

TRAIL DUST

By DOUGLAS MEADOR

Lost like small diamonds dropped in a well are the minutes in which the man dominated our conversation to such an extent that he became in an argument with himself. Ignorance seeks no more dependable champion than a man and coercive conversation, restraint of speech is more important than what is said; chosen words are the gold; any words the dross.

Except for the eternal prayers of the righteous we have no assurance that God would not reduce the world to a sphere of flaming gases and leave it spinning in the orbit of broken atoms.

She was such a little girl, with blue eyes looking on life through the sublime curtain of innocence, and chubby hands that pressed an unruly strand of yellow hair from her forehead. The ancient car coughed and rattled its pistons like false teeth and steam hissed from the radiator. Many other children were crowded with the little blonde girl in the rear compartment of the antiquated vehicle and they watched in silence as school children hurried on their way to lunch. Stained cotton-socks were tied on the side of the car. Presently the father returned and broke a package of bread, handing slices to each of the children. The little girl with the eyes, held her bread with a laughing grin on the walk; a head of brown, carefully waved hair.

Another proof that the fates hatching the courses of our lives possess a sense of humor is the ironical condition that forces a man to false teeth about the time he is able to afford anything he desires to eat.

Because of the flames of its steel fires and the pains that pierce from its bushings, silence, fear is the steadfast impeller of human conduct. It is a law that effects punishment before violation and increases it afterward.

Rowing through islands of mud in the sea of night, a line muddies the stillness like a frightened steer in shallow water. But the cargo of life is not so swiftly as the wakeless drift glides starward, and the eternal springs of silence hurriedly rise away every trace of a sound.

In most of the gardens where flowers of love blossom there is an occasional dew of tears.

Altho I can not see a man's smile, neither could I see the fire that waited dormant and patiently in the match before it was ignited.

We frequently continue to talk about ourselves after the subject is so thoroughly exhausted that it fails to revive for anyone.

Women's hats do not go out of style. They, instead, reach that station in their brief existence, where too many women have seen them.

Often in paying for my mistakes I have felt that life owed me the trade custom of a regular customer buying in quantities.

Heading high in the plum of twilight, a silver splint of moon dangled amid dim stars and waited for the lights to vanish before keeping its rendezvous with the moon. Soft autumn winds stirred on the flutes of slender reeds and a wedge of wings winged their course southward. The world has such a wealth of splendor that we are frequently blinded by being close to beauty.

Matador Youths Are Varsity Candidates

Two Matador youths, above, Billy Stephens and Bob Rushing, students at Highlands University, Las Vegas, New Mexico, are candidates for the college Varsity football team. Both students are graduates of Matador high school.

A press release from the college athletic department declares that Stephens is rapidly climbing to the top of the ladder as a left halfback, and Rushing is pushing hard for a top spot at guard.

Matadors Win 2nd Contest

Under the craftsman-like tutelage of Coach Amoneit, the Matador Matadors pushed the Turkey Turks aside for their second win of the season, under the lights at Turkey Friday night, with a score of 21-7.

All members of the squad showed up well under the crisis of a hotly-contested game, with several exceptional plays. Bonner Nelson showed his ability at broken-field running when he broke through the line for an off-tackle play and galloped 60 yards for a touchdown.

Albert Marshall was able to connect with the ball in one of Turkey's many aerial plays, and despite interference, ran the ball back for a score in the third quarter. R. L. Giesecke made good all conversion kicks.

Altho the Matadors received only one five-yard penalty in the previous game with Quitaque, they received penalties totaling between 100 and 125 yards in the contest with the Turks.

Matadors leave in the morning for Dalhart where they will face a team averaging about 20 pounds in additional weight. Many local fans are excited to make the "over 200-mile" trip in support of the Matadors. The game is called for 8 p. m. Friday night.

Renewals Available For Star-Telegram

Renewals are again available through the Tribune for the Ft. Worth Star-Telegram daily and Sunday subscriptions. No new subscriptions can be accepted because of present newspaper crisis, however, the Tribune will receive names in order, keeping an open list, and in event new subscriptions will be placed as received, orders will be placed as names appear on list.

Subscription price of the Star-Telegram for renewals, (and new subscriptions in event they are available) is \$11.95 for daily and Sunday and \$10.60 for daily without Sunday. It is necessary to bring or mail a label (from any issue) with renewal. Orders for renewals will be sent promptly. It is not necessary to wait until the expiration date of a subscription to renew since time is extended a full year from present date appearing on the label of each subscriber's newspaper. The Tribune receives a commission on each renewal it handles and the patronage is appreciated.

J. C. Clary, Cottle county rancher, was looking after his ranch here yesterday afternoon.

"BOBBIE'S ALENE" GILT SHOW WINNER

Bobbie Hardin's registered Poland China gilt, "Bobbie's Alene," won top place at the Sears 4-H Club showing of registered gilts held Saturday morning in Roaring Springs. Hardin's home is at Roaring Springs.

Other winners at the show were as follows: 2nd place to "Wayburn's Evelyn" owned by Wayburn Mitchell, Roaring Springs; 3rd place to "J. C.'s Ann" owned by J. C. Plyer of Whiteflat; 4th place to "Bobby's Sarah" owned by Bobby York of Roaring Springs; 5th place to "Eddie's June" owned by Eddie Campbell of Roaring Springs, and 6th place to "Weldon's Dorothy" owned by Weldon Gates of Fomot. Prizes were \$5, \$4, \$3 and three \$2 prizes. Prize money was contributed by the Roaring Springs Lions Club.

Mervin Green, Roaring Springs Poland China breeder was judge of the gilt show.

"Congo King" registered boar owned by Roger Kingery was also shown and received favorable comment of Mr. Green and Harry Duval, also a Poland China breeder of Roaring Springs. It was their opinion that the boar would make a good showing at the district show to be held at the Lubbock South Plains Fair grounds, Saturday, September 27.

Boys entering the Lubbock show and their parents will be the guests of the South Plains Fair at a luncheon on the fair grounds before the show is opened.

Barber Work Prices Will Advance Soon

Prices of barber work in Matador and Roaring Springs will advance beginning October 1, according to notice published by three shops in this issue of the Tribune.

