Two Officers Killed In Crash Of Training Plane

Capt. John E. Sayer, pilot and Maj. Gustavus W. Thomasson, Jr. light surgeon, of the Childress Army Air Field, were killed instantly Thursday afternoon when a basic trainer plane in which they were riding on a routine flight crashed on the Cap Rock west of Matador.

Capt. Sayer was a squadron commander of bombardier cadets on maneuvers at the time of the accident and Major Thomasson was on duty as medical officer at the camp. They had been on a routine flight and were circling the field to make their approach for landing when the plane crashed. A board of officers was appointed to investigate the cause of the accident.

Capt. Sayer and his wife and child resided at Childress. Major Thomasson and family resided at Quanah. Major Thomasson had been on active duty with the medical corps since April 8, 1942. Before entering the service he was a prominent physician of Dallas. He had received his medical degree at Tulane.

Native Of New York
Capt. Sayer was a native of Richmond, N. Y., and received his B.S. degree from LaCrosse State Teachers College. He was a physical training instructor before entering the service as an aviation cadet. He received his wings at Brooks field in January 1942. Notice from the adjutant general's office was received at the army post Thursday that he had been promoted from 1st lieutenant to captain on September 20.

It was the second accident in a week involving CAAF planes and personnel, after the school had established an outstanding safety record of more than 7,000,000 miles of flying without a fatality. A training plane from the field crashed near Chickasha, Okla., on September 20, killing four.

SPECIAL SERVICES TO BE HELD AT ROARING SPRINGS

The First Baptist Church, Roaring Springs, will hold a special service Sunday, October 3, observing Promotion Day, with installation of new officers and teachers for the ensuing year, the pastor, Rev. S. W. Badgett, announces.

The pastor will preach at the regular 11:00 o'clock morning hour and the evening worship which begins at 9:00 o'clock.

"Let every one be present and make this service the beginning of a great program for the coming months," Rev. Badgett urges his congregation. "Our boys are meeting a great challenge. May we meet the call of God to service which leads men to eternal peace. We will be looking for you Sunday."

County's Antelope Population Shows Marked Increase

Motley county future may become further secured as a sportsman's paradise with the replenishing of its once abundant wild game. C. L. Boynton of Quanah, deputy game warden with the State Game, Fish and Oyster Commission, declared yesterday that the antelope population of the county had increased by seven during the past season. A herd of 26 antelope was placed on the H. H. Campbell ranch west of Matador early this spring.

Mr. Boynton, here on a tour of inspection of his district, said that commissions for the free service game wardens of the county were due to arrive within a short time.

BACK FROM NEW MEXICO
Mr. and Mrs. Tutt Garnett returned from McAlister, N. M., Monday where they visited Mr. Garnett's father, D. F. Garnett, and other relatives. They were away about ten days looking after business interests there and enroute.

Mrs. W. D. Long is spending a few days at Flomot this week in the B. C. George home.

EXTENDED DROUTH REPORTED BROKEN AT NORTHFIELD

The long summer drouth is broken at Northfield and adjoining territory according to reports arriving in Matador yesterday. Rainfall estimated from one to three inches fell in the community Tuesday night and early yesterday. Heavy rain was received on the Bake Simpson and Walter Bain farms.

During the past week heavy clouds, mist and scattered showers have kept pickers out of the fields in most areas with but slight rain benefit reported. Most farmers express wishes that the weather either relieve the long drouth or clear up and allow cotton pickers to get back into the fields.

ENSIGN EUBANK IS CITED FOR MEDAL

Ensign Paul Eubank of the U. S. N. R. has been recommended to receive the Air Medal for participation in aerial combat during the summer. It was disclosed here this week when a copy of the Citation was received by friends. Addressed to the Commander of the South Pacific Force and South Pacific Area, and Commanding Officer of Strike Command, Henderson Field; The Commander Aircraft, Solomon Islands and the Commander Aircraft, South Pacific Force, the recommendation for the award was made for participation by Ensign Eubank in aerial combat (torpedo bombers) from Henderson Field from June 5, to July 25, 1943.

During this time he participated in 18 combat missions against enemy ships and bases, in which opposition was encountered, the central Solomon area including one daylight and two night attacks on shipping in the Kahlili area.

