

## Matador Schools Plan For Season

### Jake Edwards Named For Principal Place

SHADOW of a school house is falling across summer vacation activities of several hundred Matador school students as plans are being made to open the fall term September 1.

Jake Edwards, son of Mayor and Mrs. G. T. Edwards has been elected to the capacity of grammar school principal according to Superintendent Bert Ezzell.

Football training will start about the first of September, Mr. Ezzell declared when the Matadors will have a chance to soil their spanking brand new uniforms.

It is estimated registration of high school will be approximately 125 and that the enrollment of grade school will be about 250. Pre-registration will start about August 24, Mr. Ezzell declared and students are asked to plan their vacations in a manner that will not conflict with the date. Total enrollment is expected to be about the same as last season.

School buildings are being placed in order for the opening with the painting of window frames, refinishing floors and repairing screens.

First football game of the new season will be played with Quitaque, it was announced.

### New Plane Displayed At "Buzz" Air Field

The plane you have been waiting for has arrived. The new Luscombe Silvaire special is now ready for immediate delivery by Buzz Field dealers, James and Hoyle Moss and Buzz Thacker.

The new plane was flown back from Dallas Tuesday in two hours and 39 minutes. The modern all-metal plane has a delivery price of \$2,695, or the Standard model for \$200 less.

Buzz Field, which is receiving an increasing patronage, is installing a telephone this week so that private plane flyers may be able to contact friends or relatives immediately upon landing at the well-located field five miles south of Matador and two miles north of Roaring Springs.

Buzz Field is now listed on all air maps of the area. The young managers plan to offer car rental service to patrons in the near future.

### SINGING TO BE HELD AT ASSEMBLY OF GOD CHURCH AT SPRINGS

All day singing services will be held in the Assembly of God church at Roaring Springs, Sunday, August 3, according to C. E. Smith. Everyone is cordially invited to attend this service.

Back From Harvest  
Back from the wheat harvest this week are Cy Courtney, Hal Courtney, Don Paul Keith, D. P. Keith, Herhall Whitehead and Roscoe Lee.

Household tip: when shaking out a small rug, hold it by the sides, as the weight of the rug will pull the threads apart if it's held by the ends.

### TWO BUILDINGS GO UP IN FLAMES AT ROARING SPRINGS

An appeal from Roaring Springs Monday afternoon brought the Matador Volunteer Fire department to aid in fighting a fire that destroyed Nichols Tailor Shop and Laundry and threatened a third building before it was brought under control.

The flames broke out in the tailor shop after a boiler pilot light had gone out, filling the building with fumes which caused an explosion. No estimate of the loss in buildings and contents was made available.

Two additional calls added to the department's activities during the past week. Burning dry grass was the source of an alarm Sunday at 2 p. m. west of the T. & L. Service Station.

Sparks from burning trash ignited a stack of lumber near the Jack Green residence Sunday at 3 p. m. Small damage resulted.

Fire Chief Roy Smith again warns the public with regard to the extreme hazard resulting from dry grass thruout the city. He advises that dry grass be removed from the vicinity of buildings and that care be exercised in burning trash.

Farmers and ranchers are warned of the hazard to prairie grass that borders highways or other areas where grass fires may be started. Fire guards are advised as the best protection.

### H. G. Rose Condition Declared Improved

H. G. Rose of Whiteflat is reported resting satisfactorily after an operation in a Quanah hospital.

Mr. Rose has suffered stomach ailments for a number of years and was injured July 19 when he fell from a tractor on the Tom Edwards farm near Whiteflat. He was rushed to the Stanley Clinic here where he was advised to seek the services of a specialist at Quanah.

Suffering from a stroke which caused him to fall from the tractor, Mr. Rose managed to cut off the motor of the machine before it passed over his body.

### MATADOR SCHOOLS HAVE MUSIC TEACHER

Music and voice lessons will be taught in Matador public schools next year according to Bert Ezzell, superintendent. Mrs. L. D. Wilkenson, experienced instructor of music will conduct the classes. A high school chorus group will also be organized. Private piano and voice lessons will be offered as soon as Mrs. Wilkenson assumes her duties here September 1.

She has taught music in Clarendon, Silverton and Sudan before accepting the position to teach at Matador and is now attending Texas Technological college in Lubbock.

### Cow Was Star In Printshop Drama That Flexed Religion Of Pioneer Publisher

Cows and the devil have horns. Tall, genial, soft-spoken Rev. W. Y. Switzer, pastor of the First Methodist church of Mountain View, Oklahoma, walked into the Tribune office Thursday and was at home in the surroundings. He was a printer and editor before he started his crusade against the devil. Being a practical man he assumes there is no symbolism between a crumpled-horn milk cow and his present calling.

More than two score years (44 years ago), W. Y. Switzer was a printer and editor of the Matador Maverick. He was in a partnership with Clyde Kendall and operated the newspaper until six months. The Maverick was printed on a George Washington hand press located in a wooden building beyond the Hobbs shoe shop.

It was difficult to obtain leads (spaces between lines of type) and printer Switzer often went to the tin shop and had thin pieces of metal cut to suit his purpose.

Cow Walks Into News  
One Sunny day printer Switzer had washed his form of type in lye, as was the custom, and leaned it against the rear of the building to dry. In the immediate vicinity was a milk cow who walked into the locked-up type, struck it with her horn and jarred the quoins loose. The page of hand-set type fell into the dirt. The vexed young printer picked up the type in a wash tub. It required three weeks before it was again back in the cases. He does not remember what he said. It was not, however, the same language he now uses in the pulpit.

Life was sweet in Matador in those pioneer days, Rev. Switzer declared. He was a very good printer and frequently set up the type and published his small paper in two or three days, leaving him considerable time on his hands. He often would ride out to the Matador range wagon and work with the cowboys until time to start another paper. During his career he worked on newspapers (hand-set) in Amarillo, Clarendon, Childress and Matador. (The old Amarillo Times was published three times weekly.)

### Boys Club Ends '47 Season

Matador Boys Club ends its 1947 and first season tonight with a free picture show at the local Rogue theatre. Coach Brady Thomas said the club spent \$65.00 in providing free swims for members during the past week, but that membership jumped to 43.

The highly successful season has provided many days of interesting activities for boys who would have otherwise been forced to seek diversion thru other means. Interest in the work conducted by Coach Thomas has been high at all times and the expert instruction received thru him is reflected in the improved physical condition of members, the pleasure they enjoyed and the valuable training they have acquired.

