MATADOR, MOTLEY COUNTY, TEXAS, THURSDAY, MARCH 19, 1953

PRICE SEVEN CENTS

Frances Traweck Named In All-State Cage Team

Following their way to the top of basketball's position in the Matador girls high school team Thursday made a bid for championship at Midway (a large town near Waco) by a score of 40-20.

Compensating, however, for the little end of the decisive game were the signal honors awarded upon two members of the squad. Frances Traweck, daughter of Dr. and Mrs. Albert Traweck, was selected for guard position on the mythical all-state team, and Barbara Neighbors, daughter of Mr. and Mrs. J. P. Neighbors, was awarded the distinction of being the best sport attending the tournament.

RAIL DUST

By DOUGLAS MEADOR

Somewhere the fates weave strange rugs on their phantom looms, and throw them beneath the feet of both man and beast. There is a stinging irony in the coincidence which brings heel-time and income tax deadline in the same month. "There must be an electric shock in the works of a heffly," a venerable cattleman declared recently. "I have seen them make a jump and run that you could not move with a pitchfork." And now it's that time of year when young grass is growing, tiny blooms of prairie peep through the brown blanket under which the earth has been sleeping, and cattle dash and run through the brush in effort to escape the flies. On the human side of the fence there is turmoil among the people trying frantically to find relief from the income tax sting; to borrow a little money and stand in the water-line of hope that they have made no mistakes.

"Fear of God builds churches in love of God builds men." - L. O. Williams in Quote Magazine.

"When I measure myself by a standard I am so very tall; when I measure myself by a mountain I scarcely exist at all." - Charlie Bowman in Quote Magazine.

"Many a man has found opportunity like a diamond hidden in an ordinary rock which circumstances forced him to break."

"Natural impulses create a desire in me to run away and hide from the man who seeks to make testimony of his goodness and pure character. A flower has no need to advertise its beauty; the perfume of a rose is present in absolute darkness."

"Honest labor will always remain one of the devil's greatest problems."

Matador Solon Gets Backing From Shivers on Food Setup

AUSTIN, March 12 (Special)—Rep. Elbert Reeves of Matador had the added support Thursday of Gov. Allan Shivers for his bill creating an official distributing agency for surplus foods in Texas.

Gov. Shivers wrote a letter to the Texas State Teachers' association calling its attention to the bill. Much of the food is distributed to school lunch programs.

The governor pointed out that the United States Department of Agriculture has warned that the supply of surplus foodstuffs will be cut off in Texas unless the state designates an official agency to deal with the federal government.

The Department of Public Welfare has been handling the program on a stopgap basis. Rep. Reeves' bill would designate it by law as the commodity distribution agency of the state to meet federal requirements.

Bank Repair Work Still In Progress

Work in repairing the banking room of the First State bank here is advancing rapidly, but will not be completed by the end of the week as originally scheduled, according to Elmer Stearns, executive vice-president. The noon closing hour will continue necessary the early part of next week.

"The repair work has involved some complications which we were unable to consider at first," Mr. Stearns declared, "and it will be necessary to continue the noon closing plan until the workmen have finished."

"We regret any inconvenience the temporary change in banking hours may have caused our customers and hope to resume our regular hours the latter part of next week. Customers, however, will be notified when we are able to return to the normal schedule."

Black Friday 13th Leaves Tragic Wake

KNOX CITY, March 15—Three West Texas towns mourned their 16 dead Sunday and prepared to bury their dead and rebuild property torn to bits by Friday the 13th tornado.

Ruth Ashley, 15, of Jud, was the latest victim of the twister which struck Knox City, Jud, and O'Brien. She died Sunday morning in the county hospital at Haskell. Mrs. Fred Qualls, 63, of O'Brien died Saturday in the same hospital.

Fourteen others died in the disastrous winds struck in the three communities, and three additional persons were killed by tornadoes which struck Oklahoma a little later.

The condition of several of the 50 injured was still critical early this week. Most of the injured were in hospitals in Haskell, Seymour and Abilene. The Knox City hospital was one of the points hit by the storm, but efforts are being made to get it back into operation as soon as possible.

The Knox City hospital lost its roof in the storm and the 25 patients there when the tornado struck, had to be moved to other cities.

Property damage in the stricken area was estimated to be more than \$1,000,000. Although the Salvation Army, Red Cross and other agencies are rendering all possible aid, the Fort Worth Star Telegram has started a campaign to secure funds for the victims of the vicious storm which spread death and destruction in its wake. Contributions may be sent directly to the Ft. Worth newspaper.

Funeral services for Stephen J. Tutthill, 99, one of the oldest residents of Dickens County and a one-time personal friend of Luther Burbank, famous naturalist, were held in the McAdoo First Baptist Church at 3 p. m. Saturday.

The Rev. C. W. Coffee, pastor, officiated, and the Rev. James Patterson, Methodist pastor and Leonard Dennis, Church of Christ minister, both of McAdoo assisted. Burial was in the McAdoo cemetery under direction of the Eudy-Seale Funeral Home of Matador.

