GIESECKE HOME DESTROYED BY STUBBORN FIRE

Fire of unknown origin shortly after noon Friday destroyed the home of Judge and Mrs. C. W. Giesecke at 1513 Main street and for a time threatened the First Baptist church and other homes in the neighborhood. Judge and Mrs. Giesecke, accompanied by their small daughter, Ann, were in Amarillo where he was attending a meeting of Panhandle judges to make plans for the May 6th special election. The home, garage and servant quarters were a total loss. Flaming shingles carried by a high west wind were swept across the residential area and fire was found on four roofs.

Fire was first discovered in a garage on the west side of the Giesecke property where a small automobile was stored. Driven by a high west wind the flames were spreading across

He graduated from the Childress High school and later graduated from the (old) Clarendon college. He worked his way through George Washington University, passed the District classes and was later admitted to practice before the Supreme Court of the United States. He served as a special assistant to the Attorney General and as an expert special agent on compiling financial data on op-

Northfield Rancher Gives Church To Community

"GOD HAS BEEN GOOD TO ME", B. F. Simpson (left center photo) pioneer Northfield rancher, told a reporter last year when he announced he was giving his community a new church building. The recently completed Church of Christ church which Mr. Simpson built, is shown in the top photo. Mr. Simpson, two daughters, Mrs. Claude McDonald and Mrs. Pete Timmons and a grandson, Eddie, completely equipped with new oak pews and pulpit.

Lonely little church in the lower picture is doomed. Built in 1900 by small donations from pioneers, cowboys and county candidates, the material was purchased in Childress at a cost of only \$312. Small shrine raised in the vast Mill Iron pasture half a century ago, where bronzed cowboys knelt to pray, where pioneers were married, where the struggling early-settlers paid tribute to their dead, will be torn down. It is no longer needed. Another new church building has been completed recently in the community, built by the Baptist membership who also used the old building for worship. Through aid of the State Highway patrol ownership was traced to Las Vegas.

Matador Is Host To THDA District Meet

"Family Party" Is Set For Next Week

Omission of a date, April 19th, in last week's Tribune, caused some confusion to entertainment fans looking forward to the free "Family Party" being sponsored by the Thacker Supply Company of Roaring Springs.

The highly entertaining show which will be held Wednesday night at the Roaring Springs high school auditorium, beginning at 8 p. m., includes "in person" acts by Russ Miller and company, Kink brothers balancing team and Bette Lee, acrobatic tap dancer.

The program is clean, lively entertainment, worth coming miles to see and hear. Although sponsored by the International Harvester company, no sales talk is offered. Admission is without charge.

Dedication Plans Are Completed

Minister Alvie Johnson of Turkey, first Church of Christ preacher to hold services in the Northfield community, will return Sunday. The pioneer preacher will conduct the dedication services for the modern new church building, constructed and furnished by pioneer rancher B. F. Simpson. Minister Travis Boyd of Tell is regular pastor of the church.

The new church, of which the entire cost was paid by Mr. Simpson, is of rock veneer construction and is equipped with new oak pews and pulpit. Cost is estimated between \$8,000 and \$9,000. Electric lights are made possible through REA lines serving the community.

Mr. Simpson aided in the construction of the old Northfield church in 1900. He did not give any money because he did not have any money. He was living in a dug-out when a Methodist pastor, a Rev. Clark, now of Hobbs, New Mexico, asked him for \$5. Mr. Simpson could not make a contribution of money but he hauled lumber from Childress and aided in the construction. The entire bill for materials was \$312. Mr. Simpson and Bob Bain, now of California are the only pioneers living who helped build the church.

Deceased residents who worked on the building are W. H. Denny, J. S. Thomas, F. A. Bain, B. K. Bain, I. E. Boren, Jess Ring and R. J. Courtney. It was the second church in Motley county (Methodist church had been built in Matador). Matador had a school in 1900 and a school was located at Tree Post City. Since 1900 was election year, candidates donated money for the church (one cent \$2.50 and county \$5.) Cowboys at the chuck-wagons, farmers, ranchers and pioneers raised the needed amount. It was known as "Everybody's church" and the community is reluctant to tear it down although it is no longer needed.

