Wee Bert tossed one in. Big Spring loaded the bases two successive innings (the third and fourth) but Frank Akers, the Sweetwater pitcher, settled to get them out without trouble.

Armando Traspuesto's triple in the sixth round almost went through the opening in right center field. Joe Cumill almost did not get his home run in the seventh. The wind caught it and almost blew it foul.

LOOKING 'EM OVER

With TOMMY HART

Ace Mendez, the center fielder of the Big Spring baseball professionals, will be back in the lineup in a few days. . . The X-ray machine, which took a picture of his injured left hand, showed no broken bones. . . Franny Perez, the tall right-handed hurler, will probably replace Jose Cindan as 'the looker' in the eyes of the lady fans. . . Larry Shaw, the soft-spoken hurler from Mobile, Ala., has fought professionally. . . He can also throw a baseball with either paw. . . Shades of Jose Traspuesto. . . One reason the park situation hasn't improved in Sweetwater is that the city, which owns the Sports' athletic plant, promised to pipe water to the field and didn't. . . The owners of the club don't want to spend any money toward the stadium's improvement for fear their investment will be short lived. . . Milton Eiler, the Longhorn league umpire who has set up temporary headquarters here, served in the Navy during World War II with Lew Jenkins, the Texan, who won the lightweight boxing championship of the world some years back. . . Eiler saw Lew fight Marcel Cerdan, the French middleweight, in a four round exhibition at Algiers and thought Lew got the better of the argument. . . Mill, Leo Rheingans (the Odessa fly-chaser), and Johnny Lindell of the New York Yankees all hail from the same town (Monrovia, Calif.), by the way. . . Eiler says that Rheingans was rated just as good a prospect as Lindell a couple of years ago. . . The Longhorn circuit will get an entire new set of men-in-blue this season.

Lamesa Lobos Purchase New Catcher

The session of Longhorn league managers here Tuesday, April 20, has been declared an official meeting by President Howard L. Green. . . Claud McAden of the local club originally planned it as a gabfest and feed. . . All league sports writers, as well as all pilots, are invited to be in attendance. . . N. C. "Hawk" Dalton's son, Cleve, under contract to the Lamesa Lobos, will not report to that club until he finishes his studies at Louisiana State college at Baton Rouge next month. . . He's a flinger. . . George Sturdivant, the Lamesa pilot, has eased his catching worries somewhat with the purchase of Jim Skidgell from Paris. . . Skidgell tried out with Paris last year but didn't make it. . . He's supposed to be a light hitter. . . Ransom Jackson, the University of Texas "hot-shot" who underwent spring drills with the Chicago Cubs, will be trained as a third baseman under Stan Heck, who is now managing Des Moines. . . Jackson is rated nearly as good a prospect as Grady Hutton, another U of T product now with the Reds. . . Sweetwater's Sports have released three players to San Angelo: John Hagler, Art Harris and Ken Jones. . . Melvin Weibel, the Sport outfielder injured in the Big Spring game last week, will probably be in the lineup when the Sweetwater clan opens the season Wednesday. . . The Chicago pro football Cardinals have booked four charity games prior to their season's official opener against the Philadelphia Eagles Sept. 26. . . The Red Birds will meet the College All-Stars in Chicago, Washington's Redskins in Denver, the Eagles in Philly and the Pittsburgh Steelers in Chicago in that order. . . The city of Midland will probably purchase the Midland softball park, a real white elephant, and develop it as a municipal recreation project. . . Qualifying for the Mineral Wells invitational golf tournament begins a week from Thursday. . . Billy Whittington suffered a serious injury to one of his fingers in a recent oil field accident and will be lost to the Big Spring boxing team for some time to come. . . An impressive newcomer to the boxers' ranks is Cecil Gilstrap, a lightweight. . . Gilstrap is also quite a football player.

Bovines Romp On Abilene Birds, 17-15

ABILENE, April 17—A five run outbreak in the ninth inning enabled the Big Spring Steers to come from behind and defeat the Abilene Eagles, defending champions of the 3AA prep baseball league, by a score of 17-15 here Friday afternoon.

The victory kept the Longhorns in the running for the conference flag and, at the same time, virtually eliminated the Flock. . . Abilene scored heavily in the third and fourth innings, sending nine men across the dish in those two cantos. The Steers stormed back with six tallies in the fifth.

Harold Berry, pitcher for Big Spring walked in two runs in a wild ninth round and was relieved by Howard Jones. Jones struck out Gene Landrum to terminate the game.

Six-Man Schedule Opens Sept. 17th

Seven Teams In Circuit

The District Seven six-man football circuit, which will operate as a seven-club league, begins play on Sept. 17 this year and continues through Nov. 12.

Afternoon games in all instances will begin at 2 p. m. with night contest carded for 8 p. m. Schools having lighted fields are Foran, Sterling City and Rankin.

Coahoma's Bulldogs, which finished in second place in the circuit last year, have withdrawn from competition to field an eleven-man team. Sterling City won the 1947 flag.

Joe T. Holladay of Foran, former coach, has been named chairman of the league's executive committee. G. D. Kennedy, also of Foran, will serve as secretary.

In event two teams tie for the championship in regular play, the executive committee will decide the titlist in event a playoff cannot be arranged.

Championship trophies will be purchased by Holladay with money supplied by each school.

The schedule:

Sept. 17—Rankin at Foran, Water Valley at Mertzon, Garden City at Courtney.

Sept. 24—Mertzon at Garden City, Sterling City at Foran, Rankin at Water Valley.

Oct. 1—Sterling City at Rankin, Garden City at Water Valley, Foran at Courtney.

Oct. 8—Open.

Oct. 15—Courtney at Sterling City, Mertzon at Foran, Rankin at Garden City.

Oct. 22—Sterling City at Mertzon, Foran at Water Valley, Rankin at Courtney.

Oct. 29—Mertzon at Courtney, Garden City at Foran, Water Valley at Sterling City.

Nov. 5—Open.

Nov. 12—Courtney at Water Valley, Sterling City at Garden City, Mertzon at Rankin.

IS THIS THE "Sweetest riding story ever told"?

SOMETIMES we get just a bit upset over our engineers. A cautious bunch, their tendency toward understatement now and then lets us overlook some mighty good bets. About all they wanted to say about their new Hi-Poised power was that it went much further than anything else they knew toward controlling engine vibration frequencies. They let us say it would make engine sensation "practically imperceptible." That it would do away with a lot of shudder that often passes for clutch chatter. That it would "have an effect" on riding softness and quiet. Well! Folks have now had a chance to try out our '48 beauties with Hi-Poised power—and you should hear what they say!

"Sweetest ride of any car," they tell us. "Such smoothness—it's unbelievable!" "What have you done?—It's wonderful!"

What we did was apply a wholly new system of engine mounting. It's a system that suspends the engine, much as in a cradle. This leaves it free to rock, bob or "wag its tail" (as every engine must)—yet maintains firm control of such movement at all times and speeds. Add this to other things—big, soft tires on extra wide Safety-Ride rims; gentle coil springs on all four wheels; ample size and weight to master jounce and jitter—and what do you get?

A definitely "sweeter" feel to the whole car. Soft, level going—with firm, sure footing. Lightness—with positive and dependable control.

In a phrase—"the sweetest riding story ever told," as it has been put. Naturally, we'd like to have you size up our new Vibra-Shielded ride too. After all, there's more to any car than meets the eye, even in this eye-winning beauty. And maybe this sweet and lovely ride is just what you've been waiting for. Better see your Buick dealer, whether or not you have a car to trade—and get your order in.

BUICK alone has all these features

- * DYNAFLOW DRIVE (Optional, Rear-wheel Drive)
- * TAPE-THRU STYLING (Super and Roadmaster)
- * VIBRA-SHIELDED RIDE * FLEX-FIT OIL RINGS
- * HI-POISED FIREBALL POWER
- * ROAD-BITE BALANCE * RIGID TORQUE-TUBE
- * QUADRIFLEX COIL SPRINGING
- * SOUND-SORBER TOP LINING (Super and Roadmaster)
- * DYNAMIC SPARK ADVANCE * SAFETY-RIDE RIMS
- * TEN SMART MODELS * BODY BY FISHER

When better automobiles are built **BUICK** will build them

Hawks To Play C'City Today

Other Tri-County Circuit Contests To Be Unreled In Forsan, Coahoma

Local fans get their first chance to see a sample of Tri-County baseball league play this afternoon when Howard County Junior college entertains Colorado City on the Bombardier school diamond west of town. Game time is 3 o'clock.

Odessa, Angelo Set 3AA Pace

Odessa's Bronchos and the San Angelo Bobcats continue to set the pace in District 3AA baseball play. Each team has won four decisions in five starts. The Hosess tripped Midland, 7-4, Friday, after shading Abilene earlier in the week 10-5.

Angelo walloped Lamesa, 7-4, Friday after winning from Big Spring, 9-7, earlier in the week. Big Spring and Lamesa are a game and a half off the leaders' pace, each with a record of two victories in four assignments.

Odessa and Angelo play only one engagement each the coming week. The Bronchos take a holiday Tuesday but come to Big Spring to meet the Steers Thursday. Angelo is ticketed to oppose Sweetwater there Tuesday.

In other games, Big Spring invades Midland and Lamesa goes to Abilene Tuesday. Sweetwater hosts Abilene and Lamesa is the guest of Midland Friday.

Team	W	L	Pct.
Odessa	4	1	.800
San Angelo	4	1	.800
BIG SPRING	2	2	.500
Lamesa	2	2	.500
Midland	1	3	.250
Sweetwater	1	3	.250
Abilene	1	3	.250

Aggies Rout SMU To Tie For Lead

DALLAS, April 17. (AP)—Texas A&M hammered its way into a first-place tie for the Southwest Conference baseball leadership this afternoon with a home-run barrage that rattled Southern Methodist's Mustangs, 13-3.

The Aggies collected six home runs in sweeping the series and registering their fifth victory in six league starts. Meanwhile, title-defending Texas was bowing to Baylor and dropping into a deadlock with Marty Karow's challengers. Clovis Olsak, San Angelo, replaced Burditt in center field late in the game. He did not appear at the plate but got credit for one putout in the field.

Locals Blank Colorado City

Forsan - Big Spring's softball team, powered by J. R. Smith, blanked the Colorado City All-Stars 7-0 in a softball game at the city park here Saturday night.

Smith drove out a homer in the second inning with the bases loaded. He later hit and scored another run.

Cotton Mize, Winifred Cunningham set the visitors down without a hit.

Thinly Clads To Regional

A long, strenuous training program behind them, the Big Spring high school track and field squad converges upon Abilene next Saturday to compete in the Regional H.A.A. meet.

The Longhorns have placed well at Brady, Abilene and Odessa, as well as in their own Relays and the district meet in Midland.

Their best bets for blue ribbons appear to be Leon Leopard, stellar 880-yard runner; their mile relay quartet, composed of R. H. Carter, Jim Bill Little, Delmar Turner and Leopard; and Miller James Fannin.

A dozen boys will probably make the trip. Those who finish among the top three in their respective events will be eligible to compete in the state meet at Austin the first weekend in May.

Yankees, Cards Favored To Meet In 1948 Series

NEW YORK, April 17. (AP)—The World Champion New York Yankees and St. Louis Cardinals will meet in the World Series next October, according to the nation's top baseball writers—but only after a closely-waged battle in both the American and National Leagues.

The Yanks were given a slight vote edge by the 115 scribes who took part in the annual Associated Press poll. The defending American League champions received 59 first place ballots to 56 for Boston.

On points, the Bronx bombers nipped the bosox, 975 to 966. In the National, the votes were more widely distributed. The Redbirds received 48 first place votes to 42 for the runner-up Boston Braves. Their point total was 914 to 885 for the Braves.

The biggest surprise was the apparent lack of enthusiasm by the writers for the Dodgers' chances to retain their National League championship. Only 12 thought the Dodgers would repeat while four picked them to finish as far down as fifth place. However, the Brooks got enough second and third place votes to edge out the New York Giants for third 718 points to 661.

The Giants also got a surprising dozen first place nominations. **REDS GET ONE**

The Cincinnati Reds were the only other club to receive a first place vote. One writer picked them to win the flag. On the other hand, the Reds also received one last place vote. The only club to get at least one vote for each of the eight positions, the Reds were figured to snare fifth place by a wide margin over the Pittsburgh Pirates, 443 and 326.

Albers To Take Eight To Meet

COAHOMA, April 17.—Coach John Albers plans to take an eight-man squad to the Regional track and field meet, which will be held in Odessa Saturday, April 24.

Albers' best bet in the annual games, which qualifies winners for the State Class B meet, is Edwin Dickson, who scored 11 3/4 points in the recent District 21B meet.

HICKSON BACK

Labe Safro, one-time boxer and more recently recognized as the champion bag-puncher of the world, will give a 30-minute exhibition as an added attraction to Pat O'Dowdy's wrestling show Monday night at the East third street sportorium.

Safro's performance will open the party at 8:15 p. m. After he steps down, Billy Hickson of Knoxville, Tenn., and popular Eddie Gideon of Springfield, Mo., have at it in a best two-of-three fall match.

Once Hickson and Gideon have departed the ring, Bill "Ace" Abbott of Abilene gets his catch to fell the big tree of the local wrestling game, The Masked Marvel.

Safro will stage his exhibition for the benefit of the amateur scrappers now in training here. All sports fans, of course, have an open invitation to attend.

Labe perhaps is 'over the hill'

Labe Safro, King Of Bag Punchers, At ACM Monday

look on but they can be assured of knowing more about it once he gives them orientation.

Hickson is returning here after a long tour in other sections of the country. In Gideon, he is being matched with one of the most popular grapplers ever to work here.

GANNON WORKING PUNCHERS

April 30th Amateur Scraps To Feature Eppler, Scott

An eight or 10-bout boxing show is being projected for April 30 at the Big Spring Athletic club.

Half a dozen inter-city bouts are contemplated between young Big Spring and Odessa boxers, according to Burt Gannon, promoter of the event.

Among local boxers working out are Billie Carlisle, welterweight, Jimmy Eppler, middleweight, Cliff Porch, lightweight, Cecil Gilstrap, light-heavy; Cliff Prather and Dub Cole, heavies.

One of the matches, said Gannon, will pit Eppler against Billie Scott, Odessa's TAAF champion. Among five other Odessa lads due to come here for the fracas is J. W. Thompson, heavyweight, provided experienced opposition can be booked for him, said Gannon.

Fighters are working out daily Tuesday through Friday at the club from 7:30 p. m. Gannon said he hoped to arrange three or four all-colored bouts as added attractions.

