PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

So many years have wrapped their tattered cloaks of memory about the winter day that the trivial incident belongs more to fantasy than the vibrant realism that is childhood. Almost reluctantly the wagon fellows dipped the dry sand and moving on allowed the brown grains to fall back into the ruts. I held to the end of the coupling pole extending from the end of the wagon bed and reduced the effort of walking. The trip was one of high adventure for my father had already pointed to the house and barn against the distant horizon that would be our new home. The wagon was loaded with our household effects, a coop of chickens and new hope. My father stopped the team and came to the back of the wagon. He told me he had seen a prairie chicken move in the tall grass and sage brush. He found a stick of stove wood which my mother had placed in a box tied on behind the wagon bed. He aimed the stick of wood and it tumbled end-over-end as the team flinched. The lone prairie chicken rose while the missile was in the air, circled gracefully against the stiff north wind and glided over a ridge of low hills. Somehow I felt that my father was glad his aim had been poor, but I have wished that I had watched closer. The one bird was the only wild prairie chicken I ever witnessed in a lifetime.

Many of life's mysteries will always remain unsolved which is a satisfactory arrangement since interest is more strongly fixed when a challenge is presented. I would, however, out of curiosity, like to know why a friend's otherwise well-behaved dentures try to escape his mouth every time he becomes angry.

The soul is not driven to the portals of salvation by fear. It must find instead the music of love and compassion to become convinced that all any life can accumulate is that which it bestows on others.

Among our fatal mistakes we should in fairness catalog those which allow the experience to pass without profitable knowledge.

Apparently this nation needs more than armistice planes and ships, to train a corps of diplomats capable in negotiating a peace. War is purposeless at best but peace which fails to support the dignity of those who have perished under our flag, will in the course of events, read bitterly in history.

Too few statesmen have been aware that in their struggle to preserve political chastity, they would as an award achieve immortality.

SUNDAY VISITORS

Sunday visitors in the home of Mr. and Mrs. George Birchfield, were Mr. and Mrs. Robert Birchfield and children of Leveland, Mr. and Mrs. Ted Blackshear of Turkey, Mr. and Mrs. Jerry Birchfield and Jerry, Jr., Mr. and Mrs. Rusty Birchfield and Mr. and Mrs. R. A. Day, all of Matador. Visiting in the Jerry and George Birchfield homes this week were their brother and family, Mr. and Mrs. John Birchfield of Farwell, and their daughter and husband, Mr. and Mrs. Joe Abbott of Houston.

BACK FROM VACATION

County Attorney Howard Traweck returned last week from Glacier National Park where he spent a three-weeks vacation. Mr. Traweck has made the trip to the park for a number of years. He was formerly a member of the park service and has friends in the surrounding area.

COME TO CHURCH SUNDAY

Queen Is Named At Farm Meet

Barbara Havis, daughter of Mr. and Mrs. Herman Havis of Roaring Springs was named Tuesday night as Motley county queen of the Farm Bureau and she will compete September 3rd in Lubbock during the district meeting. Winner of the district meeting will go to Mineral Wells to compete in the state contest. The state winner will go to New York on an all-expense-paid trip.

The contest was held in the high school auditorium here following a program sponsored by the farm organization. John Ray Hunter of Roaring Springs, president of the Motley County Farm Bureau made an address followed by Master of Ceremonies Joe B. Meador, who read a letter from State Representative Elbert Reeves congratulating the organization.

Next on the program was a reading by little Bengie Beth Tanner, followed by musical selections by the "Moderners", a group of high school girls.

Frank Traweck followed on the program with a piano solo. One of the outstanding performances included an impersonation of "Mae West" by Jimmie Graham.

Two Prizes Given

Miss Havis not only won the honor as the Motley County Farm Bureau queen, but she was presented with two splendid pieces of matched Samsonite luggage. The second-place prize, a Parker fountain pen, went to Miss Bette Fran Montgomery, daughter of Mr. and Mrs. Frank Montgomery of Matador. Three other attractive girls in the contest were Jeannie Hines, La Nelle Rattan and Cora Ann Craven.

Judges in the contest rendered decisions close with the top number of points going to Miss Havis. The contestants were unknown to the judges.

Gospel Services In Progress Here

A series of special gospel services and Bible talks are in progress here under the direction of Ministers C. J. Denio and Herman D. Shields. The services which started Friday night, are being held in a tent at the corner of Main and Larlet streets. The services are nondenominational.

"The services are conducted in a quiet and orderly manner consistent to the simplicity of the Gospel of Christ," Minister Denio announced, "and we extend a cordial invitation to everyone to attend that they may hear and enjoy a helpful and practical explanation of the Bible truths and their importance for today."

Meetings are conducted nightly, with the exception of Monday and Saturday nights, at 7:45.

Residents Are Home From Recent Trips

Mrs. H. M. Wagley returned home recently from an extended visit with her daughters, Mrs. J. H. Whitehead of Holly, Colo.; Mrs. R. L. Sorrels of Helena, Montana and Mrs. Ivan Gardner of Salt Lake City, Utah. She went to Quannah where she joined relatives from Tennessee, in visiting a brother and family, and returned home from there Tuesday.

Mrs. J. P. Neighbors returned home Monday night from a trip to the same places in Colorado, Montana and Utah, having accompanied her brother and family, Mr. and Mrs. Herman Wagley, of Pampa, in visiting their sisters. They also made a tour into Canada while on the trip.

