Joining in a United Nations Week to receive donations for relief to the allied countries of combat zone, the Rogue Theatre last week received \$37.63 in contributions from the patrons...

Trailers were run between the main feature and the comedy, in which a plea was made by movie celebrities in behalf of the movement, and at the conclusion, a plate was passed through the audience for contributions.

The money has been sent to E. I. Payne, at Dallas, chairman of the War Activities Committee, for proper distribution.

Credit for dependents may not be divided between two persons filing separate returns, but must be taken by the one contributing the chief support.

The credit for dependent, allowable to a taxpayer filing on Form 1040, is \$350, and is proportionate with the number of months of dependency.

A credit of \$385 for each dependent on July 1 of the year is allowable to a taxpayer using Simplified Form 1040A.

Warning Issued On Draft Cards

AUSTIN, Jan. 24—Although he said there were relatively few delinquents in Texas, State Selective Service Director Page reminded Saturday that men between 18 and 38 who have been subject to registration for six months must obtain registration cards before February 1.

On and after this date, any man in this age group who does not have his classification card (Form 37) as well as his certificate of registration (Form 2) is liable to fine or imprisonment, or both.

The order, from the Selective Service Bureau of the War Manpower Commission, has met prompt response in Texas, Page said, but some men have failed to get in touch with their local board because of carelessness or negligence.

PUBLIC WARNED TO GUARD AGAINST INFLUENZA GERMS

AUSTIN, Texas, January 28.—With the incident of influenza in Texas reaching new highs as winter advances, Dr. George W. Cox, State Health Officer, today issued a warning to the public to guard against exposure to this disease.

"Influenza patients should be isolated as nearly as possible to avoid spreading the disease," Dr. Cox said. "The germ is believed to spread from person to person through discharges from the nose and throat."

To protect yourself and others from this disease, here are some things to be remembered:

Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who

When I was a little fellow, my father and I were in El Paso, away back in 1908. He died the next year. It was not until a long time afterward that I revisited the Pass of the North; in fact, there were three visits in fairly close succession but each was only for a day.

One landmark was a Chinese cafe. I was told it has been in that location for 40 years. I had a cup of coffee for auld lang syne.

There are unusual signs in El Paso—Pronto Plumbers and "Correct Time" Martin. By the way, the time is an hour slower there than in the rest of Texas.

A highway cafe says it is not a certain number of miles from the center of town but "seven pints of gas" out. And a movie house advertises, "No screen ads."

The city is modern and bustling but with touches of the quaint and colorful curio shops with silver work, and shawls and the woven by Indians; other shops with turquoise, topaz and semi-precious stones—El Paso is the center of a mineral empire, a fact that makes it the logical location for the beautiful Texas College of Mines.

In the plaza is a pool with alligators. It seems to me that I can remember reptiles being there in 1908—perhaps the very same ones, for they live a long time.

And looking down upon the busy city is lordly Mount Franklin.

The Cortez, they told me, is the hotel of tourists; the Hilton, of business travelers—but the Paso del Norte is the rendezvous of the cattle kings. You see more leather

are sneezing, coughing, or sniffing or who are actively ill with colds, influenza, or pneumonia. Keep away from crowded places. Have your own towel and always wash your hands before eating, and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, by eating simple nourishing food, by some exercise out of doors every day, by dressing according to the weather by having plenty of sleep in a well ventilated room, and by keeping the bowels regulated.

Don't neglect your "cold." If you have the slightest suspicion of fever, go home, go to bed immediately and call your physician. Stay in bed until he tells you that you can get up, and follow his advice implicitly.

Day Named For Social Hygiene

AUSTIN—The Seventh National Social Hygiene Day will be observed in Texas on Wednesday, February 3, 1943, Dr. Geo. W. Cox, State Health Officer and Chairman of Health and Emergency Medical Service, announced in Austin today.

"With the mass movement of men into Army camps, with war industries doubling and redoubling their production, 'boom town' conditions frequently prevail," Dr. Cox said. "Broken family ties, crowded housing, unprecedented demands on medical facilities, lack of knowledge, and prostitution, favor the spread of venereal diseases which in turn cost millions of dollars in medical care, lost time, inefficiency, labor replacement and accidents.

"Physical fitness not only of our soldiers, marines, and sailors but

jackets, white hats and cowboy boots there than you do in Cowtown's Hotel Texas lobby. In fact, you're conspicuous if you aren't dressed that way.

These monarchs of the range are not all from Texas, by any means; many are from New Mexico and Arizona; no doubt, some have holdings in Old Mexico.

Streets run at angles and sometimes a building is shaped like a wedge of it. At an intersection of streets that slant in from all directions, right out in the middle of traffic is the stump of a cottonwood tree. There is a bronze tablet that proclaims the first "news-paper" in El Paso was on that spot—a cottonwood where notices were posted. One such notice, in 1860, denounced three citizens as "wifful and malicious scoundrels" for calling the signer of the notice an Abolitionist.

also of our civilian population, will determine the effectiveness of our war effort," Dr. Cox stated. We must realize that the nation's defense depends on a healthy civilian population, able to produce needed materials.

