# We Invite You to See Our Plant -- Try Our Service

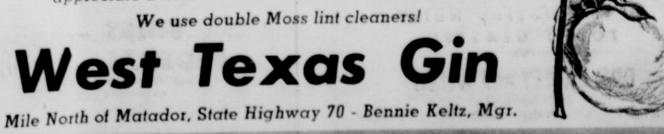

OUR NEW GIN plant in a new location, was planned to serve you. We have worked continuously during the summer to build a modern plant in the most convenient location possible (1 mile north of Matador on State Highway 70).

Our plant represents a large investment in the most modern ginning equipment made. We have a crew of qualified employees who are experienced to give you the kind of service cotton-growers have a right to expect.

We invite you to visit our plant and to try our ginning. Compare our service with ginning service any where; compare the quality of our work and compare the PROFIT from cotton ginned in our plant.

We hope you will like the convenience of our new location, that you will like our ginning service. We will appreciate a trial.