FORMER RESIDENT HERE

Mrs. C. W. Morris, former Matador resident, left Friday to return to her present home in Hico, after a three-weeks visit here with relatives and friends. She had been on a recent trip to California, where she visited her daughter and family, Mr. and Mrs. Grover Price of San Leandro.

RAPID TRANSIT about 1900 is shown in the top picture made somewhere along the road between Matador and Childress. Identity of the driver has not been determined but the lettering on the mail sack is sharp and is familiar to many old-time residents. The horn which the driver holds in his hand was used to announce his arrival in the communities. This photograph and the one below is through the courtesy of Miss Mary Keith who borrowed the pictures for the Tribune. The lower picture is the Shoe-Bar range wagon in Hall county and a notation on the back says it was made in 1912. Both pictures represent an era of this country almost half a century ago.

DICKENS MAN IS INJURED IN FALL

Lawton Harvey of Dickens suffered head injuries in a fall from a tractor on his farm, last Friday, and was brought to Stanley Hospital, where he is recovering satisfactorily. Mr. Harvey was dragging a tractor, which caught fire. In dismounting from the tractor he was riding, his trousers caught on the power lift, which then struck his head as he fell.

Other patients in Stanley Hospital the past week have been Mrs. G. W. Bennett, also of Dickens; Lee Marshall, Tom Ferguson, Homer Kingery and Mrs. J. N. Fletcher of Roaring Springs; Leonard Lusk of Turkey; Calvin George of Flomot; Virgie Cooper, Whiteflat; Mrs. Jo Dean Riddle of Quitaque; Mrs. Bob Martin, Mrs. James Ed Russell, Ben Keltz and Dewayne Martin of Matador; Mrs. Fletcher, Dewayne Martin and Messrs. George, Marshall and Cooper; and Mrs. Riddle, all have been dismissed.

Two new arrivals in the hospital are: To Mr. and Mrs. Ray Coe of Turkey, a girl, born Aug. 24, weight 7 lbs., 14 oz., named Janet Ruth.

To Mr. and Mrs. Barney Joe Martin of Flomot, a girl, Cynthia Elaine, weight 8 lbs., 6 oz., who was born August 25.

IN QUANAH HOSPITAL

Karmen Jenkins, daughter of Mr. and Mrs. Emmett Jenkins, underwent an emergency appendectomy in Quannah Memorial Hospital Sunday night. Besides her parents, other relatives who drove to Quannah to be with her were her aunts, Mrs. Ethel Payne and Mrs. Nelson McMahan, also Mr. McMahan and daughter, Frances.

VISITORS LEAVE

Mr. and Mrs. G. N. Fuller and children, Peggy and Doyle of Modesto, Calif., left Wednesday morning after a visit with relatives and friends here and at Roaring Springs. From here they went to Denver, Colo., to visit their oldest son, Marion Paul, who is stationed there, in the Air Force.

COME TO CHURCH SUNDAY

Top State Officials At IOOF Meeting

Top-ranking state officials of the IOOF and Rebekah lodges were among the more than 160 visitors attending the 54th annual session of the Lower Panhandle association meeting here last week.

The day and evening meeting was held Thursday in the Fleming-Post American Legion building with Odd Fellows conducting special programs in the IOOF hall.

City Closed Today For 30th Annual Pioneer Reunion

BUSINESS DOORS in most of Matador are closed today in order that employers and employees may be free to attend the 30th annual reunion of Motley-Dickens counties Old Settlers. The two-day program starting with a parade in Roaring Springs at 10 o'clock this morning will continue without interruption through both days and evenings.

Rodeo arrangements include a better program than previous years with performances each afternoon and evening, according to Ward Rattan, President of the rope and saddle division. A carnival has been on the grounds since Monday and Waybourn's Cafe of Matador will be in charge of beverage and food concessions. Old fashioned pit bar-b-que is announced at the top of the menu.

Following the parade will be the memorial services for deceased pioneers of Motley and Dickens counties. The afternoon program includes the well-known radio farm and ranch announcer J. Garland "Cotton" John Smith of Amarillo station KGNC, who will speak at 1:30 today.

Dance Held Last Night

Old Settlers started last night with a dance on the outdoor pavilion at Pioneer Park in Roaring Springs. Two dances will be held tonight and tomorrow night.

Officials believe that crowds this year may top previous records as judged by the interest shown in advance.

Matador Banker Suffers Stroke

Elmer Stearns, Executive vice-president of the First State Bank here suffered a stroke in Lubbock Tuesday while in the waiting room of a hospital where he had gone for an examination.

SS Benefits Await Some 65-75 Group In Self-Employed

There are many self-employed persons between the ages of 65 and 75 who should file an application for social security benefits immediately because net earnings for 1953 have dropped far below their earnings for 1951 and 1952, according to John G. Hutton, manager of the Lubbock Social Security Office. Even though these people are

continuing to operate their businesses and will make over \$1800 in self-employment in 1953, it is still important that an application be filed to establish a retirement benefit based on high net earnings in 1951 and 1952.

It is possible for a self-employed person between these ages to net \$900 annually and still receive his monthly social security benefit check. In the case of those clearing over \$900 but not more than \$1725 annually, there is still a possibility of one or more monthly payments for the year. Mr. Hutton urged that persons in this group contact the social security office to discuss their individual cases.

All persons who are past 75 should file an application whether they are working for wages or are self-employed since these people may draw their social security no matter what their earnings from wages or self-employment income.

New Draft Laws Change Status Of Married Men

AUSTIN—Any young married man registered with a draft board had better be on the alert about reporting children in his family or expected birth of a child.

