## Solon Scheduled To Visit Matador

### Public Invited To Open Meeting Here

CONGRESSMAN Walter Rogers is scheduled to be in Matador next week where he will make a public address. In a letter received this week by County Judge Vance H. Gilbreath, Congressman Rogers said he would be here Friday (October 22). He will come here from Paducah where he is scheduled to address the Paducah Lions Club Thursday and the Cottle County local of the Farmers Union Thursday night.

Judge Gilbreath said plans have been made for Congressman Rogers to speak here Friday night in the District Court room, beginning at 7:45. The meeting is open to the public. "It will be worth the time of every farmer and rancher in the county to hear our Congressman," Judge Gilbreath said yesterday, "since the prosperity of our country depends on what is done in Washington and Walter Rogers is our Representative in Washington. I have heard him talk often and what he says is well-spoken and of vital interest to the people. He will deal principally with the farm problem and will make us a report direct from Washington. We are, indeed, fortunate that our National Representative has arranged his schedule to meet with us."

Judge Gilbreath said he plans to arrange a special office for Congressman Rogers in the court house during his visit here. Location will probably be in the Commissioners' Court room. Citizens with special problems may come here and meet the Representative. "Since we anticipate a number of people will want to talk with the Congressman, interviews will, of necessity, be limited to a few minutes in order that his time may be divided evenly," he said.

### TRAIL DUST

By DOUGLAS MEADOR

Truth is like the light of a long-dead star which may fall through the cold silence of a million years and never surrender the responsibility of its destiny.

The limited religion is frequently side-tracked for trains of thought chartered especially for the convenience of pleasure.

Often a great inheritance is a blessing to the second generation, sometimes it is a curse. In our vital country good husbandry has never found it expedient to tie fruit on strong, young trees.

After his pilgrimage to the Alamo every Texan should next visit the Dallas Fair's Hall of State. Here the builders have captured the spirit and magnificence that is Texas; breathed the marble and bronze an attitude of humility. The majestic hall is like a church where silent prayers are woven in a tapestry of soft organ music, and where those who enter tread lightly lest something precious be lost.

Wisdom wears a plain cloak and knows that that which is best hidden is the most obvious. The story is told of a West Texas banker who was required to transport a vast sum of currency and asked for two scarred pasteboard suitcases which he filled with money. He packed his belongings in a leather bag of good quality and made the trip without incident, knowing that the cheap-appearing valises were safe in appraisal of thieves.

Fragrance of the sea was in the night that fused the water and shore. Across the little bay a fishing boat bobbling under pale lamps was preparing to sail. When it moved from the quay the lamps went out and all that remained was the sound of its loaded motor and the throbbing of the surf. After a time a light from the boat was visible as it approached other remote lights at sea, like fireflies on the carpet of eternity.

### Farmers To Plant Rye Cover Crop

Interest is increasing the planting of fall-sown cover crops according to SCS Work Unit Conservationist James Priddy and Tommy Moore, ASC county office manager.

In a report to the Tribune they announce that 48 farmers are planning to plant a total of 300 acres in rye which includes 130 acres of combined rye and Austrian winter peas. The report said 99% of the farmers who will plant the cover crops are members of the Upper Pease Soil Conservation District. Four farmers have indicated they will plant 170 acres of oats or barley.

Rye has proven excellent in preventing wind erosion on sandy lands, even with limited moisture. Farmers say it can stand a great amount of dry weather and when spring rains fall it grows rapidly because of a tremendous root system.

### Exes Reply to Homecoming Invitations

Replies are being received to invitations sent out to ex-students and teachers of Matador schools, and indications are that former residents will return in large numbers to attend Matador's 22nd annual Homecoming, October 29.

The invitation committee (Messadams R. E. Donovan, Melvin Meason and Bill Pipkin) has been working hard and over a thousand letters and programs have been mailed to exes of Matador schools.

However, addresses of all on the list, prepared from school records, are not available, and the committee is seeking aid of residents in supplying them. The list contains approximately 200 names of persons whose present addresses are unknown, and is available at the Tribune office for the convenience of those who might wish to drop by and check them over.

## County Saves \$10,000 By Refinancing Bonds

Motley county is in the process of saving \$10,000 in interest. Judge Vance H. Gilbreath yesterday told the Tribune that final details have been completed in the refinancing of \$184,000 in courthouse bonds at a lower interest rate.

