

City Seeks Aid to Avert Water Shortage

temperatures that pushed the mercury to 100 degrees during the past week. Matador's municipal water system is in excess of its capacity during peak periods. The city is now producing approximately 300,000 gallons in a day, but the capacity of the system had exceeded 300,000 gallons. Water Superintendent Lee Burns and assistant Smith are operating the

system on a 24-hour basis, producing every gallon of water possible, but it is not enough. The reserve is being used up and the contingency of fire presents a serious problem. Superintendent Burns is watching the reserve in the two 100,000-gallon reservoirs very closely. When it reaches a danger point he shuts off the big automatic pump until the well pumps have a chance to gain some on the reserve supply. So far enough

water has been in the mains and water tower to last until the pump could be started. It is probable the water will be shut off for brief periods of about one hour (in event the amount in mains and tower is consumed before the big pump can be returned to operation).
Supply Remains Normal
So far as tests can determine there is no loss in the supply from which Matador receives water. Matador is growing

(about 425 water customers) and more water is being used by each customer.
Superintendent Burns has devised a system, which, with the cooperation of water customers, will make it possible for everyone to have plenty of water during the summer months. (Please cut out the next paragraph and keep for reference).
If your home faces the south or west, water your flowers,

lawn and garden on even calendar days (ask your neighbor to do the same). Do not water on uneven days.
If your home faces the north or east, water your flowers, lawn and garden on uneven calendar days and do not water on even days. **IN EVENT THE FIRE ALARM IS SOUNDED, please shut off all outside water.**
That is all there is to it. The

peak load on the system will be broken and it is believed everyone will have uninterrupted service, except in the event of some emergency.
In the meantime city officials are considering the offer of local seismograph crews to locate water sands in the vicinity of the future water supply. A nominal offer has been made by the crews to drill into the sands during week-ends, or when they

are not otherwise engaged in their work.
Oil In Sewer Plant
An old city problem returned last week when some user of the municipal sewer system allowed oil (probably crankcase) to escape into the lines. Two days of hard and expensive work were required to restore the plant to normal operation. Caution is again urged to prevent a recurrence of the incident.

Lions Club Installs Officials

A man described by himself as a Flomot farmer, Ralph Stapleton, Tuesday assumed the responsibility of holding the whip and chair to the membership of the Matador Lions club. He was bestowed the office of president in a ceremony following the regular club luncheon, which closed the civic organization's fiscal year.
Lion Alton Farr of Paducah, superintendent of the Paducah schools, served as installing officer. Lion C. W. Giesecke was installed as new secretary-treasurer to replace retiring secretary Jack Norma.
Retiring president J. E. Edwards made a brief address in which he paid tribute to the loyalty and cooperation of the club membership and also for the aid rendered by the club secretary.
Lion Raby Webb was reinstalled as Tailtwister and Lioness Miss Rachel Patton was reinstalled as Lions Sweetheart. Lion Farris Fish was installed as Liontamer and Lions Bill Moss, Randall Whitworth and Glenn Woodruff were installed as vice-presidents.
Club Is Praised
Lion Willie Boyle of the Paducah club, a visitor, paid high tribute to the Matador club and the many projects it has successfully completed. "Lionism as practiced by this club," he declared, "is like religion. The more you give away, the more you have for yourself."
The excellent meal prepared by the Matador Home Demonstration club received many comments from visitors and club members.
Visitors included Neil Pipkin, Mrs. Bill Pipkin, Ed Whitaker, Sam Weatherall, C. M. Barton, and Lee Burns.

BETTY BUMPUS TO MARRY IN GERMANY

Miss Betty Bumpus, daughter of Mr. and Mrs. L. M. Bumpus of Cee Vee, left Saturday for Fort Worth via American Airlines for New York City, and flew from there to Frankfurt, Germany, where she will become the bride of Sgt. Jerry Forcher of Wichita Falls, Texas.
Miss Bumpus was scheduled to arrive at Frankfurt Monday. She was employed here during the past year as bookkeeper at the First State Bank.