A's, Millionaires Kick Lid Off '48 Flag Race

Teams Battle Twice Monday

NEW YORK, April 17. (AP)—Bright and early Monday morning, while normal citizens are going about their business, several score eager young athletes are scheduled to gather at Fenway Park in Boston and batter their way into the 1948 big league baseball season.

The competing teams will be the Boston Red Sox, who are favored by many to win the American League pennant, and the Philadelphia Athletics of Connie Mack, who are stately second division.

They are down to play a second game in the afternoon, since it's Patriots' Day in Boston.

This is a radical departure from the classic opening game ceremonies of past years, when the incumbent President habitually has tossed out the first ball in Washington while all the other teams stood idle in proper deference.

In all, four games are scheduled Monday. President Truman will do his stuff in the afternoon, just before the Champion New York Yankees wade into the Washington Senators in the Capitol City. The National League will get in on the act with a contest between the Cincinnati Reds and Pittsburgh Pirates at Cincinnati, providing the flood waters stay away from Crosley Field.

Thus will open sputtering what baseball addicts expect to prove the hottest, ding-dongdest campaign in many a year. On Tuesday the firing will become general, as follows:

National League: Brooklyn at New York; Boston at Philadelphia; Chicago at Pittsburgh; Cincinnati at St. Louis. American League: Detroit at Chicago; St. Louis at Cleveland; New York at Washington, with the Red Sox and Athletics

resting from their Patriots' Day labors.

Joe McCarthy, in his first year as manager of the Red Sox, probably will nominate veteran Right-hander Joe Dobson to start the first game Monday. Connie Mack, Athletics' leader, already had selected Phil Marchildon, his 19-game winning righthander of last year. Jack Kramer, acquired from the St. Louis Browns probably will get the second game assignment for the Red Sox. His opponent will be Lou Brissie, freshman righthander of the A's.

For the New York Yankees in Washington, Manager Bucky Harris has indicated he will pitch Alie Reynolds. Early Wynn may get the nod from Washington Manager Joe Kuhel.

Ewell (The Whip) Blackwell is almost certain to be Reds' Manager Johnny Neun's starter at Cincinnati. Harold Gregg, former Brooklyn Dodger, is slated to oppose him.

The Dodgers, with Leo Durocher back at the helm after serving a season's suspension, find themselves picked by comparatively few experts to repeat in the National League. The veteran St. Louis Cardinals and the up-and-coming Boston Braves, led by Billy Southworth, have collected a solid following.

Joe McCarthy, one of the greatest of modern managers, has returned from self-imposed retirement to direct the powerful-looking Red Sox in a determined effort to dethrone the Yankees in the American League.

More than a few smart observers think the Cleveland Indians have a good chance of crowding into the American League race—perhaps grabbing second place while the Yanks and the Sox are busy killing each other off.

Ewell Blackwell are favored by many to win the American League pennant, and the Philadelphia Athletics of Connie Mack, who are stately second division.

Pipeline Opens Play Saturday

Play in the Texas Softball league got underway last night but the Forsan-Big Spring entry, having drawn a first round bye, bides time until next Saturday night, at which time they clash with the Baldrige team of Lubbock.

The two contingents will play a double header at Forsan Saturday night.

Jackie Neel, one of the greatest mushball hurlers in the country, will take the mound for Lubbock. Opposing him will be L. D. Cunningham, a speedy ball ace with a brilliant win record.

Blacky Hines, Forsan-Big Spring skipper, has lined up a strong lineup.

Yankees Bow, 5-2

BROOKLYN, April 17. (AP)—Lim-liming the New York Yankees to two hits, Brooklyn defeated the world champions 5-2 today at Ebbets Field. The spring exhibition series between last year's World Series rivals now stands at one victory apiece.

TCU Horned Frogs Repel Rice Owls

FORT WORTH, April 17. (AP)—The TCU Horned Frogs rallied for two runs in the eighth to beat the Rice Owls, 9-8, here Saturday for their first Southwest Conference victory.

David Choate went the route for the Christians, allowing only six hits. But his mates made nine errors and he trailed 6-8 going into the eighth.

District 3-AA Teams Shine In 1st South Plains Relays

Lepard Wins 880; Mile Relay Crew Finishes Ahead

LUBBOCK, April 17 (Sp)—Four track teams from District 3-AA, paced by Odessa's versatile Bronchos, were among the seven aggregations which dominated the first South Plains Relays here Saturday.

No less than 35 teams representing schools from throughout the Panhandle and South Plains participated in the event, but points were scarce for those outside the "Big Seven."

The flashy Odessans, led by Byron Townsend, Gerald Campbell, et al., rolled up 30 points to top first place, while the host Westemers of Lubbock finished second with 25 points, just half a point better than Abilene. Big Spring and Pampa wound up in a tie with 12 points each, while Midland grabbed 11 and Amarillo 11½.

Big Springs' Steers played a major role in determining second place which hinged on results of the mile relay, final event on the card. The Abilene Eagles needed first place in that one to finish in the runner-up slot, and Estes, their anchor man took over the baton with a 15-yard lead. The advantage withered away, however, when Leon Lepard, the Big Spring anchor man, opened the throttle and broke the tape at the head of the pack.

Lepard also came through as expected to take the 880-yard run, but probably experienced his toughest competition of the season. Rogers of Childress went ahead of the Big Spring speedster midway of the final lap, but Lepard, who was pacing himself with perfection, possessed the late burst necessary for victory.

The Steers picked up other points by placing third in the medley mile.

SUMMARY—120-yard high hurdles: Howton, Plainview; White, Hobbs (Tex.); Patterson, Odessa; Eddington, Abilene; 14.5.

100-yard dash: Campbell, Odessa; Townsend, Odessa; Walker, Seminole; Mayes, Pampa; 9.9 (meet record, 9.7, set by Mayes in preliminaries).

Shot put—Lively, Abilene; Curry, Lubbock; Headlee, Odessa; Seiber, Amarillo; 46.9.

Broad jump—Townsend, Odessa; Goode, Midland; Mayes, Pampa; Stuart, Lubbock; 21.2 1-2.

Medley mile relay: Amarillo (Seiber, Clifton, Vaughn, McCormick) Phillips, Big Spring, Abilene; 3:51.

Discus—Townsend, Odessa; Lively, Abilene; Bailey, Abilene; Kennedy, Pampa; 154.9.

440-yard dash: Goode, Midland; Johnson, Lubbock; Estes, Abilene; Baker, Seminole; 53.2.

480-yard relay—Lubbock (Williams, Strickland, Decker, Hutcherson), Pampa, Odessa, Seminole; 44.5 (meet record, 44.3, set by Odessa in preliminaries).

220-yard dash: Mayes, Pampa; Walker, Seminole; Fairley, Pecos; White, Hobbs (Tex.); 21.3.

High jump—Townsend, Odessa; Messersmith, Midland; Phillips, Abilene; Carver, Tahoka and Troutman, Abilene tie for fourth; 5'10 3-4".

Pole vault: Adair and Davis, both of Lubbock, tie for first and second; White, Hobbs, and Hoffer, Amarillo, tie for third and fourth; 10.7".

880-yard relay—Abilene (Carter, Millsap, Estes, Rogers), Lubbock, Childress, Odessa; 1:33.3.

880-yard run—Lepard, Big Spring; Rogers, Childress; Ethridge, Sundown; Adams, Roscoe; 2:03.5.

Mile relay—Big Spring (Carter, Turner, Little, Lepard), Abilene, Lubbock, Amarillo; 3:34.3.

Health Classes Begin Monday

First of the men's health classes is due to get underway at 5 p. m. Monday at the high school gymnasium.

Open to all men who are interested in some mild "loosening up" exercises along with a round of volleyball, the classes will be directed initially by Lee Milling, secretary of the sponsoring YMCA.

Only equipment needed is a pair of gym shoes, the Y secretary said. Towels will be available.

No fees have been announced, but there may be a slight charge later to take care of incidentals, etc.

Steers Blanked By War Birds

ABILENE, April 17—Big Spring high school's golf team, which earlier in the week had blanked San Angelo, suffered a dose of its own medicine in a match with the Abilene Eagles there Friday.

The War Birds led by straight-shawing Craig McGraw and blessed by their familiarity with their home links, scored a 6-0 victory over the Bucines.

McGraw registered a 70 to defeat the Big Spring ace, Bobby Maxwell, one up. Maxwell had a 71. McGraw carded a 33 going out and pieced together a 37 on the back side while Maxwell had 35-36.

In other matches, Lee Pinkston walloped Clarence Schaefer, 7 and 5; Dilmus James rapped Sam Thurman, two up; Bill Hise defeated Bobby Hubert, two up; James and Hise thumped Thurman and Hubert, one up; and McGraw and Pinkston measured Maxwell and Schaefer, two up.

Cyclists Seek Trophy Races

Big Spring motorcyclists are in Austin today seeking to nail down the Southwestern Tourist Trophy races.

Several members of the Big Spring Motorcycle club left early Saturday to participate in the district sanction meeting of the American Motorcycle association. This parley is to name dates for various races sanctioned by the AMA so as to avoid conflicts.

Jurisdiction for selection of a site for the Southwestern States Tourist Trophy championship rests with the district sanction committee, and the local bid for the meet is being placed before the body by Elliott Yell, local club president.

Among those making the trip were Jack Ewing, who will ride in special races today in Austin, Cecil Thixton, Tootie Witt, Ted Jackson, Millie Jackson and Moon Mullins.

Practice Begins At Colorado City

COLORADO CITY, April 17—Regular play will not get underway in the Colorado City softball league until May 3 but several practice games will be unrelaxed this week.

Col-Tex and the Merchants tangle in the first game Monday with Cuthbert and China Grove booked for the second.

Tuesday night Standard and Vincent clash in the initial go while Col-Tex and Cuthbert are matched for the afterpiece.

Merchants will play China Grove and the high school squares away with Standard Thursday night.

Hosses Grasp Breaks To Defeat Abilene Blue Sox Friday, 10-5

In a liberal mixture of good, bad and indifferent baseball, the Big Spring Bronchos evened an old score here Friday night when they pounded out a 10-5 triumph over the Abilene Blue Sox of the WTNM league.

The Hosses dropped their first spring training game to the Sox, that by a single tally scored in the third extra inning.

They went out in front early Friday evening and kept adding to their margin. The Steeds, taking full advantage of seven Abilene bobbles, scored eight of their tallies in two big rounds—the fourth and the sixth.

Abilene kept hacking away at the Big Spring lead in the late frames and had the sacks jammed in both the eighth and ninth innings but could never seem to hit when they had to.

Manager Pat Stasey of Our Town should have been mighty pleased with the pitching of Larry Shaw, his right-handed starter. Shaw labored for six innings, giving up three runs on six blows. His successor, Hubbie Sheppard, had quite a night trying to master his control but the lead he had inherited stood him in excellent stead.

Two left-handers faced the Cayuses. The first, Johnny Kelly, would have looked better had his mates not betrayed him earned. The locals got only four earned runs in all. The second Abilene hurler, Dick McCoy, could have used more speed.

GLEANNINGS—Frank Means, the Abilene first sacker, apparently had little respect for Armando Traspueto's throwing arm for he tried a bold steal after walking in the second. The Big Spring catcher threw a strike to George Lopez, who nipped the runner by several paces. One of the oddest plays ever to happen in Steer park occurred in the sixth when Tom Kubat tipped one of Larry Shaw's pitches. The ball went through Traspueto and landed in Umpire Milt Eiler's pocket. Stasey, who seems to look at nothing but lefthanded pitching, had trouble with the Abilene starter, Kelly, but

blasted a long double off the Sox relief wronglander, McCoy, the first time he faced the relief hurler. Frank Means, the Abilene first sacker, did not receive credit for a putout until Bobby Fernandez rolled out to Art Rowland in the sixth. Stasey found himself in a hot box in the sixth after Traspueto rolled to Glen Gilca at short. Pat was run down by the alert Traspueto went all the way to third with stealth that surprised every one. Joe Beran, who hurt the Steeds in an earlier game, could have been a hero when he came to bat with the bases loaded but he watched a third strike go by. Pete Zmitrovich, a former Big Spring player (1941), also looked at a third strike when he came to bat with the bases loaded in the ninth.

Everybody Likes the 'Jeep' Station Wagon

THE FAMILY like it because of its economy of operation, its comfort and distinctive styling—plus the roominess of its all-steel body. It carries six and still has space left over for parcels and luggage.

FARMERS like it because the removable seats make it a highly practical, dual purpose vehicle—ideal for personal transportation, unsurpassed for all around utility. Seats and interior are washable.

BUSINESS MEN like the "Jeep" Station Wagon because it is not only an efficient and economical courtesy car but is also ideal for many other uses, including light hauling and delivery service.

Fees Advanced At Munny Links, Swimming Pool

Moderate increases in fees for golf and swimming will be in effect this summer at Municipal facilities under terms of the new city budget.

Greens fees are being advanced to 50-cents for nine holes and 75-cents for 18 holes, as compared to 35-cents and 50-cents, respectively, under former rates. City officials said the increase would bring rates up to the average assessed by other municipal golf courses in the Southwest.

Changes in rates at the swimming pool will involve only the federal amusement tax. The basic rates will remain the same, but 20 percent will be added for the taxes. Heretofore the city has paid the taxes. Single swim tickets will advance from 20-cents to 24-cents for children and from 30-cents to 36-cents for adults.

Adult season tickets will be \$10.20 and children's season tickets \$6.00. Rates last year were \$8.50 and \$5.00, respectively. Cards good for 10 swims each will be \$2.40 for adults instead of \$2.00, and for children \$1.20 instead of \$1.00.

The increases will enable the golf course and swimming pool fund to become self-supporting, city officials said.

Kansas Relays Results Give U. S. Hopes Boost

LAWRENCE, Kan., April 17 (AP)—Michigan's mighty shotputter, Charles Fonville, and Baldwin-Wallace's hurdler, Harrison Dillard, gave United States Olympic hopes a healthy boost with world-record-bettering performances at the Kansas Relays today.

Fonville pushed the 16-lb. shot from 58-feet ¼ inch to top the recognized world's standard of 57-feet 1-inch set by the former Louisiana State University giant, Jack Torrance, at Oslo, Norway, in 1934.

Dillard won his fifty-second competitive race as he skimmied the 120-yard high hurdles in 13.6 seconds, a full tenth second under the world and intercollegiate mark established by Forrest (Spec) Towns in 1936 and equalled by Fred Wolcott of Rice Institute in 1941.

Fonville, streamlined 195-pound pre-dental student, let go his record toss in his second preliminary when only a few hundred fans were in the stands. He did not try again in the afternoon, finals, but each of his four qualifying puts topped the Kansas Relay mark of 52-feet 1¼ inches by Elmer Hackney, Kansas State in 1939.

