**Here's why thousands of TEXAS motorists are switching to**

**New Conoco Super Gasoline**

**with TCP\***

**The Greatest Gasoline Development in 31 Years**

Restores "new car" power!  
Increases spark-plug life up to 150%!  
Gives you extra gas mileage, too!

All over Conocoland the story is the same. Every day, thousands upon thousands of motorists are switching to new Conoco Super Gasoline with TCP.

What's the reason for this big switch? Why are motorists leaving brands they've been loyal to for years? The reason is simple: New Conoco Super Gasoline with TCP is the greatest improvement in gasoline since the introduction of tetraethyl lead in 1922!

Motors tell us they can actually feel the difference in car performance after just two tankfuls. For new Conoco Super with TCP dramatically overcomes the greatest single cause of power and fuel waste affecting most of the cars on the road today.

**Combustion deposits reduce power**

When you drive your car, deposits constantly build up on spark plugs and in the combustion chambers. These deposits can "cheat" you of power in two ways. First they short-circuit spark plugs—causing them to mis-fire. Second, deposits in the combustion chambers cause fuel to ignite before it should. This is called pre-ignition or "wild ping."

The combined effect of mis-firing and pre-ignition is loss of power, lack of "pep" and wasted gas.

**How Conoco Super Gasoline with TCP works**

Now Conoco Super with TCP—a cresyl compound—dramatically overcomes the loss of power and fuel caused by combustion deposits. TCP actually neutralizes harmful deposits on spark plugs and in combustion chambers. With new Conoco Super Gasoline, your plugs spark as they should. Your fuel ignites as it should. You get and keep "new car" performance.

**TCP helps your car—whether new or old**

Whether your car is new or old, you can enjoy the benefits of TCP. If you have a new car, with a high-compression engine, it will keep on delivering its built-in power as long as you use Conoco Super Gasoline. If your car is an older one, Conoco Super will restore much of the power you have lost.

See what Conoco Super with TCP can do for your car—

**Start the "TWO-TANK TEST" today!**

1. When your gasoline tank is one-quarter full or less, fill it with Conoco Super Gasoline with TCP. Now, there will still be some ordinary gasoline mixed in with your Conoco Super, so...
2. Make sure your next tankful is Conoco Super, too. So rapidly does Conoco Super work that with this second tankful, chances are you'll feel as if your engine has had a tune-up. You'll feel a boost in power. Try it today. We're sure you'll stay with Conoco Super.

BY MR. S. M.

We call "Judge" Burney's new message "Karita" was the message on the wrapper of a cigar which Mr. M. received the past week from Cecil Burney and Attorney Cecil Burney and Karita Burney. Upon inquiry, we learned that the young lady arrived last Monday, the 16th and Karita means Little Kara, the full name being Kara Lisa. J. R. Moores here are great admirers of Karita and her parents, whose real name is Cecil.

Asked Rickey Hurst, 3, the day how the new baby was getting along over at home and he replied, "Oh, he's still hanging around."

Red and green lights on the tower of Bob's Oil Well have been sending out a Christmas message for the past several weeks. We always look forward to the season when the streets are all aglow with Christmas lights.

As this is being written, it is

too early to know whether many will attend the Thanksgiving service Wednesday night at the Methodist Church. It is to be hoped that enough people will feel grateful for the blessings of the year, to gather in worship and fill the church auditorium on this occasion.

"Just 332 years ago (we are reminded by the Duluth, Minn. Publicity) 51 people gathered in the lee of Cole's hill at Plymouth to observe a Thanksgiving Day to Almighty God, and His Mercy in withdrawing His afflicting hand from us." Another 51, exactly half of the original Mayflower pilgrims, lay in unmarked graves on that hill, wiped out from hunger and disease. Still gratitude, not lament, was the order of the day.

"Through the years, thankfulness has remained an unflinching characteristic of the American people, and while Thanksgiving Day is outward manifestation of their gratitude, it is part of the daily life of our country, expressed in countless ways."

There's an empty house at the corner of Main and Hackberry that gives us a lonesome feeling when we pass it. There's also an empty pew down at the Baptist Church where the Dick Groves

Tribune, Matador, Motley County, Texas, Thursday, November 26, 1953

family always sat. It will take time to get used to not seeing them there every Sunday morning, because they always were unless sick or out of town; and seldom were they out of town on Sunday, except during vacation.

While fourth-grader Mary Lel will be missed by her school-mates, someone who will miss five-year-old Lou particularly, is Mr. Homer Sheats, their neighbor across the street. Before she could speak distinctly, Lou visited "Mr. Sheats" and helped him in the yard with the flowers and rode to town with him after the mail and helped him paint the fence, or the chicken house, or the garage. They were great companions, those two.

"When you move to a strange place, how do you get friends?" Wondered 6-year-old Richard Campbell.

**THE FLOMOT GIRLS** played the Roaring Springs girls in the gym here last Tuesday afternoon at 1:30 before an enthusiastic student body, the faculty, and FloMot and local fans. It was a "nip and tuck" game from the first whistle to the last with the final score 27 to 24 in favor of the visitors.