He said the First Southwest Investment Company of Plainview is handling the transaction. The lower interest rate is estimated to save county taxpayers approximately \$10,000 before the debentures have all been paid. The bond issue was originally for \$215,000 and has now been reduced to \$184,000.

# Northern Negro Editor Writes On Segregation

**EDITORS NOTE:** The following editorial is written by Davis Lee, a Negro publisher of the Newark (New Jersey) Telegram (issue of August 9), and released through the Texas Press Association. The TPA is evidence of intelligent thinking by one on the other side of the fence.

The efforts being made by certain paid agitators and pressure groups in the South to cause Negroes to lose a lot more than they will gain. The trouble with this group, with similar ones, is that the agitators don't count the overall cost to the race. The present effort is designed to destroy the whole pattern of segregation, and to establish an integrated social order in which there will be no distinction made in this country on the basis of race, religion, color or nationality. This is a laudable objective, but human nature just has not changed that much, and the achievement of such an objective could cause repercussions that might set the Negro back fifty years. Integration in the schools in the North and East is not a howling success. A Negro can attend most of the schools up here and get an education, but few of the states that educate him will hire him as a teacher. The State of Connecticut doesn't have twenty-five Negro teachers. Nowhere in these integrated states do Negroes get anywhere near proportionate representation. Every device is employed to keep qualified Negroes from being assigned. Recently a reputable New York labor union made a report on the employment of Negro teachers in New York City and charged that a systematic scheme has been

adopted to exclude Negroes as teachers.

This is not true, in the South. The State of Georgia employs 7,313 Negro teachers, and paid them close to \$15,000,000 in salaries last year. North Carolina paid its Negro teachers over \$22,000,000 last year. Florida is another state that ranks at top on teacher pay.

Mississippi paid \$7,414,278 in salaries to 6,753 Negro teachers in the state last year.

If these states, that are now pouring millions of dollars annually into Negro pockets which provides our people with money that enables them to enjoy the dignity of man, to enjoy the prestige and respectability, to buy homes and the necessities of life, are forced to abandon the segregated school, 75 percent of the Negro teachers in the South will lose their jobs. Not only that, but approximately 20,000 Negro principals will lose their jobs as well.

The present movement to end segregation in the schools is merely the beginning of a well-laid plan to completely end segregation in everything in the South. If this happens the Negro will be thrown into direct competition with the white race, and our business institutions will crumble.

No place in the world do Negroes own and control as much as do those in the South. Atlanta is without question the Negro capital of the world. It is the center of Negro culture, education, business and finance. And both Negroes and whites live, work, and operate business without either being conscious of the other's race.

This movement to integrate the schools of the South is loaded with more racial dynamite than appears on the surface and the Negro will be the one who is blown away.

During the past two years I have spent more time in the South than I have in my office, and I have interviewed thousands of Negroes in all walks of life and I have found very few who favor mixed schools, but equal facilities. This being the situation, one questions the fair-

The Lawrences and the LaMasters met in April, 1953 at Manaus, Brazil, 1,000 miles up the Amazon river—and the Lawrences recently paid a return visit to the LaMasters in Perryton, Texas. ness of forcing these colored citizens to accept what they don't want. If a little group of paid agitators succeeds in forcing their will upon these people, it appears to me that they should at least be given an opportunity to be heard.

Right now the Southern Negro is in a better spot educationally, politically and economically than the Negroes any place else in the world. Race relations are continually improving. Every day more Southerners are recognizing the Negro as a man and according him the respect that he merits, but the Southern Negro himself can do more about improving conditions than can courts, legislation or pressure groups.

Despite all the hullabaloo about the liberal North and East no Negro has been made head of a State College or University. Down South the woods are full of Negro college and university presidents. In Texas a Negro college president of a state school gets \$10,000 a year.

Negroes need to refresh their memories on the fact that just a few years ago we were raising Cain because colored kids in the South were being taught by white teachers. We wanted them taught by Negroes until now Negro teachers have completely taken over.

A group goes back into the courts declaring that the Negro is not satisfied with equal facilities, that the separate but equal law is unconstitutional. It is nothing less than integration will do. That doesn't seem fair to me.