Coach Thomas will leave Sunday for El Paso where he will attend the state coaching school for a week. It is expected that between 1,000 and 1,200 coaches will attend.

### Vets To Feast At Next Meeting

Ice cream will be served to members of the V. F. W. next Tuesday, August 5, in the American Legion Hut at 8 p. m., according to Albert Rattan, commander of the organization.

A ladies night program and plans for a lighted baseball field will be discussed, along with other business at the regular called meeting.

### Funeral Services For J. F. Smith Held Thurs.

Funeral services for J. Frank Smith of Afton were held at 1:00 p. m., Thursday, July 27, in the Church of Christ at Floydada.

Mr. Smith was born August 17, 1880 and died July 23 at the age of 67.

He is survived by three daughters, Lillie Webb, Tansy Black and Oleta Smith; four brothers, T. L. Smith, R. T. Smith and Hobb Smith; and two sisters, Mrs. Maggie Howard and Mrs. Norma Barnes.

### Home Freezer-Locker To Be Demonstrated

A new home unit Coolerator freezer-locker is now being shown and demonstrated at the Household Supply according to Frank Pohl, manager.

The new Coolerator is not an ordinary refrigerator, Mr. Pohl declared, and offers many advantages that will appeal to the housewife who desires to serve better foods and reduce the amount of her grocery bill.

The public is invited to bring meat and vegetables to the store and leave them to test the qualities of the new unit.

### LOCAL FOOD FIRM TO OFFER SAMPLES

Free coffee, pickles, fruit juices and samples of Monarch brand products will be offered Saturday at Spot Cash Grocery and food locker plant, according to manager Vernon Doss.

Containers of the high quality Monarch brand products will be opened at 8 a. m. and samples given away thruout the day. The public is invited to try the samples and compare the quality of Monarch products. There is no obligation to buy.

### Crew At Tribune Carry On Duties

Credit for this issue of the Tribune is due to Joe B. Meador and Chareen Ketchersid who carried on the front office duties during the absence of publisher Douglas Meador. Miss Ketchersid was responsible for the news while Meador handled the advertising. The back shop work was done by the regular mechanical staff of Mr. and Mrs. Burrell Tipton.

Americans ate an average of 382 eggs per person in 1946.

### DIAMONDETTES TILT QUITAQUE

Matador Diamonettes, girl softball team tilted Quitaque's girl league to the tune of 14-1 Tuesday night on the opponents' field. Hard hitting, swift pitching Dude Barton nearly pitched a no-hit game for Matador. However, the Diamonettes made one error; Bessie Jean Williams swatted a good home run that brought in two players on bases, but she was called out and three scores erased. She had failed to touch second in the mad scramble for second. Quitaque scored in the eighth inning.

The local team is under the management of Herman Stanfield with Mrs. Maggie Courtney as assistant score-keeper.

Members of the Matador team are Jerry Hays, catcher; Dude Barton, pitcher; Helen Hill, 1st; June Pope, 2nd; Mary K. Rattan, 3rd; Nell Bishop, left short; Bernice Ruth Schweitzer, roaming short; Inez Bailey, left field; Irene Walling, center field and Bessie Jean Williams, right field.

The Diamonettes are making plans to battle a return match with Quitaque in the near future.

### Leon Ice Company Makes Necessary Price Adjustments

Leon Ice Company will raise the price of ice, beginning Aug. 1st, according to Earl Laughlin, manager of the ice plant in Matador.

Low prices have prevailed for the past ten years, but due to the high cost of production, it is necessary for the company to boost the price. Most ice companies raised their prices last year.

The company pledges to their customers to lower their prices as soon as conditions will permit.

### Government Poison Checks Hopper Siege

Hoppers in Motley county are believed to be checked at present, according to J. Rufus Emmons, county agent. Twenty-four thousand pounds of poison bait was distributed in the county from June 9th to July 25. This amount of poison was enough to cover a 60 mile area of fence row. Most farmers who used the poison had good results in ridding the pests.

Farmers were alert and started fighting the hoppers before they had time to damage many acres of crops, Emmons said. Most hoppers in the county were found near Roaring Springs and Whiteflat. Because of the vast acres of grass land bordering the farms in that area the hoppers moved in rapidly. Hot, dry weather will cause the insects to move from the grass land into the fields, to eat the tender plants. Crops in most of the county are now too tough for the hoppers to eat. However, if any grasshoppers appear, they should be reported.

The invading hoppers were jumbo type and not the army migratory hoppers which fly great distances to destroy crops.

### '37 M. H. S. Graduates To Dine At Springs

Graduates of the 1937 class of Matador High School will have a picnic lunch Sunday, August 3, at Roaring Springs. Members of the class will bring their own lunch, according to the committee in charge. Immediately following the lunch there will be a short program. Principal speaker will be B. F. Tunnell, ex-superintendent of Matador High School.

Letters have been received from a large per cent of the class of '37. Most of the members are planning to attend the reunion of the '37 class.

### Flag Springs Baptist Revival To Commence Friday, August 8

Mid-summer revival meeting of the Flag Springs Baptist Church will open Friday night, August 8, it was announced this week.

Elder W. E. Nunn of Hamlin will preach for the revival and Elder E. J. Ware of Mineral Wells will lead the singing.

### Baptist Revival Meeting Is Rapidly Gaining Interest

Rev. Marvel Upton, Evangelist

Rev. Clifford Potts, Singer

Interest has grown rapidly in the summer revival meeting which opened at the Matador Methodist church, Wednesday, 30, with Rev. Marvel Upton, Pastor of White Deer, as evangelist.

Rev. Upton is a dynamic speaker bringing the strength of his religious background and experience into his messages. He is a graduate of Wayland Junior

### Hot, White Skies Menacing Crops

Yellow fields, grim ghost of the Panhandle farmer, is looking down through hot skies in a drought threat advancing daily as temperatures soar above the 100 mark. Menacing one of the most promising crops in several years, the extreme heat has continued without interruption since last week and no relief has been promised by the weather-man.

Only .41 inch of rain fell during the vital growing month of July according to Matador Water Superintendent Herman Stanfield, who maintains the U. S. rain gauge at the city wells. On July 10th, .12-inch was recorded and on July 18th an additional .25-inch fell. Shower of July 23rd registered .04-inch.

