

Rogers Wins Bitter Fight for Congressman

Matador Tribune

MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, NOVEMBER 9, 1950 PRICE FIVE CENTS

ALL GENERAL ELECTION RECORDS BROKEN IN DISTRICT; REPUBLICAN POWER SHOWN

AFTER FOUR ELECTIONS this year Walter Rogers of Pampa has been named by the voters of the 18th Congressional District as their Congressman. The margin was narrow in Tuesday's general election, only about 25,500 votes, as over 40,000 voters went to the polls in the 28 counties. The voter turnout broke all past records. Ben Guill, the Republican Congressman elected in the special election held in May, showed surprising strength in the "Democratic" Panhandle. The race was bitter as the time before election narrowed, and during the last few days, reached the "name calling" stage.

Motley county's vote reflected the general trend over the district. A total of 587 votes were polled in seven boxes. Rogers received 37 more than his opponent (337 and 250). Guill carried only one box in the county, Roaring Springs, 69 to 51. Only one box, Dumont, voted the Democratic ticket straight. All six votes went to Rogers. North Matador voted Guill 59, Rogers 63; South Matador, Guill 69, Rogers 124; Whiteflat, Guill 17, Rogers 23; Plomot, Guill 20, Rogers 46 and Northfield, Guill 16 and Rogers 24.

Over the nation the Democrats had hard sledding but kept control of Congress and the Senate. They lost some old war horses and picked up some new racers. Organized labor received a mighty dirty signal from the voters, losing most of the races in which it pitted money and influence. Dewey was reelected as Governor of New York and will probably be a Republican presidential candidate in 1952.

VFW Post Schedules Open House

Armistice Day, Saturday, November 11, will have additional significance for Motley County Memorial Post Veterans of Foreign Wars. It will commemorate the formal opening of the veteran organization's modern new home.

In observance of the opening the V. F. W. is holding open house Saturday from 11 a. m. until 6 p. m. The public is invited and urged to visit the spacious new quarters, much of which has been built with the members' own hands.

Invitations are being mailed to all available names on the list of donors who contributed to the over \$16,000 servicemen's memorial fund which was collected shortly before the end of World War II. The V. F. W. received half of the amount with which the organization was able to complete the building and add many features which would not have been possible without a share of the fund. Fleming Post American Legion received an equal amount of the money.

Coffee and donuts will be served throughout the open house hours. Officials of the organization desire to stress their wish that everyone is invited regardless of whether or not a contribution was made to the memorial fund.

"It belongs to the people of Motley county," Commander L. M. Cox, declared, "and we are grateful to the people whose contributions came to us at a time in which it was so badly needed. We want everyone to visit our new home and share with us the pride that members share in its reality."

The building, erected on scenic grounds immediately west of the City park, is built on two elevations. The top floor, which faces the south on Stewart street is level with the parking area west of the building. The lower elevation opens on a wide veranda facing the park which is slightly above the stream level of Ballard creek. A scenic rock retaining wall has been constructed in wide, expanding wings to the creek. Plans call for a three-foot concrete dike facing the creek to keep back possible floods. A flag pole is to be erected in the center of the area and the area planted in grass or possibly covered in concrete for outdoor summer socials.

Back of the veranda which is reached from stairways on the north, south and inside, is the game and recreation room.

The large, spacious ballroom on the upper elevation is floored in oak and attractively decorated. North of the ballroom are the kitchen, lounges and office. The modern kitchen is equipped with every kitchen need, including hot water, refrigeration, large gas range and dish-washing facilities.

The building which was originally a war surplus barracks at Childress, was moved to the (continued on back page)

Methodists Review History Of Church

Little is recorded of the organization of the first Methodist church in Matador, except that a meeting was held under some cottonwoods on Ballard creek northeast of the present town, in 1892. Out of this meeting Ballard church was organized and later it became identified as the Matador Methodist church.

That first meeting 58 years ago was conducted by Rev. R. M. Morris, a Methodist circuit rider from the Guthrie Mission, and included in the charter members were two who are still living at Matador, and believed to be the only living charter members of this church. They are Mrs. F. M. Jenkins and Mrs. C. D. Pipkin. (Fannie and Ida Edmondson).

Church leader for half a century, G. E. "Judge" Hamilton traced the interesting church history from pioneer days down to the present, Sunday during the Homecoming program which was attended by more than three hundred, including former residents and friends, as well as several former pastors of the church. The all-day service was concluded about 4 p. m. by Rev. L. N. Lipscomb of Lubbock, a former Presiding Elder of this district.