The public is cordially invited to attend the dedication of the new church building, Sunday, April 16th.

V. F. W.'s HUT COLLAPSES

Hut being erected by the Motley County Memorial Chapter Veterans of Foreign Wars collapsed on its basement foundation Tuesday afternoon.

Several volunteer workers of the servicemen's organization were on the scene at the time the building (War surplus building from Childress Army Air Field) collapsed but no one was injured.

The building was being moved to position over the basement. It is believed a large jacking slipped in the center of the flooring.

Starting again with characteristic optimism the servicemen called extra workers and began clearing the material for rebuilding.

IMPORTANT PEOPLE! WHO IS IMPORTANT!

E. T. BURK FOR CONGRESS

E. T. Burk, leading candidate for Congress, says:

"Nearly all of us have children. Some of us have grandchildren."

"And how we love them! How we pray for peace, freedom, well-being for them. We are ready to fight for them, and their welfare."

"And we have senior citizens who are important and who have hard-earned rights. Just because a man or woman has a few gray hairs is no reason that he or she should be put on a shelf and marked off the list."

"Nothing else has hurt me more than the knowledge that many of our senior citizens have been kicked around as political footballs. I oppose this. I abhor it. I am the only candidate who has promised to fight the battles of senior citizens, and I will keep that promise. All senior citizens can count on E. T. Burk. Candidate for Congress, Amarillo, Texas."

THERE IS NO DOUBT...

That E. T. Burk is the leading candidate. Burk CAN win. Never before have the senior citizens had such a wonderful opportunity to have a true friend in Congress. Pass the word on... And....

THE TRAGIC HOUR . . .

After the ashes have stopped smoldering . . . the impact of your tragedy suddenly strikes you . . . Your home and your prized possessions, which may have taken a lifetime of work and saving to accumulate, are now but a heap of rubble! Will you have to begin again — or do you have adequate fire insurance to cover such tragic emergencies?

SIMULTANEOUS REVIVAL will begin Sunday morning (April 16) at 10 a. m. with Rev. O. C. Curtis of Perryton (above) preaching at the Roaring Springs First Baptist church. The Simultaneous revival will continue for one week in that community with services daily at 10 a. m. and 8 p. m. Resident pastor Roy Clayton will lead the song services. Miss Lella Mae Casstevens of Alvarado will serve as pianist. Rev. Curtis has a reputation among Baptist preachers for quoting more scripture during a single sermon than any other preacher in West Texas.

Rev. Curtis' education was limited when he entered the ministry. He had barely entered high school in 1932 when he decided to devote his life to the Word of God. He immediately began the mastery of two things: the Bible and the English language. That he has succeeded in both is attested by all who have heard him.

The Latest

The seniors had a party after the play last week. Some of the couples were Garland and Melba, Abe and Joyce, Wanda and Eddie J. And what's this about somebody waiting for Joaquin in town. How did Sappo know so much about it? Let us in on the secret boys!

Wonder who the guy was that came after Sybil after play practice? It couldn't have been Dub! Could it?

Jody and Shirley must have had a good case, at least it looks like it. They are cute kids together.

Frances and James were seen together lately. My those fish surely do get around. Susie and Cecil W. were two other fish seen running around together.

Another fish Marlene B. was seen with Joe Allen. Those fresh men really do get in the news.

That Jerry and Speedy surely can change to their algebra problems in a hurry, especially when Coach walks up. Isn't that right kids?

There have been quite a few pretty jackets flashing around here lately. My guess is that some of these boys will be trying them on for size. What about that Garland.

