

Outstanding Indian Relics In Museum

CANYON—When the second part of the Panhandle-Plains Historical Museum is completed, it is hoped it may be at the conclusion of the current campaign, it will house one of the largest collections of Indian relics in the Plains region of the Southwest. In the additional much needed space, these exhibits will be adequately displayed for the first time, according to Boone McClure, Museum Director.

The collections are many and varied. Perhaps the most outstanding among them are the contributions of Susan J. Allen, Dr. R. Goetsche, E. E. Dowden and Anna W. Dove.

As a memorial to her parents, Miss Allen of Pennsylvania, who

The 40 and 8, Legion fun and honor organization, will hold a banquet at 6:30 P. M. Saturday to be followed by a business session at 7:30 P. M. Heading the 40 and 8 business agenda will be the election of an 18th District Chief de Gare to succeed the incumbent, G. F. Branson of Pampa. A dance for all Legionnaires will be held Saturday night.

A breakfast for all Commanders, Adjutants and Service Officers will be held at 8:00 A. M. Sunday at the Herring Hotel Coffee Shop. A joint session with the Ladies Auxiliary will convene at 9:30 A. M. Sunday and will include a Memorial Service honoring America's war dead.

Separate business sessions of the Legion and Auxiliary are scheduled Sunday afternoon. The Legion will meet in the McKinley Schol Auditorium and the Auxiliary in the Legion Home. In addition to the election of a new Commander, dele-

gates will formulate plans for the 1947-48 Legion year, acting Commander Sanders has announced.

Adjournment will be Sunday evening.

spent many years collecting artifacts of American Indian culture as well as articles of historical interest from all quarters of the globe, gave this collection to the museum.

Included are more than 250 Pomo Indian baskets, representing types of weaving done by them; 50 pieces of Apache bead work; more than 30 Navajo blankets, many of them priceless, and more than 100 articles of hand-tooled silver from the Navajo, Hopi and other tribes.

Of special interest in the group is the blanket that was taken from Chief Geronimo of the Apache tribe at the time, he was taken prisoner by the United States Army. One of the most unusual items in the entire collection is a snaw pipe with a braided porcupine quill covering on the stem.

Dr. Goetsche was for many years a frontier dentist, having contact and association with Plains Indians, from the Dakotas to the Red River. His collection numbers approximately 100 articles including, as an outstanding item, a "trail pipe," made from the leg-bone of a deer and occasionally used by the Indians in their rituals on the trail, when a larger peace pipe was not available. Also included are articles of clothing, jewelry and tools of the Cheyennes.

The E. E. Dowden collection consists very largely of Comanche Indian relics. It includes the personal effects of Quanah Parker and his wives. A Papoose cradle, belonging to one of the wives is of unusual interest. A lock of papoose hair is still at-

tached to the cradle, as a token of friendship between Mr. Dowden and the Comanches.

According to tradition, Quanah Parker was the husband of six wives, and each of them was represented with a silver star placed above his living quarters. An Indian Agent informed Parker that according to law he would be allowed to keep only one wife, and advised him to choose one from among the six and inform the other five. Parker is reported to have taken the matter under consideration for a short time, then turning to the Agent, he said, "You tell them."

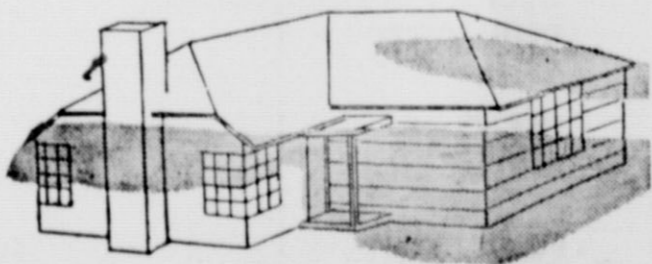

Received most recently is the Anna W. Dove collection which is valued at several thousand dollars. It was previously shown at the Dallas Museum of Fine Arts, and was removed by the owner to be added to the Indian exhibits of the Panhandle-Plains Museum.

Very valuable in the group is the Navajo Germantown Indian blanket which is estimated to be worth \$1,000. The blanket is five by seven feet in size and is of the bright colors found in most Indian designs. There are also papoose cradles from the Omaha, Sioux and Ute tribes. These are of varied materials and styles. This collection also contains numerous items of interest to museum visitors.