Tutthill, a resident of McAdoo for the past 10 years, died suddenly in the Stanley Hospital here, shortly before midnight Wednesday, after a few days illness. He had been in the hospital only one day.

He was born Jan. 4, 1854, in Michigan. He went to California as a young man and was a watchmaker and machinist there during the time of the great San Francisco earthquake. Later, he accompanied Burbank, renowned for his fruit-grafting experiments, on a trip to Mexico.

He is survived by his wife, three sons, Merritt, Lester and Fred Tutthill, all of Calif.; two step-sons, M. L. Kelly, Afton, and C. H. Kelly, Austin; a step-daughter, Mrs. T. H. Rigsby, McAdoo; 10 grandchildren and six great-grandchildren.

Pallbearers were, C. T. Wallace, R. E. Nichols, L. B. Pipkin, G. B. Morris, L. H. McWilliams and H. U. Butts.

Funeral services for Stephen J. Tutthill, 99, one of the oldest residents of Dickens County and a one-time personal friend of Luther Burbank, famous naturalist, were held in the McAdoo First Baptist Church at 3 p. m. Saturday.

Tornado Deaths Total At 16 In Three Towns

KNOX CITY, March 15—Three West Texas towns mourned their 16 dead Sunday and prepared to bury their dead and rebuild property torn to bits by Friday the 13th tornado.

Ruth Ashley, 15, of Jud, was the latest victim of the twister which struck Knox City, Jud, and O'Brien. She died Sunday morning in the county hospital at Haskell. Mrs. Fred Qualls, 63, of O'Brien died Saturday in the same hospital.

Leo Archer Home From Korean Duty

Cpl Leo B. Archer is back home after spending the past year in Korea with the 1st Marine Air Wing. He was aboard the Gen. G. M. Randall which docked Monday, March 9, in San Francisco, Calif., with 362 Marines, all veterans of the 1st Marine Air Wing. However, he did not reach West Texas until today.

A mix-up in orders delayed his departure from the west coast, and it was Tuesday before he entered Amarillo, where his wife, Mrs. Joyce Archer is meeting him today. She is taking a leave of absence from Tribune duties during her husband's thirty-day leave visit here and at Lubbock, where his mother, Mrs. Lizzie Archer, and two sisters, Mrs. Imogene Gibson and Mrs. E. S. Compton reside.

School census for the Matador Independent school district is making progress, according to Superintendent Bert Ezzell, but the united assistance of everyone is needed.

"Each child registered means the school receives \$68," Mr. Ezzell declared, "and the more scholastics we are able to register the more secure our school program. Many things are based on scholastic census, including the location of factories, colleges and new schools, etc. We want the registration of every child between the ages of six and 18 (children who will be six before next September 1)."

Anyone knowing a child which may possibly be eligible for registration, but is still unregistered, is asked to call Mr. Ezzell at the school, phone 179.

Also any person (married or unmarried) not in school, and who will not be 18 before next September 1, is eligible for registration and by law must be enumerated.

At present we have applications for the testing of 35 cows belonging to the following farmers: J. T. Swim, Hollis Godfrey, Buck Marshall, Lloyd Stafford, and Victor Chalk, all of Roaring Springs; Tom Berryman, Loyd Latimer, Charlie Keith and S. B. Kirby of Matador; Jess Perkins, Doc Burleson and Ira Shover of Whiteflat. The price will probably be \$2 per head. Anyone who desires to have milk cows tested should contact my office."

Mr. Emmons said that when the tests were first started in Motley county for Bangs disease the number of "reactor" cows was about 15%, while in the past two years the number has been reduced to 2%.

On their return home to Grandfalls, Texas, Tuesday morning, Mrs. Jack Crider and small daughter, Dale were accompanied by Mrs. A. A. Tipton, who will visit there the next two weeks.

Former Matador residents, Mr. and Mrs. R. W. Cudd and Mrs. Virgie Sparks of Slaton, were visitors here Monday.

Funeral services for Stephen J. Tutthill, 99, one of the oldest residents of Dickens County and a one-time personal friend of Luther Burbank, famous naturalist, were held in the McAdoo First Baptist Church at 3 p. m. Saturday.

The Rev. C. W. Coffee, pastor, officiated, and the Rev. James Patterson, Methodist pastor and Leonard Dennis, Church of Christ minister, both of McAdoo assisted. Burial was in the McAdoo cemetery under direction of the Eudy-Seale Funeral Home of Matador.

Tutthill, a resident of McAdoo for the past 10 years, died suddenly in the Stanley Hospital here, shortly before midnight Wednesday, after a few days illness. He had been in the hospital only one day.

Suspects Sought In \$700 Grocery Theft

LION BILL MOSS

Bill Moss Elected Boss Lion

Lions here Tuesday elected Bill Moss, Matador vocational agriculture teacher, as their new president to assume office at the first meeting in July. The slate offered by the nomination committee (Lion Henry Pipkin, chairman), was adopted unanimously.