Managers of the three shops point out that prices are not being advanced as high as many towns in West Texas have charged for the past two years. As example, haircuts have been 75c and higher since the end of the war, while the price of haircuts here have been a third lower.

New prices to go into effect October 1 at the Hotel and City barber shops here and Carl's barber shop in Roaring Springs, follow: Haircut 60c; shave 50c; shampoo 60c; oil 25c; ladies neck clip 25c and massage 60c.

Operators say the advance was necessary to meet the advancing costs of living.

Frozen Foods Care Taught At Meeting

Proper preparation of fruits and vegetables for frozen foods lockers was taught at a two-day training school conducted here September 18-19, under the supervision of Miss Gwendolyn Jones and Louise Mason, A&M extension service food preservation specialists.

The bi-district meeting included home demonstration agents from the following towns: Nannie Hill, Vernon; Elizabeth Elliott, Crowell; Mrs. Hazel Harrison, Quanah; Roy Riley, Wellington; Sadie Seaward, Childress; Eugenia Butler Benjamin; Mrs. Aubrey Russell, Paducah; Mrs. Mary K. Rattan, Matador and Mrs. Myrtle D. Negy, District three agent.

Local housewives attending included: Mesdames W. N. Pipkin, James Russell, W. F. Jacobs, Joe Wason, J. C. Franks, James Moss, Fred Simpson, Elmo Kingery, Harold Jones, W. T. Ross.

PIONEER IS HERE

Ed Deny of Childress, West Texas pioneer and employee of the county's first bank, the bank of Matador, in 1902, visited G. E. Hamilton and other friends here Tuesday.

Week end visitors in the home of Mr. and Mrs. L. C. Harris were their granddaughters Misses Doris and Doretta Harris of Idalou.

Mrs. J. Farris Fish accompanied her son, John Farris, last week, to Dallas where he is attending SMU.

Week end visitors in the home of Mr. and Mrs. Albert Rattan were Josh and O. R. Cook and Ed Hughes, Texas Tech students, Polly Cook, Tech science department instructor and Johnnie Cook of Post Texas.

Hot Skies Continue Into Fall

FALL ARRIVED officially Tuesday but to West Texas it was merely another day of hot, cloudless skies, continuing one of the most severe droughts in the area's history. Altho cooler nights have marked the arrival of autumn, air-conditioners are being operated thruout most of the day.

Official records of rainfall as registered by the Matador city wells gauge, show that only 11.81 inches of rain has fallen since the first of January and 3.25 inches of the total fell during the month of May. Scattered showers registered .80 inch in June and .39 inch in July. No rain fell in August. Last general rain in Motley county was almost four months ago (about the 28th of May). Some scattered communities have received good showers and in some instances sufficient rain to greatly benefit crops.

County agent J. Rufus Emmons yesterday said that the crop which has been produced in the county is the result of "ground season", the slow rainfall of winter months and the "life-saving" heavy rainfall of May. Annual rainfall for the county is about 22 inches, thus the year's total is only about one half of the usual amount falling in 12 months.

Next week the Tribune will publish rainfall records of Motley county for the past 24 years, as drawn in graph by Miss June Pope, secretary to County Agent Emmons. The chart, which is being made into a line engraving, is compiled from records kept by the late Jim Sample and the pumping station at the city wells. All readers are asked to clip the graph chart from next week's issue and keep it for future reference.

Carlsbad Route Gains Popularity

According to word received from C. A. "Chet" Holding of Tipton, Oklahoma, and T. E. "Tom" Manning of Frederick, the Carlsbad Cavern Route to California, which passes thru Matador, which they are sponsoring, is gaining popularity.

The co-operative plan these two Oklahomans have worked out and are presenting to business men in towns and cities along the new route to Calif., via Carlsbad, New Mexico, should click. An extensive advertising campaign by means of attractive reflector type signs and neatly printed tourist guides they plan to divert a large portion of traffic now traveling over-crowded highway 66 over their new route to California by way of the nationally advertised Carlsbad Caverns.

These two men, both of whom are pioneer good road boosters have contacted business men in towns along the route from Oklahoma City to Carlsbad, N. Mexico, and now report they have their program virtually complete.

One of the attractive features of the new route from Oklahoma City to Los Angeles, Calif. via of Carlsbad Caverns is the fact that it can be traveled year-round, and this is important during the winter months.

The promoters of this co-operative campaign are endeavoring to secure the co-operation of every town along the route as quickly as possible in order that the directive signs can be erected and tourist guides printed and distributed, so that benefits can be realized this winter by these participating.

It will take several weeks to erect the signs and secure the printed guides after all towns are signed up, but according to the sponsors, the work of completing this phase of the program will start in a few weeks and be completed before winter weather really sets in.

HOME FROM EL PASO

Mrs. Melvin Dirickson has returned from El Paso where she has been at the bedside of her father, Wm. Calvert, who is a patient in the El Paso Southwestern General hospital.

Farmers See Meager Chance For Pullers

WHITE FIELDS of high-priced cotton await the hands of pullers in every Motley county farming community. Only a few cotton harvest hands are available. County agent J. Rufus Emmons said yesterday that at least 1,500 pullers are needed in the county but little relief is in sight. State labor authorities say that West Texas may expect a fair flow of pickers within two weeks.

County ginning, which totaled 542 bales at noon yesterday, would skyrocket if adequate pullers were in the fields. Frantic efforts are being made to secure pullers in all cotton-producing counties. Calls from Matador were made during the past week to

Matadors' Mentor

FROM FLOMOT, spawning grounds of outstanding football players, Thayne (Red) Amoneit, above, was discharged from four years in the Air Corps in January 1946 and the next day re-entered Texas Technological college and received his degree in August this year in time to become Matadors coach. He had his college education interrupted in 1942 when he entered the services.

Amoneit was stellar halfback on the Fomot Longhorns before his graduation in 1939. In the spring of 1946 he decided on a career of professional football and played under contract with the Detroit Lions until a serious leg injury forced him to give up the idea. His outstanding coaching is creating interest thruout the district.

