Tricia Palmer Honored At Appreciation Banquet

4 CHEERS FOR 4H

A Motley County 4-H'er was honored at the 3rd annual Appreciation Banquet in Lubbock on August 23. The Lubbock Chamber of Commerce holds the Banquet every year. This year Tricia Palmer, the daughter of James and Pat Palmer, attended the banquet. Tricia was honored as an outstanding 4-H'er of the South Plains. The speaker that night was John R. Norton, III, Deputy Secretary of Agriculture. He presented Tricia her award.

Other special guests were: Congressman Beau Boulter, Congressman Larry Combest, and Mayor Alan Henry, who congratulated award winners and their families.

Tricia was one of three 4-H-ers that night who were honored as outstanding 4-H-ers. There were two Future Farmers of America who were honored. Men and women of the South Plains were honored because of their outstanding contribution to Agriculture. There were about 400 people in attendance at the banquet.

Tricia would like to thank everyone who has helped her thus far in 4-H. She plans to continue in 4-H activities such as cooking, serving, method demonstrations, photography and livestock projects.

City Council Mini-Notes

by Patsy Tippin

The Matador City Council met Thursday morning at 7:30 a.m. at the City Hall for their regular monthly meeting. Those in attendance were: Mayor Gary Lancaster, Councilmen Lewis Bostick, L.B. Campbell, and John Briscoe. Also in attendance were city secretary Nell Berryman and Bill Jameson.

The minutes were read and approved, followed by the reading of the bills, with a motion made to pay the bills and accept the minutes.

Several topics were briefly discussed such as the city tractor's condition and that it is in bad state and needs repairs. Options to this were discussed but no definite action was taken.

Bill Jameson informed the council that the school needed more dumpster space which was followed by a discussion of so-called "shuffling" of dumpsters to oblige the schools trash quantity.

Other business completed at this meeting was to appoint L. B. Campbell as the Appraisal District Director.

With no further "news-worthy" discussion, the meeting was adjourned.

State ASC Committee Cites Need For Sound Farm Bill

College Station, Texas--"We need sound farm policy that helps Texas farmers, but also has fiscal restraint," according to Harold Thomas, Chairman of the State Agricultural Stabilization and Conservation Committee. Thomas reiterated the Reagan Administration's farm bill goal at the close of the committee meeting here today.

New legislation is needed to replace the four-year law which expires at the end of this month.

Thomas's comments on behalf of the State ASC Committee closely followed the resumption of the farm bill debate by the Congress in Washington this week, and the committee's 'conference' with Secretary of Agriculture John Block today. "We just 'met' with Secretary Block by telephone, and as his representatives on Federal farm policy here in the State the committee wanted to pass on some of what was discussed," Thomas said.

"Our major objectives are the same as when the legislative process began earlier this year," Thomas said. "Three objectives are central to the Administration philosophy."

"First, we must become more competitive in the world markets. Reducing price and income support levels is essential, so that we send a clear signal to our competitors that we are serious about regaining lost export markets. We must no longer hold the price umbrella for the world," Thomas said.

"Second, we are committed to a policy of compassion for farmers. That means we want to spend enough money to carry

our producers through a transition period as we work toward a reduction in farmer dependence on government."

"And, third, we recognize the need to reduce the Federal deficit. So, we believe the new farm bill should adhere to the Congress' spending limitation. That will mean less and less annual Federal outlays for farm programs."

He also itemized some things being proposed as part of the new farm bill that the State Committee agreed were unacceptable.

"Mandatory controls are unacceptable. Most farmers want less government control, not more," Thomas said.

"Marketing loan with unlimited budget exposure are not acceptable. The cost could be tremendous with a program that would allow farmers to take out loans at one price and pay them off at the market price."

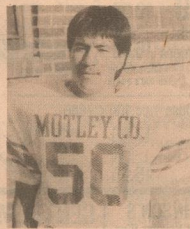

"We oppose freezing target prices. This would encourage more agricultural production than we need, because of the guaranteed price."

"We also oppose the proposed dairy diversion program. We've already tried that, and it doesn't work. The cost to government would be high. The cost to consumers would be high. And, it would get the government deeper into the dairy business with inequities in the dairy industry as a result."

