PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Shortages in the supply of... have created some weird malfunctions in the law of selection. Bald, rotund and unshaven customers at a typical beer bar supply a wealth of evidence that some wives exchanged choice for a rigged lottery ticket.

Memory is the vapor trail left by rocketing years; an inscription written on the waters of time to perish as a wave breaking on the shore.

A smile never leaves the wrong impression.

Destiny of the masses through the centuries has been to achieve a splendor in obscurity. Prairie grass creates a similar image, when, having known the tread of angels and the embraces of the wind, it awaits serenely for the scythe of winter.

Bouncing some of our television shows off the Telstar may improve the quality overseas but the scheme is risky considering the delicate balance of international relations.

Another nice thing about a vacation is that it is seldom necessary to consult a road map on the last lap home.

The pity of it all is the refusal of a mirror to tell a woman what public opinion will be of the new hat it is reflecting.

The future of education may not be encouraging, but neither are the prospects of the civilization from which it was distilled.

Services Are Held For P. H. McDorman

Funeral services for Parker Houston McDorman, 72, resident of this area the past 50 years, were held at 10 a.m. Saturday, at the First Baptist Church, Roaring Springs. Mr. McDorman died Thursday at his home in Roaring Springs, following a heart attack.

Rev. O. Strickland, pastor of the Primitive Baptist Church of Graham, officiated, assisted by Rev. Haywood Kube, pastor of the Roaring Springs First Baptist Church.

Mr. McDorman was a member and deacon of the Primitive Baptist Church. He was a retired farmer and wood well driller.

Burial was in Roaring Springs Cemetery, with Eudy-Seale Funeral Home in charge. Pallbearers were Dean McInroe, J. M. Buzi Thacker, Jack Davis, G. W. Giesecke, Albert Irwin and Paul Baxter.

Mr. McDorman was born March 23, 1890 in Coke County, Texas and died July 19, 1962 at the age of 72 years, 3 months, 26 days.

He was married November 12, 1909 at Blackwell, Texas to Miss Eliza Boyett and after living in Coke Co. for a year, they moved in a covered wagon, to Kent Co. where they lived for two years. From there they came to this area and made their home on the Charlie Bird Ranch for a time.

In 1915 the family moved to Alton, where Mr. McDorman started drilling water wells. During that time he was appointed Deputy Sheriff. They lived for a short time at Electra, then moved to Roaring Springs where they have since resided.

Survivors include his wife, Mrs. P. H. McDorman, Roaring Springs; seven daughters: Mrs. V. F. Lowrance, Donaldson, Ark.; Mrs. V. J. Lowrance, Lubbock; (Continued on Back Page)

All Phone Numbers Changed in Switch To Dial Operation

All telephone numbers in Matador will change when service is cut to dial operation Wednesday, August 1, at 6 a.m., and W. L. Frazier, district manager cautioned all telephone users to check the recently issued interim directories before using their new dial service.

The supplemental directory which has already been delivered to Matador customers will be used temporarily until the regular Crowell, Roaring Springs, Paducah, Trussett and Matador directory is published January, 1963. Frazier asked that anyone who has not received a directory to check with the telephone business office at Ralls, Enterprise 2412.

Complete instructions for using your new dial telephone, how to reach information and long distance, and new emergency numbers, and how to report a telephone out of order are listed in the inside front cover and pages 1 and 2 of the new directory. Frazier requested all subscribers to review these pages before using their new dial telephones.

First State Bank building will be empty.

Telephone service will be cut from the present common battery service to modern dial operation at 6:01 a.m. Wednesday, according to W. L. Frazier, district manager for General Telephone Company of the South-west.

The cutover ends many months of planning and construction, Frazier pointed out. Among the major setps was the purchase of land on which to construct a new masonry building to house the equipment; the engineering and installation of the intricate equipment designed specifically for Matador by highly specialized men; the re-centering of all outside facilities from old office into the new office, and of course, many hundreds of other details too numerous to mention.

Frazier said that after conversion, Matador will be what is called an "unattended" dial exchange as has been Roaring Springs for a number of years. That is, no operators will be stationed here.

While the new dial service will permit completion of local calls without assistance of an operator, long distance or information calls will be handled exactly as if operators were located right here in Matador.

In addition, subscribers will benefit from the increased speed with which long distance calls can be completed since the operator distance dialing service whereby the long distance operator can dial the distant city being called.

Eagles Win League Championship Tilt

MOTLEY EAGLES copped Floydada Texas Teenage Junior League championship Monday night as they divided a double-header with the strenuous VFW team. After dropping the first game, an abbreviated completion of a suspended game, by a 10-1 score, the Eagles bounced back to defeat the VFW 4-1 in the deciding tilt.