Excerpts from the Citation, follows: "For meritorious achievement in aerial flight against the enemy, while serving with Torpedo Squadron Twenty-one, as a pilot of a torpedo bomber... Ensign Eubank pressed home his attack in the face of heavy anti-aircraft fire and enemy fighter opposition with complete disregard for his own personal safety, contributing materially to the success of our forces. His courageous conduct was in keeping with the highest traditions of the United States Naval Service.

R. L. Savage, Jr., Lieut. Commander, U. S. N.

ROARING SPRINGS CHURCH OF CHRIST HAS GOOD REPORT

Mr. W. S. Willis, minister of the Church of Christ, Roaring Springs reports the best attendance and offering at all services last Sunday, since his return from summer evangelistic work.

The building is almost completed both inside and out, making it one of the most attractive and modern church buildings in this part of the country.

Sermon subjects as announced by Mr. Willis, for Sunday's services are: "Is this the end of the World," which he will discuss at the morning hour, and "How Much are your sons and daughters Worth," for the evening worship.

Bible classes meet at 10 a. m. preceding the regular church worship at 11:00 o'clock. "Come, let us reason together," is the invitation of the church.

RETURN TO COLORADO
Mrs. Grady Acker and small daughter Carol Kay left Thursday afternoon to return to Colorado, to join their husband and father, Pvt. Grady Acker, stationed at Fort Collins. His sister, Mrs. Garnett Trammell of Ralls, accompanied them on the trip.

Miss Billie Archer visited relatives in Crowell this week-end.

War Bond Sales Overflow Quota

Home-Paper Ranks First In Reading Of Men In Uniform

Billy R. Bishop, Naval Air Station, San Diego, California, son of Mr. and Mrs. L. R. Bishop of Matador says "...the home-town paper is the most popular literature of the boys in the armed service." His letter to the Tribune, dated September 23, 1943, is as follows: "Dear Editor: I thought I'd drop a few lines, for it has been a long time since I wrote to my friends and the good people of Motley county, who so earnestly are putting their hearts and money into the welfare of the servicemen of the U. S. A.

"Yes, I know it seems only a little when a person donates a subscription to a serviceman, but so far in the war, the home-town paper seems to be, and is the most popular literature to the boys in the armed services.

"So now while I have the opportunity to do so, I want to thank every one in our community and the fine people of Motley county for the privilege and pleasure of receiving the most out of life—yours and my favorite paper... thanks a million to everyone."

The Tribune is grateful for the following unsolicited contributions to the boys-in-service-paper-fund received since last publication, H. F. Pipkin \$1, Kathryn Martin (Flomot) \$1, L. W. Harmon (Roaring Springs) \$1, Mrs. Turner Hunter \$1, Will Campbell \$1, and Dorothy Wason \$2.

Fish Ranch Home Burns

Fire originating from the explosion of a kerosene water heater destroyed the old ranch home built by the late L. F. Fish, 20 miles northwest of Matador late Friday afternoon.

The seven-room, modernized building, all furniture and clothing of Mr. and Mrs. I. W. (Coley) Fish and family, and the belongings of L. F. Passaligue, Mrs. Fish's father, was lost in the blaze. No insurance was held on either the home or contents.

The Fish ranch home was located in one of the most picturesque spots in Motley county, directly under the rim of the Cap Rock about four miles south of Quitaque peaks. Lumber in part of the ranch home had been moved three times, originally being freighted from Amarillo to a location nine miles northeast of Floydada, where Mr. and Mrs. Fish lived directly after their marriage in 1891.

Moved Below Cap Rock
Mr. Fish later razed the three rooms and moved them to a newly selected homesite just below the Cap Rock. Later he moved the house two miles east and built an addition of four rooms accommodated by two spacious halls. Mr. I. W. Fish moved to the home after his father's death and modernized it through hot and cold running water, steel kitchen appointments and other improvements. Mrs. Fish, who had returned from the hospital only two days previously, was at the house alone when the fire was discovered.

Old Mulberry Tree Moved
A large mulberry tree in the yard of the home was blown down by cyclonic winds early in the spring, after having been moved by the senior Mr. Fish from the location northeast of Floydada, to the first location below the cap rock and later moved with the three rooms to the present place. Included in the loss were many irreplaceable relics, pictures, silverware and souvenirs of pioneers days.

IN HOSPITAL
Mrs. Bob Johnson went to Lubbock Monday to enter the Lubbock General Hospital for major surgery which was performed Wednesday. Mr. Johnson was at her bedside.

