SCENIC WATERFALL at Roaring Springs is the backdrop for this group of agricultural leaders who attended the District 2 PMA picnic held Friday at the popular West Texas playground. Approximately 150 representatives from 22 Texas counties attended. In the above picture four PMA officers discuss the Production Marketing Administration program for 1954. Left to right are Lester Young of College Station, chief of the APC section, PMA committeeman Ben Edwards of Matador who served as master of ceremonies. Walter Ray, manager of the Motley county PMA office and Ward Taylor of Seymour, District PMA field officer. Following the full morning program of discussing agricultural problems and the reading of reports, the group was served a steak and sour-dough luncheon. The program following the noon meal was concluded about 3 p. m. and the remainder of the day devoted to entertainment and the serving of refreshments, and concluded with a fish fry .-- (Photo by Douglas Meador, engraving courtesy

# BAPTIST REVIVAL **CONCLUDES SUNDAY**

Services Sunday night will conclude the week's revival meeting which is in progress at the First Baptist Church, and it s urged by the pastor, Rev. Bruce Oliver, that the membership be in constant prayer for the remaining services.

Opening the meeting last Sun day morning with a dynamic sermon on the subject, "God is a Fool", (paraphrasing the world's attitude toward God) Rev. Oliver has brought a series of forceful messages to the public, not sparing members of his own congregation. Interest has been at a high peak during all services (at 8:00), and singing, under direction of Bob Lewis of Whiteface, has been outstanding.

and the public is reminded that the Bulldogs' rating, experience a cordial welcome awaits all

"Pray that the lost of our community might be won to Christ, during these few remaining services" is the pastor's earnest plea to all christians.

# Remember Now... And You Can Forget It Later! THE LAW REQUIRES YOUR CAR TO BE INSPECTED BEFORE APRIL 1st.

TIME passes quickly and it is easy to forget small details. Why not have us safety-check your car now, as required by law before April 1st? If you remember now you can forget it later and enjoy the safety and satisfaction of good brakes and lights. We are required to charge \$1 for the inspection.

# \$1 DEDUCTION BEFORE OCTOBER 1st

If you bring your car to us before October 1st we will make the inspection and credit any repairs which your car may require with \$1. Your car MUST be inspected. Why not avoid the rush and probably save the cost of inspection?

### You're "sitting pretty

behind the wheel Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

### You can see all around

You look out and down through a wide, curved, onepiece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

### And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

### Biggest brakes for

in the low-price field.

An easy nudge on the pedal brings smooth, positive response -right now! Chevrolet's improved brakes are the largest

### I figure this demonstration saved me many hundreds of dollars!

I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!

Let us demonstrate all the advantages of buying a Chevrolet now!

CHEVROLET

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

# A lot finer performance on a

lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic ransmission at any price.

### You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in Chevrolet's field - the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p "Thrift-King" engine.

### It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

\*Combination of Powerglide at matic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at

# Missing Chapters in the Schoolbooks

A high-school teacher writes us: "Please send me 50 copies of your booklet, Adventures Inside the Atom, for use with my students." Another wants material on new inventions. Or booklets on jet planes.

New things happen in science faster than textbooks can be revised.

New words puzzle our ears and eyes before these words are in dictionaries . . . atomic-pile reactors, silicones, jet engines with "afterburners," UHF television. Some problem for

Last year over 100,000 letters from schools hit our desks at General Electric asking for things in print on "what's new."

Just to give you an idea of how this adds up, one booklet, Adventures Inside the Atom, has been requested to the tune of five million copies since 1948.

Adventures in Jet Power, also handled in comic-book treatment, has since 1946 gone into eight printings.

This may surprise you: a new booklet, Why Study Math?, will run over a million copies this year. (It answers that question Junior is always raising.)

Nobody is happier than we are to know teen-agers have a lively appetite for what's buzzing in the world around them.

After all, whether they know it or not, our young people in school today will be the scientists and engineers of tomorrow. They can't know too much.

You can put your confidence in\_ GENERAL & ELECTRIC