Charter Members Honored Morning services, conducted by the pastor, Rev. Marvin Brotherton, included recognition of Mrs. Jenkins and Mrs. Pipkin with chrysanthemum corsages, special music by the choir, and sermon by Rev. W. B. Vaughn of Matador, former pastor of the church, now retired.

Another former pastor of the church, Rev. Bob Jameson, now retired who also lives in Matador, made a brief address Sunday afternoon. Further highlighting the afternoon service was a short talk by Miss Lora Lee Pederson of Austin, who reminisced with entertaining incidents concerning her childhood here, as daughter of one of the early Methodist Sunday School superintendents. Miss Pederson is now social welfare teacher at the University of Texas.

Mr. Hamilton traced the early history of the church through the days when the area was sparsely populated and little money was available for the necessities of life, including the religious necessities. In his usual interesting manner he told of the many trials which the church experienced between that first meeting on Ballard creek and the present modern church plant, which has recently been remodeled for acoustic value, and equipped with new pews and velvet foam rubber cushions.

At the conclusion of Mr. Hamilton's talk, he was recalled to the front of the church, with Mrs. Hamilton and they were presented a silver service in special recognition and appreciation for their loyalty and service to the church through the years.

Presentations were made by Mrs. F. Jacobs, Superintendent of the Sunday School for the past eleven years. Luncheon in Basement Members of the church provided great quantities of home-prepared food for the noon luncheon which was served in the basement. Besides ample for the congregation and visitors, one member said enough food was taken home after the homecoming to have fed an additional 200 persons.

Methodist Choir To Have Charge Of Evening Service A special service in song will be presented by the choir at the Methodist Church, Sunday evening, November 12, according to an announcement by the pastor, Rev. Marvin Brotherton. Choir members will wear new robes for the occasion, and five anthems, together with other special numbers will be included in the program.

The public is cordially invited to attend the service, which will begin at 7:00 p. m.

Two P. T. A. Delegates Leave For Convention Mrs. Harold Campbell, president of Matador Parent-Teacher Association, and Mrs. C. M. Barton, Jr., vice-president of the organization, left Wednesday morning for Mineral Wells, where they are attending state convention of Texas Congress of Parents and Teachers.

They were accompanied by Miss Amy Glenn, who will visit relatives at Mineral Wells, and also go to Fort Worth where she will attend Texas General Baptist Convention.

To Observe Holiday First State Bank, the post office and all courthouse offices will be closed Armistice Day, Saturday, November 11, a sur-revey yesterday disclosed. Because of the holiday falling on Saturday during the busy harvest season, other places of business will remain open.

Mrs. C. W. Gleescke and daughter, Ann, left Sunday for Hico, where they are visiting her parents and at the bedside of her father, who is ill.

Firm President Here W. B. Ferguson of Ft. Worth, president of Burton-Lingo Co. visited the local yard Tuesday on a tour of inspection.

Murrell Furniture To Close Out Here

Joe Murrell is closing out his Matador store, he announced yesterday. The entire stock of merchandise (nothing is reserved) will be sold at 25% discount off of regular price tags. The sale starts Saturday and will continue until the stock is gone. "I don't want to move it back to Plainview," Mr. Murrell declared, "and I have decided to sell at cost or below, because some of the items could not be bought wholesale for the prices we are offering."

All merchandise is cash, without deliveries or refunds.

Lora Lee Pederson is Proud of Birthplace

Born at Matador—and proud of it, Miss Lora Lee Pederson, dean of the University of Texas, Graduate School of Social Work Sunday boasted her heritage in opening remarks of a brief, refreshing address in the afternoon homecoming service at the Methodist Church.

"Being the children of a Sunday School superintendent, my brothers, sisters and I had to attend each Sunday...our father brooked no excuses and there was never a question as to whether we attended or not," Miss Pederson recalled as she related to her interested audience, various incidents related to her childhood here.

Her father, P. C. Pederson of Clifton, Texas, a brother, Hugh Pederson of Amarillo and a sister, Mrs. R. M. Wheeler of Big Spring were among her listeners and the target of several of her humorous anecdotes.

This was Miss Pederson's second visit (the first was in 1926) to Matador since the family left here in 1916 and moved to Sayre, Okla., where they lived for a number of years.

Miss Pederson attended and graduated from Scarlett Missions School, a Methodist institution at Nashville, Tenn., where she became interested in social work. She taught social work courses at Peabody and Vanderbilt colleges in Tenn., and for eight years was director of the school of social work at the latter institution.

She resigned as director of the Nashville School of Social Work Nashville, to return to her native state, to accept her present position at the University of Texas, Austin, where she began her duties in July.