City Pays Homage to Korean War Casualty

WAR moved its caissons into Matador Friday afternoon when the body of Pfc. James L. Britton, first Motley county victim of the Korean conflict, reached a grave in peaceful East Mount cemetery. Matador paid homage to the young soldier with the closing of stores and business places and full military honors were bestowed by the Veterans of Foreign Wars at the request of the family. Final military salute was withheld.
"He died for a great cause," Rev. Berry Watson, pastor of the Landmark Baptist church, declared. "I had known this boy most of his life and he was my friend. I believe he would have preferred death to life under any other form of government."
Christ died that the world might have a better way of life. I am grateful that this soldier gave his life for me and America... next to God, I love America...
Rev. Marvin Brotherton, pastor of the Matador Methodist church, assisted in the funeral services. At the door of the Landmark Baptist church VFW pall bearers received the flag-draped casket. The service began at 4 p. m.

Odd Fellows Plan Memorial Service

Plans are near completion for a Memorial service to be held Sunday afternoon at 3 p. m. in the Odd Fellow Lodge hall, Virgle Rattan, noble grand of the Matador IOOF, announced recently.
Three members of the organization who have succumbed during the past year will be honored. Joe Berry Meador will make the memorial address.
Other numbers appearing on the program will include the Martin Trio, local singers, short tributes by local brothers, and an address is in the making to be given by one of the IOOF's oldest members.
The public is cordially invited, and all members of the IOOF and Rebekah lodge are urged to attend this service, the Noble Grand said.

Wets Admit Slight Chance Of Victory In July 5 Election

AN OLD ISSUE from the archives of Motley county's history is going to be reviewed by the voters in an election scheduled for the next day following Independence Day, Saturday, July 5th. Irregularities in an election held in 1953 which placed the county under local option, have been brought to light, and dry forces have requested a new local option election. The movement was started by three Matador churches, The First Baptist, Methodist and Assembly of God church. Other churches would have produced signers to the petition requesting the election, if they had been required.
Now a mass meeting of the dry forces has been scheduled for Wednesday night, June 25, in the District court room at 8:30 p. m. The meeting was planned here Monday by members of the Ministerial Brotherhood of Motley county, of which Rev. G. R. Underwood, pastor of the Assembly of God church, is president. Pastors heading the movement included Rev. Keith McCormick of the First Baptist church here, Rev. C. C. Tiner, pastor of the Roaring Springs First Baptist church, Rev. R. L. Jamieson, pastor of the Roaring Springs Methodist church and Rev. Marvin Brotherton, pastor of the Matador Methodist church.
G. E. Hamilton, Matador attorney, was elected temporary chairman of the group and a request has been sent the Texas Dry Association for a speaker. The public is invited and urged to attend the mass meeting.

City of pleasure. Galveston is a personality that differs from other Texas communities in its magnitude. The changing complexion of architecture is reflected in its old homes and business buildings which look like a movie set peopled with reflecting characters. The street car tracks are still imbedded in the antiquated paving scars on a weary old lady's face.

Had I chosen the profession of oculist, I would, for an apartment and pleasing reason, open offices as close to a bathing beach as possible.

Houston is bursting at the seams with growth that amazes men with its optimistic realtors. In contrast to Dallas, which has the best population, Houston has belated its street cars and substituted more efficient and faster busses. The secret of its growth is simple. Without exception every citizen whom I met felt obligated to serve as a helpful chamber of commerce. The people who live in a community either make it great or destroy it.

No pillows are as soft as those the Pullman company provides; no sheets ever seem quite so good.

A broken promise is like a broken thread in the strong, flimsy fabric of truth. Its presence is a constant threat to further deterioration.

It is frequently easier to achieve the seemingly impossible than to withstand the rebukes of those whose hearts are filled with watered faith.

Any mortal man who elects to define evil with no more authority than his personal convictions and prejudices then has assumed the robe of judgement which belongs to The Master of Creation.

My mistakes occur at such regular intervals that I fear they may have become habit-forming.

Marriage is a canister on the cabinet of ambition into which love is frequently placed and allowed to gather fine dust from the abrasive wheels of neglect.

Education's greatest benefit is the cultivated talent of forgetting much that is taught. The harvester does not bring the wheat stalk and chaff to mill.

