Dear Ben: March 12, 1944
Here is a word from two old Matador boys that have spent the day visiting here on the post. We have sure praised the good people of Matador today and have really had a good visit. Jimmie (Worsham) went to see Raldo James yesterday. He is looking fine. I haven't seen him but plan to go see him the first chance I get. We plan to go see Buster Mize the first chance we get. We got their addresses out of the paper. We sure do enjoy the paper and appreciate it and thanks to the good people who make it possible for us to get it.

We are here together now, but by tomorrow we might not be. Who knows? We sure don't. We both expect to be moved any day. Continue to send our papers to the present address and tell every one "hello".

Yours truly,
Andy Ward Rattan S. 2-c Co. 44-55 USNCS San Diego, 33, Calif.
Jimmie Boyd Worsham S. 2-c Camp Paul Jones Mess Hall San Diego, 33, Calif.

Dear Mr. Meador: 14 March, 1944
Well sir, I hope this finds you well and also the people of Matador. I am sorry I have not written you sooner and thanked you for the paper. I certainly do enjoy receiving it, and enjoy all of it very much.

I am now stationed in Little Creek, Va. This is an Amphibious Training Base.

There is not much to write, Doug. I will add however, that I have let several fellows read "Trail Dust" and they never fail to compliment it and remark at the wording.

Well, thanks a million for the paper.

Your friend,
Red Nichols.
W. B. Nichols, Ph. M 3-c A.T.B. Receiving Unit, Bks. 82 Little Creek, Va.

Pfc. Norman R. Martin writes to advise that his address has been changed as follows: 198th Cml. Depot Co. 2nd Regt. U.T.C. Camp Sibert, Alabama.

A card from **L. R. Smith**, Bkr. 2-c, who has been at Camp Peary, Va., advises that he is now at the U. S. Naval Rec. Station 495 Summer St. Boston, Mass. He writes: "A line to let you know my new address and to let you know I enjoy the Tribune more than words will express. It is like getting a letter from every one in Matador, so carry on."

A V-Mail letter from **Cpl. Richard VanDyke** advises that he has landed safely overseas and located "Somewhere in England". "I think I will like over here O.K. from what I have seen of it I have been pretty well satisfied", he writes. "You can send my paper to this address. I have already missed several copies of it. Another American Soldier, Red."

A news release from the Dodge City Army Airfield, Kansas, advises that **Sgt. Fred C. Bourland**, son of Mr. and Mrs. F. C. Bourland has been awarded the Good Conduct Medal, a red and white ribbon to be worn on the tunic as a symbol of service of a year or longer in the army with a character and efficiency rating of "excellent." He is a member of the 4th Two-Engine Flying Training Squadron.

Two officers, both former residents of Matador, had the pleasure of a meeting recently at Camp Swift, Texas, according to a letter received this week by J. R. Whitworth, from **Lt. Col. Floyd Bond**, in which he stated that he and **Lt. Erwin Rice**, of the Post Finance Office had renewed an acquaintance which began here. Lt. Col. Bond has been in active duty the past three years and expects an overseas assignment in the near future. He was manager of the West Texas Utilities Co., while here. Lt. Rice was formerly with the First National Bank here.

Somewhere in Italy

Hi Ben:
We thought we would drop you a few lines to let you know we enjoy reading about the good people in Motley county through your excellent paper.

We are still in Italy trying to do our part in order to return to our friends and country we love.

Keep up the good work at home. We will do our best to show our country a great victory soon.

Just two home town boys
Ring and Mutt
Pvt. Wade Berryman and
Pvt. Albert Chambliss.

T-5 Glenn L. Woodruff, who is stationed at Camp Chaffee, Ark., has been transferred to the Engineers Battalion, according to a letter of advice from him. "...not so long ago someone, when speaking of our paper said one must be at least a thousand miles from home to really enjoy it." He writes "Here is one guy who disagrees with him in that—I enjoy the paper whether I am reading it in the Tribune office or way out here in the wilds of Arkansas. Thank you, the people of Matador, for making this possible."