Mr. and Mrs. Norris Allen Vandagriff

Former Resident Rosemary Edwards Is Married Recently To Norris Vandagriff

Of interest to friends here is the recent announcement of the marriage Saturday night, April 1, of Rosemary Edwards, daughter of Mr. and Mrs. Jack Edwards, 729 North Cleveland, Amarillo, formerly of Matador, and Norris Allen Vandagriff, 1403 North Buchanan, also of Amarillo.

Rev. Earl Hatchett, pastor of Pierce Street Baptist Church, read the single-ring service in the home of Mr. and Mrs. Ben Ratliff, 2042 Hayden. Mrs. J. V. Yannis sang "I Love You Truly" by Bond and "Because" by D'Hardelot, accompanied by Mrs. W. H. Holmes, who also played the traditional wedding marches.

Arrangements of pink and white stock decorated the mantel, before which the ceremony was performed. Jonquils completed the decorative setting in the room.

Mrs. B. M. Robertson, sister of the bridegroom, was matron-of-honor, and B. M. Robertson was best man.

For her wedding, the bride chose a skipper blue suit accented with blue and pink accessories. She carried a white Bible topped with gardenias. Her jewelry was an antique locket belonging to her paternal grandmother, Mrs. G. T. Edwards of Matador.

Mrs. Edwards, mother of the bride, wore an aqua suit with gray and pink accessories. Immediately following the ceremony, the bridal party was complimented at an informal reception.

The serving table, laid with a maderia cloth, was centered with pink and white stock, flanked by pink tapers in crystal holders. Mrs. M. G. Monaghan presided at the punch bowl.

Gabby Enjoys Going to The Dentist

One of my molars was giving me a bad time Tuesday afternoon, so I slipped over to Doc Jones, hoping to catch him free. When I arrived, Gabby Jackson was sitting there reading a magazine. I said hello to Gabby and he nodded.

Doc comes out and says I'm next. "Wait a minute," I says. (My tooth seemed to have stopped aching.) "How about Gabby—doesn't he have an appointment?" Doc smiles and says, "Gabby? Why, he's got the finest teeth in the county. He just comes up here and reads the magazines whenever he's in town!"

As Doc went to work he told me that he's glad to have Gabby come up and read magazines... they might not all be fresh off the newsstand, but if Gabby—or anyone wants to while away some time who is he to stand in their way?

From where I sit, this "live and let live" spirit helps make America what it is. If I prefer a friendly glass of beer with my supper and you prefer milk—who's to say one's right and the other wrong?

Dirt Contractors Meet In Ft. Worth To Plan Strategy

West Texas dirt moving contractors who can see their business going up in bureaucratic smoke under state ownership got their heads together here Saturday to call a halt.

They were members of the newly-formed Independent Land Developers Association—men in the business of owning and operating terracing machinery and heavy equipment.

Under the leadership of Joe R. Meador of Paducah, the contractors have banded together to "fight for their right" to perform soil conservation operations privately, without competing with state-subsidized local units as authorized by the last Legislature.

Another Goal
Another goal is stopping the use of county-owned equipment for private terracing and tank construction. Meador reminded fellow members at a Hotel Texas luncheon.

Principal speakers at the meeting were Ward Taylor of Vernon, district field supervisor for the Department of Agriculture's Production Marketing Administration, and the association's attorney, E. Byron Singleton of Amarillo.

Formed In January
The group was formed in Jan-

uary, and in time expects to reach an estimated 2,500 independent dirt contractors over the state. The membership of approximately 100 now is concentrated near Amarillo, Lubbock, Abilene and Wichita Falls.

With Meador on the executive committee are Jack Martin of Crosbyton, B. M. Jobe of Putnam, and Ward Worley of Wichita Falls.

They are presently fighting expenditure of \$5,000,000 appropriated by the Legislature for purchase of earthmoving machinery which would be operated in direct competition with their private companies, Meador pointed out.—Ft. Worth Star-Telegram.

Clark Favors Strong Farm Government Economy

Mrs. Clark, candidate for the 18th District and favoring a "strong and administered farm program," a balanced budget and curtailment of "all wasteful expenditures" according to her eight-point platform.