Re-elected to office was Lion C. W. Giesecke (nomination protested to committee but overruled) as club secretary. Lion Andy Hurst as recorder and Miss Rachel Patton as Lions Sweetheart.

Of unusual significance to members was the loss of Tail-twister Raby Webb in the reshuffle of official personnel. Lion Ben Edwards was named to the dominating office. Members became misty-eyed at the thought of losing the gentle, compassionate officer whose modesty is exceeded only by his audacity. He will continue his "lame-duck" term until July 1.

Principal speaker at the Tuesday luncheon was Aubrey Elliott of the Federal Bureau of Investigation, Lubbock office. He was introduced by Lion Howard Traweck, program sponsor.

Mr. Elliott explained the functions of the FBI and also defined the scope of authority where the federal agency is permitted to operate. He declared that throughout this area the FBI works in complete cooperation with local law-enforcement officers. He said the Constitution placed the responsibility of law-enforcement with state governments and that the FBI serves on special duties required by the federal government.

"I hope," he declared, "that my presence here today is not responsible for many of your members being absent."

Local Physicians At Medical Meet

In Dallas this week to attend spring conference of the Dallas Southern Clinical Society, were two local physicians, Dr. A. C. Traweck, Sr., and Dr. J. S. Stanley.

Dr. and Mrs. Traweck left Sunday morning, and Mrs. Traweck is visiting a sister. Dr. and Mrs. Stanley left Monday afternoon, and while in Dallas, visited their daughter, Ruth Marie, who is attending Hockaday School.

This year's big medical honor, the Marchman Award went Monday night to Dr. Charles L. Martin, Dallas radiologist, with an international reputation. He is professor of radiology at Southwestern Medical College, successor to Baylor Medical College, and has written sections of two textbooks on the treatment of cancer. The award went to Dr. Martin on the basis of his work in radiology over the last five years.

TO FORT HOOD
Mr. and Mrs. P. A. Simpson and son, Gaylon of Northfield visited at Fort Hood, Texas last week-end with their other son, Pvt. Billy Paul Simpson. They were accompanied by Mr. and Mrs. Nevada Cook of Northfield and also Mrs. Bill Smallwood of Matador, who visited her husband, who is also stationed at Fort Hood.

Roaring Springs Firm Loses Safe

EMPLOYEES discovered a safe weighing approximately 400 pounds missing Saturday morning when they opened the Red and White grocery store at Roaring Springs. They also discovered the back door had been broken open.

Sheriff John Stotts is looking for two suspects believed to have been involved in the burglary which involved about \$300 in cash and \$400 in checks.

Sheriff Stotts said the two suspects were seen in Roaring Springs Friday night. The incident was Motley county's first burglary since December 16, 1950, when the Flomot postoffice was burglarized.

Mrs. J. N. Fletcher, accompanied by her mother, Mrs. J. T. Swim, Sr., and Sammy and Eugene Swim, enroute to Floydada Saturday, discovered the abandoned safe by the side of the Roaring Springs-Dougherty road about seven miles from town. Door and combination of the safe had been broken, apparently by a heavy sledge and papers were scattered over the prairie.

Dean McInroe, owner of the firm, estimated his loss in the neighborhood of \$700. He said most of the important papers, however, had been recovered. Sheriff Stotts brought the battered safe door, a crow-bar used in entering the grocery and other evidence of the crime to his office here. He said the safe could be returned to service by securing a new door.

Interest Mounting In Baptist Revival

Interest which lagged for several days, in revival services being held twice daily at the First Baptist Church, is mounting as the community, for which the church meet constantly in concerted prayer for the unsaved of decisions and rededications have been made and two have been added to the church by conversion.

Although attendance has been good, it has not been large enough to indicate the great spiritual awakening for which the pastor, Rev. Keith McCormick and his congregation have been praying.

Outstanding in every respect has been the preaching by Rev. Joe Townsend, of Bandera and song leadership of Douglas King of Wayland College, Plainview.

Special feature of the service Tuesday evening was a vocal solo by Miss Kiyono Nagatani, native of Hawaii, who is attending Wayland College in preparation to returning to her homeland to do missionary work. Other Wayland visitors who accompanied Mr. King for the same service were his sister, Miss Avenue King and Rev. Leon McBeth.

The public is extended a cordial invitation to attend all remaining services of the revival, at 7:30 a. m. and 7:30 p. m. including Saturday. The meeting will close Sunday night.

DOCTOR KILLED, SON INJURED IN CRASH OF PLANE

Dr. Frank Robinson, 48, of Crane, was killed almost instantly Friday and his son, Bob, 18, critically injured, in the crash of Dr. Robinson's private plane near Post. The son is suffering severe scalp laceration, arm and leg injuries and a brain concussion.

Dr. Robinson was the nephew of former resident Jack Robinson of Paducah, and a cousin-in-law to J. D. Craven of Matador. Funeral services were conducted at Crane and later in private rites at the doctor's parents home, Mr. and Mrs. J. C. Robinson in Paducah. Interment was made in the Paducah Garden of Memories cemetery.