"And, finally," Thomas said, "We oppose a simple extension of the present farm legislation. Why keep programs that price farmers out of world markets at a tremendous cost to taxpayers?"

From Your Editor

Since our purchase of the Matador Tribune in April of this year, we have received many written and personal "pats on the back". In fact, with the exception of a few people, I believe everyone in Matador and Motley county has gone out of their way to tell us how much they like the paper and offered their encouragement.

In commemoration of National Newspaper Week (September 15-21), we thought we would share a sampling of some of the letters and comments we have been receiving concerning your hometown newspaper.

surely is an interesting, newsy paper now, reminds me of the paper when Douglas Meador was Publisher. I surely look forward to getting it each week.

Thank you and please keep up the good work.

Sincerely,
Jewell Reeves

Dear Editor,
Thanks so much for all the improvements and the added news in the Matador Tribune. I'll always want to keep my subscription up, to know the news from my home town. But now I enjoy it even more.

Dear Patsy,
Thought the last paper was a great improvement. Keep up the good work.

Thanks,

Dear Patsy,
First edition looked real good!!

Keep up the good work. Like your mailbox.

Marisue Potts

Dear Mrs. Tippin,

This week's issue of the Tribune arrived yesterday. I found the Card of Thanks notes easier to read and the "small" changes in headings and format most appealing.

Continued best wishes and success.

Sincerely,

Patsy,
It is with much pleasure that I have received the Matador Tribune weekly as a birthday gift from my brother, Glenn Woodruff. However, since you have purchased the Tribune, I would like to say that my pleasure has increased. You have certainly upgraded the quality of the paper front to back.

If "Trail Dust" and Lila's column were there, I would believe I were reading the prize-winning Matador Tribune of the

past. However, time marches on, and you are printing a top-quality newspaper. For this I thank you and wish you the best in the times to come.

Sincerely,
Dorothy Woodruff Dailey
(Mrs. R.M. Dailey)

Dear Patsy,
Haven't met you, but am sure I will (hopefully) sometime in passing through Matador. I still visit relatives and good friends there on occasions.

I want to thank you for "picking up and taking hold" of the Matador Tribune.

Ben and Lila Meador worked too hard, too long to let this Matley County Trail turn to Dust!

I'm proud of your interest and concern for the people that I love.

Sincerely,
Sue D. Bird

Dear Patsy,
(A \$1.00 bill was enclosed)
After buying my paper this week, I decided this issue was

worth a lot more than 30¢. Too long we have sat still and stale behind closed doors accepting things the way they were. Thanks for opening these doors to the public so we may know the decisions being made that concern our community. You have managed to change the "wedding & death paper" into a real newspaper. Please keep up the good work. The whole town is proud of you.

Dell Bearden
Matador, Texas

(Dell wrote this letter following our first City Council report. Although this is the only written letter concerning our reports on city and county government meetings, MANY readers have personally expressed the same feeling.)

I would like to thank all of the contributing editors to this newspaper, especially Mrs. Ben (Lila) Meador whose heart will always be at the Tribune, Marisue Potts, Earlyne Jameson, Beverly Darsey and many more. With their expert writing, the Tribune will succeed.
* Also we need to be grateful to the merchants of Motley County and the surrounding areas that advertise and support this paper.
* Above all, I must say concerning these letters you have read...TO GOD BE THE GLORY!!

Jo Ann's Jots & Jingles

I never thought the day would come when I would cry at a football game. But I did just that last Thursday night when I attended my first Junior High game.

When I saw No. 71 suited out in full-fledged football gear, I shed my first tear. All I could really see was a little brown-eyed baby boy dressed in miniature jeans and a T-shirt. And here he was a Matador Maverick!!

Then my eye caught No. 62, suited out, spitting and acting as if he had always been a Matador Maverick. As the other tear fell, I saw a blonde, curly-headed, blue-eyed toddler sitting in a car seat waving "bye-

bye" to Da and Papa.

Oh, grandsons of mine,
My heart truly pines
For the days of yore-
For you to be three or four.
All loving grandmother's hearts
Know that now you start
On life's journey alone.
We grandmother's can
only moan.

