

Former Lieutenant Governor John Lee Smith to Make Address at Union Service

one of the most dynamic speakers in West Texas, Hon. John Lee Smith of Lubbock, and former Lieutenant Governor of Texas, will make the principal address at the union church services to be held in the Matador

Methodist church, Sunday night, February 6th. John Lee Smith needs no introduction to this area, having spoken here on former occasions and numbering among his friends, many residents of the

county. He is a recognized leader in church, civic and youth work, and has been active in leading offices of the American Legion. Other features of the church services and program honoring

Boy Scouts and Girl Scouts, will be a special quartet from Wayland college and selections by the Matador high school choral club. Invocation will be by Lion Rev. W. B. Vaughn, scripture reading by Lion Rev. Marvin Brotherton, introduction of speaker by Lion G. E. Hamilton,

address by Hon. John Lee Smith and benediction by Lion Rev. Clifford Potts. Special seating arrangements will provide for Lions members and their families to be together. Boy Scouts and Girl Scouts will

be seated according to special arrangements. Leaders of both the Methodist and Baptist churches, Lions officials and other interested in youth welfare, believe attendance will exceed any previous

annual union services. The union services open official Boy Scout Week, and will be followed on Thursday night, February 10, by the twelfth annual Father and Son banquet in the Baptist church basement.

Galaxy of Celebrities in Review of Banquet Speakers

conceived by World War II hero, Paul Eubank, one of Motley's first servicemen in combat, annual Father and Son banquets have been spearheaded by celebrities and leaders, including the Governor of Texas, Coke Stevenson in 1944. At the first banquet, held in

1938, Dr. J. O. Ellsworth of Texas Tech college, Lubbock, was principal speaker. He was followed in 1939 by another Lubbock speaker, Judge George Dupree, attorney. The principal speaker at the 1940 father-son banquet was Thomas Taylor, president of Howard-Payne col-

lege, Brownwood and in 1941 Sidney Kring, manager of the Wichita Falls chamber of commerce. Two speakers made addresses at the 1942 banquet: Ralph Brock, Lubbock attorney, and Dizzy Dean, famous baseball hero. In 1943 J. D. Wilson, Super-

intendent of Paducah schools addressed the boys and their fathers. In 1944 the Governor of Texas, Hon. Coke Stevenson, was the principal speaker, followed by National youth leader and founder of Amarillo's Boy's Ranch, Cal Farley, accompanied by Stuttering Sam, made the principal address in 1946. In 1947 Dr. F. B. Malone of Lubbock was speaker and last year, 1948, Hon. Harley Sadler of Sweetwater was principal speaker. Dr. D. M. Wiggins, President of Texas Tech college, Lubbock

will make the principal address Thursday night, February 10. Various committees composed of members of the Matador Lions Club, headed by Lion D. E. Pitts, declared this week that experience from past banquets are bearing fruit, and that plans are further advanced than at

any time in the 12 years since the civic club started the meetings. Boys nine years of age (before or on February 10) through high school are honored guests at the banquets.

Curbing Is Damaged As Ice Thaws

Thawing sleet and snow following last week's ice storm resulted in damage to approximately 100 feet of curbing, gutter and sidewalk immediately north of the Ballard creek bridge on North Main. Traffic was blocked for a short time on the street until water on rapidly thawing sleet and snow could be diverted, and the damage inspected. Cecil Hawk of the firm Hawk and Howe, Lubbock, engineers for the street improvement work completed in the fall, was here Friday, and inspected the damage which he said was confined to the concrete work settling, and only slight damage to the paving. Exact cause of the damage is not known, except the water in some manner found an unsealed crack in the paving, penetrated to base until a section of the curbing and guttering was undermined sufficiently to permit its sinking 12 or more inches, which allowed a greater amount of water to enter and thus undermine more curbing and guttering. Bill Howe of the engineering firm was assigned here Monday to aid in repairing the damage to continued cold weather prevented any progress.

Matador Tribune

VOL. 54, NO. 44 MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, JANUARY 20, 1949 PRICE FIVE CENTS

Author To Speak At Banquet

Miss Loula Grace Erdman, author of the \$10,000 prize winning "Years of the Locust" and of the more recent "Lonely Passage", has accepted an invitation to appear as guest speaker for the eleventh annual Mother-Daughter banquet, it was announced this week by Mrs. Clifford Potts, program chairman for the annual affair sponsored by the Matador Parent-Teacher Association. A signal honor will be accorded the community in the appearance of a nationally celebrated author, and all women and girls eligible to attend the banquet will no doubt avail themselves of the opportunity to hear Miss Erdman. Miss Erdman, who teaches freshman English and creative writing at West Texas State college, Canyon, received national recognition only three years ago when her first book, "Years of the Locust", appeared in Red Book magazine as their prize-winning novel of the year. It was published in 1947 by Dodd, Mead and Co., New York publishers, who have this year, released Miss Erdman's second novel. The banquet will be held Friday night, February 11, in the basement of the Baptist Church, and tickets for the affair will be on sale at an early date.

Reeves Reports Trip To Eastern Seaboard

Elbert Reeves, president of the Matador Lions club, would hardly be worth an east coast real estate dealer's time. He's not interested. In fact he declared at the club's regular meeting Tuesday that he would not trade one square mile of the Mississippi river in Texas for most of the real estate east of the Mississippi river if the exchange required his living in the east. "I was unable to understand more than half of what the Yankees said to me," he declared in a report of his December trip to Atlantic City, N. J. as county delegate to the National Farm Bureau meeting. Lion Reeves left Lubbock by plane and arrived in Atlantic City during the night of the same day after making part of the trip by train. His return trip was by plane, train and bus, when he visited relatives in the eastern section of the country. He advised fellow Lions to

Grid Season Has Profit During '48

For the second straight year the Matador Matadors have ended the season on the profit side of the ledger according to a statement issued by Superintendent Bert Ezzell and Coach Rafe S. Nabors. Total receipts for the ten games played during the 1948 season was \$1,778.38. Total expense was \$1,249.79. Expense included the following items: Taxes \$173.76, meals \$119.40, officials \$224.60, paid to other schools \$329.76, lights, gasoline and water \$68.83, equipment \$291 and laundry \$5.55. Awards yet to be received and paid for, amount to \$220. Eleven new suits have been ordered at a cost of approximately \$198. Other new equipment purchases include 14 pair of grid shoes to cost \$188.80. Only other equipment expense items for next year will be balls, tape and cleats. Coach Nabors declared the Matadors would play eight conference games next season with the addition of Tulia to the district. The Matadors will open their conference season September 23 with Abertown here and play straight through until the last week-end before Thanksgiving. The coach declared that non-conference games would probably be scheduled with Turkey and one other non-conference school in order to fill out the ten games allowed under regulations.