Tribune Winner Of Press Honors

Four ribbons, two certificates of awards and two honorable mentions were received by the Matador Tribune at the annual meeting of the Texas Press Association held Friday and Saturday in Houston.
The coveted awards were presented during an "awards breakfast" held Saturday morning in a dining room of the Rice hotel. Competition was divided among some of the most outstanding publications in the state. West Texas newspapers brought back a large share of the top honors, which included bronze plaques and engraved cups.
The Tribune was in class 4, weekly newspapers in cities under 3,500 population, and received second in news photos, third in sweepstakes award, and fifth in general excellence and fifth in column writing. Twenty-five in column writing. The two newspapers were in the Tribune classification.
Publisher and Mrs. Douglas Meador left Lubbock by train late Thursday and arrived in the late Thursday afternoon convention city shortly after registration had started Friday morning.
The press group (approximately 400) were guests of the Humble Oil & Refining company Friday afternoon. They visited San Jacinto monument and Battle Ship Texas, and later were entertained at a party and sea food dinner in San Jacinto Inn.
Saturday afternoon the group was entertained by Dow Chemical Company, going through

the great Freeport plant and later guests at a party and outdoor barbecue at Lake Jackson. Special busses brought the newspaper people back to Houston Saturday night.
The Tribune publishers Sunday were joined by Mrs. Meador's brother and family, former Matador residents who now live in Conroe. The group drove to Galveston for the day.

GROUP LEAVE FOR 4-H ENCAMPMENT
Four 4-H club girls, accompanied by Miss Marie Rea, home demonstration agent, left Wednesday morning to attend District Encampment at Lueders, which opened yesterday and will continue through Friday.
In the group were Raynita Dunning, Betty Neighbors, Gail McWilliams and Mary Foley.

HERE FROM CALIFORNIA
Mrs. Shands Harcrow and children of Modesto, Calif., are visiting here with her parents, Mr. and Mrs. Tom Berryman, and other relatives. Mrs. Berryman, who was visiting with them here, returned with them to her home here.

GOOD WILL AMBASSADORS who visited Matador last Monday while on a concert tour of middle-western states, was the Harding College A Cappella Choir, of Searcy, Ark. Only local member of the chorus, Eddie Campbell of Roaring Springs was unable to accompany the group due to employment. Andy T. Ritchie is director of the choir. An enjoyable program of religious songs and hymns was given by them before an audience composed of the Roaring Springs and Matador Church of Christ memberships, in the American Legion hall.

Record-breaking Crowd Attends County Singing

A record-breaking crowd, one which filled the American Legion auditorium, came despite temperatures ranging from 103 degrees up, to attend the 59th annual Motley County Singing Convention, held here Sunday. It was an all-day attraction, starting at 10 a. m. and continuing until 5 p. m. An old-fashioned buffet luncheon was served with plenty of "fresh country-fried chicken and cooling iced-tea".
Among the hundreds who came to enjoy and take part in the song service were persons from many surrounding towns, counties and states. One quartet came from Clovis, New Mexico, while one visitor was as far away as the singing state of Mississippi.
Many letters of regret came from old timers who couldn't make the 1952 convention. Among the letters was one from Judge Henry S. Bishop, of Amarillo, formerly of Motley county who wrote that he was present when the singing convention was organized. He was "batching" with the late W. J. Whitworth, who lived at Flomot at the time. Whitflat was host to the group of singers that met in a schoolhouse in 1893 to form the Motley County Singing Convention.
Legion Praised By Singers
Fleming Post of the American Legion, composed of members of this county, was highly praised by the group of visitors. Many compliments on the spacious new auditorium, serving facilities, and many courtesies offered by the organization, were handed the Legionnaires.

DISMISSED FROM HOSPITAL
Mrs. Leo Archer was dismissed Tuesday from Traweek Hospital, where she has been a patient since early last week and receiving treatment for strep throat and flu.

