A CUP OF COFFEE A DAY

That is 10c, or \$3 per month or about \$36 per year. If you give (or pledge) that amount to the Matador Community Chest, the 1962 fund drive will exceed its goal (many will give much larger contributions). For almost 20 years now the Matador Community Chest has carried more than its share of the charity burden. It has saved the community tens of thousands of dollars in warding off spurious fund campaigns and it has made possible the local control of charity money.

Every dollar you contribute to Matador Community Chest will be used for charity, the Boy Scouts or other designated organizations including the Salvation Army, American Red Cross, and other approved groups.

Not a single dollar leaves Motley County until its destination is approved by a committee of your friends and neighbors, who serve without pay and "screen" every request.

Not a single local request for aid is approved until the committee has a majority sanction. In the past year dozens of cases received aid from the Community Chest. The money was available when the request was approved. No one asked you to make a separate contribution.

That is the way we want to keep it.

We are going to request enough funds to keep the Community Chest solvent for any emergency. That will be your money held in trust to meet the needs of worthy groups and charity emergencies. Others will give their time and energy (without pay) to see that it is placed where it will do the most good.

Remember, when the fund drive is announced and you are solicited, that your contribution to the needs of your community will be for a year. Please give on that basis. The price of a cup of coffee a day!

County Annual S.S. Pay Near \$200,000

CHECKS from the Social Security Administration to the 304 recipients in Motley County total \$15,788 monthly, or approximately \$200,000 per year, it was disclosed Tuesday by Nancy M. King, Social Security representative from the Lubbock district office. Mr. King was the principal speaker at the regular luncheon meeting of the Matador Lions club held in the Methodist Church basement. He was introduced by Leon J. R. Whitworth.

Parents Organize For Teen Canteen

At a meeting of parents held Tuesday night at the American Legion building, a "Teen-Canteen" was organized to provide supervised entertainment for the youth of the community. Forty-nine parents were present and adopted a set of rules to be followed in the organization.

Parties will be held each Friday night following the football games played here, during the season, and at other times as designated.

Only the teen-age group from the eighth grade through high school will be eligible to attend the parties. No college students or "outsiders" will be admitted, was one of the rules stressed.

All parties will be chaperoned by a group of adults (both men and women) and officers were elected in pairs. No dues will be assessed. However, donations will be appreciated, since refreshments will be served.

The following officers were elected: Mr. and Mrs. Roy Hankins, president; Mr. and Mrs. John Barnhill, vice-president; and Mr. and Mrs. Melvin Meason, secretary-treasurer. Named as directors were Messrs and Mesdames Bennie Keltz, Jack McCallie, Dean McAnally, and Bill Seale.

The president of each class (8th grade through the 12th) will attend the meetings of the organization as a representative of the class.

Dogs are Problem During Ball Games
Stray dogs or dogs turned loose and allowed to wander over the football field, have posed a problem to school officials during games at Burleson Field.

Supt. Bert Ezzell requests that the owners of dogs in the vicinity of the football field, keep the animals confined during games.

He pointed out that a serious accident may result if a player runs into a dog wandering over the field, and that the presence of the animals on the field delays and distracts the game.

IN STANLEY HOSPITAL
Mrs. Clotilde Horn is a patient in Stanley Hospital. She was admitted Wednesday and is being treated for a nose infection.

Funeral services were held Friday in Hobbs, New Mexico for G. Y. Chambliss, 74, a former resident of Motley County from 1911 to 1928, a brother of Bert Chambliss of Matador. He had been in failing health for some time.

Former Resident's Funeral in Hobbs

Services were held at the Hobbs Assembly of God Church and burial was in the Hobbs cemetery beside his wife. Mr. Chambliss died Wednesday (October 10) at 2:15 a.m.

He is survived by four sons and two daughters, one sister, Mrs. Maggie Fox of Ft. Worth and one brother here.

Mr. Chambliss attended the funeral of his brother and returned home Saturday.

Mr. and Mrs. Tom Spears left today for Tyler to visit relatives and attend the Tyler Rose Festival.

2nd Phase Set for Polio Vaccinations

COMPLETE PROTECTION from the hazard of crippling polio will require but a few moments of time for each of the 2,000 residents of Motley County and area who received the first round of Sabin Oral vaccination here September 16.