On August 25th and thereafter, fathers are not deferrable because of their children. Draft boards have this new regulation following an executive order of President Eisenhower.

Those who now have children, and those who are expecting birth of a child, are deferrable, likewise, those who become

fathers or expectant fathers before midnight, August 24th.

But these men who are fathers and expectant fathers before August 25th must act at once to advise their draft boards in writing. If they fail to perform this important duty required by draft regulation, they will be liable for the draft simply because they failed to advise their boards of the facts.

In the case of expectant fathers, certificate from a licensed physician must be secured, stating that the child has been conceived, probable date of delivery and evidence upon which positive diagnosis of pregnancy is based.

DRIVE IN TODAY FOR FREE BATTERY INSPECTION!

MATADOR AUTO COMPANY

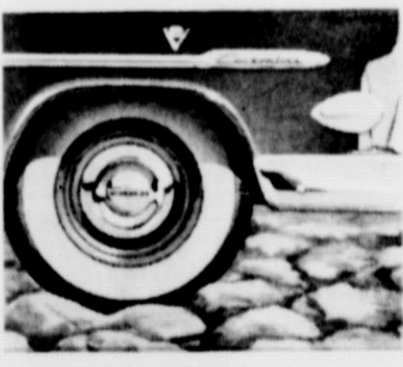

Look what your FORD dollar buys!

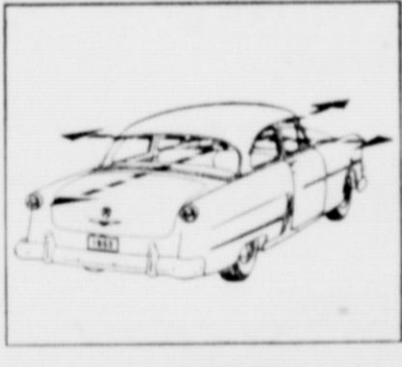

Check the features below against any car in the low-price field and you'll see why Ford's worth more when you buy it...worth more when you sell it.

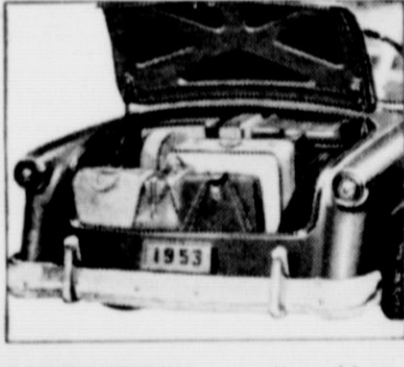

V-8 POWER is yours in Ford—but not in other low-priced cars. It's the product of Ford's experience in building over 13,000,000 V-8's! Ford's high-compression, low-friction Mileage Maker Six with Overdrive, is the Economy Sweepstakes winner.

ROAD-LEVELING RIDE reduces front end road shock alone up to 80%. Wide front tread, diagonally-mounted shock absorbers take tilt out of turns. You'll discover in the '53 Ford that a car need not be excessively heavy to ride smooth as silk.

FULL-CIRCLE VISIBILITY is yours in Ford. With huge, curved, one-piece windshield, car-wide rear window and "picture windows" all-around, Ford has more "look out" area than any car in the low-price field. L-R-E-S-T tinted glass also available.

ROOMY TRUNK is one suitcase bigger... bigger than any other luggage compartment in Ford's field—bigger than you'll find in many of the expensive cars. With Ford's Center-Pull Fueling, there's no long gas-fill pipe to eat up your trunk space.

SUSPENDED PEDALS make braking and clutching easier... allow more clear floor space... eliminate dusty, drafty floor holes. This feature, exclusive to Ford in its field, permits dash-mounting of brake master cylinder for easy accessibility.

FOAM-RUBBER CUSHIONS over non-sag springs in Ford's sofa-wide seats make even long trips a treat. And you'll find that only Ford in the low-price field offers this fine-car feature as standard equipment on both front and rear seats in all models.

FORDOMATIC DRIVE—an optional extra—is really two automatic drives in one. It has a fluid torque converter for smooth, steady power flow. It has automatic gears for greater "get-up-and-go." Ford also offers you Overdrive and Conventional Drive.

MASTER-GUIDE POWER STEERING—an optional extra on V-8 models—gives you the natural "feel" of steering on the straight-away yet takes the work out of turning. Absorb road shocks before they reach the steering wheel—adds to safety.

THE DRAFT LAW Rules And Regulations

EDITOR'S NOTE: This is the eighth of a series of articles on the draft law, its rules and regulations. The series will follow in subsequent issues of the Tribune.

Every man registered with a draft board, after his classification is determined by the board, must have an opportunity to appear in person before the member or members of the board designated for the purpose, provided he files a written request within 10 days after the board has mailed him a notice of classification.

Brig. Gen. Paul L. Wakefield, state draft director, points to an exception. The registered man cannot request a personal appearance after a classification which is the result of a personal appearance.

No person other than the registered man shall have the right to appear in person before the local board. But the local board, in its discretion, may permit any person to appear before it with or on behalf of a registrant, except that no registrant may be represented before the board by anyone acting as attorneys or legal counsel.

The registrant may bring an interpreter with him if he does not speak English adequately. When he appears, the registrant may discuss his classification, direct attention to other classes in which he thinks he should be placed, point out information in his file which he believes has been overlooked or which he believes has not received serious enough consideration, or any other information.

Such information must either be in writing, or oral and summarized in writing. In either case, the information is placed in the man's file.