THACKERS ATTEND DALLAS MEETING
In Dallas this week are Mr. and Mrs. Freeman Thacker, attending the seventh annual convention of Texas Butane dealers association. Butane and propane dealers from five southwestern states are scheduled to attend the meeting.
The convention will open today and continue through Friday. Mr. and Mrs. Thacker left Tuesday and will probably remain in Dallas until the first of next week.
During their absence Freeman Thacker Butane company is being operated on regular basis by the company personnel.

Wets Remain Silent
The election has caused much interest to be focused on Motley county. No organized leadership has been announced by the county wets and in most instances those opposed to local option admit they hold little hope that the county will vote wet. Good-natured comments are passed freely between the opposing points of view, however, some observers believe the wet forces may have more power in reserve than is indicated.
Altho some claims have been made that Motley county would return to the open saloon, the statement is false since the open saloon is prohibited in Texas by state law. Package stores would be permitted in event local option is defeated, and the selling of beer would be permitted in cafes and other establishments.
Many voters are convinced the wets have no chance whatever for a victory since counties the size of Lubbock have repeatedly voted dry. In the meantime Motley county remains dry according to the old law which will be tried in an appealed liquor violation case before the Court of Criminal Appeals this fall.

TO ATTEND ENCAMPMENT
Mrs. Raby Webb, secretary and Miss Nell Webb, guard of Motley County VFW Auxiliary, will leave tonight for Galveston, where they will attend a four-day auxiliary department encampment which opens Sunday.

BAR GIVES TIPS ON JURY SERVICE

Thousands of Texans are called each year as prospective jurors in our many state and federal courts. When chosen to serve, very few of these violate their oath with intentional misconduct. But honest mistakes have all too frequently brought the sincerity and ethics of an individual juror into question. Usually such errors arise from his misunderstanding of his function as a judge—for the jury is judge of the facts in the case before it.

Like Caesar's wife, the juror must not only avoid wrong, but must also avoid any appearance of wrong. Otherwise, his integrity and honor may be brought into question by actions which are actually innocent but appear censurable to those who view them. By observing the following simple suggestions, the

Matador IOOF Lodge

Meets every Friday night, V. A. Rattan, Noble Grand, Bruce Martin, Secretary. All visitors and brothers welcome.

Juror may be sure he is maintaining the highest of ethics, in which no possible fault may be found by others.

Hold yourself aloof from all persons (except other jurors) in any way connected with the trial of the case. That means that you should not mingle with nor talk to the lawyers, witnesses, parties, nor the judge, even though the discussion is wholly unrelated to the trial.

Do not discuss the case nor permit others to mention it to you or in your presence during the trial. If anyone insists upon talking about the case after you have explained to him that you are a juror and must not listen, report the matter to the judge immediately.

Do not commence your deliberations until you have heard all the evidence from both sides, the argument of the lawyers, and the court's charge. You should not mention the case except in the jury room when all other jurors are present.

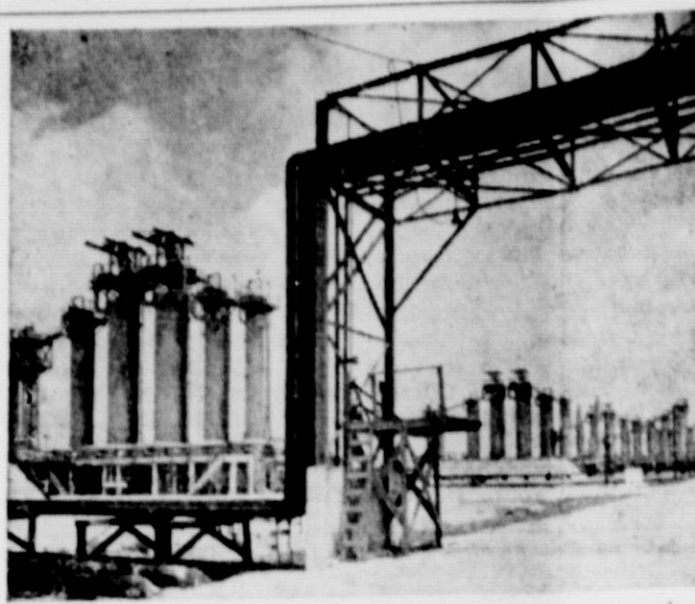

Do not become a private investigator. All properly admissible evidence will be brought before you. Do not try to search out additional facts you believe to have been omitted. Do not even guess or speculate about facts not in evidence.