### RETURN FROM TRIP

Mrs. W. G. Kimbell has returned home from a recent trip to Arkansas which she made with her daughter and family. Mr. and Mrs. J. P. Billingsly and daughter, Barbara of Snyder. They visited at Mansfield, Ark. with Mrs. Kimbell's mother, Mrs. Dela Robinson and with a sister, Mrs. Gertrude McDonald, who accompanied them on their return to Matador. The trip also included visits with relatives in Eldorado and Hot Springs. The Billingsleys visited here Tuesday before continuing to their home at Snyder.

Mrs. Olga Robertson and daughter, Reatha Raine, of Oklahoma City, Okla., attended to business here recently, and visited the former's aunt and uncle, Mr. and Mrs. Arth Black.

## October Cattleman Advocates Higher Beef Consumption

**FT. WORTH**—The Cattleman, official publication of the Texas and Southwestern Cattle Raisers Association with headquarters here, has dedicated its October issue to telling its readers what beef producers are doing to promote beef consumption in Texas and throughout the nation.

Beef promotion is being pushed by the industry, the magazine points out, because cattlemen want to solve the problem of beef surpluses by encouraging people to eat more beef instead of letting beef products pile up in warehouses.

The magazine will be in the hands of its 30,000 readers during the first week in October. A four-color cover featuring a picture of a choice hunk of rich, red beef is indicative of the theme of the publication, according to editor Henry Biederman.

Features in the publication include a story about the organiza-

tion and future plans of the newly-created Texas Beef Council, which represents the efforts of Texas cattlemen to increase beef sales in their state and to aid beef promotion on a national level.

Other articles include a story of the National Live Stock and Meat Board, an organization that promotes beef on the national level and is in part supported by Texas beef producers; the story of the American National Cattlemen's Association written by its president Jay Taylor of Amarillo, a leader in national beef promotion activities, and the story of the Odessa Chuck Wagon Gang, a chamber of commerce outfit that barbecues 50,000 pounds of choice beef for West Texans each year. Other stories describe what various organizations are doing to produce a better product and how full-feeding of cattle in Texas plays a part in increased beef consumption.

Lubbock was also a visitor in the Bourland home, while looking after farming interests.

Those visiting in the R. W. Amick home the past week were Mr. and Mrs. O. M. Seale and Mr. and Mrs. Sonny Seale and Sharon of Plainview; Mr. and Mrs. Clyde Amonett and family of Cedar Lake, and Mrs. Leroy Nelson and children of Matador.

The Flomot Longhorns treated the Girard Cardinals kindly as they met on the Longhorn field last Thursday night and gave them everything they needed except the victory.

**STUBBLE MULCHING**, as shown above, is proving profitable to farmers in the Dumont area. Use of straw stubble prevents land from running together, making it more easily tilled and resulting in more yield per acre. Stubble-mulching in this area is advocated by the Soil Conservation Service.

### Stubble Mulching Proves Profitable To Dumont Farmers

Farmers in the Dumont community in the southeastern corner of Motley county believe in stubble mulching their wheat and oat land, according to a survey made by James Priddy, county SCS conservationist.

Bill Morris, Hugh Vinson and J. J. White, all did an excellent job of leaving their straw residues on the surface of the ground this summer. Morris has been doing this for several years. As soon as he cuts his wheat, (this year he had a few oats) he chisels his land about every twenty inches, usually about 4 to 5 inches deep. He then replaces his chisels with 9-16 inch

sweeps and goes over his land again, pulling as deep as he can, usually 3 to 4 inches. If straw is too heavy he might have to use larger sweeps to prevent clogging, but always being sure to get 4 to 6 inches overlap. He seldom uses a one-way, except when he might get in a tight with weeds. "About all that can be said for a one-way is that it will kill weeds," he declares.

Messrs Morris, Vinson and White, who are cooperators with the Upper Pease Soil Conservation District have discovered by using sweeps there is less run-off during rain; and that the straw acts as a buffer and prevents the land from running together, thus conditioning the land making it more easily tilled, and resulting in more yield per acre.

only totals for a county or larger areas.

The census taking commenced October 4 in the High Plains counties and in the citrus belt of extreme south Texas. Enumerators will begin asking questions on the Edwards Plateau October 18 and on the Rio Grande Plains October 25. The canvass of east, central and far west Texas farms will start November 3.