Second phase of vaccination is scheduled Sunday, October 28, at the same vaccination center, the American Legion building, between the hours of 1 and 5 p.m.

Most essential detail of the second round is the small identification card issued when the 1st round was administered. When the card is presented the cube of sugar containing three drops of the immunizing liquid will be supplied quickly. The identification card must be presented to avoid detailed procedure providing a replacement and slowing up the expected rapid process.

Dr. J. S. Stanley said this week that he hopes the follow-up or second round response to the Sabin Oral vaccine will compare favorably with No. 1.

"Less time will be needed to receive the second round," Dr. Stanley said, "if everyone will remember to bring their identification card issued in the original immunization."

Plans for the second round of vaccine will require a smaller personnel, it was declared. However, adequate volunteer workers will be on hand to make the process as rapid as possible.

Contributions will be received at the second round, as they were at the first, but payment is not required. The money received is used to defray the actual expense of securing the vaccine and operating the vaccination center (The No. 2 vaccine was originally called No. 3, but has been changed to 2 as a means of reducing confusion).

Matadors Roundup Herd of Antelope

A LITTLE SKITTISH at first, a herd of antelope was rounded and branded by the Matadors Friday night at Whiteface on the high Staked Plains. When the dust had settled the Matadors had put their brand on 44 points, as compared with 2 points for their guests. It was the 4th win to one tie for the Matadors, whereas the Antelopes have not won a victory this season.

The Matadors scored twice in the first quarter. The first touchdown came on a 50-yard scamper by halfback Lloyd Martin. Kenny Barton kicked the extra point to put the Matadors out front 7-0.

Lancaster came back to score late in the first quarter with a 20 yard run. Barton again kicked the extra point.

In the second quarter Charles Ezzell took a pass from Lancaster and ran 40 yards for the touchdown. Barton again kicked the extras. The Matadors were

now way ahead with a score of 21-0.

Still in the second quarter the Matadors scored again. Lancaster took off on a 45 yard jaunt to give the Matadors 6 more points. Barton kicked the extras. In the third quarter it was Tommy Green on a 60 yard run for another Matador tally. Charles Ezzell ran the extras.

Matadors final score came in the fourth quarter when Kenneth Pitts hammered over from the 1. Tommy Green ran the extras.

Whiteface's only score came in the fourth quarter when Lloyd Martin was trapped in the end zone after a fumble on an attempted punt.

Tomorrow night the Matadors play burleson on Burleson Field. Last week Throckmorton lost to Knox City by a score of 26-16.

MATADORS TO PLAY REGIONAL RIVALS

by Gary Lancaster

The Matadors will be out for revenge when they meet Throckmorton Greyhounds who defeated them at regional playoffs last year. Throckmorton returns some key figures of a potent passing attack.

Running from the pro-type offense, split flanker and split end, Throckmorton's passing is their main offensive threat. No. 11 Roland returns as Quarterback and will be throwing to No. 23 Rogers, No. 72 Kirby, and No. 81 Nichols—all of whom are good receivers.

Throckmorton may run either 6-2 or 6-3 defense and promise to be tough. However, after an easy game last week Matador should be ready.

Game time will be at 7:30.

Residents Asked To Cooperate in Feeding Singers

Cooperation is asked of all local residents and those of other communities in the county, in providing lunch Sunday for visitors to the Motley County Singing Convention.

According to response to invitations mailed by Mrs. Bruce Martin, secretary, a better-than-usual attendance is anticipated.

Twice in recent years, adequate food was not furnished for the visitors, causing embarrassment to officers of the organization, since many singers come from a distance to attend.

The program of singing will start at 10 a.m. and continue until mid-afternoon.

The convention is held at the American Legion building semi-annually, and is the oldest organization in Motley County. Bruce Martin is president and Walter Craft of Roaring Springs is vice president.

TRAIL DUST

By DOUGLAS MEADOR

Marriage may suddenly appeal to a young man when a light breaks into the closet of his thoughts and he sees that the girl of his acquaintance is going to be able to resist his charms. The panic that follows such a revelation can lead to the altar and sound domesticity.