MATADOR SCHOOL RETAINS PLACE IN ASSOCIATION

Matador high school has again been awarded membership in the Southern Association of Colleges and Secondary Schools, according to recent notice received by Superintendent Bert Ezzell. The letter signed by Gordon Worley, follows: "It is a pleasure to inform you that the Southern Association meeting in Memphis last week, re-elected the Matador high school to membership in the association for the 1948-1949 session." Mr. Worley is director of the high school division of the state department of education. Superintendent Ezzell said that Worley informed him that re-election of the Matador high school to the association membership was based on reports of work done in the school here and reports of students in various colleges throughout the south. He congratulated the Matador high school board and faculty for maintaining a school meeting the association's high standards. Matador is one of eight or nine schools in West Texas awarded membership. Superintendent Ezzell said that many encouraging reports have been received on work being done by Matador graduates in various colleges. He said Norman Spray is leading some 300 freshmen students in English at San Angelo Junior college and that other 1948 graduates are doing almost equally as well.

Firemen Tourney Schedules Games

A total of 16 games are scheduled for the annual "Outsiders Independent" basketball tournament sponsored by the Matador Volunteer Fire Department, opening in the school gymnasium here Tuesday night January 25 and continuing through January 26, 27 and 28. Four games will be played each of the four nights. Each evening's playing will start at 6:30 p. m. Invitations have been extended "outside" teams in each of the following towns: Petersburg, Lockney, Turkey, Flomot, Kress, Floydada, Roaring Springs, Ralls, Plainview, Crowell, Thalia, Patton Springs, Childress, Crosbyton and Paducah. In eight games the Fireboys have played they have rolled up the impressive total score of 325 points against opponents total of 171 points, being defeated by only one team, Turkey, with a score of Matador 33 and Turkey 36. Other scores were: Matador 56, Roaring Springs 27; Matador 27, Flomot 25; Matador 31, Flomot 24; Matador 40, Roaring Springs 27; Matador 34, Flomot 25; Matador 55, Flomot 15 and Matador 49, Petersburg 19. Season tickets will go on sale this week, with fan interest mounting in what promises to be one of the most exciting tournaments of the current season. All net proceeds from the tournament will be used by the local volunteer fire department to purchase new recreational equipment for the fire hall.

Roaring Springs Voters To Decide On Tax Increase

Property-owning voters of the Roaring Springs school district will decide Saturday, January 29, at the city hall, a proposed maintenance tax increase of 50¢ per \$100 property valuation above the present rate of \$1.00, according to Superintendent Leo Purvis. He said most schools in the area already receive the \$1.50 tax rate. The election was called Monday night at a special meeting of the school board, after a petition asking for the election signed by 23 tax-paying voters had been submitted.

New License Tags Arrive For County

You can't buy 'em until February 1, you can't put 'em on until March 1 and you can't drive without 'em after April 1—1949 Texas motor vehicle license plates for Motley county have arrived. New colors for Texas are reversed to 1948. Background of the 1949 tag is yellow with letters and numerals in black. Motley county letters preceding the numerals (AJ in 1948) are AK on the 1949 tags. County numbers for 1949 start with AK6150 and end with AK7299, a total of 1,150 licenses for passenger cars. New truck license plates will carry the letters MB6400 and end with MB6649, a total of 250 licenses. Farm plates are lettered RB5550 to RB5849, a total of 300. Total number of 1948 passenger car licenses sold as of Tuesday, according to Miss Rachel Patton, deputy in the office Sheriff John Stotts, is 938. Miss Patton said the 150 additional 1949 passenger car license plates were assigned Motley county without explanation.

New Chevy On Display Saturday

Something new in automobiles will be shown Saturday, January 22, at the Campbell Chevrolet Company display room where the public will receive its first view of the new 1949 Chevrolet. R. E. Campbell, manager of the firm, returned from Dallas early this week where he viewed the new models and he is enthusiastic with the car's beauty and many improvements. A news release from the Chevrolet company declares the automobile is the product of three years of engineering research and design improvement. Begun immediately after V-J Day, experimental work has included 1,068,000 miles of test driving over the roads of General Motors proving grounds and arid highways of the southwest. The showing here will be held simultaneously with displays in other cities throughout the nation and is expected to draw one of the biggest crowds in the history of event of its kind. "From inquiries at our offices and dealers showrooms, we know that literally millions are awaiting to see the car," general sales manager T. H. Keating declared. "Chevrolet's solid reputation for value and features have kindled a nationwide interest. "We do not believe the public will be disappointed. While the car carries numerous comfort and convenience advances, it maintains our tradition of rugged, reliable transportation at the lowest possible cost." A cordial invitation is extended to the public to visit the Campbell Chevrolet show room here Saturday and view the new car.

Blanket Of Snow Slow In Melting

Third follow-the-leader blizzard forecast to arrive in the Panhandle early this week, dodged the weatherman and left a light blanket of snow (about one inch) Tuesday morning. Falling without wind, the snow responded rapidly to a warm sun, and much of it was gone by afternoon. However, lower temperatures Tuesday afternoon arrested the snow's melting. Continued cold yesterday kept most of the remaining snow on the ground and the lower mercury forecasts for the night indicated that the light snow might remain for another day or more. One "old-timer" yesterday said, "It's staying on for another one."

Whiteflat Pioneer Dies In Oklahoma

Former Motley county pioneer Charlie Griffin, 74, died at his home in Comanche, Oklahoma, January 9, according to a message received by Eugene Perkins from Bill Griffin of Waurika, Oklahoma, son of the deceased. Burial was at Waurika, Jan. 11. Mr. Griffin moved to the Whiteflat community about 41 years ago, and was a resident for approximately 20 years before moving to Oklahoma. He was preceded in death by his wife about 10 years ago. Mr. Perkins declared.

Rites Today For Lon Vivian Pioneer West Texas Cowboy

One of West Texas' most picturesque cowboys is dead. Lon W. "Pelou" Vivian, 72, who spent more than half a century in the saddle, died at Lubbock Memorial hospital yesterday afternoon at 12:15 p. m. Funeral services will be held this afternoon at 2 p. m., Matador Methodist church, with Rev. W. B. Vaughn officiating. Interment will be in Matador East Mound cemetery, under direction of McDonald Funeral home. Lon Vivian was born in south Texas near the Rio Grande and came to West Texas in 1902, according to Jim Cooper, lifetime friend. He worked for the Matador Land & Cattle company about one year on the White Deer division, coming to Matador about 1903. Mr. Cooper said he had worked approximately 30 years as a cowboy for the Matador ranch, with some intermissions. At one time he quit the saddle to drive a freight wagon but after a few months returned to the range. For the past five years he had been employed on the JA ranch near Clarendon, returning to his home here about nine months ago. He entered the hospital January 4th. (Complete obituary is not available but will be published in next week's Tribune.) Lon Vivian was of retiring nature. He looked the part of a cowboy and he was a cowboy when cowboying was more than wearing boots and highly colored garments at rodeos. A cowboy of the old west has gone to the range of eternity. He will not ride again with the cold, blue wind in his face and feeling the chill inside his worn boots. Gone forever are the nights with tarpaulins buried in the snow; dawns with the north wind blowing coals out of the cook's fire pit. Bawling, restless herds are far from the lone trail sprinkled with star dust. He has long passed the last dried-up water hole—silent, friendly, soft-spoken Lon Vivian, cowboy.