Susan J. Allen, in recognition of her splendid contributions to the Museum, has been named by the Board of Directors as one of the Benefactors of the Panhandle-Plains Historical Museum.

CANYON, October 28—Shown above is the mural, "Coronado's Exploration on the Plains" by Ben Carlton Mead, which is painted on the west wall of the Panhandle-Plains Historical Museum. Mr. Mead and Harold Bugbee, prominent Panhandle artists, have depicted historic Panhandle life from the days of the ancient people of Antelope Creek. The mural shows Coronado's explorations and Goodnight's entry into the Palo Duro, to the ranching scenes of the present day, in the murals which decorate the museum walls.

There are only a few of the many unusual and interesting items on display at the Panhandle-Plains Museum, and a great number of others will be added upon completion of the present unit which is now under construction.

A campaign for funds to complete this unit is now underway in all counties of the Panhandle. Goal for the drive which closes Dec. 1, is \$50,000. H. C. Pipkin of Amarillo is chairman of the building committee, and C. D. Bird and Douglas Meador, members of the Board of Directors, are receiving contributions in Matador.

HOME DEMONSTRATION NOTES

By Mary K. Rattan

How many times have you wondered what you could do in a hurry for an accidental spill on your favorite rug or chair? Turn to your kitchen—9 times out of 10, the kitchen shelf can give you first aid.

For instance, cornstarch or cornmeal will absorb moisture—the main trick is to get it on the liquid in a hurry, before it has a chance to soak in. This is good for rugs, upholstery or mattresses.

A paste of cornstarch and cleaning fluid will do wonders on a grease spot... let the paste dry, brush it off and repeat until all the spot disappears.

Starch comes in handy for soot and smoke marks, too—shake on the starch and then brush off soot and starch together.

If you have children, you know how stubborn chewing gum can be, especially on rugs or other heavy materials. Call on ice or egg white. If the fabric won't water spot, rub ice over it... it hardens so that it can be scraped or rubbed free. Or soften the gum with egg white and then wash off both with cool soapy water.

Baking soda is another handy item to have around for acid stains... prompt treatment with soda neutralizes the acid and prevents stain danger.

BIBLE STUDY GIVEN AT CIRCLE MEETING

At the conclusion of the meeting, refreshments of cookies and coffee were served to the following: Mesdames Howe Hines, Dick Groves, R. E. Campbell, Jr., Clifford Potts, Harold Campbell, Burrell Tipton and Mrs. Fish.

Sangers Seeking Texans Who Share 90th Anniversary

Will you be 90 years old on November 7, or thereabouts?

A substantial birthday surprise awaits any Texan, or Texan, now residing within the state and whose birth date was November 7, 1857, the date from which stems the coming 90th anniversary of establishment of Sanger Bros., in Texas.

In the event none is found whose birth date coincides with that of this fine retail Texas institution, then the November date nearest November 7 will be honored.

Texas has become the greatest of all the states because of the thrift and perseverance of hardy pioneers. Therefore, Sanger Bros., proud of the confidence long held in this store, is anxious to celebrate jointly with its twin, or twins, and out of which will come worthwhile recognition for our guest or guests," declared E. P. Simmons, president of the firm.

Because birth certificates seldom are available for such a distant date, reasonable proof should be available from a family Bible, insurance policy, or some public record.

Information should be sent immediately to Eli Sanger, Sanger Bros., Dallas 2, Texas, and must arrive not later than Saturday, November 1.

Bundles And Boxes To Be Packed For European Children

Bundles and boxes to be sent to Europe's needy school children will be assembled for packing when women of the Methodist and Baptist churches meet in a joint service on November 7. Theme for the meeting is "The World Is My Community."

A list of articles to be included in the clothing bundle and the shoe and school box was published in last week's Tribune and may also be obtained from Mrs. W. F. Jacobs, president of the Methodist W. S. C. S.

Articles may be new or clean used ones, carefully repaired. Many church women overseas, it was pointed out, would be happy to make clothing for their own children or those within their parish if you prefer to substitute materials for garments listed (include thread, buttons, tape, trimming). With in reason, the contents of the bundle may be varied. If you cannot assemble a complete bundle, it is suggested that you

get friends to help, or bring such articles as you have.

