MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, OCTOBER 9, 1958 PRICE SEVEN CENTS

## Birnie Well Making Half Million c.f. Gas

**NATURAL GAS** at the approximate rate of half a million cubic feet per day is being flared from the Birnie Ranch well 14 miles northwest of Matador. The well is producing about 120 barrels of distillate per day. Unofficial reports on the well say its characteristics are unusual for this entire area and that geologists are very interested in developments.

Oil section of the Lubbock Avalanche carried the following articles about two wells in Motley County, in editions published Tuesday and yesterday.

Pan American Pet. Corp.'s old well work over operation in western Motley County, the No. 1 O. E. Birnie, was shut in Tuesday preparing to fracture perforations in the straw with a reported 168 barrels sand oil.

Originally drilled by Amerada to old total depth of 10,010 feet, the project was re-entered by Pan American to 9,283 feet and plugged back to 8,640 feet before perforating Strawn from 8,518-25 feet. It reportedly flowed out its load and a small amount of new oil or distillate.

A six-hour test showed gas at the rate of 272,000 cubic feet per day, with a gas to distillate ratio of 33,800-1. Flowed for another four hours, it made five barrels load and six barrels distillate. Flow was killed preparatory to frac.

Wellsite situated 1,960 feet from north and 660 feet from east lines of Section 1, Block GP, C&MRR survey. It is four miles west of Whiteflat on a 640-acre lease. There is no nearby production.

**Drilling Out Cement**  
A development in southern Motley County's Roaring Springs-Permo-Penn field, the Pan American Pet. Corp. No. 2 Fred E. Brandon, was drilled out cement Monday preparatory to completion efforts.

Total depth was reached at 4,235 feet, with four and one-half inch pipe landed on bottom. String was cemented with 150 sacks, and hole plugged back to 4,230 feet. Completion attempt will be from Permo-Penn Reef topped at 4,196 feet.

Site is six miles east of Roaring Springs townsite on a 160-acre lease. It spots 853 feet from south and 2,639 feet from west lines of Section 7, Block O-4 WTRR survey.

## Mavericks, Turks Clash Scheduled

A district championship football game will be played here on Burleson Field tonight when the Matador Mavericks meet the Turkey Turks.

What may be one of the most interesting games of the season will be held under lights, starting at 7:30. Admission is 25c and 50c.

It will be the first home game for the Mavericks this season. Last week Maverick Coach J. E. Edwards took his salty little team to Estelina where they defeated the Estelina Cubs 38-6 on their own field.

## Singers To Hold Meet

Annual autumn meeting of the Motley County Singing Convention will be held at the American Legion building in Matador Sunday, October 19, it was announced this week by President Bruce Martin.

Meeting of the pioneer organization will start at 10 a. m. At a business session in the afternoon new officers will be elected, including a president, vice-president and secretary.

Mr. Martin said two quartets had promised to be here for the convention, including the old South Plains Quartet and the Tri-State Quartet from Clovis, N. M.

A number of outstanding singers will also attend.

Mr. Martin is making an appeal to local residents to bring well-filled baskets for the noon meal since there was a shortage of food for the large crowd attending the Spring meeting.

## Lions Attendance Has Gain After Vacation

ANNUAL "vacation slump" in Matador Lions Club attendance has apparently passed its crest. Members attending the regular luncheon meeting Tuesday in the Methodist Church basement was the largest in several months, including the previous "Ladies Night" meeting.

Boss Lion Curtis Graham announced that the club would launch a light bulb sale Saturday, Oct. 18, and named teams and committees. He said volunteer services of the Boy Scouts in the drive had been offered.

Net proceeds of the sale will be used to augment the club's general fund.

In excellent mood after a fine luncheon served by the Methodist ladies, members were brought forward by Taitwister Ralph Stapleton to receive special citations from Lions International.

Three charter members had failed to attend the previous Ladies Night meeting and Tuesday received 30-year chevrons. Several members received special awards for perfect attendance for five, ten, fifteen and twenty-five years.

Lion Bill Palmeyer announced that the next "Ladies Night" meeting (either November or December) would be an annual "FF" awards "banquet" honoring boys and girls of the county.

"Three Notes" Play  
The program included a special musical treat by "The Three Notes" instrumental musical trio composed of David Rattan, Robert Brandon and Robin Brown.

The youthful musicians received applause as they played and sang. They were introduced by program sponsor Lion Ben Edwards.

## Spur Wins 43-21 Over Matadors

**MATADOR** lost 43-21 to the Spur Bulldogs at Spur Friday night. It was the fourth straight loss for the Matadors.

Spur took a 7-0 first quarter lead and increased it to 29-0 at the half, and held a 37-0 lead at the end of the third quarter.

Sheril Rigby was the big gun for the Matadors. He scored two touchdowns and one two-point conversion. His first touchdown came as a spectacular 70-yard run with an intercepted pass.

His second score was on a 50-yard run to end the game. Gerald Pipkin went four yards for the other Matador score. He also kicked the extra point.

Freddie Walker threw a pass to Joe Copeland to open the Spur scoring, the play covering 20 yards. The Matadors fumble on their 44-yard line with Spur recovering. The Bulldogs then scored again with Walker throwing to Copeland for 30 yards and the score. Walker passed to Kent Morgan for the extra points.

The Matadors fumbled on their 14 late in the quarter, with the Bulldogs take over. Kenneth Suits scored on the first play, and Morgan carried for the extra points.

Spur scored only once in each of the next two quarters. Walker scored on a six-yard run in the second quarter and Suits on a 65-yard run in the third period. Suits kicked the extra point after Walker's run and Copeland ran for two following Suits' run.

**Blocked Punt Score**  
End Sam Parsons completed the Spur scoring by running 20 yards with a blocked punt in the fourth quarter.

Then the Matadors got their attack rolling. They drove to the Spur 5-yard line and Pipkin went around left end to score. He then kicked the extra point.

Then Rigby took over. He raced 70 yards down the sideline with a Spur pass to give the Matadors their second score. And on the last play of the game he raced 50 yards around left end. He ran the extra points over to make the final score, Spur 43, Matador 21.

The Matadors will play at home Friday. They will entertain the Lorenzo Hornets at 8 p. m. under the lights on Burleson Field.

Charles Cullin, editor of the McLean News, visited here during the week end with his parents, Mr. and Mrs. George Cullin.

## "Sis" Stacy Is Inspiration to Others

## Rare Disease Causes Paralytic Condition

A DOOR CLOSED in the life of an active business woman in Pasadena, Texas about three years ago and excluded her from the world with which she was familiar, Miss Lennie Stacy was first stricken in June, 1955, but it was not until the following January that she became aware of a paralytic condition,

which hospitalized her a month before coming here. She came to Matador in March, 1956, to make her home with her sister, Mrs. J. S. Stanley.

Miss Stacy's physician diagnosed her condition as dermatomyositis paralysis of quadriceps, or hardening of the muscles. Both cause and cure of the malady are as yet unknown by the medical profession.

Less than half a dozen known cases are in existence. The crippling effects are noted principally in the neck, arms and legs, and Miss Stacy is unable to get up from a sitting position without assistance. She has been a resident patient of Stanley Hospital since June 24, 1957.

"Sis" as Miss Stacy is affectionately known by family and friends, has created a new world since coming to Matador. Her attitude is an inspiration to others who enjoy the blessing of good health. Her life, since coming here, is a story of success, a brave battle with a rare and little-known disease which has left its victim crippled bodily; of a victory which has left her unbowed spiritually, and a source of inspiration to innumerable friends.