Social Hygiene Day, nationally sponsored by the American Social Hygiene Association will be observed throughout the country on February 3, 1943. Army and navy officers, industry, management, labor unions, health and welfare agencies participate in this nationwide campaign and collaborate on legal, medical, educational and protective measures to fight venereal disease among industrial workers.

"Physical fitness is the foundation of a sound national defense—the prerequisite for victory," asserted Dr. Cox. "More and more Americans are coming to realize that among the first enemies to be conquered in its present mighty effort are the venereal diseases. There can be no strong nation where bodies are unfit; most assuredly there can be no military victory where disease acts as an insidious 'fifth column' within the ranks."

REVISED—Under a new revised program, all holders of basic gasoline ration A coupons will have until the end of March for their first tire inspection, and subsequent inspections will be once in each six months, instead of the former requirement of once every four months.

Motorists with B or C supplementary books or bulk coupons for fleets will be required to get their first inspections by the end of February. After that, inspections for B bookholders will be once in every four months, and for C bookholders and bulk coupon holders once every three months. Formerly the schedule called for examinations with B and C rations once in two months.

What You Buy With WAR BONDS

The ordinary machine gun is too cumbersome for our Marines, especially for parachute troops. So the Marines have adopted new models of the Reising sub-machine gun, a .45-caliber weapon.

The new gun used by the paratroops is a compact model with a pistol grip and a steel-frame stock which folds out of the way when not in use. You can help buy these for our Boys in the Solomons and elsewhere with your purchase of War Bonds. Join the Payroll Savings Plan and let's "Top that ten percent." U. S. Treasury Department

I received the paper last night, and sure was glad to get it. I always look forward to receiving the paper so that I can see what has happened to the rest of the fellows in the service.

I showed the paper to one of the officers and he sure got a kick out of the article where Tex Reilly made a talk to the Lions Club.

This camp will no longer be a Naval Construction Training Center, but an Advanced Base Depot. The men will be trained at some other base and sent here for advanced training.

"Of the 40 some odd men in my class, all but one are married and have one or more children that they left at home.

"At the present we are having to study such things as seamanship, navy regulations, navy uniforms, ensignia, customs and traditions; aircraft indoctrination, which means learning to recognize aircraft, their construction, parts, etc., and the art of taking and sending messages by radio blinker, telegraph and semaphore.

"I appreciate your sending me the Tribune. One becomes hungry for news from home very rapidly in this business; I started this letter Saturday. This is Monday noon that I am finishing it; that gives you an idea of how much time we have to write.

Kindest regards, Lt. (j.g.) John A. Hamilton"

More acknowledgements of the Lions Christmas Greetings sent to the boys in service have been received from Secretary J. R. Whitworth. One from Pfc. James Noble Dirickson, stationed at Camp Rucker, Alabama, says, "Randall, I wish you would thank the Lions Club as a whole for the Christmas card they sent. I really did appreciate it very much, and wish I had time to write each of them, but am rushed for time."

And from Cpl. Charlie L. Meador of the Army Air Base, Colorado Springs, Colorado, comes this word of appreciation: "Dear Mr. Whitworth: I know this is going to be a surprise to you, but at last I will try and tell you thanks for the Christmas card from the Lions Club. I think so much of it, I pinned it on the wall so when I walk in, I can get a good look at the street scene. Only one thing—it sure makes you homesick. I am sure lots of fellows who are in the service now, can see that Matador does have one civic group that works to make a good place a better place to live."

"I noticed you were planning your Father-Son banquet, and I am going to miss this one a lot, as it will be the first I have ever missed. But power to you, and I hope this one is the best yet. Hope Mr. Henry does not have to cook this meal in a sandstorm—and tell him I will miss that good meal he always prepares."

Pvt. Joe I. Fisher of the South Plains Army Flying School, Lubbock, writes: Dear Mr. Meador:

I am taking these few minutes to thank you and tell the others who make it possible for me and the rest of the Motley County boys who are in the services of our country, to receive the Matador paper, and to say that I have not missed an issue.

I am not the only boy in this camp who reads the paper however. I can hardly find time to read my copy for some one else wanting to see it.

Sincerely, Joe Fisher.

LUBBOCK MEN HELD IN DEATH

Two Lubbock men, arrested Saturday afternoon at the Fort Worth livestock market by Highway Patrol Capt. E. M. Wells, were taken to Olney in the custody of King County officers Saturday night as suspects in the highway death early Saturday of Sam Love, 59, of Ardmore, Okla., near Guthrie on the Guthrie-Seymour Highway.

Love, moving from Ardmore to California with his wife and baby, was injured fatally at 4 a. m. when his truck, bearing the family's household effects, was sideswiped by a loaded cattle truck. He died two hours later in a Paducah hospital. His wife and child were uninjured.

Sheriff George Humphries of King County, acting on information furnished by Mrs. Love, phoned to the State Highway Patrol to watch for the cattle truck. He also informed the patrol that a truck's outside rear view mirror, evidently broke off the machine that failed to stop, was found at the scene of the accident.

Captain Wells spent the morning at the stockyards and finally located a truck from Lubbock, which had its rear view mirror broken off, apparently recently. He arrested the two occupants, and late Saturday afternoon they were taken by patrolmen to Olney.