When you are hurt, we groan.
If we could turn the clock back...
But life goes on--alas and alack!!

Mini-Thoughts On Theology

by Pearl Alexander

"...that we should be holy and without blemish before Him" Ephians 1:4.

The 8th chapter of Leviticus gives the account of Moses consecrating Aaron and his sons, to be priests of God.

The blood of the ram of consecration was put on the tips of their right ears, upon the thumb of their right hand and on the big toe of the right foot. This

signified that the whole body was set apart for service to the Lord. The ear to hear His voice, the hand to do His work, and the feet to walk in the will and ways of God.

We, as a "royal priesthood" need to be "holy and without blemish", ready to hear, to do and walk in His ways. Nothing less than a full commitment and consecration to Him will enable you to do this. Say "yes" to God.

The MC FHA is planning their annual Powder Puff Football Game for Thurs. Sept. 26. The teams will be the Srs.-Jrs. and the Sophs.-Fish.

The coaches for the upper class are Mickey and David Zarate and for the lower class will be Les Wooley and David Stafford.

Cheering for the uppers will be Paul Block, Darryl Perryman, Rodney Doran, and Jeffrey Burkes. Cheering for the lowers will be Brandon Eddleman, Scott Gray, Brent Marshall, and Gilbert Guerrero.

Captains will be Donna Mangram, Lara Fore, Marianna Zarate, and Tina Cummings.

Names and the time have yet to be decided.

This Weeks Schedule

The J.H. team will travel to Crowell this Thursday, Sept. 19, for their second game of their season.

"BOX THE BULLDOGS"

This weeks slogan is "Box the Bulldogs". H.S. Pep Rally will start at 3:35 in the Gym.

H.S. Football vs. Amherst, here, Friday at 8:00 p.m.

H.S. Cross Country in Plainview at 10:00

Parents, the Elementary (K-2) have been granted the choice of wearing shorts to school until the weather cools off. This was granted by the School Board on the request of parents and teachers. So if your children wake up and say they can wear shorts to school, believe them.

J.H. Football

The MC J.H. football team opened their 1985 season with a 34-0 victory over the Valley J.H. The Maverick attack was led by the strong inside running of Walter Linson and the quick outside running of Roy Estrada. The Maverick defense also proved to be very strong

as it shut out the Valley offense and held them without a first down the entire game.

The coaching staff feels the J.H. team has a great deal of potential to develop into an outstanding football team. However, a great deal of work and improvement must take place for that to happen. The MC J.H. football team will travel to Crowell this Thursday to do battle with a very tough Crowell J.H. team.

High School Football

The MC Matadors lost to the Kress Kangaroos Friday night 0-28. Kress capitalized on several MC turnovers in the first half to jump out to a commanding 0-28 lead. All 28 points were the result of "big plays" given up by the MC defense. Three touchdowns were scored on long pass plays and one touchdown was scored on a long run.

In the second half, the MC defense got down to business by shutting down the high powered Kress attack. Unfortunately, the MC offense continued to be plagued with fumbles, which ruined several scoring opportunities.

The coaching staff was pleased with the performance of the young offensive line, as they opened huge holes in the Kress defense all night. However, the offense must avoid turning the football over through fumbles and interceptions for the team to be successful. Defensively, the coaching staff felt the players were hitting and running to the football very well. But once again, the defense must be more consistent in not allowing the opposition to break the long pass or long run.

The offensive player of the week award goes to the entire offensive line (Brandon Eddleman, David Stafford, Darryl Perryman, Paul Block, Mickey Zarate, Tim Kendall, and Les Wooley) for their fine blocking against the Kress defense. The defensive player of the week award was also shored by two

players. Mickey Zarate once again led the team in tackles with 16 solo tackles, 6 assists, 1 quarterback sack, and 1 caused fumble. Paul Block also had a fine game making 8 solo tackles, 2 assists, 1 fumble recovery, 1 caused fumble, and 1 blocked kick.

The team is working hard this week in preparation for the Amherst Bulldogs. The Bulldogs have a senior dominated team (12), with good speed and a desire to throw the long pass. The MC defense will need to stop the big play against Amherst to enable the MC offense to control the football with their veer option attack. On the other side of the football, the MC offense will need to avoid turning the football over to the explosive Amherst offense.