METHODIST CHURCH DELEGATES ATTEND DISTRICT MEETING

Three delegates, Rev. and Mrs. Oscar Bruce and J. R. Whitworth, represented the Matador Methodist church at Vernon district Missionary Institute held at Crowell, Friday, September 19th.

Outstanding church leaders attending the meeting included Northwest Texas Lay Leader R. H. Nichols and McMurry college president Dr. Harold G. Cook, who made the principal address.

Future Home-Making Club Names Officers

Officers named by the "Future Home-Making" Club at a meeting held September 4th, according to a delayed report received this week by the Tribune, follow: President, Sue Lancaster; vice-president, Dorothy Bearden; secretary, Billie Taylor; reporter, Oleta Holt; chairman for recreation, Sybil Jackson; assistant chairman, Jimmie Davis and Pauline Blevins.

Members of the sophomore class present were: Dorothy Bearden, Pauline Blevins, Jimmie Davis, Norma Dale Edwards, Shirley Estes, Bette Fox, Sybil Jackson, Sue Lancaster, Joy Martin, June Neighbors, Melva North, Joyce Reynolds, Mary Helen Stephens, Billie Taylor, Oleta Holt.

From the freshman class: Doris Ann Doss, Joan Florence, Juanita Green, Clara Jameson, Patsy Jones, Arlene Lynn, Tressa McDonald, Wanda Plyer, Le-tress Simpson, Dolly Smallwood, Louilla Tooke, Bette Holt. Place of the meeting was not disclosed in the report.

A meeting is scheduled for today in which a trip to the Dallas State Fair will be discussed.

NEW ARRIVAL

Born to Mr. and Mrs. Jack Crider of Grandfalls, Texas, Monday, September 22, at Tur-ney hospital, Monahans, a 7 pounds, 12 oz. daughter, named Donna Leta. Mrs. Crider was before her marriage, Miss Mary Ola Tipton of Matador.

AMARILLO VISITORS

Visiting in the home of Mr. and Mrs. Pat Sheridan this week are Mr. Sheridan's mother, Mrs. J. H. Sheridan, and sisters, Miss Beulah Sheridan and Mrs. Ernest Gaines, all of Amarillo.

the following areas in effort to locate cotton harvest help: Victoria, Henderson, Emory, Texarkana, Plainview, Lubbock, Matzan, San Angelo, Eastern Oklahoma and in each instance the answer was the same: "Pickers are badly needed here."

Unusual situation in the cotton producing areas of the state has resulted in acute shortage of harvesting labor. East and south Texas are about 30 days late in maturing cotton while West Texas is approximately 30 days in advance of the usual peak maturity date.

High Prices Offered

Highest prices of any cotton producing area contacted is being offered by Motley county farmers. The current price here is \$2 per 100 pounds for pulling. Some counties are offering \$1.50 and others \$1.75. San Angelo reported that many pickers are arriving but that they continue to travel further north to the plains.

Seven million acres are now ready for harvest in Texas (total acreage is 12 millions). It is estimated to require one picker for six acres of cotton. About 80,000 Mexican migrant pickers will be able to harvest about 1/12 of the crop. Unless conditions change beyond present estimates, 11/12 of the Texas cotton crop must be harvested by resident help or pullers from other parts of the state.

Mr. Emmons yesterday said that everything possible is being done to attract pullers to Motley county. He also added that any suggestion or information that anyone may offer to relieve the condition, will be appreciated.

FIRST ASSEMBLY PROGRAM SCHEDULED

The first of a series of six southern assembly programs to be given here under the sponsorship of the senior class will be presented Tuesday Sept. 30, at the high school auditorium.

Time is 11:00 A. M. and admission is 20c for adults and students alike.

Putting on the program will be Jimmie Graham, with his show "Something New in Marionettes." This well-known puppeteer will appear with his complete family of wooden personalities which will dance or walk or run at his touch.

"It is believed that the show will be very entertaining to all who see fit to come," high school principal Vance Gilbreath said.

Luncheon Prices Are Due For Rise

Advancing cost of living has reached the Matador school luncheon and prices, beginning October 1, will be advanced from 20c to 25c, it is announced by Superintendent Bert Ezzell.

School lunchrooms are non-profit but also they must pay their costs and Superintendent Ezzell said the lunchroom here has been losing money since it opened this school season. It was necessary to receive authority to advance the price of meals from the state department of education.

PIONEERS ANNOUNCE BOX SUPPER, DANCE

A part of the program to raise funds for the improvements of Pioneer Park and pavilion, home of the Motley-Dickens Counties Old Settlers Association, a box supper has been announced for Saturday night, October 4th. After the boxes of food have been sold, following the selection of supper partners, a free dance will be conducted, according to President C. C. Haile.

A prize will be offered for the most attractive supper box brought to the party. The box supper will be held at the pavilion (Roaring Springs) starting about 8 p. m.

VISIT AT WHITEFACE

Mr. and Mrs. Marvin Patton, Miss Mary Keith, Mr. and Mrs. Charlie Keith and sons, spent Sunday in the home of their brother, G. C. Keith at Whiteface, Cochran county, who is recovering from a recent operation.

Scholarships For Top 4-H Exhibitors At Lubbock Fair

Two scholarships of \$100 each will be awarded the outstanding girl and boy exhibitor at the 30th Annual Panhandle South Plains Fair by the Lubbock Junior Chamber of Commerce.

Vocational agriculture students and 4-H Club members are eligible for the scholarships which will be presented during the Fair in a ceremony on the Fair grounds. The awards will be on the basis of the quality of the individual's exhibits at the Fair and upon his or her past record. Rules may be obtained from the county agent, vocational agriculture teachers, or the home demonstration agent. Entries close Sept. 29.

The girl's scholarship of \$100 is being given by R. C. Young and Vincent Carr, Lubbock feed dealers. Dr. S. C. Arnett is giving the \$100 for the boy's scholarship. All three of these

men are vitally interested in the future of agriculture in West Texas.

