54th Annual Livestock Show Set For Saturday

Motley County Ag Students work in preparation for Saturday's Livestock Show.

The 54th annual Motley County Junior Livestock Show will be held on Saturday, March 12, 1994 at the Motley County Livestock Barn. Dale Dunlap, County Extension Agent from Collingsworth County, will judge the steers, hogs, lambs, and rabbits. The heifer show will be judged by Andy Stewart, Cottle County Extension Agent.

The Livestock Show is produced each year by local volunteers to provide an opportunity for 4-H and FFA members to exhibit their livestock projects. By caring and feeding their livestock throughout the feeding period, youth have the opportunity to learn responsibilities and increase their knowledge of the livestock industry.

During this year's Show, there will be

18 steers, 54 hogs, 10 lambs, 16 rabbits, and 3 milk pen calves exhibited. In addition, a Pee Wee Swine Showmanship show will be held for youth under the age of 9 years and not in the third grade.

Pay-N-Save Grocery in Matador will be serving breakfast to exhibitors, donors, and local residents from 6:30 a.m. to 8:30 a.m. The concession stand will be open throughout the Stock Show.

An Item Auction will be held at 2:30 p.m. on Saturday. Local businesses have donated merchandise to the Livestock Association. The merchandise will be sold to highest bidder.

One (1) dollar donations are being accepted for drawing of a \$500.00 gift certificate from Thacker Jewelry in Roaring Springs. The proceeds from the fund raiser will benefit the Premium Auction. Anyone interested in the gift certificate may contact a Motley County FFA or 4-H member or a director of the Motley County Junior Livestock Association. Directors for this year's Show are Craig Turner, Billy Wayne Denison, Bruce Lefevre, Tommy Gleghorn, Ron Gastineau, and Mark Seigler.

Everyone is invited to attend the Show and support the youth of Motley County.

Whiteflat Reunion Planned for April 2

by Nora Belle Dunning

Well it's nearly time again for the Annual Whiteflat Reunion, always held the first Saturday of April. Old pictures are needed by the middle of March to put in the newspaper. See if you can find some new ones, that haven't been in the paper.

The Reunion will be held at the Matador Senior Citizens building for a covered dish meal, good visiting and reminiscing of old times, good and bad. So many dear friends have been lost this past year.

This will be the 19th get-together since it was started in 1976. If you know of anyone who has passed away since last year, please contact me. All Whiteflat exes and friends are always welcome to join us.

I have so many precious memories of my years growing up in the Whiteflat area and how much we loved each other in our small town. How everyone helps each other in happy time and times of sorrow, sharing with each other in hard times. We were all one happy family. Regardless of what church you belonged to, when a church had a Revival we all attended. Come join us for this Reunion, April 2, 1994.

EARLY DEADLINE FOR NEXT WEEK'S PAPER

Please have all news and ad copy in our office by no later than noon Monday, March 14 for next week's paper. Our office will be closed on Tuesday, March 15, and Thursday and Friday, March 17 and 18. The paper will be printed and mailed out on its usual day, Wednesday. Thank you for your cooperation.

Local Youth Wins At Houston Calf Scramble

Brains, brawn and incredible endurance paid off for Cobey Turner of Matador during the February 26th matinee performance of the 1994 Houston Livestock Show and Rodeo.

Cobey was one of 28 outstanding Texas youngsters who was challenged to halter and bring one of the 14 flee-footed calves

across the Astrodome floor into the winners' square.

In exchange, Cobey, a student at Motley County I.S.D. will receive a \$1,000 calf purchase certificate donated by Ruth B. Sterling and Max Piper to be used toward the purchase of a registered beef or dairy heifer.

Next year, Cobey will return to the Houston Livestock Show and Rodeo, armed with detailed records and a well-groomed heifer to compete in a special livestock show competition for additional prize money and awards.

Working along with Cobey on the project will be Michael Clawson, Cobey's county extension agent who will oversee all work with the heifer.

According to Robert Norwood, chairman of the Calf Scramble Committee, the Houston Livestock Show and Rodeo has put approximately 13,000 animals worth more than \$3.5 million in the hands of Texas youth.

"The calf scramble offers a unique opportunity to young men and women who participate. Each contestant must demonstrate the tenacity to catch and halter a calf, in addition to having the desire to dedicate the time and resources to raising the heifer for at least one year," added Norwood.

The calf scramble event is held during each of the 18 rodeo performances, which features star entertainment, indoor fireworks, top-notch rodeo competition and much more.