Referee Frank Potts, University of Colorado coach, announced that the performances of both Fonville and Dillard would be recognized as Kansas Relays records and that application for recognition as world's standards also will be made.

He won the trials in 14 seconds flat, two-tenths of a second under the meet mark. Two timers caught him at 13.9 seconds and another at 13.8.

East Texas State cracked the college sprint medley record in a sprinted 3:31 trick. The former mark of 3:47.2 was set by Abilene Christian last year.

Texas A&M came up with the sixth meet record in the university mile relay, final event of the day, as Don Corden, Erwin Biederback, Ray Holdbrook, and Art Harnden ripped off the distance in 3:15.6. The former record of 3:16.1 was set by the Aggies' foremost rival, Texas University, in 1935. The University of Missouri was second and Notre Dame third.

Charlie Parker, Texas University's olympic hopeful, was only a tenth of a second off the world record as he sped to victory in the 100-yard dash in 9.5 seconds. He led Maurice Fugazy, Oklahoma A&M; Teammate Perry Samuels, and Harry Guft to the tape, in that order.

The Texas Longhorns successfully defended their relay titles in the quarter-mile and distance medley, but ran second to Missouri in the university half mile baton chase.

Longhorns' Streak Snapped By Bears

WACO, April 17 (AP)—The Baylor Bears toppled the Texas Longhorns out of the unbeaten ranks, 8-7, here today as Longhorn Center Fielder Jack Webb fumbled a line drive to allow Jack Redding of the Bears to score the winning run in the ninth inning.

The Bruins, trailing 7-3, in the eighth inning came to life when First Baseman Tom Chandler hit a home run with two men on base. Baylor's third baseman, J. B. Reeder got a home run to tie the score in the 6th. Chick Zomlefer hit a circuit blow in the first to put the Steers in the lead 3-0.

Do you want to feel young again? What's the secret? It's in your diet. Many men are obtaining remarkable results with this amazing formula.

ONLY 10 MORE DAYS

The Most Unusual Offer Ever Made In The Tire Business!!

YOUR MONEY BACK IF *Super-Cushion* TIRES DON'T GIVE YOU THE SOFTEST RIDE YOU'VE EVER HAD! YOU RIDE... THEN YOU DECIDE!

Due to the demand for Super-Cushion tires we are able to make this unusual offer for only these few more days. Come in—we'll put a set of Super-Cushion tires and tubes on your car. Drive it for one week. Then, if you don't agree they give you a softer ride than any tire you've ever owned, we'll replace your old tires and tubes and give you your money back. The Super-Cushion is a remarkable new kind of tire. It is bigger and softer than conventional tires and runs on only 24 pounds of air pressure. It is so superior that we can afford to make this amazing offer.

Super-Cushion TIRES BY GOOD YEAR

SUPER-CUSHIONS give you a remarkable new ease in car handling. Your car hugs the road, seems to float through traffic, to flow around curves.

SUPER-CUSHIONS soak up crosswise jolts, soak up vibration. Results: less driving fatigue, less wear and tear on your car, fewer rattles, fewer repair bills.

SUPER-CUSHIONS consistently average more mileage than the best standard tires. More—they make small cars ride like big ones... make big cars ride better.

SUPER-CUSHIONS run cooler; and because they're softer they "roll with the punch", are harder to cut, bruise or blow out.

Arrange for a Super-Cushion trial on your car today.

MILLIONS OF SUPER-CUSHIONS ARE NOW IN USE ON NEW AND OLDER CARS

MR. GOLFER

Consult Your Own Professional

There are nearly 2,000 members of the Professional Golfer's Association working at golf in this country, two of whom are in Big Spring. The one at your own club or course knows you and your game best and is thoroughly qualified to advise you about clubs and equipment. They can supply you with the same clubs found elsewhere, PLUS the very best lines which have been reserved by the manufacturers to be sold by professionals only. This is natural since more than 75% of all golf sales are through recognized golf professionals.

ECONOMIC ADVANTAGE

Ginners Fighting Discrimination AUSTIN, April 17 (AP)—Texas cotton ginners are fighting discrimination against Mexican laborers. The ginners have taken up the fight primarily because it is to their economic advantage to do so.

The Mexican government last year called an end to the Mexican alien labor agreement under which Mexican workers were allowed to enter Texas to work. The Texas cotton ginners' association checked on the situation. It found that discrimination in Texas against Mexicans—principally in education, economic and social aspects—was the chief cause for the ruling.

J. C. Stillely, executive secretary-treasurer, wrote to association directors and key ginners of the state. "We, as fair minded citizens as well as ginners, certainly recognize the rights of the Mexican representatives to defend their countrymen through every legal means in their reach," he said. "also as

ginners (we) realize that it is necessary to have these Mexican laborers to pick our cotton. "Therefore, to a great extent it falls upon us to do everything in our power to eliminate all discrimination practices throughout the state of Texas." The cotton picking season begins about two months from now. Looking to that time, tilley told the ginners bluntly: "Here is the situation. Unless someone takes the lead and accepts certain obligations, we're going to have a cotton crop that won't be picked."

"The Texas Cotton Ginners Association is willing to take that lead, but we will need the full cooperation of every ginner in Texas if we are to be successful."

Stillely's plan was submitted at the international conference on labor held in El Paso. It was approved by the executive officer of the Ministry of Foreign Affairs for Mexico.

The officer commented that if the plan were put into practice through the ginners' own initiative and in cooperation with the government of Texas and the Texas Good Neighbor commission, the Mexican government would not have any objections to reconsidering to that time.

This is the Stillely plan: 1. The association submitted a list of ginners in Texas to the Mexican counsel general and to Thomas S. Sutherland, executive secretary of the Good Neighbor Commission, so they can personally contact ginners in any section of Texas whenever necessary.

2. The association received list by the counsel general showing schools, industrial or agricultural centers where discrimination against Mexicans is or has been practiced.

TEXAS POLL

State Bonus Is Favored For Vets

AUSTIN, April 17. — A majority of the people of Texas believe the state should pay a bonus to its veterans of World War II. But there is widespread indecision as to the amount such a bonus should be. And only a minority are willing to say now that they would pay more taxes to raise the money.

These are the results of a statewide survey by The Texas Poll. Discussion of a state bonus recently broke out in the news when Governor Beauford Jester casually commented at a press conference that he thought a veterans bonus would be "un-Texan." Since then, various veterans organizations have publicly criticized the governor for his remark.

To find out what people think about a bonus, The Texas Poll put this question to a representative cross-section of the adult population:

Do you think the state of Texas should give a bonus to veterans of World War II?	Men	Women	All
Yes	59%	64%	61%
No	32	23	28
Undecided	9	13	11
	100%	100%	100%

The 61 per cent who favored a bonus were asked:

"How much do you think the bonus should be?"

Based on length and place of service	10	25	50	100
Below \$500	5	5	6	6
Between \$500 and \$1,000	1	1	1	1
Over \$1,000	1	1	1	1
Let veterans decide	1	1	1	1
Based on disability	1	1	1	1
Enough to live on, other answers	12	11	11	11

"Would you be willing to pay more taxes to the government to help pay the veterans a bonus?"

Yes	No	Not sure
44%	44%	12%

Total favoring bonus 61%
Opposing bonus 28%
Undecided 11%

In November of 1946, The Texas Poll found a majority of Texans favored a state bonus of \$100, even when told such a plan would cost \$75 millions. At that time, 67 per cent would make no suggestion of their own as to how much the state should pay the veterans.

Analysis of the latest survey indicates that opinion for a bonus is 10 points higher among families who have veteran members than among families without veterans.

Hockley Discovery Flows 188 Barrels

George P. Livermore, Inc. No. 1 David Parsons, central Hockley county wildcat, four and one half miles southwest of Levelland, and 440 feet from north and west lines of labor 25, league 30, Baylor county school lands, has been completed as a new discovery from the San Andres-Permian.

It flowed 188 barrels of oil in 24 hours from pay at 4,820-4,907 feet, which had been treated with 10,000 gallons of acid. No water was reported.

SCOUTS COMING

Round-Up To Attract 1,000

The 22nd annual Buffalo Trail Council Round-up is expected to bring approximately 1,000 Boy Scouts and adult leaders to Big Spring for three days of festivities beginning Thursday.

Troops from all points in the 15-county council are planning to attend the three-day event, said C. S. Blomshie, camping and ac-

tivities committee chairman for the council.

The Round-up usually attracts from 700 to 1,000 Scouts and leaders, but if favorable weather prevails, a new attendance record may be established this year.

The Round-up is primarily a "camping out" experience with

Scouts required to do their own cooking and live under shelters erected by themselves during the three day period.

Daily routine at the Round-up grounds will feature competitive events, on both individual and troop basis. Contests planned for this year include the Scout pace, water boiling, signaling, Scout law relay, bugling, compass, stretcher race, target and flight archery, wall scaling, chariot race, string burning, knot tying, pony express.

A barbecue arranged by Big Spring citizens for Saturday noon will climax the activity.

H. D. Norris, assistant council executive, will be director of the camp. He will be assisted by approximately 100 adult Scouters.

Various local committees for handling detailed arrangements are being formed.

Local Scouts who plan to attend the Round-up will be required to obtain permission to miss school. Individual Scouts should notify their respective Scoutmasters, who in turn, will clear with school authorities, local officials advised.

Mrs. McClure's Funeral Set

Funeral services for Mrs. W. L. McClure, 81, will be held at 2 p. m. Sunday in the Eberly chapel.

Mrs. McClure, a resident of this area for more than 50 years, died at her home at 1405 Runnels street at 12:30 a. m. Saturday. She had sustained a heart attack at 6 p. m.

Widow of the late W. L. McClure, pioneer rancher who died in 1934, Mrs. McClure had resided here for the past 12 years and prior to that time about 40 years in the Ackerly vicinity.

Rites will be in charge of the Rev. C. A. Long, pastor of the First Methodist church.

Mrs. McClure leaves one son, Bernie McClure, Big Spring; and five daughters, Mrs. L. S. Sears, Fort Worth, Mrs. Bud Middleton, Waurika, Okla., Mrs. Mabel Stewart, Ozona, Mrs. Lyle Currie, Balingier, Mrs. J. B. (Jake) Bruton, Big Spring. Seven grandchildren and four great-grandchildren also survive.

Burial will be in the city cemetery and pallbearers will be Bob Middleton, Harry Lees, Russell Stringfellow, Lester Brown, R. D. Ingram, Kenneth Manuel, Tracy Roberts, Travis Reed.

Scientists Observe A Large Sun Spot

LOS ANGELES, April 17 (AP)—Astronomers are observing today one of the largest sunspots on record.

Director Dinsmore Alter of Griffith Park observatory estimated it was 16,000 miles in diameter with an outer rim 42,000 miles across.

Dr. Alter said it wouldn't affect climate but could disturb radio reception and telegraphic communication. J. O. Hickox, solar observer at Mt. Wilson observatory, said the sunspot is about six days old and hasn't yet reached its zenith.

Spring Clean-Up

The place to find Big Springers this week is out in the yard. By Mayor's proclamation, and through promotion of the chamber of commerce civic and beautification committee, it's "Clean-Up, Paint-Up, Fix-Up" Week, and householders in all corners of the city are doing their share toward the annual home and yard spruce-up activity. Top left, Mrs. R. L. Tollett, 553 Hillside Drive, cultivates her flowers as her dog, Duke, "stands guard." Top center, Mrs. Obie Bristow, 554 Hillside Drive, adds paint to the lawn furniture, for a spic-and-span yard this summer. Those weeds occupy full time and attention of Mrs. Don Penn (top right) 709 West Park. In a few months, she hopes, that patch will be another flower bed. Lower left, Mr. and Mrs. Royce Satterwhite join forces for a spring attack on the shrubbery, Royce at the shears, the missus at the rake handle. Lower center, everybody gets in the act, even the younger generation. Accomplished weed-pullers are Patsy Wiley (left) daughter of Mr. and Mrs. G. L. Wiley, and Linda Daugherty, daughter of Mr. and Mrs. J. C. Daugherty. And those spring duststorms have to be combatted, too; at lower right is Jess Thornton who not-too-happily turns to for some window cleaning.

Texas Congress Of Parents, Teachers To Be Held In Midland April 23, 24

"New Frontiers" has been announced by the president, Mrs. Holland Holt of Abilene as the theme for the first spring conference of the new sixteenth district of the Texas Congress of Parents and Teachers, which will be held in Midland Friday and Saturday, April 23 and 24.

The district was organized from parts of districts 14 and 6 at a meeting in Abilene last June 27. It includes about 80 local units, 6 city councils, 2 county councils and a membership of 10,891.

Pre-conference meetings will be opened Thursday evening with a formal dinner honoring the district board, state board members and special guests, through the courtesy of the Midland board of education and the Junior High school Parent-Teachers Association. The dinner will be followed by a business meeting of the board of managers.

The first general session will be started by a band concert by the Midland High school band directed by Mr. H. N. Lawborn, at 9 Friday morning. Mrs. Holt will head the procession of district board members and guests before Mr. Monroe brings official greetings

from the Midland city schools. Mrs. R. B. Kerbow, vice-president of Stanton, will offer response. Following the presentation of platform guests by Mrs. L. Waldo Leggett, general chairman of the Midland committees, Mrs. Holt will elaborate on the conference theme: naming education, health, world understanding, home and family life, as included in the subject of "New Frontiers."

After conference committee reports, Mrs. H. F. Godecke of Lubbock will conduct a period of instruction.

Among the district chairmen reporting at this time will be Mrs. C. C. Williamson, by-laws, Mrs. J. A. Coffey, "Every Parent a Member" of Big Spring.

The second general session will feature workshops conducted by Mrs. Frances Carter, on the local unit workshop; Mrs. Jimmie Mason, the city council workshop and Mrs. W. K. Scudday, of Garden City, the county council workshop. Mrs. T. R. Odell will direct a skit illustrating mother-daughter conflict and will address the assembly, discussing education.

At the general session in the afternoon all local unit presidents will

be platform guests. Mrs. L. G. Byerley of Midland will address the group on "Idea Home and Family Life", preceding the voting at 3 p. m. Among the district chairmen giving reports that afternoon will be Mrs. J. T. Brooks, Parliamentarian, Mrs. Robert Hill, Summer round-up and Mrs. J. C. Lane, Yearbooks and Publicity books, all from Big Spring.

A barbecue will be given that evening by the Midland Chamber of Commerce and local parent-teacher units. The evening session will include an address by Dr. P. D. O'Brien, pastor of the First Baptist church of Big Spring on "The Necessity of World Understanding." A period of Recreation by Frank Monroe will follow.