Sincerely,
T-5 Glenn L. Woodruff, 38344360 Hq. Co. 216th A. Engrs. Bn. Camp Chaffee, Ark.

Pfc. Doris K. Mullins of the Marine Corps Women Reserve, who has been stationed at New River, North Carolina is now located at Arlington, Va., and writes that she is "permanently" stationed there. She is in Co. F. Bks. 4, Squadron 3, Henderson Hall. She says, "I really get a kick out of living so near to so much that is important, and never fail to get a thrill out of seeing the Capitol dome against the sky—with the tall spire of the Washington Monument pointing heavenward nearby."

J. C. Green Sr. has returned to his home here from California where he has been employed the past several months.

OIL-PLATING YOUR ENGINE
like outdoing the future—today

"A bird in the hand" is worth a whole flock of 1950 cars with wings—or even more moderate 1945 models that aren't here yet either. Better grasp the big advancement that's ready now... Better have your engine OIL-PLATED!

Conoco Nth motor oil, for your needed Spring change, at once brings your engine internal OIL-PLATING—the foe of cursed engine acids. These unavoidable "leftovers" of combustion were a menace even when partly driven off by the steady heat of long trips. But rationing brought short jumps, with overcool operation that magnified acid attacks. It's high time now—in any car, under any conditions—to check rampant acids. And you'll succeed with Conoco Nth oil, containing an advanced synthetic. This acts "magnet-like"... makes metals attract and hold their acid-resistant shield of OIL-PLATING.

Though your engine's cool or hot—running or not—the OIL-PLATING doesn't all promptly drain down to the crankcase. And where there's OIL-PLATING, the acids that want to destroy are told to "Keep Off!" That's how Conoco Nth oil can advance your car's chance to keep going. Change for Spring today at Your Mileage Merchant's Conoco station. Continental Oil Company

Whiteflat Singers Will Meet Sunday

Announcement of regular fourth Sunday singing at Whiteflat was made this week by Mrs. Bill Edwards. Singing will be held Sunday, March 26, and a cordial invitation is extended the public to attend.

VISITORS HERE

Mrs. Vernon Craven and children and her mother, Mrs. J. W. Turner of Abilene, arrived Thursday of last week to visit in the home of Mr. and Mrs. G. S. Craven. They were joined here Saturday by Vernon, who has been sent to Borger, temporarily, by his firm at Bartlesville, Okla., where they reside.

Other visitors in the Craven home over the week-end were Mrs. Arvil Craven of Ralls and her niece, Miss Robbie Jo Cone of Canyon.

IN LUBBOCK HOSPITAL

Mrs. Arvil Craven of Ralls, underwent major surgery Tuesday morning in Lubbock General Hospital, Lubbock, and is reported to be in a satisfactory condition. She was accompanied to Lubbock by her mother-in-law, Mrs. G. S. Craven.

Her husband, Pfc. Arvil Craven is with a medical detachment, stationed somewhere in England, having first been stationed in North Africa and Sicily.

LOCAL ITEMS

Visitors in the Vernon Doss home last week were his brother, Norris Doss and mother, Mrs. T. N. Doss of Brownwood.

Mrs. C. Warren has been in Amarillo the past two weeks at the bedside of her daughter, Jane, student at West Texas State College, Canyon, who recently underwent an emergency appendectomy.

Mrs. Billy Koon arrived home Thursday from Long Beach, Calif. where she has been with her husband who is in Commando training, and is visiting her parents, Mr. and Mrs. J. W. Lawrence.

Mrs. Lemmie Day spent Sunday night here as she was enroute to her home at Wetumka, Oklahoma after a business trip to this section. Mrs. Day has purchased a home in Lubbock and plans to move there in the immediate future.

Several Attend Lockney Services

Several residents have gone to Lockney during the past week to hear Rev. M. B. Carroll, former Baptist pastor here, who is conducting a two-weeks revival meeting which began Sunday, March 12.