Young people come to her with their problems, to seek counsel; the older ones come in search of sympathy, understanding and companionship. All are richly rewarded.

**Resident's Father Claimed by Death**  
A heart attack Saturday at 6 p. m. claimed the life of W. P. Seale, 73, resident of Vernon since 1924, and father of local mortician, Billy J. Seale. The attack occurred while Mr. Seale was working in his yard.

Funeral services were held at 2 p. m. Monday at the First Baptist Church in Vernon, with Dr. A. C. Gettys officiating. Pallbearers were Vernon and Wilbarger County peace officers. Mr. Seale was a peace officer and had held the same elective office for the past 25 years.

He was born in Navarro County, Texas, February 24, 1885. He was married at Crowell, Texas, and lived there many years before moving to Vernon. He is survived by his wife, Mrs. W. P. Seale of Vernon; three sons, B. J. of Matador, A. W. of Electra, and James R. Seale of Dallas; three daughters, Mrs. Herbert Henry of Paducah, Mrs. J. M. Maloney of Tuente, Calif., and Mrs. Peggy Harris of Boulder, Colorado; 9 grandchildren, and one sister.

Friends from Matador who attended the funeral services included Billy Wason, L. M. Cox, Glen Brotherton, Rev. and Mrs. Gene Hawkins, and Mrs. Freeman Thacker.

## Pontiac Is First Of New 1959 Cars

Pontiac is first of the new 1959 automobiles to be shown in Matador. The newest version of motoring luxury goes on display today at Matador Motor and Implement Co. showroom.

The 1959 Pontiac is truly a new car. The average observer will find it difficult to find any identifying characteristics of former models. The greatest change in Pontiac is that it is wider. Wheels are five inches farther apart. The body is wider, lower and longer.

1959 Pontiacs are made in three series, Bonneville, Star Chief and Catalina. Mike Hoyle, manager of the agency extends a cordial invitation to the public to see and drive the new Pontiac.

**BUDGET MEETING SET**  
The Roaring Springs School Board will meet Monday night, Oct. 13 at 8 p. m. for the purpose of adopting the 1958-59 school budget. It was announced by Supt. Vernon H. Baker. All patrons of the school are urged to attend the meeting.

**PICTURE IS SOUGHT**  
A recent closeup picture of Noble "Wishy" Dirickson, who was killed beneath his falling horse, is sought by the Tribune for the purpose of making an engraving to be used in the near future. The photograph will be returned unharmed.

## Celebrates Birthday

Since being in the hospital, she has celebrated two birthdays, that event falling on Sept. 16. Last year the hospital staff served as hostesses for cake and coffee. This year Miss Stacy's sisters and a brother were with her for the occasion. Home-made cake and ice cream were served with coffee and spiced tea to ap-

## Rangers Smother Southland Eagles

Harold Goodwin made 6 touchdowns and two conversions last week when the Patton Springs Rangers met the Southland Eagles and clipped the Eagles' wings to the tune of 56-28. Blasting game made one touchdown and three conversions.

Blasting game and Goodwin ran wild with the ball and at the halftime the score was 40 to 14 in favor of the perfectly functioning Ranger machine.

Ranger reserves got into the game during the second half. The Eagles opened an attack by Dunn and Ellis in the last quarter that netted two TD's and one conversion.

## Attends Funeral For Grandmother

Mrs. R. L. Williams, grandmother of R. L. Brandon of Matador, died at her home in Graham, Wednesday, October 1. She was 92. Mrs. Williams had lived in Graham since she was 10 years of age.

Funeral services were held at the First Methodist Church of Graham at 4 p. m. Thursday and interment made in the Graham cemetery. Mr. and Mrs. Brandon and two children, Beverly and Robert, attended the funeral.

## More Rattlers Killed in Matador

An alert chamber of commerce might promote a rattlesnake hunt in Matador and give an electric footwarmer as a prize. On the other hand residents of south Matador are hunting individually and collectively for the noisy serpents that bring pain and frequently death when they strike.

Two more late rattlers have been killed just off south Main Street in the last few days.

Dr. J. S. Stanley drove over a rattlesnake as he turned off of Main Street Sunday night. The reptile was not killed and Dr. Stanley was able to find but one rock in the semi-darkness. The snake entered A. B. McCaghran's garage and was later dispatched with the aid of a hoe. It had five rattlers.

Late Monday Mr. and Mrs. Curtis Graham driving on Main Street found a large rattler near the Forrest Campbell home. Others arriving aided in killing the snake, which was described as "very large."

Also reported killed by the Jameson brothers (Bill and Bob) was a large rattler, on west Walton Road, and Monday morning Mrs. D. E. Pitts killed a small rattler in her flower bed. Mrs. Seth Sager, earlier in the fall had also discovered a small rattler in a flower bed at the Matador ranch.

Residents throughout town are being cautious, especially at night.

#### Miss Barbara Nell Lane Becomes Bride Of Jerry Goodwin in Paducah Ceremony

Scene of the marriage Sunday, Oct. 5, of Miss Barbara Nell Lane of Matador and Jerry Goodwin of Paducah, was the First Baptist Church, Paducah. The double ring ceremony was read at 3 o'clock in the afternoon, with the Rev. Joe Seif, pastor, officiating.

The bride is the daughter of Mrs. Carl Cooper of Matador. Parents of the bridegroom are Mr. and Mrs. Vastine Goodwin of Paducah.

An arch covered with fern and flanked by candles and baskets of pink gladioli formed the setting for the ceremony.

The bride was given in marriage by her step-father, Carl Cooper of Matador. She wore a street-length gown of white velvet, fashioned by her mother, and featuring a self-material, shirred cummerbund. Her finger-ring was attached to a pearl-studded tiara, and she wore velvet elbow-length mitts. She carried a bouquet of pink rosebuds on a white Bible.

Attending the bride as matron of honor was Mrs. Doyle Parnell of Lubbock, who was attired in a frock of pink crystalline and carried a bouquet of white carnations. Her shoulder-length veil was attached to a headband of pink flowers.

#### Parent-Teachers Hear "High Time" Panel Discussion

Parents and teachers met in the Matador High School Auditorium Wednesday, October 15, for the second Parent-Teacher Association meeting of this school year.

In a panel discussion led by Mrs. J. E. Edwards, eighth grade teacher, the group was told in no uncertain terms that "It Was High Time" for students, parents and teachers to get together and cooperate if high school is to be meaningful to the student.

Subjects for the various discussions were: "Time to Know Him" (adolescent), "Time to Know Yourself" (parent), "Time to Know About High School" and "Time to Get Together".

Others on the program besides Mrs. Edwards were Mrs. L. B. Campbell, Bert Ezzell, and Bill Moss.

Several members of the senior class furnished "background" interest for the program.

Doyle Parnell served as best man. Jackie Tye and Bill Ebbelin of Paducah were ushers and also lighted the candles.

Miss Charlotte Campbell of Matador, organist, played traditional wedding selections and accompanied Miss Jan Barton of Matador, soloist, as she sang "Always" and "The Lord's Prayer".

For a wedding trip to Dallas and the State Fair, the bride chose a fall tweed suit of charcoal and pink, with black accessories.

Upon their return they will be at home in the Town House Apartments in Paducah.

Mrs. Goodwin was reared here and attended Matador High School. Following his graduation from Paducah High School, Mr. Goodwin attended North Texas State College in Denton and Texas Tech, Lubbock. He will be employed at the Goodwin Gin, Paducah.