Saturday morning will bring an address on health by Dr. R. M. Golladay, president of the Six County Medical Association, and the installation of new officers by Mrs. H. F. Godecke of Lubbock. A doughnut breakfast at the Scharbauer hotel will be given for the presidents of the local units, council district vice-presidents and honor guests.

State representatives at the conference will be Mrs. H. F. Godecke of Lubbock, vice-president of the Texas Association, and national procedure and by-laws chairman. Other visiting state board members will include Mrs. T. R. Odell of Haskell, vice-president of region 7, Mrs. James B. Day of Abilene, state historian, and Mrs. Phillip Thompson of San Angelo, president of the sixth district. Mother-singers from Wylie and the ACC Demonstration School of Abilene will appear on the program.

Sixteen district vice-presidents are Mrs. John H. Reeves of Col-

Senior Play Will Be Given Tuesday

The public is cordially invited to attend the play, "After All, It's Spring," to be presented in the Municipal Auditorium, Tuesday, April 20 at 8 p. m.

The play, sponsored by the senior class, includes a cast of Helen Montgomery as Granny; Lynn Porter playing the part of Martha; Donnie Roberts as Dorothy; Lillian Middleton as Pug and Frances Henderson as Agnes.

Also, Patsy McCormick as Charlene; Pat Lamb as Gram; George Oldham, enacting the part of John; Jimmy Webb as Tom; Eddie Houser as Bob Davis; Jerry Sanders as Clarence Wintergreen; Don Spencer as Two-Gun Wintergreen and Jerry Houser as a Western Union boy.

The senior play crew is composed of stage managers, Harold Berry and Carol Murdock; advertising staff, Dickey Cloud, Arnold Tonn and Jerry Rogers; prop managers, Sue Leonard and Marlene Burnett; promoters, Eula Mae Todd and Babs Douglass; sound control staff, Roy Pool and Ike Robb; make-up department, Babs Douglass, Wylie Steward and Rebekah Lloyd.

Usherettes will be Mary Davis, Francis Wilson, Faye Russel, Charlotte Long, Nidra Williams, Scooter Terry, Johnnie Kennon, Joy Barnaby and Caroline Smith.

Mrs. J. Howard Hodge Will Be Guest Speaker

Mrs. J. Howard Hodge of Midland will be guest speaker at the meeting of the First Methodist WSCS Monday afternoon.

As the Society is beginning a series of studies on the United Nations, Mrs. Hodge will speak on, "My Visit to the UN Headquarters at Lake Success, N. Y."

The public is cordially invited to attend these meetings.

Trainmen Ladies Hear G. W. Dabney

Mayor G. W. Dabney spoke to members of the Trainmen Ladies on the cancer drive at their luncheon Friday.

He also gave the invocation.

Spring flowers in colors of pink, yellow and white were used as table and room decorations. Mrs. S. A. Wilson, Mrs. L. A. Webb and Mrs. G. H. Briden were on the table committee.

Mrs. H. W. McCandless presided at the business session at which Albert Smith was installed as counselor.

The application of Mrs. F. D. Hamill for membership was accepted.

The Auxiliary gave \$5 to the cancer fund and donations of the individuals were accepted.

Those attending were Mrs. S. A. Wilson, Mrs. Vernon McCoslin, Mrs. M. C. Knowles, Mrs. L. A. Webb, Mrs. H. E. Meador, Mrs. J. C. Burnam, Mrs. A. J. Cain, Mrs. W. O. Wasson, Mrs. H. W. McCandless, Mrs. J. H. Eastham and Mrs. C. W. Kesterson.

Mrs. G. B. Pittman, Mrs. G. H. Briden, Mrs. J. T. Allen, Mrs. J. E. Hendricks, Mrs. C. Spears, Mrs. J. S. Tuckness, Mrs. E. L. Springer, Mrs. J. P. Meador, Mrs. C. A. Schull, Mrs. C. R. Rhoads, Mrs. J. C. Lane, Mrs. W. C. Ragsdale, Mrs. W. E. Rayburn, Mrs. F. G. Powell, Doris Clark, Mr. and Mrs. G. W. Dabney and Mr. and Mrs. Albert Smith.

Winners Are Named At Friendship Bridge

Winners of the Friendship Bridge club Friday afternoon in the home of Mrs. R. F. Blum were Mrs. Herbert Johnson, high, Mrs. Lewis Murdock and Mrs. W. M. Gage, bingo scores and Mrs. J. T. Johnson, floating.

Others present were Mrs. H. V. Crocker, Mrs. M. A. Cook and Mrs. C. Y. Clinkscales, the next hostess.

Junior Woman's Forum Is Hostess At Federation Tea Friday Afternoon

Members of the Junior Woman's Forum entertained members of the Modern Woman's Forum and the Spoudazio Fora with a Federation Day tea Friday afternoon in the First Methodist church parlor.

Pastel colors were used in the decorations. On the piano was an opened umbrella made of pastel varicolored streamers surrounded by ivy. The centerpiece for the

linen laid table was comprised of a miniature maypole from which hung pastel streamers fastened to the reflector with nosegays of spring flowers. The two carried out the theme of April Showers and May Flowers. A crystal punch service, and crystal candelabra containing pastel tapers completed the table appointments.

The receiving line was composed of Mrs. Don Burk, Mrs. Burke Summers, Mrs. Omar Jones, Mrs. Steve Baker, Mrs. Clyde Johnson and Mrs. Marie Haynes, officers of the club.

Mrs. L. D. Chrane presided at the register.

Other members of the house party were Mrs. W. K. Edwards, Jr., Mrs. Travis Carleton, Mrs. Cecil McDonald, Mrs. R. R. McEwen, Jr., Mrs. Arnold Marshall and Mrs. Joe Pickle. All members of the house party were in formal dress.

Mrs. Bill Griese and Lillian Hurt played piano selections throughout

the afternoon.

Guests calling during the afternoon were Mrs. Julius F. Neel, Mrs. P. M. Scherer, Mrs. J. M. Kaiser, Mrs. D. E. Meier, Billie Burrell, Mrs. S. E. Womack, Mrs. H. M. Rowe, Mrs. G. W. Chown, Mrs. Cecil Collins, Mrs. Charles Koberg, Mrs. J. P. Dodge, Mrs. James T. Brooks, Mrs. Bob Eubank and Mrs. S. M. Winham.

Mrs. Thomas J. Coffey, Mrs. Robert Keaton, Mrs. Horace Garrett, Mrs. W. F. Cook, Mrs. D. C. Sadler, Mrs. L. E. Eddy, Mrs. Ralph Wyatt, Mrs. A. J. Haines, Mrs. Jack Y. Smith, Mrs. Jake Morgan, Mrs. Marvin House, Jr., Mrs. Jack Irons and Mrs. William H. Reinwald.

Mrs. Franklin Nugent, Mrs. Ernest W. Richardson, Mrs. E. J. Hughes, Mrs. L. E. Phillips, Mrs. Grover C. Blissard, Mrs. Tommy Gage, Mrs. Kent Morgan, Mrs. Clyde Thomas, Jr., and Mrs. C. W. Matheny.

Clarice McCasland, James F. McPhail Engagement Is Told

The betrothal of Clarice McCasland to James F. McPhail, son of Mr. and Mrs. M. McPhail of Odessa is being told this week by her parents, Mr. and Mrs. A. McCasland.

The double ring ceremony will be performed the evening of June 5 at 8:30 at the First Presbyterian church with the Rev. Gage Lloyd officiating.

The bride-elect is a 1944 graduate of the Big Spring high school. She was a member of the Sub-Deb Club, the Order of Rainbow for Girls and is now a member of the Beta Sigma Phi Sorority. She is employed at the freight office of the Texas and Pacific Railway company.

The bridegroom-to-be graduated from Odessa high school. He served three years with the Army and ten months of that time was spent in the Philippines. He is now attending Texas A&M College where he is a senior student majoring in Civil Engineering.

Clarice McCasland

WHAT GIVES 'ROUND TOWN

By Leatrice Ross

Busy weekend this one. The fever of traveling typifying summer has spread earlier this year apparently.

Going east along highway 80: Vivian Middleton left Thursday for Dallas to take in the Ice Capades. Leaving Saturday for Fort Worth were Bebe and T. D. Weaver, Bill Inkman and Dopey Anderson. The foursome will pick up Martha Lee Frasier and Robbie Piner in Thursday and then join Murray Patterson in Fort Worth. Chief motive for the excursion was opening of the Keystone room at Hotel Texas Saturday evening.

And in a southerly direction: Jimmy and Lillian Tamsitt and Cornelia Frasier departed Friday for Austin where, among other things, they are to hear Helen Blount singing a lead in a one-act opera presented by the University. Jimmy also is doing work on an English theme and will make use of the TU library while on the campus.

In San Angelo Saturday afternoon and evening attending a 20-30 International cocktail affair, which included cocktail party, at 4 p. m., dinner at 7 followed by dancing a la Sammy Daufong: Bill Van Crunk, Junior Gay, Bill Merrick, Bill Beauchamp, Bill Bell, Bud Purser.

Merrick, by the way, presented a humorous skit in his latest disguise at the banquet. So effective is this little identity-hider that Wednesday evening when President Bell arrived at the local 20-30 meeting, he entered the room, spoke a few words and departed—and no one recognized him!

Dot Wasson left Friday morning for Lubbock to spend the weekend. Darrell Webb and Jack Martin spent Thursday there. Ralph Brooks writes George Oldham that he is enjoying his three-week respite in Jacksonville, Fla. LeVerne Kinman was in Fort Worth Monday.

Joyce Worrell, former student at Big Spring high school, will be in the run-off for head cheer leader at Lubbock high this week. Joyce served as pep leader for BHSIS two seasons, and was up for a third before moving to Lubbock last summer. Eddie Hickson placed first in declamation contests held as a part of the Interscholastic League meet in Midland last weekend. He will represent the high school at the regional contest in Abilene in May.

Jean Duncan, Harry Echols, Doris Blalock and Jimmy Rhodes had chicken dinner Friday night at Jean's and Doris' abode. Two-some out evenings of late: Jo Barnaby, Digger Hickman, Peggy Tibbott, Jimmy Rhodes, Cody Selkirk, Don Richardson, Patsy Spikes, Russ Shannon, Margie Woodson, Bob Hill, Vicki McElroy, John Bill Gary, Alpheus Page, Fletch Coffey, Betty Cawthorn, Troyse Robertson.

Ushers named for the senior class play, "After All, It's Spring" Tuesday evening are Mary Davis, Francis Wilson, Faye Russell.

The energy utilized by green leaves in building up carbohydrates is obtained from sunlight.

New Stage Scenery Is Installed At Coahoma

COAHOMA, April 17. (Spl) — Complete new stage scenery has been installed in the grade school auditorium, this being the project of the local Parent-Teacher Association for the year.

Installation services for the new officers of the group will be conducted by Mrs. Jimmie Mason, president of the city council of Big Spring, at the next regular meeting on May 13.

Doris Bryant-Glen Camp Wedding Is Solemnized In Dallas Saturday

Doris Bryant, daughter of Mr. and Mrs. G. L. Bryant, became the bride of Glen Camp, son of Mr. and Mrs. W. W. Camp of Gilmer, in informal services last evening in the parsonage of the Mary King Methodist church in Dallas. The Rev. J. W. Lindsey, pastor, read the double ring ceremony. The bride wore a white linen frock with brown accessories. She was attended by Patsy Jean Davis as maid of honor. James F. McKinley, cousin of the bridegroom, was best man. Others of the wedding party were Mrs. Mary Little, Mildred Mitchell, Mrs. James E. McKinley, Mrs. Weaver Morris and Harry Gross. The bride-elect attended Big Spring schools and graduated from Forsan high school. She also attended Brantley-Draughon Business college in Fort Worth. She has been employed by the Burrus Mill and Elevator company in Fort Worth and Dallas for the past two years.

MRS. GLEN CAMP

The bridegroom attended Gilmer high school and served in the Army Air Corps during the war. He is now employed by Marshall E. Moody window display company in Dallas. The couple will be at home at 2221 Overton Road in Dallas following the service.

"Coming Event" Shower Is Given For Mrs. Dooley

Deanna O'Brien, dressed as a nurse, pushed in the baby buggy laden with gifts and presented them to Mrs. Clyde Dooley who was named honoree at the "coming event" shower, Friday. Mrs. R. W. Brown hosted the affair with Mrs. Ila Mae Dunning and Mrs. Bledsoe O'Brien as co-hostesses. The pink and blue motif was used throughout the party rooms. The white linen covered table was centered with an arrangement of pink rosebuds and ivy. Pink candles were also on the table. Plate favors were miniature baby buggies made from marshmallows. Mrs. Brown attended the punch service and Mrs. Dunning presided at the guest register. Those attending were Mrs. Jenny Coleman, Mrs. Lloyd Kinman, Mrs. Mary Ehlman, Mrs. Pierson Morgan, Mrs. Frank Knapp, Mrs. C. A. Horton, Mrs. M. C. Knowles, Mrs. C. G. Barnett, Mrs. Etta Straughan, Mrs. R. R. McKinney and the hostesses and honoree.

Leisure Bridge Club Meets In Heflin Home

The Leisure Bridge club met in the home of Mrs. Lewis Heflin, with Mrs. Dorothy Cauble as co-hostess Friday afternoon. Mrs. T. M. Lawson won high score and Mrs. P. N. Scherer won bingo prize. Refreshments were served to Mrs. J. F. Neel, Mrs. Charles Pruitt, Mrs. Jack York, Mrs. Grover Bissard, Mrs. R. H. Moore, Jr., Mrs. Gene Nabors, Mrs. Lewis Amaon and Mrs. H. A. Long. Mrs. Gene Nabors will be hostess to the next meeting May 6.

COSDEN CHATTER

Tollett To Make Business Trip In The East

By Personnel Department

FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag everytime you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell. Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease. To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients. Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloats and give off that sour food taste. Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Delore Smith To Marry Joe Fowler Brooks

Delore Smith

Mr. and Mrs. Marvin L. Smith of Dallas have announced the engagement and approaching marriage of their daughter, Delore, to Joe Fowler Brooks, son of Mr. and Mrs. E. J. Brooks.

Announcement was made on miniature scrolls which were presented to the luncheon guests in the Century Room of the Adolphus hotel in Dallas Saturday noon.

Vows will be read by Dr. W. O. Barnett, pastor of the Calvary Baptist church in Dallas, May 8 at 8 p. m.

Shirley Brown of Dallas, will be maid of honor and Harrol Jones of Big Spring will be best man. Others in the wedding party are Rita Kay Rogers, flower girl; Murph Thorpe, Jr. and Walter Phillips, ushers and Don Holder of Pecos and Charles Boyle of San Antonio, groomsmen.