Be attentive to the evidence as it is presented. If you are to properly aid the other jurors in settling the fact questions, it will be necessary to listen carefully to all evidence presented.

Do not guess at the judge's opinion of the facts. You are not allowed and will not try to invade your province. His rulings on admissibility of evidence reflect no ideas or opinions on any fact question.

You should not mention or discuss your own personal ex-

Food Poisoning Danger Increases In Warm Weather

Bacteria grow more readily in warm weather and this increases the danger of food poisoning, warns Dr. Geo. W. Cox, State Health Officer. Since modern refrigeration public health has improved. However, cases of food poisoning do occur, in spite of the more healthful measures of storing food.

Sickness from food poisoning usually strikes quickly and explosively, and those who do not eat the infected food escape. Usually in one to four hours after eating contaminated food, victims feel ill. If it is a mild case of poisoning, recovery usually begins in eight to 12 hours, but victims may feel the ill effects for several days.

Another important safeguard to prevent food contamination is that the hands of the person who prepares food be scrupulously clean, and free from cuts and sores of any kind.

Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps, and weakness. Whenever you feel these symptoms, be sure to call your physician. Do not wait, hoping it will wear off, sometimes food poisoning is fatal.

The staphylococcus organism grows best in foods which are slightly fatty, such as fat meats, salads with rich dressings, cream pies, cream puffs, or any food with custard fillings. So if anyone in your family takes his lunch to work during the coming hot months, be careful of the foods you put in the lunch, and don't include any of these foods.

Mr. and Mrs. Frank Pohl and daughter, Carolyn, were weekend visitors at Slaton, where they were guests of Mr. and Mrs. B. B. Castleberry.

VISITING DAUGHTERS

Mrs. Fred Simpson was accompanied to Hereford Sunday, by Mr. Simpson, where they visited their daughter and family, Mr. and Mrs. Don T. Martin. On Monday, Mrs. Simpson and Mrs. Martin and children, Freddie and Nancy, left for Goodland, Kansas, to spend the remainder of the week visiting another daughter of Mrs. Simpson's, Mrs. F. W. Sanders and family.

When in doubt ask the judge. If you are in doubt about your rights or duties as a juror, you should not ask anyone but the judge for information.

This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.

PRESS ASSOCIATION VISITS DOW CHEMICAL COMPANY 3,000-ACRE PLANTS

The Press Association took a tour of the booming Brazos Valley on June 14 as the members of the Dow Chemical Co., Matador County newspapers, and county's three chambers of commerce.

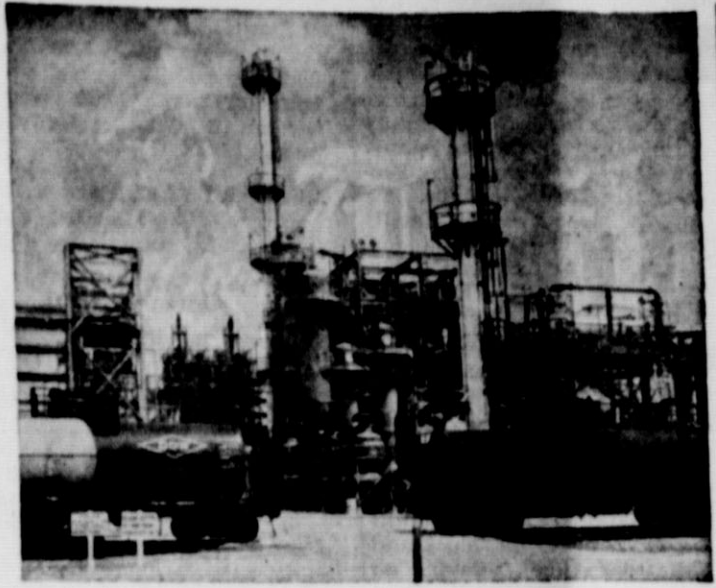

The group visited Freeport and Lake Jackson as one of the features of the TPA's annual meeting.