HERE FROM CALIFORNIA
Mr. and Mrs. C. W. Gray of Orange, Calif., are visiting here in the home of their daughter and family. Mr. and Mrs. Furman Vinson. They were accompanied by another daughter and family, Mr. and Mrs. L. K. Schraeder and daughters, of Santa Ana, Calif., who remained for several days.

Class In Rehearsal

Seniors have a treat in store for everyone. On either side of the 31, they will present "A Family-Made Family", a comedy in three acts. The play is being rehearsed in the play room. Betty Ruth Spray, Charles Keith, Marlene Bailey, O'Kelly, Cora Small, Charles Keith, Emmie Lee Carson, Pat Reeves, Frances Traweek and Cecil Wayne Shelton are the cast.

Sophomore Class Presents Program

Each grade in high school is to give a chapel program and the sophomore class gave the first program last Tuesday afternoon. Harold Dean started the program off by singing the very popular song, Kawa-liga. Then the song, Love Bug Itch, was pantomimed by four sophomore girls, Nelda Spray, Carol Gordon, Carolyn Tidmore, and Dorothy McMahan. There were other numbers by Harold Dean and James Taylor and then a small pep rally was held for the basketball girls. The program ended with everyone singing the victory song.

Kampus Klatter

The sophomore class shows new talent every day. James Taylor and Harold Dean sang a couple of songs together in assembly program last Tuesday and everybody agrees James is a perfect partner for Harold Dean. What about that, James? We are glad to have Ronald back in school with us. Life was sure dull without Ronald and his jokes. We now have eleven in the senior class. Boy, we'll have the high school over-crowded pretty soon!

The F. F. A. tractor is used for nearly everything now days. It's been used for dragging the blocking sled, leveling the baseball and track field, and Pat even used it to carry Nancy around the other afternoon. Everyone in M. H. S. is proud of the basketball girls getting to go to Waco. After the sophomore's program, we had a short pep rally for the girls and the captains gave short speeches, eh Frances? Last Tuesday afternoon they went to Lubbock to practice on a large court with glass backboards.

After the basketball girls got out of school for three days, we felt kind of blue, until they told us about getting a holiday on Friday. That really cheered us up. Looks like the Democrats are still holding out. In the election this week, the Democrats won again. The students who were chosen for office will visit the courthouse pretty soon.

Last Thursday the grade school girls' baseball team chose green caps to wear at the Inter-scholastic League Meet. They are proud of them.

Fly Control And Sanitation Object Of City's Program

Methods are being considered by the city council to make Matador a healthier community in which to live. One of the first steps in the city's plans for better sanitation is to bring the common house fly under control. City Water Superintendent Lee Barnes recently attended a "fly control school" conducted at Childress under the direction of the State Health Department. He received a great amount of information both as to the dangers of the house fly and measures of effective control.

For instance, when a fly makes a landing in your sugar bowl, he can not eat the crystal grains of sugar. Instead the fly spits into the sugar and sucks a part of the liquid back into its stomach. As many as 4,000,000 bacteria have been found on the body surface of a single fly and over 28,000,000 in its stomach. There is a direct relation between flies and disease. Such diseases as dysentery, diarrhea and typhoid are some of the diseases known to be transmitted by the fly.

To Ask Cooperation
 The city is making a direct appeal to property-owners to eliminate all possible breeding places of flies. The greatest menace is open cess pools, outdoor toilets and unsanitary poultry and livestock quarters. These are the places where flies are known to breed. The city has effective laws to force better sanitation, but the present plan is to first seek the cooperation of citizens. When the present sewer system was purchased and extensive improvements made in extending service lines, an ordinance was passed requiring property-owners within a specified distance to "tie-on" the sewer system. The sewer system is home-owned and will eventually be paid for by sewer customers without any advance in property taxes. (This is the first in a series of 3 articles.)

AT FORT HOOD
 Pvt. Melvin L. Varnell, son of Mr. and Mrs. L. J. Varnell of Afton, Texas, has arrived at North Fort Hood, Texas, where he will be assigned to the famed First Armored Division for basic training. Famed as combat division in World War II, the First Armored Division was reactivated in 1951 under Major General Bruce C. Clark and is at present undergoing combat training at Fort Hood. Pvt. Varnell's wife, Mrs. Joyce Varnell is employed at Traweek Hospital, Matador.

TO TEMPLE
 Mrs. Ned Martin of the Dougherty community, accompanied by her daughter, Mrs. Ray Whitaker of Hobbs, N. M. returned home Thursday from Temple, where Mrs. Martin went through Scott and White Clinic for a check-up and x-rays. En route, they visited Mrs. Martin's daughter-in-law, Mrs. Gordon Martin and children. Mrs. Whitaker returned to her home at Hobbs, late Friday.

NEW RESIDENTS
 Mr. and Mrs. Homer Vining are new Matador residents, having recently completed a new residence on south Eubank St. They moved here from Plainview. The Tribune regrets having omitted their names from last week's news item concerning new residents here.