The current heat wave is reflected in the consumption of ice being produced by the Leon Ice Company. Earl Laughlin, manager declared that a shortage is threatened altho his plant is producing about 30 tons daily or an additional three tons per day as compared with the same date last year.

### COLORED SCHOOL TO OPEN SOON

Doors of the Matador colored schoolhouse will be open and school ready to commence August 11, according to information received recently. The building has recently been repaired. Walter Mitchell and Mrs. Theota Norris will be the instructors. Both have B. A. degrees.

### First Baptist Church Of Roaring Springs To Start Revival Aug. 1

Revival services in the First Baptist church of Roaring Springs will begin Friday, August 1st, according to an announcement made this week by Rev. G. C. Tiner, pastor of the church.

Rev. F. N. Allen of Hale Center will have charge of the ten day meeting.

### BBs Pull Claws From Lions Softball Team

Red "Coolerator" Laughlin can explain it. One of those things overtook his high and mighty Lions Club softballers under the lights on Burlison Field Tuesday night. The under the cellar floor Bible boys pulled the claws from the whiskered and slapped their whiskered jaws to the tune of 16-0 in the worst upset in the current softball season. The good-natured red-headed iceman has not lost

faith in his team and still believes they are the better of the two clubs, however, he admits they were off, not hitting and had gotten too confident.

Getting farther behind in the Matador softball league round-robin is the Vets of Foreign Wars who dropped the honors to the Fireboys by the neat margin of 21-18 Monday night. The heartbreaker lasted for seven innings.

### Mrs. Bobby Hardin Is Honored At Reception

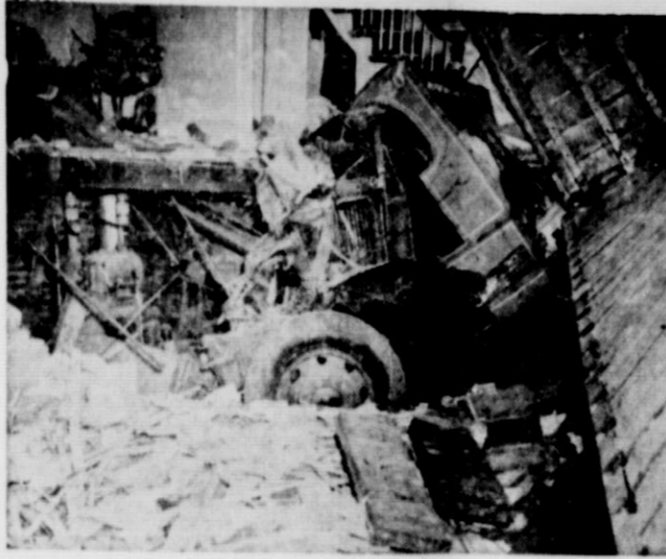

A gift reception held Saturday afternoon, July 19, in the home of Mrs. G. C. Tiner, honored Mrs. Bobby Hardin, nee Dacia Redd, hostesses were Mesdames Bobby Tiner and Paul Nichols.

Mrs. Tiner received the guests at the door and Mrs. Paul Nichols registered them in the bride's book. Mrs. Bobby Tiner served the guests cake squares and punch from a crystal punch bowl. Center piece for the table was crepe myrtle. The house was decorated with cut flowers.

Those sending gifts and calling during the evening were: Mesdames Herman Havis, Hor-

ace Redd, Alma Jackson, Hugh Preston, James M. Carpenter, Jess Hardin, Hazel Bridges, Chas. Brooks, H. T. Tooke, J. D. Green, S. Warren, O. L. Bearden, J. Chas. Long, Ruth Dye, J. P. Cooper, W. H. Nichols, Ethel Maze, E. A. Maze, Virginia Jackson, R. J. Harmon, J. N. Fletcher, H. W. Keahey, Rena Bowen, Carl Tardy, Ed Smith, Zella King, Dorothy Braselton, Lois Enloe, Gladys Moss, George Hensarling, Jessie Freeman, E. L. Smith, J. H. Patridge, G. C. Sanders, Bob Williams, Maude Ferguson, Clyde Davis, Cleo Watson, Dorothy Watson.

Mesdames Brown Hinson, Omer Watson, Jake Cooper, S. C. Phipps, John Smith, M. S. Thacker, Joe Melton Thacker, H. C. Smith, M. D. Hardin, Ray Martin, Aubrey Davis, Mike Hoyle, John Meason, Beavis Prather, Lem Miller, Louis Hodgkin, C. E. Watson, Jr., J. C. Smiley, H. T. Robins, Joe Duren, J. M. Carpenter, Sr., James Moss, Henry Teague and Misses Carolyn Havis, Mellie B. Hardin, Raynita Martin, Clara Dean James, Lula Mae Swim, Kelly Ann Green, Norma Jean

The driver of this truck lost control of it because its brakes were defective. It ran up on the sidewalk and plowed through the side of a house, killing two persons. In addition to the terrible toll of motor vehicle deaths and injuries last year—33,500 killed, 1,150,000 injured—the total economic waste amounted to almost two billion dollars. Brakes, tires, lights, windshield wipers and other safety features should be periodically checked as a safeguard against accidents. A recent nationwide testing program disclosed mechanical defects in one out of every three cars examined.

Redd, Joan Green, Anna Hensarling, Almeda Irvin, Fannie Kelly, Beno Wilson and Betty Hodgkin. Mr. Glen Ray Freeman and the host and co-hostesses Mrs. G. C. Tiner, Mrs. Bobby Tiner and Mrs. Paul Nichols.

### County Demonstrator Gives Wanted Recipe

Housewives in Motley county who have been wanting a good recipe for preparing pickled peaches, are now offered the following advice from county home demonstrator, Mrs. Mary K. Rattan.

**Pickled Peaches**  
8 lbs. of small peaches, 2 tablespoons whole cloves, 2 pounds sugar, 1 cup water, 1 quart of vinegar.

Place the two tablespoons of whole cloves in a small white cotton bag and cook in the two pounds sugar, one quart of vinegar and the cup of water for 10 minutes.

The peaches are added to the liquid and cooked slowly until tender, but not broken. After standing overnight, syrup is drained from the peaches and the spices removed. The syrup is boiled rapidly until thickened and poured over peaches that have been packed into clean hot sterile jars. The jars are sealed tight. To give time for the flavor to be blended, the jars should be kept in a cool place for several weeks before serving.