The highlight of the visit was a tour of the 3,000-acre Dow plant built in the 12 years since the company came to Texas to extract magnesium and other minerals from the seawater of the Gulf of Mexico. Now Dow produces 65 chemicals, employs 15,000 people, and is in the midst of a \$100-million expansion program.

The TPA members were guests at a barbecue at Lake Jackson and heard a musical program played by the famous Dow Community Band. Editor and Mrs. Douglas Meador were among the newspaper publisher guests of Dow. After the excellent barbecue Saturday evening, Dow asked their visitors to take as souvenirs the attractive plastic plates on which the food was served. The hosts even provided "dish-washers" to clean the plates for their visitors.

These towers, shaped somewhat like crow's nests on a battleship, are part of a chlorinated solvents plant at the Dow Chemical Co., Freeport. Dow chlorinated solvents, produced in Texas, have many industrial and commercial uses.

Flomot Paratrooper To Participate In Airborne Operations

Pfc. Ollie D. Calvert, son of Mr. and Mrs. O. D. Calvert of Flomot, Texas, member of Battery "A", 89th Airborne Field Artillery Battalion, 11th Airborne Division, is currently on Special Duty with Battery "C" of that organization. He has left Fort Campbell Ky., and is enroute to Fort Sill, Oklahoma, where Battery "C" will give a week of classes in Airborne operations, to all personnel and a heavy equipment drop.

Pfc. Calvert will be demonstrating the loading and lashing of heavy equipment, and after mass jump in which he will participate, the men of the Battery will run a field problem using all the parachuted equipment.

After this exhibition, scheduled for the third week in June, the men of Battery "C" will return to Fort Campbell, Kentucky to continue their training program.

Flomot Seaman On Duty At Memphis NS

The Naval Air Station, Memphis, Tenn., is the new duty station of Truman W. Brown, construction electrician's mate second class, USN, son of Mr. and Mrs. Robert I. Thomas of Flomot.

Brown, who recently transferred from Yokosuka, Japan, entered the naval service in June, 1947, receiving his recruit training at the U. S. Naval Training Center, San Diego, Calif. Before entering the Navy, he was graduated from George S. Gardner High school at Laurel, Miss.

One of the Navy's largest technical training centers, the air station at Memphis is used to

train Navy airmen in all phases of naval aviation.

Jerry Ed Bishop Gets Army Orders

DALHART, Texas—Jerry Ed Bishop, son of Mr. and Mrs. Ed Bishop of Dalhart, has received his military orders, and will report to Camp Gordon, Ga., in September.

Meantime, he and his wife will remain in Austin, where young Bishop recently received his bachelor's degree from Texas University, and his second lieutenancy in the Army Reserve. He majored in journalism. His father was a Dalhart newspaper publisher for 10 years. He is a grandson of Mrs. Harrison Williams of Matador.

FORD STARTS A NEW TREND IN MOTOR CARS

Never before has any manufacturer offered so much car for so little money!

The 1952 Ford, with its many, many new advances, is starting a completely new era in automobiles. For never before has any car so far ahead in design and quality been so modest in price.

It's the most powerful low-priced car ever built! Never before has any car offered so much high-compression power for so little money! Ford's 110-h.p. V-8 is the most powerful engine in the low-price field. And Ford's all-new Six, with 101-h.p. is the V-8's mate for power at a saving. For both Ford engines offer the go-packed savings of the Automatic Power Pilot.

It offers ALL 3 drives! This '52 Ford offers you many, many choices, too... choices usually associated with America's highest-priced cars. For example, only Ford in its field offers you your choice of Fordomatic, Overdrive or Conventional... so many body, color, and upholstery combinations... 18 different models. "Test Drive" this greatest of all low-priced cars at your Ford Dealer's. We're sure you'll agree it's a car that will influence automobile design for years to come.

Ford's new modern design bodies are the newest, most advanced in the low-price field, styled ahead to stay new. New hull-tight construction seals out noise and weather. New easier-working Power Pivot Pedals (suspended from above) eliminate dusty, drafty floor holes.

