

Cotton Insurance Pays \$265,146

Up until Wednesday, \$265,146 in cotton indemnities was paid to farmers of Motley County by the AAA office, and the total amount to be paid will probably reach the half-million mark, according to Marvin Allen, AAA administrative officer.

Earlier in the week \$237,012.78 had been paid, but Wednesday's applications boosted the amount to \$1,893,900 paid to each insured cotton producer was not reduced, Allen said.

The money paid out on cotton damage was to cover 140 of the 429 farms insured, AAA records revealed. A total of 318 producers are operating the 429 insured farms.

Payment on the remainder of the farms should be completed within a few days, Allen said. Motley county's cotton has seen damage by every conceivable form of disastrous extremes in weather this year, Al-

len said, and a "bumper" crop of insurance applications are expected for the next season. The deadline for applying for the insurance is January 31, 1947, according to AAA requirements.

Legion Outlines Armistice Plans

Coyote Gets Brave, Pulls Raid In Yard

Motley County's coyotes, creatures who seldom venture within 100 yards of a residence, are becoming braver. At least, Bennie Keltz Jr., Whiteflat, shot one within 10 feet of his kitchen door Friday.

Keltz was awakened early Friday by noises in his garage which houses two half grown pups and some kittens. Upon the opening of the garage door, the household pets sped out, and a full grown coyote followed in a trot.

Keltz's first shot, made from a distance of three feet, missed. But the second, made at a 10 ft. range, killed the predatory animal.

The only damage caused by the coyote was the killing of one chicken.

R. A. M. TO MEET MONDAY

The R. A. M. Masonic, will meet in the lodge hall in regular meeting Monday evening, Oct. 14, at 7:30 o'clock, it was announced this week.

Parade Will Open Day's Activities

Matador's Armistice Day observance will begin with a military parade on November 11 sometime near 10 a. m., according to tentative plans made by the Fleming Post, American Legion, at a meeting held Tuesday night in the Matador High School gymnasium.

L. B. (Bob) Robertson, general chairman of the plans, said that the parade would be followed by an out-of-town speaker who is yet to be named.

After the speaking, veterans of both world wars will give a bar-be-que for veterans and their immediate families, and Gold Star mothers and their immediate families.

Next on the program will be a carnival with veteran personnel which will be held on the courthouse lawn. Robertson said that an automobile will be given away by the VFW post sometime in the late afternoon, and the observance will close after some sort of night entertainment.

17 YEARS BOOST PRICE OF SEWER

Seventeen years ago, the week of December 3, 1929, according to the old Motley County News file, Matador's city council voted unanimously to submit to the city's voters a proposal to purchase the Southwestern Sewer Company's property, which still serves the city.

The proposed selling price was then \$36,000. A few weeks ago, the same company offered to sell the same property, which has aged 17 years, for \$39,000. The offer was turned down.

TWO NOVEMBER ELECTIONS DUE

Motley County residents will vote in two state elections next month, one on November 5, and the other on November 7.

The November 5 election will be the general election in which candidates nominated in the primary election will be voted on. The other election will be held two days later on a proposed constitutional amendment calling for a state land fund to be used in purchasing land to sell to veterans of World War II.

Also to be voted on in the general election will be three proposed constitutional amendments. One of the proposals calls for taxation of petroleum products for the purpose of obtaining highway funds, another calls for the appropriation of \$75,000 to pay claims incurred by John Taitton Agricultural College, and the third proposed amendment provides for retirement, disability and death compensation fund for state appointed and county appointed employees.

J. D. LAWRENCE BURIED FRIDAY

Final rites were held for John David Lawrence, 86, from the First Baptist Church, at 3:30 Friday afternoon, October 4, by a pioneer pastor of this church, Rev. J. R. Balch, now pastor of the Baptist Church of Seymour. Assisting was Rev. Elrod, pastor of the Baptist Church of Silvertown.

Rev. Balch was pastor here when Mr. Lawrence moved to this community to make his home, 30 years ago.

Pall bearers were the following grandsons: Dud Stafford, Fred Lawrence, E. D. Lawrence, Givens Lawrence, Clyde Lancaster and Lloyd Stafford.

Granddaughters served as flower girls. They were: Mrs. Billie Koon, Mrs. Estelle Jameson, Mrs. E. D. Lawrence Jr., Miss Ollie Sue Lancaster, Mrs. Addie Lee Wisdom, Mrs. Dud Stafford, Mrs. Mrs. Peggy Lawrence and Mrs. Ruby Beauchamp. Assisting them were Mrs. Noble Groves and Misses Avis and Melba Kimbell.

Bryan McDonald & Son Funeral home was in charge of arrangements.

Born in North Carolina John David Lawrence was born in North Carolina July 10, 1858. See LAWRENCE Back Page

TRAIL DUST

By DOUGLAS MEADOR

All that man has learned is that a drifting raindrop falling into the sea of Divine Intelligence.

Many fires of ambition are doomed to perish because the soldiers have not remembered to require constant fuel.

My lassitude is a mire that clings to my boots when the rains are a bend leaving the shadows behind.

Ghosts of the past linger at phantom doors which were once portals to happiness, but if the threshold is opened it leads but to emptiness; the terror of the looking back at life.

Bouncing like a silver ball on carpet of clouds in the autumn light, the moon rolled into a cluster of shadows and waited for the winds to scream its discovery. But the night wind, like a jealous lover, grew sullen and vanished into the bachelor solitudes of space.

Too much of my time is squandered in the luxury of purposeless thoughts and my income of leisure is inadequate for the budget. As an example, I am never positive whether I am stronger in my greatest weakness, or weaker during my hour of greatest strength. It is not important except that I manage to maintain some semblance of balance.

Death courts life in a gentle but persistent manner, knowing with the confidence of a handsome man, that surrender will come in the hour he chooses.

My sympathy goes to the young who are afraid of life without knowing that once they taste its full sweetness they will hunger for enough of it to satisfy desire, without knowing that there is not enough.

When we shock our dreams in the stubblefield of another season and the vines of vain desires become black from the ruthless blades of frost, there is yet the blue skies of October and the rustling of the autumn wind. A wedge of geese on ancient, intangible trails in the heavens. Hope is bread and wine to the heart.

Tossing the flaming scarf of clouds into the sky, day, like a girl and lovely girl, raced out the portal of sunset, leaving memories of laughter and beauty in a golden wake.

It is easier to fail while trying to succeed, than in devoting an undivided effort to the scheme of failure.

Only the behavior of human beings makes prayer a necessity.

Many inventions have been abandoned before their full possibilities were exhausted. The national debt if the inventor had placed them in a booth so that women could weigh in privacy.

In the collar-button and buggy whip days I used to believe that happiness was merely an accessory. It is amazing how stupid a man can be and still survive.

Matadors Set For Clash With Spur

Coach Brady Thomas sent his gridmen into light drills today in preparation for the contest with Coach S. T. Hawkes' Spur Bulldogs scheduled for 8 p. m. Friday on Burleson Field.

Both teams suffered defeats last week end. Spur bowed to

Final Drive For USO is Scheduled

Perhaps you have forgotten about the USO. It was a part of the nation's great war machine that rolled to victory during four fearful and bloody years. The USO provided a haven for millions of servicemen. It was supported by contributions from the pockets of the folks at home.

The USO has not ceased to operate and it is still vital to hundreds of thousands of men in uniform throughout the world.