### Nancy and Wanda Jo Enloe Honored With Party on Birthdays

Misses Nancy and Wanda Jo Enloe, daughters of Mr. and Mrs. Paul Enloe of Roaring Springs were honored on their birthdays, Monday, with a campfire supper.

The guests cooked their supper at the springs and then stayed there overnight.

Those present were Barbara Havis, Wanda Halcomb, Barbara Preston, DeVon Carpenter, Patricia Brooks, Mary Helen Whitaker, Carol Teague, Mary Sue Lewis, Sarah Kay Carpenter, Dolores Whitaker, and the hostesses, Nancy and Jo Enloe.

Mrs. R. M. Stanley accompanied Mrs. J. S. Stanley to Lubbock Wednesday.

Henry Ford and D. E. Pitts returned Monday night from New Mexico where they have been fishing.

Mr. and Mrs. A. J. Daffern left Sunday to visit relatives in California.

Mr. and Mrs. Julian Caswell and Mrs. J. R. Whitworth returned to Matador Sunday after

a visit in Colorado. The Caswells returned to Bullard, Texas, Monday.

Walter "Red" Matlock visited from Saturday to Tuesday in the home of his parents, Mr. and Mrs. A. J. Matlock of Northfield. He is a policeman in Guam and returned to his duties there.

Clifford Webb and family of Los Angeles, Calif., arrived Monday for a short visit with his parents Mr. and Mrs. L. D. Webb and other relatives here.

George Gray and family left Tuesday for a vacation in Tennessee.

Mr. and Mrs. Clarence Jenkins left Saturday for a week's vacation in Tres Ritos.

A. J. Perkins of Lubbock was visiting in Matador Wednesday.

### Obituary

#### Mrs. I. E. Martin

Funeral services were held in the Matador Methodist church last Friday, July 25th, at 3:00 p. m., for Mrs. I. E. Martin.

Catherine Scott Martin was born January 2, 1860, to Mr. and Mrs. P. G. Scott. She died July 23, 1947, at the age of 87 years, six months and 21 days.

Rev. Bob Jameson, Whiteflat, retired pioneer Methodist pastor, officiated at the services, assisted by local pastor, Oscar Bruce. Interment was in the Matador East Mound Cemetery with McDonald Funeral Home in charge.

She moved with her parents from Kentucky to Hill County, Texas, at an early age. At the age of 18 she joined the Methodist Church. In 1882 she married I. E. Martin and in 1891 they moved to Motley county.

Preceding Mrs. Martin in death was her husband, I. E. Martin on September 11, 1920, and two children, being Clarence Martin in 1925 and Harry M. Martin in 1923.

Mrs. Martin is survived by five daughters, Mesdames Minnie Hines, Avie Blackshire, Ona Burleson, Jackie Barton and Katie James; and four sons, Claud Martin, Ned Martin, Curtis Martin and Bob Martin.

Pallbearers were grandsons: W. E. Burleson, Howie Hines, Norman Martin, Loyd Martin, Curtis Ewell Martin, and Blake Barton.

Coming from out of town to attend funeral services were: W. E. Burleson Sr., and Dorothy McMurtrey of Silverton, P. W. Martin of Vernon, Mr. and Mrs. O. W. Stroup of Quitaque, Mrs. Lillie Simpson, Dumas, Mr. and Mrs. Glad Snodgrass, Floydada, Mr. and Mrs. John Lewis, Floydada, Mr. and Mrs. A. T. Sweetson, Floydada, Mr. and Mrs. Phil Scott, Abilene, Mr. and Mrs. J. E. Scott of Clyde, L. Scott of Clyde, Mr. and Mrs. Clay Hines and family of Grand Prairie, Mr. and Mrs. Al Edwards, Dougherty, Mr. and Mrs. Frank Dougherty and Mr. and Mrs. Mark Martin of Lockney.

Britain has purchased 5.6 million pounds of dried eggs from the United States since the first of the year.

There are 13 artificial dairy breeding associations operating in Texas now.

## A Statement To Our Customers About Resale PRICES of PRODUCTS Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

### \$20,000,000 Price Reduction

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

**IH Production at All-Time Peak**  
Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

### Distribution to Dealers

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

### Distribution to Customers

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

### What Price Should You Pay?

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

## INTERNATIONAL HARVESTER

## June Brides Get Blame For Mixup In Social Security

June, with its usual run of brides' apparently is the cause of much of the trouble in the social security administration.

It seems the brides, somewhat proud of their new names, ask their boss to change the name on the payroll. But that's the extent of their name changing, or so Elliot M. Adams, manager of the Lubbock social security office thinks, because they forget he's interested, too.

Skipping Adams results in last month's bride appearing on the boss' list as Mary Brown but remaining on the social security records as Mary Smith. So when all of a sudden Mary Brown shows up in the social security office using Mary Smith's number, no one is quite sure just who belongs to which

number.

Pay, in this instance, is credited to more than one account, and future trouble may be in store in gaining all the benefits due.

"Now that June is over," Adams said, "I am extending all June brides an invitation to have their new names officially added to their social security account number card."

## Boston Man Winner Of Soaring Title

WICHITA FALLS — A Bostonian who learned while young how to saddle thermals instead of horses, bridled enough of them in Southwestern skies during the sixteen-day fourteenth annual National Soaring Meet to become the nation's No. 1 sailplane pilot.

Richard Comey, from the Bean Town was so acclaimed here Sunday night at the awards

Speeding through the night, the driver of this car was momentarily blinded by approaching headlights. Because he was going too fast to control his car instantly, he swerved off the highway and crashed into a telegraph pole with such force that the car was almost broken in two. He was dead when help arrived. National Conservation Bureau advises night-drivers to keep their eyes focused on the side of the road, never to look directly into headlights and—most important of all—to drive at moderate speed.

prevalent throughout the State, and Dr. Geo. W. Cox, State Health Officer, has issued a warning to parents of young children regarding the prevention of these diseases.

"The chief causes of these intestinal diseases are impure milk, water and food; allowing a child to become overheated; using too much sugar and cream in the diet; and under-or over-feeding," Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox said definitely that when a feeding formula for infants is used, it should be prescribed by a physician and then prepared with extreme care, especially in regard to cleanliness and refrigeration. Babies should be fed at regular intervals and on a definite schedule. Their stomach and bowels can become easily upset if they are fed haphazardly whenever they happen to be fretful or restless.