#### Northfield Women Organize HD Club

Eleven women of the Northfield community met Thursday, Oct. 2 at 3 p. m. in the school building of that community with the Home Demonstration Agent Ruth Wilson, for the purpose of organizing a Home Demonstration club.

The following officers were elected: Mrs. Paul Cruse, president; Mrs. Hal Courtney, vice-president; Mrs. Rayworth Hoover, secretary-treasurer; Mrs. N. L. Cook, Council Delegate; and Mrs. Bill Bethany, reporter.

The regular meeting date was set for the 2nd and 4th Thursday each month.

Dried arrangements will be the subject studied at the next meeting, Oct. 23 at 2 p. m. in the school building.

#### RECENT PATIENT

Kelly Keltz, son of Mr. and Mrs. Bennie Keltz was a recent tonsillectomy patient in Stanley Hospital. Patients this week included Doc Burleson, who fell and chipped a bone in his right wrist; Mrs. Pearl Porter and Mrs. T. R. Cox of Afton; and Gus Gibson of Turkey. R. M. (Bob) Stanley has been dismissed and is recuperating at his home on Eubank Street.

## P.T.A. Sets Membership Month

### They'll Knock On Igloo Doors In Newest State

When more than eleven million P.T.A. members open their annual Membership Enrollment month this October, they will be urged to "knock on every door" to find new members interested in advancing the welfare of children.

Some of those doors may open to the oldest dwellings in the Western Hemisphere—stone igloo homes in Alaska, scheduled soon to become the nation's 49th state.

Here, as throughout the U.S., the National Congress of Parents and Teachers will seek to add some half-million new "parents, teachers or friends of children" to what is already the nation's largest voluntary service organization.

Mrs. James C. Parker, of Grand Rapids, Mich., president of the National Congress, cites "the dynamic potential of Alaska, our newest state," as "comparable to the spirit which has enabled Parent-Teacher associations to contribute so much to the welfare of children."

The variety and scope of P.T.A. activities in the 61-year history of the National Congress are reflected today, Mrs. Parker noted, in the everyday life of Alaskans which ranges in spirit from the quite sophisticated to the "truly frontier."

Alaska's Congress of Parents and Teachers, which became part of the national organization in 1957, today faces problems which can be compared, Mrs. Parker pointed out, with those recorded over the years in tiny American communities or in its largest cities. For it is a land where...

School youngsters may ride for miles in a dog sled to a crowded, poorly-heated quonset hut, or walk across the street to a modern, several story building.

—Where accountants, school

"Home is the child's first school," explains Mrs. James C. Parker, president of the National Congress of Parents and Teachers, whether it's in Point Barrow, Alaska, or the continental U.S. Here, Chicago school children examine picture of Eskimo family standing under strips of caribou meat outside their far north home. In proclaiming October as P.T.A. Membership Enrollment month, Mrs. Parker points out that development of P.T.A.'s in Alaska, soon to become the nation's 49th state, parallels the organization's pioneering days in this country.

teachers and government workers regularly make trips "back in the bush" to hunt and fish for food for their families—and store it in modern freezers.

—Where the airplane is the accepted means of travel between cities, but where the number of sled dogs is increasing.

—Where teachers in schools with large Eskimo or Indian populations must teach a second language—English—to many of their charges, while other schools, especially those on U.S. army bases, maintain typically American libraries, theaters and bowling alleys as part of their recreation program.

Aims of the National Congress membership month will apply

equally well in this dynamic new state, Mrs. Parker pointed out, as in its member organizations throughout the continental United States, in Hawaii and on American military bases in Europe.

"For the primary purpose of the P.T.A.," she explained, "is to safeguard children, to build for the future in such a way that in every community the lights of home may always shine out."

In designating October as the period for membership enrollment, she called upon "every parent-teacher member to knock once more on the door, and at the heart of every American, so that all of us, working together, may make America the best possible home for all our children."

Mrs. W. W. Bain visited from Friday until Monday, with relatives in Lubbock, Idalou and Amarillo. She was accompanied to Lubbock by her daughter, Mrs. J. D. Spray, and went to Amarillo with relatives from Idalou.

Present, other than the program committee were, Mesdames Sterling Price, Clarence Jenkins, Albert Daffern, Harry Willett, Fred Simpson, Ethel Payne, Fred Bourland, Willie Schweitzer, Edd Williams, L. W. Tucker, J. R. Whitworth, and Henry Ford.

SFC JERRY T. COOPER REENLISTS IN ARMY  
FORT RILEY, KAN. (AHTNG)—Sergeant First Class Jerry T. Cooper, 43, son of Mr. and Mrs. Lige E. Cooper, Roaring Springs, Tex., recently reenlisted at Fort Riley, Kan., for six years in the Regular Army.

Sergeant Cooper, a meat cutter in Headquarters Detachment at the U. S. Army Garrison at Fort Riley, first entered the Army in 1942.

He was graduated from Roaring Springs High School and formerly worked at the Pitch Fork Ranch in Guthrie.

The sergeant's wife, Marie, is now living in Junction City, Kan.

## Dedication of Babies Ceremony Held At Eastern Star Anniversary Banquet

Matador Chapter No. 66 Order of the Eastern Star, in a stated meeting Thursday night observed its annual Anniversary Banquet and joint Friendship Night fellowship October 9th commemorates the 58th anniversary of the Matador chapter.

Program for the evening included a "Dedication of the Babies" ceremony in which Leslie Ann Alexander of Morton was dedicated. She is the daughter of Coach and Mrs. Vernard Alexander of Morton. Mrs. W. D. Lipscomb, Worthy Matron and W. F. Jacobs, Worthy Patron, presided at the ceremony.

Leslie Ann's ties in the Matador OES are through four generations. Her great-great grandfather, T. N. Edmondson, was the first Worthy Patron of this chapter and her great-great grandmother was charter member. Her mother, the former Patti Pipkin, and her grandparents, Mr. and Mrs. W. N. Pipkin are present members.

Mesdames J. B. Cooper, Forrest Campbell, Joe Bloodworth, Robert Darsey and Ben Keltz participated in the dedication, and Mrs. G. E. Hamilton presented the baby with a gift from the Matador Chapter.

Two of Leslie Ann's great-aunts, Mrs. W. F. Jacobs and Mrs. Robert Darsey, sang her a lullaby.

Conclusion of the program was a musical interlude by pupils of Mesdames Lalar Wilkerson and G. E. Hamilton. Readings were presented by pupils of Mrs. J. R. Whitworth.

Following the program, out-of-town guests were introduced. They included two grand officers, Mrs. Clyde Hudson, Deputy Grand Matron, District 2, Section 5 of the Grand Chapter of Texas; and C. E. Blairfield, Past Grand Patron of Texas, both from Clarendon.

Other guests registered from Silverton, Estelita, Paduca, Roaring Springs, Matador and Clarendon.

Parents' Day at Wayland

Parents' Day at Wayland College in Plainview, Oct. 10, will welcome parents of Wayland students to the campus for their entertainment and to acquaint them with the college.

Groundbreaking ceremony for the college's soon-to-be-constructed Flores Bible Building will be the highlight of the day. The ground breaking is scheduled for 2:30 p. m.

Hostesses for the day's activities will include Gail and Mrs. Williams, daughters of Mrs. Varner McWilliams Whiteflat.

PRAYER GROUPS PLAN FOR FALL REVIVAL  
Cottage prayer groups are being formed throughout the week of Oct. 12-19 in preparation for the fall revival at the Methodist Church, Rev. J. Tucker, pastor. He has announced that W. L. McWilliams has named chairman for the side and H. M. Murphy for north side.