The bride-elect, a graduate of Sunset high school in Dallas, attended Southern Methodist University and North Texas Agricultural college, where she was a member of the Sans Souci social club and was elected a campus favorite.

The bride-groom-to-be graduated from Polytechnical high school in Fort Worth and also attended NTAC.

Approximately 15 guests attended the announcement luncheon.

WEDDING IS ANNOUNCED—The secret marriage of Betty Joyce Rawlings, daughter of Mrs. W. T. Henderson and J. O. Rawlings of Dallas and Dwaln Williams, son of Mr. and Mrs. O. L. Williams was announced this week. Vows were exchanged in Lamesa on Jan. 3 with the Rev. Sam Thomas, pastor of the First Methodist church officiating. The couple will be at home in Big Spring, where he is associated with his father in the O. L. Williams, Sales and Service.

Centerpoint 4-H Club Makes Plans For Tea

Plans were made for the 4-H Club tea in May at the Centerpoint 4-H Club meeting Tuesday afternoon.

Miss Margaret Christie, Home Demonstration agent, announced at the meeting that silver thimbles will be given to all those girls who entered dresses in the style show of 1947 at this tea.

Rosemary Rice is to receive a Gold Star pin and a birthstone ring at this tea also.

The next meeting will be May 17, with Joann and Sherry Fuller as hostesses.

Visitors present were Mrs. F. L. Bass, Mrs. Nita Adams and Mrs. E. L. Byrum.

Members present were Geraldine Webb, Wanda Irene Webb, Rosemary Rice, Barbara Sue Meriworth, Glenda Gay Adams, Iris Ernestine Rice, Elouise Carroll, Sue Montgomery, Carolyn Sneed, Totsy Nell Hill, Sherry Fuller, Mrs. L. J. Davidson, sponsor, and Margaret Christie, home demonstration agent.

Miss Richardson, W. W. Sides Wed

Marriage services were read Saturday evening for Dorothy Richardson, daughter of Mrs. Inez Richardson and Wilbur W. Sides, son of Mr. and Mrs. W. H. Sides.

Dr. P. D. O'Brien, pastor of the First Baptist church, read the single ring ceremony in the home of Mr. and Mrs. James W. Johnson, before the mantle which was decorated with bridal wreath and tulips. Large baskets of gladioli stood beside the mantle and in front of the brass hand-painted lamps.

The bride wore a two-piece aqua linen suit, white accessories and carried a white Bible topped with shattered white carnations.

As something old, she wore an antique gold bracelet, as something new, a strand of pearls given her by the bridegroom, a handkerchief, as something borrowed and a penny in her shoe for luck.

She was attended by Mrs. Charles Kee, cousin of the bridegroom, who was attired in a black dress with white trim, black accessories and a pink rosebud corsage.

Charles Kee was best man.

The bride graduated from Longview High school and until recently was employed by the Southwestern telephone company in Longview.

Sides attended Big Spring high school and is now employed by the James Lumber company.

A reception was held in the Johnson home following the wedding with close friends and relatives attending.

A china chariot filled with bridal wreath and daisies was in the center of the table which was laid with lace. The three tiered cake was cut by Mrs. W. H. Sides and Mrs. Charles Kee presided at the silver service.

Mr. and Mrs. Sides will be at home in Big Spring.

Musical Program Is Given For Legion Auxiliary

A musical program was given at the social for members of the American Legion Auxiliary Thursday evening at the Club house, with Velma Griesse in charge.

The losing side entertained the winning side in the recent membership drive for new members.

Helen Duley played the organ accompaniment for a sing-song to begin the program.

Kathleen Springer gave several selections of boogie-woogie and "Now is the Hour".

Eddie Lou Haug accompanied by Velma Griesse sang a group of waltzes which included "Pagan Love Song", "If You Were the Only Girl" and "Beautiful Ohio".

Games completed the entertainment.

Refreshments were served to Mrs. Jack Martin, Mrs. Howard Stephens, Mrs. Lucille Jones, Mrs. Paula Jones, Mrs. Donald Anderson, Mrs. Odie Wilson, Mrs. Dee Foster, Jr., Mrs. Erma Stewart, Mrs. M. S. McMillan, Mrs. Bill Griesse, Mrs. Vernon McCoslin and Mrs. C. M. Cochran.

Mrs. Charles Tompkins, Mrs. Marvin House, Jr., Mrs. Henry Long, Mrs. Prentiss Bass, Mrs. Alvin Smith, Mrs. D. L. Burnette, Jr., Mrs. J. W. Burrell, Mrs. Murie Stevens, Helen Duley, Eddie Lou Haug, Mrs. M. C. Grigsby, Mrs. Eugene Springer, Mrs. Wayne Spears, Mrs. Harold Steck, Mrs. Alvin Thigpen and Mrs. Charles Hutchison.

Naomi Ruth Caffey, Robert Winton Wed

Naomi Ruth Caffey, daughter of Mr. and Mrs. H. R. Caffey and Robert Carleton Winton, son of Mr. and Mrs. Clay Winton of Borger were united in marriage Saturday evening.

The double-ring wedding vows were read by the Rev. Jimmy Parks, pastor of the East Fourth Baptist church, in the parlor of the First Baptist church. The parlor was decorated with baskets of fern and gladioli.

Mrs. Bob Anderson played "Because", "I Love You Truly" and "Sweet Mystery of Life" preceding the ceremony.

The bride wore a blue crepe street length frock, carried black accessories and a white Bible topped with gardenias.

Out-of-town guests were Mr. and Mrs. Clay Winton of Borger, and Vona Winton of Bowie.

The bride graduated from Anson high school, Hardin-Simmons University and the Southwestern Baptist Seminary in Fort Worth. She is employed at the Malone-Hogan hospital.

Winton completed Bowie high school, attended Hardin-Simmons University and served in the Air Force for two and one-half years. He is now employed by the Zales' Jewelry.

Mr. and Mrs. Winton will be at home in Big Spring.

Rouget de Lisle, a young officer, composed the Marsellaise, French national anthem, in 1792.

Mrs. Joe M. Faucett has gone to Dallas to attend the wedding of her son, Heartsill. She will be joined there by her daughter, Mrs. Cliff Berry of Haskell, who will be in Big Spring Tuesday for the get-acquainted tea that is to be given for Mr. and Mrs. Heartsill E. Faucett.

Robert Swann Lee, Joe O'Brien and Vera Dell Walker are spending the weekend with their parents, Mr. and Mrs. Robert E. Lee, Mr. and Mrs. George O'Brien and Mr. and Mrs. A. E. Walker.

Robert Cowleys Are Honorees At Shower In Forsan This Week

FORSAN, April 17. (Spl)—Complimenting Mr. and Mrs. Robert D. Cowley, members of the Women's Missionary Society of the Forsan Baptist church hosted an afternoon tea Thursday followed by a bridal gift shower in the evening in the C. V. Wash home.

Receiving guests at the double affair were Mrs. Wash, Mrs. J. C. Dannelley, and Mrs. S. C. Cowley, mother of the bridegroom. In the gift display room, the bride and her mother, Mrs. G. L. Monroney, were hostesses.

Presiding at the register were Mrs. Frank Tate and Mrs. E. N. Baker. Guests signed a handmade heart-shaped bride's book covered in white satin with trim of white net and a large bow of white, blue and pink ribbons.

In the dining room Mrs. Grady Hale served refreshments. Orchid iris and bridal wreath were arranged in a large crystal bowl in the center of the table, and a circular of bridal wreath held the crystal punch service. Assorted garden-cut flowers in vases were placed about the entertaining suite.

Other members of the houseparty were Mrs. T. R. Camp, Mrs. A. O. Jones, Mrs. Claud King, Mrs. Jewell White and Mrs. Jesse Overton. Attending were Mrs. J. D. Leonard, Mrs. Frank Jacobs, Mrs. John Cardwell, Mrs. G. W. Overton, Mrs. L. T. Shouts, Mrs. G. G. Green, Mrs. Frank Swiger, Mrs. Leroy Echols, Mrs. H. W. O'Dell, Mrs. John Nasworthy, Mrs. B. E. Campbell, Mrs. Rayford Liles, Mrs.

O'Barr Smith, Mrs. Pearl Scudday, Mrs. R. R. Young, Mrs. C. E. Chattin, Mrs. E. A. Grissom, Mrs. Jeff English, Mrs. M. M. Fairchild, Mrs. Ed Wilkerson, Mrs. Price R. Stroud, Mrs. Glen Whittingburg, Mrs. Bob Godwin.

Mrs. Roy Johnson, Mrs. J. E. Chausior, Mrs. J. D. Martin, Mrs. Blessee Cathcart, Mrs. Leta Cowley of Big Spring, Mrs. W. O. Averitt, Mrs. Cecil Suttles, J. E. Thompson, Mrs. L. N. Prater, Mrs. H. N. Yeaden, Mrs. J. F. Martin, Mrs. Joe Carlson, Mrs. Johnny Soufas, Harold Johnson, Evva Smith, Haroldine West, Betty Jo Rose, Sara Chausior, Mrs. Lewis Huevel, Mrs. E. C. McArthur, Mrs. J. W. Warren, Mrs. F. L. Brewer of Hamlin and Mrs. W. L. Johnson.

Other guests who attended the shower, were Mr. and Mrs. J. B. Hicks, Mr. and Mrs. Harley Grant, Mr. and Mrs. Allen Hull, Mr. and Mrs. J. A. Thurman, Mr. and Mrs. W. B. Dunn, Mr. and Mrs. J. T. Holliday, Mr. and Mrs. Sammie Porter, Mr. and Mrs. Frank Theime, Mr. and Mrs. J. B. Anderson, Mr. and Mrs. Hood Parker, Mr. and Mrs. Luther Moore, Mr. and Mrs. Glen Smith, Jimmie Smith, Mr. Cowley, Wayne Monroney, H. E. Johnson, T. R. Camp, E. N. Baker, Jesse Overton and the Rev. Mr. and Mrs. E. K. Sawdy were in Kermit Friday on business.

Mrs. Horace Holcomb was hostess to a Stanley hostess party Thursday afternoon in the home of her mother, Mrs. Charles Howard. Nine guests attended.

Mr. and Mrs. C. V. Wash and son, Danny, were in Odessa Saturday on business.

Guests of Mr. and Mrs. Robert Cowley recently were Mrs. F. L. Brewer and son, Mike, of Hamlin. Mr. and Mrs. Felton Martin and Mrs. H. N. Yeaden were in San Angelo Saturday.

Mr. and Mrs. Travis Breithaupt and daughter, Beverly Jo, of Odessa, are spending the weekend here with her parents, Mr. and Mrs. J. H. Cardwell.

In Possum Kingdom on a fishing trip are Mr. and Mrs. M. M. Hines, Mr. and Mrs. J. R. Asbury, Mr. and Mrs. Harry Miller, Mr. and Mrs. O. W. Scudday and Mr. and Mrs. Frank Honeycut.

Mr. and Mrs. H. W. Holcomb of Stanton were visitors here Saturday with Mr. and Mrs. Horace Holcomb.

CHARLES PRATHER, EL WANDA CASTLEBERRY

Engagement of Miss Castleberry To Charles Prather Is Announced

Mr. and Mrs. Arthur Castleberry of Elk City, Okla. are announcing the engagement and approaching marriage of their daughter, El Wanda, to Charles Prather, son of Mr. and Mrs. C. E. Prather of Big Spring.

The wedding will be solemnized August 10 in the Second and Adams streets Church of Christ in Elk City.

The bride-elect graduated from Elk City high school and attended Abilene Christian College in Abilene for two and one-half years. For the past two years, she has been employed by the Community hospital in Elk City. Miss Castleberry is a member of the Alpha Beta chapter of Beta Sigma Phi.

Prather graduated from Big Spring high school in 1944 and attended Abilene Christian college for one year prior to his enlistment in the Navy, where he spent three years' service.

After receiving his honorable discharge, he enrolled at Texas A&M college, College Station and is now a junior in the school of veterinary medicine. He is affiliated with the Frater Adilis fraternity.

Following the wedding, the couple will be at home in College Station.

Eight Families Are Welcomed To Big Spring

Eight families have been officially welcomed to Big Spring during the week by Mrs. Jimmie Mason, community hostess, and presented with a booklet of welcomes from the merchants of the city.

Mr. and Mrs. J. C. Arnett and son, John, 3, live at 309 East 5th. He is with the Brown and Root construction company.

Mr. and Mrs. M. D. Ladd and children, Donnie and Carolyn, 4, who came from Midland with the McKee Construction company live at the Ellis homes.

Former residents of Aztec, N. M., Mr. and Mrs. D. A. Littlejohn and children, Patty 4, and Donnie, 16 months, live at 405 Mesquite. He is with the Magnolia Selamograph company.

Mr. and Mrs. P. G. McMullen and children, Frances, 9 months, Cecil 7, Nettie Ruth 10, Walter 12, and Garmen, 14, live at 1100 Austin. He is with the McKee Construction company. The family moved to Big Spring from Albuquerque, N. M.

The newcomers at 1010 Bluebonnet are Mr. and Mrs. Ellis Read and daughter, Cherrel, 3. They came from Levelland and he is associated with an implement company here.

Coming from Fort Worth as a representative for the Colonial Refining Chemical company are Mr. and Mrs. John Reeves and daughter, Cherrel, 2. They live at 103 Jefferson.

Mr. and Mrs. Jimmy Morton, former residents of Abilene, live at the Ellis homes. He is a T&P dispatcher.

Mr. and Mrs. John W. Truly, also live at the Ellis homes. He is working for the State Liquor Control Board and was transferred to Big Spring from Abilene.

News Items Of Knott Community

KNOTT, April 17. (Spl)—The honors of lodge deputy were conferred on Jewell Smith at regular meeting of the Knott Rebekah lodge Thursday. Others present were Vera Gross, Lola Myers, Emma Coker, P. P. Coker, J. T. Gross and R. H. Unger.

Knott residents who attended the workers conference at the First Baptist church in Vincent Thursday were the Rev. and Mrs. Lee Vaughn, Mr. and Mrs. Lee Burrow, Mrs. Hershel Smith, Mrs. Elsie Smith and Mrs. J. T. Gross.

The guest speaker for the affair was Mrs. Herodias Gobira of Rio de Janeiro, Brazil, who has been studying in the Baptist Seminary in Fort Worth for the past 15 months to be a missionary. She will return to Brazil as a missionary in May.

Mr. and Mrs. Bill Dalby and family of Aspermont visited earlier this week with her parents, Mr. and Mrs. P. P. Coker of Knott. Attending funeral services for W. A. Burchell's father of Carlsbad, N. M., other than the Burchell family were Mrs. Leslie Bohl and daughter of Williamsburg, Ohio. Mr. and Mrs. Lloyd Curry and Mrs. W. M. Hillburn of Knott.