The State Health Officer declared that with dysentery, as with many other diseases, the fly is an agent of transmission, and every home should be well screened and free of flies.

"If diarrhea or dysentery develops, consult a physician at once," Dr. Cox advised. "This so-called 'summer complaint' can become a very serious menace to your baby's health, if not an actual threat to his life."

## Parents Cautioned To Protect Child From Internal Diseases

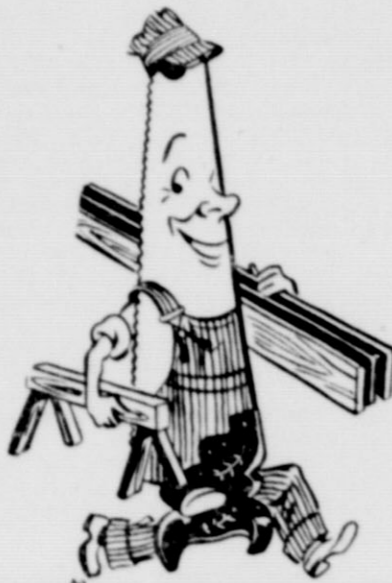

AUSTIN — This is the season when dysentery, diarrhea and "summer complaint" are most

banquet climaxing the lengthy national event held in Wichita-Falls for the first time. The previous thirteen national contests have been located in Elmira, N. York.

National Champion Comey, who amassed 4,606 points in the grand total of 113,114 awarded the 104 glider pilots taking part, was trailed closely by Paul MacCready, New Haven, Conn., and Ray Parker of Twenty-nine Palms, Calif., who captured second and third honors in the national soaring competitions. Johnny Robinson, Elmira, N. Y., twice national champion, who was dethroned in this event, wound up in fourth place.

Robinson only Saturday made a belated attempt to catch up with the pace setters. His 333-mile distance flight to Pecos set a new international record which Comey had grabbed away from Robinson himself during the meet here. Comey traveled 315 miles to near Tucumcari, N. M., in his motorless plane last week to top Robinson's 290-mile record of five years' standing.

New Jersey was one of the original thirteen states of the Union. It boasts many important manufacturing cities and has a larger summer resort population than any other state in the country, both shore and mountain.

MATADOR, TEXAS

Tribune, Matador, Motley County, Texas, Thursday, July 31, 1942

Too fine grinding of feed wastes both feed and power. Coarsely ground grain and chopped roughage is more palatable.

Frances Willard was president of the Women's Christian Temperance Union from 1890 to 1898, a period of twenty-five years.

HELP BUILD

AMERICA'S AIR POWER

on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth — and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

## All Parents Do Not Have Plenty of Money!

It is unfortunate that all parents do not have plenty of money to send their sons and daughters to college. Records show that approximately one high school student in five completes college. Lack of finance is the principal reason more boys and girls do not attend college. If a Junior College is established at the Childress Army Air Field, any boy or girl in Collingsworth, Hardeman, Hall, Childress, Motley, Cottle or King counties will be able to receive additional education.

## GOLDEN OPPORTUNITY...

More than 25,000 Texas boys and girls are already attending Junior Colleges and six other Texas air fields have already been converted to the purpose. A golden opportunity is presented to the seven counties of this area. Here is one of the most ideal fields in the United States which can be obtained for a Junior College if we present a united organization. The cost is too small to be compared with the benefits.

WARNING

## BASEBALL RETURNS

V. F. W.'s baseball team stood fourth place in the Matador round robin baseball league at the close of last week. Fireboys and Baptist Brotherhood are in a tie for first place.

Matador's round robin league started June 1, with the above teams as members. Each team will play two games and at the close of the season there will be a three game series play-off to pick the winner.

Managers of the teams are as follows: R. E. Campbell, Sr., Baptist Brotherhood; Raby Webb, V. F. W.; Freddy Welling, Fireboys; and Earl Laughlin, Lions. Laughlin also manages the all-star teams that are picked from the league.

R. L. Brandon is probably the outstanding player of the league. Brandon has chalked up more home-runs so far than any man in the round robin teams, however, the teams as a whole are a hard-hitting bunch. Clarence Kifer is the only umpire that could take the razzing of the Matador fans; this could be that he only calls the bases. The ball calling umpires come and go with the games.

## Male Jury Approves

Black dress modeled by Hannah Jones shown above won the approval of jury of notables in Cosmopolitan magazine's male-vested fashion display at New York's Stork Club. This and other black summer dresses approved by the judges are shown in the July issue of Cosmopolitan magazine. Jury included Al Capp, creator of Li'l Abner, Brian Donlevy, and Helmut Dantine, actors, and John Robert Powers, model agency head. Dress shown above was designed by Helena Barbieri and is of black sheer crepe with a full lace skirt and satin ribbon tie.

## Junior College Would Increase Training Level

While meeting with strong opposition in several counties, the plan to convert the Childress army air field into a junior college offers attractive opportunity to serious-minded youths who desire to increase their education but do not have sufficient finances.

Advocates of the plan point to the approximate 80% of high school graduates who never attend college, and declare that in most instances these youths must enter life with unfinished educations because their parents do not have money to pay for college. It is declared the college in this area would increase the training level and add to the future progress of the seven counties.

Crowded conditions in most senior colleges provide another strong argument for the junior college movement.

The proposed plan of the junior college would establish a board of control from the counties involved and management would rest equally with each county.

Terminal courses which can be completed in six weeks to two years and would prepare the student to earn his living in some technical or semi-professional field or work, would be offered in addition to standard courses, according to the plan. Standard or pre-professional courses and credits would be acceptable in any university, college or professional school. Tuition cost would be \$50 per year.

Mrs. L. C. Harris of Whiteflat accompanied by Mrs. Herb Harris of Savanna and Mrs. Malcolm Turner of Flomot was called to Corsicana to the bedside of her son, Clint Price, last week.

## CANARY JOINS LAB STAFF

HARMARVILLE, PA. — This canary has a new job—guarding the lives of research workers. Gulf laboratory employs three of the songsters at their pilot plant for producing gasoline from natural gas and coal. By exhibiting signs of distress, the canary signals—almost at once—the leakage of deadly carbon monoxide used in the process. While scientific devices also are used, workers here still rely heavily on the canary's vigilance, easily-noticed reaction, and his uncanny ability to distinguish poisonous gas from the other fumes given off in the history-making coal-gasoline development.

