## Gin Yards Clogged with Cotton

Seven Motley county gins were flooded to overflowing with cotton yesterday as the largest crop in the county's history hit its stride in harvest. Despite the great shortage of pickers, the gins operated around the clock. Joe Speers of Flomot told County Agent J. R. Emmons yesterday that he sent a bale to the gin at 5 p. m. Tuesday and received his truck back at 4 p. m. Wednesday. Both Flomot gins are about 24 hours behind, according to Emmons. Conditions at Roaring Springs were little different. A report late Tuesday said that approximately 40 bales were waiting to be ginned at the two plants there.

Emmons said yesterday that a rough estimate by ginners in three areas indicated that 10,000 bales of cotton may now be open and awaiting gathering in the county. Almost without exception, every cotton-grower needs more help.

Total bales ginned yesterday was 6,995 as compared with 6,877 ginned on the same date last year. On November 2, 1948, Roaring Springs had ginned 1,919 bales as compared with 1,750 yesterday. Matador had ginned 1,969 last year as compared with 2,340 bales yesterday and Flomot had 2,989 last year as compared with 2,905 yesterday. Only the total of Matador gins is greater than at the same date last year. Emmons said a rough estimate is that one-fifth to one-fourth of the crop is harvested.

## Indians Are 'Defrosted' In Jail Here

The Indian business is good. Sheriff John Stotts and Deputy "Jinks" Wilson made two trips to Flomot Monday, adding four Indians and two white men to the register of Motley county's "Rock Arms" hotel. The six were charged with being drunk. Some of the Indians were so saturated with intoxicants that it was necessary to stack them on the floor in the back compartment of the officers' automobile. Colorful Indian names were added to the jail register, including Yellow Cloud, "Jungle Jim" Red Bird and Big Chief "Big Foot". The Indians joined a fellow tribesman, Ruben Bent, who had been in jail for a week. An Indian father and two sons were among the six arrested. After paying fines totaling \$138 Tuesday afternoon the cotton pullers were released back to farmers who need them badly in the fields.

Third place in the contest was Freshman Jennie Hines with 2,415 votes and Junior Doris Ann Doss received 1,760 votes. Sappo Giesecke was the queen's escort during the colorful coronation ceremony. First place award in the contest went to Ernest Lee Smith (3rd grade student), singing, "She's a Texas Toronado" accompanied on the guitar by Bobby Johnson. Boxing matches followed the amateur program in the auditorium, while carnival attractions "bloomed out" on two floors of the high school building. They included: Pie walk, ring the duck, bingo, PTA cafe, tossing pennies, shoot the cigarettes and "Never Give A Sucker a Break Raby Webb" who conducted a parlor game with two cubes and toy automobiles.

Speakers for the occasion were Rev. R. S. Sparkman, pastor of Wells Baptist Church near Taboka, and Burton Craig of Plainview.

The Association named Brice Allen of Mt. Blanco, as president for the coming year.

## Hobgoblins Prowl At Early Affairs

Hallow'en hobgoblins and witches were on the prowl in advance of the occasion and were in evidence at several social affairs held last week.

Approximately seventy-five persons enjoyed a party given Thursday night at the Legion hall by the Auxiliary for members of the American Legion and other guests. Eight tables of

"42" and other games were in progress during the evening, as well as dancing for those who enjoyed that diversion. Refreshments of sandwiches, doughnuts and coffee were served during entertainment intermissions. Keith Patton was declared wearer of the most gruesome costume.

The Legion hall was also the scene Saturday night of a masked party given by F. H. A. members, under direction of their sponsor, Mrs. Loyd Latimer. A parade down main street by the girls and their escorts preceded an evening of fun and frolic which included organized games and dancing. Bonnie Hughes and Tresa McDonough were awarded prizes for being the most cleverly dressed. Punch and cookies were served to thirty-five in attendance, including two guests, Miss Barbara Ketchersid and Keith Patton, and the chaperons, Mr. and Mrs. Loyd Latimer, Mr. and Mrs. Bill Moss, Mr. and Mrs. Vance Gilbreath and Miss June Coleman.

Social spotlight was centered Friday night on the ranch home of Mrs. A. W. Ford and her daughter, Mrs. Vance Gilbreath, who were hostesses at an annual Hallow'en party which has practically become a tradition in the community. As usual, difficulty was experienced in identifying the masked guests. Games and contests were enjoyed, and refreshments of coffee, cocoa and pumpkin pie were served to forty-two guests.

## GIDEONS SPEAK AT LOCAL CHURCHES

### BROTHERHOOD HEARS Supt. Leo Purvis

Representatives of Gideons International spoke in morning services here Sunday morning at both the Methodist and Baptist churches, bringing timely messages and explaining the purpose of their organization.

The group comprised four Lubbock businessmen, two of whom appeared at the Methodist services and two at the Baptist. Lester Erickson delivered the message at the Methodist church with Earl Burnett presenting introductory remarks. Mr. Erickson, who was a Matador resident several years ago, was remembered by friends here.

At the Baptist church, J. C. Leech outlined the origin and purposes of the Gideon movement, followed by a message by O. D. Peden, on the subject, "The Triumphant Shout Through Faith".