Mrs. Glenn Woodruff of Brownfield Wednesday of week to accompany her daughter, Lou Ann, home on a visit there with her parents, Mr. and Mrs. L. Winger.

Mr. and Mrs. R. D. McHobart, Okla., have been invited after business interests in Roaring Springs the past week and visiting friends there also in Matador. Mrs. McHobart's former Ruby Cooper. They left Friday.

**SOCIAL SECURITY AMENDMENTS AID COUNTY RESIDENTS**

The social Security amendments of 1958 will provide increased monthly payments to about 250 people in Motley County, beginning with the checks which are due early in February 1959, according to John G. Hutton, social security district manager in Lubbock. The amount of the increase will be about 7 percent, with slight variations. People who are already getting social security payments do not need to apply for the increase. It will be automatically added to the checks for January, which will be mailed out early in February.

**VISITORS HERE FOR COMMUNITY MEETING**

Several visitors from Whiteflat and Matador attended Community Meeting here Saturday night. These included Mr. and Mrs. Varner McWilliams, Mr. and Mrs. Duke Lipscomb, Mrs. C. P. Waybourn, Mr. and Mrs. Frank Jameson, and Bonnie and Robert Brown, all of Matador. Music furnished by some of the visitors was enjoyed. Community meetings are held every first Saturday in each month, and visitors are always welcome.

**TRIBUNE ADS DON'T COST, THEY PAY**

Several visitors from Whiteflat and Matador attended Community Meeting here Saturday night. These included Mr. and Mrs. Varner McWilliams, Mr. and Mrs. Duke Lipscomb, Mrs. C. P. Waybourn, Mr. and Mrs. Frank Jameson, and Bonnie and Robert Brown, all of Matador. Music furnished by some of the visitors was enjoyed. Community meetings are held every first Saturday in each month, and visitors are always welcome.

Under other changes made by the new law, social security benefits will become payable to a number of people not previously eligible for payments. They must, however, apply to their social security offices before payments can start. The Lubbock social security district office is located at 2878 34th Street. It is open from Monday through Friday, from 8:30 a. m. to 5:00 p. m. Mr. Hutton emphasized that it is not necessary for people already receiving monthly payments to apply for the automatic increase. "Inquiries about the automatic increase will slow down our effort to start payments promptly to the people who can now get payments for the first time," he said. A representative of the Lubbock Social Security office will be in Matador on October 14, at 9:30 a. m. at the First State Bank and will be glad to assist in all matters pertaining to Social Security.

**THE FANTASTIC STORY of MUSA-SHIYA THE SHIRTMAKER**

(Also Sometimes Drygoods Selling)

If the shipping department of a factory had not made an error, the world would never have known of Musa-shiya the Shirtmaker and the most astounding advertising campaign in history would never have been launched.

Following World War I an English textile factory was getting back on a peacetime basis. In error it sent a full five year backorder of shirting material to Musa-shiya, a Japanese shirtmaker who operated a small shop in Honolulu. Business was poor and Musa-shiya was near bankruptcy, when the customs office informed him that certain bales of cloth and a fat bill for duties awaited his pleasure at the port of Honolulu.

When the little shirtmaker realized what had descended upon him, he asked for time and went into the silence for purpose of mental refreshment. Remembering a friend in a big mercantile establishment, he hid himself there and sought counsel. How in the name of the horned prophet of evil was he ever to get rid of all that English shirting? And in the meantime where was he to put it? His little box of a shop wouldn't hold one bale.

"You'll have to advertise," advised his friend. "Leave it to me. I'll have our advertising agents help you out."

This merely compounded the little Japanese shirtmaker's troubles. Advertising to him was an uncharted sea. The advertising agent called on Musa-shiya and suggested \$100 as a modest starter. "Too-o-o much. Maybe I think thirty dollar plenty," said the shirtmaker. He was told that wouldn't even get him in print. The agent explained the costs of various advertisements and finally Musa-shiya agreed to try the plan and what was destined to be the most astounding and far reaching campaign in the history of advertising was launched.

Two columns by five inch ads then started appearing regularly in the Saturday Honolulu Star-Bulletin. The ads were written just the way Musa-shiya talked—in colorful pidgin English which is used throughout the Orient. Here is an example of one of Musa-shiya's ads:

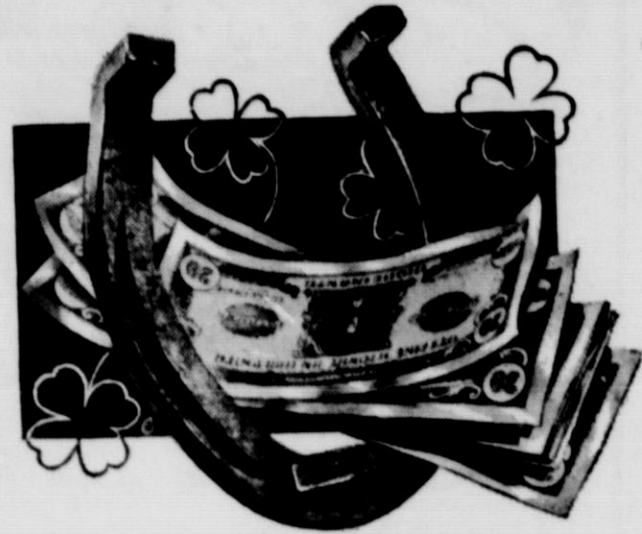

"Well here come storek again—but Musa-shiya, the shirtmaker, is able prepare. Wonderful accumulation of baby things in dry goods selling corner of Musa shop. Everything for the baby—especially diaper. Exclusive of storek, which find most easily, many persons not finding little shop of Musa-shiya the shirtmaker in King Street, Makai side, between fish market and river."

Tourists started sending copies of Musa-shiya's ads to their friends in many countries. Soon Musa-shiya was receiving orders from all over the world as well as doing a thriving business in Hawaii.

And that is the story of how a well planned, small advertising campaign made an unknown Japanese shirtmaker not only wealthy but world famous.

Your local newspaper doesn't promise to duplicate this story for its advertisers, but it does take your sales message into the homes of your customers where full and careful consideration is given your suggestions. Who knows, perhaps you too can be a Musa-shiya.

Several high school girls were chosen to be on a program for the Eastern Star, Thursday, October 2. This formal occasion was Fellowship Night for the chapter. Clubs from several counties attended. A salad supper was followed by the program.

A new quartet appearing for the first time, who will be known as the Treble Clefs, sang three numbers. This group is composed of Charlotte and Carol Campbell and Jan and Cheri Barton.

Judy Hobbs played a piano solo and readings were given by Carolyn Pohl and Jan Barton. Others who appeared on program were Mary Jane Hamilton and Laura Jacobs.

### Timmons To Coach Girls' Cage Team

Mrs. Reese Timmons has been named head coach of the Matador High School girls' basketball team for 1958-59.

Mrs. Timmons served as assistant coach last year to Supt. Bert Ezzell.

### Mr. "Gunsmoke" Has Competition

T. V. has some competition. MHS boasts four Mr. Dillains and one Chester.

This brilliant team of wild and woolly western talent appeared before the Matador High student body at a recent pep rally.

### Soph Quotes Brad After Daily Bout In Algebra Class

"That's a demerit! Haven't you learned by now not to say, 'I guess.' You either get on one side of the fence or the other!" says C. D. Bradshaw, algebra teacher and football coach of MHS.

Since becoming sophomores we have learned not to say, "I guess." Coach also says that the more he hollers at us the more he likes us, and when he quits hollering, we'd better start worrying.