The USO (Combined in United War Fund during the past three years) has never failed to receive an over-quota subscription in Motley county, although some of the war years' quotas were as high as \$3,000. The USO is making its final drive to serve men still in uniform (Motley county has an estimated 100) and the wounded still in hospitals. The county's quota is only \$450, approximately 10¢ for each man, woman and child.

J. R. Whitworth, assistant cashier at the First State Bank is county chairman and has announced the drive to open Oct. 21.

Mr. Whitworth accepted the place last week. He will be aided in publicity by Douglas Meador.

Contributions may be made directly to Mr. Whitworth and credit will be given the community from which they are received. Complete plans to raise the quota will be announced in the Tribune's next issue.

Ex Highway Worker To Manage Agency

Harold Blair, resident of Matador for two years and former state highway department employee for 14 years, has been named as manager of the Matador Hardware's International Harvester agency which is scheduled to begin operation within two months, according to Claude Harp, owner of the concern.

During his two years in Matador, Blair was a maintenance patrolman for the highway department and was assigned to Motley County. He resigned September 15 to accept the managership position.

John C. Reynolds, Dickens, has been assigned to Blair's old highway position. Mr. and Mrs. Blair and their 4 year-old son, Jimmie, have recently moved into a new home in north Matador.

Lions To Meet In Regular Luncheon

Lions members are reminded of regular luncheon meeting which will be next Tuesday at 12:30, in the basement of the Methodist church.

Aid Is Asked For School Lunchroom

An appeal for fruits and financial aid was issued this week by officials of the Matador High School lunchroom.

Lunchroom records reveal that approximately one-sixth of the lunches are served free to needy children of the county, and that the rest of the lunches are sold for 20 cents, about one-third of the cost of downtown meals.

A profit of \$2 was shown in last month's operation, but this did not cover \$38 which was spent on equipment, according to Bert Ezzell, superintendent.

In the line of fruits, most needed are pears, apples, peaches, and other fruits which can be used for canning or pie making. Mrs. Marvin Allen, lunchroom supervisor and home economics teacher declared.

Any fruit contributions will be canned by the home economics classes, Ezzell said.

The appeal for financial aid was instigated after several persons had suggested the measure. The nine-cent refund given on all lunches is not sufficient to cover the lunchroom's operation, according to Ezzell.

Persons wishing to make financial or material contributions may obtain details from school officials, or officials of the P-T-A. sponsors of the lunchroom program.

Motley Veterans Await Leave Pay

Motley County World War II veterans this week were preparing to receive their portion of the \$2,800,000,000 in enlisted men's terminal leave pay which congress will parcel out soon.

The first to receive word of the coming pay was William T. Harmon, state highway department employee, who served 42 months in the Army as a staff sergeant in the G-2 (Intelligence) division.

Harmon estimated that the pay due him will amount to \$500, which will be paid in bonds, redeemable in five years.

Among other Matador veterans looking forward to their leave pay are Marvin Allen and Knox Jameson. Allen served in the censorship division of the same outfit which Harmon was in.

Harmon spent 18 months of his time in Hawaii, and the remainder in hopping around to such islands as Guam and Saipan. His island hopping usually landed him on these Jap infested islands two weeks before the Army did. His job was to spot gun positions and relative strength of the enemy.

SERVICES TO BE HELD SUNDAY AT BAPTIST CHURCH

A supply ministerial student from Wayland College, Plainview, will preach at both morning and evening services at the Baptist Church Sunday, according to an announcement made Tuesday by the pulpit committee.

Grade School Team Seeking Contests

Gridmen of the Matador grade school are seeking opponents for games, according to George Mills, coach and principal of the youngsters.

Mills said that his team has been working out for four weeks but has been unable to schedule a single game. The crew averages a 110 pound weight, and other schools interested in playing or scrimmaging the team should contact Mills at the Matador grade school.

Panhandle Saturated By Torrential Rains

LAND OF EXTREMES the Panhandle of Texas is a quagmire. Six weeks ago it was a thirsty land tortured by one of the most severe droughts in its history. Crops had burned in the fields, range grass had vanished, many cities were gulping

Discounts To Go To Early Tax Payers

School taxes of Motley County will be paid on the same tax receipt as the state and county taxes, according to H. H. Courtney, sheriff, tax assessor and collector.

The new ruling is effective for all Motley communities except the school districts of Dumont and County Line, Courtney said.

The paying of the school taxes with the state and county taxes is a result of the recent consolidation and annexation elections, and is the first time the procedure has been used in numerous years, county officials declared.

According to an advertisement printed elsewhere in this issue of the Tribune, a three per cent discount on taxes will be given for taxes paid by November 2, and a two per cent discount will go to those paying their taxes by December 2, and a one per cent discount will be given tax payers who report by January 1.

Volunteer Firemen Elect New Chief

Freddie Welling, 4-year veteran of Matador's volunteer fire department, and formerly its assistant chief, was elected chief of the group Thursday morning at a breakfast in Marvin's Cafe.

Welling succeeded Lloyd Fulkerson, who had acted as chief for the past year.

Other officers elected during the meeting were Howard Edmondson, assistant chief, and Roy Smith, lat Twister.

The resignation of Earl McBride, secretary-treasurer, was voted down by members of the department.

Choir Elects Officers

At a business meeting of the Methodist choir, held October 2, the following officers for the year were elected: Choir Director, Mrs. G. E. Hamilton, President and assistant choir director J. R. Whitworth; secretary-treasurer, Mrs. A. J. Daffern; pianist, Miss Roberta Jameson.

Hot Check Warning Issued Merchants

A warning to Matador merchants to watch for a bogus check artist was issued this week by Tom Hamilton, secretary-treasurer of the Matador N.F.L.A.

Nine drafts, ranging in amounts from \$18.75 to \$19.85, have been issued on the Federal Land Bank of Houston by an operator using the name "William Joe Cook," Hamilton said.

The checks were supposedly cashed by merchants and banks in towns from Canadian in northwest Texas to Linden in northeast Texas, according to information received by Hamilton.

Hamilton declared that the drafts were drawn on "mortgage (correct) 156" of the Houston bank, and that a check had revealed that there is no such account.

Crosbyton Chieftians Outscore Matadors In Conference Opener 19-12

Matadors Strymied by Tricky Strategy; Fail To Overtake Early One Point Lead

Matador High School's gridiron team dropped their first conference game to the Crosbyton Chieftians 19-12 last Friday night at Burleson Field.

Of the numerous pro and con arguments as to why Matador lost the contest, only one seems to hold water. The best theory advanced is that Matador lost the game because Coach Dub Berberend's men crossed the goal line more times than did Coach Brady Thomas' Matadors.

In any event, the Chieftians knew where to hit the hardest, and even succeeded in stopping the cagy Bonner Nelson, but not before he scored Matador's 12 line points.

Some unusually tricky and complicated plays were uncoerced by the Chieftians, the experience of which should be beneficial to the Matadors this Friday night at Burleson Field when they meet Coach S. T. Hawkes Spur Bulldogs.

According to local gridiron depsters, the Spur battle is supposed to be one very difficult contest.

Matador-Crosbyton Game

Fullback Billy Joe Stephens opened the game by a kickoff which bounded behind Crosbyton's goal line. Fullback Zane Williams picked up the ball from this point and got to his 10 yard line.

Crosbyton picked up one first down by running plays, but was forced to punt on the fourth down of the following series of downs.

The fourth down punt was blocked by Center R. C. Giesecke, and Left End James White pounced on the ball on Crosbyton's 10 yard line.

Halfback Tom Rufus Edmondson gained five yards on the first running play, and Halfback Bonner Nelson scored

out-of-bounds on Matador's 20 yard line.