Grid Season Has Profit During '48

For the second straight year the Matador Matadors have ended the season on the profit side of the ledger according to a statement issued by Superintendent Bert Ezzell and Coach Rafe S. Nabors. Total receipts for the ten games played during the 1948 season was \$1,778.38. Total expense was \$1,249.79. Expense included the following items: Taxes \$173.76, meals \$119.40, officials \$224.60, paid to other schools \$329.76, lights, gasoline and water \$68.83, equipment \$291 and laundry \$5.55. Awards yet to be received and paid for, amount to \$220. Eleven new suits have been ordered at a cost of approximately \$198. Other new equipment purchases include 14 pair of grid shoes to cost \$188.80. Only other equipment expense items for next year will be balls, tape and cleats. Coach Nabors declared the Matadors would play eight conference games next season with the addition of Tulia to the district. The Matadors will open their conference season September 23 with Abertown here and play straight through until the last week-end before Thanksgiving. The coach declared that non-conference games would probably be scheduled with Turkey and one other non-conference school in order to fill out the ten games allowed under regulations.

Japan Missionary Will Make Address

Dr. Inglehart, missionary in Japan for more than 40 years, and one of the last missionaries to leave as the war advanced, will address a special meeting at the Matador Methodist church, Wednesday evening, January 26, at 7:30 p. m. Local pastor Marvin Brotherton declared the missionary has a great message which leaders of the church are anxious for every one to hear. The public is invited and urged to attend.

Earl Laughlin In Serious Condition

Condition of Earl (Red) Laughlin in a Wichita Falls hospital, yesterday was declared serious, following major surgery early this week. Reports declared the Leon Lee Company manager had undergone two blood transfusions and a third would probably be necessary. At his bedside are his daughter, Earlene and son, Gary who were accompanied to Wichita Falls early Tuesday by Pete Knight. Skeet Jameson accompanied by Kenneth Jeffers left this morning for Wichita Falls where they will visit at his bedside.

JUNIOR RED CROSS DRIVE IS SUCCESS

A successful drive for membership in the Junior Red Cross organization was recently completed, with Matador grade school students responding 100%, according to Mrs. L. C. Harp, who has served as chairman the past four years. Mrs. J. R. Emmons has accepted the position as chairman of this organization, to succeed Mrs. Harp. Junior Red Cross members are composed of elementary school students, and these memberships are sent in to National Red Cross headquarters. In addition to their membership cards and buttons, the pupils also receive a monthly magazine containing news of various activities of the organization.

Purvis Re-Elected

Superintendent Leo Purvis of the Roaring Springs school was re-elected by the school board Saturday night, at a meeting in the school building. Purvis signed a two-year contract with the board to remain at the head of Roaring Springs schools.

AT FEDERAL COURT

Attending Federal Court in Lubbock this week from Matador, are B. C. Cox, Bert Schweitzer and Harry Willett.

CONFINED TO BED

J. E. Russell, Motley county pioneer and representative of the Southwestern Cattle Raisers Association, is confined to his bed at his home in Matador with lumbago. His son, John Russell, yesterday said his father had done excessive lifting during the recent blizzard in feeding cattle and that the attack of lumbago had followed.

MHS 1935 CLASS RING IS FOUND

If you graduated from Matador high school in the class of 1935 and your initials are NAF, the Tribune may have your class ring. The ring was brought to the newspaper office this week by Melvin Thacker of Roaring Springs, who found it on his father's farm. The ring is large size and worn, however the date appears to be 1935. Mr. Thacker's opinion is that the ring was lost several years ago.

Much Of Texas Crippled As Winter Tightens Icy Grip

A great ice storm gripped West Texas and the Panhandle Tuesday night, isolating dozens of communities.

Communications were badly crippled, travel was dangerous or impossible. Amarillo had a terrific combination of freezing rain, sleet and fog and most highways were closed.

San Angelo and Odessa were among cities practically paralyzed by the ice storm.

At least two persons lost their lives Tuesday as a result of the weather and scores of others were injured in minor mishaps.

Rodeo Clown Killed
Ralph (Jasbo) Fulkerson, nationally-known rodeo clown was killed instantly when his pickup truck skidded on slick pavement and overturned. The accident occurred two miles east of Watouga, Texas.

M. E. Walker, 72, died of exposure at Dallas. His body was found in the Trinity river bottoms.

Shortly after 10 p. m. Tuesday night, the state highway patrol reported that power lines were

down at Big Spring and Sweetwater. The officer who announced this said it was assumed that at least parts of those cities were in darkness. Dallas repairmen were taking an 11 p. m. train for those cities, he added.

Ice Belt Spreads

At the same time the weather bureau said freezing rains were continuing to spread a perilous mantle of ice in Big Spring, Midland, Wink, Mineral Wells and Abilene. The bureau said skies were clearing somewhat in the Panhandle but temperatures continued low and the ice storm's hold on the area did not lessen.

A report from Wichita Falls late Tuesday night said a power line fell, blacking out the north and west portions of the city. Telephone wires were also down. The report added that power and telephone lines were down in neighboring communities. Wichita Falls schools will not open Wednesday and unless the ice storm breaks, city buses and taxicabs will not operate.

"Can't Happen Here," Californians Cry As Blizzard Sweeps The Pacific Coast

LOS ANGELES, January 11.—Southern California, the storied land of sun glasses, orange blossoms and bare-backed blondes, writhed in the throes of a king-size shiver again tonight.

Millions of bewildered partisans were left literally numb by what the local weather bureau tabbed as the worst and most destructive snow-storm in its history.

Damage to citrus crops is expected to exceed \$60,000,000.

Hail, sleet, rain and snow—real snow—blanketed the semitropical terrain to break all existing weather records and the hearts of chamber of commerce press agents.

Unbelieving residents, who spend more dough annually for suntan lotion than they do for underwear, chatteringly took up the new byword of the area: "It can't happen here!"

But it did happen. And the weather man predicted still another night of crop-killing temperatures, traffic-stalling snow and bursting water pipes. Mer-

cury, he said, may drop to 22 degrees in Los Angeles.

Snowfall early today ranged from three-tenths of an inch in downtown Los Angeles to 12 inches in the suburbs.