You might hear, if you are within MHS walls, "I'll buy you a new hat or a steak dinner if that's not right!" The funny thing is that Coach is always right. No one has ever gotten a new hat or steak dinner.

Coach Bradshaw likes for us to argue with him if we know what we are talking about. The trouble is, half the time we don't! Looking at an algebra problem and working it in our heads, just like that, isn't as easy as it sounds.

We love to hear Coach tell us a few of his experiences he has had, especially when he tells us about eating at the Stafford's house. Believe it or not, Coach is real good when it comes to talking about food and football, and of course... talking about algebra.

### SENIOR PICTURES TAKEN FRIDAY BY WEBB STUDIO

Harold Ward returned to Carlsbad, New Mexico leaving only twenty-five seniors to have their pictures made Friday October 3.

Representatives from Webb Studios in Childress photographed the seniors who were told earlier in the week to bring their best smiles and a five dollar deposit for picture day.

Besides senior pictures, group pictures were made of the various school organizations.

### TEACHERS' ENROLLMENT 100 PER CENT IN TSTA

The Matador Public School has a 100 per cent enrollment of its teachers in the Texas State Teachers Association for the 1958-59 membership year.

### THIRTY HS STUDENTS IN HOME EC CLASSES

Thirty girls are enrolled in homemaking classes this year.

Mrs. A. L. Fair who teaches the first, second, and third year home economics students says that she is breaking in the freshmen and re-breaking in the sophomores with the canning of foods. The classes have also frozen okra, squash, fresh peaches and green peppers.

First year homemaking students are studying "Personality Traits" and "Getting Along With Others" this six weeks.

Sophomore students have been studying "Family Relationships". Six third year homemakers, five juniors and one senior, are working on interior decoration projects.

### "FISH" NOTE

The first "fish" impressions of MHS haven't changed much. Most freshmen members thought high school would be a lot of fun and plenty of work. And so it has been. The only real change is that Mr. Moore is a tougher teacher than he appears to be.

It has been a freshman chore to learn the difference between merits and demerits! Another duty of the freshman is to "worry" about six weeks' tests along with everyone else.

### SADIE SHAW TO VISIT

Word has been received that Sadie Shaw from Arkansas will soon arrive at MHS.

Sadie and company will appear in the annual Choral Club production.

Mrs. L. D. Wilkerson, Choral Club sponsor, selected the cast for the all-star hillbilly musical comedy.

### ANNUAL TRIP

The eight grade has returned from its annual trip to the Tech Museum at Lubbock.

The class was taken on a conducted tour through the Historical Gallery where a dugout and Victorian livingroom, bedroom, and kitchen were furnished with objects and clothing from early Plains homes.

Also in the tour the class visited the Rotunda and Art Galleries. In the Health Room the class members viewed an exhibit showing "The Miracle of Birth" and "Diseases of the Heart".

The class also attended the South Plains Fair.

### PUBLIC WELFARE WORKER GOES TO CORPUS CHRISTI

John Riefenberg, Field Worker for Dickens, Kent and Motley counties, State Department of Public Welfare, resigned last

week to accept employment with the Corpus Christi Child Welfare Unit.

He will enter the School of Social Work at the University of Texas at the beginning of the fall term. He will then return for at least a year's work with the Corpus Christi unit.

No notice of a replacement has been received and the work in these three counties will be handled by workers from neighboring counties.

Robert Speer, Field Worker at Haskell will be in Spur on Monday, Sept. 15 to take applications.

Perry C. Spenny, Field Worker at Knox City will be in Matador, Monday, Sept. 22 to assist those who wish to apply for Old Age Assistance, aid to the blind, aid to dependent children, or aid to the permanently and totally disabled.

### Grade School News

The third grade has finished two units in geography... one on the mountains and one on the hilly lands. This week they are making murals of mountains, hills, and plains. The drawings prove that there are some artists in the third grade group.

Fourth graders usually call themselves the freshmen of the intermediate grades, and the seniors of the primary grades.

Wherever they belong they will certainly be seen this year. The class is the largest single class in MGS totaling 41, with 26 girls and 14 boys.

To make the fourth grade more interesting there are three Martins, two Terrys, two Taylors, two Chadwicks, and even more confusing are the Havins twins, Fay and Kay, who look alike.

Mrs. Charles Keith and her fourth grade class hiked to roadside park recently on a science trip to study trees and leaves.

Mr. Keith met the group with a pickup full of watermelons. The class had a watermelon feast before returning to school.

New pupils who have joined the fourth grade class this year are: Margarito Ayala from Phoenix, Arizona, David Pepper who attended school in Tatum, N. M. last year, Dale Rector from Kermit, and recently Velma and James Chadwick of Roaring Springs joined the class.

Pat Day and John Barnhill are the best citizens of the week. The fifth grade has contributed fire posters for display during Fire Prevention Week.

proximately 75 friends who called during a short afternoon reception, to wish her a happy birthday. She received more than 100 cards which now decorate the walls of her room, together with numerous snapshots and photos of friends, chiefly of young people of the community, along with those of her nieces and nephews.

Mrs. Mamie Lawson and her daughter, Mrs. Emma Donnelly, and Mrs. Maude Mitchell of Pasadena and Houston, Buster Stacy of McAlester, Okla., and Dr. and Mrs. J. S. Stanley and daughter, Ruth Marie formed the family group, with the other brother and his wife, Mr. and Mrs. Wayman Stacy of Wichita Falls having visited here on Sunday prior to the birthday celebration.

"I wish to take this means of thanking each of you who sent cards, or remembered me in any way on my birthday," said Miss Stacy. "The occasion was a very happy one and will be long remembered with pleasure and gratitude."

### Rites Held For Flomot Pioneer

Funeral services for Henry M. Welch, 70, area pioneer, were held 2 p. m. Tuesday at the Flomot Baptist Church. He passed away Sunday in a Pampa hospital after a lingering illness.

Rev. J. J. Terry of Dora, New Mexico, a former pastor, conducted the service, with the present pastor, Rev. Dinzel Leonard, assisting. Burial was in Flomot Memorial Park. Pallbearers were, Woodroe and Orville Cobb, Malcolm Turner, Jake Merrell, Wayne Pigg, Arnold Johnson, Virgil George, and Ikie Gilbert.

Mr. Welch was born in Erath County, Texas Sept. 30, 1888 and came to Matley County in 1892, settling in the Flomot community. He made his home there until 1950 when he moved to Pampa to live with his sister, Mrs. Ola Orr.

Besides Mrs. Orr, he is survived by another sister, Mrs. Annie Kell of Tulsa.

Mr. Welch was converted at an early age and united with the Fairmount Baptist Church in 1945.

Named Honorary Pallbearers were, Houston and Harley Gunn, M. R. Truelock, Edgar and Riley Smith, Elmer Tibbets, Kelly Patrick, Allen True, Ace Monk, W. W. Merrell and R. M. Martin.

### Layman's Day Set For Sunday by Baptist Church

Laymen of the First Baptist Church will be in charge of morning services Sunday, in special "Layman's Day" recognition.

In making the announcement, Rev. Gene Hawkins, pastor, said that four laymen will speak on the subject, "What My Church Means to Me", and that the men of the church will occupy the choir. Special music will also be a feature of the service. The speakers will be J. E. Edwards, Bill McCaghren, Bennie Keltz and D. P. Keith.

Everyone is extended a cordial invitation to attend this service, as well as others of the day which include Sunday School, Training Union, and evening worship which begins at 7:30.