A gainless running play and an incompletd pass ate up Crosbyton's first two downs, but a third down pass from Williams to End James Moore was good for a tally. An attempted field goal failed.

The first half ended 14 plays later with the score 13-6 in Crosbyton's favor. During those 14 plays, Matador picked up one first down but was held inside their own 30 yard line. Crosbyton reached Matador's 18 yard line before the half ended.

Third Quarter

Intermittent rains which had spotted the game's first half began in earnest during the scoreless third quarter. Both sides lost ball possession twice thru fumbling of the slippery pig skin.

Matador's three first downs were the only ones made in the quarter. Excluding punts, Matador's deepest penetration during the period was to Crosbyton's 40 yard line. Crosbyton touched the Matador 45 yard marker.

Final Quarter

On the first play of the fourth quarter, Matador had ball possession on Crosbyton's 30 yard line where they had recovered a fumble the play before. However, the Matadors lost the ball on downs close to the 21 yard line.

Crosbyton again lost ball possession on their 30 when Halfback Wayne Houser fumbled a forward pass from Simmons.

Nelson picked up a first down on the next play, and another on the third ball-snap when he streaked to Crosbyton's seven yard line. After an incompletd pass, and a gainless line play, Edmondson flipped a pass to Bonner for another tally. Again the attempted field goal was no good.

Crosbyton's final score came late in the game shortly after

Matador lost ball possession on their own 25 yard line by virtue of an incompletd fourth down pass.

The Chieftians picked up two first downs and worked down to Matador's one foot line for one down. Simmons scooted across the goal on the next play for the game's final score. An attempted field goal was no good.

The ball game's last play was the following kickoff. Nelson took from inside his five to the 25 yard line.

TEXAS STATE FAIR WILL FEATURE LAVISH FIREWORKS

The most lavish and spectacular fireworks display ever witnessed in the Southwest will close each night's entertainment program at the State Fair of Texas, held at Dallas, Oct. 5-20, announced W. H. Hitzelberger, executive vice president and general manager of the State Fair Association.

New and novel innovations and effects will turn the Lagoon area of the State Fair into a fairyland of colored fire against the black night sky. Dazzling set pictures, including the old favorite, Niagra Falls, aerial bombshells in color, optical illusions, flashing wheels of fire, whirling dervishes in the sky will be produced. Comedy numbers will be included.

A finale of aerial bombshells will paint the clouds with every color of the rainbow as the American flag waves in flashing

AVERAGE AMERICAN MAKES MORE BUT SAVES LESS STATISTICS REVEAL

The average American, statistically speaking, is making more money today than he ever did—but he is also borrowing more and saving less.

Based on figures for the nation as a whole, here's the picture:

Charge accounts are being used with a more lavish hand than ever before.

More merchandise, such as automobiles, furniture, radios is being bought via the installment route than at any time since 1942.

Business Expansion

Banks, loan companies, and other credit outlets report that their business has expanded to near pre-war levels.

The nation is spending more money than it ever did—soaring department store sales are an example—but the nation isn't saving as much as it did when income was smaller.

The latest official report puts income payments to individuals at an annual rate of \$161,000,000,000 during the second quarter, the highest since the war-time peak hit in the first half of 1945.

Income Payments

Income payments today, according to estimates by some economists, have stepped up to an annual rate of nearly \$165,000,000,000.

lines of flame. Feature numbers will be changed nightly to afford visitors a complete variety, Mr. Hitzelberger said.

000,000,000, which would be the highest on record.

This total includes wages and salaries, dividends and interest, net rents received by landlords and other types of individual income.

Consumer credit of all types has a considerable distance to go to reach the robust total of nearly \$10,000,000,000 outstanding in 1941. But in June this year, the total had reached about \$7,755,000,000. Since June further expansion has occurred in the opinion of most observers.

Record Charge Accounts

Charge accounts, topping \$2,000,000,000 in April for the first time, have continued to rise. In June a year ago they were down to \$1,544,000,000.

Consumer loans, at \$1,864,000,000 in June, had edged close to 1941's peak of \$2,180,000,000. Some claim the record has been surpassed since then.

Expected Splurging

One government agency said a few days ago individuals might draw \$10,000,000,000 to \$15,000,000,000 from savings and spend it during 1946.

This does not mean that the public is going to the dogs in an orgy of borrowing. Compare the total consumer credit outstanding with national income—\$7,775,000,000 against \$165,000,000,000, or roughly 5 per cent of annual income.

DR. COX ADVISES EARLY TREATMENT FOR PYORRHEA

Contrary to the popular belief that pyorrhea is incurable, this is only true in the most advanced cases. Dr. Geo. W. Cox, State Health Officer, advises those persons who even suspect the presence of pyorrhea to take time by the forelock and seek an early diagnosis from their dentist so that proper treatment can be instituted while the disease is still curable.

"Early detection and proper treatment of pyorrhea represent the formula for a successful cure. This means that the dentist must have an opportunity to discover the presence of the disease at the earliest possible moment since the symptoms are often so vague that the patient is unaware of its existence," Dr. Cox said. "Regular visits to the family dentist are therefore extremely important."

The treatment of pyorrhea is not an involved procedure. In the average early case one of the main therapeutic features is the proper hygienic care of teeth and gums as outlined by any reputable dentist. Carelessness regarding mouth hygiene is usually the basic cause for the condition.

NOTICE OF ELECTION

Pursuant to the Election Proclamation issued by the Governor of Texas, notice is hereby given that a SPECIAL ELECTION will be held on Thursday, the Seventh Day of November, 1946 in all election precincts in the County of Motley, State of Texas for the purpose of voting for or against the adoption of a pro-

posed amendment to the Constitution of the State of Texas as follows:

Proposing an amendment to Article III of the Constitution of the State of Texas by the addition of a new Section to be known as Section 49-b, creating a Veteran's Land Board, and providing that the Legislature shall provide by law for the issuance by said Board of not to exceed Twenty-five Million Dollars (\$25,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Vete-

ran's Land Fund.
(Seal) Wm. R. Cammack,
County Judge,
Motley County, Texas
3tc. 10-24-46

NOTICE OF ELECTION

Pursuant to the Election Proclamation issued by the Governor of Texas, notice is hereby given that a GENERAL ELECTION will be held on TUESDAY, THE FIFTH DAY OF NOVEMBER, 1946, in all election precincts in the County of Motley, State of Texas for the purpose of voting for United States Senator; Member of Congress, 18th District; Governor; Lieutenant Governor; Attorney General; Three Associate Justices of the Supreme Court; Judge of the Criminal Appeals; Railroad Commissioner, Regular Term; State Comptroller of Public Accounts; Commissioner of General Land Office; State Treasurer; State Superintendent of Public Instruction; Commissioner of Agriculture.

*One Associate Justice of the Court of Civil Appeals for the 7th Supreme Judicial District.

Senators and Representatives and District Judges and District Attorneys as named in the Governor's Proclamation, and such County and Precinct Officers as the law requires to be elected, and for or against three amendments to the Constitution of the State of Texas, as follows:

Amendment authorizing the Legislature to appropriate Seventy-five Thousand Dollars, or so much thereof as may be necessary, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on its campus.

Amendment to Article 16 of the Constitution of the State of Texas, by adding thereto Section 62 providing a Retirement, Disability and Death Compensation Fund for the appointive officers and employees of the State; Authorizing counties to

provide and administer such a Fund for appointive county officers and employees after favorable vote in a county election for such purposes.