Even the flossy desert resort of Palm Springs was converted momentarily into a winter wonderland. And at Big Bear lake, a nearby mountain resort where movie stars and socialites also hang out and hangover, the snowfall was 56 inches.

Hundreds of automobile accidents were reported. The sirens of ambulances whined and screamed constantly through the frigid streets. Pedestrians slipped and slithered on early-morning icy pavements like mobs of demented jitterbugs.

Traffic throughout the area was clogged by ice-caked bridges, slush and sporadic "baby" blizzards. Commuters were hours late punching time-clocks.

Thousands of week-end winter sports fans were marooned in the mountains.

ARMY RECRUITING STATION MAY BE RE-OPENED HERE

U. S. Army and Air Force recruiting station may again be re-opened in Matador when manpower is available, according to a letter received by editor Douglas Meador from Major Harold Fulgham, commanding officer of the Lubbock recruiting station (EDITOR'S NOTE: The letter was dated December 30, 1948 but because of its being misplaced, was not opened until last night).

The letter in part, follows: "Just a line to keep you informed on the progress of Melvin 'Wildhorse' Warren in his Army career. He received a promotion to Sgt. 1/c on December 22 and was married on December 10. The Crosbyton Review carried the story of his marriage. Enclosed is a recent letter from 'Hoss'."

"I am extremely sorry that it was necessary to close the Matador recruiting station due to the added burden of this station processing all inductees for a large area. I was short of manpower. It is my intention to re-open Matador recruiting office as soon as I have the available personnel to accomplish the move."

Paragraph from the letter from "Hoss": "Do you remember the telephone operator at Crosbyton? We were married the 10th of December, in case you have not heard."

Notice of Public Sale

Pursuant to an order by the call session of the Motley county commissioners court, December 31, 1948, the band-stall located on the courthouse square will be sold at public auction to the highest bidder for cash, Saturday, January 15 at 2 p. m. Sale will be held on the corner of the courthouse square.

C. W. Giesecke, Jr., County Judge, Motley County, Texas.

Rubbing Alcohol Sold Out

For the first time in history snow plows lumbered into Topanga canyon, La Crescenta, Montrose, Flintridge and other suburbs.

And thousands of motorists for the first time in memory of native sons, were initiated into the mysteries of using anti-freeze in car radiators.

Drug stores sold out their stocks of rubbing alcohol to auto owners who were unable to purchase anti-freeze, an unknown commodity at filling stations. In Hollywood all production was suspended on outdoor sets until the return of "typical" southern California weather.

Schools Dismissed

Goose-pimpled life guards at snow-covered bathing beaches huddled around bonfires and glared gloomily at chamber of commerce signs that read: "Year-around weather. Swim in the surf."

Many schools dismissed classes so bug-eyed kids could cavort in the snow, which most of them had never seen. Snow men popped up magically on thousands of lawns.

In Van Nuys, 40 exuberant youths pelting snowballs at passing motorists mobbed police officer J. F. Cizen and rubbed his face in the snow. Five of the boys wound up in the Van Nuys "cooler" when police reinforcements arrived.

Ten Redlands boy scouts were feared lost last night in a blizzard on the Mojave desert but they were found today huddled in an abandoned mine.

The desert town of Mecca, Cal. where it never had snowed before, was the scene of slight flurries this afternoon. Mecca is 200 feet below sea level.

Ice Spreads Destruction In Midwest

Sleet and freezing rain spread danger and destruction from Ohio to New Mexico late Tuesday.

And while the Midwest and northern plains struggled to break the icy grip, the southeastern states had temperatures in the 30's.

Ice, which has snarled communications, endangered travel and threatened power supply in much of the Midwest, moved southward into Texas and New Mexico.

Ice Glaze Spreads

A glaze spread over a vast area of West Texas. Travel was dangerous or impossible. Many communities were isolated.

Communications were hard hit. The Southwestern Bell Telephone company said 465 of its West Texas circuits were out of service and 450 poles were down.

Electrical service was hampered in parts of New Mexico. At least eight small communities had curtailed power supplies.

Towns Cut Off

Meanwhile, the ice paralysis seized Missouri, Kansas and Oklahoma.

Some 144 towns, mostly in Missouri and Kansas, were cut off, with no long distance communications. There were 1,500 long distance circuits out and 2,600 poles broken or downed.

Southwestern Bell estimated damage to its lines in the three states plus Texas and Arkansas was more than \$500,000. Most of the destruction was concentrated in Missouri.

Power lines snapped in some areas, plunging several cities and towns into darkness. Joplin, Mo., has been without electricity since Monday night. Independence, Pittsburgh and Parsons, Kans., have had only brief periods of service during that period.

School Holiday Ends

A 3-day school holiday, enforced because of weather, ended today (Thursday) and classes will be resumed Friday morning according to Bert Ezell, school superintendent.

Basketball games which were to have been played this week have been re-scheduled as follows: Paducah teams will play here on Monday night. Spur teams will play here on next Thursday night instead of next Friday night.

Notice

Notice is hereby given that the bids for depository of the funds, for County and schools of Motley County, Texas, for the ensuing two years period will be heard by the Honorable Commissioners Court of Motley County, Texas, at its next regular term to be held at the Courthouse in Matador, Texas on Monday the 14th day of February, 1949.

Pat Sheridan, County Clerk, Motley County, Texas

The boundary line between the United States and Canada is 3,893 miles long.

The Magna Charta, charter of English personal and political liberties, was obtained from King John in 1215.

President McKinley was assassinated in Buffalo, N. Y. in 1901.

In Catholic history, the "Great Schism" occurred in 1378 when two Popes were elected by rival factions.

TO MY FRIENDS....

I wish to take this means of thanking my friends for their loyal support in electing me to the office of County Treasurer of Motley county during the campaign of 1946.

I am grateful for every act of service rendered during my election and for the wonderful spirit of encouragement and cooperation tendered during my two years in office.

To each voter in the county I want to extend my appreciation for the term of office despite the fact that I did not elect to become a candidate in the last election.

Sincerely,
Gertrude Smith

Community Chest...

(Continued From Page 1)

"Some misunderstanding exists regarding the affiliation of the Matador Community Chest with the national council of community chests. Affiliation was requested by the local organization for the sole purpose of receiving publicity matter, booklets and instructions to be used in conducting the drive. The national council has nothing whatever to do with the operation of the local chest and receives no money other than a small membership fee.

"Many citizens have asked the amount they should give; their proportionate share of the budget. As a guide the directors suggest that contributions be 1% of 1948 incomes. In other words a family whose 1948 net income was \$3,000, would contribute \$30. A family with \$10,000 net income would contribute \$100. The chest earnestly solicits any size contributions. The small contributions will be received in the same spirit of appreciation as the check from the district's largest contributor. Our goal is to secure at least 500 contributors."