Sarah Kay Carpenter Has Birthday Party

Sarah Kay Carpenter celebrated her 8th birthday at her home in Roaring Springs, September 15, with a party for her friends. Many games were played and refreshments of cake and punch were served to the following: Jennie Lou Robbins, Larry Hoyle, Gene Vee Harmon, Gena Lee Harmon, Doris Martin, Lynda Tarrant, Janice Brooks, Carol Teague, Jo Enloe, Rebecca Cooper, Mary Sue Lewis, Dan Preston, Barbara Preston, Mary Lou Watson, Nancy Enloe, Boyd Long, Dale Hall, Mildred Hall, Barbara Havis, Gwen Cooper, Robert A. Cooper, Don Teague, Lester Mullins, James Smith, Allen Smith, Duffy Green, Bobby Dan Lewis, Jimmy Ray Lewis, Shirley Braselton, Patricia Brooks, Bobby Joe Mul-

lins, Larry Prather, Patsy McDonald, Carol Brooks, Dick Thomas Carpenter, Lewis Halley Carpenter, and the hostess, Sara Kay Carpenter.

LOCAL ITEMS

Former resident and Matador businessman Joe Murrell of Plainview, visited friends here Monday afternoon.

Mrs. H. H. Courtney left Monday for San Saba where she will visit her mother.

Miss Rachel Patton deputy in the office of Sheriff John Stotts, left Tuesday morning for Ft. Worth and Dallas where she will spend a short vacation.

Mrs. Bertha Jackson left Friday for Odessa to be at the bedside of her daughter, Mrs. Sid Landrum who recently underwent an operation.

The average per acre yield of Texas cotton is only 134 pounds of lint; corn, only 17 bushels; wheat, only 10.5 bushels. Legumes and fertilizers can increase those yields materially.

"The Virginian" Coming to SPRING Theatre

Above romantic scene is from "The Virginian" coming to the Spring Theatre, Roaring Springs, Sunday and Monday, September 28 & 29, with Joel McCrea, Brian Donlevy, Sonny Tufts and Barbara Britton. The feature will also be shown at the Saturday night preview (September 27) which starts at 11:00 p. m.

BE PREPARED... DON'T ALLOW HIGH PRICES TO TAKE FOOD FROM YOUR TABLE!

CITATION
THE STATE OF TEXAS
 TO: GUY BECK, GREETING:
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M., of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13th day of October, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Motley County, at the Court House in Matador, Texas.

Said plaintiff's petition was filed on the 19th day of August, 1947. The file number of said suit being No. 1273.

The names of the parties in said suit are: Virginia Beck, as Plaintiff, and Guy Beck, as Defendant.

Air Lines To Speed Big Teams

Five Southwestern football teams and the University of Georgia will fly over 12,000 air miles by chartered Braniff International Airways planes to speed their schedules this fall.

The University of Texas and Baylor University will use air transportation for the first time. The Longhorns will leave Sept. 25 in a Braniff 46-passenger DC-4 for Portland to play the University of Oregon. The same day Baylor will be en route to Miami, Fla., to meet the University of Miami in an inter-sectional game.

Texas Christian University Horned Frogs will use a plane for their trip to meet the University of Miami Oct. 10.

Texas Technological College has two football air specials chartered, one to Denver for a game with the University of Denver on Oct. 25 and the other to Houston for a game with Rice Institute Nov. 1.

Rheumatic Heart Leads In Death Among Children

Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.

Exposure to frequent chilling damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.

Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees,

ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.

According to Dr. Cox, the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of being present, a doctor should be consulted at once, and if he prescribes complete bed rest, his advice should be implicitly followed.

The nature of said suit being substantially as follows, to wit: A suit for divorce, alleging that plaintiff resides in Motley County, Texas, and that the residence of defendant is unknown; that plaintiff and defendant were legally married in Walters, Oklahoma on or about the 31st day of January, 1942, and lived together as husband and wife until about the 6th day of August, 1946; that at all times while married to defendant, plaintiff conducted herself with propriety, doing her duty as a wife, and treated defendant with kindness; that defendant, within about a year after their marriage, commenced a course of unkind, harsh and tyrannical conduct toward plaintiff, which continued with slight intermission, until plaintiff separated from defendant on or about the 6th day of August, 1946; that defendant repeatedly exhibited extreme jealousy toward Plaintiff's family, her friends, and any person with whom she would have the most casual conversation; that defendant is a person of violent passions and of ungovernable temper, and on many occasions, while plaintiff lived with him, defendant addressed to plaintiff opprobrious epithets and threats of personal violence, and did commit acts of personal violence on plaintiff by striking her with his hands and fists; that on or about August 6, 1946, defendant caught plaintiff by the arm and jerked her out of bed violently, causing her hip to strike the floor and inflicting a severe bruise on her body; that such threats and acts of personal violence by defendant's extreme jealousy and by his fits of temper, kept plaintiff so intimidated and worried that it affected her health so that to have any peace of mind and comfort, plaintiff was forced to separate from him; that no children were born of said marriage, and no community property exists.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 30th day of August A. D., 1947.

Given under my hand and seal of said Court, at office in Matador, Texas, this the 30th day of August A. D., 1947.

From where I sit... by Joe Marsh

We All Need Fun!

Nobody in Our Town is exactly lazy (even though Pete Swanson's missus claims he sleeps till seven A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.

Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.

And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass of beer; and for the kids, parched or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun together, in the home.

Doc doesn't have much time himself. After a hard day, he'll relax before he takes a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.

Joe Marsh

Ten Little Servants

Ten little servants, waiting in a line,
 Call on one to do the wash—and still you have nine!

Nine little servants, working long and late,
 Ask one to cook your meals—and still you have eight!

Eight little servants—working like eleven!
 Call on one to clean for you, and still you have seven!

Seven little servants—you don't need candlesticks
 When this one lights the house for you—and still you have six!

Six little servants, electrically alive,
 This one sews a handy seam—and still you have five!

Five little servants to help with every chore,
 One breathes a little breeze—and still you have four!

Four little servants—such activity!
 One can iron all the shirts—and still you have three!

Three little servants—if you're feeling blue,
 One will entertain you—and still you have two!

Two little servants, whose work is never done!
 One keeps the food fresh, and thinks it's rather fun—

One tells the proper time from sun to setting sun.
 (Dependable electric service makes these servants run—
 And saves you lots of elbow grease. Suppose you had none?)