Mr. and Mrs. Lee Burrow, Mrs. Elsie Smith and Mrs. J. T. Gross attended the "Mission Institute" in Midland Wednesday. The guest speaker was Mrs. R. L. Brown of College Station, who is mission study chairman of the Woman's Missionary Union of Texas and also a state approved worker.

Mr. and Mrs. O. B. Gaskin and son visited early this week with her brother and sister-in-law, Mr. and Mrs. D. E. Smith, and family of Meridian. The Smiths formerly lived here.

Mr. and Mrs. R. H. Unger accompanied her brother-in-law and sister, Mr. and Mrs. O. A. Warren of Levelland to Voca where they will visit relatives.

Elwin Glenn Kirbys Are At Home In Mary Esther Following Wedding

Lt. and Mrs. Elwin Glenn Kirby are at home in Mary Esther, Fla. following their recent marriage in the Post Chapel at Elgin Air Force Base, Fla.

Mrs. Kirby is the former Martha Hardin, daughter of Mr. and Mrs. R. M. Cochran of Big Spring, and he is the son of Mr. and Mrs. Roy F. Kirby of Lometa.

Capt. L. B. Burch read the double ring ceremony on April 10.

The bride's dress was made of gray silk fashioned with a high neckline and extended sleeves, light fitted bodice with a soft draped hip line gathered in the back into a train effect. It was cocktail length.

Her accessories were powder blue and black. She wore American red roses. For something old, she carried a silk handkerchief brought back from Japan after the First World War by an uncle; for something borrowed, a strand of pearls belonging to her mother; something blue were her accessories and she wore a penny in her shoe.

Mrs. Opal Stinson was her only attendant. She was dressed in a

Centerpoint Home Demonstration Club To Send Ten Delegates To Meet

Ten members of the Centerpoint Home Demonstration club will attend the district meeting of the Texas Home Demonstration Association in Odessa this was decided at the meeting Thursday in the home of Mrs. J. W. Brigrance.

The meeting was opened with the song, "God of our Fathers" after which Mrs. Walter Pachall led the group in prayer.

Refreshments were served to Mrs. Wyatt Eason, a visitor, Mrs. Dave Christian and Mrs. L. T. Nelson, two new members, and Mrs. J. M. Crow, Mrs. C. E. Prather, Mrs. Albert Davis, Mrs. Wesley Carroll, Mrs. L. J. Davidson, Mrs. E. L. Bynum, Mrs. J. E. Woods and Mrs. Frank Hull.

Mrs. Allen Hull, Mrs. Melvin Laudamy, Mrs. Ira Rice, Mrs. A. A. McKinney, Mrs. Ernest Hull, Mrs. Leonard Hanson, Mrs. Walter Pachall, Mrs. H. S. Hanson, Margaret Christie and the hostess, Mrs. J. W. Brigrance.

Plans were completed for a forty-two party on Friday evening, May 7, at the Centerpoint auditorium. Everyone is invited to attend. Tickets will be 50 cents per couple.

A general discussion was held on the use of the new glass jars made for frozen foods. The jars are made from heavy flint glass and have straight sides to help in removing the contents.

Mrs. Albert Davis gave the report of the last council meeting. Margaret Christie gave a demonstration on making face cream and two hand lotions. She also announced that the county life program will be given May 2 at the City Auditorium, and the county wide book review will be May 4, at 2 p. m. in the parlor of the First Methodist church. The 4-H club girls will have a tea and book review on May 11. Everyone, and especially the club members are invited to attend each of these programs.

There will be a special all day meeting on Wednesday, April 21, with Mrs. A. A. McKinney, at which time dress forms will be made. A covered dish luncheon will be served at noon. The club will convene with the Fairview club in the home of Mrs. Allen Hull on May 6, at 2:30 p. m. The next regular meeting will be May 20 at 2:30 p. m. with Mrs. Albert Davis as hostess.

During the recreation period a game of questions and answers was led by Mrs. Ira Rice.

WHY STARVE TO TAKE OFF FAT?

When you buy Barcontrate, you buy a preparation for taking off weight. You do not pay for a printed diet. Barcontrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment while reducing with Barcontrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barcontrate when mixed with grapefruit juice does this! First, cuts down your desire for sweets and fatty foods, but you do not have to FORBID yourself. Barcontrate takes care of your DESIRE. Second, debilitates and eliminates, so that water is excreted from the body making fat. At the same time you feel better, more peppy, more alive, but never starved or hungry.

Lost 22 Pounds

"I lost 22 pounds taking Barcontrate and I feel much better in every way. I eat anything I want and I gladly recommend it to anyone who wants to lose weight."—Gertrude Ellings, Route 1, Dallas, Texas.

15 Pounds Lost

"I lost 15 pounds taking Barcontrate and can now control my weight! I feel much better in every way and I gladly say, 'It's Barcontrate to control the weight!'"—Mrs. Gayle Matthews, 525 Thruandale Street, Decatur, Texas.

Signs Of Period Of Effective Teamwork

One of those periods of upheaval may be drawing to a close within the local school system, and new contracts offered to teachers may play an important part in the closing of a chapter and beginning of another.

could be checked out on 30-days notice. Unlike procedures under the old contract, the superintendent is empowered to initiate adjustments, subject only to ratification subsequently by the board.

The God Of Hezekiah And An Assyrian

By FRANK GRIMES
Herald Special Writer

Sennacherib, king of Assyria — Old Funny-whiskers — was doing pretty well until he ran up against the king of an insignificant little broad-place-in-the-road and met the first major frustration of his brilliant career of conquest and extortion.

not the Lord. Their gods were false gods. But as for Sennacherib and his blasphemy, why? "Because thy rage against me and they tumult is come up into mine ears, therefore I will put my hook into thy nose, and my bridle in thy lips, and I will turn thee back by the way which thou camest."

Texas Today—William C. Barnard

Worst Explosion In U. S. History

One year ago today the French freighter S. S. Grandcamp exploded at Texas City, killing 512 persons and injuring 3,000. It was the worst explosion-disaster in U. S. history.

Two small planes, presumably sightseers, were flying above the Grandcamp at the time of the explosion. The wings of one folded— it plummeted to earth. The other was blown to bits. Bodies of the occupants were seen falling through the air.

Affairs Of The World—DeWitt MacKenzie

Reds Speed Up Ideological Campaign

An undoubtedly anxious Moscow hasn't been slow in devising measures to try to offset the damage suffered recently by the Communist world revolution at the hands of the now thoroughly aroused democracies.

cominform is a composite name. Apropos of this, the cominform newspaper brags that Communist membership in Brazil has risen to 200,000. Be that as it may, it is obvious that communism is boring in everywhere.

"WE WANT TO MAKE OUR POSITION PERFECTLY CLEAR—"

Washington Merry-Go-Round—Drew Pearson

Symington Upsets 'Unified' Forces

WASHINGTON, April 19. (AP)—If you're wondering—hey, what goes?—about the armed forces, that's what President Truman is wondering, too.

Ed Hanrahan to become chairman of the SFC, and Hanrahan, in turn, is also a friend of Flynn's. This will give the Flynn law firm, which handles considerable Wall Street practice, two friends on the commission which governs Wall Street.

JOBS GREASE MACHINES

Ed Flynn, boss of the Bronx, ex-chairman of the Democratic National Committee and one of the men who put Harry Truman across as vice president, has decided to stick with Harry for another round.

To insiders this is big news. For Ed Flynn, more than almost any other Democratic leader, has groused and growled, fumed and fussed at Truman's leadership. Several times he has threatened to bolt. Once he said he wasn't going near the White House any more.

Nine Babies Are Born This Week At Hospitals

Nine babies were born this week at the local hospitals. Seven of the babies were girls and two were boys.

Three girls were born at the Malone-Hogan hospital.

Mr. and Mrs. Bill Rusk are the parents of Carolyn Sue, who weighs six pounds, eight and one-half ounces. She was born April 11. Weighing eight pounds, five and one-half ounces, Mary Gail was born to Mr. and Mrs. H. E. Johnson of Forsan, on April 14.

On April 14, Carol June was born to Mr. and Mrs. N. Teel. The infant weighed seven pounds, eight and one-fourth ounces.

A boy and girl were born at the Cowper-Sanders hospital.

Rolland Roberts Laxson was born April 14, weighing nine pounds. His parents are Mr. and Mrs. A. W. Laxson.

Mr. and Mrs. Jack Bowlin are the parents of a daughter, Linda Lee who was born April 16. She weighed six pounds and eight ounces.

Three girls and one boy were born at the Big Spring hospital.

The boy, Donald Wayne, was born to Mr. and Mrs. Royce W. McClure of Midland. He was born April 14, at the weight of seven pounds, one and one-half ounces.

On April 14, Sarah Jane Pike was born to Mr. and Mrs. Edward W. Pike. She weighed seven pounds, eight ounces.

Mr. and Mrs. Ervin J. Daniel are the parents of Judy Elaine who arrived April 15, weighing eight pounds and one ounce.

Weighing six pounds, three-fourths ounce, Charlotte Ann Winslow arrived on April 11. She is the daughter of Mr. and Mrs. Edward A. Winslow of Stanton.

Mrs. G. C. Graves Wins High Score At GM Club

Mrs. G. C. Graves won high score at the GM Forty-two club meeting in the home of Mrs. Omar Rossen Friday afternoon.

Mrs. Wyatt Eason won low score. Refreshments were served to Mrs. J. D. Benson, Mrs. Elmer Boatler, Mrs. Wyatt Eason, Mrs. F. H. Talbert, Mrs. John Smith, Mrs. G. C. Graves, Mrs. G. W. Dabney and the hostess.

Mrs. Wyatt Eason will be hostess to the club at the next meeting April 30.

Benefit Party

The Altar Society of the St. Thomas Catholic church is sponsoring a benefit party at the church hall at 8 p. m. Wednesday. The public is invited to attend.

Heartsill Faucetts Are To Be Honored

Mr. and Mrs. Heartsill Faucett are to be complimented with a "get acquainted" tea and shower Tuesday evening in the home of Mrs. W. A. Laswell from 4 to 7:30 p. m. Hostesses are to be Mrs. W. D.

McDonald, Mrs. G. C. Graves, Mrs. R. A. Eubank, Mrs. Albert Smith, Mrs. H. N. Robinson, Mrs. Bernard Lamun, Mrs. H. L. Bannan, Mrs. Arthur Pickle and Mrs. Laswell.

All friends of the family are invited to attend. The first coal-tar dye discovered was mauve.

Bridal Shower Honors Mrs. James Edwards

Mrs. James Edwards, the former Katherine Patterson, was honored with a bridal shower in the home of Mrs. Morris Sewell Friday evening. Hostesses were Mrs. Sewell, Mrs.

Big Spring (Texas) Herald, Sun., April 18, 1945

A. L. Cooper and Mrs. E. H. Sanders.

Members of the receiving line, Mrs. Sewell, Mrs. M. C. Patterson and the honoree, were dressed in black with corsages of white carnations.

Ella Mae Patterson was at the

register.

Mrs. Cooper served punch from the crystal service on the refreshment table.

Mrs. E. H. Sanders displayed the gifts.

Approximately 35 guests called during the receiving hours.

Proclamation

WHEREAS, the general health and welfare of our citizens depend upon wholesome surroundings arising from good clean living conditions, and

WHEREAS, the lives and property of our people are endangered by fire caused by the cluttered conditions in homes, business houses, alleys and streets, and

WHEREAS, unity of effort is required for the future development of our community,

NOW THEREFORE, I, G. W. Dabney, Mayor of the City of Big Spring, do hereby designate the week of April 19-24 as this city's official Clean-Up, Paint-Up, Fix-Up campaign period, and call upon all departments of the city, its commercial organizations, civic clubs, schools, churches, boys' and girls' clubs and all other associations, and our people in general to take an active part in this constructive program for community improvement to insure its success.

G. W. DABNEY, Mayor
CITY OF BIG SPRING

Kerosene Good Screen Cleaner

Those window and door screens which you stored last fall need cleaning, paint and minor repairs now. They should be thoroughly brushed with kerosene to loosen the winter accumulation of dirt and grease. When the kerosene evaporates, the dirt can be washed out with a strong spray from the garden hose.

Best way to paint screens is to spray them. The paint mixture should be very thin so the mesh will not be clogged. A paint containing zinc dust reduces corrosion and prevents stains on the house siding.

Weak or split frames can be easily repaired by reinforcing the corners with right-angled metal brackets obtainable in any hardware or 10-cent store. They should be put on with screws, not nails or tacks.

Small holes can be patched with ready-made squares which come with strands of wire ready to bend into place through the old screen mesh.

Bigger Garages Due

Bigger cars need bigger garages now that most automobiles approach a width of seven feet and a length of almost 20 feet. This means that your garage must be planned to include more elbow room than it did before this new fleet of giants hit the highways.

The black and white Holstein-Frisian cows of Holland have been known to yield from 67,000 to 80,000 pounds of milk a year.

YOU'LL WARM UP TO THIS!

Yes—you'll really "go" for the convenience of instantaneous hot water, step in and get the facts from us and let us demonstrate the full line of household appliances we carry, all designed for a more comfortable living for you and your family.

D&H Electric Co.

HERALD WANT ADS GET RESULTS

CAN HELP YOU

Lumber Dealer Knows Cash Cuts

Whether you plan to put up a few bookshelves or build a new house, consultation with your local building supply dealer before starting the job usually will save both money and headaches.

The dealer knows from practical experience far more about the problems involved than the average laymen and is eager to pass along his information. What you are going to do or the way you plan to do it may waste material or the result sought may not be satisfactory.

He knows about construction methods and new and improved materials, use of which will save money and produce a better job. Particularly important is that the lumber dealer can give an accurate estimate on cost of the proposed project; therefore, when you start figuring with a contractor you will know whether the contractor's estimate is what it should be.

In case you plan to do the work yourself, your dealer will advise the quantities of material and proper lengths of lumber to buy to avoid waste. He will explain short cuts and methods to make the job easier.

Usually such information on small jobs is given without cost or obligation; although a dealer cannot be expected to work out the bill of supplies for a complete house unless he knows he will sell the material. Many dealers offer a complete plan and consultation service at a low fee.

Such service usually will save many times the amount of the fee and result in better construction. Quality materials generally will be recommended. Although first cost is slightly higher, top quality materials are a better investment than poorer grades and are an economy in the long run. The dealer does not recommend top-quality goods merely to push up his bill.

Paint Is Great Saver Of Homes

If your home has not been painted during the past four or five years, it should be done this spring. To let the job go longer means that the surface of the siding will require more careful and expensive preparation for repainting, according to the Construction Research Bureau of New York, clearing house for building information.