Amendment to the Constitution of the State providing that subject to legislative appropriation, allocation and direction all net revenues derived from taxes, except gross production and ad valorem taxes, levied on motor fuels and lubricants and motor vehicle registration fees shall be used for the sole purpose of acquiring rights-of-way for and constructing and maintaining public roadways; and the administration of laws pertaining to traffic and safety; and for the payment of principal and interest on certain county and road district bonds or warrants; providing that 1/3 of such net revenue from the motor fuel tax shall be allocated to the Available School Fund; providing a minimum limit of revenue that each county shall derive from motor registration fees; and negating any interpretation of this amendment as authorizing the pledging of the State's credit for any purpose.

Good Results Seen In Cotton Dusting

By Rufus Emmons
Motley County Agent

Herman Havis, farmer and ginner of Roaring Springs, dusted a few rows of cotton with cyanamide or leaf defoliant and has received some very good results; enough that he and his neighbor, Charles Long have dusted about 50 acres each.

After applying 30 to 40 pounds per acre the leaves will fall off from 5 to 10 days. This is well worth the investigation of all farmers of Motley County especially those that have early cotton and the cotton has put on all that will make. Due to the late and excessive rains the cotton has put on a large growth of leaves which will cause a late harvest which will probably be two weeks after killing frost.

The defoliant was applied by a regular cotton duster used in poisoning for insects. The defoliant should be applied at night when there is little wind and when dew is on the cotton.

The advantages of the application of this material is that the cotton will have better grade if the cotton is mature, only one picking will be necessary which will save the farmer money since only one harvest will be necessary.

With a big infestation of boll weevils the defoliant will check this damage, and cotton that has been defoliated will be much more attractive to cotton pullers. The disadvantages are after leaves have fallen off and cotton is open, a hard rain would damage the open cotton, and if

COUNTY TO TEST COWS FOR BANGS

Five cases of undulant fever have been reported by the county's hospitals, and plans are being made to have Motley County cattle tested for Bangs disease, the cause of the fever, according to J. R. Emmons, County Agent.

Charges of one dollar per head will be assessed on lots of three cows tested, and a \$1.50 and \$2.00 charge will be made on double and single tests.

A state law requires the tests to be made, according to Dr. A. C. Traweek Sr., county health officer, and those cattle giving positive reactions are to be sold for slaughter purposes only. The customary letters and cards reminding producers of the tests will not be mailed out this year, and those wishing to have their cows tested should contact the county agent's office, Emmons declared.

"All cafes, drug stores and other commercial users of milk should request that their producers have their cows tested for the disease," Dr. Traweek said. "Even the producers themselves, particularly those who sell to school lunchrooms, should request the tests."

There has been no unusual amount of bangs disease showing up this year, according to Emmons. Only three reactors were found in 54 head of Roaring Springs cattle tested recently, he said.

Health Officers Seek Motley Rats

Rodents were the object of two state health officers Monday when they reported to the office of County Agent J. R. Emmons.

Emmons said that the two men will take rats, prairie dogs, and other rodents from the county and check them for various diseases.

Previously, fleas taken from rats at Amarillo gave positive reactions to bubonic plague tests, according to state health officials.

REDDY KILOWATT'S five year war record stands out as one of the great industrial achievements of all time. During this period, more than eleven million kilowatts of generating machinery were installed and \$3,000,000,000 was spent for power stations, transmission lines and other facilities.

A total of 300,000,000,000 kilowatt hours of electric power was generated for war purposes, of which the business-managed, tax-paying electric companies supplied 83 1/3 per cent.

Revenue from the sale of power generated for war purposes amounted to \$2,350,000,000 and almost the same amount, \$2,194,000,000 was paid in direct federal taxes.

Oh, yes! During this five year period, price of electric services by business-managed electric companies was reduced by 11 per cent.

That's freedom of enterprise at work when all the cards are down.

West Texas Utilities Company

SALE OF POOLED LOAN COTTON IS BEGUN; MOST OF 1941-1943 BALES ALREADY SOLD

Loan cotton pooled by the Credit Corporation immediately after the war years is getting a new lease of life, according to a letter from the U. S. Department of Agriculture received by Elbert L. Lera, secretary of the Motley County Farm Bureau. Most of the 1941, 1942 and 1943 loan cotton has been sold and completion of the sales will probably be effected this year, the letter stated. Sale of the 1944 cotton has just begun. Cotton which has been earmarked for sale includes the 1941 loan cotton which was not sold by September 15, 1943; the 1942 loan cotton which was not redeemed by August 15, 1944; the 1943 loan cotton which was not redeemed by August 1, 1945; and the 1944 loan cotton which was unredeemed by July 1, 1946. George J. Lera, Department of Agriculture administrative officer, and author of the letter, advised that the agricultural department was not able to tell exactly when the liquidation of the pools would be completed, or when sums due producers or cotton cooperative associations would be paid.

Saturday, October 12 Will Be Matador Day At South Plains Fair At Lubbock

Saturday, October 12, has been designated as Matador Day at the 29th Panhandle South Plains Fair which opened Oct. 10, according to information received this week by fair officials. Opening night was devoted to a "Welcome Home" program, and main attractions of the evening from October 11 through the 12th, will be a Buckle-up Rodeo.

MOSS AND MEADOR NAMED ON TECH STUDENT COUNCIL

Boyle Moss of Roaring Springs, and Joe B. Meador of Matador, were among students elected as representatives to the student council of Texas Technological College, Lubbock, from the five academic divisions of the school, last week. The new representatives, elected on the basis of enrollment in the respective divisions, were chosen Tuesday and Wednesday in a campus election. Forty-five candidates were in the running. Moss, a sophomore, was one of the representatives named in the division of engineering, largest of the college this year for the first time in the institution's history, while Meador, also a sophomore, was one of five chosen to represent the arts and science division.

SELECT YOUR PHYSICIAN WITH CARE AND CONFIDENCE

The study of medicine is a selective process in itself. Seven years of intensive study in college, plus one year of practice in a hospital, are the minimum requirements. It is wise to trust your precious health only to a conscientious physician of recognized standing. Avoid the quack, the charlatan, the "cure all" type of doctor. Almost invariably they do more harm than good. Select your physician as you should your pharmacist—with care and confidence. When your physician writes a prescription, bring it to us to be filled. We are specialists at this work.

CITY DRUG STORE
R. M. STANLEY, Manager

MEADOR IS NAMED CHAIRMAN COUNTY GOOD ROADS COM.

AUSTIN, Texas, (special to the Tribune). Douglas Meador, enthusiastic Motley County good roads advocate, has been chosen Chairman of the Motley County Good Roads Amendment Campaign Committee, it was announced recently by Charles E. Simons, executive vice-president of the Texas Good Roads Association.

Appearing on the ballot in the November 5th General Election as Amendment Number three, the Good Roads Constitutional Amendment guarantees the availability of motor vehicle registration fees and gasoline taxes exclusively for road purposes, with the exception of one-fourth of the gas tax which will continue to be allocated to the Available Free School Fund.

"His deep interest in better and more improved highways and farm-to-market roads was the primary factor in his selection to head the Motley County campaign," Simons said. Simons also pointed out that the Texas Safety Association, Texas Farm Bureau Federation, State Board of Education and thirty other state organizations have adopted resolutions strongly endorsing the amendment.

"With so many outstanding organizations backing the Amendment," Simons continued, "we feel that every citizen in Motley County should be fully informed of the provisions of the measure and the benefits they will derive from it. For this reason, we have selected Meador to head the Motley County committee and direct a vigorous educational campaign to point out the merits of this amendment."