"The 1954 census will collect information from every farmer in the United States, make it available as totals to the public and keep secrets of individual farms and farmers at the same time," Burgess says.

Since 1920, an agricultural census has been taken every five years.

### Vows Exchanged By Miss Leola Allen, Billy J. McKelvey

Marriage vows were exchanged recently by Miss Leola Mae Allen of McAdoo, and Billy Jim McKelvey, of Matador, in a double ring ceremony read by Rev. J. C. Arnold at the home of the bride's parents. She is the daughter of Mr. and Mrs. D. E. Allen, McAdoo, and the bridegroom is the nephew of Mrs. Mattie Hobbs of Matador.

Cut flowers and greenery formed the setting for the ceremony, Saturday, Oct. 2 at 7 P.M.

The bride, given in marriage by her father, wore a blue-embossed satin, waist-length dress designed with a sweetheart neckline, and a white net, finger-tip veil. She carried a white Bible, topped with a bouquet of white carnations, intertwined with blue satin ribbon.

Mrs. Bill Wilson, maid of honor, wore a wine-colored iridescent taffeta dress with white accessories, and a corsage of white carnations. Scott Henderson of Cleveland, Ohio, served as best man.

#### Reception Is Held

A reception was held immediately after the ceremony. The bride's table was laid with cream-colored lace over green and centered with the bride's bouquet, flanked with yellow roses. Presiding were Marilyn Steadham, Carol Ann Allen, Neida Allen and Mrs. Bill Wilson.

Mrs. Jimmy Flemmons registered the following guests: Mrs. Adale Henderson, Cleveland, O.; Miss Twyla Biggers and Mrs. Lillian Wade and Kenneth Wade of Melrose, N. M.; Mr. and Mrs. A. R. Wyatt, Lawton, Okla.; Mrs. Doris Chesser and Elaine Chesser, Abilene, Texas; Mr. and Mrs. B. D. Northcutt, Ralls; Mr. and Mrs. Ed Faulkner and Sandra Spur, Mrs. W. E. Hobbs, Mrs. J. W. Hobbs, Mr. and Mrs. Harold Flora, Mr. and Mrs. Buford Hobbs, Mr. and Mrs. Clyde Williams, T. R. Berryman, and G. S. Payne, all of Matador; and those from McAdoo: Mrs. E. G. Rich, Mr. and Mrs. C. T. Wallace, Mr. and Mrs. Henry Harris, Mrs. C. A. Allen and girls, Mrs. J. W.

Griffin and girls, Mrs. G. B. Morris, Mr. and Mrs. Lloyd Hickman, G. W. Allen, Mrs. J. C. Arnold, Mrs. Howard Hickman, Mr. and Mrs. John A. Allen, Bruce Allen, Neal Allen, Terry Delahunty and Brenda Renea Wilson.

When the couple left for a brief wedding trip, the bride was attired in a navy blue suit with light blue accessories.

The bride is a graduate of McAdoo High School and has recently been employed by the South Plains Telephone Co., of Ralls. The bridegroom attended Matador schools, where he was reared, and is employed at the J. R. Berryman garage. They are making their home in Matador.

### Home Demonstration Club Hears Jurist

Judge G. E. Hamilton was guest speaker at a meeting of Matador Home Demonstration Club, Thursday, Oct. 7, at his home, with Mrs. Hamilton as hostess. Speaking on "Wills and Insurance," Mr. Hamilton gave valuable information to his listeners, drawing on his many years experience as an attorney.

Mrs. W. D. Lipscomb, president, conducted a brief business session, and Mrs. James (Doc) Taylor was welcomed as a new member. Visitors included Mrs. Walter Pike of Rocky, Okla., and Mesdames L. E. Cooper, Duff Green, Alice Basham and Joe Bridges of Roaring Springs.

Refreshments were served to these and the following members: Mesdames H. M. Murphy, W. W. Clements, Tom Darsey, W. M. Graham, B. M. Eubank, C. P. Waybourn, Ralph Stapleton, Ben Keltz, Turner Campbell, Fred Simpson and Sterling Price.

Miss Eudora Hawkins of Abilene, home economist with the West Texas Utilities Co., will present the program for the club at its next meeting which will be held Oct. 21 in the home of Mrs. J. S. Stanley.