The Gideon movement is an organization of christian businessmen, banded together in the cause of winning lost souls to Christ. It is non-denominational, and is known throughout the world for free distribution of Bibles principally in hotels, hospitals and other public places. During the war the organization gave nine and a half million Bibles to the armed forces, and its latest achievement is the placing of four million booklets containing the New Testament, Psalms and Proverbs in the hands of school children from the fifth grade through high school.

The organization had its beginning in 1898 when two businessmen, strangers to each other, shared a room at a convention held in Wisconsin, and joined in a season of devotion before retiring. Later, they extended an invitation to friends to join them in the movement of soul-winning, and were rewarded with acceptance. However, the organization now has a membership of 16,000 comprised principally of christian laymen.

Mrs. Vernon Brogdon and son, Randy accompanied by Mrs. Jack Jernigan and children, Barbara and Dean, were in Floydada on business Thursday.

Miss Elwanda Martin, student at Texas Tech, Lubbock, spent the week-end at her home here with her parents, Mr. and Mrs. Bob Martin.

## stressing the necessity for daily reading of the Bible.

"..... to fulfill the destiny of your being, you should make the Bible part and fibre of your being," he admonished. "We deprive ourselves of the riches God has prepared for us, in our neglect of His Word.... I do not believe we have made the proper estimate of values.... this is the time we should come back to this book, and to lead others to it." In making the community more Bible conscious, he pointed out that the movement must begin with the individual, and especially the christians of the community.

The program was planned in connection with National Bible Week, November 17-23.

Dudley J. LeBlanc

Mr. LeBlanc is directing the south's largest advertising campaign for Hadacol and newspapers, especially weekly newspapers, are playing an important part in this effort.

The LeBlanc Corp. is using every weekly and daily newspaper in Louisiana, Arkansas, Mississippi, Texas, Oklahoma, Tennessee and Alabama this week to tell the story of how Hadacol put the Chief of Detectives of Hot Springs, Ark., back on the job after all else failed. He had suffered from a deficiency of B vitamins and certain minerals, which Hadacol contains.

"You must use the newspapers, daily and weekly, if you want to bring your message to the grass roots of America, the towns and wonderful rural areas," said Mr. LeBlanc.

Besides being founder and President of LeBlanc Corp., Mr. LeBlanc has many other business interests, and is President Pro-tem of the Louisiana state senate. He is well known for his work for pensions for old folks and other social advances.

**More Details Of Fatal Three-Car Highway Accident**

**PUBLISHER'S NOTE:** Last week the Tribune was unable to publish all the news set into type for the edition. Some items have been entirely discarded because of their passing news value, while other items are being published in this issue.

Following details of the tragic accident of Sunday, October 23, in which M. C. Turner of Quanah, father of Mrs. V. J. Skaggs of Matador lost his life, were deleted from the October 27 Tribune:

The accident occurred shortly after the auto being driven west by Lance, with Turner and his daughter as passengers, passed a car driven by Billy Ray Goodpasture, about 20 of Vernon, and occupied by several other youths.

The car driven by Lance swerved to the left to avoid colliding with a car being driven east by James Roberts of Texarkana. At the same time, Goodpasture began pulling off the highway to provide room for the other two autos. Lance was driving a 1947 Chevrolet coupe which belonged to his brother-in-law, Lloyd West of Quanah. The coupe turned around on the wet pavement when he applied the brakes, and was hit in the rear end by the Roberts car. All three occupants of the coupe were thrown onto the pavement and the car set afire when the gas tank exploded.

Turner was thrown under the Goodpasture auto, already pulled off the pavement and coming to a stop.

Stinnett said it was impossible to determine whether Turner was killed by the collision or by being run over. He was dead on arrival at Vernon Hospital.

Lance was burned about the face and hands when, dazed by the collision, he attempted to enter the blazing auto to rescue his wife, not knowing she was thrown from the car by the impact of the accident.

**Health Officer Warns Of Tetanus**

Mrs. Lance received severe head injuries. Full extent of her injuries however were not immediately determined.

**To Chillicothe**

Mr. and Mrs. Skaggs returned to Chillicothe Thursday to be with her mother when she arrived there from Temple, where she had undergone surgery. She is recuperating at the home of a son, Ira Turner of Chillicothe.

**Health Officer Warns Of Tetanus**

Lockjaw, or tetanus, is a very serious disease caused by a tiny germ that looks like a stick with a ball on one end—something like a microscopic lollipop, says Dr. Geo. W. Cox, State Health Officer. This ball is called a spore and it is the seed of the germ. Lockjaw germs are found in the soil, especially in manure; in blank cartridges; etc.—in fact, just about everywhere. These germs grow best in wounds where there is considerable tissue destruction and in which chips of glass, wood splinters, or grains of dirt have been embedded.

Every accident seen by the physician must be considered from the lockjaw angle; and whenever there is any question, tetanus antitoxin should be given, for it is the antitoxin that has helped to keep the incidence of lockjaw at its low level. Your physician will advise you as to its use. Its disadvantages are that it gives only temporary protection; it does not get rid of the lockjaw germs in the wound and it does sometimes cause hives and other disagreeable symptoms for a few days, particularly if the subject has had previous injections. Should lockjaw develop, it requires much antitoxin and entails great expense; and even then, not all cases can be saved.

It is not possible to free the environment of lockjaw germs, but now there is a method of active immunization. The subject becomes his own manufacturing establishment for antitoxin to combat lockjaw poison.

**VISITOR BECOMES ILL**