Ford's 110-h.p. high-compression Strato-Star V-8 is the only V-8 in the low-price field and Ford's 101-h.p. high-compression Mileage Maker Six is the only all-new, low-friction Six.

A STATEMENT

To The Voters of Precinct No. 1

The issues in the Commissioners' race seem to have narrowed down to one issue, namely: Whether the use of the machinery owned by the precinct and purchased by the tax-payers of the precinct shall be used within the corporate limits of the City of Matador.

This is not an issue of my making, but is an issue that I was immediately confronted with when I announced my candidacy for Commissioner. In fact, it was an issue in the 1950 election.

This seems to be a moot question and in order to clarify the issue, I hereby state that if elected Commissioner, it shall be my policy, unless enjoined by the Court from so doing, to utilize the machinery when not otherwise employed, in helping to maintain the streets of Matador.

How much would you pay for a Miracle?

DO prescriptions cost too much? There's another way of putting this question. You can also ask—how much should you pay for a miracle? Before the discovery of the wonder drugs like penicillin, the sulfas and others, many common illnesses were genuine family tragedies. Two examples were influenza and pneumonia . . .

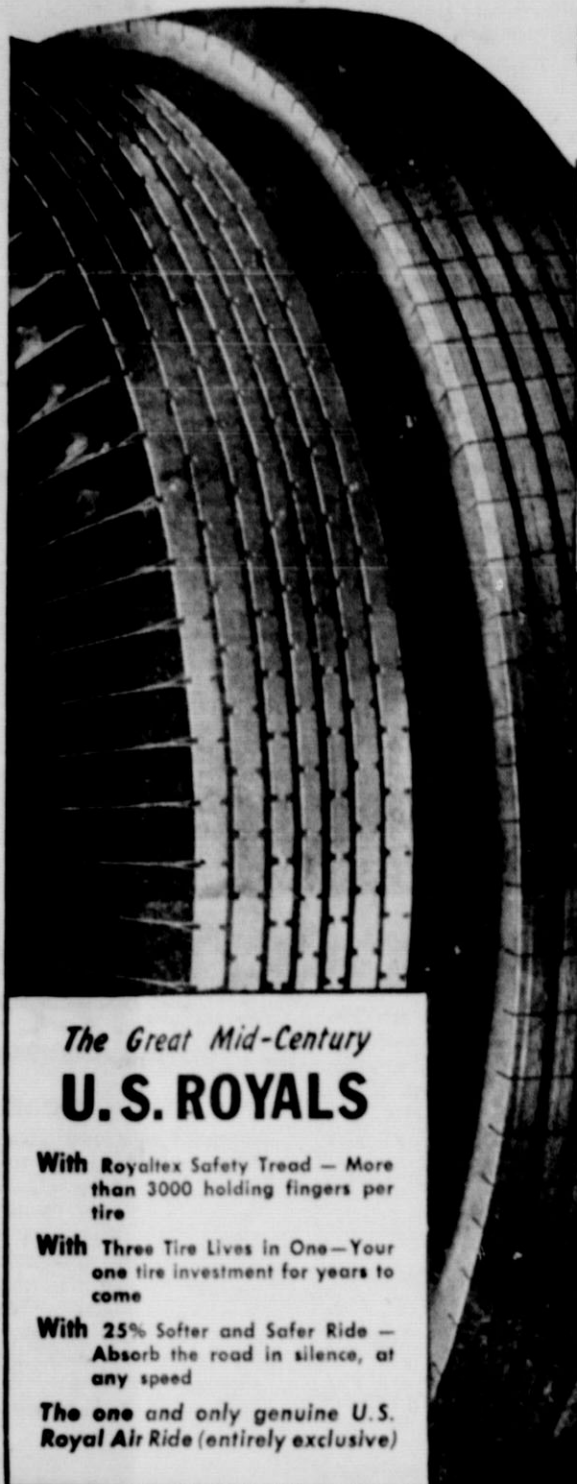

When either of these struck, the family bread-winner was off the job a long time. And sometimes permanently. Million-dollar laboratories are working day and night to bring you and your doctor new discoveries in drugs that will make you well and keep you well. To you and everyone, that means less off-the-job-time, fewer deaths, longer life.