Each year the Show benefits Texas youth through individual scholarships and endowments to Texas colleges and universities. The show's total educational commitment annually exceeds \$3 million.

Economic Development Meetings Continue

by Kelly Wade

NOTE: This article was made possible by a grant from the Reader's Digest Foundation for Texas Tech Journalism students.

Economic development meetings for Motley County continued Thursday night when a task force met to discuss the feasibility of a county wide chamber of commerce and how to proceed with further economic improvements.

Group chairman Charles Keith and

three other Motley County residents met with Brenda Clappitt, manager of the Floydada Chamber of Commerce, to discuss implementation of a county wide chamber of commerce and what would be required to work in that direction.

The first step in its formation would be to put together a board of directors, Keith said. The second step would be to obtain a charter from the government.

"Much work needs to be done before the chamber of commerce comes into

being, and it will require the participation of all concerned residents," he added.

An open meeting for all Motley County residents will be held in the next thirty days.

The next task force meeting will be March 10.

UNDERACTIVITY, NOT OVEREATING, MAY CAUSE EXCESS BODY FAT

Recently reported in the *Journal of the American Dietetic Association* was the results of a study on the effect of exercise on fat reduction. During a 10-day study, nine men over age 65 engaged in normal life activities and consumed substantially more energy than currently recommended for their age group. Researchers at the U.S. Department of Agriculture's Human Nutrition Research Center on Aging at Tufts University, Boston, Mass., concluded that overweight is more likely due to too little physical activity throughout the day than to overeating. Previously, the researchers had reported similar findings for men in their twenties. All the men studied were of average weight.

No correlation existed between the men's level of body fat and their energy intake in either age group, but there was a significant inverse relationship with physical activity. In other words, the more activity, the less body fat.

The results, which were reported in the December 1992 issue of the *International Journal of Obesity*, suggest that the current Recommended Dietary Allowances (RDAs) for energy may significantly underestimate actual energy requirements.

USE APPLAUSEAUCE TO CUT FAT
Use applauseauce to replace all or part of the fat or oil in baked products. The texture may not be the same, not as fine a crumb or light, airy texture, but some consumers may be willing to sacrifice texture for fat savings. According to the Processed Apple Institute, substitution is one for one. And for better texture in baked goods, use applauseauce products with finer consistencies rather than those chunky products.

PREGNANT WOMEN BEWARE OF LEAD FROM MUGS

A recent report in the FDA Consumer suggests that pregnant women may want to choose glass or plastic mugs rather than ceramic mugs when drinking hot acidic beverages on a daily basis. There is concern that there may be risk to a developing fetus from lead leached from lead-glazed ceramic cups or mugs. Acidic beverages such as coffee or tea cause the greatest leach risk. It should be noted, however, that occasional use of these

such ceramic items may not pose such a risk.

GRILLING MEATS CONSIDER FOOD SAFETY

Grilling meats outside is a favorite warm weather activity. Follow safe food handling practices to assure that meat is safely prepared and safe to eat. Cook ground meats to a well-done stage; meats should be brown throughout. Cook chicken until juices run clear; fish until it flakes easily with a fork. Use a clean serving plate and utensil to pick up and serve cooked meat. Never use the same ones that held raw meat or marinade mixture without washing them first. Any item that was in contact with raw meat may carry bacteria that cause illness. Keep everything clean, including containers, utensils, hands, and any surfaces that come in contact with meat.

SLOW COOKERS ARE OKAY

Slow cookers cook food safely at temperatures that would be unsafe in an oven. The covered pots cook with steam which is a potent bacteria killer. These electric pots are convenient for stews or casseroles which benefit from slow cooking. The recipes call for a cooking period of eight to 10 hours, during which time the temperature should gradually rise to about 165 degrees.

The following precautions should be taken to ensure that the contents get hot enough to destroy bacteria that could cause food poisoning:
— Don't use the pot to defrost and cook frozen foods. Defrost them first in the refrigerator or microwave.
— Cook with the lid on.
— Cut meat or poultry into small uniform pieces. For instance, don't put whole roasts or chickens in the pot.
— Use plenty of liquid, since the resulting steam will help kill bacteria.

— If you think your pot isn't getting hot enough, start cooking on the highest temperature and then lower it.

THOUGHT FOR THE DAY: Some people are graceful; others try to learn the new dances.

