## Matador Artist, Francine Green Pursues Life Ambition to Paint

Francine Craven Green (in private life Mrs. Pat Green), wife, mother, and artist is pursuing a lifetime ambition. She is happiest when recreating the moods and scenes of her background on canvas.

At home in all art media, "Fran" as she is known by family and friends, prefers oils and water colors to capture the outdoor scenes that give her life and art vitality. Her creativity is not limited to outdoor scenes, however, for she is well known for her still lifes, portraits and miniatures. "Every aspect of life is a challenge, and every painting becomes a part of me and I of it," is the way Fran explains her versatility.

The Matador Ex-student (class of 1958) doesn't remember when she started painting, but she started studying for her chosen career while still in high school by taking correspondence courses. Her first teacher was an aunt, Frances Craven of Abilene, who instilled in her a lasting love for watercolors. Later she attended classes in landscapes and still lifes from such well known artists as Conny Martin, Lowanda Murfee, and Donnie Hunt.

Under Glenna Goodacre and Ben Konis she studied portraiture and received acclaim from

co-artists for her portraits. She now has paintings hung in Taos, One, Taos, New Mexico, and in several galleries in Abilene. This fall she had an exhibit in a Berger bank, and is preparing for several one-man shows.

The young artist, now a teacher, is a member of the Motley County Arts and Crafts, Lubbock Art Association and Texas Fine Arts Association. She has a studio and gallery in the First State Bank Building in Matador, where she works and teaches.

The daughter of Mr. and Mrs. J. D. Craven, Francine was born in Matador. She likes to sew and makes most of her own and her daughters' clothes. In her spare time she indulges in a hobby of handcrafts. The Greens have three children, Mike, 11, Angela, 9, and Traci, 7.

A busload of young people from the Woodrow Baptist Church presented a program of music and Christian testimonies Wednesday night, Oct. 25, at the First Baptist Church.

They were accompanied by Richard Campbell, Music and Youth Director of the Woodrow church and by the pastor and his wife, Rev. and Mrs. David Miller, and another couple.

The local congregation waited almost an hour for the arrival of the visitors, after Campbell called from Floydada that they were having trouble with the governor on the bus. Following the enjoyable program, refreshments were served in the church basement. Approximately 25 were in the group from Woodrow.

**Fellowship For Pastor**  
Preceding the program, a fellowship was held by the church membership for Rev. and Mrs. Gene Joplin and family, Mark, Marty and Marlo, on their last evening with the church. Cake and coffee were served, and gifts were presented to the pastor's family.

## Mrs. Graham Purcell Presents Books to Area School Libraries

Nancy Attebury Purcell, wife of Congressman Graham Purcell, visited in Matador, overnight Wednesday, Oct. 28, and on Thursday morning presented two books to Matador High School. She spent last week in the area making presentation of the books, "We, The People," and "Mount Vernon" to the schools.

Before arriving in Matador she had visited Henrietta, Archer City, Seymour, Munday, Crowell, Vernon, Quanah, Pampa, Paducah, Guthrie and Spur. "We, the People," traces the history of the nation's capitol and "Mount Vernon," is the story of George and Martha Washington's home. The Purcell family lives directly behind the historic home of the nation's first president.

Mrs. Purcell presented the books on behalf of her husband, Cong. Graham Purcell, who is a candidate for re-election in the 13th District, and herself. "These books were chosen be-

cause the topics are very near and dear to the Purcell family. Graham works at the capitol and we live at Mount Vernon," Mrs. Purcell stated.

## Tom Christian State Representative

### TOM CHRISTIAN "stop wasteful spending"

As the parents of four children, Tom and Anne recognize the responsibility of providing a wholesome atmosphere around the home and neighborhood. Food, clothing, medical bills... all must be paid out of take-home pay. Waste in government spending creates an unnecessary tax burden on every family.

### TOM CHRISTIAN "more jobs, better wages"

With the knowledge that comes from first-hand experience, Tom knows that new industries are needed to create more jobs. His ability to work with all levels of government to create job opportunities for the Panhandle is proven by his efforts in helping to establish the Texas State Technical Institute.

### TOM CHRISTIAN "water is vital to us"

Tom, a Navy veteran, is a man who has earned a living by farming and ranching. He knows the need for water. Conservation and increased supply are two key factors in the program that must be developed to meet future water needs. Tom has earned a reputation in the Texas Legislature as an effective leader in the agriculture industry.

### PRIDE IN THE MATADORS . . .

by Lance Jameson

As this is my last year as Sports Editor of the Matador Brand, I can't think of a better time or place to express my thanks to all ex-student Matador football players and to the present Matador team for including me in their activities through my years in high school.

My being unable to participate in the sport, I've enjoyed accompanying the Matadors on their trips and letting me feel I belonged. How nice those upper classmen were to that little ole' freshman with his pencil and pad who pretended he knew all the football plays. When that north wind whipped down the sidelines, how nice they were bringing me their football blankets and jackets. We have attended games when it was cold, rainy, dusty, icy and with a harvest moon shining down on us.