**THE YELLOWJACKETS** won their last conference football game when they defeated FloMot Longhorns on the Roaring Springs gridiron, Nov. 12, in a 62 to 6 finish. It was a much more interesting game than the one-sided score indicates; the FloMot boys never gave up, but the Yellowjackets were determined, in this last game for some of them, to put on a good show, and they did. Dick Carpenter, a senior, kicked seven out of the eight tries for extra points squarely between the goal posts. This win gave the local team third place in district play.

**BOOKKEEPING STUDENTS** rank high according to their grades on a six weeks test given them last week, says Coach Snyder, their teacher. On a test with a possible score of 110 on which the average high school score is 85, he had one student scoring 100, one scoring 99, and one 98, with other grades unreported at present.

**"STUDENTS TO SEE JULIUS CAESAR"** is one of the headlines in the local school paper. The film is of interest to all high school students, but the sopho-

more, who will read Julius Caesar from William Shakespeare in their English class and who have studied the Roman Emperor in their world history recently, are especially interested.

**THE SENIORS** have cast their play and will go to serious work on its production immediately under the direction of Mr. Mc Kibben, their sponsor. People who enjoy good plays are looking forward to the seniors' presentation of their drama as the most entertaining comedy under direction of the same sponsor.

**THANKSGIVING HOLIDAYS** are the subject of talk and many plans center around them. The school will be dismissed from Wednesday, Nov. 25, to Monday, November 30th.

**THE GRADE SCHOOL** faculty and students are at work on a Christmas program to be presented to the public one evening of the week preceding dismissal for the Christmas holidays. The date will be announced later.

**LOCAL GIRLS SANG** with the Matador group at their Homecoming Game recently. The Roaring Springs high school excused a large percentage of its student body to attend the celebration in the neighboring

town. Many others "tuned in" on Floydada to get the game and colorful half-time activities over the air when they got home from school.

**SEVERAL HIGH SCHOOL** boys who have been out of school doing farm work for a week or more are back in school again. Among the boys who worked were four junior boys, whose absence dwindled their classes noticeably.

Mrs. Pat Sheridan and Mrs. Lee Nelson visited in Lubbock from Friday until Sunday, with their children who reside there.

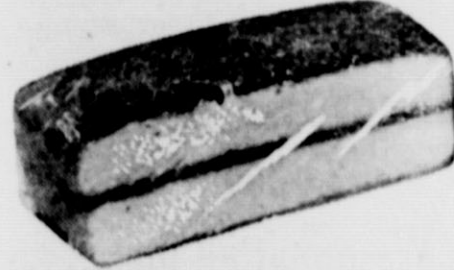

Mrs. Jack Norman and Mrs. Forrest Campbell were Lubbock visitors Monday.

**It's WHERE you buy a used car that counts!**

**When you can trust the dealer who sold you a used car, you can trust the car.**

The next question, then, is *Who can you trust most?*

We Ford Dealers are established business men with large investments at stake. Our business reputation depends on every business transaction—whether it is a new car sale, a used car sale or a service operation.

We want your used car business, and some day we hope to sell you a new car or another used car. And we want your service business, too!

"But," you say, "granted that you Ford Dealers have reputations to uphold, granted that your mechanics and service facilities make it easier to put your used cars in good shape—how do you compare in price?"

Let us give you some facts and the answer will be obvious. Ford Dealers handle used cars and trucks as a service to customers who trade them for new cars. When we get overloaded with trade-ins, our capital is tied up. Like everyone else, we have to pay our bills. So we must always offer used cars at rock-bottom prices to keep things moving.

**The Missus Keeps Posted**

Ever since our electricity was cut off last year on account of me forgetting to mail in the payment, the Missus has been sort of leery about giving me letters to mail.

At first she'd ask if I mailed them, then double-check my coat pocket at night. She stopped that, and I figured she was convinced I'd learned my lesson.

Then yesterday, I got a postcard at the office in a familiar handwriting. I turned it over and by golly it was from the Missus herself! It read: "Thanks, Joe, for mailing my letters." Well!

Looks like she figured I still needed some checking-up and slipped that postcard in the last batch of letters.

From where I sit, an occasional check-up is a good thing. Check-ups on just how tolerant we are of other people's preferences and tastes, for example. I like a glass of beer with supper, you may prefer cider—but if I ever try to switch you to my choice, simply "address" me with a reminder of your rights.

**EIGHTH GRADE SPONSORS MOVIES**

November 12, 1953, the eighth grade of M. G. S. sponsored a pay movie to raise money for our project this year. We had a comedy, sports, musical, and short western film. The net profit was about \$35.00 which we added to our \$60. that the freshmen left us from last year.

After much persuading and promising by the girls, the boys agreed to let our project for this year be new basketball suits for the girls. We have already ordered new blouses and we hope to get new shorts.