## Third Annual Pampa Rodeo to be Aug. 5-9

PAMPA, Texas — Pampa has gone all out in preparation of the Third Annual Top o' Texas Rodeo and Horse Show which is scheduled for August 5-9 with the first Rodeo performance set for Wednesday night, August 6 at 8:00 p. m. Tuesday's activities will be devoted to the Palomino Show and Kid Pony Show. The Rodeo proper will get underway Wednesday night preceded by a 2-mile long street parade at 4:00 p. m. headed by Mutual's "Queen for a Day", who will be honored guest during the four-day celebration.

The Queen for the Pampa Show will be selected over the Mutual Broadcast hookup from San Antonio on Friday August 1. She will be flown to Pampa where she will be greeted by City Chamber of Commerce, and Rodio Officials. A complete schedule of entertainment for the Queen has been arranged varying from a wild ride from the Municipal Airport to the Hotel by horse-back to being crowned Queen of the Annual Top o' Texas Show.

Hardin-Simmons Cowboy Band will lead the parade on the opening day, and will be on hand to furnish music for each Rodeo performance, featuring Johnnie Reagen, Australian bull-whip artist, and John Sedwich, popular tenor soloist.

Pampa will have on its Western regalia on August 1 as "kick off" to Top o' Texas Western Week, sponsored by the Junior Chamber of Commerce. Anyone caught down town without Western clothes will be escorted to the Bar of Injustice presided over by Judge Cliff Braly and if found guilty will serve a sentence in the "hoose-gow" or pay a fine attached for same.

Outstanding special attractions for this year's show have been booked to supplement the wild rodeo stock furnished by Bill Lyons of Petrolia, Texas. Many of the wild brahmas from this line of rodeo stock has not been ridden this rodeo season, and should furnish plenty of thrills and chills for rodeo spectators.

Practically all box seats for show have been sold; however, 1,200 new reserve seats will go

McDONALD LIFE INSURANCE CO. And McDONALD'S PLAINS BURIAL ASSN. McDONALD FUNERAL HOME Phone 88 Matador

on sale Monday morning, July 28, to meet the demand of those calling for special reserve ducoats.

## Williams-Bailey Rites Announced

The marriage of Mrs. Georgia Williams of Amarillo, former Matador resident, to W. E. Bailey of Amarillo, has been announced to the Tribune this week by her sister, Mrs. Gerald Waybourn.

The wedding took place July 10 in Canyon, Texas.

CARD OF THANKS We should like to tell you how deeply we appreciate your understanding, your sympathy and tender thoughts and many expressions of love that have lightened our burden during the illness and death of our beloved mother.

Our most sincere wish for you is that in your dark hour of

need, there may be those who will be as tender, kind and faithful to you as you have been to us.

## Jane Cupper's "Daring" Bathing Suit

The Cuppers showed me some tin-types of their nineteen-ten vacation—picnicking on the beach with beer and pretzels, in bathing suits that made them look like they were dressed in street-wear.

Dee was smothered in a long-sleeved pull-over with knee length shorts, and looking embarrassed—as if he thought Jane's costume of a heavy blouse, two copious skirts, and long black stockings was a little daring.

We laughed a lot at those costumes... but come to think of it,

as Dee says, we'll probably look just as funny twenty years from now, in what we call our "Modern" clothes. Only thing that won't change in the picture is that mellow, wholesome glass of beer.

From where I sit, tolerance that lets us wear sensible, decent clothes—to give us sun and air and freedom—will keep that wholesome glass of beer a part of the American tradition.

**COOK'S COUNCIL**

By Jean Merritt  
Helen Home Institute

**Summer Cinderellas**

Summer's wealth of vegetable are teeming into the markets now painting the stalls with a blaze of brilliant glory. Golden nuggets of corn come swathed in a wrapping of tender-green leaves. Plum-roya egg plant is plump and proud as a reigning dowager. Cucumbers are fine bold blades, flaunting mantles of dark green satin. There are billowing baskets of spinach. And the tomatoes are like gay little crimson cushions. It promises a riotous pleasure to the eye, and a world of joyous satisfaction to the palate.

Probably there is no better way to enjoy this bounteous harvest than to cook vegetables briefly, then bless them with honest butter. But constant serving of this forthright method fails. Even the most ardent vegetable fan soon finds this dull and, while eating from a sense of duty, dreams of finer savors.

So the wise cook, eager to keep her family's interest keen through out the season, will take a leaf from the suggestions here and try some of these simple secrets for turning plain-James into Cinderellas:

**Baked Corn Creole**

In—  
2 tablespoons butter  
sauté until tender—  
2 tablespoons chopped onion  
2 tablespoons chopped green pepper.

Combine with—  
Dash pepper  
2 cups drained, cooked, whole-kernel corn  
1 11-oz. can condensed cream tomato soup, undiluted.

Pour in a shallow baking dish. Bake in a moderate oven (350° F.) 30 minutes. Serves 4-5.

**Cucumbers in Mushroom Sauce**

Cover—  
5 medium cucumbers, peeled and sliced into 1-inch pieces

with—  
2 teaspoons salt  
In—  
2 tablespoons butter  
sauté—

1 medium onion, chopped.  
Add drained cucumbers. Cook for 10 minutes.

**Gumbo Corn**

Combine—  
2 cups drained, whole-kernel corn  
1 11-oz. can condensed gumbo creole soup, undiluted.

Heat 10 minutes. Serves 3 to 4.

**Savory Egg Plant**

Slice in 1/2-inch slices—  
1 small egg plant.  
Arrange flat in a shallow long baking dish.

Combine—  
1 11-oz. can condensed cream tomato soup, undiluted  
2 teaspoons distilled white vinegar

Dash pepper.  
Pour over egg plant.  
Sprinkle with—  
Bread crumbs.

Bake, uncovered, in a moderate oven (350° F.) for 35 minutes or until egg plant is tender. Serves 4 to 5.

**Spinach Loaf**

Combine, mixing well—  
3 cups (2 lbs. raw) drained, finely chopped cooked spinach  
3 tablespoons butter, melted  
1 teaspoon Worcestershire sauce  
3 tablespoons pure cider vinegar  
1 1/2 teaspoons salt  
3 eggs, slightly beaten.