### Morriss Family To Hold Reunion

Descendants of the late Mr. and Mrs. J. D. Morriss, pioneers of this area, will meet here Sunday for a family reunion, and friends are invited to join them during the afternoon.

The American Legion building will be the scene of hospitalities between 2 and 4 o'clock, when the sons and daughters of the pioneer Morriss family, will receive their friends.

Coming for the occasion will be Harry Morriss and family of Carrizozo, New Mexico; Mrs. J. D. Hines of Wellington, Kansas, the former Beatrix Morriss Watson; Mrs. J. M. Williams of Sulphur Springs, the former Bess Morriss; Mrs. Mildred Morriss Walker of Dallas, and Malcolm Morriss and his family of Whiteflat. A daughter of the latter, Mrs. Estelle Nolan of St. Louis, Mo., will also be here for the event.

### Gin at Whiteflat Again in Service

Drought years, cotton acreage reduction and other cotton production "hazards" caused Joe Bloodworth to close his Whiteflat Gin several years ago. Improved crop prospects this season have caused him to reopen the plant.

First bale was ginned in the plant last week. Mr. Bloodworth said yesterday that he has just installed a Moss Lint Cleaner and is now able to produce a better sample and help the grower realize more from his crop.

Reggie Anderson of Lovington, N. M., Mr. Bloodworth's son-in-law, is associated with him in operation of the gin. The plant is being operated under its old name, The Whiteflat Gin.

### 13th Anniversary Will Be Observed

Bob Stanley Pharmacy started business in Matador 13 years ago next week. Altho Manager Bob Stanley is recovering from recent major surgery, the store will observe a "Lucky 13th" anniversary.

The annual observance will start October 15th (Wednesday) and continue four days through Saturday, October 18. Free coffee will be served all day Friday of next week.

Many drug and sundry items are offered at special prices during the four days, as will be found in a full page advertisement in this issue of the Tribune.

Free gifts will be presented the first 50 men and the first 50 women (adults only, please) registering Wednesday.

### CONDITION "FAIR"

Condition of J. R. Moore is described as "fair" at West Texas Hospital, Lubbock, where he has been a patient the past two weeks. He is under the care of urologist specialist, Dr. Roy Riddle while being treated for a kidney block. His daughter and husband, Mr. and Mrs. J. Farris Fish visited with him Thursday, and Monday visitors were Mr. and Mrs. Joe Bloodworth. He is able to have as visitors, only members of the family, and close friends.

### TO TAKE HOLIDAY

First State Bank here will observe Monday, October 13th as a legal holiday, officials announced this week. Columbus Day is Sunday (Oct. 12) but the bank will observe Monday as a holiday as will other banking institutions in the nation.

Customers are reminded of the holiday so that banking business may be conducted in advance to avoid possible inconvenience.

Reporter Learns the Answers in Visit  
First Grade; Everything is as Usual

By Carolyn Pohl

she hears the pitter-patter of Lightning's paws on the first grade floor. Oh well, someone has the will to learn.

Time for something to happen in the reading corner. Main attraction is the little boy who is mad at the teacher because his Mommy ran off and left him in class. He is too small to take his anger out on his teacher, so he takes it out on his new T-shirt. He starts by biting holes in it, but soon advances to tearing it. He goes about tearing it in this way: He grips part of it firmly between his teeth while he pulls downward as hard as he can with his hands. This is very effective for tearing T-shirts. The

finished product looks something like this: ripped straight up the middle, torn practically off the neck binding, and held on by sleeves. At least this first grader has achieved a goal.

The morning over, (thank goodness) it is time for lunch and play period. Some play period scenes are hula hoop contests, Lightning being fed his lunch of apple cores and cake, and football games.

Half time activities of the football games are most interesting. We find a little drum majorette prancing across the play ground, leading a one-woman band. This one member straggles way behind her leader with her tongue hanging out — and why shouldn't she? She has been marching thirty minutes.

With the ringing of a bell the second half of the day begins. The first grade teacher goes through the second half much better than she did the first, be-

cause she is used to it by now. When school is finally out, she goes home, only to start grading papers. She wonders about the little boy and his T-shirt, but when asked how school was that day, she replies, "Fine. You know... The usual."

Incidentally, Mrs. Gilbreath, this is your first grade.

As variety is the spice of life, spice is the variety of soup! New delicious flavors are easy to achieve by adding just one-eighth teaspoon of spice to a can of soup. Try these combinations: tomato with basil, chicken-herb with curry, green pea with nutmeg. For a further "company" touch, serve the spice

liquid as a beverage, in mugs or cups.

First thing in the morning is when minutes matter most! Too often, breakfast is foregone in favor of a few more minutes in bed. Is this one of your problems with your school children? Then why not try "Breakfast-in-a-Glass"? This is a cool, quick, and nourishing early morning treat combining cereal, milk, and fruit.

What could be faster than to drink your breakfast and still know that you were getting most of the essential food elements? It takes less than five minutes to mix and there is just time enough to toast a slice of cinnamon bread to serve with it.

Breakfast-in-a-Glass  
¾ cup cooked oatmeal  
1 cup cooked apricots, drained  
2 to 4 teaspoons sugar  
1 teaspoon vanilla  
2½ cups milk  
Place all ingredients in bowl.

Beat with rotary beater or electric mixer until smooth. (If blender is used, blend for 1 minute.) Makes 2 servings.

The yearbook committee met recently at 10:00 with Mrs. Willson Barton, chairman, Mrs. Fred Bourland, Mrs. Alfred Dye, Miss Fern Hodge, District Agent and your agent present. The committee planned the programs and workshops for the coming year and now has the book ready to submit to council for their acceptance before it goes to the printer.