Regulations provide that the local board, or member or members hearing the case may impose such limitations upon the time which the registrant may have for his appearance as they deem necessary.

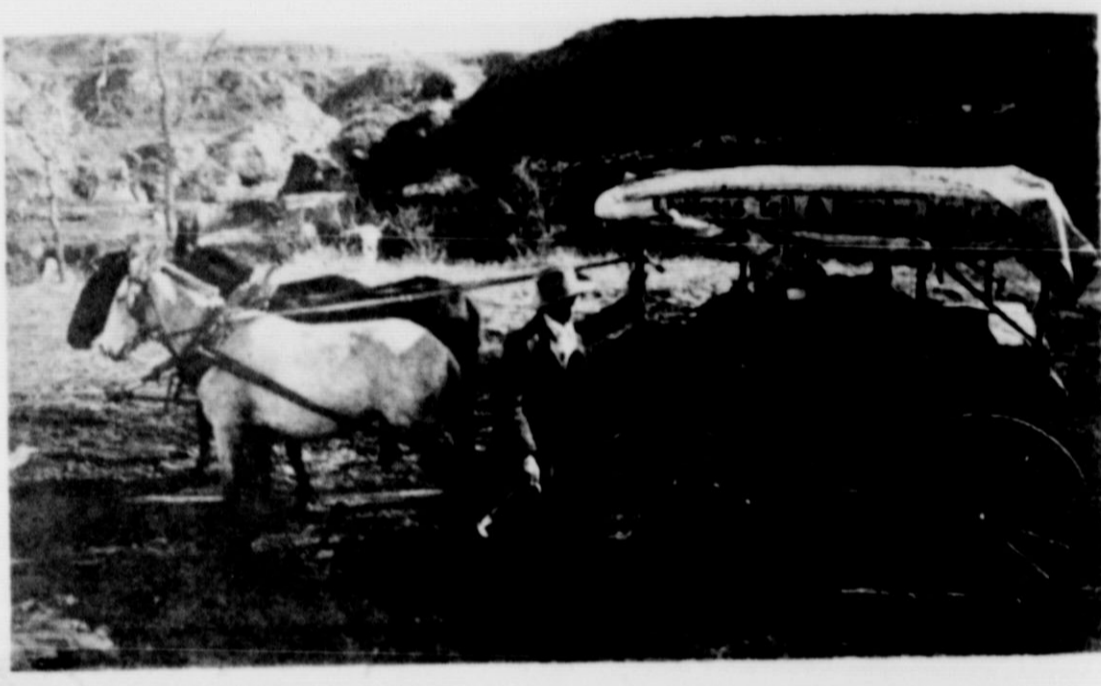

After a registrant is heard, the local board may determine to reopen the case or not reopen it, being guided by information received in the appearance. The registrant must be advised by notice of classification in either case.

OLD SETTLERS WE OFFER OUR BEST WISHES

WE pay tribute to the courage of the Old Settlers. We pay tribute to their faith in the development of this area. We know many of the roads have been rough because we, too, are pioneers.

Despite the hardships and privations shared by cattlemen, farmers and businessmen during early days, a great and prosperous country has been developed. To every pioneer of Motley county we extend our sincere appreciation and wish for you a most successful reunion at Roaring Springs Thursday and Friday.

We are proud to have had part in the development of this country and to number among our friends, the Old Settlers.

The man with 248,404 different names

Idly toying with pencil and paper, we just figured out what it would cost to buy yourself a certain electric manufacturing company. Complete with factories, machines, raw materials in the bins, and so forth.

Write your check for 2 billion dollars, please. (That's at recent price per share quoted on the Stock Exchange.) But don't send the check to the company. It doesn't own the stock.

You'd have to buy back the stock in bits and pieces from 116,000 women share owners. And 83,000 men. You'd have to get in touch with about 25,000 trustees and guardians. And a few thousand insurance companies, universities, hospitals and pension trusts to buy back the stock they own.

We wouldn't blame these people if they didn't sell to you. They don't have to, you know. Maybe they want the stock for the same reason you do.

Not even a thousand millionaires, each putting in a million dollars, could "own" General Electric. The "man" who owns General Electric has 248,404 names. There are that many owners on the books.

Simple mathematics can shoot a large round hole in the childish misconception that America's basic companies are owned by a few lucky people.

Suppose there were the fantastic total of 100,000 millionaires. Even they couldn't buy the "people-owned" businesses on which America depends for goods. But already six and a half million individuals have a direct investment in America's production.

The only thing bigger than America today will be America tomorrow. And the only collection of people rich enough to finance this growth and share in its success is the public.

You can put your confidence in...

Recent Courtesies Honor Bride-Elect

Mrs. Reginald Anderson, the former Rosemary Bloodworth, was complimented last week with pre-nuptial affairs including a breakfast at the home of Mr. and Mrs. W. N. Pipkin of Matador, and a luncheon in Plainview in the Haithecock home.

The patio at the Pipkin home was the scene Saturday morning for a tropical breakfast and gadget shower for the honoree, with Mrs. Pipkin and her daughter, Miss Patti Pipkin as hostesses.

Guests were, the bride-elect's mother, Mrs. Joe Bloodworth, her sister, Mrs. Vernon Higginbotham of Houston, and school mates in high school and college: Mrs. Bateman Middlebrooks (former Marcia Gilbert) and Miss Dorothy Trawick, Matador; Mrs. Stuart Dixon (former Mary Frances Casey) of Whiteflat; Mrs. Billy Dan Thomas (former Ann Harp), Mammoth, Arizona; Mrs. John Stoneham, Plainview; Mrs. William Hale, Wichita Falls, and Miss Henri Vaughn of Tulsa.