Only the best quality paint should be used, and its chemical content should be determined by an experienced painter who knows local conditions. In warm, humid climates harder types of paint containing greater amounts of zinc oxide usually stand up better than soft paint. In excessively dry climates, soft paints containing a high percentage of white lead are better.

Ready-mixed paint of high quality to suit local conditions is generally in good supply this spring, and is obtainable with almost any desired coloring pigment.

As a paint job is no better than the men who do the work, a reputable contractor should be employed.

The competent workman will remove all loose old paint and guard against paint failure caused by surface moisture by seeing that the surface is painted only when dry. Even the best paint will fail if applied immediately after a shower or in foggy or humid weather.

Too much oil causes paint to dry slowly, become dirty and fade. Too little oil causes it to wear off rapidly. Cracking is caused by hard, quick-drying paints. Wrinkles show up because of improper brushing of heavy, oily mixtures. Chalking usually comes about because too much thinner is used or by skimping on the number of coats.

Expert painters usually recommend two coats when the surface is in good condition and most of the old paint remains after sanding, brushing or scraping. Otherwise, three and sometimes four coats are needed. It is best to take the painter's advice. The cost might be more, but you will have a more lasting, satisfactory job.

Fix Up Your Home For SUMMER...

CLEAR-VUE AIR CONDITIONERS

With The New 1948

Only **\$149.50** Installed

CAN BE INSTALLED IN JUST A FEW MINUTES

BEAT THE HEAT THIS SUMMER

USES ONLY 8 INCHES OF WINDOW SPACE

The new Clear-Vue Air Conditioner will literally transform your home from a close, stuffy place to one of delightful comfort. There's an abundance of cool "filtered" air directed in currents to suit all occupants. The Clear-Vue will cool the average size house. Equipped with a beautiful aluminum front and easily adjustable louvers.

"CLEAR-VUE" FEATURES

- Adjustable Air Louvers.
- Handy Motor Control.
- Humidity Control.
- Built-in deep water pan for recirculating pump.
- Easily accessible water connection.
- Removable non-sag water pads (with 100% cooling and filtering surface, and constructed of Aspin Wood Fiber—considered the best for evaporative type air conditioners).
- Adjustable non-clog water troughs.
- Adjustable to any size window.
- No skilled labor or special tools necessary.

AT SCHOOL IN RUSSIA — A teacher holds a teddy bear as she tells folk tales to children in a Soviet nursery school as they sit beneath a portrait of Marshal Stalin. The agency which supplied this picture didn't name town in which school is located.

Big Spring (Texas) Herald, Sun., April 18, 1948 9

Government's Pamphlet Is A Best Seller

The greatest mass-production country in the world today, the United States, is still a nation of home craftsmen.

This is proved, according to officials of the Government Printing Office in Washington, D. C., by the constant popularity of a 30-cent set of pamphlets entitled the "You Can Make It" series.

Prepared by the National Committee on Wood Utilization, this set of three booklets has been a best seller in all seasons of the year. The publications contain illustrated instructions on how to make useful articles for the home, the garden, and the camp as well as playthings for the children, using only a few simple tools, discarded wooden boxes and odd pieces of lumber. Each book in the set tells how to finish the wooden articles to make them attractive as well as useful. Practically all the items are accompanied by detailed drawings. There are also drawings of the various tools and some pieces of hardware used in the construction. "These books are so easy to understand, that's what makes them popular," a printing office official said.

Information on making things for outside the home such as a trellis, arches, lawn seats, dog house, bird houses, etc., and for inside the home such as racks, chests, bookcases, cabinets, camp furniture, etc., is to be found within the pages of the You Can Make It series. There is also useful information on wood selection, plywood, glues, glue joints and other wood-working details. Orders should be addressed to the superintendent of Documents, Government Printing Office, Washington, D. C. The 30 cents should be enclosed with the order (no stamps, please). All proceeds go to the government.

Blood pressure was first measured in 1733 by the Rev. Dr. Stephen Hales.

Health Values Most Important Benefit Of Cleanup Campaign

Failure to consider the health values of a clean-up campaign is to overlook the most important benefits to be derived from such a project, declares C. W. Mason, city-county sanitarian.

However, only a cooperative community program will result in noticeable success, he cautioned in pointing out that diseases and disease carriers are no respecter of persons.

Mason listed four desirable objectives, from the standpoint of health conditions, for the annual Big Spring clean-up drive. These objectives, with brief explanatory remarks, follow:

1). Elimination of rats. The rat can be driven from the home if all possible food sources, such as open garbage cans and improperly disposed kitchen wastes are eliminated and places of harborage, such as piles of lumber, boxes, junk, etc. are hauled from the premises. Elimination of the rat means elimination of typhus fever, which is carried by the rat flea.

2). Elimination of mosquitoes. Since this is a dry area and there is little standing water, if homes become infested with mosquitoes it is fairly safe to guess that they are breeding on the premises. The dengue fever mosquito will breed in places that are very easily overlooked, such as flower vases, auto tires, air conditioners, rain barrels, cans and any man-made containers that will hold water. Local residents should be on the lookout for such containers during the spring clean-up program.

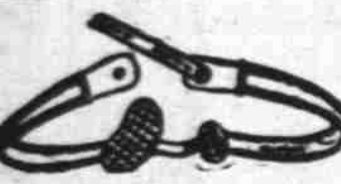

3). Elimination of house flies. The house fly is one of the most unsanitary disease carriers known to man. The same general cleaning up of garbage, rubbish, manure and other filth is a good weapon against flies and roaches. Combined with good sanitation, proper screening and the use of a few other preventive measures will control these pests. It is suspected that flies, and possibly roaches, are carriers of polio and many forms of dysentery.

4). Elimination of general nuisances. A nuisance is commonly regarded as something which is injurious to health, offensive to the senses, or as a cause for discomfort to a community, neighborhood or individual. There are many types but the most common are those that are offensive to the senses of smell and sight. Conditions creating this type of nuisance are usually caused by unsanitary poultry lots, livestock pens, cess pools, privies and decaying garbage and refuse. Warm weather brings complaints of many nuisances which go unnoticed during colder weather. Therefore, a successful spring clean-up campaign should include a complete check of these items.

Old-Fashioned Cleanup Furthers Community Health

AUSTIN, April 17—“A good old-fashioned spring house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state.” Dr. Geo. W. Cox, state health officer, said today, in urging all communities and cities in the state to cooperate in Texas Clean-Up Week April 4-11.

A general clean-up program of state-wide proportions with the objective of bettering health conditions of our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing off of

weeds and rubbish from vacant lots.

“The destruction of mosquito breeding places and rat harborage, the proper disposal of garbage and trash and the general cleaning up of all premises,” said Dr. Cox, “will be of inestimable value in

helping to keep down summer health hazards such as dysentery, typhoid and poliomyelitis.

“Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate dan-

ger of such diseases, and insure good health protection throughout the state.”

Dr. Cox stressed the fact that many dangerous diseases are filth-borne, and the only possible way to control them is to eliminate the unsanitary conditions responsible for their spread.

If Owners Won't Act, Maybe You Can Clean Adjacent Vacant Lot

Vacant lots constitute the perennial problem of any clean-up campaign, the chamber of commerce civic and beautification committee admits.

Last year an unusually large number of owners had their lots leveled, and in the operation bulldozers denuded them. But during the year mesquite brush has come back from the roots and it is just right to catch trash.

Thus, the committee now appeals again to owners to see that their lots are cleaned.

But if owners are unmindful of civic responsibility, the committee suggests that neighbors can take the bull by the horns. If they will cut down brush and rake up trash on a vacant lot next to them and pile the refuse at the street or alley, city trucks will pick up the debris.

Potatoes were not used as food in Europe until 100 years after their discovery in South America.

Rubbish Causes Loss From Fire, Tips Are Given

Just plain negligence. That's the description used by “Clean Up—Paint Up—Fix Up” Week sponsors for an increasing number of fires caused by rubbish and litter.

You can help keep your home and community free from fire by giving them a thorough clean-up this spring. Remove fire hazards that have accumulated during the winter,” campaign leaders urged.

Here are some spring clean-up suggestions from the Chamber of Commerce civic and beautification committee.

Get rid of rubbish such as old papers and rags in attics, closets, cellars, garages.

Clean up yard, and don't burn papers on a windy day. Use an incinerator.

Destroy rags or keep in closed metal containers. Paint or oil-soaked rags heat up from chemical action, burst into flames.

Use 15-ampere fuses in regular household circuits, and don't put pennies behind blown fuses.

Avoid flammable liquids. Hundreds die annually trying to clean with gasoline, benzine or naphtha.

Clean and check all heaters and have repair work done. Place portable, open flame heaters so they can't be knocked over or tipped.

Don't create your own gas chamber by closing off room in which gas or oil heaters are used; keep window slightly open.

Clean soot out of chimneys and smokepipes. Check for cracks and holes.

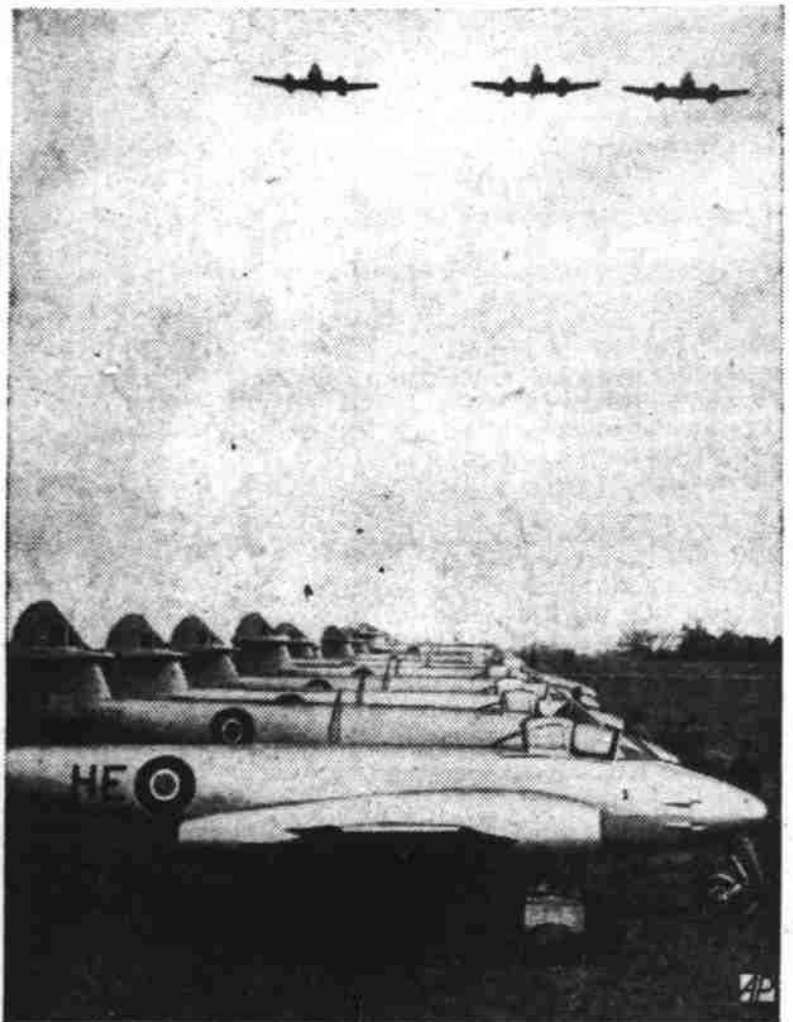

Always put hot ashes into metal containers.

Use a wire-mesh screen in front of fireplace.

Remodel and modernize your home for greater safety.

Don't smoke in bed.

Keep fire department number posted near your phone.

JET FIGHTERS—Meteor IV's sweep low over line of other jet fighter planes at Horsham St. Fath. near Norwich, Eng. land, shortly after base was equipped with the speedy craft.

TEXANS IN WASHINGTON

Farmers Becoming Fertilizer Boosters

WASHINGTON, April 17 (AP)—Texas farmers are becoming increasingly conscious of the value of fertilizers—and of the fact that the supply won't meet the demand.

Studies just concluded by the House Agricultural committee uncovered these figures:

The average consumption of fertilizers in Texas from 1935-39 was only 79,251 (short) tons annually. The consumption in 1941 was up to 142,666 tons, and each year since then it has increased steadily until the amount used in 1946 was 396,202 tons. That is the latest year on which figures are available.

As the decades roll by, the soil wears out and farmers find fertilizers more and more useful to increase production. That is why in the old southern states where the land has been tilled nearly 200 years longer than in Texas they long recognized the need for enriching the soil.

In North Carolina, which leads all states in fertilizer consumption, the amount used in the 1935-39 period was 1,119,246 tons annually. This had increased to 1,717,353 tons in 1946. The comparative figures for Virginia are 405,742 and 684,919.

Based on its investigations of the fertilizer situation throughout the nation, the committee has drawn up a report setting forth these points:

1. Civilian production of basic fertilizer materials will be a little larger than last year.
2. Exports from civilian production will be a little smaller than last year.
3. Transportation difficulties will be less severe than during the last planting season—unless strikes or other unpredictable delaying factors come up.
4. In spite of these favorable conditions, the demand of American farmers is expected to exceed supply by 10 to 20 percent.
5. The worst shortage will be in solid nitrogen material for top dressing and this will fall most heavily on southeastern parts of the country where this type is widely used.

Texas farmers who know that large quantities of the basic ingredients of fertilizers are produced in their state hate to see that production go not only out of Texas but out of the country. But it's part of over-all foreign policy—increased production abroad cuts down on relief food shipments. An example of this is the big cactus ordnance plant near Dumas

and Etter in the panhandle. It is owned by the government. The Army is currently negotiating with four different companies who want to operate it under lease. One of the big conditions which the army is insisting upon is that the output shall go entirely or at least largely into export to step up food production in foreign countries.

Around the capital: Rabbits may be called by that name in Texas, but they're something else again when they're brought in from foreign countries to be used in making expensive fur coats.

That was brought out in House hearing on a bill which would require accurate labeling of such garments. Exporters testifying before the House Interstate Commerce committee said they had rather keep calling them “coney” or “lapin” fur coats.

Rep. Lindley Beckworth of Gladewater said he didn't see anything wrong about calling a rabbit-skinned coat, rabbit. He then asked about the possibility of using Texas jackrabbits or cottontails for expensive ladies coats. He got this unsatisfactory reply: Texas rabbits—and other American wild rabbits—are too thinned skinned.

The bill to repeal the oleomargarine tax comes up for hearing in the House on April 26—forced on to the House floor when 218 representatives signed a petition to discharge the measure from the Agriculture committee. The committee had refused to report it out for a vote by the entire house. Rep. Wingate Lucas of Fort Worth put his name down to put the petition across—the 218 signature. That number constitutes a majority of the total house membership.