Instructions regarding packing of each bundle, are as follows: Fold the articles to be contained in each bundle on an imaginary 15" by 24" base (to fit bales). Be sure that the top as well as the bottom of bundle is the same size and that the sides are as straight as possible. Height is unimportant. Wrap the bundle neatly in the blanket, square sides carefully and pin flaps smoothly with safetypins. This bundle will exactly fit the bales, and will not need to be rehandled. Do not include food, soap, shoes, breakable toys or cosmetics. They will be crushed in the bales and may spoil other goods. Sew to outside of bundle, a cloth tag marked G (girl), or B (boy) and age of child for whom the garments are assembled.

If shoes are contributed, shoe box should be made attractive by decorating it with bright pictures of American children at school or play, cut from magazines, showing the way of life in this country. Avoid, however, pictures of fancy foods or extravagant pleasures. A coat of clear varnish may be applied over the pictures to preserve them. Put the shoes in the box and pack the supplies around them. (Supplies were also listed in last week's Tribune or may be obtained from Mrs. Jacobs.) Stuff the box with paper "hankies" to make it rattle proof. Tie securely.

Girl's Auxiliary Presents Program At Baptist W. M. S.

(Delayed)

The Girl's Auxiliary of the Baptist Women's Missionary Society, directed by Mrs. Vernon Doss, presented an interesting program with Mexico as the subject, at general meeting of the women Tuesday night.

The program included presentation of badges by Mrs. Doss to three girls, representing their

advancement in G. A. work, which is the study of missionary fields and the lives of Baptist missionaries, together with memorizing extensive quotations from the Bible.

To make the study more interesting, the girls represent "helpers in the King's Court," and attain various ranks. Mrs. Doss presented the badges of Maiden to Lillian Woods, of Lady-in-Waiting to Jean Hines, and of Princess to Doris Ann Doss. School Lunch Room Now Pays Expenses

The lunch room operated by Matador Independent School District is now able to meet expenses, since raising the price of lunches from 20 to 25 cents, it was disclosed by school officials.

Although the lunch room lost approximately \$100.00 the first four weeks of operation, the increase in price of the lunches is

enabling the books to be balanced as far as each days receipts and expenses are concerned. The \$100.00 deficit will be deducted from the \$495.00 balance with which the lunch room started operation, officials said. Some of this balance has been used to purchase much needed equipment such as spoons, glasses, etc.

According to state regulations this year, all funds from the lunch room must be maintained in a fund by the school district for that purpose and figured in the school budget. School officials pointed out that this fund is separate from all other monies and that no tax money or other school receipts is used in the operation of this fund. Consequently, if the lunch room fail-

ed to pay its own way, it would then have to be discontinued or prices raised. All funds are paid by check just as other school funds are disbursed, and complete records are maintained for three years and are subject to federal audit at any time.

Approximately 180 students were served daily during the first month's operation according to Mrs. Loyd Latimer, who is in charge of the project.

From where I sit... by Joe Marsh

Sam's a Matrimony Expert

Sam Abernathy never intended to be a matrimony expert, but he hit the nail on the head the other day when he said:

"What marriage really needs is more open minds and a lot fewer open mouths."

Sam may not think much of his missus' choice of hats or her habit of serving watercress and cream cheese salad. But he keeps his mouth shut (I mean, he just uses it to eat the salad). And the missus never criticizes Sam's affection for that worn-out chair before the fire,

and his mellow glass of beer and pipe at the end of a long day.

From where I sit, that prescription would apply to most human relationships. Criticism rarely rouses anything but resentment. But an open mind—whether it's applied to a woman's choice of hats, or a husband's preference for a pipe and a moderate glass of beer or two—leads to the conclusion that there's right on both sides.

Mavericks Trim Floyd Breezers

Playing under lights on Matador's Burleson field, Tuesday night, October 21, the Floydada Breezers, Floydada grade school team, was given a 12-7 beating by the Matador Mavericks.

The Mavericks, under the captainship of sixth grader, Billy Jack Spray, won the toss and received, only to lose the ball on a fumble. The Breezer's Haygood finally scored on a drive off-tackle and the extra-point was made good by a drive through center.

The Mavericks marched for their pointer in the second quarter by going down field for about forty yards on two consecutive passes from quarterback Garry Laughlin, to left end, Cecil Shelton. Left half, Billy Ray Webb, carried the ball over on a right end sweep and an attempt to convert by a center plunge was stopped.

The rest of that quarter and the third period was a game of spirited see-saw, each team winning and losing the ball several times. In the fourth period, the Mavericks started a 60 yard drive, and lacked fifteen yards when Webb again scored on a right end run.