Luncheon Is Thursday
The luncheon at Plainview was given Thursday, Aug. 20, by Mrs. William R. Hale of Wichita Falls, in the home of her mother, Mrs. Willie Merle Haithecock.

The table was centered with pink roses, and place cards carried out a bridal motif.

A three-course luncheon was served to the honoree, her sister, Mrs. Vernon Higginbotham, of Houston, their mother, Mrs. Joe Bloodworth, Miss Patti Pipkin, Matador and Plainview.

THE TRIBUNE IS SUCCESSOR TO THE ORIGINAL MOTLEY COUNTY NEWS ESTABLISHED IN MATADOR IN 1892 AND ALL OTHER SUBSEQUENT COUNTY PUBLICATIONS.

ENTERED AT THE POST OFFICE AT MATADOR, TEXAS, DECEMBER 4, 1933, AS SECOND CLASS MAIL MATTER, ACCORDING TO AN ACT OF CONGRESS, MARCH 3, 1879.

Tribune, Matador, Motley County, Texas, Thursday, August 27, 1953

Mrs. Dick Robinson, Pasadena, Texas, and the following from Plainview: Miss Pernicia Lou Sharp, Mrs. John Stoneham, Mrs. John C. Carter, Mrs. Robert Mote and Mrs. Claud May. All, with the exception of Mrs. May, were college friends.

Ginners Discuss Disposal Of Burrs

Ginners of Motley county met here Thursday with Forrest Preston of the Texas Pink Bollworm Commission for the purpose of becoming familiar with the different approved methods of cotton burr disposal. The meeting was held in the office of County Agent W. C. Palmeyer.

Considerable interest was shown among farmers and ranchers who plan to use the cotton burrs for feed, and to return them to the soil. The provisions of the 1953 cotton burr control program call for the burrs to be burned unless they are treated.

Methods of treatment include composting, sterilizing with steam and grinding with a hammermill. Ginners attending the meeting will make available a service to treat burrs for customers desiring to take them home. The unwanted burrs will be burned.

Plan of most ginners is to grind the burrs, while the steam grins will provide steam sterilizing. Ginners said provisions would be made to grind burrs for livestock feed when desired.

Swine Antibiotic Test Favorable

A test in the value of antibiotics in connection with swine feeding conducted by County Agent W. C. Palmeyer, formerly of Knox county, has been declared favorable.

The test using antibiotic pellets which were placed under the skin behind the ears of pigs, was made on Knox county 4-H Club project pigs.

Tests were made during the months of May and June, and

despite the fact that the pellets did not arrive at the proper time for use (from two days old to weaning time), the results appear promising. The tests indicate the pellets to be of value when milk is not included in the feed until weaning time. Other tests are planned with pellets to be implanted when pigs are two days old, and checked at weaning time.

Mail Stage Offers Rapid Transit To Area Townships

Featuring good transportation and reasonable rates, the Mail Stage of 1902 coming through Matador offered its customers rapid transit to area cities. For example, an ad appearing in the Texas Maverick, a Motley County paper dated May 10, 1902, stated "if you are in a hurry to go to the railroad, it will pay you to go on the Mail Stage which leaves Matador at 10:30 a. m. and arrives in Childress at 10:00 p. m." The paper was loaned the Tribune by Mrs. Charlie Keith and was addressed to Charlie Keith's grandfather the late P. A. Cribbs.

SINGING CONVENTION PRESIDENT ASKED TO BE RELIEVED OF JOB

The late W. M. Martin, president of the Motley County Singing Convention asked to be relieved of his job at the next regular meeting of the Singing Convention which would be held at Quitaque on Saturday before the fourth Sunday in June A. D. 1897 at 10 a. m.

Announcement was made in the June 4, 1897 edition of the Texas Maverick. The article read as follows: "This will be our fourth annual meeting and time for electing officers for the fifth year. I have served now four years and think it best to elect some good man who will enthrone new life into the convention. May God help you choose and choose wisely."

The 60-year-old organization still has a large membership in Motley county and Mr. Martin's grandson, Bruce Martin is an officer.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field - the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrill-King" engine.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response - right now! Chevrolet's improved brakes are the largest in the low-price field.

I was ahead in every way after this demonstration!

I figured on paying about \$200 more for a new car . . . until I discovered all that Chevrolet offered me.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide* A lot finer performance on a

lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

And it's the lowest-priced line

A demonstration will show you

that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

Let us demonstrate all the advantages of buying a Chevrolet now!

Marriage Vows In Home Ceremony Unite Miss Bloodworth And Ensign Anderson

MRS. REGINALD ANDERSON

Marriage vows repeated in a double ring ceremony, Tuesday, August 25, at 7 P.M. united Miss Dorothy Bloodworth and Ensign Lyle Reginald Anderson, of the U. S. Navy, in the home of the bride's parents, Mr. and Mrs. Bloodworth of Whiteflat. The bridegroom is the son of Mr. Anderson of Livingston, New Mexico.

Rev. W. B. Vaughn of Matador, Methodist minister officiated in the service.

Attending the bride as matron of honor, was her sister, Mrs. Ensign Higginsbotham of Houston. Mr. Richard King of Lovington, N. M. served his brother-in-law as best man.

The ceremony was reflected in a large wall mirror, before which the bridal party stood. Large floor baskets held white doli and greenery, and were flanked by white tapers in matched candelabra.