IN APPRECIATION
 I wish to express my appreciation to my many friends every where that sent me flowers and cards and visited me while I was in the Quannah Hospital.
 Mrs. Alfred Watson.

RETURN FROM TRIP
 Earl Thompson, with his daughter-in-law, Mrs. Bobby Ray Thompson and her small daughter, Linda, returned last Wednesday from San Diego, Calif., where they spent two weeks visiting their son and husband, Marine Pfc. Bobby Ray Thompson, who will be at sea on Navy duty for the next few months. Mrs. Thompson and baby will reside here with her husband's parents. For the past several months they have made their home with her mother, Mrs. Sam Dunlap, of Larned, Kansas.

ERRATUM
 A slight discrepancy of \$19.80 appeared in last week's Tribune in the article regarding Bill Slover's sale of rattlesnake rattlers. The article should have stated that he receives 20¢ for each "set" of rattlers.

"If Everyone"

If everyone who drives a car could lie a month in bed, With broken bones and stitched-up wounds, or fractures of the head, And there endure the agonies that many people do, They'd never need preach safety any more to me or you.

If everyone could stand beside the bed of some close friend And hear the doctor say "no hope" before the final end, And see him there unconscious, never knowing what took place, The law and rules of traffic I am sure we'd soon embrace.

If everyone could meet the wife and children left behind, And step into the darkened home where once the sunlight shined, And look upon "The Vacant Chair" where Daddy used to sit I am sure such reckless drivers would be forced to think a bit.

If everyone who takes the wheel would say a little prayer, And keep in mind those in the car depending on his care, And make a vow and pledge himself to never take a chance, The Great Crusade for safety then would suddenly advance.

Church and Society

Mrs. Gerald Waybourn Elected President Of Matador Parent-Teacher Association

Mrs. Gerald Waybourn was elected to serve as president of Matador Parent-Teacher Association at regular meeting of the organization held Tuesday afternoon, March 10, in the music room of the grade school building. Other officers for the coming year will be: Mrs. John Stevens, vice-president, Mrs. Forrest Campbell, treasurer, Mrs. Homer T. Jenkins, secretary, elected for a second term, and Mrs. Franklin Price, historian.

The group was entertained by music and expression pupils, directed by Mrs. D. L. Damron, sixth grade teacher, and Mrs. Minnie Coldiron, first grade teacher. Michael Groves announced the following numbers: Piano solo by Larry McCormick, accordion selection, Ger-ald Pipkin, accompanied at the piano by Mrs. G. E. Hamilton; piano solos by Clinton Burns, Dixie Barton and Ida Lee Fair; singing by the Grade School G.R.'s Sextet, and readings by Wragthei Hicks and Mary Jane Hamilton.

Following an opening prayer led by Mrs. Elbert Reeves, the business meeting was presided over by Mrs. Algie Groves, president of the association. Minutes of the previous meeting were read by Mrs. Homer T. Jenkins, secretary, and a financial report given by Mrs. Dick Groves, treasurer. The resignation of Mrs. Robert Darsey as vice-president, was accepted.

The association voted to set aside money earned this year until funds are available to carry out a worthwhile project to be decided on at a later date. New officers were urged to attend a District Conference to be held in Littlefield April 7 and 8. A great deal of interest was shown in plans for the coming year.

Resolution Passed
A resolution was passed to support current state legislation favoring the raising of teachers' minimum salaries, more principal units, and other legislation.

Matador IOOF Lodge

Meets every Tuesday night.
D. C. Simpson, Noble Grand
Bruce Martin, Secretary

Visitors and brothers welcome

supported by the Texas Congress of Parents and Teachers. Since the Gilmer-Aiken bill was passed in 1949, and a minimum salary set, it was pointed out that the cost of living has risen 21.4%. This year an additional 1000 teachers will be needed in Texas. Approximately 5000 left the profession in 1952, and with only 2000 college graduates entering the profession, by simple arithmetic these facts add up to the problem of a shortage of 4000 teachers in Texas for the year 1953-54. School officials believe that within a few years, no choice will remain in the selection of teachers, unless greater inducement is offered to those choosing a profession.

Plans are being worked out for an all-day study course for members of the association. The meeting will probably be held during the latter part of April or in May, depending on the date that a district worker can be secured.

The sixth grade won the cash award offered by the association to the room with most parents present at a meeting.

At the annual meeting set for Tuesday night, April 14, Judge Vance Gilbreath will be principal speaker. Installation of officers will be conducted by Mrs. Randall Whitworth. Mrs. Groves expressed the hope that all members make an effort to attend this meeting in order to hear the annual reports and to have a voice in plans for next year's program.