Where friendliness and science go hand-in-hand

THERE is nothing quite like the American pharmacy anywhere else in the world.

It's the unofficial meeting place of the community—a convenient store with a cheerful atmosphere and a wide variety of specialized merchandise. And, above all, it's a place where a man of science—your pharmacist—stands ready to help you guard your health.

Your pharmacist has had a long professional training. He has an encyclopedic knowledge of thousands of different drugs, and the technical skill to compound these drugs into the medicines your doctor prescribes.

Get better acquainted with your pharmacist. Trade with him—he's a man you can rely on.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company, Detroit 32, Michigan.

CELEBRATE WEDDING ANNIVERSARY

Mr. and Mrs. J. T. Bural, above, of Flomot will celebrate their golden wedding anniversary, Friday, January 21, 1949. They were married at Rio Rico in Erath county, Mr. Bural celebrated his 82nd birthday, January 5, Mr. and Mrs. Bural came to Matley county in 1917 with his family, settled in the Flomot community and have been residents of the county for about 32 years. When Mr. Bural first came to this country he was cook on the Hash Knife Ranch. When the Mill Iron ranch bought the Hash-Knife ranch and moved to Hall county he was cook at that time. He also worked for Ross Brothers in the Cottle county before they were organized. He also ran in the Oklahoma Strip Settlement, when western Oklahoma was settled. Mr. and Mrs. Bural have five children: Mrs. Albert Martin, Rogers, New Mexico; Mrs. Jim Currie, Amarillo; Mrs. Howard Atkinson, Hanford, California; Quincie Bural, Grants Pass, Oregon and Mrs. Put Gilbert of Flomot. They have 10 grandchildren and 4 great-grandchildren.

The worship services, Sunday School and Training Union, will be held as usual at the City Auditorium it was announced Thursday by Rev. E. J. Cobb, pastor of the First Baptist church. The usual time will be observed.

McDONALD LIFE INSURANCE CO. And McDONALD'S PLAINS BURIAL ASSN. McDONALD FUNERAL HOME Matador Phone 88

the time of the collapse as far as is known and therefore no injury occurred.

Rev. E. J. Cobb, pastor, said that he had noticed some creaking and popping during the day Wednesday but that he thought nothing of it at the time. The Cobb family were at home at the time and the crash sounded like an "auto collision" Rev. Cobb said. He rushed out to find the church building veiled in dust. It was several minutes before dust settled to where he could determine exactly what had happened. He called the fire department fearing that fire would break out from broken gas pipes or electric lines. However no fire resulted.

A large crowd quickly gathered but no effort was made to do any salvage work due to the danger of hanging walls and other hazards.

The building was first constructed in 1918 but a basement was later dug out under the main floor and finished for Sunday school rooms.

Plans for rebuilding were not far enough along Thursday afternoon for any definite announcement, Rev. Cobb said. A meeting was held Thursday of deacons of the church and a number of other members and considerable discussion given to location and type of building but nothing definite can be decided until the church is given full information on the situation.

direct contact with an infected person or articles freshly contaminated by the secretions of the mouth or nose of persons having the disease. It takes from 12 to 26 days for mumps to manifest itself after the infection occurs. The disease can be easily transmitted, but one attack usually establishes permanent immunity and second attacks very rarely occur.

The most easily recognizable characteristic symptom of mumps is a painful swelling of the salivary glands. Sometimes there is an involvement of other portions of the body, causing disturbances in the digestive, nervous, circulatory, and genitourinary systems. The disease is usually accompanied by a temperature rise which more often than not is mild.

"Patients suffering from this disease should be isolated from other members of the family immediately upon the suspicion that mumps exists, and the family physician should be called in promptly," Dr. Cox said. "In the meantime, complete rest in bed is indicated. The doctor's orders should be followed strictly. Violating his instructions can lead to serious injury, which may permanently affect the patient's health."

Farmers and Ranchers Pay Money Back To Government

In 1934 the United States Government bought stock in the Memphis Production Credit Association to help farmers and ranchers in this section start their own credit institution. It was understood at that time that as soon as the members were able to do so, they would return the government capital and operate wholly on their own capital.

The Association has never loaned a dime of government money. It has always found a ready source of funds in the open money markets of the nation. But it did use the Government capital as security against which funds could be borrowed.

On December 31st, 1948—right on schedule—the last \$5,000 of Government capital in this Association was retired and now, completely owned and operated by its members—farmers and ranchers of Donley, Hall, Collingsworth, Childress, Hardeman, Cottle, Motley, Foard and Briscoe counties—this Association stands as one of the strongest institutions in the territory financing farm and ranch operations.

The members of this Association are proud of the job they have done during the past 14 years, and they invite other farmers and ranchers to join hands with them as members of their own credit association—the only member-owned institution in this area operated solely for the purpose of financing farm and ranch operations.

MRS. WILIE ENDORSED FOR TREASURER TEXAS FEDERATION OF WOMEN'S CLUBS

Mrs. U. L. Wilie, eminent Matador clubwoman has been endorsed for the office of state treasurer of Texas Federation of Women's Clubs, by El Progreso Club of Matador and The Woman's Club of Lubbock, for the 1949-51 term, subject to the rules governing elections, which includes endorsement by Seventh District Board of Directors at their spring convention in 1949.

Friendly, gracious and cordial, and an enthusiastic worker with a will to get things done and an ambition to be of service to her community, district and state, Mrs. Wilie is active in many phases of club and community service work.

She has held membership in a federated club for twenty-two years and besides serving as president of the local El Progreso Club for three full terms, has served in many other capacities. She has held many offices in Matador Parent-Teacher Association and at present is its Chairman of Legislation.

She is a Past Matron of Matador Chapter No. 66 Order of the

Eastern Star, and at the present time is serving as its Marshal.

Heads Cancer Control

With thirty-eight west Texas counties under her supervision Mrs. Wilie has accomplished outstanding results as a Division Commander for Cancer Control.

She is also County chairman for the National Foundation of Infantile Paralysis organization, which position she has held for the past fifteen years.

Vitaly interested in politics, Mrs. Wilie is Motley county chairman of the Women's Democratic party and secretary to the men's Democratic Executive Committee of the county and was a delegate to the State Democratic Convention at Brownwood last spring.

Citizenship Chairman

At present Mrs. Wilie is serving her second term as State Chairman of Citizenship. She made a Good-will trip to Mexico and Guatemala last year with the International Relations group of the state federation and plans to go with them again this year.

She has served as State chair-

Mrs. U. L. Wilie

man in Texas Federation of Women's Clubs under the administrations of four of its presidents and for many years has attended practically all general and state conventions and has never missed a State Board meeting while serving on the board. She has also held numerous district board offices and appointments. Her name is on the bronze plaque at Permanent Headquarters Austin, as one of the Founders.