Miss Dorothy Traweck offered pre-nuptial selections and the traditional wedding marches at the organ-toned piano. She played "Melody in F", "Moonlight Sonata", "Clair de lune" and "Liebestraum", and accompanied Mrs. Richard King, of Lovington, sister of the bridegroom, who sang, "O Promise Me". During the ceremony, Miss Traweck played "To a Wild Rose", concluding with a section from "The Lord's Prayer". Wagner's Bridal Chorus from Lohengrin was the processional, and Mendelssohn's Wedding March, the recessional.

Dress Is Lace And Net

Given in marriage by her father, the bride wore a white informal wedding dress fashioned with a lace bodice and pleated nylon, ballerina-length skirt. The waist featured a Peter Pan collar and long sleeves, pointed at the wrist. Her finger-tip veil

extended from a half-bonnet, outlined with seed pearls, and she carried a shower of stephanotis and satin streamers, on a white Bible.

Mrs. Higginsbotham wore a slate-blue lace dress, ballerina length, and carried a colonial bouquet.

For a reception following the ceremony, the bride's table was laid with a cutwork and lace cloth, centered with an arrangement of white asters. Double candelabra held white tapers, and a three-tiered cake was topped with a miniature bridal couple. Presiding at the punch service was Mrs. Bateman Middlebrooks of Matador, with Miss Doris Gipson of Spur, serving the cake.

Guests were registered by Miss Herri Vaughn of Tullia, and others in the house party were Miss Patti Pipkin, Plainview, and Mrs. Billy Dan Thomas of Mammoth, Arizona.

For their wedding trip to San Diego, Calif., where the couple will reside, Mrs. Anderson wore a white wool suit with matching cape-sleeve and black accessories.

Are Tech Graduates

Both Ensign and Mrs. Anderson are graduates of Texas Technological College, Lubbock, the latter receiving her B. S. degree this past spring. She majored in applied arts of the Home Economics Division, and was a member of the Home Economics club, Phi Upsilon Omicron, and Tech Rodeo Association. She was reared at Whiteflat and Matador and graduated from Matador High school.

The bridegroom graduated from Roswell (N. M.) High school and attended New Mexico A&M College at Las Cruces, before going to Texas Tech, where he received his degree in Animal Husbandry. He is a member of the Block and Bridle Club, Aggie Club, Alpha Zeta, honorary agriculture fraternity, and Alpha Chi, national honorary fraternity. He is presently based at San Diego, Calif., aboard the U. S. S. LST 822, as Engineer Officer.

Wedding Guests

Out-of-town guests at the wedding included the bridegroom's parents, Mr. and Mrs. Walter Anderson of Lovington, N. M.; Mr. and Mrs. H. C. Berry and sons, Johnny and Tommy of Roswell, N. M.; Mr. and Mrs. O. B. Berry, Dexter, N. M.; Robert A. Rupp, Falfurrias, Texas; Mr. and Mrs. Joe Vaughn, Tullia, Texas; Roy L. Neely, Paducah, Texas; Bruce G. Gibson, Turkey, Texas; Mr. and Mrs. Sam Ross, June and Jim of Flomot; and Mrs. Willie Merle Halthcock of Plainview.

IN COLORADO

Mrs. C. D. Bird is visiting in Colorado Springs, Colo., with her daughter, and Mr. Bird looked after business interests in Midland last week.

Reward Offered In Texas Maverick For Young Grooms

The lure of the cattle trail left many young ladies in Matador quite lonely, according to an ad in the Texas Maverick, dated June 4, 1897. The ad runs as follows:

"A reward of \$500.00 for about one dozen marriageable young men delivered in Motley County. The young ladies say that none but the marriageable ones are wanted."

ANNOUNCE ARRIVAL

Sgt. and Mrs. Gustav Walldov of San Antonio, are announcing the arrival of a daughter, who was born Sunday, August 23 at 10 p. m. in the Baptist Memorial Hospital. The baby weighed 7 lbs. 5 ozs. and was named Allison Walldov. Mrs. Walldov is the former Sarah Frances Springer, and her parents, Postmaster and Mrs. E. F. Springer visited in San Antonio during the week-end with Mrs. Springer remaining for an indefinite stay.

Miss Ella Garner of Morton arrived Tuesday for a visit in the home of her cousin, Miss Mary Keith, and to attend Old Settlers reunion Thursday and Friday.

Wast Underground Lake Found Near Amarillo

A Chairman of Southwestern Public Service has reported "sensational reporting on drought in Texas, and reporting on population growth, according to a Wall Street Journal staff reporter in a recent news release which has been brought to the attention of the Tribune. Following is the release as published in eastern newspapers:

NEW YORK—Water conservation experts in the arid Texas Panhandle have discovered a vast underground lake near Amarillo, measuring 20 miles long, and 50 miles wide, and about 65 feet below the surface of the earth. H. L. Nichols, Chairman of Southwestern Public Service Co., disclosed here.

Addressing a meeting of the New York Society of Security Analysts, Mr. Nichols sharply criticized Eastern seaboard newspapers for their handling of the Southwestern drought, calling their stories largely sensational descriptive publicity.

He said the lake would tie in with the proposed Sanford Dam on the Canadian River, about 45 miles northeast of Amarillo. The lake contains an estimated 150

million acre feet of water. Some 18,000 irrigation pumps in the region which would benefit from the Canadian River project pump annually about 2.5 million acre feet of water.