NEW EMPLOYEE
Mrs. Boyd Perkins has accepted a position with the Matador Hardware and Furniture Co., and began duties there this week.

Sgt. LeRoy Nelson Receives Air Award

Staff Sgt. LeRoy Nelson, 22, son of Mr. and Mrs. L. A. Nelson of Matador, has been awarded the air medal and Distinguished Flying Cross, with other members of the crew of the Flying Fortress, "Briny Marlin," who brought the ship to safety to a base in England with 600 bullet holes for souvenirs of a daring air raid over France.

Local residents, listening to news casts Friday night and Saturday morning, heard Sgt. Nelson's name read over the air as a report of the attack was given. The Associated Press story of the raid, which appeared in daily papers over the nation, is as follows:

"At a U. S. Bomber Base in England, Saturday, Sept. 25.—The Flying Fortress "Briny Marlin" has returned to this base despite 600 bullet holes in its fuselage, wings, and tail and 15 direct hits by cannon shells—largely because Gunner Sgt. Donald D. Partridge, 25, of Peoria, Ill., kept blasting away at attacking Nazi fighters long after his right leg was shot off.

"Partridge didn't lose consciousness when machine gun bullets from one of the swarms of Messerschmitts attacking the Flying Fortress on the recent raid over La Pallice, France, hit him. He pulled up, steadied himself on the other leg and fired away until another shell knocked him out.

"The Fortress crew knocked down four of the enemy fighters which swarmed in for the kill after the "Briny Marlin" caught a burst of flak in the gas tank and Pilot Donald R. Andrews, 22, Flenn Elynn, Ill., cut out one motor.

"Low on gas, with one engine out, and another leaking gasoline, with fire damaging the inside of the plane and bullet holes throughout, the Fortress headed for England. Andrews topped off the day by putting the plane down on a runway built for fighters.

"Other members of the crew included S.-Sgt. LeRoy Nelson, 22, Matador, Texas."

Account Sent From Tenn.
Mrs. A. R. Black of 1134 Agnes Place, Memphis, Tenn., the former (See SGT. NELSON back page)

Furlough Extended For Sgt. Fulfer

Sgt. G. W. Fulfer and Mrs. Fulfer, arrived in Matador, Friday, for a week-end visit with his parents, Mr. and Mrs. W. M. Fulfer and other relatives, he having received an extension to his furlough, upon recent arrival at Salt Lake City, Utah.

Returning to Texas, Sgt. and Mrs. Fulfer visited his aunt, Mrs. B. F. Moring, in Plainview before coming to Matador. They left Tuesday to return to Salt Lake City, where he will report for duty to his new assignment.

SUCCESSFUL DRIVE TO END SATURDAY

Motley county continues to over-subscribe its \$253,800 September 3rd War Loan quota which was attained last week, according to Elmer Stearns, county chairman. Mr. Stearns said yesterday that he had reported a total of \$256,332.75 in sales, with others still to go to the county's credit. The nationwide drive will end Saturday night.

A Texas Network radio program Tuesday evening declared the state at that time was in the neighborhood of \$80,000,000 short of its quota. The Paducah Post last week declared Cottle county had sold less than \$90,000 of its quota in the neighborhood of half a million dollars. (King and Cottle counties are included under the same drive.)

Patriotic Spirit Shown
It is doubtful if any county in the state of Texas can give a better account of its sincere patriotic spirit than that which the people of Motley county have demonstrated. It has contributed an estimated 10% of its finest manhood to the armed forces, now scattered over the entire world. Later it met every wartime demand for contributions, cooperation and production of crops, beef and pork. Rallying under the force of severe drouth and paralyzed beef markets, the people of Motley county have purchased bonds with the full strength of their money and resources to oversubscribe the 3rd War Loan quota.

Support of the 3rd War Loan drive has been complete except in a few isolated instances. No pressure methods have been used on the few who refuse to lend their support to the drive, but public opinion, powerful ally of democratic people, is eating away their false security. As more reports are received of struggles, pain, privation and death on the battlefronts, the attitude of the average citizen is directed to able residents who refuse to take the war seriously.

Mr. Stearns said that a rough estimate of the regular October bond quota, based on previous months, would be in the neighborhood of \$15,000, altho the amount may be larger. It is expected about October 10th.