The heart can never speak truly from its depths except in great music, a divine medium of expression sanctified by being apart from the world, yet born of it.

Politics do, indeed, make strange bedfellows. So strange in fact, that the more prudent insist on turning on the light before disrobing.

New television commercials are being woven into plays where the sponsored product is used by characters to further the plot. Somewhere in this half-world of entertainment and commercialism there must be a breaking point that will cause television fans to press a button, adjust the room temperature and go to bed.

Disaster may bring a man to a valley where the peaks are more majestic against the sky serene in the clouds of satisfying rewards.

Rural and urban girls now have so much in common that the young swain is pressed to make a decision by any standard less acceptable than the amount of foods in refrigerators in their respective homes.

Cleanliness is dignity's most intimate companion.

Laymen's Day to Be Observed Here
Laymen's Day will be observed at First Methodist Church here, Sunday with J. E. McCallie bringing the message at morning services.

This is observed annually in all Methodist churches on the third Sunday in October or another date if it is more convenient for a local group.

"It is one time during the year when the pastor has to 'take a back seat' and watch the laymen 'do the job,'" said Rev. Roy Patterson.

Classes Begin Sewing

By Scottie Robbins
 Mrs. Fair's homemaking classes began sewing this past week. The freshmen are making cotton garments, which are being fashioned into skirts, blouses and some shirtwaist dresses which will be worn for school

and other casual wear. Sophomores had a wider choice of cloth and styles. Several two-piece suits, some shirtwaist dresses, and several jumpers and skirts are being made. The materials being used are wool, corduroy and cotton. Most of these dresses will be shown in the annual style show presented by the FHA girls later in the year.

Grade School Chatter

By Ann Garnett
 Grade school has had a full round of activities and studies this past week. Grade School classes have been taking physical fitness tests, composed of tests for strength, endurance and speed. The climax to the test was the 600 yard run and walk. Lewis Moore broke the excellent rating in the 600 yard run by running it in one minute 55 seconds.

Another phase of school life that has had the students busy is that of getting ready for the parents' visit with the teachers. Every student has tried to make his conduct and grades be such that the teacher and his parents will be proud of him.

An assembly program was presented last week by Mrs. McGinley's fifth grade. The program consisted of a two-act play, "The Curiosity Care" and a patriotic skit.

Tonight the Mavericks will journey to Estelina to tangle with the Cubs a second time. The Mavericks defeated them on the home field.

Who said grade school was dull?

Parents Visit School
 By Jane Hamilton

Thursday and Friday afternoons, October 18 and 19, Matador Public Schools will welcome the annual visitation of parents. Students will be dismissed from classes at 1:30 p.m. so that parents of all students can have personal conferences with their child's teacher. These visits will help secure a better relationship between teachers, parents, and students. The teachers and parents will discuss the child's conduct, achievements, problems and potential abilities. The parents will receive a report of the grades that their child has made during the first six weeks period.

All parents are strongly urged to find their way to the school during these two days.

Beat Whiteface Rally
 By Pat Cooper

"Matadors, Be-e-eat Whiteface" was one of the new yells which the cheerleaders, Jill Scaff, Jean Martin, and Lynn Cook, led at our pep rally Friday, October 12, 1962. The pep club also did the "Baseball Yell" which goes very well with football. The group sang "Mister Touchdown" with Mrs. Johnny Stevens accompanying. The yell, "Come On Boys," was done followed by a series of chants, "Beat Whiteface."

To break the monotony of yelling, three freshmen girls, Janna Crenshaw, Janie Killingsworth, and Sandra Sandefer, sang "The Matadors." Mr. Johnson gave an inspiring talk followed by the club yelling "Have Johnson Will Coach." Johnny Thomas and Dickie Garrison also gave speeches. Then everyone stood and sang the school song.

Cherri Barton is Queen Candidate At Tarleton State

Miss Cherri Barton, daughter of Mr. and Mrs. C. M. Barton Jr., was in the group of ten finalists elected by students of Tarleton State College in the Homecoming Queen contest held recently.

Five girls were elected from these ten in another school wide election Wednesday. A final voting will determine the candidate receiving the most votes, who will become Homecoming Queen. The other four will be in the Homecoming Court.