Yes, electricity is always ready to take the work out of housework. And it costs so little! Matter of fact, if yours is the average family, you're getting twice as much electricity for your money as you did 20 years ago. What other item in your budget does so much for so little?

Scholarships For Top 4-H Exhibitors At Lubbock Fair

Two scholarships of \$100 each will be awarded the outstanding girl and boy exhibitor at the 30th Annual Panhandle South Plains Fair by the Lubbock Junior Chamber of Commerce.

Vocational agriculture students and 4-H Club members are eligible for the scholarships which will be presented during the Fair in a ceremony on the Fair grounds. The awards will be on the basis of the quality of the individual's exhibits at the Fair and upon his or her past record. Rules may be obtained from the county agent, vocational agriculture teachers, or the home demonstration agent. Entries close Sept. 29.

The girl's scholarship of \$100 is being given by R. C. Young and Vincent Carr, Lubbock feed dealers. Dr. S. C. Arnet is giving the \$100 for the boy's scholarship. All three of these

men are vitally interested in the future of agriculture in West Texas.

Sarah Kay Carpenter Has Birthday Party

Sarah Kay Carpenter celebrated her 8th birthday at her home in Roaring Springs, September 15, with a party for her friends. Many games were played and refreshments of cake and punch were served to the following: Jennie Lou Robbins, Larry Hoyle, Gene Vee Harmon, Gena Lee Harmon, Doris Martin, Lynda Tarant, Janice Brooks, Carol Teague, Jo Enloe, Rebecca Cooper, Mary Sue Lewis, Dan Preston, Barbara Preston, Mary Lou Watson, Nancy Enloe, Boyd Long, Dale Hall, Mildred Hall, Barbara Havis, Gwen Cooper, Robert A. Cooper, Don Teague, Lester Mullins, James Smith, Allen Smith, Duffy Green, Bobby Dan Lewis, Jimmy Ray Lewis, Shirley Braselton, Patricia Brooks, Bobby Joe Mul-

lins, Larry Prather, Patsy McDonald, Carol Brooks, Dick Thomas Carpenter, Lewis Halley Carpenter, and the hostess, Sara Kay Carpenter.

LOCAL ITEMS

Former resident and Matador businessman Joe Murrell of Plainview, visited friends here Monday afternoon.

Mrs. H. H. Courtney left Monday for San Saba where she will visit her mother.

Miss Rachel Patton deputy in the office of Sheriff John Stotts, left Tuesday morning for Ft. Worth and Dallas where she will spend a short vacation.

Mrs. Bertha Jackson left Friday for Odessa to be at the bedside of her daughter, Mrs. Sid Landrum who recently underwent an operation.

The average per acre yield of Texas cotton is only 134 pounds of lint; corn, only 17 bushels; wheat, only 16.5 bushels; Legumes and fertilizers can increase those yields materially.

VERNON DOSS, MANAGER

CITATION
THE STATE OF TEXAS
TO: GUY BECK, GREETING:
 You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M., of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13th day of October, A. D., 1947, at or before 10 o'clock A.

M., before the Honorable District Court of Motley County, at the Court House in Matador, Texas.
 Said plaintiff's petition was filed on the 19th day of August, 1947. The file number of said suit being No. 1273.
 The names of the parties in said suit are: Virginia Beck, as Plaintiff, and Guy Beck, as Defendant.

The nature of said suit being substantially as follows, to wit: A suit for divorce, alleging that plaintiff resides in Motley County, Texas, and that the residence of defendant is unknown; that plaintiff and defendant were legally married in Walters, Oklahoma on or about the 31st day of January, 1942, and lived together as husband and wife until about the 6th day of August, 1946; that at all times while married to defendant, plaintiff conducted herself with propriety, doing her duty as a wife, and treated defendant with kindness; that defendant, within about a year after their marriage, commenced a course of unkind, harsh and tyrannical conduct toward plaintiff, which continued with slight intermission, until plaintiff separated from defendant on or about the 6th day of August, 1946; that defendant repeatedly exhibited extreme jealousy toward Plaintiff's family, her friends, and any person with whom she would have the most casual conversation; that defendant is a person of violent passions and of ungovernable temper, and on many occasions, while plaintiff lived with him, defendant addressed to plaintiff opprobrious epithets and threats of personal violence, and did commit acts of personal violence on plaintiff by striking her with his hands and fists; that on or about August 6, 1946, defendant caught plaintiff by the arm and jerked her out of bed violently, causing her hip to strike the floor and inflicting a severe bruise on her body; that such threats and acts of personal violence by defendant's extreme jealousy and by his fits of temper, kept plaintiff so intimidated and worried that it affected her health so that to have any peace of mind and comfort, plaintiff was forced to separate from him; that no children were born of said marriage, and no community property exists.
 If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
 Issued this 30th day of August A. D., 1947.
 Given under my hand and seal of said Court, at office in Matador, Texas, this 30th day of August A. D., 1947.
 Pat Sheridan, Clerk, District Court Motley County, Texas.

Air Lines To Speed Big Teams

Five Southwestern football teams and the University of Georgia will fly over 12,000 air miles by chartered Braniff International Airways planes to speed their schedules this fall.
 The University of Texas and Baylor University will use air transportation for the first time. The Longhorns will leave Sept. 25 in a Braniff 46-passenger DC-4 for Portland to play the University of Oregon. The same day Baylor will be en route to Miami, Fla., to meet the University of Miami in an inter-sectional game.
 Texas Christian University Horned Frogs will use a plane for their trip to meet the University of Miami Oct. 10.
 Texas Technological College has two football air specials chartered, one to Denver for a game with the University of Denver on Oct. 25 and the other to Houston for a game with Rice Institute Nov. 1.