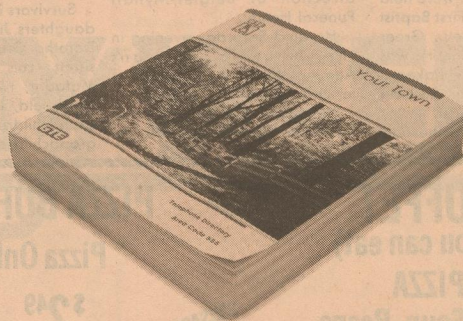

Cross Country competes in Brownfield

The MC High School Girls Cross Country Team ran in their first meet of the season on Saturday, Sept. 14th in Brownfield. Five girls ran in the 2 mile meet and did an outstanding job. Leigh Barton finished with a time of 16:04 for the Lady Matadors. Leigh beat several 5A girls during this meet and she is a strong competitor. Janeile Long ran second for the squad with a 17:39. Janeile provided some great competition for several girls by sprinting the last 200 of the race. Regina Cruse ran third with a time of 18:14. Regina, too, provided the race with some competition. Running fourth for the team was Paka Barton in 19:33. Paka will be a much stronger competitor as she gains strength and experience from running extra training miles. Running fifth for the team was Jeanette Ortiz who turned in a time of 19:35. Jeanette, too, needs more experience and training but she did a good job of competing. All five girls are Freshmen and this was their first experience at cross country running although it is the second year for the sport in MC.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 5, 1985

PROPOSITION NO. 1 ON THE BALLOT

Sections 1 and 2 of House Joint Resolution 6 propose a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$980 million of Texas Water Development bonds.

The additional bonds to be issued will be dedicated for deposit in the Texas Water Development Fund, with \$190 million of those bond proceeds to be used for water supply loans and facilities acquisition and with \$400 million of those bond proceeds to be used for state participation in the acquisition and development of facilities for storage, transmission, transportation, and treatment of water and wastewater. Of the remaining bonds authorized, \$190 million will be dedicated for use in water quality enhancement projects, and \$200 million will be dedicated exclusively for flood control projects.

The amendment would also allow the legislature to provide for the creation, administration, and implementation of a bond insurance program to which the state pledges up to \$250 million of its general credit to insure payment of the principal of and interest on bonds or other obligations issued by political subdivisions of the state for water conservation, water development, water quality enhancement, flood control, drainage, recharge, chloride control, or desalinization. Unless authorized to continue by a two-thirds vote of the members of each house of the Legislature, the bond insurance program will expire on the sixth anniversary of the date on which this section becomes a part of the constitution. Bond insurance issues before expiration of the program will not be affected by such expiration.

The amendment would authorize the legislature to create and appropriate money to special funds in the state treasury to make grants, loans, and other financial assistance available to governmental entities for certain enumerated water planning purposes. Also, the legislature would be permitted to extend the benefits of constitutionally approved water projects to nonprofit water supply corporations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the issuance of an additional \$980 million of Texas Water Development Bonds, to create special water funds for water conservation, water development, water quality enhancement, flood control, drainage, subsidence control, recharge, chloride control, agricultural soil and water conservation, and desalinization, to authorize a bond insurance program, and to clarify the purposes for which Texas Water Development Bonds may be issued."

PROPOSITION NO. 2 ON THE BALLOT

Section 3 of House Joint Resolution 6 proposes a constitutional amendment that would allow the Texas Water Development Board to issue and sell Texas agricultural water conservation bonds in an