Mrs. Bess Patton returned home recently from a trip to Ardmore, Okla., where she visited a son, Sam Patton and family and at Vernon, where she visited a sister-in-law, Mrs. Rube G. Lightly.

HAPPY FARMER with smiling lady companion above, is not a farmer nor does he fill his apparel as the picture indicates. The smiling lady is not his wife, nor is she afflicted with the dental trouble indicated in the photograph. The couple were winners last week in the Fleming Post-American Legion "Tacky Party". The Legionnaire at the left is master saddlemaker H. H. Schweitzer and the lady is the wife of Legionnaire and hotelkeeper W. W. Clements and a member of the Auxiliary. Winner Schweitzer had tucked his prize inside the waistband of his trousers when the picture was made. The frolic followed a business meeting of Legion officers with Commander James Priddy serving as chairman.

#### AT WSCS MEETING

Mrs. Ethel Payne, president of the local Woman's Society of Christian Service of the Methodist church, together with Mesdames A. J. Daffern, Sterling Price, Fred Simpson, H. H. Schweitzer and W. V. O'Kelly, attended an all-day meeting of Plainview District W.S.C.S. at Kress, Monday.

#### LOCAL GROUP PRESENTS PROGRAM AT FLOYDADA

Attending Floydada Lions Club last Thursday at a luncheon meeting and taking part on the program, were Mr. and Mrs. J. R. Whitworth, Rep. and Mrs. Elbert Reeves, Miss Bette Fran Montgomery and Frank Tra-week.

Mr. Reeves introduced the local numbers which included a reading by Mrs. Whitworth, vocal selections by Miss Montgomery and piano numbers by Frank Tra-week.

#### VISIT AT PLAINVIEW

Mr. and Mrs. Joe Campbell, with her nephew, Billy Layne Cartwright, and his mother, Mrs. J. D. Cartwright of Paducah, visited in Plainview, Sunday with the latter's daughter and family, Mr. and Mrs. Billy Smith, whose small son, Rodney, has been a patient in the polio clinic. He was to have been dismissed Tuesday.

Mr. and Mrs. Furman Vinson attended the football game at Lubbock, Saturday, between Texas Western and Tech.

#### Pied 'Pinions

BY MRS. J. M.

Hardly anyone witnessed our brief glorified ride down Main street Sunday. It happened shortly after the noon hour while the citizenry was still at home following their noon meals. Our chariot was a cameo coral Ford convertible, whose owner, one of Matador's distinguished young businessmen, was rescuing us from our own erratic Chevy that had decided all at once to just not run anymore that day. We even remembered we had to go to the postoffice, so's Charles Ray could drive us around the block again — and still no audience; just a handful of uninterested Latin Americans strolling aimlessly around waiting for the drug stores and theatre to open.

Best-known cat in town is Blanche Patton, formerly of Haidson, N. M., whose master, Keith Patton brought her here when she was a kitten. She is now 6 years old and has borne 66 kittens. Blanche has 7 toes on each forepaw, and in each litter of her kittens, there are several that are 7-toed. Some have even had 7 toes on all four feet. The Pattons never have any trouble giving the kittens away. There's always a waiting list.

Blanche is a large-boned black

and white cat, while her next-door neighbor, "Kitty Edwards" is a beautiful mauve-toned Persian. When Kitty Edwards has kittens, the Pattons keep Blanche at home because they don't want her to have an inferior complex about her own offspring, although some of them have been part Persian, and cuddly.

### Meeting Is Held By FHA Chapter

The Matador Chapter of the Future Homemakers of America met in regular session Monday night, October 4, in the high school auditorium for a short program and business meeting.

The program, under the direction of Mickie Steen, was called "Around The Town Gossip". The following "sisters" were in the cast: Frances McMahan as "Lillie", Kay Norman as "Lucy", Sue McCaghen as "Merindy", Mickie Steen as "Mrs. L.", Pina Sturdivant as "Melandy", Rachel Craven as "Ellie" and Frances Lancaster as "Hilda".

The mothers attending were the following: Mrs. Hazel Donovan, Mrs. Jimmy Sturdivant, Mrs. J. D. Craven, Mrs. Ted Steen, Mrs. N. B. McMahan and Mrs. Luther Lancaster.