Pour into a greased baking dish, patting in firmly. Place dish in pan containing hot water. Bake in slow oven (325° F.) 1 hour. Serves 4 to 5.

**News Briefs**

Mr. and Mrs. Ed Whitaker and Mr. and Mrs. Walter Carpenter returned last week from College Station where the Whitakers visited with their daughter Mrs. James Neblett.

Mr. and Mrs. Marvin Bloodworth and daughter Alene and Mr. and Mrs. Frank Stafford returned Thursday from a trip to New Mexico and Colorado.

Mr. and Mrs. Walter Evans and children of Matador returned last week from their vacation from Morton to Mexico. While in Morton they visited in the home of Mrs. Evan's parents.

Misses Roberta, Ethel and Ona Jameson returned Sunday from a weeks vacation to Carlsbad, Lake Arthur and Los Cruces, New Mexico.

Mr. and Mrs. Earl Vaughn and son Larry of Lubbock visited her parents, Mr. and Mrs. Lee Nelson over the week end.

Miss Elwanda Martin returned Sunday from a vacation in California.

Mr. and Mrs. Marvin McAdams of Lubbock spent the week end visiting her father, P. B. Barton.

Mrs. V. J. Skaggs and Billy Frank accompanied Mr. and Mrs. McElton Skaggs to Chillicothe Sunday where Miss Skaggs will remain for a visit with relatives there. The rest of the party returned Monday.

Mr. and Mrs. Burrell Tipton and daughter Martha Rae, spent the week end in the Leonard Crowell home at Flomot.

Mr. and Mrs. George Birchfield and Mr. and Mrs. R. A. Day spent Sunday visiting the Ware Fogerson family in Silvertown.

Mr. and Mrs. Jim Latimer of Lubbock, visited relatives here over the week end.

Miss Dorothy Nelson left last week for Midland to visit with relatives there.

Mrs. J. S. Stanley and daughters Ruth Marie and Kay and neices Mildred and Shirley Stacy, returned home Saturday after visiting relatives in Houston and Galveston.

Mac Jacobs is visiting James Dickie Dennison in Abilene this week.

Keith Patton left last week with the Tech Spanish class for a five weeks study course in Mexico City.

Mrs. Robert Collier and son and Mrs. Pearl Moorman of Idalou spent Sunday visiting in the home of Mr. and Mrs. Bennie Cox.

Mrs. Maggie Cook returned Sunday from a three weeks vacation in Salt Lake City Utah.

Mr. and Mrs. Melvin McAdams of Lubbock spent the week end visiting in the home of her father, P. B. Barton.

**PUT THE "B" ON BANG'S DISEASE**

COLLEGE STATION — All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and reported to the Texas Livestock Sanitary Commission, to conform with House Bill 525, recently made law by the State Legislature.

Dr. E. A. Grist, veterinarian of the Texas A and M College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing, to place the brand on cows that react positively to the disease. A penalty will be fixed upon any person who refuses to allow the branding, or who sells or disposes of cattle for milking purposes when he knows them to be infected.

The branding of Bang's-infected cows will enable better control of the disease, says Dr. Grist, since control measure must be planned on the basis of individual herd problems.

In the fiscal year, September 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of those reacting cattle probably found their way into other herds, says Dr. Grist. The

**ABSTRACTS**

MATADOR DRUG

**THE LEAST YOU CAN DO**

★ The early Greek physicians believed that it was not possible for a man to enjoy perfect health unless he carefully organized his life to accomplish this single objective. This meant the meticulous ordering of each day. Proper nutrition, exercise, and rest were perfectly balanced. Physical constitution, age, and even the seasons of the year were considered.

For a man of affairs, such a regimen is out of the question. When your work is done, you play and exercise when you can. But this little you can do. See your family physician at least once a year. Follow his advice. In case medication is required, we are prepared to serve you, promptly and economically.

**44 ways To get "Something for Nothing"**

The railroads have received 44 "rules" demands from the leaders of the operating unions . . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

**More Money For Less Work**

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

**For Instance:**

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

**"Made Work"—Sheer Waste**

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

**You Can't Afford This Waste**

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost a BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employees, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

WARNING

# World In Grave Peril, Writer Tells Lions In San Francisco

The following article is from Tuesday's San Francisco Call Bulletin, reporting an address by R. H. Markham, world correspondent for the Christian Science Monitor, which was heard by three Matador club delegates, Henry Pipkin, Howard Traweek and Douglas Meador.

The article also gave a report on Tuesday activities at the 30th annual Lions International convention which convened Monday.

"SAN FRANCISCO, July 29. In stark and sobering terms, delegates to the Lions International convention here were told today that they themselves—and freedom loving people like them—are the chief targets of world communism.

As yesterday's roaring start of the four day international convention gave way to more serious issues, a somber picture of "The Present World Drive of Imperial Communism" was given before several thousand delegates and their families in

Civic Auditorium.

The speaker was R. H. Markham, world correspondent for the Christian Science Monitor, who pulled no punches when he told, from personal observation, of the imminent dangers of world communism.

"I am happy we are holding this meeting in the presence of the American flag," Markham said. "It is coming to be a world emblem of freedom and justice. I grieve that the things for which it stands are in greater danger today than at any time since it appeared in the world 170 years ago."

Praising American leaders such as Secretary of State George C. Marshall for their full appreciation of these dangers, Markham continued:

"The supreme issue, here and everywhere, is whether imperial communism will wipe freedom, decency and self respect from the face of the earth. All other questions are secondary."

"This is not a matter of theory or philosophy, but of jails, murder, wholesale theft, smashing of states, crushing of nations, degradation of religion and obliteration of education."

"It is not primarily a case of distant Batavia or Harbin or Trieste, but of San Francisco, of YOUR work, YOUR homes, YOUR government."

"On this day of 1947, there are more active Communists in California, in proportion to the population, than there were in Bulgaria, Yugoslavia, Romania or Russia before the Communists seized power there."

"They, along with their Red comrades in more than 60 lands are engaged in a Moscow led world offensive directed chiefly against the United States and especially against the kind of Americans you men represent—namely, the bourgeoisie. The foremost immediate aim of the world's Communists is to smash you."