Curtis Smith struck out eight batters and walked only four. Behind his strong 3-hit pitching the Eagles were never headed after the first inning. In the first, after Tom Green walked and stole second, he scored on an infield hit by Gary Campbell. Campbell then scored on a single by Tom Green, who, in turn, scored by stealing third base and coming home on a

throwing error. That completed he scoring by the Eagles until he seventh inning when Tom Green again scored from second base on a solid single to center by Gary Campbell.

The VFW scored one run in the third inning and seriously threatened in the fifth, but the harp fielding Eagles cut down runners at the plate on attempted double steals.

Only nine players of the 15-man Eagle squad showed up for the game, but that proved to be enough. There were Tom Green, Gary Campbell, Curtis Smith, Tom Green, Larry Lawson, John Smith, Ronnie Cox, Keith Smith and Max Barton.

The Eagles will play in the regional tournament at Baird, August 2, 3 and 4. Plans are un-

GREENBELT BOWL BOUND—Dale Dixon, left, who will play center on the West team; his guest and Queen Nominee, Miss Cherri Barton, and Raby Webb, right, who will serve as one of the officials for the 13th annual Greenbelt Bowl football game at Childress on August 4.

Dale Dixon To Play In Greenbelt Game

Dale Dixon, co-captain of the Matador Matadors the past season, and one of the team's outstanding players has been invited to play in the 13th Annual Greenbelt Bowl football classic, Saturday, August 4, in Fair Park Stadium, Childress.

The 18-year-old, 1961 Matador High School graduate will play center on the West team. He is 5'11" and weighs 175 pounds. He is the son of Mr. and Mrs. Marvin Dixon of Whiteflat.

Report of players who have accepted the invitation to attend indicates that it will be a hard fought, head knocking brand of football. The 44 boys that will make up the two squads, the East team and the West team, are the best talent in this area.

Each of them has been either an all-district, all-regional, or all-state selection. They are experienced and will show a lot of speed.

This classic will be the first of the bowl games to be played in North Texas and the Panhandle and will attract a number of scouts and coaches from all over the area.

Each of the players has selected a young lady as a Queen Nominee and these young ladies will be entertained at a tea at the Woman's Department Club on Friday afternoon.

Miss Cherri Barton, 1961 Matadors Sweetheart has been invited by Dixon to accompany him as his guest and nominee for the Queen's honor. Miss Barton is also the Matador Lions Club's 1961 Queen.

On Friday evening, the players, their parents, the queen nominees and their parents will be entertained at a picnic in Rotary Bowl in City Park, after which the young ladies will be

presented to the people of Childress and the parents and visitors. After this presentation there will be an informal party for the group.

A full week of work and entertainment is in store for the players of the Greenbelt Bowl Classic. Alton Landrum has extended an invitation to all players and their queen nominees to be his guest at the swimming pool in Childress during the entire week, and R. J. Cordell will entertain the players at the Palace Theatre at one showing.

Greenbelt Bowl Football Week is one of Childress' top celebration and Mrs. Sam Carmack and members of the PTA have arranged to have the town decorated for the occasion.

Big Highjacker Is Anxious for Arrest

A BIG MAN drove into Wylie Oil Company station about 12:30 yesterday morning and asked night man Ed Harris to call Sheriff Jinks Wilson.

Phil Wesley Foster, 24, who gave Quannah as his home, told Sheriff Wilson that he had hit a man over the head with a Coke bottle and attempted to rob him. He said the car he was driving, a 1959 Ford convertible, belonged to the man he had attempted to rob. Foster, who weighs 220 pounds, told the sheriff he wanted to give himself up. He said the man he had attempted to rob had jumped from the car near the Motley-Floyd Counties line on US Highway 70.

Foster had blood on his face. Sheriff Wilson told him he would place him in jail. Foster in a high emotional state, told the sheriff he wanted to accompany him. Sheriff Wilson too, the precaution of placing handcuffs on the big man. The car was out of gas.

Foster said he was hungry and broke and that the man he had attempted to rob told him he had been working in the mines in New Mexico and that he had \$200.

G. A. Wright, 23, of Wichita Falls, had picked up Foster near Carlsbad. During the trip Fos-

ter had offered to drive and about three miles east of Floydada Foster had struck his benefactor with the bottle, but did not find the money he sought. When Wright regained consciousness, Foster threatened to kill him. It was at this point that Wright jumped out of his own car.

Wright jumped out in the path of a west-bound automobile, driven by an Abernathy woman. Her baby in the seat beside her was injured when he applied the brakes to avoid hitting the man tumbling from the car she was meeting. The baby struck the dash of the car. The woman's husband was asleep in the back of the car. Wright was taken to a Floydada hospital and the child was also admitted. Neither was seriously injured. Foster is in jail in Floydada.