NO SET SCHEDULE

City Trucks Begin Trash Pick-Up Monday For Annual Clean-Up

No block-by-block or area-by-area schedule for trash pick-up this week has been announced by the city. However, free collection service

by the city will start Monday morning and continue through the week, said City Manager H. W. Whitney. Since no specific schedule has been announced for the pick-up, it is important that trash be at the alley or street line starting Monday morning, or as soon thereafter as possible to guarantee that it will be hauled away.

"We plan to haul anything within reason," he said. "That includes brush, rock, cans, boards, and even car bodies. We are going to pick it up as rapidly as possible, but appeal to the public to simplify our work by not waiting until after trucks have passed to start their clean-up."

In past years the city has picked up scores and scores of truck loads of trash and hauled it away, free of charge to residents.

Prospects are that the total this year will go considerably beyond 100 truckloads.

Trucks will be assigned specifically to this pick up.

As an aid to crews, Whitney suggested that loose trash be put in boxes or sacks; that tree trimmings and other brush be cut down to reasonable size and length to facilitate handling.

"If obnoxious trash litters vacant lots in a neighborhood," he said, "we will pick it up if neighbors will stack it at the street or alley line."

Spring To See Record Volume Of Home Repair

The volume of home repair, remodeling and improvement is expected to be greater this spring than any year in the past, its indicated in recent surveys.

Material shortages have been largely overcome since last year; plenty of labor is available; and most home-owners, taking the word of building industry economists that costs cannot be expected to decline to any extent, have concluded not to postpone needed work.

Countless relatively inexpensive improvements can be made in any house that will add considerably to its value and provide more gracious, comfortable living. These may include painting, more storage space, an attic or basement, insulation, interior decoration, new steps, a new porch, removal of partitions to create larger rooms, and so on. The list is limitless.

One of the most important home improvement jobs from an economy standpoint is that of insulation. It costs virtually nothing, because it is usually paid for within three or four years by fuel savings. In addition, full-thick insulation in walls and roof area makes the average home as much as 15 degrees cooler in summer.

Any home can be quickly insulated by blowing walls and other hard-to-get-at places full of mineral wool. Batts or blankets of this naturally fireproof material are applied where there is room for a man to work, such as in unfinished attics, and the blowing process is not used in such areas.

Lack of capital need not deter home improvement plans, the Bureau pointed out. No matter how large or small the job, the cost generally can be financed at low interest rates by FHA — insured home modernization loans. These are obtainable through almost any building contractor or bank and are repaid in small monthly sums over a three-year period.

FUEL SHORT

Railroads Seek Better Locomotives

NEW YORK, April 17. (AP)—After the diesels—what?

This seems a far-fetched question at a time when railroads are pushing to the limit their expansion of oil-burning motive power.

But research men are accustomed to look beyond tomorrow. Coal strikes and coal shortages give emphasis to their search for more efficient power.

Certainly the diesel-electric is undisputed favorite of the railroad industry today.

Within a short time, rail officials say, oil burning power plants will haul virtually all through main-line passenger trains.

But research men seek even better types. The railroads, locomotive builders and fuel producers are participating.

Steam turbines and gas turbines, burning coal or liquid fuel, are being developed. More efficient power plants will help railroads curb mounting expenses.

The eventual answer may be found in none of the types mentioned.

No less a figure in the industry than Gwilym A. Price, president of Westinghouse Electric Corp., told railroad men here recently:

"With dwindling fuel supply and rising costs, it is not unlikely that railroad electrification will some day come into its own in this country."

This means power delivered to the locomotive by third rail or overhead trolley.

Price said the railroads are buying electrical transmission (used with diesels and other types of power) at an annual rate of slightly under 5 million horsepower. "At this rate," he pointed out, "within ten years the electric power in locomotives will exceed that now developed by all the present central station generating plants."

The electric locomotive itself can be supplied for about 60 per cent of the cost of diesels, he said, while its service records in war or peace have never been excelled.

Many rail men credit diesel development with a part in halting the extension of electrification.

Class I railroads (those whose operating revenues top \$1,000,000 a year) spent in 1947 a total of \$222,626,000 for locomotives, mostly diesels.

Current backlogs of orders for locomotives are the largest in 25 years, and include more than 1,500 oil burners.

The very expansion of diesel use has helped intensify the oil shortage.

Notice that Westinghouse's Price said electrification was likely "some day." Talk of oil depletion could hasten that day just as disrupted coal production has helped the rise of the diesels.

WHEN KNIGHTHOOD FLOWERED—Betty Lou Middy (left) and Eleanor Galerio wear helmets and admire armor, worn by knights of the Middle Ages, at Chicago's George F. Harding Museum. Visit was part of medieval history course.

'B.F.'s Daughter Story Of Spoiled Little Rich Girl

"B.F.'s Daughter," John P. Marquand's arresting story of a predatory female which has become a best seller, arrives in film form at the Ritz theatre today with Barbara Stanwyck, Van Heflin, Charles Coburn, Richard Hart and Keenan Wynn in the starring roles.

The new M-G-M picture recreates the epoch of American life in the twenty years between World Wars I and II, with its action and dramatic conflicts centering on the spirited daughter of an industrial tycoon and the three men in her life—the father whom she idolizes, the conservative and socially prominent lawyer with whom she believes herself to be in love, and the unconventional young economist whom she marries.

Polly Fulton, the vibrant heroine of Marquand's tale, is unhappy unless she can do something for someone. The spoiled daughter of a millionaire, she is constantly frustrated because people won't let her "run the works" with the aid of her father's money and power.

When Bob Tasmin, the man she has always been expected to marry, insists on putting off their wedding until he wins a partnership in his firm, Polly impetuously turns to the brilliant but impoverished Tom Brett, instructor in economics. Here is a man she can help and, after marrying him, she secretly uses her money and prestige to further his career with the result that he rises to the position of one of the country's leading economists, a job which brings him into the headlines when America plunges into World War II. But their married life is not a happy one, for Brett, too, resents his wife's dominance and, when he inadvertently discovers that it was her money which was instrumental in starting him on his spectacular success, the marriage seems headed for the rocks. It is only when Polly makes a last stand to recapture his love that she is brought to realization that it is she and not the men in her life who must change.

TEMPTATION OF RICHES — The new attraction at the Ritz. "B.F.'s Daughter," is the story of a spoiled daughter of a U. S. millionaire and how she finds true happiness in living. The pictures feature Barbara Stanwyck, Van Heflin, Richard Hart and Charles Coburn (shown above).

EXCITEMENT — Action is the keynote in "Green Dolphin Street," which comes today to the State. The movie stars Lana Turner and Van Heflin.

BUFFALO BILL — Above is a scene from the Richard Arlen film which can be seen today at the Lyric, "Buffalo Bill Rides Again."

Five Youths To Try For Awards

Five boys from Big Spring High school will participate May 8 in final competition for Opportunity Award scholarships at A & M college. They will compete against 215 other boys, representing 141 high schools over Texas.

The contest consists of a short series of exams, similar to those given entries into the school, and will conclude with personal interviews by the Faculty Committee on Scholarships.

The Opportunity Award scholarship affords the winners a grant of \$300 a year for a period of four years, provided such students continue to meet the school's attendance requirements.

To be eligible for selection to the group of candidates a boy must rank in the top 10 per cent of his class, be a candidate for graduation from an accredited Texas high

school, be of good moral character, possess leadership abilities, have the desire to attend college. The scholarship is not available to Negro students.

Attending from Big Spring high school are Holland Bird, Roy Lee Pool, Donnie Reaves, Gilbert Savtelle, and Thomas Vinson. While in College Station they will view exhibits and demonstrations from all A & M departments, athletic events and a military review in connection with annual Agriculture and Engineers Day May 8-9.

The word graphic comes from the Greek word meaning "to write."

Dr. J. M. McKinney Joins Hogan-Malone

Dr. J. M. McKinney has become associated with Malone & Hogan Clinic Hospital as a member of the staff, limiting practice to treatment of infant and children, it was announced Saturday.

A native of Dallas, Dr. McKinney did his pre-medical work in Southern Methodist University and took his medical degree at the University of Texas medical college in Galveston.

He did his internship in Gallinger hospital in Washington, D. C. and his residency in pediatrics in the Children's Medical Center in Dallas.

New State Movie Features Adventure, Dramatic Triangle

Swashbuckling adventure against a background of a passionate triangle form the plot for the new Lana Turner film which comes today to the State screen, "Green Dolphin Street."

It is easy to see how this Elizabeth Goudge novel of romance in St. Pierre, colorful Channel Island New Zealand, was selected as the winner of MGM's first annual contest for the outstanding novel of the year, for it contains spectacular entertainment, including realistic scenes of an earthquake, the floundering and sinking of a magnificent clipper ship, and a blood-curdling uprising of the dangerous New Zealand Maoris.

To Miss Turner falls the pivotal characterization of Marianne Pauline, reckless, spirited, blue-blooded daughter of a rich shipowner, who falls in love at first sight with the slovenly, handsome William Ozanne and stops at nothing to win him, even to breaking her sister's heart. Determined to make a gentleman of Ozanne, she uses all her wiles and resources to get him into the Royal Navy. Then, when through a misadventure in China he misses his ship and finds himself a fugitive in New Zealand, Marianne contrives to join him, despite the fact that it is her sister, the shy and lovely Marguerite, whom he really loves.

It takes the combined forces of an earthquake, a native uprising and the interference of a mysterious adventurer, named Timothy Haslam, to bring the conflicting natures of Marianne and Ozanne together permanently.

Miss Turner's shrewd, incisive portrayal of the heroine who is determined to have her own way is the first thing of its kind since the memorable Scarlett O'Hara of "Gone With the Wind," and is the finest thing she has done since her meteoric Hollywood climb.

Although the star, turned brunette for this role and dressed to the teeth in a wondrous assortment of period costumes, dominates every scene, she is given stiff acting competition in the work of Broadway actor, Richard Hart,

Terrace To Show 'The Sea Of Grass'

"The Sea of Grass," an adventure story of the land rush into the territory of New Mexico will be shown at the Terrace Drive-in theatre Thursday.

The cast includes a long list of top talent: Spencer Tracy, Katherine Hepburn, Robert Walker and Melvyn Douglas. M-G-M produced the film as an adaptation of Conrad Richter's story.

'Canyon Passage' Is Terrace Attraction

"Canyon Passage," a Technicolor western produced by Walter Wanger opens today at the Terrace Drive-in theatre.

Adapted from the Saturday Evening Post story by Ernest Haycox, "Canyon Passage" co-stars Dana Andrews, Brian Donlevy and Susan Hayward. Andrews appears in the role of Logan Stewart. Donlevy is seen as his best friend, the evasive but charming George Camrose. Mis Hayward has the leading feminine role of Lucy Overmire.

Prominent in the supporting cast are Patricia Roc, Hoagy (Stardust) Carmichael, Ward Bond and Andy Devine. Carmichael wins applause with four of his new songs, "Ole Buttermilk Sky," "Rogue River Valley," "I'm Gettin' Married in the Mornin'" and "Silver Saddle."

In the story, Dana Andrews, as Logan Stewart, avoids drifting into romantic interludes with Susan Hayward, as long as she is the fiancée of his best friend, the suave and polished —isit, George Camrose, played by Donlevy. The locale is Oregon in the year 1854.

Camrose's penchant for gambling leads to complications climaxed by the death of a miner. Camrose is apprehended by the people of Jacksonville, who want him executed. Logan, although doubtful of Camrose's innocence, defends him and insists on a fair trial.

Meanwhile Ward Bond, as Honey Bragg incurs the enmity of the Indians in an abortive attempt to revenge himself with Logan, who had previously beaten him up and driven him from the settlement. Bragg's brutality stirs the hostile Rogue Indians to open warfare and in the ensuing massacre Jacksonville is burned, the settlers killed and Logan Stewart loses all he has. But in the height of the battle, Camrose is struck down and Lucy is free to marry the man she loves.

Other notables in the cast include Stanley Ridges, Lloyd Bridges, Fay Holden, Victor Cutler and the Devine Kids, Tad and Denny. Ernest Pascal wrote the screenplay. Jacques Tourneur was the director and the magnificent photography is credited to Edward Cronjager. "Canyon Passage" marks the first recording on Technicolor film of the scenic wonders of the Cascade Mountains and the magnificent vistas of Southern Oregon. Much of the picture was made in this picturesque region. Alexander Golitzen was the associate producer.

**Earl Wilson Home
 Is Scene Of Tea**

The home of Mrs. Earl Wilson
 was the scene of a bridal shower
 and tea for Maudie Wilson, bride-
 elect of James W. McClendon,
 Thursday evening.

Hostesses were Mozelle Rhea,
 Mrs. Leslie Newton, Mrs. Lorene
 Wilson, Mrs. Douglas Whetsel, Mrs.
 George McGregor, Mrs. Dorothy
 Earhart and Nidra Williams.

Guests were greeted by Mrs. Roy
 Wilson, Maudie Wilson, Mrs. W.
 O. McClendon and Mrs. Earl Wil-
 son.

The refreshment table was cov-
 ered with white lace and support-
 ed a pair of candelabra with pink
 and white tapers. Arrangements of
 sweetpeas, candy-tuft and fern
 were throughout the rooms. Mrs.
 Leslie Newton, Mozelle Ray and
 Mrs. Dorothy Earhart presided at
 the table.

Nidra Williams registered
 guests.

Mrs. Douglas Whetsel and Mrs.
 Lorene Wilson displayed the gifts.
 Approximately 60 guests called
 during the evening.

Neil Brown is visiting in the
 home of her brother, John Wayne
 Brown, and family in Long Beach,
 Calif.

LET US - - -
DO YOU A FAVOR!

A short explanation on how the Servel Gas Refrigera-
 tor operates

You have probably heard about the remarkable GAS
 refrigerator that has no moving parts in its freezing
 system, this assures you of a longer life refrigerator.
 Different from all others — what seems to be an al-
 most magical transformation is really an ingenious ap-
 plication of some simple laws of nature. Stays Silent
 — Lasts Longer; because it freezes with No Moving
 Parts.

It is a known fact that this Gas Refrigerator has the
 lowest operating cost of all refrigerators on the mar-
 ket. New or after fifteen years of use.

We have several refrigerators in stock — Butane and
 Natural Gas. For further information call or come in
 and see them.

AIR CONTIONING TIME

Our engineers will be glad to call on you and help fig-
 ure out your requirements.

WE HAVE:

Chrysler Airtemp Refrigeration Conditioning. Also
 several kinds of Washed Air Conditioning. We feel
 we can supply your need.