Through the years the Matadors have never quit, have never given up and they have won their share of games. The players have never lost their will to win so have reaped the benefits. It is with this philosophy that the Matadors have gone into each game. They want and plan to play to the

best of their ability. As in the past, I couldn't and I can't predict how the season will end, but I can tell you one thing, the Matadors didn't and won't give up until the final whistle is blown to end the game.

I'll leave the Matador Brand after four years on the staff with my head held high and a smile on my face because of the pride in my school, pride in our student body and great pride in our schools' sport activities.

The fifth graders have been learning to use protractors to measure the degrees of angles. During fire prevention week they made posters. Also they have been studying about Indians — their culture, their games and their religion.

The seventh grade presented an assembly program on Thursday, October 26, 1972, at 9:40 a.m. in the Matador Auditorium. The program was a play entitled, "The Romance of Minnie Martin" or "It Shouldn't Happen to a Dog." All 32 members of the class took part in presenting the program. Parents and other interested people in the community were invited to attend. Mr. Martin wishes to thank all the parents who came for visitation days last week. Their concern and interest are deeply appreciated.

The eighth graders have been studying Rocks in Science, and in connection with this study they took a field trip Thursday, October 12. They went to Antelope Flat and Twin Bridges. Mr. Ervin Willard of the Soil Conserva-

tion Service helped their teacher Mr. Peacock explain about the layers of soil and different rock formations. The class took a sack lunch and ate before returning to school at 12:35.

The fourth graders, in celebration of Halloween, had a party Tuesday, October 31. The room-mothers that served the refreshments were Mrs. James Simpson (chairman), Mrs. Thomas Hurt, Mrs. W. L. Holt, Mrs. Allen Bosh, and Mrs. F. W. Storey.

The students of the fifth grade presented Mrs. Turner with a surprise party. For Halloween the class had drawn pictures of witches and other spooky Halloween things, giving the classroom an eerie effect. Dennis Gwinn has the chicken pox and has missed school.

The sixth and seventh grade girls have elected officers in 4-H. They are: Debbie Phillips, President; Pansy Moore, Vice-President; Gloria Sims, Secretary; and Sharla Green, Reporter.

## Why You Should Re-Elect President Richard Nixon Nov. 7

# LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

## HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

# Mary Meason is Outstanding Ex-Teacher

When Mrs. Melvin Meason presents the Homecoming program Saturday afternoon for Matador Ex-Students and Teachers, she will "tell it like it was," but will not be able to "tell it all."

"Some of the incidents, however hilarious, would prove too embarrassing to the families who are still around, as well as to the individuals themselves," she said.

Mary Meason will be honored at Homecoming as the "Outstanding Ex-Teacher of the Year." She was elected Homecoming Queen in 1965.

The former Mary Hamilton, Mrs. Meason began her career as a teacher, in Matador in 1933, when she was assigned the third grade. "This was my first, and also my last school. I quit teaching in 1947, when it became apparent that I would soon be teaching the children of my first pupils. I certainly didn't want to be around to teach their grandchildren."

She has a collection of photographs and other mementoes of her 14 years as teacher. Through the years she taught various grades, and advanced to home-room teacher of the eighth grade.

She also still has a worn, white leather belt, that is limp from use. Asked if she really did use the belt, she replied in the affirmative. "How else could you discipline such youngsters as 'Tootie' Meador, or Mutt Berryman, and others like them?"

Mary Meason also has memories of the difficult war years when she saw her husband off for service in World War II. Although she continued teaching, she also tended their farm. "And that's what I hated the most," she admits. She and Melvin were married November 26, 1936 and he was in service from August 1942 until discharged in November of 1945. They have one son, Harold (Sparky) who is a laboratory technician at the Doctors

Hospital in Corpus Christi.

Born at Childress, Texas in 1911, Mary was a year old when her parents, the late Judge and Mrs. G. E. Hamilton moved to Matador. She attended the Matador schools until her junior year in high school, when her mother took an apartment in Lubbock so that Mary and her late brother, John Hamilton, might finish there. She is a graduate of Lubbock High School and has her degree from Texas Woman's College, Fort Worth (later Texas Wesleyan College).

While at TWC, Mary was president of her junior class and also a member of the Executive Board the same year, was president of the West Texas Club, Student Body President and "Best All-around Girl" her sen-

ior year, and a member of S.M.K. Literary Society for four years. She played varsity basketball, volleyball, tennis and field hockey for two years.