Rev. Carroll visited friends here briefly last Monday afternoon, as he was enroute to Lockney from his home at Brady. He was accompanied to Ft. Worth by Mrs. Carroll and the children who are visiting her parents there.

Among those who have attended the meeting are: Mr. and Mrs. H. S. Watson, Mr. and Mrs. Bill McCaghen and children, Mrs. Edith Sanders and children, Thomas and Margaret, Miss Maggie Bryan, Mrs. Claude Wilson, Miss Amy Glenn, Misses Mary Ola Titton, Ruth Simpson, Dorothy Woodruff and Bernice Ruth Patton; George Doss and Herbert Smallwood. Others are making plans to attend before the meeting closes.

Mrs. J. H. Sample left Tuesday for Ashcroft and Tucson, Arizona, where she will visit relatives.

THE AVERAGE AMERICAN FAMILY

listens to 2/10 of a radio

AND gets about twice as much electricity for its money as it did 15 years ago!

The envy of the world today is the average American family. That family has the world's highest standard of living. Statistically speaking, that average American family is composed of three and four-fifths persons. It uses three-fifths of a bathtub and owns one-half of a house, listens to nine-tenths of a radio, and gets about twice as much electricity for its money as it did 15 years ago.

Obviously, three-fifths of a bathtub wouldn't hold water very well! That is just another way of saying that three out of five American homes have bathtubs. The figure about electricity applies only to homes that have electric service (four out of five). But as an average of all these homes, it is a fact.

Most families own more electric appliances now than they did in 1929. Over the years as they used more electricity the cost per unit used was steadily reduced. So—though your total bill today may be as much as it was in 1929—yet you are getting twice as much electricity for your money.

The cost of electricity has not only been steadily reduced but it has stayed down while most other prices are going up. Today, electricity is just about the biggest bargain in your war-time budget! For this you can credit your electric service company, manned and managed by practical business people. Their hard work has made electric service dependable and cheap.

Time Extended For Filing Income Tax Declarations

The time for filing 1944 Declarations of Estimated Income and Victory Tax has been extended until April 15. These estimates of this year's income must not be confused with the final income tax returns on 1943 income. Returns on 1943 tax were required by law of all taxpayers, regardless of whether or not tax was withheld from their wages. Only a limited number of taxpayers are required to take the additional step of estimating this year's income, which has been postponed until April 15.

Originally, it was intended that both the 1943 Income Tax returns and the 1944 Declarations would be filed at the same time. However, the declaration forms were delayed pending final action on the new Revenue Bill.

Mrs. L. L. Yandell and two children of Clifton, Arizona, left for their home today, after visiting in the Yandell home here.

(the tub) around the sides near the bottom. Sink the tub half way into the ground and fill it two-thirds full of barnyard manure. Cover with two inches of sand and you are ready to plant your garden.

Plant the seed outside the tub opposite the holes. Water the garden by filling the tub. If water is limited you can use waste water from the house. A little shade from the hot summer sun helps to keep the vegetables producing.

Garden Notes

Set tomato plants 2 inches deeper in the garden than they had been growing.

For fall tomatoes plant seed in the garden after danger of frost and keep the plants green through the summer. Disinfect tomato seed before planting by immersing for 10 minutes in a half pint of water in which a half table of bi-chloride of mercury has been dissolved.

When planting include plenty of green leafy and yellow vegetables. They are higher in vitamin content.

If you have planted the head variety of lettuce, thin the plants when about 2 inches high to 6 inches between plants to make them head. Transplant those which you pull out.

Carrots don't always come up to a perfect stand. If the first planting does not come up to a good stand, do not dig up the whole row and replant, but replant the skips with more seed.

Thin beets to a spacing of 3 inches. Fill in skips from parts of a row where they are too thick. Make two plantings of beans—the second three or four weeks after the first. Inoculate seed with nitrogen bacteria to stimulate early growth.

Fordhook squash will mature later than the Yellow Crookneck and is a good variety to store.