The Texas school trains workers for governmental and private social service agencies, including local agencies which operate through the community chest plan. It is the first such publicly supported school in Texas and was established in 1948 by legislation.

In addition to her work in her chosen field, Miss Pederson has also contributed a unit of lessons titled "Learning For Life" in the current issue of "Adult Student", denominational quarterly in use by Methodist Sunday Schools.

ACCIDENT FATAL TO TURKEY MAN

Ira T. Robertson, 58, was killed instantly Monday evening about 6:30 on a farm-to-market road about 15 miles northeast of Turkey when his car was involved in a side-swipe collision with a cattle truck driven by Bill Abraham of Estelline.

Three members of Mr. Robertson's family, in the car with him at the time of the fatal accident, were injured and brought to Stanley clinic-hospital here for treatment. Mrs. Robertson suffered head injuries and facial cuts. A son, Harold, 11, suffered a broken arm, head injuries and possible internal injuries. A daughter, Mary Ann, 7, suffered a broken arm.

Mr. Robertson was a farmer in the Bridle Bit community, east of Turkey, where he had lived since 1939.

J. B. McLean of Estelline, riding with Abraham, suffered cuts and bruises and was taken to a Memphis hospital for treatment. Surviving members of the family tragedy are reported "satisfactory" by hospital physicians.

Rev. Clifford Potts, pastor of First Baptist Church, left Monday morning for Fort Worth, where he is attending Texas General Baptist Convention this week.

Arkansas Trucker Pays Fine For Reckless Driving

James W. Robinson, Arkansas trucker, paid a \$50 fine and costs (total \$62.00) in Justice of the Peace Henry Pipkin's court this week on a charge of reckless driving. Robinson met the wrong automobile.

Sheriff John Stotts and Arthur Casey had started to the Plains early Sunday morning (about 6:30), when in the foothill country west of Matador, Sheriff Stotts met a truck on his side of the road at the crest of a steep hill. The truck was in the process of passing an automobile.

The sheriff was "hemmed-in" by highway guard posts and barely managed, to escape collision. He turned around and followed the truck, arresting the driver and filing charges of reckless driving.

Lions Speaker Shames Labor Union Dictators

The American free way of life is in peril and something is not functioning properly in a government strong enough to send its finest young men to fight and die on foreign battlefields and still without sufficient power within its own borders to prevent labor dictators from threatening to destroy commerce, transportation and communications.

Judge Charles Dean of Plainview, former District Lions International governor Tuesday made the above statement as principal speaker at the regular meeting of the Matador Lions club. "We have, by the grace of God, won two World Wars," Judge Dean declared, "and now we have lost world peace. What is wrong with America...have we reached a state of deteriorated morality...in the future let us think carefully, let us think prayerfully," Judge Dean was introduced by Lion G. E. Hamilton.

Cooks On The Job Matador Lions chefs Henry Pipkin and Curtis Graham were masters of ceremonies in the kitchen and produced an excellent luncheon which met the entire approval of members and visitors. Lions singing was led by

Freeze Hits West Texas First freeze of the season, which preceded frost, struck here Friday night when the mercury skidded from summertime high to 23 degrees according to official Government thermometers maintained by Water Superintendent Herman Stanfield at the vic.

Cold winds and a trace of rain preceded the freeze on Thursday night as the cold front swept southward. After the sun had been shining a short time Saturday all vegetation was wilted and black, including the cotton fields.

Considerable damage to late cotton has been reported in various sections of the county from the sudden drop in temperature. Immature cotton in many fields will further reduce the short harvest, farmers declare. More cold weather is forecast for tonight.

BOARD MEETING DATE CHANGED

Regular monthly meeting of board of trustees of Matador Independent School district will be held Monday night, Nov. 13, at Stanley Clinic, instead of on Tuesday night, it was announced this week.

The meeting is set for 7:30 o'clock and the public is reminded that anyone interested in the affairs of the school system is welcome and invited to attend the meetings.

Board meetings are scheduled for each second Tuesday night in the month and are held either at the clinic, or the high school.

TRAIL DUST

By DOUGLAS MEADOR

Chariots of the wind were tumbling in the darkness that was like black wax in the canyons and mesquite flats. Small flakes of snow whipped the cowboy's lean, leathery face and he could feel its chilled weight on his eyelashes. He had slackened his reins and the horse chose his own way in the night, walking as a steady gait. Hours of the fierce night slipped through the flames of time and the journey continued until the horse stopped suddenly and refused to proceed at the touch of spurs. In turning the cowboy felt some object scrape the stiff leather of his chaps. He dismounted and proceeded slowly, feeling in the darkness with his hand until he touched a wire fence. Feeling his way further he found the gate, relief flowing through his mind, tense body. Another mile and he would reach the dug-out and some cold, salty bread; a bucket of shell of corn for the faithful animal that had led him out of the dismal night.