Expressing again his praise for (See WAR BOND back page)

Adequate Pickers Arriving

Intensive efforts of county agent J. R. Emmons and enterprising cotton growers is showing results in elevating the threat of a cotton-picker shortage in the county. With the weather permitting, it is believed that adequate pickers are already in the county to gather the present crop within a few weeks, provided, of course, that those stationed here continue to remain. Various estimates as high as 800 hands now ready to work, have been made, with more arriving hourly.

Price of \$1.25 per hundred for pulling and \$1.50 for pulling and delivery to gin, as agreed by farmers in a recent meeting, continues to prevail in most sections of the county.

Mr. Emmons, who is also a member of the Motley County War Price and Rationing Board was here yesterday that gas was available for any farmer who wanted to go after pickers who could not obtain gas to come here to work.

the Armed Service

Navy Pre-Flight School
Chapel Hill, N. C.
Box 326
September 21, 1943

James Lee Day, son of Mrs. Lemmie Day, Wetumka, Okla., former Matador resident, is now in the U. S. Navy and in training at San Diego, Calif., according to information received this week.

Pfc. Norris Cloyd of Amarillo, spent Saturday night and Sunday with his parents, Mr. and Mrs. Dennis Cloyd and family of Flomot.

Pvt. Howard Standefer returned to Kansas to training camp, left Thursday, after a three-day visit with his wife and baby and other relatives at Flomot.

Pfc. Robert I. Thomas Jr. spent the week-end at Flomot with relatives, while on furlough from the Amarillo Air Field.

Sgt. Joyce Funderburk, who has just returned from England, left Tuesday for Missouri, after a furlough visit with his parents, Mr. and Mrs. W. A. Funderburk and his sister, Mrs. Hershel Curtis, of Flomot.

Pvt. Rayworth Hoover, who has been in training at Camp Livingston, La., now writes from overseas, giving his new address and adding his thanks to those of the other boys in the service receiving the Tribune. He says: "Just a line to thank you and the many good people of Motley county who make it possible for me to receive such a fine little paper. I find it has lots of news in it that concerns me more than other news. I want to thank you again, and wish you would send my paper to my new address."

S-Sgt. Donald A. Groves, who has been stationed at Washington, D. C., has been dismissed from Walter Reed Gen. Hospital where he received treatment for injuries sustained in an auto accident this summer, and now has an A.P.O. address in care of the New York postmaster.

M-Sgt. Ben Houston Clements, who recently returned to Goodfellow Field, San Angelo, from Baltimore, Md., where he was in a Tech. Training school, is now stationed at Dodge City A.A.F., Dodge City, Kansas, with the 61st T.E.F.T. Sq.

Pvt. Dalton C. Hall, who has been stationed at Camp Wolters, Texas, is now located at Fort Ord, California, and writes: "I am very anxious to get your paper again. My new address is: Co. A, 1st Bn. 1st Inf. Tng. Reg. A.G.F. Repl. Depot No. 2."

Pfc. Mat Wiley Fuller of the U. S. Marine Corps has been sent from Jacksonville, Fla., to San Diego, California, where he is located at the following address: A.R.S.-1, Sec. 16, Per. Grp. M.F. A.W.C., MCAB, Miramar.

Pvt. Otis I. Hawkins, who has been stationed at Ft. Warren, Wyoming, is now at Camp Ellis, Illinois, with the 582nd Q.M. Sal. Repair Bn.

Cpl. George W. Ratcliff Jr., has been sent from Camp Hulen, Texas, to the Marysville Army Air Field, Marysville, California, and is with Hdq. Btry. 24th Group, A. A. A.

and drill, and the other to academic subjects. From 3:30 to 5:30 is devoted to squadron sport competition. The regiment of approximately 1,800 cadets is divided into twelve squadrons. This squadron competition adds a little spice to their day and instills in the cadets the will to win and is much tougher than mere instruction with not so much contact. The day starts with reveille at 5:30 and ends with taps at 9:30 at night. When these young men finish a three months course here they are really in good physical condition.

I am enjoying my work here, learning a great deal myself and meeting and working with officers from all over the country. I have been in the military department since reporting here, but am being transferred to the athletic department this week and will coach wrestling. I know I will enjoy that too.

Mrs. Tilson and our two children are here with me and that is a real help. They seem to enjoy Navy life too. Just how long we will be here, no one knows. We almost live from day to day, as officers are detached all along. Some to other base within the United States, some to foreign bases and others to sea duty.

I didn't intend to ramble on and bore you with such a long letter, please pardon me for it.