Brotherhood Finds Much Interest In Basement Games

Fascination of the games installed in the church basement for the new recreational hour programs, held the Baptist Brotherhood members and visitors at the

regular meeting Wednesday evening, March 15. Shuffleboard, darts and table-tennis equipment were played with varying degrees of skill and dexterity since no rules were received with the shipment and none of the 19 members present had had previous experience. Visitors Bobby Harp and James Garth gave instructions on table-tennis.

So engrossed was the group in the games that they were reluctant to leave them for the fried-steak banquet which D. P. Keith, chairman of the kitchen committee had prepared. A brief business session followed the meal, in which president Vernon Doss was authorized to appoint a vice-president whose duties shall include administration of the recreational hour programs. This officer's duty shall include the responsibility of providing adequate chaperons in attendance at all times when the games are in session. Kitchen committee chairman Keith was authorized to draft from the rank of membership such assistance as he may require in preparing meals.

Teachers Must Learn First

Stressing the importance of Brotherhood members learning

the game first, so they can instruct younger residents of the community who will find healthful pleasure in recreational base-ment, program sponsor Elmer Stearns dismissed the business program. Members and visitors eagerly took part in the games some of them being engrossed to the extent they were not aware of the hour of 11:00 when the meeting finally adjourned.

Members present were: D. P. Keith, Elbert Reeves, Hoyt Burnam, V. A. Rattan, Roy Reeves, H. S. Watson, Littleton Rattan, Lloyd Stafford, Vernon Doss, Virgin Skaggs, L. A. Stearns, M. S. Patton, Alvin Stearns, Eddie Russell, Lloyd Fulkerson, Bill McCaghren, W. W. Carpenter, R. E. Campbell and Elmer Stearns.

"COLORADO TYPE" BREED—IMPROVER BULLS HEADING FOR THE GREAT CATTLE EMPIRE OF TEXAS AFTER BEING MADE RESERVE GRAND CHAMPIONS AT THE NATIONAL WESTERN STOCK SHOW, JANUARY 1944

Following the trail set by Colorado Domino 697, first purchase for the Mill-Iron Ranches by Lalayette M. Hughes, there have gone hundreds of daughters of "Colorado Type" bloodlines established by Dominator, Dandy Domino 2, Mischief 28; and developed by their great descendants; also have gone many carefully chosen herd bulls. On the Cottonwood, the Rocking Chair and other old, traditional ranches of the Mill Iron complex, they have acclimated themselves sturdily, carried their blocky, usable, cattleman's type of cattle into their adopted county, where cattle is king and every man a cattleman.

This consistent, type-breeding program has already brought credit to Lalayette Hughes. Now, to carry to a further higher point, he has acquired the Junior Bull Calves shown to the Reserve Grand Championship at the famous National Western Stock Show in Denver. These calves whose uniformity caused the comment "as like as peas in a pod" will follow the trail to Mill Iron, to continue the establishment of their own "Colorado Type" cattleman's cattle; usable, adaptable, practical for the average, cattleman.

One calf, only, went to Charlie Page of Oregon, a young man who came to Denver to get one of these bulls and got him.

These Reserve Grand Champion bull calves follow two other recently selected shipments to Texas. One, of 80 to the famous 5666 Ranch of the S. B. Burnett Estate, whose John Burns and Jesse York chose them with unerring discrimination, and one of 48 bulls to the universally known Matador Land and Cattle Company, whose John Mackenzie chose them, together with an unusually trim, beefy young herd sire, for the registered herd. Also an outstanding son of Colorado Domino E 10, Colorado Domino K 600, was selected by Claude McInnis, Brownwood, Texas.

Banning-Lewis Ranches have a deep sense of appreciation for this warm endorsement by Texas cattlemen of the greatest cattle state of them all. Not only for their approval of our show selected specials and exceptional herd sires, but for their stated opinion of the general excellence and uniformity throughout our herd of the cattleman's kind of beef animal which we call Banning-Lewis "Colorado Type."