Rheumatic Heart Leads In Death Among Children

Rheumatic heart disease is now the first cause of death among children aged 10 to 14, and is second only to tuberculosis at ages 15 to 25. Despite the importance of this disease its epidemiology is not completely established. No vaccine such as those that prevent typhoid, diphtheria, smallpox, and whooping cough has yet been developed for its prevention or control. We do know, however, some of the danger signals and with the physician's accurate diagnosis some of the damaging results of the disease may be prevented.
 Exposure to frequent chilling damp or overcrowded living quarters, a poor diet, an attack of scarlet fever, a bad cold or other infection caused by certain streptococcus germs are likely to be predisposing factors in the appearance of rheumatic fever.
 Dr. Geo. W. Cox, State Health Officer, points out that in general the danger signals of rheumatic fever are pain and swelling in the joints of the knees,

ankles, elbows, or wrists. The pain usually is felt in one of these centers and spreads to the others. Oftentimes a child will get irritable and cross without any visible signs of a good reason for this attitude; he may cry easily or develop habits of nervousness. A physician should be consulted at once in such a situation, for these symptoms may be the beginning of rheumatic fever.
 According to Dr. Cox, the best safeguards against this disease are to have each child examined at least once a year by a physician, to have the right kind of food and plenty of rest. When the disease is suspected of

being present, a doctor should be consulted at once, and if the advice should be implicitly followed.

From where I sit... by Joe Marsh
We All Need Fun!
 Nobody in Our Town is exactly lazy (even though Pete Swanson's missus claims he sleeps till seven A.M.). But the hardest working man of all is Doc Hollister—on call, morning, noon and night.
 Funny thing, Doc's favorite prescription to his patients is: You ought to have fun. The pace of modern living, even on the farm, demands some relaxation.
 And as Doc says—fun is a personal thing. For the missus it may mean a movie or a good book; for Dad, a mellow and refreshing glass of beer; and for the kids, parades or the radio. Doesn't mean everybody has to like the same thing—so long as they relax, have fun, together, in the home.
 Doc doesn't have much time himself. After a hard day, he'll relax before the fire with a glass of beer—and wait for the phone to ring again. And from where I sit, Doc deserves each well-earned minute of that relaxation.
 Joe Marsh

Ten Little Servants
 Ten little servants, waiting in a line,
 Call on one to do the wash—and still you have nine!
 Nine little servants, working long and late,
 Ask one to cook your meals—and still you have eight!
 Eight little servants—working like eleven!
 Call on one to clean for you, and still you have seven!
 Seven little servants—you don't need candlesticks
 When this one lights the house for you—and still you have six!
 Six little servants, electrically alive,
 This one sews a handy seam—and still you have five!
 Five little servants to help with every chore;
 One breathes a little breeze—and still you have four!
 Four little servants—such activity!
 One can iron all the shirts—and still you have three!
 Three little servants—if you're feeling blue,
 One will entertain you—and still you have two!
 Two little servants, whose work is never done!
 One keeps the food fresh, and thinks it's rather fun—
 One tells the proper time from sun to setting sun.
 (Dependable electric service makes these servants run—
 And saves you lots of elbow grease. Suppose you had none?)
 Yes, electricity is always ready to take the work out of housework. And it costs so little! Matter of fact, if yours is the average family, you're getting twice as much electricity for your money as you did 20 years ago. What other item in your budget does so much for so little?

WARNING

Some of the couples around the pep rally after the ball game were Billy F., Charles Brown, Marcia, J. N. Fletcher, Carol, Norman Seigler, Melba, Wayne and Melva. Quite a bunch, eh?

As a matter of fact Don B. and Melba seem to get around! What with Thursday and Friday too! Take it easy kids. It has been reported that Leo and Marcia enjoyed the show Sunday.

EL MATADOR

NORMAN SPRAY EDITOR
PATTIE PIPKIN ASST.-EDITOR

Pep Rally Thursday Nite Is Big Success

Joining voices in the second pep rally of the year Thursday nite, Sept. 18, at 7:15, the Matador pep squad girls filled the town with spiritual yells.

All girls were very enthusiastic about the game and put life in the yells, according to leaders Annette McWilliams, Dorothy A. Stanfield, and Carol Rattan.

The pep rallies are very important to both boys and girls of MHS and it is hoped that each one will be the better," they said. "With the pep squad behind the boys, there should certainly be real school spirit."

Amarillo Papers To Take School Sports

Two Amarillo newspapers, the Amarillo Globe News and the Amarillo Times will publish news of football games played by the Matador Matadors, according to Norman Spray, El Matador editor.

Spray received a call Wed., Sept. 17, from the Sports editor of the Amarillo Times and completed arrangements whereby two stories a week will be used. One from 100 to 150 words will be taken about each game and another, from 75 to 100 words in length telling of each Friday's coming game will be used.

The Lubbock Avalanche is also running Matador Matadors game stories as well as the Wichita Record News and it is hoped that the Fort Worth Star-Telegram will take these stories.

Papers in which the story of the Turkey game appeared are: The Amarillo Globe News, the Amarillo Times, the Lubbock Avalanche, the Wichita Record News, and a story was sent by mail to the Star-Telegram but it is not known at this time whether it will be used or not.

Dalhart Trip To Be Made In Cars

Contrary to the original plan of making tomorrow's trip to Dalhart on the bus, it has been decided that the football squad will be transported there in cars which will be driven by Matador fans.

Also contrary to the original plan, the squad will return from Dalhart after the game and will not remain there for the night. The cars will start sometime in the morning in order to get there by about 3:00 or 4:00 tomorrow afternoon.

—M. H. S.—
Carbon Paper, Matador Tribune

Senior Project Is Decided

The senior project for the year has been decided and to many freshman's disappointment, it is not going to be the installation of an air-conditioner but will take in improvement of the stage.

After talking with a salesman Thursday, class president, Leo Archer, and class secretary, Gwendolyn Wilkinson, reported that it would require approximately \$700 to install the new equipment desired but the class voted to try to put it through.

The curtain will be completely over-hauled, and new stage wings will be installed, which have three windows and two doors that are movable. "The stage is now in a very run-down condition, and I can think of nothing that the school would appreciate more than putting in this new, guaranteed, and very attractive equipment," Supt. Ezzell stated.

A rummage sale, bake sale, assembly programs, senior play, school carnival, and the selling of the Matador Matador tags, as well as other things will be conducted to raise the funds, according to President Archer. "We believe that the public will realize the need for this new equipment and will support all of our activities," Archer said.