The Maverick line-up is as follows: LE, Cecil Shelton; LT, James Ketchersid; LG, Jack Spray; CEN, Ronald Hobbs; RG, Buddy Lynn; RT, Don Whitehead; RE, Kenneth Dunning, with Wayne Fletcher, Gary Laughlin, Billy Webb, and Freddy Lee filling the back-field. Most used substitute was Ray Carman.

Only Juniors Make Distinguished List

Only four students, all junior girls, made the high school distinguished list (grades of 90 or above on all subjects) for the first six weeks of school, and though several students made

the honor roll (grades of 80 and above on all subjects), it was also comparatively small. A list of the honor students is as follows:

Distinguished List: Ann Harp (high point student with average of 96), Rosemary Bloodworth, Patti Pipkin and Dorothy Traweck.

Honor Roll: Seniors: Gwendolyn Wilkinson (high point senior with 92½ average), Leo Archer, Bobby Browning, Barbara Ketchersid, W. F. McCaghren, Norman Spray, and John Warren.

Juniors: Frances Casey, Truman Groves, Shirley Pope, June Spray, Sarah Springer, Don Wason and Geraldine Waybourn.

Sophomores: Oleta Holt (high point with 92 average), Dorothy Bearden, Shirles Estes, Betty Fox, Wanda Graham, Melva North, and Mary Helen Stephens.

Freshmen: Bourland Kieth (90½ average, high point freshman), and R. L. Holt.

Carnival Creating Much Excitement

The annual high school Hal-owe'en carnival which "comes to town" tomorrow night is creating much excitement as people begin to wonder who will win the title of ugliest man, prettiest woman, and who will be crowned carnival queen.

Men are hearing rumors about the "For Men Only" attraction and women have heard something about a "For Women Only" department, besides the usual crazy house, pie walk, and dozens of other games for fun and games of chance.

Besides the regular concession stands, there are many entertaining programs designed to make everyone's evening an enjoyable one. There may even be some proverbial witches and goblins present to witness the amateur hour and boxing

matches... two attractions which become more popular each year.

Here, at the high school, everything is in readiness, and classes have little attention at times, it is feared for students minds wandering to tomorrow night.

A record-breaking crowd is expected and is guaranteed by the four classes of the high school that those who come shall not be disappointed.

Sandwiches may be bought any time during the evening and the Bingo stand will also operate 'til closing time.

BASKETBALL SEASON SCHEDULE ARRANGED

The executive committee of district 4A met in Floydada Thursday night, October 23, to arrange a basketball schedule for the coming season. By playing a double round robin each team will play every team two games and each team will have six games at home and six away.

The teams play one game before Christmas and resume play on the sixth of January. The schedule for the Matadors is as follows:

- Dec. 16—Crosbyton, there
- Jan. 6—Lockney, here
- Jan. 9—Open

- Jan. 16—Paducah, here

Annual Staff Meets With Representative

Steck representative, Saunderson met with the 1947-48 La-Arena annual staff Tuesday October 21, to explain the production of the book, demonstrate how to mount pictures, the procedure to follow in making the dummy copy, and to answer numerous questions asked by the staff.

Saunderson praised the staff as being a very industrious group and predicted that a successful book would result. According to staff members, he will be back from time to time during the year to see how the annual is progressing.

There are yet some students who have not made their payments on contracted annuals, and it is urged that they should do this as soon as possible.

It is still possible to take orders for books, according to managing editor, Gwendolyn Wilkinson, and it is hoped that more grade school students will contract for year-books, as their pictures will also appear in the annual.

Playful Truckers Pay For Their Fun

Fun is expensive. Two Vernon grain truckers were having fun on highway 70 early Wednesday morning until Sheriff John Stotts broke into their game and brought them back to Matador to pay fines for careless driving.

Earlier, Sheriff Stotts had received a call from Bob's Cook Shack cafe that two truck drivers were becoming noisy. When he reached the scene the drivers had departed toward Floydada. Following them into the foothills of the Cap Rock, Stotts was afraid to believe his eyes about five miles west of town.

A large loaded Miller & Miller Motor Freight Lines truck was crawling up a steep hill. On the left was one of the large empty grain trucks and on the right (off the pavement) was the other empty grain truck.

Once on level ground the sheriff stopped the playful truckers and asked them what they were doing. One told him, "we were just cuttin' up." He returned them to Matador where they paid fines.