"The platform of the secretary to both Congress and Marvin Jones and Wiley is the farm program to ensure favorable economic conditions throughout the year without a stable and agriculture good jobs and wages would soon be lost," Mrs. Clark says, "and economic stability of our country would be endangered."

"I favor adequate price support which will afford the farmer a fair price for their products in comparison with the minimum wage and protective tariff supports must necessarily be with them responsibility in production to warrant stable markets for our farm products with emphasis on surpluses."

"A sound program built on soil conservation and the fertility of our greatest resource, and protection of water where it is highly important."

"The farm program must be operated and sensibly operated the cost must be commensurate with the benefits to the farmer. As far as possible, it should be administered locally to serve the best interest of the farmer."

"I strongly advocate economy in government and the elimination of all needless wasteful expenses. I advocate a reduction in the number of overlapping bureaus and unneeded government employees," she says. "The Hoover Commission's report is the way for making savings which can and should be affected."

"Our budget should be balanced through economy and without tax increases."

In making her third point, Mrs. Clark says the national defenses should be strengthened so that "we can meet the threats to our national security, whether such threats come from within or without. Such sums as are necessary to meet the threat of outside aggression must be spent, but financial aid to those foreign countries that fail or refuse to use such aid to strengthen themselves against the march of Communism must be stopped."

"Our laws against treason must be strengthened within the framework of our Constitution so that those who seek to destroy government and our way of life can be effectively dealt with."

Speaking of oil, the candidate proposes restrictions on imports of foreign oil, saying she is "opposed to governmental control of the petroleum industry. I am opposed to any other legislation that would restrict and hamper the proper development of our known oil resources and the continued search for new fields."

"I am opposed to socialized medicine or any legislation under which our government becomes socialized and will control and direct our personal lives."

On the labor question, the candidate said she had always "been friendly to labor. I favor the principle of settling differences between labor and business through orderly collective bargaining."

"Since national labor legislation has proved to be necessary, and until improved legislation can be enacted that will effectively protect the laboring man, the business man, and the public against selfish and unscrupulous leaders of either labor or business, I favor retention of our existing labor-management laws. I will carefully and fairly consider any amendment that may be proposed."

"I consider the welfare of labor, business and agriculture inseparable in our national economy, and I shall work faithfully for and with each of the three for our country's welfare."

Mrs. A. E. Reid of Denton, arrived Sunday for a visit with her mother, Mrs. D. S. Pruitt.

Mrs. A. A. Groves left last week for a visit in Des Moines, New Mexico, with her daughter and family, Mr. and Mrs. Ken Rector.

to the 18th district, Mrs. Clark says she favors "and will work for sound proposals for the benefit of this district, such as equalization of freight rates, the development of our natural resources, enlargement of our Veteran's hospital, and other worthwhile projects that will aid the industrial and agricultural development of our district."

"Projects like the proposed Canadian River dam and Red River survey are investments which add to the strength and security of the country."

"I favor adequate care for the disabled veterans and their widows and orphans. I do not favor the proposed dismemberment of the Veterans' Administration."

Striking at government interference, Mrs. Clark voiced opposition to "the U. S. government's competing at the expense of the tax-payers, with private business. I believe the government should not enter any business field except where and when private industry is unable or has failed to supply at fair and reasonable costs the actual need in such field, and then such entry should be made only on a sound financial basis."

"I am opposed to socialized medicine or any legislation under which our government becomes socialized and will control and direct our personal lives."

On the labor question, the candidate said she had always "been friendly to labor. I favor

the principle of settling differences between labor and business through orderly collective bargaining."

Mrs. Clark Speaks At Matador Meet

There is not a bill before congress which does not, in some way, affect women, Mrs. Alta-vene Clark, candidate for congress in the 18th Congressional district told a group of Home Demonstration women meeting at luncheon here Thursday.

"What our country does about peace, what it does about taxes, what is done about health, welfare, and education all directly affect the comfort and security of our homes," Mrs. Clark said.