Please give my regards to all my friends and I hope I can get back to see all of you some time soon.

Thanking you again, I am,
Most sincerely,
Earl Tilson
(Lt. J.E. C. E. Tilson, U.S.N.R.)

A V-Mail letter arrived this week from Cpl. Levi Wilkinson, dated September 16, and written from his base in North Africa, as follows:

Hello Everyone:
A nice day I must say. Maybe I ought to write to some very nice people, the people of Motley county.

As I view the sunset on the blue Mediterranean, beauty untold; I see the natives swimming in the danger zone. Never fearing the treacherous water although it always manages to get from one to three human lives a week.

The native—a great fellow he is. A self-appointed guide..... carry your baggage for you; and you are supposed to be nice to these people; it is his home, you are a visitor.

He is your step-child... you are supposed to have an unlimited supply of cigarettes and chocolates even if you haven't seen any in months. If you haven't, your friendship is unwanted; or maybe he has souvenirs for sale at a breath-taking price of twenty-five humble francs for a leather pocketbook. (50 F-\$1.00)

Yours,
Levi.

Tuesday Night
Sept. 21, 1943

Dear Ben:
A few words of thanks to you and all the contributors, for the Tribune. It's a swell little paper and stands next to a long letter from home.

I'm stationed in Texas, at last, and though we have now all the inconveniences of a Field Under Construction, it's good to be back in Texas—"There's glory enough for any man to live and die a Texan" and I'm reminded of a remark I heard a few days before one of our moves, "If it ain't Texas, I say 'Nuts!'"

Wish I could have been in Matador to see Sgt. G. W. Fuller. The accounts in the Tribune of his good work in Africa and over Europe make me very proud to have been a schoolmate of such a great guy. Tilson is over there and I know he has had it rough. Fighter planes are hard on mechanics even here in the States, and I'm sure the front lines are not so rosy. Carl King is still overseas. I think Craven—the "Sicilian Surgeon," and others—"Horse," "Turkey" and "Rusty"—I'm sure all the guys here in the states join me in hoping to God, and Generals, that you don't miss too many boats and we can relieve you soon.

S. Sgt. Dow R. Thompson, 23rd Fighter Sqdn., Army Air Base, Galveston, Texas.

Pvt. S. A. Swim, son of Mr. and Mrs. J. T. Swim of Roaring Springs, has completed his course of studies as an aviation mechanic in the Amarillo Army Air Field's technical training command. His graduation from this technical school now fits him for airplane maintenance and he will be sent to some air base where he will assist in keeping America's flying fortresses in the air for Allied victory.

T-5 John S. Briscoe of Battery B-32, Camp Wallace, Texas, has been promoted to the grade of Corporal, according to a news release received this week. Cpl. Briscoe, son of Mrs. Doug Meador has been in the army 5 months. His wife, Mrs. Christine Briscoe, resides at Galveston, Texas, near Camp Wallace.

Pfc. Norman R. Martin, is now stationed at Ocala, Florida, with the 660th Signal A.W. Co., and his brother, Pvt. Quinn K. Martin has been transferred from Camp Roberts, to Fort Ord, California, with Co. A-4th Bn. 2nd. Regt. A.G.F. Repl. Depot No. 2. Their brother, Sgt. John C. Martin is with the 960 Guard Sqd. A.A.B. Casper, Wyoming. They are sons of Mr. and Mrs. C. A. Martin of Flomot.

Pvt. Grady Acker is now located at Fort Collins, Colorado, where he is receiving Administrative Clerical training at the state college. His address is: A. S. N. 38345509; Hq. T.D., A.A.W.T.T.C. Ft. Collins.

Dear Ben:
I wish to take this opportunity to thank you and all the folks who have made it possible for me and all the other boys in the service, to receive the home-town paper. I enjoy it a lot.

I have been transferred from San Diego, to Memphis, Tenn., and am in the Naval Air Technical Training School here. I like Tenn. but prefer to be back in the good old "Lone Star" state.

Am enclosing my new address, hoping to continue to receive the home-town news.

Sincerely,
Johnny
(John V. Allsup, S 2-c)
Bk. 17, Sec. 3 N.A.T.T.C.
Memphis, Tenn.

Pvt. A. J. Perkins of the Lubbock Army Flying School, spent the week-end at his home here with his parents, Mr. and Mrs. Gene Perkins.

Your friend,
Knox.