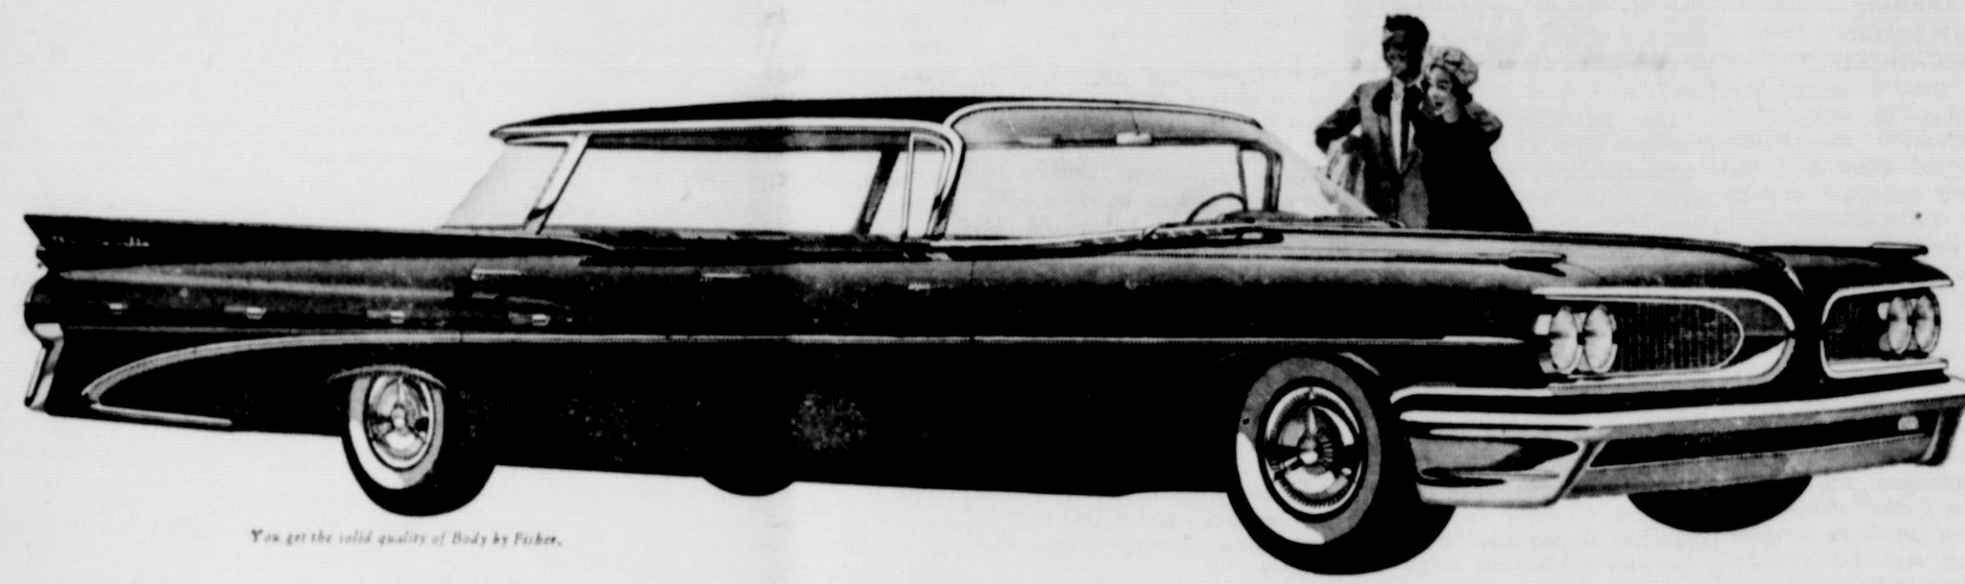

The committee did a fine job of planning and from the looks of the dummy copy, I think we

have a year with much activity and pleasure ahead of us.

You get the solid quality of Body by Fisher.

Who in the world built this beauty...  
the only car with wide-track wheels?

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number 1 Road Car!

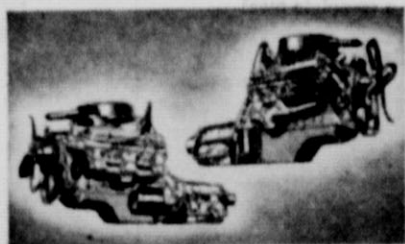

**PONTIAC!** America's Number 1 Road Car!

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look... it's inches lower without sacrificing roominess or road clearance. You'll discover this beauty handles city corners and clings to country curves in a way conventional narrow-gauge cars can't hope to imitate. And the ride... the miraculous freedom from sway, dive and bounce... this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59: Vista-lounge interiors with full 360-degree visibility... seats actually wider than a sofa... Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Come in and see why no other car can possibly be so new as the new Pontiac—three great series: the magnificent Bonneville, the dramatic Star Chief and the brilliant new Catalina.

2 Great New Engines

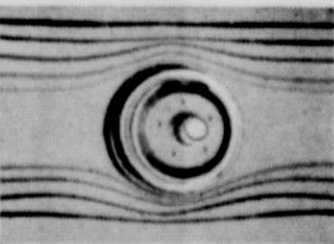

If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the accent on economy, choose Pontiac's revolutionary new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines"... and it uses regular octane fuel for further savings!

Seats Wider than a Sofa

Plus plenty of leg and head room. Pontiac's living room comfort lets you change position naturally... choose the way you like to sit—not the way you have to! Pontiac seats offer still other new comfort advantages over the average sofa. They're wider, have higher backs and slant downward at the rear for maximum support under the knees for safer, more comfortable driving.

Air-Cooled True-Contour Brakes

High efficiency cooling flanges in the air stream dissipate heat far faster... 39% bigger drums absorb quick-stop heat... 25% thicker lining lasts far longer... 10% greater lining contact plus true-contour fit of lining and drum mean precision action, less pedal effort. The industry's largest front cylinders give better front and rear brake balance for smoother high speed stops.

### PATTON SPRINGS Community and SCHOOL NEWS

#### Patton Rangers Schedule Game For Conference

Conference basketball 1959 schedule for Patton Springs High School as released this week by Coach Ralph Marshall, included three home games for the Rangers.

The schedule is as follows: Jan. 6, Roaring Springs at Patton Springs; Jan. 13, Patton Springs at Guthrie; Jan. 20, Jayton at Patton Springs; Jan. 27, Patton Springs at Girard; Jan. 30, Patton Springs at Peacock; and Feb. 3, McAdoo at Patton Springs.

Supt. W. M. Hayman reports an enrollment of 200 students during the first six weeks of school at Patton Springs.

The Patton Springs senior class has gained a new member Sandra Smith from Dumont, Tex.

Mrs. Sam Brown reports the following activities in her home-making department the past week: 1st year class, study and practice in posture and personal appearance; 2nd year class, cooking and yeast bread made; 3rd year class, trip to Roaring Springs to study furniture styles, color schemes and house plans.

Mrs. Flossie Dewees presented an excellent show and lecture on dental care to the grammar school grades last Friday. Mrs. Dewees is the Dickens County School health nurse.

Mrs. Richard Varnell reports that her 2nd and 3rd grade pupils have received their first copies of the Weekly Reader, which will come to them each week for the next 8 months. The record player has recently been repaired and the children are enjoying the good music.

The senior class members and their sponsor, Mrs. Jack Jackson wish to express their thanks and appreciation to the merchants and business firms of Spur, Matador, Roaring Springs, Dickens and the Patton Springs School District who so strongly supported their ad drive for the school annual last week. The effort was a full and complete success, thanks to our good friends!

Mr. and Mrs. Dub Sharp visited in the home of Mr. and Mrs.

Lon Sharp during the past week end.

Brit Blackwell celebrated his 5th birthday with a party in his home on Sept. 29.

Mr. and Mrs. A. C. Martin visited their daughter, Frances Martin, in Lubbock this past Thursday. Frances had just returned from California where she had been vacationing for several weeks.

AUSTIN, TEX. — Into and out of the State Supreme Court flow many of the most controversial issues of the day. Public officials, large corporations and important persons often are involved in the cases, and the lives of many less-celebrated persons frequently are affected by the decisions.

After a two-months summer recess the high court reconvened this month and waded into a stack of disputes. Among interesting cases either decided or due to be decided are these:

**WATER RIGHTS** are involved in a case filed by Southern Canal Co. of Houston against the State Water Board. Southern Canal wanted a permit to take 280, 110 acre feet of water per year from the Trinity River for industrial use in the Houston area. Water Board refused the request, and the company appealed to the courts.

Upstream cities such as Dallas and Fort Worth had opposed the Houston company's request when it was before the Board. Oral arguments were centered on whether the courts have the right to review Water Board decisions. Supreme Court's ruling will have implications for every person interested in the course of Texas' water development.

**KEEPING ROOMERS** and setting up a church in a residential area were the cause of contention in two cases from Houston. In both cases certain property owners in university neighborhoods argued that other property owners were violating deed restrictions.

Lower courts ruled in favor of the room renters and church

builders. Supreme Court agreed to review the roomers' case and denied a motion to force the lower court judge to move the student religious center.

**OFFICE-SEEKERS** had their inning in the usual contests arising out of the year's elections. George Parr, a familiar figure in the courts, won the right to a new trial in his effort to be certified winner in a 1956 election for Duval County sheriff.

Laredo Attorney William Wright lost out in an attempt to force Sec'y of State Zolie Steakley to place his name on the general election ballot as a Constitution Party candidate for district judge. Steakley had refused on grounds Wright voted in the Democratic primary.