Chief purpose of this proposal it was emphasized by the Good Roads Association executive vice-president, is to assure the ultimate construction of rural mail and school bus routes, and all-weather farm-to-market roads. Also, it will insure improvement, maintenance and policing of all roads and urban traffic-ways.

RESOLUTIONS ADOPTED BY THE BOARD OF DEACONS CONVENED IN A REGULAR MEETING HELD IN THE PASTOR'S STUDY ON SEPTEMBER 29, 1946

Whereas, Rev. H. G. Verner submitted his resignation as pastor of the First Baptist Church at Matador, Texas, and

Whereas, the said First Baptist Church has accepted same, and

Therefore, Be it Resolved, that it is the sentiment of the Board of Deacons of the said First Baptist Church, that during the 2 1/2 years pastorate we have found him to be an outstanding Christian gentleman, a tireless worker as pastor for the advancement of our Lord's program, a preacher sound in his Theology, tactful in his administration of church government, and faithful to his ministerial calling.

That in the going of Bro. Verner and his esteemed family, we the Board of Deacons desire to extend to him our sincerest well wishes and pray God may abundantly bless them wherever they may be called to serve.

Respectfully submitted, Board of Deacons, First Baptist Church Matador, Texas.

Rev. and Mrs. W. M. Vaughn of Muleshoe, former Matador residents, visited here this week with their son and family, Mr. and Mrs. Marvin Vaughn.

From where I sit... by Joe Marsh

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.

If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

Joe Marsh

FARM NEWS BY MARVIN ALLEN Motley County ACA Administrative Officer

Fire Prevention Week
The week of October 6-12 has been proclaimed "Fire Prevention Week" by the President of the United States. The President asks every citizen to do his part in learning to detect and eliminate all possible causes of fires in his home and in his business in order to safeguard both lives and property.

There are over 1,000 fires a day in American homes, a large percentage of them in farm homes. In too many cases a farm fire is the first stepping stone in the gradual economic breakdown of a thriving farm unit. The loss of necessary food supplies and the money cost of replacing destroyed buildings are hurdles that many farmers, no matter how willing or how enterprising, can never completely overcome.

There is double tragedy when fire hits the farm home—the direct loss of life, property, and income and the resulting loss of food to the hungry people of the world. Fire cannot be completely eliminated in a single week. But "Fire Prevention Week" gives each citizen the occasion to acquaint himself with the disruptive effect of fire, to arouse himself to effective action in preventing and protecting against fire, and to initiate fire safety programs that can continue throughout the year. Remember the best way to fight fire is to keep it from starting.

Indemnity Payments
Indemnity payments on cotton insurance losses in the exact amount of \$237,012.78 was received by 123 Motley County cotton farmers this week. This would average over \$1,900.00 each. All claims on losses to date have been sent in and payments should be received on remainder claims within the next few days.

Our county judge thinks the insurance program is O. K. He let it be known last week that the insurance program, administered by the AAA office, had saved the county this year. In fact, he says that some are even paying their taxes that could not have done so otherwise.

Income Is Raised By Winter Legumes
Records of hundreds of farm demonstrations show that farmers who make full use of winter legume for soil improvement are making highest yields of cotton, peanuts and grain sorghums. They are also the ones who are doing the best job in balancing farm programs with livestock, as well as making the greatest increases in income.

Farmers have learned by experience the value of winter legumes in improving their soils. Last fall over 10 million pounds of winter legume seed were planted in the south and indications already point to a big increase in the poundage to be secured this fall with Motley County doing her share. For our records show that over 30,000 pounds of australian winter pea seed will be planted this fall. Results of experiments and demonstrations in Texas are convincing evidence that it pays to plant fertilizer and inoculated legumes for soil improvement.

RETURN FROM CHICAGO
Mr. and Mrs. Clarence Kifer returned home from an extended trip to Chicago, Illinois, and other points east. Accompanying them home was Mrs. Kifer's mother, Mrs. L. E. Boshears, who has been visiting in Madison, Wisconsin since June, also an aunt, Mrs. Ida Ryan of Gordon, Arkansas.

Roaring Springs NEWS By LULA M. SWIM

Mr. and Mrs. W. M. Bailey are visiting in Fort Worth this week. Mr. and Mrs. J. N. Fletcher attended a star Route Convention in Lubbock Sunday.

Mr. and Mrs. Gene Wall of California are visiting in the home of his sister and family, Mr. and Mrs. Ed. Smith this week. Mr. and Mrs. Tom Swim and Lula Mae visited in Baird over the week-end.

Mr. and Mrs. G. C. Sanders returned home this week after visiting the past two weeks in Venice, California. Mr. and Mrs. Dorman Prather of Fort Worth are visiting in the homes of Mr. and Mrs. L. E. Kingery and Mrs. Mae C. Fletcher this week.

Mr. and Mrs. J. W. Cooper visited their daughter and family in Portales, New Mexico over the week-end. Supt. and Mrs. Henry Teague visited in Crowell over the week-end.

Mrs. G. W. Green arrived here this week to visit her father, D. Holt, also her husband who has been working here the past three months.

H. Wedeman Is Visitor
Houston Wedeman of Fort Worth was a visitor here Tuesday as he was enroute to Flo-mot and Panhandle, to visit relatives. Wedeman is a former Matador grid star and was acclaimed one of the best all-around athletes and students of the school while here. He was a star player under coaching of Harvey Stanford, back in the early '30's. Recently discharged from the armed forces after having spent 3 1/2 years in the South Pacific, he is now employed by Swift and Company.

TO ODESSA
Lloyd Fulkerson has recently accepted a position with a gas concern in Odessa, and left recently to assume his duties there.

DO YOUR Farm Buildings SHOW A PROFIT?

Poor farm buildings definitely lower profit on the farm. It's good business to invest in properly constructed buildings that combine utility, durability and flexibility! Lumber is the ever-modern material for farm and home building, easy to work with, to alter, to enlarge. Unusually heavy demands keep building material stocks low, but more and more lumber is being produced. As it is received, we will do our best to take care of your needs. We are eager to help you solve your farm building problems. Let us get together and talk over your plans.

EASTERN STAR HOLDS ANNUAL BANQUET AND INITIATION CEREMONY THURSDAY

Regular meeting with initiation ceremonies was held in conjunction with its annual banquet, by Eastern Star Lodge last Thursday evening in the Masonic hall.

Tables were attractive in a motif featuring autumn, with fall leaves scattered the length of fall flowers, and cornucopias overflowing with fruit graced the tables as center pieces.

The menu consisted of Plantation chicken, orange sweet potatoes, green beans, beet salad, gingerbread and Melba peaches with whipped cream, hot rolls and coffee.

Mrs. Virginia Willie, in her charming way, acted as toastmistress. T. E. Long offered the invocation, and Mrs. Marguerite Edwards and Mrs. Grace Campbell sang a duet accompanied at the organ by Mrs. Maggie Hamilton.

Mrs. Willie's talk honored Mrs. Fannie Jenkins, only living charter member of the lodge. She then introduced Robert Reynolds of Spur, as a special guest, who made an interesting talk on Mexico City. A quartette composed of Mrs. Margaret Whitworth, Mrs. Vivian Jacobs, J. R. Whitworth and Roy Reeves, was also accompanied by Mrs. Hamilton.

V. F. W., Matador Post No. 6286, meets 1st and 3rd Tuesdays, 8 p.m., at the court room, Matador, Texas. All eligible ex-service men are invited to attend.