James P. Moss, S 2-c, left Tuesday morning to return to his base after spending a short visit with his parents, Mr. and Mrs. E. E. Moss of Roaring Springs, while on leave from active duty.

Knox Jameson, S 1-c of the naval air station, Norfolk, Va., gives a vivid description of the recent depth charge explosion which occurred there, in a letter received last week. "... there was a terrible, deafening explosion just less than two blocks from where I stay," he wrote. "Nearly a hundred were killed and hundreds injured. Glass showered all over us. I found myself reeling backwards and felt that I had been struck a mighty blow, and it was a dull and senseless feeling. We saw 7 or 8 people with heads blown off, several more with arms and legs gone. It was a scene of confusion and horror... this is the first time I have felt the direct effect of the instruments of war, and I tell you they are powerful. I got one small cut on my right arm. A fellow standing within a few feet of me had his head ripped open. They took several stitches in it and he is able to be up and going again."

"One of my buddies from Elgin, Texas, came up to see if I was all right. People were going around trying to find out about their friends after it was over and the shock had begun to wear off. I am afraid the hearing of several people will be affected. One can imagine the noise by the fact that it was heard more than 30 miles.

"By the mercy of God this thing wasn't as bad as it could have been. I thank God that I am still alive, but I can say now I know how it feels.

"I thank you again for the Matador paper. It is good to get news from home. I hope the Lions Club is doing well.

T-5 Joe Berry Meador is still located in North Africa, he advises in a V-Mail letter received during the past week, which was dated Sept. 12. He says, "Here it is another very beautiful Sunday, and boy, I bet it's just twice as pretty in Matador... Ben, it's been about 2 years and one month since I left Matador, and since I have been away I don't think I've seen anything on land or sea to match her beauty. The beauty of her scenery beats the British Isles, the mud holes look a lot better to me than the ocean or sea, and the mystery of the cattle kingdom ranks high above the deserts of North Africa. By-the-way, even her newspaper out-ranks the best!

Local Items

Mr. and Mrs. Joe Wason of Mosquero, N. M. were recent visitors here with his mother, Mrs. Mollie Wason and other relatives. Miss Dorothy Walker of Mangum, Oklahoma, is visiting here this week as the guest of Mrs. Dick Wright, in the home of her grandparents, Mr. and Mrs. J. S. Lambert.

Miss Alla Mae Fuller, who teaches school near Lubbock, spent the week-end with her parents, Mr. and Mrs. W. M. Fuller. Mrs. Cecil Pipkin and daughters spent Tuesday and Wednesday visiting relatives at Paducah.

J. M. Denison, Seaman 2-c, off a carrier, is visiting in Roaring Springs with relatives, having been in active duty for several months.

Pvt. Arthur Harmon of Roaring Springs, has been transferred to Sheppard Field, where he will be in Air Corps training.

Sgt. J. T. Dodson, who is on guard duty in Carlsbad, N. M., is visiting his mother, Mrs. Hazel Dodson of Roaring Springs, this week.

MISS LA FERNE EUBANK BECOMES BRIDE OF W. H. JERNAGIN AT SISTER'S HOME

Miss La Ferne Eubank, Lubbock became the bride of W. H. Jernagin, also of Lubbock, in a single ring ceremony performed here Sunday, September 26, at 1:00 o'clock p. m. in the home of her sister, Mrs. Freeman Thacker.

The bride was attired in a navy blue dress with matching accessories, and wore a gardenia corsage. Her attendant, Miss Elizabeth Swim of Roaring Springs, also wore a navy blue costume with matching accessories.

Others present were the bride's parents, Mr. and Mrs. B. M. Eubank of Lubbock, Mr. Thacker, Miss Madena Caldwell, Floydada and Mrs. Frank Pohl, Matador.

Following the ceremony, luncheon was served the bridal party, and the bride cut the three tiered wedding cake. Centerpiece for the table was a crystal bowl of white dahlias and fern, with pastel tapers encircling the arrangement.

Miss Jernagin was reared at Floydada, where she graduated from high school. She has visited here on a number of occasions, and made her home here for several months last year, when she was employed in the office of the war ration board.

They are making their home at 1010 19th street in Lubbock.

Motley County Insurance Co. advertisement featuring a fire illustration and text: 'FIRE PROTECT Your Home! Don't forget that fire strikes without warning! Be prepared. Practice safe methods—but be sure you are insured.'