El Progreso Club "Soars" With Former WASP

El Progreso Club met Thursday evening, February 24 in the First United Methodist Church for the annual Guest Evening. The group gathered in the sanctuary for welcome by Mrs. Jo Ann Dickson, who presided over the evenings activities in the absence of the president, Mrs. JoElla Bumgardner, who was ill.

Mrs. Lola Pohl played patriotic music on the organ preceding the meal. Furman Vinson gave the invocation after which the meal was served in the Fellowship Hall of the church.

The tables were patriotically decorated with white cloths, red and blue napkins, red, white and blue streamers down the center of the tables, with American flags scattered down them. A large silk bouquet of red, white and blue flowers centered the head table. Patriotic colored bows cornered the tables.

Before returning to the sanctuary Mrs. Dickson thanked the committees who were Mrs. Loys Campbell, Mrs. Sue Seigler, Mrs. Bailey Elliott, and Mrs. Beverly Vinson for food and Mrs. Dorothy Day and Mrs. Beverly Vinson for decorations. Mrs. Dickson also gave a brief history and function of Texas Federation of Women's Clubs (TFWC). Introduced at the head table were Mr. and Mrs. Harold Campbell, she being past Santa Rosa District President, Mr. and Mrs. J.E. Edwards, their guests, Mrs. Sue Seigler and the guest speaker, Mrs. Florene Watson of Borger, Mrs. Frank Potts and Kendal Potts, guests of Mrs. Seigler and Robert Dickson. Mrs. Seigler is TFWC State Scholarship Chairman.

When the group returned to the sanctuary for the program, Mrs. Seigler introduced Mrs. Watson relating she was a former WASP, women who ferried airplanes from the Manufacturer to the final destination. She is married and lives in Borger after having taught for many years. She received her Bachelor of Business from Lamar State University and Master of Business from the University of Houston. She does church work, is a nursing home volunteer, and has been a member of TFWC for many years. Her first flight came when she was 8 years old, a barn-stormer. Her father instilled in the family a need to contribute to the country and forswore the coming of trouble in Europe so bought a plane and encouraged the children to fly.

While watching her father and older brother fly one day, she saw them crash 'at her feet'. Her younger brother and she both flew in the Military. In her second year at Baylor she got all licenses to fly and teach flying. She taught three classes

of fifty men each, pre-Pearl Harbor. The women were qualified to fly, ferrying planes with 500 hours training while men only required 200 hours to fly. Two-thirds of the girls went to training command-towing targets, flying planes that had been worked over by the mechanics. By the time the war was over Mrs. Watson had flown every type of civilian and military plane.

Her talk was most interesting and informative especially as most of the group was familiar with the times she spoke of. Robert Dickson gave the benediction.

Members present other than those mentioned were Mrs. Josephine Hamilton, Mrs. Winifred Darsey, Mrs. Lucretia Campbell, Mrs. Opal Pipkin, Mrs. Pearl Patten, Mrs. Lila Meador. Guests other than those previously mentioned were Mr. and Mrs. Charles Keith and Charlotte Fleming, Mr. and Mrs. Joel Dean Spray, Mr. and Mrs. Carl King, Mrs. Marjelen Watson, Mrs. Irene Welling, E.A. Day, Mrs. Billie Clifton, Mrs. Winifred Lee, and Mrs. Mary Jo McCreless.

CLUB'S TEXAS HERITAGE PROGRAM CITES INFLUENCE OF IMMIGRANT'S LIFESTYLES

Delayed Meeting Report From January 27th Meeting

When El Progreso Club members met January 27 for a Texas Heritage Program, they were given interesting facts and figures which revealed the part that immigrants to Motley County had con-

tributed to its lifestyles. Mrs. Lucretia Campbell, District and County Clerk of Motley County, presented the program, and her informative material included a review of a current colorful book describing courthouses of Texas in all 254 counties.

"An emigrant, according to Webster's Dictionary, is one who removes his habitation or quits one country for another," Mrs. Campbell said in her introduction. "Somewhere in all of our backgrounds, there was an emigrant who left his country in Europe and came to America. When the person decided to come to America, we all know some of the stories about the thrill of seeing our Statue of Liberty, and going through Ellis Island, then embarking on an adventure of a new life."

Mrs. Campbell then explained the procedure necessary to attain this goal. "he or she had to register in the county of their choice, at the courthouse in a book called 'Declaration of Citizenship.'" I found our book in the storage room in my office.

Since there were only a few names registered in this county, she listed them.