"There is no bigger stake for women than the future peace of the world."

"We women hate and fear war because it is a threat to the lives of our sons," Mrs. Clark said.

She pointed to the foreign aid program which congress has just extended for another year. "A cold war costs money," she commented, "but there is no alternative when it might cost lives."

"There, there", the kind lady comforted the weeping little girl "I wouldn't cry like that if I were you". "Oh y-yeah?" answered the child. "Well, you can cry any way you like, but this is my way."

Ben Guill, of Pampa, Announces For Congress

Ben Guill, 40 year old Navy Purple Heart veteran and Pampa businessman, has announced his candidacy for Congress in the special election on May 6. Guill is the only Republican in a field containing ten Democrats. The high man at the polls will be elected Congressman without a run-off.

Guill, who has lived in the Texas Panhandle for 31 years, is married to the former Marjorie Buckler, of Pampa. They have a nineteen month old son.

Why a Republican
Guill, a graduate of West Texas State College and a former teacher in the public school system in the Panhandle, said he was running as a Republican because "I am opposed to the Socialistic policies of the present administration and the only way I know of fighting the Socialistic theories of the Santa Claus boys is to join the other team. I have no intention of telling the people of the Panhandle that the Republican Party is perfect or all virtuous. It is nothing of the sort. I merely think there is more Americanism in the square inch in the Republican party today than among the Socialistic leaders who have cold-bloodedly stolen the party of Jackson, Jefferson, Calhoun, and Wilson away from the people."

Was a Democrat
Guill, who was an independent Democrat until now, is strongly in favor of reducing income taxes. He is bitterly opposed to socialized medicine. He wants the government to stop dictating to the farmer about what and how much he can raise, and he believes the Panhandle cotton farmer was given a "raw and heartless deal" in the recent setting of quotas.

"I am the son of a farmer," Guill said. "I believe the farmer is the backbone of the national economy. I'm sick and tired of hearing pink little bureaucrats tell the farmer what he should do. It's high time the farmer tells Washington what ought to be done. The farm problem should be settled by the farmer himself and if I am sent to Washington as Congressman from the Panhandle I shall bring with me a farm program which embodies the wishes

BEN GUILL
and the ideas of the Panhandle farmers themselves."

Chances Good
Guill, who has thousands of friends and former students in the Panhandle, is given an excellent chance of winning the special election. With the votes split among Democrats, it is estimated he will be elected if he receives many votes as Frank T. O'Brien, Republican candidate for Congress in 1946 received in his race against Gene Workley. If he gets as many votes as Jack Porter, the public candidate for the Senate in 1948, received in the Panhandle he will be an easy winner.

Guill won the Purple Heart in combat in the Pacific. He served through seven amphibious landings and earned four battle stars as a member of St. Matthew's Protestant Episcopal Church in Pampa, a director of the Pampa Board of the American Legion and the Veterans of Foreign Wars. He is one of the most vigorous citizens in the history of Panhandle politics.

stored building materials and into the servant quarters by the time the fire department arrived. Heat was so intense between the church building that firemen were forced to retreat and fight from the south side of the burning home (some stained windows in the church were broken by the heat). With the house between them and the unhampered flames, firemen were forced to fight a losing battle. Only the south wall was saved. Most of the family's furniture, clothing and household effects, were removed, except from the kitchen. Two of the Giesecke sons, L. C. and "Sappo" were eating lunch in the home at the time the fire was discovered.

Two More Alarms
Two additional alarms were answered Tuesday by the fire department. First alarm was about ten a. m. when a back

yard fence at the home of Mrs. W. Y. Higgins was discovered burning. The fire is believed to have resulted from burning trash, weeds and grass during the city clean-up earlier in the day.

Second alarm was about six p. m. when the back door of the highly inflammable Crews building was discovered burning by Bill Waybourn. He went to the city hall and turned in the alarm. Mystery surrounds the origin of the fire but it is assumed that trash-burning earlier in the day may have been swept by the wind into paper about the door.