amount not to exceed \$200 million, if authorized to do so by a two-thirds vote of the members of each house of the legislature. The Texas agricultural water conservation bonds would be general obligations of the State of Texas, and would be paid from the first money coming into the state treasury in each fiscal year. The amendment would allow Texas agricultural water conservation bonds to be issued and sold only for four years after the date on which this Act becomes a part of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance and sale of \$200 million of Texas agricultural water conservation bonds."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 54 proposes a constitutional amendment that would permit the legislature to authorize a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property if such relocation or replacement is done in conjunction with or immediately following the relocation or replacement of water mains serving the property. Any legislative enactment permitting the expenditure of funds for such purposes would authorize the city or town to fix a lien on the property, with the owners' consent, for the cost of relocating or replacing the water laterals, and would provide that such cost shall be assessed against the property, with repayment by the property owner to be amortized over a period not to exceed five years at the rate of interest set by law. Such liens could not be enforced until after five years from the date the liens were affixed.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to enact laws permitting a city or town to spend public funds and levy assessments for the relocation or replacement of water laterals on private property."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would authorize the use of the proceeds from the sale of permanent school fund land to acquire other land for the permanent school fund. Currently, the constitution requires that proceeds from the sale of such land be invested in certain bonds and other securities.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing proceeds from the sale of land dedicated to the permanent school fund to be used to acquire other land for that fund."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 89 proposes a constitutional amendment that would enable the legislature to regulate the provision of health care by hospital districts by determining

the services the district must provide, by setting requirements a resident must meet in order to qualify for services, and by determining any other relevant provisions necessary for providing health care to residents.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to regulate the provision of health care by hospital districts."

PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would enable the State of Texas to enter into an agreement with another state to confine inmates from the state of Texas in penal or correctional facilities of the other state.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to permit state prisoners to be placed in penal facilities of another state pursuant to an interstate agreement."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 27 proposes a constitutional amendment that would authorize the commissioners court of Chambers County to divide Chambers County into not less than two and not more than six justice precincts. Under current constitutional law, Chambers County may be divided into not less than two and not more than five justice precincts.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing Chambers County to be divided into two to six precincts."

PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would grant an additional \$500 million in bonding authority to the Veterans' Land Board for the veterans' housing assistance program. Under the current constitution, the Veterans' Land Board is authorized by Article III, Section 49-b-1 to issue and sell not more than \$800 million in bonds, \$500 million of which may be used for the Veterans' Housing Assistance Fund. This amendment would increase that authorization to permit the issuance and sale of up to \$1.3 billion in bonds, \$1 billion of which would be used for the Veterans' Housing Assistance Fund. In addition, the amendment would remove the current definition of "veteran" from the constitution and permit the legislature to redefine "veteran" as the changing times and circumstances require.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing \$500 million in additional bonding authority for the veterans' housing assistance program and changing the definition of those veterans eligible to participate in the veterans' land program and the veterans' housing program by authorizing the legislature by law to define an eligible veteran for the purposes of those programs."

PROPOSITION NO. 9 ON THE BALLOT

House Joint Resolution 72 proposes a constitutional amendment that would permit the legislature to enact a statute or to attach a rider to the General Ap-

propriations Act to require prior approval of the expenditure or emergency transfer of any funds appropriated by the legislature to state governmental agencies.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to protect public funds by authorizing prior approval of expenditure or emergency transfer of state appropriations."

PROPOSITION NO. 10 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds, the proceeds of which would be deposited in a fund to be known as the farm and ranch finance program fund. The fund would be administered by the Veterans' Land Board and would be used to make loans and provide other financial assistance for the purchase of farm and ranch land. The amount of bonds outstanding at any one time would be limited to \$500 million. The principal and interest that becomes due on such bonds in each fiscal year would be paid from amounts remaining in the interest and sinking fund at the close of the prior fiscal year, with the balance due to be appropriated from treasury revenues in the fiscal year when such amounts become due.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of general obligation bonds to provide financing assistance for the purchase of farm and ranch land."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 16 proposes a constitutional amendment that would define indictments and informations as instruments charging a person with the commission of an offense, and would delete certain technical requirements as to the form of writs and processes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment relating to the manner in which a person is charged with a criminal offense and to certain requirements applicable to state writs and processes."

PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 10 proposes a constitutional amendment that would grant the Texas Supreme Court and the Texas Court of Criminal Appeals jurisdiction to answer questions of state law certified from federal appellate courts. In addition, the two courts would promulgate rules of procedure relating to the review of those questions.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment granting the Supreme Court of Texas and the Court of Criminal Appeals of Texas jurisdiction to answer questions of state law certified from a federal appellate court."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 14 proposes a constitutional amendment that would create a board with responsibility for the reapportionment of judicial districts, subject to legislative approval. The amendment would provide for the continued power of the legislature to provide for judicial reapportionment and would provide that reapportionment

will be the responsibility of the Legislative Redistricting Board if the Judicial Districts Board fails to make a timely reapportionment. The amendment would provide for the creation of judicial districts smaller than a county in counties where the creation of such districts has been approved by the voters at a general election. The amendment would provide for more than one judge for a judicial district. The amendment would rename supreme judicial districts the courts of appeals districts. The amendment would provide that the jurisdiction and terms of court of district and county courts may be as provided by law. The amendment would provide for the jurisdiction of justice courts, which may have additional jurisdiction as provided by law. The amendment would provide for the rules of judicial administration and civil procedure to be promulgated by the Supreme Court, and would provide that the legislature may delegate additional rule making power to the Supreme Court or to the Court of Criminal Appeals. The amendment would provide that courts and judges in existence at the time of its adoption remain in existence until otherwise provided by law.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the reapportionment of the judicial districts of the state by the Judicial Districts Board or by the Legislative Redistricting Board, and providing for the administration and jurisdiction of constitutional courts."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 27 proposes a constitutional amendment that would abolish the office of County Treasurer in Andrews County and transfer the powers and duties of that office to the County Auditor. The amendment would also abolish the office of County Treasurer in El Paso County if, at the statewide election at which this amendment is submitted to the voters, a majority of the voters who vote in El Paso County favor the amendment. The functions of the office of El Paso County Treasurer will be performed by a person employed or designated by the El Paso County Commissioners Court. The amendment also provides for the abolition of the office of County Surveyor in Denton, Randall, Collin, Dallas, El Paso, and Henderson Counties upon approval of such abolition by a majority of the voters who vote on the question at an election called by the commissioners court of the county. If the office of County Surveyor is abolished in any county, the commissioners court may employ or contract with any qualified person to perform the duties of the office.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for: (1) the abolition of the office of county treasurer in Andrews County and El Paso County; (2) the abolition of the office of county surveyor in Collin, Dallas, Denton, El Paso, Henderson, and Randall Counties."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 5 de noviembre de 1985. Shower Honors Stachia Chadwick

A bridal shower honoring Miss Stachia Chadwick of Quitaque, bride elect of Todd Washington of Flomot, was held Saturday, September 14 at the Flomot Community Center building. Guests called from 3:00 to 5:00 p.m. and were registered by Miss Angie Clay. A floral wreath of blue silk flowers encircling a spray of baby breath and navy blue candles complimented the registering table.

Hostesses for the courtesy were Mesdames Ronald Clay, Mary Clay, Joe Ike Clay, Billy Shannon, Viola Calvert, D.M. Gilbert, Tom Ross, Doyle Calvert, Arnold Johnson, Junior Payne and Howard Rogers.

The hostesses alternated at the crystal punch service. The table was laid with a white lace cloth over navy blue and centered with a beautiful silk flower arrangement displaying white and various shades of blue in a basket. White frosted cake squares with blue flowers, mints and nuts were served with a white sherbet punch.

Blue silk carnation corsages with white were presented to Miss Chadwick and the future groom's mother, Mrs. Seab Washington. The hostess gift was a set of Revere cookware.

Out of town guests were Mrs. Larry Clark of Lubbock, Mrs. LaQuita Watson of Amarillo, Mrs. Stephanie Woods of Plainview, Mesdames Gary Chandler, Ann Jones and Scotty Stark of Quitaque, Mrs. France Barton, Mrs. Carter Luckett and Carlene of Matador, Mrs. Stanley Degam of Calgary and the groom's grandmother, Mrs. John Scott of Roaring Springs.

Mabel Willmon Hale died about two weeks ago in Brock, Texas. Survivors include her husband, T. D.; a son, Jerry Don; a daughter, Brenda; father, P. A. Willmon, Plainview; three brothers, Dr. J. C. Willmon and Dr. P. A. Willmon, Jr., Levelland and Dean Willmon, Afton; two sisters, Bertha Lee Gambrell, Plainview and Marilyn Reeves of Denton. She lived in the Afton community a number of years ago.