Culture is an attitude toward life which young men and women cultivate in college class rooms and plow under when they meet in gridiron stadiums.

Somewhere in the secret archives of the dreamer's heart is the treaty his soul made with solitude. Peace lights the candles by which he reads the terms when loneliness places a hand upon his shoulder and music of never-known laughter echoes through the treeless valleys of barren years.

In each savage dawn is the destiny of countless souls. Before light drains out of the sky again they will have met with heartache, joy, greatness and defeat; the sweet madness of love, the agony of desertion, weariness, eternity.

Responsibility wears a strange little coat woven from the fabric of small, woolly fears, and strengthened with the stout, uncomfortable seams of duty.

Owls To Meet Matadors In Last Home Game Of Season

Last home game of the Matador Matadors' current season will be played on Burleson field Friday evening when they meet the Silverton Owls at 7:30.

Five of Coach Ray Hopkins' charges will be playing on Burleson Field in their last game. Five are seniors playing their last year of high school football.

The remainder of the squad are mostly sophomores and freshmen, with only two juniors. Coach Hopkins declared.

Despite the unfavorable scores that have followed the Matadors this season, Coach Hopkins received praise from the Matador Lions Tuesday of a magnitude which usually accompanies a schedule of victories.

Coach Hopkins received the acclaim for his splendid work with the boys, and the spirit of sportsmanship and the triumph with which he has met tremendous difficulties.

Members of the Lions club were urged to show their support to Coach Hopkins and the Matadors by attending the Friday night final home game.

"I do not warrant a victory," but Coach Hopkins declared, "but you will see a good game, displayed a different attitude in playing a different attitude in the Matadors here Friday night."

Final game of the season for the Matadors, and one which they stand a good chance to win if they stand a good chance, will be according to officials, will be played next Thursday, November 16, at Lakeview. The game will be called at 7:30 p. m.

FLOMOT BRIDE IS SHOWER HONOREE

The home of Mrs. Bill McGann at Folley was the scene of a delightful bridal shower Wednesday, October 25, complimenting Mrs. Richard Nall, nee Miss Janella Jones of Flomot. Assisting with hostess duties were Mrs. Harrison George, Mrs. H. V. Cromer, Mrs. Herb Martin, Mrs. Harry Folley, Mrs. Wade Martin and Mrs. Cora Folley.

Lovely arrangements of white and deep red dahlias were used for decoration throughout the reception rooms, and the centerpiece for the refreshment table was the crystal punch bowl surrounded by white dahlias and pink roses. The table was covered with a hand-crocheted cloth, and the table decorations included a miniature bride and groom, and white and rose napkins enshrined in gold with "Richard and Jane".

Lime sherbet and individual

cake squares were served to the many friends who registered. Out-of-town guests were present from Plainview, Paducah, Matador, Roaring Springs and Silverton.—Turkey Enterprise.

On the bride's table, where the gifts were received, was a large "sweetheart" pillow, designed of net to hold the ribbons from the packages, which was made by the bride's aunt, Mrs. Ross Gandy of Wilson, Okla.

Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less.*

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

Campus Chatter

Hi Kids! Have you heard all the news? Well if you haven't, here goes.

Jimmie Graham, our smallest Freshman, was with Betty Littleton Saturday night. Jimmie paid the price, 30 laps.

Jody, Watson and Grady raided Roaring Springs for girls Saturday night, also. Pretty good catch for Seniors!

Dog and Roy were also at Roaring Springs, but they just went to the show Alone, too.

Betty Ruth and Susie were taken up last Saturday night. Betty Ruth was with H. A. and Susie was with a bunch of girls. Dewayne has been to Roaring Springs, I hear. I wonder who told me.

Hallowe'en has come and gone but not forgotten. This is one Hallowe'en every kid in town was out.

Nobody could do any damages without getting in somebody else way, pretty crowded huh!

I wonder who put that wheel barrow on the flag pole, and who put Harp's truck on the side walk? Well just ask the night watchman, he don't know either.

At the Carnival we all bowed to our Carnival Queen when Watson put the crown over her ears. Poor kid, she could hardly see.

The boxing at the Carnival turned out pretty good, until the last performance. I didn't know what I was getting into. We got up there and let them blind fold us and it was like being in a dark mad house. I took my part of the licks and so did Ronald and Sam.

Well I guess after what the kids did after the Carnival I had better close, but look for more Campus Clatter next week.
