Programs Enjoyed By Church Groups

Two Baptist organizations, the Brotherhood and Women's Missionary Society enjoyed inspirational programs in separate meetings held Tuesday night following a joint covered-dish supper in the church basement.

Mrs. Elbert Reeves led a Royal Service missionary program for the W. M. S. titled, "Is there a Doctor in the house?" which described the works of medical missionaries in foreign lands. Mrs. R. E. Campbell, sr., answered for Africa, Mrs. Ben Keltz, for Latin-America, and Mrs. H. S. Watson for China. Opening devotion was led by Mrs. T. E. Cammack, and closing meditation was by Mrs. J. R. Moore. A duet by Mrs. Margaret Newman and Mrs. Keltz, and closing prayer by Mrs. T. E. Long, concluded the program.

In a business session conducted by the president, Mrs. Forrest Campbell, it was voted to combine the December Royal Service program and Christmas party in one meeting to be held on the 19th. Mrs. Campbell also announced the date for the Lotie Moon Christmas mission program, which is scheduled for Tuesday, December 5.

A talk on the subject, "What price a mess of pottage?" was given before the Brotherhood by Bill McCaghren, and following the program, the members engaged in a round-table discussion of various phases of the church affairs.

Pied Pipers BY MRS. M.

Guess we'll never be branded a fast woman, and we trust for reasons other than occurred at a recent covered-dish supper when we straggled in with our little dish after everyone else had begun eating. Although we were greeted with the assurance that we were just in time, this remark prompted one by a certain person (the Rev. Potts to be specific), that quote, at least she's as much in time as she usually is, unquote. Of course he just said it because it's true.

Books we hope to have the time to re-read someday: Out Common Heart (the story of Sue Sanders); In His Steps; Pilgrim's Progress; Les Miserables, and several others that we started once upon a long time ago but never did finish.

We don't recall ever seeing a line formed at our local theatre waiting to see a picture, before last Friday night, and it was heart-warming to know that the picture the crowd was waiting to see, was "The Prince of Peace".

Several have mentioned it to us, so we can be modest when we say that little Ginger, who all but stole the show in the cast of the story characters in the film, not only bore a striking resemblance to our niece, Nola Lee, but had similar mannerisms.

How we love those subscribers who pen a little note with their renewals, declaring they just can't do without their Matador Tribune! Sort of compensates for all the labor and anguish that goes into each issue.

Statements we leave nonchalantly around for Mr. M. to pry

into, are those with a little sticker attached, which reads, "Just a Blank Statement... to remind you that we miss your patronage and to extend this invitation. Use your charge account!"

We consider with growing distaste the "Letters to the Editor" sections so popular with most magazines, for the reason that they always refer to some article or story in a previous issue, which has escaped our notice. We either have to go on guessing what it's all about, or search through stacks of back numbers to find the feature in question, and satisfy our curiosity.

Had you noticed how many different reducing diets are being offered in various publications? (or could it be that we have just become diet-conscious and are noticing them more ourselves?) At any rate we sort of half-heartedly tried the saltless diet prescribed during the summer by a national magazine, but without any noticeable results. The most untempting one we've heard about however, is the grapefruit juice and egg combination (without oil seasoning). Something about it just doesn't sound very appetizing. Of course losing ones appetite would cause one to eat less and lose more, we suppose.

Dr. Cox Re-Elected As Health Officer

AUSTIN, Nov. 23—The Texas State Board of Health has elected Dr. George W. Cox of Austin to his eighth consecutive two-year term as state health officer.

The vote of the nine member board was unanimous in favor of keeping Dr. Cox in the post he has held since 1936, the longest tenure in the 70-odd year history of the State Department of Health.

Dr. O. B. Kiel of Wichita Falls, chairman of the board, called Dr. Cox, "outstanding among the health officers in the nation."

"The job he has done in his capacity is remarkable," Dr. Kiel said. "I speak for the whole board when I say Texas is fortunate to have such a man as Dr. Cox heading its public health activities."

In addition to Dr. Kiel, present board members are Dr. S. D. Coleman, Navasota; Pat J. Cavanaugh, a San Antonio pharmacist; Dr. John H. Mitchell, Tyler; Dr. A. W. Rogers, Corsicana; J. P. Burden, San Angelo; Dr. T.

C. Terrell, Fort Worth; Dr. B. E. Pickett, Carrizo Springs and Dr. L. E. Oates, Center.

Dr. Cox has aligned himself with the public health movement in Texas throughout his professional career. He is a former member of the State Board of Health. His medical degree was conferred at Tulane University. Some of the highlights of his tenure as the leader of State public health activities are:

A reduction of typhoid fever death rates of 97 per cent; a 96 per cent cut in malaria mortality; 43 per cent reduction in syphilis death tolls.

The common diseases of childhood—scarlet fever, whooping cough, diphtheria and measles—have been so sharply curtailed that last year the combined death rate from these four causes was less than one-third that of diphtheria alone 15 years ago. Influenza and pneumonia deaths have also fallen off sharply since 1937.