The next meeting will be October 18, at 7 P. M. We urge all parents and members to attend.

—M. H. S. B.—

### KAMPUS KLATTER

Hi, there kids!! Seems like the high school girls are terribly sore. It couldn't be those calisthenics, could it?? This is six weeks, test week, so there's going to be some buckling down and some soft soaping the dads so they won't be too mad when they see the report cards.

The girls in high school are holding a rummage sale on Saturdays to help raise money for girls basketball jackets. If you have any old clothes that you would like to contribute, just contact some of the girls and we will be glad to pick them up.

If any of you girls are having any problems with your sewing, "Cissie" will straighten you out. Well, that's all for now kids. We will see you next week.

—M. H. S. B.—

## Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get relief but gentle relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest natural laxatives known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

### Dorothy McMahan Is Student Of Week

Dorothy Ann McMahan, 17-year-old senior transfer from Perryton, is student of the week at Matador High School this week.

She has gone to school at Matador eleven of her twelve years, after attending Perryton High School last year.

She is editor of the Matador Brand, secretary and treasurer of the senior class, president of the Press club, social chairman of the Choral club and FHA.

Dorothy Ann is a cute and charming girl, we'll miss her next year.

## So Goes The Nation

Lubbock at about 1:50 P. M. We went first to the museum where we were received by the guide, Mrs. Dowling, and taken to the Rotunda. There we saw paintings by Peter Hurd of a pioneer's day from sunrise to sunset.

From the Rotunda we went to the Pioneer section in the basement where we saw a replica of the half-dugout on the Matador Ranch that Mr. H. H. Campbell lived in. We also saw a house with furnishings in the days of Queen Victoria.

Next, we went to the Indian section where we saw diaramas of the Indians being pushed back by the white people.

From the Indian section we went to the Natural History section. One of the interesting things in the Natural History section was the shrunken head. Also there was a two sided hut. There were some replicas of some prehistoric animals.

From the museum, we went to the Planetarium where Miss Dunn showed us the stars and their positions. Also there was the sun and the moon. After that we were on our own.

### THE PLANETARIUM

By Ramey Brandon

We learned many new things in the planetarium at Lubbock last Friday. The thing most interesting is one of our brightest stars. The name of it is Vega. Vega was once the north star, but as the stars alternated another star took its place. Someday Vega will again become our north star. In about 25,000 light years, Vega will either collide with the earth or come so close it will scorch everything on the earth. Vega burns with a blue flame, which means it is one of our hottest stars. At this time of year at Lubbock, it is nearly straight up over our heads.

There are many constellations which Miss Dunn pointed out to us.

The big dipper or the big bear

as some people call it, is one of the most interesting constellations of all, I think. If you are lost it is also one of the most useful, because, the pointers point to the north star.

### TERMITES TERMINATE TYPE-SETTING

The Herald is printing this week's issue of the Northwest Oklahoma. Shattuck newspaper which was damaged Tues-

day in an explosion which damaged the type and machinery of the plant. The explosion occurred as Harold Chaffin of Canadian was under the floor treating the building for termites. The blast rocked the cases and made up tables and ripped up the floor for a 15-ft. stretch through the center of the building. Publisher C. C. Colbert and Dale Colbert are having their type set and the Herald plant this week and believe they can be back in operation in two weeks.

# The First!

Phillips 66 brings you the first All-Weather Motor Oil which has proved it meets the most exacting standard ever established for automobile lubrication...  
Mil-O-2104, Supplement I level.

The toughest standard ever set up for automobile lubrication is the Mil-O-2104 Supplement I test. New Trop-Artic is the first all-weather motor oil to meet the requirements of this test. It is an oil which will serve you winter and summer... an oil so good it can double the life of an automobile engine!

Compared to ordinary motor oils, new Trop-Artic reduces ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons and bearings cleaner... longer-lasting. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing over 150,000 miles of driving.

Trop-Artic is truly an all-weather oil... S.A.E. 10W through S.A.E. 30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.

Any car, in any climate, at any time of the year will perform better with Phillips 66 Trop-Artic. It is a worthy companion product to Phillips 66 Flite-Fuel, the new high performance gasoline recently introduced by Phillips. It pays to stop at the station where you see the Phillips 66 Shield.