Mrs. Meason Heads V. F. W. Auxiliary

Mrs. Melvin Meason was elected president of the V. F. W. Auxiliary at a meeting of the organization held last Thursday night at the V. F. W. Hut. Also to serve as officers the coming year are: Mrs. Richard Turner, Senior vice-president; Miss Nell Webb, Junior vice-president and Historian; Mrs. Tom Newman, secretary; Mrs. Billy Wason, treasurer; Mrs. L. M. Cox, Chaplain; Mrs. Roy Smith, Conductor; Mrs. Raby Webb, Guard; and Mrs. Frank Pohl, Musician. Appointments for color bearers and flag bearers will be made at a future meeting. It was announced, and installation of officers will be held April 23rd. Plans were discussed for fu-

Purpose And Objectives Of YWCA Work Told To Study Club By Miss Sue Glenn

The satisfaction which comes from doing worthwhile and interesting things with the most outstanding citizens of a community compensates for the time and effort expended, according to Miss Sue Glenn, in a talk before El Progresso Study Club, on the purpose and objectives of the Young Women's Christian Association, with which she was associated as a professional worker over a period of 29 years.

The meeting of the club was held Thursday afternoon in the home of Mrs. W. F. Jacobs.

"The years I spent in YWCA work demanded the best effort that I could give, and offered in return the deepest kind of satisfaction," Miss Glenn declared. "The work of any organization depends upon the quality of its leadership. One of the strongest aspects of the YW work is the partnership between the professional staff, the paid workers, and the volunteer workers who serve without pay — homemakers, women of the community who want their daughters to have the best opportunities which they can give them. These women give freely of their time and talents to help the staff carry on the work of the YW, and are under the direction of the staff workers, who have had special training for the work."

Miss Glenn entered the field of work as Program Director, and advanced to Branch Executive and later Executive Director serving in nine cities in eight states before retiring several years ago to return to her home here.

She is still very enthusiastic about the YW program which stresses community fellowship, aiming all the while toward a woman's world-wide fellowship.

Not Welfare Agency
"We do not carry on a welfare project in the YWCA organization — we leave that to welfare agencies," Miss Glenn explained. "We seek rather to build an educational and recreational program for the development and enrichment of the individual."

"We serve girls and women through various forms of personal adjustment, through housing (room registry service) and food service . . . in the larger community meetings, which will be held March 26, when the District President, Mrs. Mattie O. Jones of Childress will be present, and a Frontier party on April 9th, when entertainment will include an old-fashioned box supper and forty-two party for the Auxiliary and invited guests."

All members are urged to attend the meeting on March 26, on the occasion of the District President's official visit here.

cities where the YWCA can maintain a resident hotel, we seek to provide a home away from home for professional girls and women, and also to offer transient service for over-night travelers. Where this YWCA facility is not available, the staff workers aid the girls and women in finding desirable housing quarters, in the meantime carrying on an educational, recreational and spiritual program through services, programs and entertainment at YW headquarters or club rooms."

A third aspect of the work of the YWCA which Miss Glenn stressed was its work as a social force for a better society, in public affairs and through a legislative program.

Not only does the organization provide fellowship for business and professional groups, it carries on a Y-Teens program for Junior and Senior High school groups, sponsors Co-Ed activities and works with homemakers, or groups of young married women who organize clubs for the purpose of carrying on an educational program.

In conjunction with her talk, Miss Glenn showed a film on YWCA in action. She has worked in headquarters at Hastings, Neb., Wichita, Kansas, Minneapolis, Minn., Greensboro, N. C. where she went as Executive Director, Colorado Springs, Colo., Fresno, Calif., San Antonio, Texas, Hot Springs, Ark., and Amarillo, Texas.

Twenty-eight members and visitors were present at the meeting.

Garden Club Has Plant Exchange

Plants and bulbs were exchanged by members of Matador Garden Club in regular monthly meeting held Monday afternoon in the home of Mrs. Bob Martin.

Each member discussed the culture of the plant or bulb which she brought for exchange. Flower arrangement for the meeting was by Mrs. Harry Willett, who chose King Alfred jonquils for a table arrangement.

Fortcoming State convention to be held April 13, 14 and 15, in Houston was discussed, and five members expressed themselves as making plans to attend.

Refreshments of spiced Angel food cake and punch were served.

In addition to Mrs. Martin and Mrs. Willett, others present were Mesdames F. C. Bourland, W. W. Clements, B. M. Eubank, L. C. Harg, W. N. Pipkin, Freeman Thacker, U. L. Willie, J. L. Woodruff and Seth Sager, and Miss Amy Glenn.

Reeves Joins Fight To Stem Natural Gas Loss

AUSTIN—(Special)—State Representative Elbert Reeves of Matador, has joined other West Texas legislators in a fight to place a 10-cent minimum natural gas price at the well-heads of West Texas' fabulous number of producers. The price would be on the natural gas piped to other states that is now in the main being used for industrial purposes.

House Bill No. 16, which includes the price-raise, was created by West Texas legislators Guy Hazlett, Granger McIlhenny, Bill Andis, Sam Wohlford and Leroy Saul, and will be a companion bill to Sen. Grady Hazlett's gas price bill, S.B. 7.