A 500 per cent increase in the number of local health units has occurred under the administration of the veteran health chief who strongly advocates decentralization of the states health facilities "so people can get to them."

Football Squad To Lose Five

The Matador Matadors football squad will lose five seniors. The final pep rally of the year was held Thursday evening before going to the Lakeview game.

The pep squad marched into the auditorium and formed an arch, which yell leaders marched through. Superintendent Bert Ezzell opened the pep rally.

Coach Hopkins introduced the players and told what position they played and the amount of

Mr. Dan Goldsmith, 3024 Curron Road, Louisville, Ky., owner of Coogla Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B₁₂, Iron and Niacin.

Here is Mr. Goldsmith's statement: "Before I started taking HADACOL I was run down and nervous—and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day Senator Dudley J. LeBlanc put HADACOL on the market."

HADACOL Is So Different
Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B₁₂, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.
Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation.

years that they have left to play. Seniors R. L. Holt, Jody Graham Watson Townsend, Dean Stotts, Roy Taylor, and senior manager Cecil Carman, along with both senior girls in the pep squad each made a speech. Each teacher was called on to make a pep talk.

After the speeches were made the eighth grade boys who plan to play football next year walked on the stage. Thirty-one boys will probably come out for football next year.

The pep rally was closed by all singing the school song.

F. F. A. NEWS

The Matador Chapter of the Future Farmers of America, sponsored by Mr. Moss is divided into three sections. Section one is composed of Freshmen; Section two is composed of Sophomores, and the third section is composed of Juniors and Seniors. Each section spends 7 hours a week on agriculture.

Section one learned the fundamentals of a good F. F. A. Chapter the first six weeks. The second six weeks has been spent on breeds and care of livestock.

Students in Section two have taken up the study of cotton and cotton insects, breeds and care of poultry, and working out rations for livestock.

Students taking the third and fourth year of agriculture spend most of their time working in shop and making things that are needed. Besides having all shop-work they have taken up the study of electricity and carpentry.

Things that are learned in the F. F. A. will be a help to all the boys taking it. The local Chapter has an enrollment of thirty-eight members.

A Nation's Hope

This is a weary war-torn world And every one should know That when statesmen's tasks seem hopeless And their progress small and slow It's then we should guard our freedom.

Have faith, hope, loyalty— Or some day we may battle And struggle to be free For overnight a nation falls, And kings thrones abdicate, The rich man loses all his gold And the poor becomes the great.

So let us use each fleeting hour To work for peace; and strive to find A plan to make this world secure— Safe and secure for all mankind. And then perhaps the dove of peace On earth will fly and sing, And over broken nations fold His bruised and battered wing.

Future Homemakers Hold Meeting Monday

The Future Homemakers met Monday night, November 13, for their regular monthly meeting. President Tresa McDough called the meeting to order and secretary Carlene Lynn read the minutes of the last meeting. Susie Hughes, the song leader led the group in several songs. After the singing was over each F. H. A. officer gave her pledge to do her duty as an officer. After bringing the meeting to a close, Mrs. Loy Latimer, F. H. A. sponsor, served the club refreshments.

Campus Chatter

We wonder why Carlene, Letress, and Tresa looked like the last of the Four Roses when they came to school Friday morning.

Susie what is this we hear about you having a new boy friend. Could his name be Robert, by any chance.

It looks like Susie isn't the only one that is having a good time. What about this Betty Ruth?

I know everyone is having a good time this week. No teachers to tell you what to do. I hope no one pulled too much cotton.

Oh yes, while we are at it, there will not be a Matador Brand in the next weeks copy of the Tribune.

Dog, who were you and Jerry with Friday night at the party at Whiteflat. Were they from Roaring Springs?

Grady what is this we hear about you going to Lubbock Saturday night. Dean were you with him? We can bet they had a good time. They weren't the only ones that had a good time in Lubbock. Ask your editor about that.

Jody, Watson, R. L., and Jimmie went to Dallas to see the game between Southern Methodist and Texas A&M. I hear they had a real good time.

Well that seems to be all the more important news. So I will say so-long until week after next.

Christian Science Services To Stress Thanksgiving Topic

Thanksgiving Day services are held each year by The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and its branches throughout the world. The order of service includes the reading of a Lesson-Sermon on the topic of "Thanksgiving", and opportunity is afforded for testimonies of gratitude to be expressed appropriate to the occasion. The public is cordially invited to attend these services.

The Golden Text it: "Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men! And let them sacrifice the sacrifices of thanksgiving, and declare his works with rejoicing" (Psalms 107:21, 22).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Bring ye all the tithes into the storehouse, that there may be meat in mine house, and prove me now herewith, saith the Lord of hosts, if I will not open you the windows of heaven, and pour you out a blessing, that there shall not be room enough to receive it" (Malachi 3:10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To those leaning on the sustaining infinite, today is big with blessings" (Preface VII).