**SEVENTH GRADE PRESENTS PLAYS**

The seventh grade presented an assembly program Wednesday evening at one. This program was taken from three books: "Texas Tomboy" by Lois Lenski; "Vinegaroon" by Ruel McDaniel, and "Pecos Bill" by Harold W. Felton. The characters in "Texas Tomboy" were: Mr. Carter, Ramey Brandon; Mrs. Carter, Peggy Welling; Bud

Larry Hoyle; Charlotte Carter, Rosemary Shaanks; Mr. Duffy, Harry Campbell; Mike Duffy, Karmen Jenkins, and Miss Price, Mary Sue Carson.

The characters in "Vinegaroon" were: Judge Roy Bean, Ronald Bailey; Oscar Sweden, Manuel Nichols; Lawyer, Larry Hoyle; Juan, James Stanley; Maria, Ray Davis.

The characters in "Pecos Bill" were: Maw, Joyce; Simpson, Paw; Kent Gray; Settler, Karen Webb; Pecos Bill, Manuel Nichols; Gun Smith, Lewis Fair and Knives, Cuchillas, Thomas Scaff. The last scene of "Pecos Bill", all boys of the seventh grade sang, "Get Along Little Dogies". The soloists were: Bob by Cross, Bobby Williams, Ronald Bailey, Larry Hoyle, Lewis Fair, Ramey Brandon and Sherri Rigby.

This play was presented in the observance of American Book Week.

**TEACHERS RECEIVE NEW TYPEWRITER**

The Grade School teachers are happier this week than usual. They have a new typewriter. It is a special order, and the primary teachers will have a great use for it. The type makes six letters to the inch instead of the usual eleven. The teachers in the higher grades think it is swell for their arithmetic figures also. It really makes their tests easier to read.

Seventy-five dollars of the money used for the typewriter was contributed by the Parent-Teachers Association. The remainder was taken from the school's Library Fund and the magazine sales the students have made.

Supt. Ezell has also placed at the teachers' disposal a regular typewriter from the typing room. There'll be no excuse for students not being able to read their test papers now.

**LUBBOCK TRIP MADE BY EIGHTH GRADE**

Thursday the eighth grade class made a trip to Lubbock. We left at 12:15 p. m. and arrived about 2 o'clock in Lubbock. At 2:15 we went into the Planetarium. Miss Sammie Dunn, granddaughter of Mr. and Mrs.

J. R. Moore of this city was our lecturer. She told us many interesting things about the machine which projected the stars. She told us that when the machine is completed its cost will be about \$3600. The lecture was enjoyed very much by everyone. At 3:00 Miss Betty Weaver conducted a tour through The Museum. Probably the thing most interesting to the group was the replica of the half dug-out of H. H. Campbell an early pioneer of Motley county.

We had the pleasure of seeing the famous painter, Peter Hurd, at work. He is painting the entrance to The Museum. We also were very pleased when we got to see Mr. McMillan, who went to Africa to take moving pictures of wild animals in the Museum making movies of various scenes.

We were accompanied by Mr. and Mrs. J. E. Edwards, Mrs. Ben Keltz, Mrs. Jack Norman, Mrs. Lloyd Martin, and Mr. and Mrs. Curtis Graham.

We returned home a tired, but happy group.

**KAMPUS KLATTER**

My, but haven't we had lots of fun this week! The Football banquet Tuesday night was a great success. The theme of the banquet was based on an ocean cruise. It was so real I almost got seasick. Did you ever see so many beautiful dresses before? I noticed Carolyn Thrasher and Mary Lois Watkins were pretty dresses, made identical and were made of aqua lace. Sara Carson's dress was white net over taffeta accented with red carnations. Martha Jones had on a pretty chartreuse dress, the bodice was lace and the skirt was net over taffeta. There were so many

pretty dresses I could never tell you about all of them, but I'm sure you can guess just how pretty they looked. Some of the many cute dates at the banquet were: Lucretia Edwards and Dean Martin; Barbara Waybourn and Joe Fair; Mickie Steen and Jerry Swearingen; Sue McCaghren and Richard Baker; Joanne Darsey and Tom Hamilton; Betty Smith and Jimmy Graham.

At the home coming last Friday, we had 71 ex-students to register. We were proud of the good attendance and hope to have more next year, on October 29th when we play Turkey on Burleson field.

Joanne swallowed a staple the other day, and turned about as

pale as a ghost. The doctor had her to eat plenty of bread she lived over it.

The M. H. S. boys are starting basketball now that football season is over. Here's hoping we have a successful year.

Six weeks tests are here again. We will take them Tuesday and Wednesday rather than on Thursday and Friday because we were making preparations for the Harvest carnival.

Till next week—

D. Wilkerson directed Coronation ceremonies and music.

A delicious supper was served in the Home Ec room by Matador Parent-Teacher Association. Proceeds of the carnival concessions and auditorium show amounted to \$508. Of this amount \$100 will go to the junior class for use in entertaining with the annual junior-senior banquet. Remainder, after expenses are paid, will be added to the senior fund for use in purchasing a class gift for the school.