GENERAL MEETING HELD TUESDAY BY METHODIST W.S.C.S.

General meeting of the Woman's Society of Christian Service was held at the Methodist church Tuesday evening, with Mrs. H. H. Schweitzer in charge of the worship program.

An interesting talk on Cuba was given by Mrs. Henry Ford, and Mrs. G. E. Hamilton read a paper about the schools and Kindergarten in Puerto Rico that are supported by the churches of the United States.

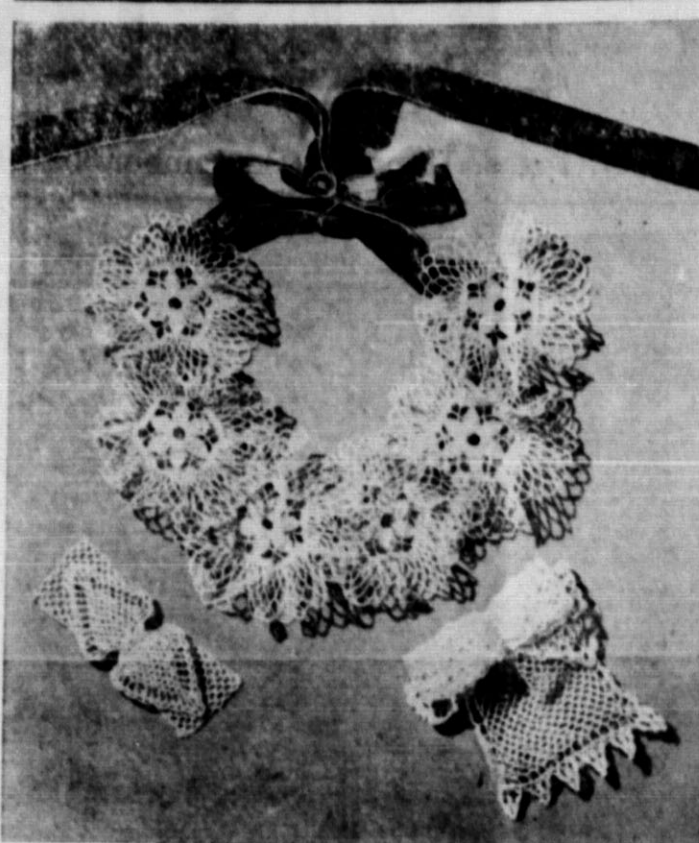

The Church and America's People is the title of the new study which the society will begin Monday afternoon at 4:00 o'clock at the church, with Mrs. Swim as Study Leader.

BAPTIST W. M. S. HAS INTERESTING PROGRAM ON BIBLE

Subject of the interesting program given Monday night at general meeting of the Baptist W. M. S. was "The Witness of the Word" embracing a discussion of the translation, distribution and demand for the Bible.

The meeting followed a delicious covered-dish supper, with the following ladies, in addition to those on the program, present: Mesdames Elbert Reeves, Earl Laughlin, Cecil Shelton, C. E. Mize, Edith Sanders, E. E. Campbell, Roy Reeves, L. E. Boshears, A. A. Tipton, L. Rattan, Freeman

A FLOWER NECKLACE LENDS FESTIVITY TO THE SIMPLEST DRESS

LITTLE wisps of geekwear, light as an air bubble, give a fresh-as-a-daisy look to a dark dress. You can crochet the set of floral motifs strung on ribbon, out of less than two small balls of mercerized crochet cotton.

Flomot News

SGT. NELSON . . .

(continued from page one)

Elizabeth Payne, daughter of local resident T. F. Payne, read an account of the air battle in the "Memphis Press-Scimitar," Memphis, Tenn., which she sent to the Tribune. This account varies slightly from the one quoted above, in that Sgt. Nelson receives more recognition for his part in the combat, and gave special mention to the navigator, who is a Memphis boy. Excerpts from this article are as follows:

"Lt. Maurice Miller, Memphis navigator on a Flying Fortress today was credited with collaborating with Staff Sgt. LeRoy Nelson of Matador, Texas, in shooting down three German fighter planes that attacked them while on a raid over Bordeaux, France.

"The crew of this Fortress was credited with shooting down four out of six enemy fighters that swarmed onto her after she had been crippled.