Old Clothes Being Collected By Seniors

Matador seniors have started collecting old clothing for a rummage sale to be held when sufficient clothing has been acquired. The seniors will soon launch a house to house campaign and it is expected that many clothes will be gathered in this way. "Anything from hair ribbons to old straw hats or socks will be used," according to Leo Archer, class president.

The proceeds from the sale will go to help remodel the stage, which is to be the senior's gift to the school this year.

—M. H. S.—
Letterheads & Envelopes, Tribune

FFA's ARE NOW FEEDING PIGS

Matador chapter of the Future Farmers of America has purchased three pigs and are now feeding them on slop and grain, according to Bobby Ray Thompson, chapter president.

The pigs were purchased from Bob Martin at \$18.00 each. The project was financed by money borrowed from The First State Bank.

Students Pose For Annual Pictures

Pictures for the 1948 La Arena were taken Friday, Sept. 19, by C. H. Benton, a representative of the Wolf Company of Wolf City, Texas.

Practically all high school and grade school students were present, but those who were not, will get their pictures made at a later date, Mr. Benton said.

The photos should be here within two weeks, according to Benton.

SIDE LINE GOSSIP

Well, we "dood it" again, but as almost any member of the team will tell you, it wasn't easy. We all believe we earned our 21-7 score the hard way. It was a hard game to the last, especially with Turkey's passing attack, and our not-too-good pass defense.

We did, however, appreciate the nice soft goatheads and grass bars which were so conveniently placed for us to fall on. Don Bradley, our ripping, roaring 160-pound right tackle, is supposed to have gotten a hand hurt by someone stepping on it, but frankly, he says, it was the goathead sticking in it from the under side that hurt.

Most everyone played a good game with hard tackling, good blocking, and nice running, but there were some exceptions. Bonner Nelson, for instance, proved his ability for dogged broken-field running when he broke thru the line on an off-tackle play and scooted approximately 60 yards for a touchdown. Albert Marshall was finally able to latch onto one of those Turkey passes and picking up some interference, ran the ball back over for a tally in the third quarter. R. L.

Giesecke finally proved his relation to R. C. and made all conversion kicks good.

For a team which had received only one five yard penalty in the preceding game, we hardly knew how to take the something like 100 or 125 yards of penalties we were rewarded with at Turkey, but Captain Nelson was careful about his decisions and we won anyway.

Few substitutes managed to get into the game but Heavy Thomas, a previous start-the-game-on-the-bencher started Friday nite as left guard, because of ankle injuries of Bobby Thompson. Thompson did play off and on however all thru the game.

Tomorrow nite (Friday, Sept. 26) we hit a big team—Dalhart. Though we will be out-weighted something like 20 pounds, we intend to give them all we've got. Game time is 8:00 and we hope to see some fans there at Dalhart where the game will be played.

Kampus Klatter

Hi ya, all you gals and pals! Are you all ready for a little gossip about what has been going on around MHS? I'll bet!

If there is any question about Leo runnin' around without a shirt Wednesday nite, don't be shocked! It seems Billy F. needed one ba-a-dly for the pep rally Thursday, and so? As a matter of fact Leo and Billy F. have been seen quite often lately. It all started last Mon. nite at the senior party we hear.

Carol R. and Gene Morris make a cute couple these days. They were seen with Doris Ann D. and Don W. at Roaring Spgs. Wednesday—Cute kids!

Say, Geraldine, who are you for—Matador or Turkey? Anyway, she's got an eye on a cer-

tain Turkey guy! Ollie Sue was seen with one of those rough 'n tough Matadors Saturday nite!!! Better watch out Bonner!

Some cute twosomes seen Thursday nite after the pep rally were Frances C. & Colonel G; Billy T. & Bobby T.; Pattie and Truman; some fun kiddoes!

Wayne and Melva N. managed to get together after the game Friday nite, we hear.

That's all for now. I'll be seeing ya' next week. Love, Miss El Matador.

—M. H. S.—
(Delayed)

Well here we go again with the inside and outside of every little thing around old MHS. Ain't school grand??? At least for some people it is!

It seems that the pep rally Thursday really started things off with a bang. Pray tell us how those cars hold so many—Gopher, Shirley, Norman Seigler, Mary Helen, Don Whitaker, Wanda G., Don Bradley, Melba Jane—all at once. More fun!

Oscar, Mr. Gilbreath's trained flea, seems to like to visit relatives doesn't he, Truman? Tsk, tsks!

Say Shirley P. and Geraldine which will it be? R. S. or Bonner and Leroy? You had us wondering Saturday nite!

Dorothy T! Since when has history become more important than these boys?? Please don't hang up on them. Give 'em a chance!

Couples seen after the senior party Monday nite were: Leo & Billy F.; James W. & Ruby; Fud & Annette; Colonel & Billie T.; Bonner & Dorothy.

That Colonel really gets around! We hear he had a swell time with Frances Friday.

Well, so long for now! I'll be seeing you next week. Love, Miss El Matador.

Roaring Springs
NEWS
By LULA M. SWIM

Mrs. A. C. Saucely of Here-
ford visited over the week end
in the home of her daughter and
family, Mr. and Mrs. L. A. Mul-
lins.

Mrs. Herman Havis and
brother M. D. Freeman were
called to Sulphur Springs last
Monday where they attended
the funeral of an uncle.

Mr. and Mrs. G. L. Godfrey
are visiting this month in War-
ren, Ohio, with their daughter
and family, Mr. and Mrs. Nich-
Scheul.

Colonel and Mrs. Ed Hutson
left Sunday for Oklahoma and
Arkansas. Mr. and Mrs. Hulén
Cargile and family of Lockney,
Mr. and Mrs. W. J. Hamm and
daughter of Afton and Mrs. D.
C. Johnson of Andrews visited
them here until the time of
their departure.

Mr. and Mrs. H. L. Smith
visited in Lubbock Sunday.
Melvin Holcomb who is at-
tending Draught's business
college in Lubbock, was home
over the week end.

Miss Joan Green, daughter of
Mr. and Mrs. Mervin Green, is
attending Texas Technological
college at Lubbock.

Hoyle Moss and J. C. Smiley
Texas Tech students, visited
here over the week end.