A brief history of the organization of Motley County in 1891 followed, with it being noted that Walter A. Walton, Hazel Donovan's father, was the first County Clerk of the county.

Closely associated with the forming of the counties was the construction of courthouses, Mrs. Campbell said, and displayed a fascinating book titled "The Courthouses of Texas", containing a

colored photograph of each courthouse building in the state, together with a description of its structure. Authors of the book are Mavis P. Kelsey, Sr., who traveled throughout the state to take the photographs, and Donald H. Dyal, who contributed to the context. It was published by the Texas A&M Press last year.

Motley County's courthouse is described as being Modern-Style and it is noted that there have been three, 1891, 1904, and 1948, having lost the first two by fire. The first one, built when the county was organized in 1891 is described: "That courthouse was fondly remembered for its sky blue privy out back."

The meeting was called to order by the president, JoElla Bumgardner for a brief business session, which included a Federation report by JoAnn Dickson, on a recent trip she made to Austin as a trustee of Santa Rosa District, TFWC (Texas Federation of Women's Clubs) Historical Foundation. Lola Pohl provided piano accompaniment as members sang the Federation song and Home on the Range.

Hostesses for the day, Opal Pipkin and Winifred Darsey served refreshments of chocolate cake, nuts and mints, hot spiced tea and coffee.

In addition to those mentioned, others present were Grace Campbell, Bailey Elliott, Josephine Hamilton, Mary Helen Cross, Loys Campbell, Lila Meador and Pearl Patten.

Practical Experience Proves To Be Beneficial

by Kelly Wade

NOTE: This article was made possible by a grant from the Reader's Digest Foundation for Texas Tech Journalism students.

As a Journalism student at Texas Tech I have heard numerous lectures about theories of journalism and journalism history.

While these classes are helpful, they don't give students practical experience. My current reporting class, however, has given me the opportunity to work and report for an actual newspaper, the *Motley County Tribune*.

When I was first given this assignment, I was a little nervous and didn't really know what to expect. My worries were calmed, however, after I made my

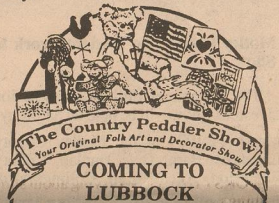

first trip to Matador and wrote my first article.

I had never had anything published prior to working in Matador, and it was a tremendous thrill to see my article in print.

Before working for the *Motley County Tribune*, I was often unsure of whether or not I had chosen the right profession, but

working here has assured me that this is what I want to do and has given me the practical experience that I needed.

A journalist's first newspaper and published article are big steps in his career, and I am thankful to the *Motley County Tribune* for giving me this opportunity.

LETTER TO THE EDITOR

Dear Editor:

I am a lover of history and I have a somewhat unusual hobby. I collect old tokens used by stores, barber shops, pool halls, bakeries, saloons, forts, and other businesses years ago. The tokens were "good for" 5¢, 10¢, 12 1/2¢ or such in trade or merchandise or "good for" a loaf of bread, one drink, one shave, one ride or whatever. They were usually made of metal, and while having the general appearance of a coin, they were made in all shapes and sizes.

I am hoping that if you have a "Letter to the Editor" section or such in your paper that you might mention my search. I know that this request is relatively unimportant, but as our elderly pass away and the younger members of the family inherit their possessions, tokens and other

items are considered junk and thrown out. I do get a great deal of enjoyment from my hobby and I do believe that these concrete reminders of our great heritage are worth preserving.

I have reason to believe that some of these tokens were used in your area and I would be most interested in obtaining some of them for my collection.

I would like to hear from anyone having one or more of these tokens or from anyone that might be able to help me. Any help that you can give me of any kind is greatly appreciated. My address is Travis Roberts, Box 1168, Bellaire, Texas 77402.

Thank you kindly in advance and best wishes.

Travis Roberts

Frank Pohl Named Resident of the Month at Care Center

Frank Pohl was recently named the Resident of the Month at Crosbyton Care Center. He was born in Lavoca County in 1909. He spent his childhood in Slaton and moved to Matador 61 years ago. He and his wife Lola, have one daughter, Carolyn, two grandchildren and three great-grandchildren.

Frank was a 49 year member of the Lions Club and a 50 year member of the Masonic Lodge. He was also a member of the school board for 12 years and attended the Methodist Church, where he was a

trustee. One of his greatest accomplishments was owning and operating a hardware store for 35 years. Another accomplishment was being on the Slaton football team that beat Lubbock High School in 1927.