Sorority Chapter Meets At Paducah

Friday evening, October 4, at 8 o'clock, the Gamma Eta chapter of Delta Kappa Gamma society, national education sorority, held its first meeting of the year in the auditorium of the First Christian Church, in Paducah.

This first meeting, a business session for the planning of the year's work, was called by the president, Miss Thressia Godfrey of Matador. Other officers present were: Mrs. S. M. Jolly, treasurer; Miss Lorene Prunty, corresponding secretary, and Mrs. W. C. Stubbs, recording secretary.

The next meeting, a dinner with educational program, is scheduled for the first week in December.

The chapter takes its membership from Cottle, King, Kent and Dickens counties.

Mike Webb Given Birthday Party

A party honoring Mike Webb on the occasion of his fourth birthday, was given Monday afternoon by his mother, Mrs. Ruby Webb.

After the young guests had played a number of games, they received candy favors, and were served refreshments of birthday cake and ice cream.

The following were present: Bundy Hal Campbell, James Stanley, Kay Stanley, Charlotte and Carroll Campbell, Jo Ann and Robert Darsey, Gary Pat Jenkins, Linda Beth and Pat Seigler, Carolyn Pohl, Harry Hamilton, Tom Thomas, Johnny Bert Ezzell and James Calvin Smalley.

MRS. LOYD FULKERSON IS HOSTESS TO CIRCLE

Mrs. Lloyd Fulkerson was hostess to the Henrietta Shuck Circle of the Baptist W. M. U. Tuesday evening.

Lesson for the occasion was given by Mrs. R. E. Campbell, Jr., from the book, "The Apostle of the Chilean Frontier", on the life of the great missionary, William D. T. McDonald, which the group has been studying.

Refreshments of hot muffins and tea were served to: Mesdames Campbell, Vernon Doss, Burrell Tipton, Ben Meador, Bill McCaghren, and Howe Hines.

Mrs. Hines, circle chairman, reminded the members that general W. M. U. meeting would be held next Tuesday evening at the church, and named Mrs. Burrell Tipton as secretary for the coming year.

CARD OF THANKS

We wish to express our profound appreciation to friends and neighbors for every deed of kindness and expression of sympathy extended us during the illness and death of our loved one, and for the floral offering tendered in his memory. May God's richest blessing rest on each of you, is our prayer.

Mrs. Annie Lawrence, Marvin Lawrence and family, E. D. Lawrence and family, J. W. Lawrence and family, Mrs. W. R. Johnson and family, Mrs. J. W. Stafford and family, Mrs. Jim Lancaster and family, Mrs. J. A. Collins and Mrs. Ed New.

RECENT OPERATION

Earl Thompson underwent an operation for acute appendicitis on September 29, at Stanley Clinic, from which he is improving, and will probably be removed to his home this week.

Mrs. Marian Boggus Is Honored At Tea

The engagement and approaching marriage of Mrs. Marian Boggus to Mr. Ralph Horton of Carlsbad, New Mexico, was announced at a tea given by the bride-elect's mother, Mrs. W. W. Clements, Monday afternoon.

Table appointments, in the honoree's chosen colors of white and gold, featured a bowl arrangement of marigolds for the center piece, and white tapers in crystal holders at each end. White cocktail napkins bore the names of the couple, in gold. On the buffet were sprays of Firethorn.

Dainty sandwiches and cake squares were served with coffee, with Mrs. R. E. Donovan and Mrs. L. C. Harp presiding at the silver service.

During the reception, piano selections were offered by Mrs. G. E. Hamilton.

Calling from 4 until 5 o'clock, the following guests were registered by Mrs. Ober Johnson: Mesdames B. H. Clements, Elmer Stearns, D. I. W. Birnie, Pat Sheridan, L. R. Bishop, T. J. Daffern, L. J. Barkley, Harry Campbell, U. L. Willie, Bert Ezzell, H. C. Gilbert, Ben Meador, J. S. Stanley, Alvin Stearns and Earl Laughlin, and Miss Hauener Arthur.

Homemaking Club Meets

The Homemaking Club of Matador High School met last week and was called to order by the teacher and sponsor, Mrs. Marvin Allen, for an election of officers.

The following were elected: Frances Casey, president; Wanda Slover, vice-president; Nellie Florence, secretary; Norma Casey, treasurer, and Melba Kimbell, reporter.

MARSHALL FORMBY MARRIES RECENTLY

Mr. and Mrs. James Marcus Wells of Seale, Alabama, are announcing the marriage of their daughter, Sharleen Lucille to Mr. Marshall Clinton Formby, Jr., on Sunday, the eighth of September, at Seale.

Mr. Formby, former state senator from this district, is well-known in this area, having been reared at McAdoo.

Since receiving his discharge from the armed forces, he has been attending the University of Texas at Austin, and the couple are making their home at Austin.

SUNDAY SCHOOL CLASS HAS PARTY THURSDAY

The Winsome Sunday School class of the Baptist Sunday School enjoyed a business and social meeting Thursday of last week in the home of the teacher Mrs. J. Faris Fish.

After the business session, in which new officers were elected, refreshments of coffee and doughnuts were served to Mesdames Harold Allen, McElton Skaggs, Burrell Tipton, John Plumlee, Bill Dunning, H. H. Courtney, Howe Hines, Bill McCaghren, Lloyd Fulkerson, C. M. Barton, R. E. Campbell Jr., Ober Johnson and Norman Priest.

IN APPRECIATION

We wish to take this means to express our sincere appreciation for all expressions of interest extended us while Mrs. Gunn was a patient in Stanley Clinic, and especially were the cards and flowers appreciated. We hope that in some small measure we may be able to repay these courtesies some day.

Mr. and Mrs. B. W. Gunn, Flomot.
Mr. and Mrs. Raymond Gunn, Flomot.

Army Has Openings For Former WACS To Go To Caribbean

The Army Air Forces recruiting office in Lubbock has been advised that the Army has openings for 15 former members of the Womens Army Corps with the MOS 213 (stenographer) for assignment to the Caribbean defense command, according to 1st Lt. Harold C. Babcock of the Lubbock recruiting office.

No applications will be accepted after October 20. For further information those interested are requested to contact the Army recruiter in the Post Office building at Lubbock.

Housing Bureau To Provide Rooms For Visitors To Fair

Rooms will be available in Dallas during the State Fair of Texas, October 5-20. Despite a severe housing shortage, jam-packed hotels, and tremendous influx of visitors, a housing bureau composed of representatives of the Chamber of Commerce, the Dallas Hotel Association, and the State Fair of Texas have secured many rooms in private homes for rental and are using every feasible means to secure more, according to Z. E. Black, Chamber of Commerce convention manager.

A registration booth for visitors requiring rooms will be set up in a lobby of the Adolphus Hotel and will operate until midnight every night during the State Fair. Mrs. Pauline Foster and Mrs. Mary Belle Arnolds will be in charge of the booth for the Chamber of Commerce. Every effort will be made to secure accommodations for all visitors to the State Fair, Mr. Black said.

EVELYN SHELTON IS REPORTER ON COLLEGE PAPER

Miss Evelyn Shelton, daughter of Mr. and Mrs. Cecil Shelton and former employee of the Tribune, has joined the reporter staff of The Jackrabbit, semi-monthly publication of Wayland College, Plainview, where she enrolled this fall as a freshman.

Miss Shelton's first contribution to the paper was an article "Freshmen Undergo Baptism of Lipstick" in Fish Day Frolics, dealing with the trials and tribulations which upper-classmen inflicted on the "fish" during the first week of school.