Mrs. J. T. Swim, Miss Lula
Swim, Mrs. J. T. Swim Jr., and

sons, and Mrs. Frank Ferguson
made a business trip to Quanah
Tuesday.
Bascom Watson and Elizabeth
Watson of San Angelo visited in
the home of Mr. and Mrs. Ed
Smith over the week end.
Mr. and Mrs. M. S. Thacker
and son, Max, returned home
Sunday from a vacation trip to
the Gulf coast.

TWO FARM BUREAU
DISTRICT MEETS
ARE SCHEDULED

A series of 23 Farm Bureau
district meetings will be held in
Texas September 29 thru Oct.
14, it has been announced by J.
Walter Hammond, president of
the state organization.

In order that more farmers
will be able to attend and take
part in the discussions, two
meetings have been scheduled
for the District 2 area. One will
be held in City Auditorium at
Plainview on Friday, Oct. 3;
the other will be held in Dis-
trict Court Room at Lubbock on
Saturday, October 4. The meet-
ings will start at 10:00 a. m. and
W. R. Tilson of Meadow, state
director, will preside.

The Texas Farm Bureau will
attempt to get a cross-section on
the thinking of farmers with
reference to continuation of the
national farm program, which is
in jeopardy at this time, a farm-
to-market road plan, and many
other critical issues.

"Unless farmers make a de-
termined fight for the retention
of the farm program, it will be

discontinued after 1948," Presi-
dent Hammond warns. "There
was a move on the part of Con-
gress during the past session to
eliminate all price supports and
AAA payments for soil conserva-
tion," he said, "and it is
necessary that we rally all the
support possible from our mem-
bers if we are to retain our farm
program."

The Farm Bureau expects to
enlist the counsel and support
of other groups interested in a
rural road program, in formu-
lating a plan that will provide
for a source of revenue, type of
roads, allocation of funds to
counties, who shall determine
type of roads, who shall be re-
sponsible for location of roads,
etc., and have it ready to place
before the next session of the
legislature for enactment into law.
"The road plan should be
completed and ready to present
to candidates for public office
during the 1948 election cam-
paign," Hammond declared.
Farmers should vote for candi-
dates who will support their
farm-to-market road plan, he
continued.

WE CAN NOT
Insure
THE ASHES!

IT is too late to buy insurance after the fire alarm has
sounded, nor can we pay you for the ashes if you have neg-
lected properly to insure your property.

Prepare for that dreaded possibility—FIRE. Let us help
you with your insurance program to cover your home, auto,
farm buildings and crops. There is only one time to insure
—NOW!

Mother Nature couldn't be beaten the day she made the
Tiger Swallowtail butterfly—and she was doing a mighty
fine job when she produced the crudes that go into Phillips 66
Motor Oils, too!

Then, Phillips special refining processes, Phillips prac-
tical skill and know-how, turned these exceptionally fine
crudes into fine lubricants . . . lubricants that have what it
takes to do an honest-to-goodness job of protecting your
engine. Ask for Phillips 66 Motor Oil or Phillips 66 Premium
Motor Oil.

Phillips 66 Motor Oil has made thousands and thousands
of friends . . . and has chalked up an enviable record over-
ruling billions of miles of satisfactory performance!

Phillips 66 Premium Motor Oil is brand new! It cleans!
It prevents bearing corrosion! It resists high temperatures
and high pressures! In short, this oil is made especially for
motorists who want something extra-special in lubrication.

You'll like them both . . . Phillips 66 and Phillips 66
Premium!

A SURE CURE FOR LAZINESS

MEXICO CITY, Eugenio Mancera, 36, complained to police recently that his wife slashed him with a knife because he was too tired to work. According to Mancera, he quit his job last Wednesday and went home to bed. His wife entered his room and charged him with being lazy. Mancera said he pretended that he was asleep and didn't hear her. The next thing he knew, Man-

cera said, she was back with a knife and, yelling that he should "go out and get work", began hacking at him.

Neighbors, aroused by the screams of the two, entered the room and Mrs. Mancera fled. The newspaper Ultimas Noticias headlined the story, "Our Country Needs Many Such Women."

Keith Patton, son of Mr. and Mrs. Marvin Patton is attending Texas University at Austin.

Peanut Growers To Be Notified Of Allotments For '48

Before Motley County peanut farmers vote on whether there will be marketing quotas and acreage allotments for the next 3 years, they will be notified what their 1948 allotments will be.

This assurance was given the Tribune today by Lloyd Stafford, chairman of the County Agricultural Conservation Committee.

"This will give each producer a chance to decide whether he has received his fair share of the county allotment before the referendum is held," Stafford said.

By now, all peanut producers should have received a questionnaire on which they are asked to give their past acreage and other necessary information.

"It is very important," the Chairman said, "that each producer return his questionnaire by Oct. 1, so that the county committee can inform him of his allotment and put his name on the list of eligible voters before the referendum. Any vote may be challenged if the voter's name is not on the eligible list. Anyone who has not received a questionnaire may obtain one at the county office."

If two-thirds of those voting in the referendum favor quotas, farm acreage allotments and quotas will be in effect for the 1948, 1949, and 1950 crops. All peanuts produced in 1948 on a farm that is not overplanted will be eligible for a loan or other price support at 90 percent of parity. On an over-planted farm only excess peanuts will be eligible for a loan or other price support, and at a rate of only 54 percent of parity. Peanuts marketed in excess of the quota will be subject to a penalty at the rate of 50 percent of the basic loan rate in effect.

If quotas are disapproved, the only support for the 1948 crop would be a program supporting the price of peanuts at 90 percent of the parity price.

GO TO CHURCH SUNDAY

Joe M. Gaines, Manager

Tribune, Matador, Motley Co., Texas, Thursday, September 25, 1947

Loan facilities formerly provided by the Farm Security Administration and by the Emergency Crop and Feed Loan Division of the Farm Credit Corporation are now furnished by the agency, Farmers Home Administration.

The federal government owns about one-fourth of all the land in the United States.

Mr. Gilbreath has gone on the war path again and this time it is about the book covers. Let's get them covered and let him what we can do—before it's likely to save our scapes.

The peanut acreage of the Texas West Cross Timbers area is three times as large now as before the war.