Mrs. Bert Ezzell Is In Dallas To Accompany Her Son Home

receiving treatment for polio with which he became stricken on the first day of school. After he reaches home, Johnny Bert will continue to receive therapy at either the Lubbock or Plainview polio center.

Mr. and Mrs. Ezzell went to Dallas Friday and returned home Sunday to make arrangements for their son's return home. Mrs. Ezzell and younger son, Charles, accompanied by her mother, Mrs. C. B. Former Resident . . .

eration of cities and states. He was a seaman in World War I and upon discharge became secretary to Marvin Jones where he served for five years.

During the past 20 years Mr. Smith has acquired a working knowledge of every phase of the federal government's activities. Mr. Smith declared, "I have seen the cost of government increase to staggering proportions and federal debt climb to the sum of 263 billion dollars, or approximately \$1,750 for every man, woman and child in the United States. . . I have watched with alarm the trend toward deficit financing and toward the ever increasing demand for centralized government, with doles, grants and heavier taxes, inevitable under a system where the citizen is made to exist for the government. The trend must be reversed. It cannot be done easily. Educated, experienced and skilled men project the programs on which federal funds are expended. The reversal can result only from long, strenuous hard work on the part of people

sufficiently equipped by experience and training to pick out and help eliminate the non-essential expenditure, aided by every individual interested in passing down to posterity the blessings we have enjoyed under our free enterprise system. That experience and training, in all humbleness, I say I have acquired during 25 years' work with the U. S. Congress."

MATADOR IS HOST . . .

(Continued From Page 1)
the women who came from their county.

Mrs. Fred Hopkins brought news from the State Board: "Soil Conservation" was discussed by Mr. Boswell, and Mrs. Clark spoke on "Legislation of Special Interest to Women." Women are most interested in bills pertaining to peace and war, taxes and the farm subsidies, she declared. She urged that women need to study all forms of government and then vote. Mrs. Clark was introduced to the meeting by Mayor Meador.

Special music on the morning program was a solo by Bette Montgomery of Matador, accompanied at the piano by young Frank Traweek, who also favored the group with piano selections.

Following lunch served in the church basement, special music by the Elliott Club quartet of Wilbarger county, opened the afternoon program.

Mrs. R. M. Almanrode gave "Echoes of the National Convention" in Colorado Springs, Colo., in which 38 states, Canada, Hawaii and Germany were represented.

Mrs. B. M. Harris gave a report on 4-H work, which was followed by an interesting report by Miss Luelle Downey of Hardeman county, on her trip to Chicago last November as winner of the state dress revue.

Mrs. C. C. Higgins of Wichita County brought a "thank you" from the State Hospital in Wichita Falls for the curtains and sacks that have been donated for the hospital and asked for the following articles: sacks, dress scraps, air-wicks, books (not religious or mystery) old playing cards, jig-saw puzzles, games, old costume jewelry, pencils, soap, deodorants, thread, crochet needles and old popular sheet music.

Summary of the meeting, given

by Mrs. H. L. Irvin of Quanah, concluded the program. No invitation for the district meeting in 1951 was extended and the announcement concerning same will be made later. Mrs. Almanrode of Munday, Texas was named candidate from District 3 for State President.

A Word Of Gratitude . . .

We want to express our sincere gratitude to friends and neighbors who have responded to the personal emergency that struck our lives when our home was destroyed by fire.

It was painful to return to Matador and look upon the charred rubble that had been our humble home, but a Phoenix of friendship rose out of the sodden ashes. True, sincere friends and neighbors offered us the use of their homes and every facility for continuing our lives in the community as near without interruption as possible. Friends are wonderful anytime but they are priceless when tragedy strikes.

Every possible service has been offered us, including a movement among personal friends (without our sanction but with our appreciation) for monetary gifts. We are so very grateful to everyone. Thanks to you and your generous hearts, we are comfortably housed, in a community and country of the finest people in the world.