In addition to these developments, Mr. Nichols continued, the Panhandle-South Plains area has, since June, received 3 to 3 inches of rain, which has largely replenished the area's lakes and reservoirs. He stressed that "people are not leaving the area; on the contrary, it continues to gain in population at a rate even greater than in the 1940-50 decade."

For example, he declared, Southwestern Public Service Co.'s kilowatt hour sales in June were 28% higher than a year before, and it is estimated in July they ran 30% ahead of the like 1952 month. "As a result, our earnings now are running ahead of what we budgeted," Mr. Nichols asserted.

Doubts Severe Trade Cut
Asserting that wheat crops have been severely damaged, Mr. Nichols noted: "The farmers are putting in row crops to replace the wheat, which was about 80% destroyed, so it is the cattle ranchers rather than farmers who are bearing the brunt of the weather." He said the drought might "make some dent" on trade and commerce in the region later this year, but added that "nothing really serious is anticipated."

If these effects should be felt, he said, he doubted they would trim more than 2 or 3 cents of earnings of Southwestern, and then "only if the drought were to continue." He declared: "Two or three good rains will make the people there forget there ever was a drought." About 3 million acres in Southwestern's 45,000-square-mile service area are irrigated by water pumped electrically from "irrigation sands" that underlie a large part of the Texas Panhandle.

Commenting on Southwestern Public Service finances, Mr. Nichols observed earnings amounted to \$1.63 a share of average shares outstanding during the 12 months ended June 30, or about 2 cents above the amount predicted earlier this year. The company's fiscal year ends August 31. The figures give effect to income tax "savings" resulting from fast write-offs on newly constructed plants.

ON VACATION
Mr. and Mrs. Lee Burns and children, Clinton Lee, and Karen left Friday on a vacation trip to Colorado, visiting his parents at Ordway. Mr. and Mrs. Jack Norman and daughters, Janie and Kay left Sunday to join the Burns family, and the group continued to Glen Wood Springs.

CARD OF THANKS
I wish to take this means of expressing my appreciation to everyone whose thoughtfulness was expressed in many ways during the time I was a patient in Traweck Hospital. I am deeply grateful for the many cards and letters and other tokens of friendship and concern. I wish especially to thank the nurses for their kind and efficient treatment.—Mrs. W. D. Long.

PEASE RIVER BRIDGE on the new Northfield paved road is shown in the above photograph. Modern concrete structure replaces the old wooden bridge which was frequently in poor repair. The new bridge is of the latest design and cost of construction was the largest item on the new highway. The new bridge is located at the point from which the former wooden bridge was removed, but the approach from Northfield was changed which removed sharp curves and shortened the route.—Photo and engraving courtesy Childress Index.

Gates In Most Of San Angelo Game

Coach J. W. Tillerson of Christoval and his Western All Stars trounced over the Eastern boys 49-13 to climax the annual Six-Man Coaching School at Bob Cat stadium in San Angelo last Saturday night.

Flomot's Weldon Gates, a quarterback by trade, played right end for the West. The versatile back took the end assignments, a position he had never played before, and made the starting line-up, to play most of the game. The initial touchdown for the West came on the first play from scrimmage. The play was around right end. Gates

throwing the key block that enabled a teammate, Pardee, to go all the way. On another scoring spree Gates received a pass that terminated on the 4-yard line setting up the touchdown. Weldon played about three-fourths of the game.

This is the first time Flomot has been represented in the annual contest.

Proper Foods In Summer Insures Improved Health

Summer with its abundance of low-calorie fruits and vegetables is a good time to shed those few extra pounds put on during the winter months, Dr. Geo. W. Cox, State Health Officer, states.

People do not need as many starchy foods which produce energy in warm weather as they do in the winter, he said, because in the summer the warmth which starchy foods give to the body is not needed.

"Green leafy and yellow vegetables and all types of fruit which are plentiful during the summer months provides an excellent, low-cost diet for the person who is overweight," Dr. Cox said. "Many of these foods

can be eaten raw and are very nutritious this way provided the food is carefully washed to remove all dirt and insecticides which may be present."

Dr. Cox stressed the importance of properly storing food during the summer. He explained that certain foods such as cold cuts, cream desserts, potato salad, and sandwich spreads have a tendency to spoil quickly during hot weather. Foods of this type should be kept in the refrigerator until just before they are served.

"By using good common sense in choosing and serving the proper kinds of foods, you'll feel better and have a much more enjoyable summer," Dr. Cox concluded.

MODERN HIGHWAY TO NORTHFIELD is shown in the above group of pictures, courtesy of the Childress Index, which was officially opened August 4th. Ben F. Simpson, pioneer of Northfield and prominent ranchman, cut the band of white ribbon which connected remote Northfield community with the thousands of miles of paved roads throughout the American continent. The rich agricultural and stock-raising community has REA electricity and is provided with efficient telephone service. The above pictures show various sections of the new pavement which connected with the Tell farm-to-market road and makes it possible to drive to Childress in a matter of minutes. Engineering of the new road is declared some of the best in the state.

You can tell
in an instant
it's a **Very great 8**

At idling speed, the engine of this 1953 Buick is deceptively docile. All you hear is a silken whisper, a kitten purr, a smooth flow of air channeling quietly through metal passageways. Then—you want to go. You nudge the pedal. You go. That's when you discover that you're sitting behind an engine of electrifying response. That's when you begin to know how the power of the first Fireball V8 can handle getaway, cruising, hill-climbing. That's when you learn what Buick's highest-compression engine in fifty great years can mean in spirited and soul-satisfying road command. It's an experience too wonderful to miss—the bossing of this brilliant new V8

Engine that powers every 1953 Buick SUPER and ROADMASTER. So we cordially invite you to come in and try it. We cordially invite you to hold rein on this truly advanced V8—the world's first V8 with vertical valves, with "T" type intake manifold, with zero-power-loss muffler—and the first standard-production American passenger-car engine to reach 8.5 to 1 compression ratio. Why not come in for a sampling? That way you can also try the other Buick gems—like Twin-Turbine Dynaflo*—and the Million Dollar Ride—and the room, and visibility and handling ease of the greatest Buicks yet. Can you make it this week?