"With dresses on backwards, wrong-side outwards a display of colorful hats on every head, onions around every neck, with lipstick smeared all over their faces, the under-grads met every

The glamorous Gypsy Rose Lee, actress and authoress, is bringing her own company of girls to the State Fair of Texas Auditorium October 5-20 and will be a feature of the Tommy Dorsey Show during the State Fair, announced Julius Schepps, chairman of the Entertainment Committee of the State Fair Association.

Miss Lee, prima donna nuda of the American stage who finds

the rooms smelled of onions and door-knobs were covered with molasses. Crackers and crumbs graced most beds occupied by junior girls.

"All this reporter can say is: Girls will be girls..."

Most of the suffering was caused by the onions which hung from strings around all of the girls' necks. Glover's Mangle Killer was applied to every girl's hair, adding much to the melodious smell of the onions. Classrooms were made almost unbearable.

"At three o'clock the freshmen were taken to town by the senior girls. They were paraded in double lines down each street into several department stores and through the courthouse.

"After they returned to the campus and had a chance to remove some of the make-up and 'manke-killer', a party was given by the senior girls in which refreshments of cookies and punch were served.

Matador Hall Scene of Havoc

SPECTACULAR METEOR SHOW IS PREDICTED FOR OCTOBER

Fort Worth amateur astronomers were alerted Monday by the American Meteor Society for what may prove the most spectacular shower of "shooting stars" this country has ever seen since 1872.

The shower of meteors is expected on one or all of the nights of Oct. 8, 9 and 10. The society has asked the aid of all interested observers in compiling data on the meteoric stream.

The display, according to Dr. Charles P. Olivier, president of the society and professor of astronomy at the University of Pennsylvania, would be provided by meteors following the orbit of the Giacobini-Zinner comet and believed to be debris from the comet's nucleus.

The comet, a telescopic object, was credited on Oct. 9, 1933, the most recent occasion on which it was in a favorable position for observers, with producing an exceptionally brilliant meteoric display visible all over Europe.

In the 1933 display, observers on Malta counted 22,500 meteors in five hours. The shower, however, could not be seen in the United States because the earth had passed through the meteor stream before darkness fell on North America. This year astronomers expect better luck, despite the fact that there will be bright moonlight.

Oct. 9 is the most likely night for the greatest display, Dr. Olivier said, but the behavior of meteors is erratic. The earth will be only 131,000 miles from the orbit traveled by the comet, as compared with 500,000 miles in 1933 adding to the possibilities for an unusual display. The shower is expected to reach its height about 8:30 p. m., Central Time. At that hour, the radiant point of the meteors, which is in the constellation Draco, will be high in the north-western sky.

Volunteer observers were asked to count the meteors seen during every half hour on the

three nights, being careful to record the exact time at which they begin and end the half-hour counts and to describe the condition of the sky. Reports should be sent to the society's headquarters at the Flower Observatory, University of Pennsylvania, Highland Park, Pa.

People Eating More Meat, Records Show

Amounts of meat eaten per person reached a high in 1944, despite so-called war-time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services and to its war-time allies, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, who compiled the report from U. S. D. A. reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was 65 per cent above the figure for 1935-39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat", nearly 30 pounds of chicken and turkey, and 390 eggs, last year, the Trimm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-39 period. Consumption of beef, pork, lamb and mutton per person went up seven per cent for each of those meat products.

STOLEN SADDLES ARE RETURNED TO AMARILLO

Under lock and key in Sheriff Bill Adams' office Tuesday morning were five western saddles which arrived Monday from California after a recent break-up of a saddle stealing ring which had operated in the Southwest and West for the last two years.

The five saddles, stolen from the Amarillo area, were among approximately 100 confiscated by police in Los Angeles where they were resold after having been purchased by operators of a sales ring at Phoenix, Ariz.

Positive identification has been made by Amarillo owners of the saddles. Thirteen other saddles held in Los Angeles are thought to have been taken from the Amarillo area. The recovered saddles were being sold at a horse and mule barn in Los Angeles.

Three men were arrested on Aug. 31 at Van Horn, Texas, and are being held in jail at Abilene in connection with the thefts. They are Ray Jones, 24, Haskell Jones, 26, and Orville Jones, 28. Laverne Jones, alias Laverne Cook, was arrested at Abilene on Sept. 6, was transferred from the Amarillo county jail to Abilene Monday where the four will stand trial. She is the wife of Orville Jones.

The Jones brothers had eight saddles in their car at the time of their arrest at Van Horn. They were arrested by Highway Patrolman Caphart, recently elected sheriff of Culberson county, and Raz Renfro, Texas Ranger.

Haskell and Ray Jones are wanted by federal authorities in Oklahoma on charges of cattle theft.

Grid Insurance, Rules For Fans, Is Lion Donation

Insurance policies and a committee to enforce spectators at the coming football games at Matador High School that were provided by the Matador Lions club as their contribution to the gridiron season.

The insurance purchased by the club covers 25 of the Matador players, and is but one of a plan which is being carried on the grid. A policy is provided by the Association to provide for disabling injuries.

However, the policies of the Lions Club have not covered minor injuries as the Lion officials declared the policies were somewhat expensive, but that it was not as expensive as injuries might be.

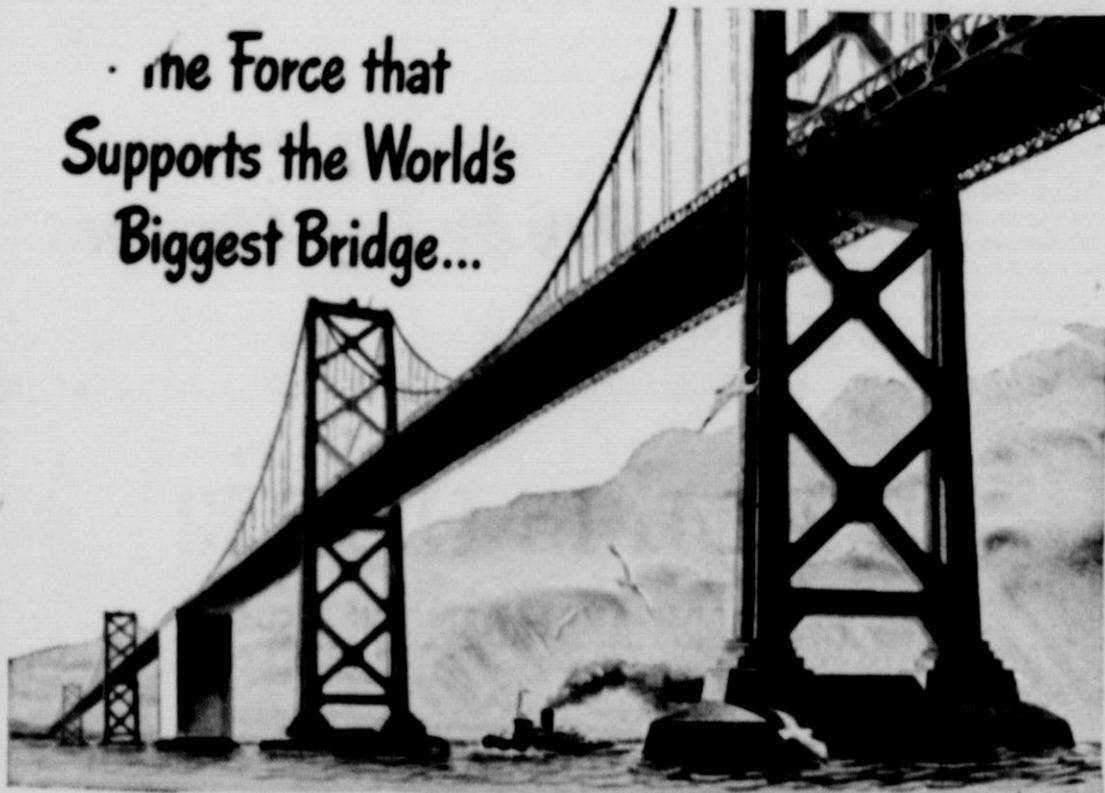

Spectator Rules
Also voted by the Lions a committee to collect tickets from fans and to keep all spectators off the field and in bleachers. Fans who witness games behind the cable will be required to keep their cars at least six feet behind the cable and to stay behind the cable.