Frank was a family man who worked hard to provide the best for his family. The greatest changes he has seen in the world was going "from the covered wagon to the space age." Frank always has a smile for everyone.

Bradley Jameson Completes Recruit Training

Marine Pfc. Bradley D. Jameson, son of Leslie C. and Linda S. Jameson of Matador, recently completed recruit training and was promoted to his present rank.

During the training cycle at Marine Corps Recruit Depot, San Diego, recruits are taught the basics of battlefield survival, introduced to typical military daily routine and personal and professional standards.

All recruits participate in an active physical conditioning program and gain proficiency in a variety of military skills including first aid, rifle marksmanship and close-order drill. Teamwork and self-discipline are emphasized throughout the cycle.

Families needed for Exchange Students

American Intercultural Student Exchange, a non-profit, tax exempt educational foundation, looking for families for exchange students; people willing to share their home, time, love and family with a foreign teen.

As Americans, we are honored to live in a country that students from around the world are eager to visit. They attend high school for ten months while living with an American family. They study our government and political systems and take their first-hand knowledge back to their home country to share with their peers, teachers and families. Their lives will never be the same after living in America.

Through hosting these very special students, the American families gain valuable insights into the different customs

and cultures throughout the world. This is truly an educational experience for the entire family. Life-time bonds are formed creating greater understanding and global awareness with all nations in our world.

Students come from 30 different countries with their own spending money, insurance and transportation to and from the United States. Students are form 15-18 years of age and attend High School in your community for the 1994-95 school year. Host families may deduct \$50.00 per month as a charitable contribution for income tax purposes.

Call your local representative, Nan Martin in Spur at 806-271-4168 or TOLL FREE 1-800-SIBLING. American Intercultural Student Exchange, a non-profit tax exempt educational foundation.

Do your duty in all things. You cannot do more. You should never wish to do less.

Order of Eastern Star School

Order of Eastern Star School for District 2, Section 5 was held at Memphis, Texas on February 15.

Four officers of Matador Chapter 66 attended the school: Winifred Darsey, Worthy Matron; Harold Campbell; Worthy Patron; Grace Campbell, Treasurer; and Lola Pohl, Organist.

Harold Campbell served as Worthy Patron during the Fraternal Visit, Grace Campbell as Treasurer, and Winifred Darsey as Esther.

Mrs. Pohl received an award for being selected as outstanding member of Matador Chapter #66 for the year, having served many years as organist.

Mrs. Marcella Curry, Worthy Grand Matron, Grand Chapter of Texas, Order of the Eastern Star, conducted the school and Fraternal Visit for all chapters in District.

Forty-two A certificates were issued and one B certificate for proficient work.

THANK YOU

Thank you so much for your kind thoughts and deeds shown to me and my family during my last surgery. They were appreciated very much.

Thanks again,
Dean Turner

I want to thank everyone and say how much I appreciate your support and voting during the Commissioners Race for Precinct 4.

Health News

BECOMING FIT

Exercise. It can be done almost anytime and anywhere and it can help prevent or reduce the risk of various health problems. Follow these three exercised guidelines and you will be on your way to becoming fit: First, you need to check with your doctor. If your doctor says you have no health problems, then you are ready to begin, however, take the slow and steady approach. Last, your end goal should be 20 to 30 minutes of nonstop exercise.

Here are a few tips to put exercise higher on your list of priorities:

1. If you have a morning exercise schedule, lay your clothes beside your bed and put them on as soon as you get up.

2. If you exercise at lunch time, make an appointment to exercise. Pack your gear into a neat exercise bag every evening and write "exercise" into your appointment book.

3. If you exercise before dinner, set your exercise gear on the dining room table before leaving for work in the morning. Then you must exercise in order to clear the table for dinner.

"All of us have time to exercise, but few of us make time to exercise. Integrating regular exercise into one's busy schedule is as simple as scheduling time for it," said DeeDee Ninemeyer, fitness specialist at Methodist Hospital's LifeStyle Centre.

Each year, more and more scientific

evidence demonstrates that regular physical activity can help the human body maintain, repair and improve itself to an amazing degree. Not convinced? Here are some good reasons to exercise regularly:

— Heart disease - regular exercise significantly reduces the risk for heart disease.

— Osteoporosis - progression may be slowed by regular weight-bearing exercise

— Cholesterol - exercise helps cleanse blood of fats that block arteries.