WORLD'S ONLY CAR WITH ALL THESE FEATURES:

- V8 Vertical-Valve Fireball Engine (Roadmaster Dynamic Flow Muffler and Super Twin-Turbine Dynaflo*)
- Power Steering** • Power Brakes**
- Balanced Million Dollar Ride
- Completely New Sweepaway Styling
- 7 1/2-Away Slide-Away Front Seats (2-door models)
- Custom-Bilt Interiors
- Panoramic One-Piece Windows Front and Rear

Boys Ranch Slates Labor Day Rodeo

The young cowhands from America's First Boys' Ranch, coming out of the chutes on bucking broncs and bulls, will furnish all the excitement of a professional show and then some at the Ninth Annual Boys' Ranch Rodeo over the Labor Day week-end.

Every boy will participate in at least one event. Young cowhands from five to seventeen will fill the program with calf and bull riding, trick riding and roping, bronc busting and all other events associated with big-game rodeos.

Two performances of the action-packed rodeo will be held over the Labor Day week-end at the Tri-State Rodeo Arena in Amarillo. The first show will be at 2:30, Sunday, Sept. 6th. The second show is at 8:00 in the evening, Monday, Sept. 7th.

Not only will the boys be doing their best to stage a top flight rodeo, but they will be competing for prize money and the honor of being named Best All-Round Cowboy, which is decided by points received in the various events.

This year's rodeo is expected to be the best yet because many exceptional riders are listed among the young contestants. Salty stock, courageous cowhands and trip-hammer timing will combine to insure a thrill-studded rodeo from start to finish.

Special attractions are scheduled for between-the-acts events. Hoyt Hoeffner, world-famous rodeo clown will add his talents to the show and Bud Townsend will hold down the very important post of announcer. The Will Rogers Range Riders will again act as sponsors of the rodeo, as they have for many years in the past.

Advance tickets can be obtained through the Boys' Ranch office in Amarillo and all proceeds will be used for the Boys' Ranch expansion program that will help care for more boys from all over the nation.

Highway Dept. To Issue Bulletins On Road Condition

Every two weeks a highway road condition bulletin will be issued as a special service to the motoring public, D. C. Greer, State Highway Engineer, announced today in Austin.

"We are spending a large amount of money for maintenance and reconstruction this year and feel that motorists should be provided with information on the location of these projects for driving convenience, economy and safety," he said. Greer explained that these road conditions will be reflected on a small map showing the principal highways with symbols indicating the location and type of con-

struction that would be encountered on various routes. These road condition bulletins, he continued, will assist motorists in steering clear of construction work and as a result, keep traffic at a minimum through construction areas. This will enable highway maintenance workers to complete a job in a minimum time with a maximum of safety.

Greer concluded that these road condition bulletins are available free in the Highway District Offices and Travel Information Bureaus, or they can be obtained direct by writing the Traffic Services Division of the Highway Department in Austin.

Athlete's Foot Not Particular In Its Victims

You don't have to be a Mickey Mantle or a Babe Zaharias to be eligible for athlete's foot. You're qualified just by being human.

This ringworm foot infection can come to either sex at any age at any time, although it is probably more prevalent during summer months when feet are more apt to perspire.

You'll know you've got it when your feet begin itching and blistering, and when you see the soggy dead skin between the toes or on the soles. Take action then, and you can usually get rid of it in a hurry. But neglect it and you're in trouble.

Here are some suggestions from State Health Officer Geo. W. Cox, which will prevent athlete's foot or help you get rid of it if you have it now. Dry carefully and thoroughly between your toes after bathing and as often as practical during the day. The disease is caused by fungus which thrives on damp, perspiring feet.

Massage your feet with a mild rubbing alcohol. This will help prevent spreading the infection from one spot to another. Dust a good fungicide powder or even an unscented talcum powder or powdered boric acid, between the toes, in stockings and shoes. If at all practical, change stockings once during the day.

Scrub all cracks or soggy areas between the toes with one part iodine diluted with ten parts of alcohol.

Wear absorbent socks and put a piece of cotton on areas between the toes where cracks or soggy areas are evident.

Don't use remedies which have been sold for eczema. Consult your physician if the cracks and blisters and soggy areas do not yield to these measures. And keep this in mind: If athlete's foot is neglected, it can spread readily beyond the feet. The lesions will go deeper and deeper, and may cause critical danger.

Old Newspaper Features Many Health Remedies

"You'll never know you've taken a pill till it's all over," a slogan for Easy to Take Hood's Pills in the Texas Maverick dated February 23, 1897. Many other health remedies are offered readers of the early Motley County newspaper edited by R. P. (Uncle Rance) Moore of Matador.

Castoria was for sale "in the bottle only" at a low price of 35 doses for thirty-five cents, and Dr. Hathaway & Co. was featuring honesty and skill and thousands of cured patients. If the patient wanted rich red blood he could order Hood's Sarsaparilla, or if he was just "in poor health" he could get a supply of Brown's Iron Bitters.