"Not Vague Shadow" Recounting the ravages of communism in its subtle spread over the world in the past quarter of a century, Markham concluded with this solemn warning:

"I beg of you, American friends, not to think of this political army as merely a vague shadow or a distant threat. . . . Solemnly reflect that only America stands as a bulwark between that curse and decent human life. . . . And we shall stop it. We shall bring about a favorable turning point in history. Led by some of the worthiest statesmen in American chronicles, we shall push back those forces of destruction. . . . America is now entering into its real world mission. We are carrying the banner of freedom for and with all humanity."

Markham's address was greeted with tremendous sustained applause from the packed auditorium. Every seat was taken and there were hundreds of standees.

Spectacular Show Following the address, a group of girl "Highlanders" from the University of Iowa staged a spectacular show, including mass Highland flings, a sword dance, choral singing and a specialty by Patti Malloy of Marshalltown, Ia., dancing atop a bass drum held on the shoulders of eight other lassies.

This was followed by the traditional necrology ceremony in the darkened auditorium, a memorial service for deceased members of the organization. Markham's address was the principal feature of today's business sessions for the 16,000 delegates and members of their families from all parts of the United States and many foreign countries. Also on the program for today were forums on topics of world, national and local significance.

These were to be climaxed this evening by banquets, boat rides on San Francisco Bay, the Cotton States Jubilee and the International President's Ball in the Civic Auditorium.

335,000 Members The assembled members of Lions International who took over San Francisco in one of its friendliest invasions in a long

Retired . . . Lady Farmers

POTTER VALLEY, CALIF.—Miss Alice Clarke (left) and Mrs. Nattie Whalley left a profitable candy business in town to retire to the farm and earn their living dairying. Their farm is located near here. These two ladies do all of the work connected with their successful dairy. Here they are shown at milking time.

and brilliant history as a convention city, represent 6,150 Lions Clubs in 18 countries, with a total membership of 335,000 business and professional men.

Their current convention is the fifth held in California and the second in San Francisco.

As these men of goodwill, representative of a peace-loving people, gathered at the auditorium for today's sessions, most of the talk was about yesterday's parade, the longest and most colorful in Lion's convention history, which opened the conclave on a high note of enthusiasm.

Under perfect skies and along hunting-bedecked Market street some 8,000 participants paraded in a two-hour march, which brought ringing cheers of welcome from the thousands lining the curbs four deep to witness the spectacle.

Report Of President Following the parade, the delegates assembled yesterday afternoon in the auditorium to hear the report of International President Clifford D. Pierce of Memphis. They also heard a financial review of international Lionism and its work, including the sponsorship of 2,298 Boy Scout units, by Melvin Jones, secretary general.

The delegates were welcomed to the West by Lieutenant Governor Clifford Jones of Nevada in behalf of California's Governor Earl Warren. San Francisco's welcome was extended in behalf of the city by its most internationally recognized official, Dr. J. C. Geiger, director of health.

President Pierce, in his annual report, recommended that a fund of \$600,000, from increased dues, be earmarked for promotion and extension of international Lionism in Europe.

Yesterday's program was climaxed by a gala entertainment feature, "Texas Night," which packed the auditorium for an evening of fun and frolic, and by an All-States dance in the Palace Hotel.

Highlights of tonight's entertainment at the auditorium are the Cotton States Jubilee at 8 p. m. and the International Presidents Ball at 10 p. m."

New GMCs Set New High in Truck Design

The complete new line of light and medium duty models, just announced by GMC Truck & Coach, features smart and distinctive streamlined styling... larger, all-steel cabs with greatly increased comfort and convenience for drivers... stronger, sturdier chassis and many improved and war-proved engine features.

The attractive, rugged front-end design, upper left, presents a streamlined grille with encircling bar of heavy bumper stock projecting top and sides. The de luxe cab, upper right, introduces rear quarter corner windows, an outstanding advancement in better visibility. Both standard and de luxe cabs feature increased roominess, finer appointments, more comfortable seats, improved insulation and ventilation.

The new GMC line offers stake (illustrated), pickup, panel, platform, canopy express and tractor models, plus many chassis types up to 20,000 pounds gross vehicle weight.

Create New Position At West Texas State

CANYON — Creation of a new position on the staff at West Texas State college has led President J. A. Hill to appoint Frank Barnhill as supervisor of buildings and grounds. Duties of the new supervisor will include taking charge of the entire physical plant, including cleaning, repair, engineering and small construction.

Dr. Hill has centralized responsibility for the physical properties of the college under one head in a slight reorganization since the resignation of J. L. Hardin as assistant business manager. The appropriation of more than \$100,000 for expenditure in improving the college facilities during the next year

will bring expanded program, requiring full-time work from an administrator.

Headquarters for Mr. Barnhill, who took his BS from WTSC in 1944 and has almost completed work on his MA, will be set up in the new warehouse turned over to the government Monday. For the first time, West Texas State will have adequate storage for miscellaneous properties when the 282 by 30 foot reconstructed barracks building is made available for use. From his office the new supervisor will direct all the janitors, ground men, engineers, electricians, plumbers and other workers on the campus.

Childress Man Gets 15 Years

CHILDRESS — J. D. "Dunk" Barkley, 60, ex-deputy sheriff and railroad detective, prepared Wednesday to start his sentence of 15 years for killing Marvin D. Mayo, May 7, of this year.

Barkley claimed self defense, but the jury took only one hour and 28 minutes to convict him after testimony showed Mayo had no weapon at the time of his death.

On taking the witness stand Tuesday, Barkley claimed that Mayo, a co-worker in the Ft. Worth & Denver railroad shops, had threatened his life four times and that he had killed him in self defense "to keep him from shooting me."

R. E. Pope, brakeman from Amarillo, witnessed the killing.

Pope, on taking the witness chair, testified that he saw the two men talking together three or four minutes. Then Barkley pulled a gun, killing Mayo and turned and said:

"Boy, I hated to do this, but I had it to do."

After receiving their instructions, the jury left the courtroom at 9:07 Tuesday night and returned in an hour and 28 minutes with the verdict of guilty of murder with malice.

Barkley was sentenced to 15 years in the state penitentiary.

Fines In Sugar Ration Case Total \$22,300

SANTA FE, N. M. — The government chalked up two felony convictions and fines totaling \$22,300 as its score Tuesday in prosecution of 47 defendants on ration fraud charges involving 1,250,000 pounds of sugar.

Conclusion of trials stemming from five 4-month-old indictments Monday coincided with the Agriculture Department's shutdown on the last vestige of sugar rationing for lack of funds.