Any prescription that helps to accomplish that for you is a reasonable investment . . . Isn't it? Most drugs cost very little—thanks to American business volume and American competition, both of which keep prices low. Our fellow-scientist, the doctor, knows as we do that the miracle drugs do cost a little more, but a miracle, after all, is worth much more than dollars. Your doctor believes that. We do. Don't you?

Rites Held For Walter L. Taylor

Funeral services were held here Tuesday at 4 p. m. at the Landmark Baptist Church, for Walter L. Taylor, 75, who died Monday at his home in Matador. The pastor, Rev. Berry Watson was assisted by Rev. Marvin Brotherton, Methodist pastor, in officiating.
Funeral arrangements were supervised by Eudy-Seale Funeral home, and following the service, the body was conveyed in a Eudy-Seale car to Albuquerque, N. M. where graveside services were held at 4 p. m. Wednesday afternoon, and burial made in Sunset Memorial Park there. The body was laid to rest by the side of his wife, who passed away on March 22.
Pallbearers who served in the service here were: James Taylor, C. W. Giesecke, Jr., Charlie Meador, J. E. Jameson, Bert Ezzell and James Renfro.
Mr. Taylor was born in Tenn., October 1, 1876 and died June 16, 1952, at the age of 75 years, 8 months, 15 days. He had been a resident of this area for about 10 years. He was married to Miss Julia Massey, July 25, 1893 at Deport, Texas.
Survivors are four daughters and one son: Mrs. C. D. Parsons and Mrs. Sam Conder of Albuquerque, N. M.; Mrs. W. E. Liner Grand Prairie, Tex.; Mrs. Leo Conder, El Paso, and W. E. Taylor of Matador. Seven grandchildren, 13 great-grandchildren and 3 brothers and one sister also survive.

HOME FROM BRIDGEPORT

Rose Carolyn Donovan, who has been visiting at Bridgeport as guest of Mrs. George Parkhill, is spending several days at home here while Mrs. Parkhill is attending to business matters in Crosbyton. They will return to Bridgeport next week.

FORMER RESIDENT CLAIMED BY DEATH

Word was received here this week advising of the recent death of L. D. McCarty, 58, of Irving, Texas, formerly of Matador.
Mr. McCarty died Saturday morning in a Dallas hospital. He had been in ill health the past several months. He was a purchasing agent for Central Freight Lines, Inc. in Dallas, and while living here, was employed as mechanic for Jameson Machinery company.
Funeral services were held at 2 p. m. Monday, by the Rev. C. E. Colton, pastor of North Temple Baptist Church, Dallas, and burial was in Restland Memorial Park.
Lewis David McCarty was born Aug. 16, 1893, in Odell, Ill. and later moved to Michigan. In 1928, he settled in Oklahoma and then came to West Texas about fifteen years ago. He moved to Dallas in 1941, and returned to Motley county several years later, residing here until about two years ago when he moved to Irving.

Surviving are his wife; a son, William Lewis McCarty of Irving; three daughters, Mrs. Robert Colvin of Grand Prairie, Mrs. Finton F. Winters of San Antonio, and Mrs. H. D. Pinkerton of Dallas; a brother, Charles E. McCarty of Sacramento, Calif., and five grandchildren.

VFW Wilts Under Fire Boys Barrage

Veterans of Foreign Wars softball team wilted under heavy fire from the Matador Volunteer Fire Department's hard hitting nine here Tuesday night in the first softball game in the Matador League. The Fire Boys team left the vets in the third inning when they chalked up 14 runs, however the VFW team revived to a near comeback when they brought in four runs. The final score was 23-6 favoring the firemen.
Played On New VFW Field
The seasons first game was played on the newly built lighted ball-ground at the VFW home. A slight admission was charged and will continue until the field is paid for, at which time it will be used as a Boys Club Project.
"We hope all of Matador is as proud of our new baseball field as the VFW members, and we sincerely hope that everyone in the county will consider it a worthy project," L. M. Cox, commander of the VFW Memorial Post here, said. "When the field is paid for we expect to conduct a real all-out youth program that the county will be proud to have."