Mrs. Wilie has appeared as guest speaker at many club meetings over the state and at numerous state and district conventions.

She is a member of The San Antonio Woman's Breakfast Club, as well as of numerous other clubs, cultural, civic and social, both at Matador and Lubbock.

Is Loyal Resident

Mrs. Wilie is intensely proud of her heritage as a west Texan, and of her home town, Matador. Her father, the late Walter A. Walton was the first District and County Clerk of Motley county, and her mother was before her marriage, the former Carolyn Virginia Cribbs, whose parents were pioneer settlers in this section.

Her father having branded a bunch of cattle for her in a brand of her own when she was but five years old, Mrs. Wilie declares that she has been a business woman "all her life".

In addition to assisting her father when he served as dis-

MRS. ROBINSON COMPLIMENTED WITH SHOWER

A bridal shower was given in the home of Mrs. Paul Patton, Thursday afternoon between 2 and 5 o'clock honoring Mrs. Alvie Robinson, former Dolly Marie Smallwood. Assisting Mrs. Patton as hostesses were Mrs. Bernice Knight and Miss Bernice Garrison.

A lace cloth covered the refreshment table which was attractively arranged with green candles in crystal holders and a vase of ivy placed on a reflector. Spiced tea and cookies were served to the guests by the hostesses.

Miss June Neighbors presided at the brides book and those registering were: Mesdames H. Blevins, Elwyn Fuller, Everett Smallwood, Velma Fuller, J. P. Nelson, A. A. Harp, Ward Rattan and Ben Meador. Misses Allie Burkes, Sibyl Jackson and Ruth Jameson. Many gifts were sent by friends who were unable to attend.

Methodist Women Begin New Study

The Methodist Woman's Society of Christian Service met Monday night at the church for the first meeting of a "Program of Advance" for the entire church, which will cover a four year period.

Mrs. Harry Willett was leader for this program, which followed a covered dish dinner. The different officers presented their parts on the program.

Attending the inspirational meeting were the following: Mesdames Ethel Payne, M. G. Brotherton, Fred Bourland, H. H. Schweitzer, W. B. Vaughn, T. E. Williams, R. P. Moore, E. B. Jinkins, W. Y. Higgins, J. M.

Jackson, B. M. Eubank, Annie Tudor, D. E. Pitts, Jr., G. E. Hamilton, Harry Willett, C. D. Pipkin, A. J. Daffern, Fannie Jinkins, Homer T. Jinkins, W. N. Pipkin, John Hamilton, W. F. Jacobs, James Meador, A. J. Perkins, George Springer, L. D. Wilkerson, F. Z. Martin, Sterling Price, Homer Sheats, Ted Steen and J. R. Whitworth; and Misses Ethel Jameson, Dorothy Willett, Margaret Wilkerson and Roberta Jameson.

Tuesday afternoon the ladies met and began the study of the new course, "Newness of Life". This course is to be taught by Mrs. Marvin Brotherton. A large group was present.

LUBBOCK COUPLE ARE ANNOUNCING ARRIVAL

Mr. and Mrs. Joe Powell of Lubbock are announcing the arrival of a daughter, Judy Gayle, born January 11, at the West Texas hospital in Lubbock. She weighed 6 pounds and 10 ozs.

Mr. Powell is former editor of the Briscoe County News and is now working with the Tech Press at Texas Technological college. Mrs. Powell will be remembered here as the former Dorothy Kingery, daughter of former Matador residents, Mr. and Mrs. Martin Kingery now of Plainview.

ANNOUNCING ARRIVAL

Mr. and Mrs. C. O. Strickland of North 28 Westwood Village in Lubbock are announcing the arrival of a daughter weighing 8 pounds and 21 ounces on January 17, in the West Texas hospital there. Mrs. Strickland is the former Camilla Wilkinson, daughter of Mr. and Mrs. A. K. Wilkinson of Whiteflat. The Stricklands have two other children.

Mrs. Ruby Jameson returned Friday from Carlsbad where she went to accompany her niece, Mary Beth Duncan, here to be with her mother, Mrs. Aubrey Duncan, who is at the bedside of her father, W. M. Wells.

Baptist Circles Meet For Prog

Both circles of the M. S. met Tuesday regular general meetings a covered dish supper church basement.

Mrs. D. P. Keith was an interesting speaker "Christ The Answer Individual" with parts Mesdames H. S. Watson, Fulfer, Lloyd Fulker, Woodruff and Ben Ke Music was sung by Simpson, to her own accompaniment. Bus conducted by M Campbell, W. M. S.

Others present were James J. Farris, Fish, and Albert Marsh, Barton, Sr., J. P. N. E. Edwards, Joe E. Bill McCaghen, Cliff Ben Meador, Howe McCartney, Bess Patton, Cammack, R. E. Carr and Lee Burns.

Mr. and Mrs. Rhenan and son Hayden, of were recent week-end here with Mrs. McCarty. Mr. and Mrs. R. A. and children of Silver Sunday in the home of ents, Mr. and Mrs. R. A. Miss Othelia Wood Floydada spent the here visiting in the sister and family, Mr. Clint Hicks.

C. D. Thomas and Jr., of Nacogdoches were visitors in the home C. P. Waybourn and Waybourn.

Mr. and Mrs. C. B. Amarillo returned home after being here for week at the bedside of their-in-law, W. M. Wells.

Don Bradley, student-Simmons university, spent the week-end here with his parents, Mr. and C. Bradley.

Mrs. Lena Conoway of Spur underwent major surgery at the Clinic on January 15.

Welcome the New CHEVROLET

The Styline De Luxe 4-Door Sedan

ON DISPLAY SATURDAY

The most Beautiful BUY of all

We cordially invite you to see the new Chevrolet for '49—the first completely new car the leader has built in more than seven years—and the most beautiful buy of all!

You'll find it's the most beautiful buy for styling, for driving and riding ease, for performance and safety, and for sturdy endurance born of quality construction throughout . . . because it alone brings you all these advantages of highest-priced cars at the lowest

prices and with the low cost of operation and upkeep for which Chevrolet products have always been famous.

Yes, here's the newest of all new cars—pre-tested and approved on the great General Motors Proving Ground—and predestined to win even wider preference for Chevrolet as the most beautiful buy of all, from every point of view and on every point of value. Come in and see it!

First for Quality at Lowest Cost

AMERICA'S CHOICE CHEVROLET FOR 18 YEARS

Campbell Chevrolet Company

MATADOR, TEXAS

CHEVROLET

is the only car bringing you all these fine-car advantages at lowest cost!

YOU'LL PREFER ITS "LUXURY LOOK"!