Guests in the home of Myrtle and Bill Carothers and Agnes Williams for lunch Sunday were Leroy and Clint Carothers of Ropesville.

Robbie Knoy, formerly of Afton is a patient in Methodist Hospital, Room 567.

The Patton Springs Young Homemakers met Tuesday, Sept. 10th, at 6:30 p.m. at the Home

Economics Building with 17 ladies present. A salad supper will be held September 30, at 7 p.m.; the school homecoming will be October 3, 4, and 5 and the Halloween Carnival will be October 26.

Two more students have enrolled at Patton Springs this past week which brings the total enrollment to 99.

John Lincoln is a patient in St. Mary's Hospital, Lubbock, with a fractured leg. John was thrown from a horse.

The deadline for buying your favorite girl a mum for the Patton Springs School Homecoming is Sept. 27. You may contact a Senior concerning this.

My note to the Motley County Hospital Board - "Let's get on the ball and keep Roy Tippin. We need him."

Cross Country

School News

From Page 3

Cross Country running is much different from running on a track. In cross country, the runners run over a grassy course of hills and valleys. Many races take place in parks of golf courses. In Track, 6-8 girls may start in a heat but in cross country, everyone starts at the same time. This may include several hundred girls. Once the gun is fired, all runners vie for a front position. There are no lanes. There are many flying elbows and runners must concentrate on not tripping over another runner's feet. After the runners spread out, everyone has plenty of elbow room and space to run. At the finish line, the girls cross a line and enter a shoot where times have been recorded electronically. There is only one timer who punches in each runner's time. Team scores are then added

together to find the team winner. In cross country, their is an individual first place winner but her team may not necessarily win the meet. Team scores are compiled by adding the place number of the top five runners on your team together. Team score for MC was 388. The results of our place in comparison with other teams were not finished but will be sent at a later date by the hosting school.

The five MC runners did a fine job and they all expect to improve at the next meet, Sat., Sept. 21, 1985 at 10:00 a.m. in Plainview. Come cheer our Lady Matador Runners on to victory.

Attends SPAG Banquet
Mr. and Mrs. V.H. Saenz of Roaring Springs recently attended a banquet given by South Plains Area of Government (SPAG). The banquet was held in Lubbock at the Holiday Inn Civic Center.

After the installation of officers for their new year, Dr. Don Newberry, President of Western State College addressed the group as the guest speaker.

Roaring Springs was recognized by the group due to their success as a small town in getting industry (Quail Pipe) to locate in their community.

Entertainment was provided by a area pianist.

Mr. and Mrs. Leonard Borkgren of Glendale, Ariz. spent Thursday night with her cousin and husband, Mr. and Mrs. Fraiser Watson. They also visited her uncle Mr. and Mrs. Grady Webb and Mrs. Lee Marshall of Roaring Springs and Mr. and Mrs. Howard Edmondson of Matador.

Mrs. Borkgren is the daughter of Doris (Monteith) Webb of Phoenix, Ariz. and the late Frank Webb.

Mr. and Mrs. Frank Webb of Kingsland visited last week with his sister and husband Mr. and Mrs. Fraiser Watson.

 Motley County Association
 P.O. Box 66
 Matador, Texas 79244

Dear Friend:
 It has come to our attention that you may possibly be using the T.V. Tower west of Matador for your T.V. Service.

If this is the case, we wish to solicit your support in the cost of maintenance and operation of the equipment which amounts to about \$7500.00 per year. Actually, if we could get a few more subscribers, it would enable us to install and keep new equipment and should considerably improve the picture received from the tower.

About 30 of your neighbors in the viewing area are paying \$120.00 per year or \$12.00 per month to keep this badly needed service in operation. If you are using the tower, and not paying any amount for this service, we will greatly appreciate your check for any amount, yearly or monthly (or any part of a year's service that you can pay at this time) or give us the authorization to draw on your account at the bank for monthly payments of \$12.00.

We have actually reached the "end-of-the-rope" as for being able to continue operating the tower without some help on the cost from every one using this service.

Our year begins October, 1985 to October, 1986, please resubscribe and keep this needed service to the Community another year.

Sincerely
 Motley County