Reeves pointed out that, at present in the Panhandle and Hugoton fields located in 18 Panhandle counties, gas is bought, to be piped to other states, at a price as low as 2.6 cents per thousand cubic feet, while in the same fields, which extend into Oklahoma and Kansas, the same companies have to pay approximately 10 cents m. c. f.

It is not just the fact that Texas is losing millions of dollars by not already having a higher natural gas price, but thousands of gallons of hydrocarbons are wasted, which could be used in this time of emergency, the representative declared.

"Some states are buying and storing our 'cheap' natural gas that we will buy back in the future if we don't create some means of conservation immediately," Reeves said.

"Another fact concerning our natural gas is that these other states export 90 per cent of all of the gas West Texas produces, and a mere 2 per cent is used by the consuming public here in our area, which means that by placing a minimum price at the well-heads, Texas would gain thousands of dollars of tax money that rightfully belongs to our people," he added.

Of course, we, who are favoring the minimum price increase,

know that the consuming public will have to pay their share of the gas they use, but this change would be slightly noticed. And at the same time, companies from other states who are buying our natural gas would also pay their "fair price" thus allowing a high increase in State revenue that would be used for various needed projects in West Texas, Reeves commented.

West Texas legislators favoring the bill also are aware of the fact that they are going to have a real battle to ever get the proposed bill through the House, and are requesting the people in West Texas to write as many representatives and senators to support its passage.

Western Parade To Launch 11th Annual Cattle Horse Show

A parade turning back the pages of time will launch the 11th annual horse and colt show and rodeo scheduled at Paducah April 17-18. The neighboring town will "go western" in costume and conveyance during the two-day event.

Visitors will receive a Texas-style welcome and entries from all neighboring counties are invited. The show is sponsored by the Cattle-King Counties Livestock and Rodeo Association.

Entertainment plans include an outstanding rodeo both nights, horse and colt judging events and a home talent show on the courthouse square on the afternoon prior (April 16 at 5 p. m.) to the beginning of the show. A public dance is also scheduled for the same evening.

The western parade on April 17 will officially launch the event. Riding clubs, floats and "genuine" cowboys from nearby towns will take part in the parade, which will also include a large number of pretty girls.

Marie Purvis served as chairman of the Homemaking Teachers' Sectional meeting.

Others attending from here were: Mr. and Mrs. Dee Daniel, Mrs. Odie Crowell, Wilburn Martin and Delores Plyer.

Over Half-Hundred Motley County Boys In Armed Forces Receiving Matador Tribune

Motley County boys in uniform still like to receive the home-town newspaper, and with the cooperation of their families who supply the addresses, the Matador Tribune is going to fifty-six boys in various branches of the armed forces.

The Tribune always appreciates receiving in advance, any change in address, since an undelivered newspaper is returned to the sender, and a fee of two (2) cents is made to the sender. In other words, when a newspaper is returned, the Tribune has to pay 2 cents to get it, in order to find out whose address to change.

Requests for addresses of the boys, are received from time to time from interested friends who wish to drop them a line, and beginning this week, a few will be supplied weekly.

Receiving their mail in care of the Fleet Postoffice, San Francisco, Calif., are: Milton Ray Locke, S.M.; U.S.S.; L.S.M.S. 401, and John Newton Fletcher, A.S. 425-83-78 N.A.S. Navy No. 943, Box 30, Hut 2-93.

Serving in the U. S. Army and receiving their mail at A.P.O. addresses in care of the Postmaster, San Francisco, Calif., are: Lt. Raymond C. Giesecke, 064917, Casual Persons Sec. APO No. 613, Capt. Ben F. Tunell, 0-1556671, 74th Trans. Truck Co., APO No. 301; M/Sgt. Curtis R. Taylor, R.A. 38077892.

Facts prove: Dodge offers more features, more value, more truck for your money!

Yes—at right are features you need for profitable hauling . . . features that save hundreds of dollars over the life of a truck! Yet of the 3 leading makes of trucks, only Dodge gives you these . . . and many more . . . extra values! It's no wonder truck owners the country over are saying, "Dodge puts more value in its trucks . . . I get more profits out!"

See the new Dodge trucks before you buy. Thirty minutes now may pay you big dividends in the years, and miles, ahead! Stop by today!