The Queen and her duchesses will be presented at the Homecoming game between TSC and

Henderson State on October 20. The ten nominees were selected from a list of all eligible girls on campus. To be eligible a nominee must have either graduated in the upper half of her high school class, scored high on entrance exams, or have maintained a 12-12 grade average in college.

The ten finalists were Linda Woods, De Leon; Barbara Waldon, Clyde; Jo Carolyn Dendy, De Leon; Luine Heizer, Dublin; Martha Cotton, Waco; Karen Humphrey, Seminole; Ann Wheeler, Coleman; Judy Hector, San Saba; Lynda Hastings, Roscoe; and Miss Barton.

The names of the five finalists, elected in yesterday's voting, have not been announced.

COUNTY AGENT PALLMEYER SAYS:

Nearly one-fourth of Texas farmland is under irrigation and thus subject to possible "salting-up." Salts put into the soil by irrigation water accumulate and can cause poor structure, trapping of water, and toxicity to crops. These water-carried salts remain behind when the water is used by the plant or evaporates and large amounts can easily be accumulated.

Symptoms of excess salts in the soil are yellowed leaves, shedding of leaves, and stunted growth or death of the plants due to reduced intake of water into the plant.

Testing of water or soil for excess salt content is done by the Texas A & M Soil Testing Lab. starting on Aug. 16th. I have blanks to submit with samples for test, and if your irrigated crop is not producing as it should, and a water test was made, this service might be beneficial.

The date of the annual 4-H Achievement Banquet has been changed from Nov. 27th. to Monday night Nov. 26th. The banquet will start at 7:00 p.m. and will be held in the Matador American Legion Hall. The change was made to eliminate conflicts with basketball games scheduled by the schools in the county.

Motley County 4-H Clubs were re-organized on Oct. 8-10, and initial enrollment of the 9 clubs was 242. A high school and grade school club were or-

ganized at Flomot; a high school, and 3 grade school clubs in Matador; and a high school and 2 grade school clubs in Roaring Springs. Interest in many programs was indicated by the members, and how well these can be carried out will depend on leader help. Sixty-one new members were enrolled. A list of projects and contests open to members is being prepared, and will be given to all 4-H members, listing requirements and prizes where offered.

FLOMOT 4-H CLUB ELECTS OFFICERS

Bill Pallmeyer, Motley county agent and Mrs. C. C. Jones, local 4-H leader, met last week with the Flomot grade school 4-H club to organize for the coming year. Mr. Pallmeyer discussed projects for the coming year and officers were elected as follows: Donna Rogers, president; Roye Pigg, vice president, Kathy

Gilbert, secretary; and Lynn Crowell, reporter. Mr. Pallmeyer will meet with the club the second Monday of each month. The next meeting will be Nov. 12. Twenty-eight members were present for the meeting.

EXCITING! GO '63 CHEVY II

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's. **CHEVROLET** the make more people depend on

We're telling America about the business and industrial advantages

IN THE CENTER OF THE SOUTHWEST

American business and industry are on the move . . . looking toward growing areas, new markets, and expanding profit opportunities.

Our service area—the fast-growing CENTER OF THE SOUTHWEST—is one such region, because the Southwest is growing 25% faster than the Nation.

That is why we are engaged in a continuing program designed to tell American business leaders about the advantages of this portion of West Texas.

We advertise the area in national publications, mail information material to selected lists, and make personal visits to many prospects.

As this is written, a WTU Representative is in the northern and eastern industrial areas of the country, calling on key executives whose companies are looking our way. They, like WTU, are convinced that this area faces GROWTH UNLIMITED.

Spur Man To Receive Carnegie Hero Medal

Robert D. Stewart, 29-year-old Spur rancher and hero of rescue efforts following an explosion and fire at Spur Jan. 6 in which three persons died and four others were injured, will receive a Bronze Carnegie Medal for heroism and a \$750 cash award.

Stewart rescued three men from a blazing service station and attempted to save a man and boy, who died in the flames.

Announcement of the award was made Thursday by the Carnegie Hero Fund Commission. It is believed a presentation ceremony will be arranged here.