— Hypertension - is less likely to develop among exercisers than non-exercisers.

— Diabetes - adult-onset diabetes is less likely to develop in active people.

— Flexibility - exercise strengthens muscles and keeps the body more flexible.

— Mood - exercise is rewarded with reduced anxiety, tension, and improved mood.

Walking is the ultimate exercise, because it is something you already know how to do. Ask a friend to join you and the time and miles will pass before you know it.

Other ideas like playing golf, without a cart, can help burn off 200 calories in an hour. Fast dancing burns off 300 calories an hour. Such low-intensity exercises can help you lose weight without putting a major strain on your joints and muscles.

Single Family Housing Loans Available

Rural Housing Loans for very-low and low income applicants are available through County Offices of the Farmers Home Administration (FmHA), Spur, FmHA County Supervisor, said today.

Home ownership loans may be used to buy, build, improve, repair, rural homes and to provide adequate water and waste disposal systems. Homes may be built on individual tracts or in subdivisions. Funds may also be used to modernize homes - add improvements such as bathrooms, central heating, modern kitchens and other improvements. Borrowers may buy an existing house and lot or buy a site on which to build a home. Loans may be made for up to 100 percent of the appraised value of the site and the new home. Interest rates for this type of loan are presently 7.75 percent with 33 years terms. Monthly payments are subsidized with the amount of the payment dependent on the borrowers annual income. Homes will be modest in size, design, and cost but adequate to meet the family's needs. New homes average about 1,050 square feet of living area.

In addition, Farmers Home Admini-

stration guarantees home ownership loans made to applications of low or moderate income. Guarantees offer opportunities to families who are unable to afford a commercial loan without a Guarantee. These loans may be made for up to 100 percent of the value of the property and are made for terms of 30 years. The interest rate is based on the Federal National Mortgage Association rate with a maximum loan amount in most counties of \$67,500.00.

The Farmers Home Administration assist rural America by guaranteeing private sector loans and by providing temporary, supervised direct loans to farm and housing borrowers who have a reasonable chance for success, and whose current needs cannot be met at reasonable rates and terms by commercial sources. The Agency is committed to excellence in providing its service.

"Application for assistance may be obtained at the Farmers Home Administration office located at 314 Willard Ave.", FmHA County Supervisor said. The FmHA office in Spur is open from 8:00 a.m. to 5:00 p.m., Monday through Friday.

Cathey Perryman was selected by her peers as Clarendon College's most academic and most dependable female student during the college's awards program. Cathey, a sophomore, is a member of Phi Theta Kappa and Rodeo Club. After completion of her associates degree, she will attend Lubbock Christian College and pursue a bachelor's degree in education.

INSTALLATION OF NEW PTK MEMBER — The Clarendon College Iota Phi Chapter of Phi Theta Kappa (PTK) held its 1993-94 pledge installation Monday, February 28, at Bairfield Activity Center. A total of 26 pledges were inducted. Roaring Springs native receiving the honor of induction was Lacey Parks. Pledges met the requirements for membership which include: a minimum GPA of 3.2 on a 4.0 scale, enrollment in the number of hours necessary for full-time status, established academic excellence as judged by the faculty and have displayed good moral character and possess recognized qualities of citizenship. Phi Theta Kappa is the national scholastic honor society for community and junior colleges. The organization has over 400 chapters located in 48 states, the canal zone and Puerto Rico. Clarendon College established its PTK Chapter in 1958.

December 31, 1994 is the date by which conservation practices required on highly erodible cropland are to be fully applied. Conservation compliance provisions of the Farm Bill require producers to have their conservation plans implemented by December 31, 1994 to remain eligible for USDA program benefits. Producers are responsible for implementing planned practices by the agreed-upon dates specified in their conservation plans. Failure to complete practices as scheduled may result in the loss of USDA program benefits. Funds may be available to assist producers with getting required practices installed through USDA cost-share programs. Producers are urged to look into the Agriculture Conservation Program (ACP), Long Term Agreement Program (LTA), and the Great Plains Conservation Program (GPCP) for cost-share assistance.

Great Plains Conservation Program Funds for the development of GPCP contracts are currently available through the Soil Conservation Service. This is a good opportunity for landowners to look into the program as means of getting

practices required under the Farm Bill (FSA) completed. For more information about the Great Plains Conservation Program or if you have questions concerning your Farm Bill Conservation Plans please contact James, Ed, or Rodney at the Soil Conservation Service office in Matador.