- Of the 3 leading makes, only Dodge "Job-Rated" Trucks give you . . .**
- 7 GREAT ENGINES,** 100 to 171 h.p.—3 engines brand-new. Of the 3 leading manufacturers, no one offers as many engines as Dodge.
 - TRUCK-O-MATIC TRANSMISSION** with gyro Fluid Drive, for the best in shift-free driving. Available in 1/2- and 3/4-ton models.
 - SUPERSAFE BRAKES** of the advanced dual-primary type in 1- thru 4-ton trucks. Of the "Big 3," only Dodge offers these brakes.
 - More power** in the 1 1/2- and 2-ton ranges than the other 2 leaders.
 - More pick-up bodies** than the other 2 leaders, including new 116" wheelbase 1/2-ton pick-up.
 - Greatest 1/2-ton-panel payload** and cubic capacity of the 3 leaders.
 - Fluid coupling,** for smoother traction in 1/2-, 3/4- and 1-ton models, offered only by Dodge.
 - 2 fuel filters** on all models to assure cleaner fuel, a cleaner engine.
 - Floating oil intake** selects clean oil just below the top, avoids sediment at bottom of crankcase.
 - Water-distributing tube** on all models directly cools valve seats . . . means longer valve life.
 - Exhaust valve seat inserts** on all models for better valve seating, longer engine life.
 - 4-ring pistons** on all engines save oil, upkeep.
 - Independent parking brake** on all models is simple, efficient, powerful.
 - Rivetless Cyclebond brake linings** last longer . . . no rivets to score brake drums.
 - Oriflow shock absorbers** on 1/2-, 3/4- and 1-ton models give smoother riding, greater driver control on roughest roads.
 - High-strength rear axle shafts** on all models are shot-peened for extra durability.
 - Better balanced weight distribution** for extra payload.
- Many features—just adopted by other leading makes—have been standard on Dodge trucks for years!

TRAWEEK...

(continued from page one)
guard the star player and proved successful in her assignment. She held the Midway player to 13 points while clearing the backboard of 90% of the rebounds and at the same time playing an outstanding floor game.

During the previous evening Miss Rice had scored 39 points against Huckaby, and before meeting Captain Traweck, she had not been held to less than 18 points throughout the season. Other outstanding players were Marlene Bailey with 22 points, Lois Hughes with 10 points and Carol Gordon at guard. Other girls playing in Matador-Midway game were Barbara Neighbors, Martha Jones and Dorothy Plyler.

VISITING RELATIVES

Lt. and Mrs. Gordon Russell and small son, Howie, of East Meadow, New York, are visiting here this week with his parents, Mr. and Mrs. Eddie Russell, and also with his brother and wife, Mr. and Mrs. James Ed Russell. They arrived here Friday night from Oklahoma City, where they had visited Mrs. Russell's parents, Mr. and Mrs. Evelyn Geisler. Lt. Russell has a thirty-day leave from Mitchell Field, where he is stationed.

VISITING RELATIVES

Mr. and Mrs. Mark Hall and son, Albert, of Super, Okla., arrived during the week-end and are visiting her father, George Ratcliff, and other relatives, including a sister, Mrs. Raymond Steffey, who is critically ill.

AT MOTHER'S BEDSIDE

Mrs. Edith Sanders of Lubbock and Mrs. Ethel Bird of Midland, arrived Saturday to be at the bedside of their mother, Mrs. Harrison Williams. Her condition became critical Saturday morning.

Farm Group Seeks Defeat Of Bill To Reduce Tax Refund

Every tractor farmer in Motley county will lose one-fourth of his refund on non-highway gasoline tax if House Bill 388 is passed by the State Legislature, according to John Ray Hunter, president of the Motley County Farm Bureau.

Rep. James W. Yancy of Houston introduced the bill which would take away one cent of the four-cent-a-gallon refund and allocate it to the available school fund, the county leader said. "What the proponents of this bill forget is that the so-called tractor gas refund is not actually a refund since the money never belongs to the state. The tax is collected just as on all gasoline, sent to Austin, and then returned to the rightful owners," Hunter added.

The Farm Bureau leader said that the backers of the Yancy bill were apparently using the strategy of calling attention to the needs of the public schools and then pointing to the refund money as a likely source of revenue. He added that this would make the bill more difficult to defeat because the demand for a teachers' pay raise has touched legislative session.

Farmers Pay Fair Share
"The farmers pay their fair share of school taxes right along with everyone else in the school districts, and it isn't right for an additional burden to be placed upon them," Hunter said.

The head of the county farm organization said that if one-fourth of the refund were lost now, it might mean that the entire refund eventually might be abolished. He urged all farmers in the county to get in contact with their representatives in the state capital and inform them of their desires and wishes on the refund issue.

During the last legislative session—two years ago—the Texas Farm Bureau was instrumental in saving the tractor gas refund, the county road bond assumption monies and the rural road

program. Before session was over, the farmers and ranchers of the state had also pushed through a tax on natural gas which is still being fought in the courts.

MELVIN POPE AT A. P. G.

Pvt. Melvin Pope has completed his basic training at Fort Riley, Kansas and after spending a few days with his parents, Mr. and Mrs. G. D. Pope of Flomot, has reported to Aberdeen Proving Grounds at Aberdeen, Maryland.

Mr. and Mrs. George Seigler of Dumas, were visitors here Wednesday with his brother and family, Mr. and Mrs. Eldred Seigler, and mother, Mrs. G. W. Seigler.

Mr. and Mrs. T. J. Daffern visited in Yukon, Okla., over the week-end with their daughter and family, Mr. and Mrs. R. W. Powell.

Mr. and Mrs. Olen Jameson and children of Carlsbad, N. M. visited here during the week-end with her mother, Mrs. Jackie Jackson.

Moving the U. S. Government from Philadelphia to Washington cost \$15,293.