"In the waist of the plane, Staff Sgt. George D. Saires of Conococtis, Pa., and Donald Partridge of Peoria, Ill., were woth wounded by shells from the German planes. "One of Sgt. Partridge's legs was blown off but he stood on his one good leg and continued to fire a full minute before he collapsed. Then his partner, Saires, took over, firing both waist guns alternately, until the Germans were beaten off before he took time out to give first aid to his partner and himself. The Fortress reached its home base with 600 holes in it. "Lt. Miller is the son of Mr. and Mrs. Maurice Miller Sr. of 438 Stonewall."

COUNTRY PRESS IS BUILDING NATION OF "HOME FOLKS"

By John H. Casey

The men and women who edit our small community newspapers are the builders not only of their home communities but of a great nation of home folks. These newspaper men and women, are imparting to their people the truth about public affairs, instilling into the minds and hearts of folks who read their newspapers American ideals . . . warning in time against corruption in high places, lending a helping hand in all forward looking enterprises, and in a score of other ways weaving themselves into the hearts and lives of the great rural and small community population of this country.

America today is alive and teeming with good community newspapers that are rendering a valuable service to the government, the war effort, and to the communities in which they circulate; many of them in their respective towns are an influence for stability and sanity, without which those communities would go backward instead of forward; newspapers whose editors sincerely have at heart the welfare of their people and of the nation . . . true representatives and honorable members of the Fourth Estate.

IN APPRECIATION

It is our heartfelt desire that those who evidenced in many ways their sympathy and generosity at the loss of our home and personal effects by fire, should know of our profound gratitude. Mr. and Mrs. I. W. Fish and family.

"When the press is free and every man able to read, all is safe." —Jefferson.

WAR BOND . . .

(continued from page one)

the efforts exercised by the volunteer bond sellers, Mr. Stearns, said, "Credit for the success of the drive must rest with those who gave of their time and efforts to bring the urgency of buying War Bonds to every home and individual in the county. Their untiring efforts and the response with which the people of Motley county met them, could only result in this record which will long be a tribute to the patriotic spirit of this generation."

"Farmer Matching Sons In Warfronts," Says Marvin Jones

"The record of the American farmer on the home front will match that of his sons on the battlefront—and that is the greatest compliment I can pay," Marvin Jones, War Food Administrator said.

"The American farmer was on the offensive before the war started. He had produced more food in 1938 than in any previous year in our history. In 1939, he produced even more, and still more in 1940. At the time of Pearl Harbor in 1941, the 1940 record had been broken.

Jones pointed out that the American farmer was already in action at his battle station when Pearl Harbor was attacked. The Nation's warehouses were filled with the largest reserve supplies of food in our history.

When war was declared, the farmer did even better. In 1942 in the face of farm labor and machinery shortages, he beat the record of 1941 by a full ten percent. "And this year, the American farmer's answer to the increasing difficulties was to plant ten million more acres than last year, to milk more cows, to raise more pigs and to feed more cattle than ever before in his determination to 'Back the Attack,'" Administrator Jones said.

Near Record Reported

"The September crop report indicates near record yields on the largest acreage in ten years, and including meat production, the largest food production of any year in our history—breaking all previous records once more, for the sixth consecutive year.

"Nor is that all. Our program for next year calls for still greater food production. We expect to get that production on a voluntary basis. We will tell the farmer what is needed, help him get the labor and machinery needed, and give him prices that will see him through—then depend on him to do the rest. I know that he will do his part and 'Back the Attack!'"

Scarlet Fever Is Not Confined To Certain Age Limit

AUSTIN—Scarlet fever, now considerably above the normal incidence in Texas, is one of the more disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. Geo. W. Cox, State Health Officer.

"Scarlet fever is an acute infectious disease, the onset of which is sudden. First symptoms include sore throat, vomiting, fever, and headache. These are followed by the red rash which gives this disease its name," Dr. Cox stated.

"Scarlet fever is an acute infectious disease. Three to five days after exposure to the disease the first symptoms, fever, sore throat and headache, appears and a day or two later the rash appears. Complications may cause prolonged disability or death. Children suffering with scarlet fever may have sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system the joints, kidneys and heart may become involved, causing lifelong invalidism.

"A child with any kind of a sore throat should be seen by the family physician promptly. If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of complications," Dr. Cox asserted.

The child with scarlet fever or scarlatina, a common name for scarlet fever, really is a sick child Dr. Cox declared. In fact, he is likely to be far more ill than he appears to be. To be safe, the child under fifteen years of age should remain in bed during the acute stage of the disease.