The action of the Lions Club was brought about by past seasons in which football fans have been known to interfere with coaches and officials by following the game along the sidelines.

The six-foot margin between the automobiles and the field will provide enough room for fans to follow the game without running in front of the playing team, according to club officials.

Did You Know?
That 20,000 pounds of a trian winter pea seed have been ready to be allocated to Matador County farmers and that a large portion of them have been planted.

The Force that Supports the World's Biggest Bridge...

OIL-PLATES Your Engine!

In the great San Francisco-Oakland bridge, a tremendous tug-of-war goes on continuously between the forces of gravity and molecular attraction. Because the attractive force between the molecules in the cables balances the down-pull of gravity the bridge stays up.

Through continuous experiment with the mighty forces of molecular attraction, Conoco scientists are able to produce new and better oils for America's motorists. For instance, by utilizing forces of molecular attraction, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine. So strong is this attraction that cylinder walls are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs...pre-

vents it from all draining down to the crankcase, even overnight...you get these benefits:

- added protection when your engine starts
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now...at Your Conoco Mileage Merchant's Look for the red triangle. Continental Oil Company

SMALLWOOD . . .

(Continued From Page 1)

Sgt. Elmer L. Smallwood, who is stationed in Neuburg, Germany, and Pvt. Herbert Smallwood of Kelly Field, and 2 sisters, Mesdames Wilson and Carmack.

Attend Funeral

Out-of-town friends and relatives who were present were: Mr. and Mrs. J. L. Smallwood of Levelland, Mr. and Mrs. G. W. Wilson of Littlefield, Mr. and Mrs. Verlin Spears and family of Lockney, Mrs. Annie Thompson of Hartshorne, Okla., Mrs. A. N. Smallwood and sons of Lakeview, Mr. and Mrs. Harold Smallwood of Amarillo, Mr. and Mrs. Clyde Smallwood of Liberal, Kansas, Mr. and Mrs. Irvin Cooper of Skellytown, Texas, Mr. and Mrs. Buster Hickman of Encino, N. Mex., Mr. and Mrs. Lewis Cooper of Muleshoe, and Mrs. Ford of Afton.

BAPTISTS . . .

(Continued From Page 1)

Monday night at a "round-up" social of the adult Sunday School department, which was attended by over 50 members and several guests.

A hilarious evening of fun followed an enjoyable covered-dish supper in the church basement. Games and contests were planned by a committee composed of Mesdames R. E. Campbell, Jr., Willis Cooper, Bill McCaghen, Harold Allen and Farris Fish, and activities were augmented by the almost professional antics of a clown, later disclosed as Harold Allen.

Tables were attractively decorated in a fall motif by a committee composed of Mrs. Ben Keltz and Mrs. J. E. Edwards, who were assisted by Mesdames Bill Dunning and John Plumlee.

LAWRENCE . . .

(Continued From Page 1)

1860, and died October 3, 1946, at the age of 86 years, 2 months 23 days.

He was about 9 years of age when his parents made the long trek to Texas in an ox wagon, to settle in Collins county. Mr. Lawrence often related details of the trip, and recalled that he and other children in the party walked most of the 1400 miles.

In February, 1882, Mr. Lawrence was married to Miss Ellen L. Kennedy, and to this union were born 12 children, eight of whom survive. Mr. and Mrs. Lawrence moved to Motley county in October 1915, and had made this their home since. Mrs. Lawrence preceded her husband in death on November 10, 1938.

On January 24, 1940, he married Mrs. Annie Jones of Paducah, Texas.

Surviving are the widow and the following sons and daughters: W. M. Lawrence of Silvertown, E. D. and J. W. Lawrence of Matador, Mrs. W. R. Johnson of Farmersville, Mrs. J. A. Colline of Merit, Texas, and Mrs. J. W. Stafford, Mrs. Jim Lancaster and Mrs. Ethel New, all of Matador, and 25 grandchildren and 22 great-grandchildren.

STANLEY CLINIC

Mrs. Mack Ward of Dougherty underwent major surgery Monday.

Mrs. A. M. Whitefield of Dumont underwent major surgery last Friday.

Paul Braddock of Afton was a clinic patient last week.

Recent tonsilectomies included Miss Chloe Fulfer of Lubbock, W. A. Goolsby of Afton, and Mrs. Lois Smith of Roaring Springs.

Mr. and Mrs. J. L. Parker of Elton, are parents of a daughter, Marion Joyce, weight 7 lbs., 6 ounces, born on September 29.

Born to Mr. and Mrs. Charlie Slaughter of Turkey, on September 29, a daughter, Janie Margaret, weight 7 pounds, 8 ounces.

Linda Marie was the name given a daughter born to Mr. and Mrs. Reuben Payne of Paducah, on September 30.

A son, Billy Ewell, weight 7 1/2 pounds, was born September 30 to Mr. and Mrs. C. E. Hamilton of Quitaque.

Cpl. and Mrs. H. G. Wright of Afton are parents of a 7 lb.-9 ounce girl born October 2, and given the name Mary Jean.

Born to Mr. and Mrs. Iley Barton of McAdoo on October 2, a son, Iley Joe, weight 5 pounds, 13 ounces.

Mr. and Mrs. L. M. Martin of Roaring Springs are parents of a girl, who was born October 5, and weighed 8 pounds, 4 ounces.

A girl, Toni Wynell, weight 6 pounds, 4 ounces, was born October 5, to Mr. and Mrs. B. L. Queen of Matador.

Twins, a boy and a girl, both weighing 5 1/2 pounds, were born October 6, to Mr. and Mrs. L. E. Shorter of Flomot. They were named Alvin Clois and Alma Joyce.

Mrs. Mary Kathryn Cook, accompanied by Miss Barbara Ketchersid, drove to Dallas Saturday, where they attended the fair, returning home Sunday night.

Dr. J. G. Ketchersid and W. W. Carpenter left Sunday on a hunting trip to Colorado.

Rev. H. G. Verner of Whit-harrel, visited friends here Tuesday enroute to Paducah, where he spoke before a meeting of the Baptist Brotherhood that evening, returning here Wednesday.

MEMBERSHIP GOAL SET FOR P. T.-A WEEK OCT. 13-19

Matador Parent-Teacher Association will join the Texas Congress of Parents and Teachers in an enrollment campaign during the week of October 13-19 which has been named in a Proclamation by Governor Coke R. Stevenson as "Parent-Teacher Membership Week", it was announced this week by officials of the local organization.

To conserve the nation's greatest asset, its children, is the problem not only of the parent but of the teacher, the home, the school and the community—all working together, it is pointed out by Mrs. J. C. Stewart, State

Chairman of Membership, the membership is to be maintained in each community such a strong parent-teacher program that the organization will have a definite place in the life of the community", she said.