Here is an account of Stewart's heroic action, compiled by the Carnegie Foundation:

"Robert D. Stewart, 29, rancher, rescued Joseph M. Kidd, 50, farmer, and two other men and attempted to rescue Sherrod L. Kidd, 12, and Albert H. Cherry, 57, service station proprietor, from burning at Spur, Texas, Jan. 6, 1962.

"While Kidd and his son, Sherrod, were in a service station with Cherry, W. Cecil Caplinger, Thurman A. Morrow and a 16-year-old youth, Steve Elliot, an explosion of undetermined cause completely demolished the building which had several underground fuel tanks under and near it.

"All six persons were injured and buried beneath the rubble, on which flames broke out. The youth climbed out unaided. Stewart was attracted and by removing boards made a three-foot opening in the debris pile. Seeing Kidd just outside, Stewart reached into the debris and pulled him out. As flames a foot high burned at places on the rubble, Stewart enlarged the opening and then stepped through it into a small space beneath the debris.

"Crouching, he cleared his way four feet to Caplinger, whose clothing was afire. Stewart dragged Caplinger from the debris and extinguished the flames on his clothing with the aid of another man.

"Re-entering the debris, Stewart removed burning boards and, after leaving briefly to get fresh air, cleared a path to Morrow, most of whose clothing had burned away.

"Flames burned above him. Noting Sherrod two feet away, Stewart reached and grasped the boy, but he was pinned tightly beneath a section of roof. A minor explosion occurred, spreading the flames. Grasping Morrow, Stewart dragged him from the debris.

"Stewart inhaled deeply and again moved back into the rubble, using his arm as a shield against the heat and hot smoke. He cleared a path to Sherrod, who then was enveloped by flames. Stewart was forced to leave the debris pile. Another deep breath and he again stepped back into the rubble.

"Crouching and removing burning boards, he cleared a path in another direction and reached Cherry, who was pinned beneath a filing cabinet. At that time, another explosion occurred and sent flames to within inches of Stewart. Nearly overcome by the heat, he left the debris pile. Flames by then were six to eight feet high.

"From another point outside the rubble, Stewart cleared a path to Cherry and took hold of him. At Stewart's call, two men removed the cabinet. A gust of flames suddenly engulfed Cher-

ry, forcing Stewart and the men to retreat.

"Flames became 10 to 15 feet high over much of the debris. Firemen arrived, but most of the rubble had been consumed by the time the flames were extinguished.

Bodies Found Later

The bodies of Cherry and Sherrod were found in the ruins. Kidd and Caplinger survived their injuries and burns, but Morrow died eight days later. Stewart suffered from smoke inhalation and burns, but recovered.

Andrew Carnegie industrial leader and philanthropist, established the Carnegie Hero Fund in 1904 for the purpose of recognizing acts of heroism by awarding medals which often are accompanied by pecuniary awards.

Four times a year, the commission meets in Pittsburgh to take final action in award cases. One silver medal and 25 bronze medals in recognition of heroic acts performed in 13 states and Canada were awarded at the October meeting of the Carnegie Hero Fund Commission held in Pittsburgh Thursday.

Since its inception, the commission has granted 4,578 medals, and pecuniary awards totaling \$8,900,000 to heroes and their dependents. — Lubbock Avalanche-Journal

COURAGE VS. INFLUENCE

Do you want a man with the courage to speak up for you in Congress... or do you want a man who has publicly admitted he fears to speak up on the floor of the House because of the influence he might lose? Jack Seale will not yield to New Frontier pressures... He has the courage to speak up FOR a sensible farm program... FOR a firm foreign policy... FOR a balanced budget and a sound dollar... and FOR election law reforms.

Elect JACK SEALE to Congress

The Courage to Speak up for you

Only Two Ask for Absentee Ballots

Only two applications had been received yesterday for absentee ballots in the November 6 general election, according to County and District Clerk Pat Sheridan. Both applications for ballots were received by mail.

Yesterday was the first day for absentee voting in the general election and the last day will be November 2.

Interest in the election is apparently slight. However, a large vote may be registered if the campaigns between Democratic and Republican candidates are intensified. It is probable that the county will vote in the neighborhood of 700, altho the potential is between 900 and 1000.