The United States Department of Agriculture (USDA) prohibits discrimination in its programs on the basis of race, color, national origin, sex, religion, age, disability, political beliefs and marital or familial status. (Not all prohibited bases apply to all programs). Persons with disabilities who require alternative means of communication of program information (braille, large print, audiotape, etc.) should contact the USDA Office of Communications at (202) 720-5881 (voice) or (202) 720-7808 (TDD).

To file a complaint, write the Secretary of Agriculture U.S. Department of Agriculture, Washington, D.C., 20250, or call (202) 720-7327 (voice) or (202) 690-1538 (TDD). USDA is an equal employment opportunity employer.

FmHA Has Funds Available For Socially Disadvantaged

The Farmers Home Administration has loan funds to help members of socially disadvantaged groups, including minorities, buy land for farming or operate farms in Dickens or Motley counties, Larry Clements, FmHA County Supervisor, said today.

Under this program enacted by Congress, socially disadvantaged population groups are Hispanics, Native Americans, African Americans, Asians and Pacific Islanders.

FmHA tries to find members of those groups who are interested in farming and can qualify for a FmHA farm ownership

loan. The agency can sell or lease to those who are eligible for a farm held in its inventory or make a loan for purchase of land on the open market, Clements said.

FmHA can also provide other loan assistance, including operating loans, and advice, if needed, to help the borrower get started.

People who think they may be eligible, whether they already are in farming or would like to become farmers, are urged to contact the Farmers Home Administration County office in their area, Larry Clements said.

Dickens Electric "Dedicated to Safety"

Dickens Electric Cooperative, Inc. has taken steps recently to re-vamp our safety program. DEC has always been a "Safety First" cooperative, and the measures taken recently will enhance this message. With OSHA's new regulations, and safety an issue on everyone's mind who works around electricity, DEC has recently named a Safety Committee consisting of outside and inside employees.

Chairperson of the committee will be Journeyman Lineman Sheldon Parsons. Other members of the committee are Construction Foreman Mike Marshall, System Design Technician Tom Hale, Journeyman Lineman Lee Kidd, and Member Service Director John Bleiker.

As OSHA requirements change for all employees, the Safety committee must be aware of these changes and be ready to act accordingly on any new developments. The committee will also be responsible for acting on safety violations and reviewing all accidents. Other duties of the

committee will be to set up safety meeting dates, discuss new ideas, and help make this a safer place to work and live, not only for DEC employees, but for the member/owners in the counties we serve.

Any questions concerning safety or if you want to learn more about our safety program, call the DEC office at 271-3311.

Computer Training To Be Held In Matador March 21

The Motley County Extension Service will offer an Introduction to Quicken 7.0 computer short course on Monday, March 21, 1994. Location for this course will be the Matador Senior Citizens Building in Matador from 9:00 a.m. to 4:00 p.m. Due to limited computer space, interested persons should pre-register by March 18, 1994. The course will be limited to the first twelve registrants.

This short course will be a one day program for farmers and ranchers wanting an easy computerized cash record keeping system. Quicken 7.0 will be taught using case examples. Participants will receive hands-on experience in learning this popular software package. During the short course, participants will enter transactions, track enterprise expenses and incomes, and produce financial reports based on whole-farm and/or enterprise information.

The cost of the course will be \$40.00 and will cover printed materials and example computer disks. Spouses are encouraged to attend (\$40 fee covers both).

Interested persons should register for the short course before Friday, March 18th. For further information, please contact Michael Clawson, Motley County Extension Agent, at (806) 347-2733 or Stan Bevers, Extension Economist in Vernon, at (817) 552-9941.

MISS LULA SWIM HOSTS GUILD

Miss Lula Swim was hostess to the Wesleyan Guild Wednesday evening of last week at her home on Second Street. Twelve members were there to continue their study on "More Than Conquerors". Billie Clifton opened the meeting with a prayer, and JoEttta Bumgardner brought the devotional. Chelsea Read, Study Leader, conducted the lesson on "More Than Conquerors All" using the first chapter of Second Timothy. Mrs. Read closed the meeting with a prayer.

Present were Opal Bradford, Billie Clifton, JoEttta Bumgardner, Darleen Fletcher, Freda Keahey, Debbie Martin, Pearl Patten, Lee Peacock, Chelsea Read, Imogene Swim, Grace Zabielski, and the hostess.