### First Pupils in '42 Class

Some of Mrs. Meason's first pupils in the third grade were members of the graduating class of 1942. The graduates included Dorothy Wason, Bennie Wayne Marshall, Glenn Allen, Ida Belle Armstrong, Marvin (Jackie) Bloodworth, L. M. Cox, Elsie Cook, James Edmondson, Fannie Fite, Norris Fulfer, Phil Green, Janelle Jackson, Melba Jameson, James Horace Jameson, Harris Johnson, Guy Kimbell Jr., Jimmie Joe Latimer, Jewell Lawrence, Travis McDonald, Duane Markham, Wanda Nelson, Douglas Pitts Jr., Justine Rattan, Mavinee Russell, Bert Schweitzer, Laverne Smallwood, Pat Sheridan Jr., McElton Skaggs, Helen Stanfield, J. C. Titus Jr., Billy Tunnell, Lowell Cunningham and Johnnie Belle Willis.

A note from Lamar Guthrie of Hollis, Okla., "Hazel — looks like we miss this year. Probably be there next time."

From Lubbock: "Dear Hazel, Thanks for the invitation to Homecoming. Here is our \$1.00. Will come if we possibly can. Ralph has been sick, but is doing real, real good now. Ralph and Sally Fletcher."

## LETTERS FROM EXES

From Mrs. B. F. Tunnell of Orosi, Calif., former teacher in Matador schools: "Dear Hazel: I'm enclosing our dues for the Exes ... know you will have a wonderful time. Wish we could join you. Am glad you are honoring Mary. She was a good teacher, and knew how to handle kids. Tunnell is much better, though far from well. Love, Edna."

Maj. Gen. M. R. Reilly of Springfield, Va., (class of '38) writes:

"Dear Hazel — I'm extremely sorry that I can't make it back to Matador for Homecoming 1972. Just too much going on at the Pentagon for me to break away ... Please say Hello to all the Ex's for me and to Mary Meason a special acknowledgement. She is most deserving of the special honors planned! Inclosed is a check for my dues. Marian joins me in very best regards. Sincerely, Maurice."

"Dear Hazel (writes Mrs. W. R. (Bill) Moore from Fort Worth) "Billie Beth and I appreciate receiving the notice of the Homecoming; however, we will not be able to make it this year. We are proud that you are honoring Mary (Hamilton) Meason, as there is no one more deserving than Mary ... We all have enjoyed the Homecomings; and especially did we enjoy the dancing, for that was when Bill really went in high ... I am enclosing a check for my dues, and wish for you a most successful meeting."

Roscoe McWilliams of Arlington, Va., writes: "Hazel, enclosed are the dues for 1973? or 1972? It makes no difference. Sorry I can't make it this year, especially since cousin Mary is being honored. Perhaps the Class of '25 should be thinking of a Golden Reunion in 1975."

From the desk of Vance & Betty Campbell, Floydada, "Hello Hazel — See they still have you at the end of a pencil. You're the best secretary and so good on the job. We plan on being down Saturday to see Mary — she's the Greatest — wonderful idea!"

From Dallas, Mrs. Mae Sandlin Fee writes this note of regrets: "My children are attending SMU-Texas game (Nov. 4th) so I must 'teenage' sit."

All Teen Canteen rules will be enforced (with the exception of the age limit) at the Homecoming dance Friday night at the VFW building, it was announced this week by the sponsors.

"The Travelers" from Roaring Springs will play for the dance, and students from the eighth

THREE FACES OF MARY — as a high school sophomore, as she graduated, and as a teacher.

John Barnhill Jr., stationed at Lackland Air Base, San Antonio, writes, "Dear Mrs. Donovan: Unfortunately my wife, Sandra, and I will not be able to attend Homecoming this year. However we send our best wishes for a Happy Homecoming."

Mr. and Mrs. Clyde Gilbert visited at Athens recently with their daughter and family, Mr. and Mrs. B. B. Middlebrooks and attended the Tyler Rose Festival.

# PRICE Is Right for Texas.

Bob Price is a full time Congressman. His attendance record on voting of 93% is one of the highest in the Congress. By comparison his opponent has the second worst attendance record in the entire Texas delegation.

Bob Price has approached legislation with a conservative and careful outlook. He has earned a 90% rating by the ACA, compared to his opponent's 42%.

Bob Price has worked hard to bring new industry, expand present firms and to thereby create new jobs. The Panhandle's "Business Index" is one of the highest in Texas.

Bob Price has introduced or co-sponsored 36 pieces of legislation that have become public laws. These are a matter of record, in spite of his opponent's clever misrepresentations.

Bob Price fights against inflation. He has an 88% rating by the National Associated Businessmen's Economy. His opponent only 50%.

Bob and Marty own their own home in Pampa. Two of their children attend the Pampa public schools. Bob is a graduate of Okla. State. He returned to Pampa after the Korean War. Before his election to Congress he was active as a business leader, in civic affairs and taught Sunday School in the First Baptist Church in Pampa.

He was first elected to Congress in 1966. Was re-elected in 1968 and because of his popularity, had no opponent in 1970. When a man earns this respect from both political parties it is proof of his ability and hard work.

It's easy to see why people feel Price is right for Texas. He is an honest, sincere person who stands up for his principles. Thank goodness his principles are the same as made this country great.