"The kitchen is a country in which there are all ways discover to be made," said a famous French chef. And, birds or man, you've probably found that out!

To press dark garments, put a black cloth over your ironing board. This prevents dark materials from picking up white lint, saves brushing later.

Just count the ways you use electric service every day. On the job around the clock, around the calendar—can you think of anything else that does so much yet costs so little?

Here's another use for the spray attachment on your vacuum cleaner: use it to apply liquid wax to linoleum or asphalt tile.

Want to dress up that whipped cream pie? Run your pointed pointer over a chocolate bar (squares and slits) and make fancy chocolate curls over the whipped cream topping.

Freezing? Line casserole dishes first with aluminum foil. Be sure there's enough to fold over the top. Once frozen, the wrapped food can be lifted out of casserole, leaving it for other dishes. Put full-wrapped food back in casserole for reheating. (Just a nickel a day keeps a freezer full of food!)

Stews freeze very well. Freeze roast poultry unstuffed because of the danger of bacteria. Freeze pastries or meat or chicken pies unbaked. Under-cook vegetables when adding to stews and casseroles so when reheated they won't have that warmed-over taste.

Your sewing machine needle won't stick when sewing plastic materials if you sew a strip of waxed paper into the seam. When finished, tear off paper; seam will be perfect.

Something to think about! It has been estimated that in the course of his lifetime an individual eats 64,000 meals, more or less. And somebody had to plan, buy and cook 'em!

In the average American home electricity does in one day what it would take 228 hours to do by hand. Nothing else does so much for so little! And you'll never run out of electricity, because your electric company plans and builds to keep the supply years ahead of the need. Do you wonder why we say electric service is the biggest bargain in your family budget?

Quitaque Members Plan To Attend JW District Assembly

Jehovah's Witnesses of the Quitaque Congregation will join 5,000 associates at the Courageous Ministers District Assembly in the San Angelo Coliseum, July 27 to 29, according to V. D. Tiffin, local minister.

Delegates will come from 135 congregations in Texas, Oklahoma, New Mexico and 7 other states for the three-day meet.

The Witnesses have undertaken a door-to-door canvass of the entire city of San Angelo to obtain accommodations to supplement the 1200 hotel and motel rooms that are available in the city.

"This method of obtaining rooms is not new for Jehovah's Witnesses," said Tiffin. "We did the same thing in Houston, Oklahoma City and in New York for some of our larger conventions."

The meeting at the local Kingdom Hall will be discontinued during the convention week as members of the Quitaque congregation will attend the convention.

Twenty ministers have been appointed by the Watchtower Society to participate in the three-day program that will be climaxed Sunday at 3 p.m. with the talk, "Take Courage—God's Kingdom is at Hand", according to Tiffin.

Quitaque Members Plan To Attend JW District Assembly
Jehovah's Witnesses of the Quitaque Congregation will join 5,000 associates at the Courageous Ministers District Assembly in the San Angelo Coliseum, July 27 to 29, according to V. D. Tiffin, local minister.

Delegates will come from 135 congregations in Texas, Oklahoma, New Mexico and 7 other states for the three-day meet.

The Witnesses have undertaken a door-to-door canvass of the entire city of San Angelo to obtain accommodations to supplement the 1200 hotel and motel rooms that are available in the city.

"This method of obtaining rooms is not new for Jehovah's Witnesses," said Tiffin. "We did the same thing in Houston, Oklahoma City and in New York for some of our larger conventions."

The meeting at the local Kingdom Hall will be discontinued during the convention week as members of the Quitaque congregation will attend the convention.

Twenty ministers have been appointed by the Watchtower Society to participate in the three-day program that will be climaxed Sunday at 3 p.m. with the talk, "Take Courage—God's Kingdom is at Hand", according to Tiffin.

Rainfall Continues In Texas Panhandle

DAILY rainfall in the Texas Panhandle has been reported during the past week, with Motley County receiving a series of showers that are beneficial to growing crops. Some areas continue on the dry side but in most instances, ample or excess moisture is reported.

Cotton farmers in some sections of the county say that worms are beginning to cause alarm, and many are taking precaution by way of spraying crops with insecticides.

On the other hand range conditions are excellent with grass growing abundantly under moist humid cycle of weather.

Storm Pounds Lubbock

Lubbock, Amarillo and Childress were pounded by heavy rains, strong winds and severe lightning losses late Monday night. Lubbock was in partial darkness when lightning struck the municipal light plant, resulting in estimated \$50,000 damage. Much of the city was left in darkness and some planes were landed at Lubbock Municipal Airport with the aid of kerosene torches.

Portales, N. M. and Amarillo also reported losses from the storm which skirted Motley County. The largest super market in Childress was struck by lightning, resulting in a \$50,000 loss, according to reports.