A large number of relatives and friends were at First Baptist Church last Saturday afternoon to pay their respects to Mrs. Lillie Pierce and express their sympathy to her family, her children Naomi, Carl, Larry and Elaine having grown up in this community. Sincere sympathy is extended to her children, her sisters, and other relatives.

Wayborn Mitchell came from Paducah Saturday to attend Mrs. Pierce's funeral with his mother, Mrs. Vera Mitchell.

Carl Pierce and Naomi Huddleston of

Lubbock and Elaine White of Plainview with members of their respective families attended funeral services for their mother, Mrs. Lillie Pierce, Saturday.

Mr. and Mrs. Hubert Holcomb of Crosbyton and Mr. and Mrs. Wayne Russell of Floydada attended funeral services for the ladies sister, Mrs. Lillie Pierce, Saturday afternoon.

Among the out of town friends attending Mrs. Pierce's funeral were Mr. and Mrs. Henry Russell of Lubbock.

Mrs. Dorothy Lee was in Lubbock Wednesday and Thursday of last week for medical tests at St. Mary's Image Clinic. She was the overnight guest of her daughter, Mrs. Linda Schwarz.

Miss Lula Swim was a Lubbock visitor last Saturday, and attended a lunch for those to take tour to England in May, at the home of Mr. and Mrs. Bob Renfro, leaders of the tour.

Mr. and Mrs. Sam Swim of Lubbock visited his parents Mr. and Mrs. J.T. Swim Sunday.

Ross Odell of Denver, Colorado, visited his aunt, Mrs. Odessa Mullins Wednesday afternoon.

Mr. and Mrs. Lester Mullins of Hereford, were Saturday overnight visitors with his mother, Mrs. Odessa Mullins.

Mr. and Mrs. Jack Davis visited his brother and wife, Mr. and Mrs. Aubrey Davis in Las Cruces, New Mexico from Friday until Sunday.

Matador Masonic Lodge Hosts Oyster Feed Revival

On the evening of February 29, 1994 the Matador Masonic Lodge #824 AF & AM hosted the Grand Master of Masons in Texas, Billy W. Tinsley from Houston along with more than 80 others from over the state, from San Antonio to Spearman, Throckmorton to Lubbock and places in between. The meeting was for area Masons and invited guests. The newly refurbished dining hall was a-buzz while the men were eating oysters (mountain and sea), fish, hush-puppies, coleslaw and cobbler and visiting. Several of the local members toiled before hand getting ready and from all indications it turned out to be a howling success.

During the evenings program the Grand Master was presented a chormepated Masonic emblem branding iron, something always presented to a visiting Grand Master when he is in the area and unique to this area.

Past Grand Masters from the area attending were Jr.-past, Robert O. Bob Schnell from Borger; J.M. Jimmy Willson from Floydada; and Furman Vinson from Flomot. The Grand Jr. Steward of the Grand Lodge, Stephen F. Cross from Borger was also in attendance. Five District Deputy Grand Masters in the group were Wes Campbell from the 96th

Masonic District, Clifton Casey from district 93-A, Billy Stafford from 93-B, Bill Weeler form 95 and Cecil Biggers from 102.

Legal Notices

NOTICE OF RATE CHANGE REQUEST

Brazos Electric Power Cooperative, Inc. (Brazos Electric), in accordance with the Public Utility Regulatory Act and the rules of the Public Utility Commission of Texas, publishes this statement of intent to change rates applicable throughout the territory in which it provides electric service. Brazos Electric provides only wholesale power under one wholesale rate class containing 27 customers, all to be affected by the rate change. The proposed rate change is expected to result in a \$9,243,587, or 4.23 percent, increase in Brazos Electric's test-year revenues adjusted for weather normalization, year-end customer numbers, and other revenues. The increase over test-year revenues, adjusted only for the effect of year-end customer numbers, as specified in the commission's Rate Filing Package is \$17,440,920, or 8.29 percent. The effective date of the proposed rate change is March 14, 1994, or as soon thereafter as permitted by law.

A complete copy of the proposed rate change application is on file with the Public Utility Commission of Texas and at the headquarters of Brazos Electric, 2404 La Salle Avenue, Waco, Texas.

Persons who wish to intervene in or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission's Public Information Office at (512) 458-0256, or (512) 458-0221 for text telephone. The deadline for intervention in the proceeding is March 24, 1994, 45 days after February 7, 1994, the date the application was filed with the commission.