Chevrolet's new Leader-Line Styling is lower, wider, rarer . . . with new Dyna-Cool radiator grille. Single-Sweep front and rear fender treatment, and Fleet-as-a-Rocket lines all around . . . by far the most beautiful development of the new "functional form" for motor cars.

MORE BEAUTIFUL FROM EVERY ANGLE!

The new Beauty-Leader Bodies by Fisher (with push-button door openers outside) are true masterpieces by the master builder of fine roadcraft. . . with superb lines, extra-fine upholstery and a wide variety of alluring colors . . . much more beautiful from every angle—inside and outside—front, side and rear.

MORE ROOM AT EVERY POINT!

The new Super-Size Interiors featuring extra-wide "Five-Foot Seats" give you plenty of head, leg and elbowroom as well as extraordinary seating space for six full-grown passengers, and you'll also notice that the giant rear deck has what amounts to "trunk room" capacity!

SEE ALL! ENJOY ALL!

New Panoramic Visibility, with wider curved windshield, thinner windshield pillars, and 30% more window area all-around, permits you to see all and enjoy all, and to travel in maximum safety.

THESE ARE CARS THAT "BREATHE"!

Yes, you'll enjoy the additional pleasure of riding in a "car that breathes," for a completely effective heating* and ventilating system supplies warm air to every nook and corner of the interior—retains stale air—and keeps glass clear in all weather. *Heater and defroster units optional at extra cost.

THE NEW RIDE'S A REVELATION!

A vastly improved Unitized Knee-Action Ride, combined with new direct-acting coil-spring type shock absorbers, front and rear, and extra low pressure tires, gives the stability, smoothness and road-safety you have always wanted.

THERE'S ONLY ONE WORLD'S CHAMPION ENGINE

You get the finer results of Chevrolet's sturdy Valve-in-Head Thrift-Master engine in all Chevrolet models . . . together with all of Chevrolet's money-saving economy of operation and upkeep . . . and this is the world's champion engine for miles served, owners satisfied, and years tested and proved.

JUST COUNT THE COMFORTS!

Push-Button Starter for simple, easiest starting; Hand-E-GearShift with Synchron-Mesh Transmission for maximum shifting ease; and Firm Foundation Box-Body Frame for ride stability and road-readiness unsurpassed in the Chevrolet price range.

STOP MORE SWIFTLY AND SAFELY!

The new Certi-Safe Hydraulic Brakes give even faster stop with safety . . . and assure the highest degree of effective braking action for you and your family.

YOU'LL SAVE MORE MONEY, TOO!

This new Chevrolet is designed, engineered and built to speed your purse and spare your pocketbook, for it brings you all these and many other important improvements at the lowest prices and with extraordinary economy of operation and upkeep.

Plus NEW CENTER-POINT DESIGN!

A remarkable 4-way engineering advance exclusive to Chevrolet in its field and consisting of Center-Point Steering—Center-Point Seating—Lower Center of Gravity and Center-Point Rear Suspension give the new Chevrolet riding and driving results without precedent or parallel in low-cost motoring. That means a new kind of riding ease and a new kind of driving ease heretofore reserved for owners of more expensive cars. Hereafter—only the new Center-Point Design can give you all these finer motoring results; and only the new Chevrolet brings you Center-Point Design at lowest cost!

EL MATADOR

Kampus Klatter

Hiya kids! Did you know that we've got a Casanova in M. H. S. And—it is none other than Mr. Joaquin Hays! He was seen with Pauline last Saturday! Now Joaquin, is that any way to do Bonnie?

Whse-whooh! Although he was a little late doin' it, it looks like of Santa brought Shirley P. a purty stretch bracelet! I think this Santa's name was Sappo? Say, have you been wonderin' why Wanda gets so excited when she sees a certain black Ford, too? Well, I think I've solved the mystery! It's not the car but the certain guy named Peek who is in it! Would ya have thought it!

Say! Sibyl was with a mighty good-looker last Saturday! Wasn't his name Charles, Sibyl? Have you noticed that funny little grin on Tiny Tooke's face whenever Roaring Springs is mentioned? Maybe Lonnie Harmon is the certain fella! Is that right, Tiny?

I stumbled over this problem when I was browsing thru a book (not Civics) and it just wouldn't seem to work out; with Algebra! Maybe you can figger it out for me! "There were 2 pine trees. On each tree there were three dead limbs. On each dead limb there were 3 acorns. How many acorns?"

Ed James from R. S. was seen with Daisy Mae again this week! We need to find out her technique, don't we gals?

Did you say that Ann had a little trouble keeping her mind on her studies last Monday? Couldn't have been because of a certain ex-senior at all! Since Joy had the same trouble the

same day—it might pay for you two to get together!

Well, gotta run—see ya next week! Love Miss El Matador P. S. I found the answer! Here it is: "Lemme know next time you see acorns growing on pine trees I'd like to see it."
—M. H. S.—

LA ARENA IS PROGRESSING

The editor, business manager, and staff of the forthcoming La Arena are busily forming the plans, pictures, and pages of our future annual. You can help! I'll bet you didn't know that! If one of the girls (usually a Senior) asks to take your picture, it's not because you are so terribly good lookin' (although that may be true) but because your sweet mug is needed in the pages of La Arena! So smile pretty won't you? And don't make her or him hafta beg you to "smile pretty". See, you can help. Also if you have any snapshots which you think may make another page of La Arena look better, just give them to Sarah Springer and it will be pasted within.
—M. H. S.—

Plans Incomplete For Senior Play

A meeting of the Senior class with class sponsor, T. E. Ernest last week was held to make plans on the Senior play. A number of selections were made for plays which seemed "suitable" and a sample copy was ordered by Mr. Ernest. As soon as the books arrive a meeting will be called and a play chosen. There will be try-outs for the play selected. Watch for later news of the play!

Farm Credit Group Repays Government

Memphis Production Credit Association has paid off all government capital, according to J. C. Franks, Flomot, a director.

Franks said that in the early thirties when farmers and ranchmen could not get credit, the government provided most of the capital stock in the Memphis Production Credit Association. Congress outlined two provisions in making this investment: The users of production

credit as they became able would retire all the government capital, and the association would be exempt from federal income tax until the farmer members could get it paid for.

He said that since organizing in 1934, the stockholders of the Memphis Production Credit Association have been building up the capital stock of the association. In the last few years, stockholders have voluntarily bought extra stock. The investment by the government has been gradually reduced and on December 31, 1948, the association retired the last dollar of government capital. The association will now pay taxes just as other privately owned businesses.

The Memphis Production Credit Association is a big asset to farmers, ranchmen, and business in general in the territory in which it operates in that it goes into the money markets anywhere in the country and brings in outside money that is spent locally, Mr. Franks stated. Mr. Franks said there are 828 farmer and ranchman stockholders in the Memphis Production Credit Association. They own \$194,510 in stock, have \$79,974 in reserve, and a total net worth of \$274,484.