Myron Love, choice of Houston liberals, won out in a dispute over the legality of his selection as Democratic nominee for district judge. Harris County Executive Committee had ruled that no candidate filed in time for this office, and Love was nominated by the one-man District Executive Committee. Conservative forces had contested this method.

**DAMAGE SUITS**, labor-management controversy also commanded judicial attention. A gas explosion in the basement of Dallas' Baker Hotel, back in 1946, is the basis for one suit in which 83 petitioners ask some \$1,000,000 for deaths and injuries. High court sent it back to district court for new trial.

In Houston 311 workers of the AFL-CIO Office Employees Union picketed a construction project to protest the firing of one man. A lower court granted an

injunction against the picketers, and the Supreme Court refused to interfere.

**BETTER TRAVELING DAYS AHEAD**—Holding promise of better traveling days ahead is the 1961-62 interstate advance planning program announced by the State Highway Commission. The Commission authorized the preliminary engineering studies for 285 miles of new interstate highways, consisting of 45 projects in 22 counties included in the advance planning will be completion of the gaps in the interstate highways between Dallas and Houston, Dallas and Fort Worth and from Denton to Fort Worth to Hillsboro.

Cost of the program is forecast as \$36,500,000 for land purchases and \$166,500,000 for construction.

**WATER SAFETY LAW DUE**—Some 280,000 Texas boat owners will have to obtain licenses for their craft if a proposed Uniform Water Safety Act is enacted by the 1959 Legislature.

Representatives of sportsmen's organizations, trade associations and safety groups drafted the measure. It is to be introduced by Rep. Ben Atwell of Dallas.

State Highway Department would have responsibility for registering boats. Enforcement of safety regulations would be the job of the state's various peace officers and game wardens.

Zoning — the restriction of skiing, racing, fishing, etc. to various areas — was omitted from the bill.

**REPUBLICANS JOCKEY FOR POSITION** — Texas Republicans got no help from Secretary of State Steakley in their efforts to break into the first column on the general election ballot.

In the past the Secretary of State's Office has sent out the list of certified nominees, to counties, with the Democrats listed in the first column. GOP protested demanded a drawing for position.

Steakley said he was not authorized to set up such a procedure. His office mailed out ballot forms this year, without comment. Democrats were in the first column on the forms.

Mrs. W. O. Wright of Marlin, is here for a visit in the home of her daughter, Mrs. Johnnie Stevens and family, who drove to Childress Sunday night to meet her train and accompany her here.

Misses Eliza and Rebecca Graham of Lovington, N. M. were recent visitors here of Mrs. W. M. Graham. The visitors were cousins of the late W. M. Graham.

C. T. Helier left Tuesday for Santa Anna, where he will remain indefinitely with his wife who is a hospital patient there.

**Don't be a statistic!**

According to highway safety authorities, most serious automobile accidents happen at night. Poor visibility is an important cause.

Now that the days are getting shorter, it's a good idea to make sure that your car's headlights are properly focused and bright enough, and that your taillights and turn indicators are functioning properly. Your Phillips 66 Dealer will be glad to help you keep the lighting equipment on your car in top condition. Also, be sure the fuses and sealed-beam units to fit your car.

If you possibly can, try to arrange your trips so that night-driving is kept to a minimum. When driving is unavoidable, take it easy, and the first time your eyelids get heavy, pull over to the side and get some rest. The life you save may be your own!

### PATTON SPRINGS Community and SCHOOL NEWS

#### YEARBOOK STAFF IS ANNOUNCED

Mrs. Jack Jackson, sponsor of the Patton Springs yearbook for 1958-59 has announced her staff of student helpers as follows:

Editor, Billy Goodwin; Ass't editor, Tommy Lawson; Business manager, Nan Jo Futch; Subscription editor, Gene Harris; Ass't subscription editors, Sharon Ragland and Jimmy Bennett; Sports editor, Darrel Blasingame; Ass't sports editor, Tommy Green; Photographer, Martha Sue Goodwin; Ass't photographer, Virginia Wilcher; Patsy Smallwood and Loydell Roberts.

#### PATTON SPRINGS BAND, PEP SQUAD ARE REORGANIZED

For the past 8 years, Mrs. Ralph Marshall has ably and efficiently directed the Patton Springs Band and Pep Squad. Every year has brought its share of shifts, shuffles, quitters and beginners, but Mrs. Marshall has never failed to turn out a Band and Pep Squad that everybody could be proud of and appreciate.

At the present time there are 38 pupils, from the 5th grade through the 12th in the organization. Of this group, three senior girls are included, Loydell Roberts, Sherry Porter and Nan Jo Futch. These members of veteran standing will be awarded band sweaters at the end of the school year.

Virginia Wilcher, a junior, is Drum Major for the band and also serves as a cheer leader. Other cheer leaders and baton twirlers are: Rylene Partidge, a junior; Wanda Hayman, junior; Martha Goodwin, sophomore; and Sandy Bateman, freshman. All except the last member have served for the past two years.

#### DISTRICT BASKETBALL SCHEDULE ARRANGED

Superintendents and coaches of the 10-B Basketball District of

the Interscholastic League met at Guthrie on Sept. 25 to organize, elect officials and set up the 1958-59 basketball schedule. Representatives were there from all member schools, namely Guthrie, Jayton, Peacock, Girard, McAdoo, Roaring Springs and Patton Springs.

Superintendent Hery Teague of the McAdoo schools was elected chairman of the district organization. Tournament schedules were arranged as follows: Boys' basketball at McAdoo High School February 12, 13, 14; Girls' basketball at Peacock High School, February 19, 20, 21.

#### STUDENTS ATTEND FAIR AT LUBBOCK

Between 75 and 90 students in grades from 8 to 12, of the Patton Springs High School attended the Panhandle South Plains Fair Monday, Sept. 29. Regular classes were dismissed and the school buses were used to transport all pupils to Lubbock.

The attending group were centered on F. F. A. and F. H. A. organizations of the school, since much of the work and exhibits involve these students.

#### FRESHMAN HOMEMAKING GIRLS ARE INITIATED

The freshmen homemakers will long remember Sept. 23. On this memorable day, the senior homemakers forced this group of eight freshmen to come to school backwards. Each girl was required to wear her father's breeches wrong-side out and hind-part before; to wear one of dad's socks and one shoe; one of mother's high-heeled shoes, and mother's blouse and hat.

Each was required to carry a package of peanuts, a doll, a toothbrush, and a bar of soap around in her hands all day. Upon meeting upper classmen each had to bow salaam-fashion and pay her respects to the high and mighty. To close out the day the group was forced to measure the distance around the school building by placing their peanuts end to end.

The freshman homemakers initiated were Sandy Bateman,

Glenna Blasingame, Sharron Rabland, Connie Gage, Martha Malloy, Marilyn Willmon, Patsy Robertson and Brenda Hobson.

#### JUNIOR RANGERS LOSE TO CONE EAGLES 38-8

Coach Peyton Legg fielded a team of Pee Wee Rangers last Tuesday night that was no match for Coach Wayne Ogle's big, fast Eagles from Cone school in Northwest Crosby County. The final score was 38-8 in favor of Cone.

Rangers Don Morris and Gene Legg were the only ones who could advance the ball for Patton Springs, while a trio of large Latin-American Eagles ran all over and around the Pee Wee Rangers to score almost at will for the visitors.

#### News Briefs

The Junior Hobo Day was a big success, netting close to \$100. Members of the class have already placed their orders for senior rings.