He said that this organization is a cooperative, owned and operated by farmers and ranchmen who use its credit services. Its purpose is to provide all short-term agricultural credit for its stockholders and for any sound operator who can qualify. Mr. Franks said that since the association has been doing business, it has loaned over \$20,000,000. During 1948 it loaned \$2,558,000. The highest amount of loans outstanding at any one time was \$1,119,000 in September, 1948.

The directors and officers are: R. B. McMurry, Memphis, president; Otis Wilson, Quitaque, vice president; Tom B. Berry, Wellington; S. M. Jolly, Paducah and Calvin Franks, Flomot, directors; Don Wright, secretary-treasurer; Adrian Odum and Mrs. Willie Isham, assistant secretary-treasurers, and John Green, Matador representative.

Mid-Term Tests Ends With Bang At MHS

On Tuesday at 3:15 p. m. the last mid-term test ended with a bang! (of books) M. H. S. students were expecting the great (spelled grade) event to occur last Thursday but due to bad weather (which was really good weather, accordin' to a few) the tests had to be postponed until Monday and Tuesday of this week! Basketball games were put second to some real studyin' and everybody got down to work. The English classes will change books and those studying Grammar. The Civics course was completed and a study of either Drivers Training or Sociology will be begun. Report cards will be given our next Wednesday.

Do You Have A Problem?

Are you tired of Bill and the way he forgets to call? Or the silly way Sue giggles all the time? Write your card or letter to Miss Luckless in care of Box 748 and your problem may be solved! Your answer will be in El Matador if it's printable! No names will be printed!

Maybe we can help you make more money LET'S TALK IT OVER

Your business is running a farm. Mine is to help in every way I can to make that job of yours easier and more profitable. Because no two farms are alike, I try to get around as much as I can, meeting farmers and finding out about their particular problems. If I haven't had a visit with you lately, I'm hoping to soon. Meanwhile, remember that I'm here to serve you... with Ford Tractors, a complete line of up-to-date Dearborn Farm Equipment and with first class service. Stop in when you're in town and I'll look for you next time I'm out your way.

Just a Few available DANUSER POST HOLE DIGGER
Why dig post holes by hand when this great tool on a Ford Tractor can dig up to 600 holes a day? Quickly attached, operates by power take-off, lifts and lowers by Hydraulic Touch Control. Seven size augers, 4" to 18", sold separately. Has several other uses too! We'll gladly demonstrate.

MATADOR, TEXAS

Here's how YOU can win the Gold Badge of an Army Officer

TWO NEW WAYS TO JOIN THE RANKS OF AMERICA'S YOUNG LEADERS

DIRECT COMMISSION

A commission as second lieutenant in the Officers' Reserve Corps with a 2-year initial tour of active duty is ready for you if you meet these requirements: one year of honorable service in any of the Armed Forces between 7 December 1941 and 30 June 1947; have completed two years at an accredited college or university; U. S. citizenship; AGCT score of

110 or better; not more than 32 years old; physically fit. Once commissioned you'll be assigned to a 3-month officers' training school, and, on successful completion, you'll be free to compete for Regular Army Commission if you meet the competitive tour age requirements. Go to your nearest U. S. Army and U. S. Air Force Recruiting Station for complete details at once.

OCS FOR HIGH SCHOOL GRADUATES

If you've graduated from high school or can pass an equivalent examination, are between 19 and 28 years old, are a U. S. citizen, and have necessary physical qualifications, apply now for enlistment for Army OCS. After your application is approved, you'll be enlisted as a Sergeant and given basic training if you have not had it already, then sent direct to Officer Candidate School, subject to

quotas, of course. Upon graduation you'll be commissioned a Second Lieutenant in the Reserve, and placed on two years of active duty. Top OCS graduates are commissioned in the Regular Army—all others may compete for Regular Army Commission. Get all the facts about applying for OCS entrance at your nearest U. S. Army and U. S. Air Force Recruiting Station without delay!

TRAIL DUST

By
DOUGLAS MEADOR

The great truck was a demon laughing at the night. It rocked

and rolled with the ease of a happy giant pleased with his journey. The high yellow eyes blinked in courtesy to automobile bibles speeding into their wide path, and the powerful motor sang at its work up the grades. From beyond the rolling hills a cluster of faraway lights spread like a handful of stars scattered on the black robe of night. There was a long, plaintive sound from the truck's horn and the tires slapped little hands on the pavement as if eager to reach the darkness' small oasis. Near the edge of the town a door opened and sent a slender finger of light across the high-

Tribune, Matador, Motley County, Texas, Thursday, January 20 1949

way. The truck blinked red eyes to the darkness that had closed in after its passing and there was a grinding of breaks. A girl closed the door and hurried to ward the highway being slashed by yellow lights. In an instant the truck was motionless, its deep-throated engine idling. The cab door opened and the driver stepped to the ground, lifting the girl in his arms and kissing her tenderly. He held her for a moment and stroked her hair, then kissed her again. In an instant the cab door slammed and the engine roared. The girl watched until the lights rounded a curve. Roaring on into the night, the truck was laughing again, the tires patting the paving in ecstasy.

In a personal and secret fight with my moth-eaten will power, I am attempting to overcome the practice of closing my eyes in a dark room when reloading my camera film-holders. If any light enters the room the film will be spoiled but closing my eyes will not prevent the light from entering. There is a little sermon in this thing but I am not in the mood to twist it out.

WOMEN MAY POOL ORDERS FOR DOWN SATIN MATERIAL

Through pooled orders, down satin material may be obtained by women of the county, according to Mrs. Albert Rattan, County home demonstration agent.

This material is suitable for down comforts, bedspreads, draperies, housecoats and a number of other household uses. Mrs. Rattan declared it is 42" wide and shipped in bolts of 80 to 100 yards each, at 95 cents per yard. Selections may be chosen from a variety of ten colors.

Cash must accompany all orders.

Orders may be placed with the County Marketing committee composed of Mrs. J. R. Hall of Flomont, as chairman; Mrs. Fred Bourland, Matador, and Mrs. W. E. Brown of Roaring Springs.

BEDDY KNOWS! Your Electric Servant

"WOW! ... Old Mother Nature certainly gave men a terrific beating. The ice storm broke stout wires as though they were strings and snapped sturdy poles as easily as match sticks. We had built strongly, but the excessive weight of ice was too much for even the best constructed lines.

Emergency crews of linemen hopped onto the job, and electric service was restored as rapidly as humanly possible.

Those linemen are great fellows. They don't like these storms any more than you do—but when needed, they pitch in and work day and night to get your service going again.

They, and all the rest of us at your service company, are sorry for interruptions of your electric service. We appreciate your patience and friendly understanding of our difficulties during the storm. Thanks and Thanks again.
