PRICE SEVEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Winds blow across a cradle and cool a baby's tears, or brush the brow where a feverish child sleeps. They drive the storm clouds of youth, tumbling into chasms of young despair and quickly wash the blue porcelain skies to make the world a temple of ecstasy. The winds are fraught with urgency in the harvest years and blow softly against the sails of memories in the twilight. A dried leaf falls on the polished ebony waters and hurries from the shore, caught by the soft breath of eternity.

Accurate data concerning a man's greatness should be obtained from some source other than direct.

If two can live as cheaply as one, they can watch television for the same price, unless, of course, they are influenced to buy different sponsored products.

One of the oldest forms of deception is to cover a malicious distortion of truth with the cloak of an innocent man.

Instant coffee is not so new. The cowboy had it by the simple process of dashing a dipper of mudhole water over Arbutuck grounds and placing the blackened coffee pot on the coals.

The world is so delicately adjusted to its mountain of ignorance that any major shifting of the balance would develop a calamity.

Deceit has a steady market value and is often in short supply, depending on the number of eager suckers who have worked enough to buy it.

Leave For New York To Attend Wedding

Mr. and Mrs. Marvin S. Patton left this morning by plane from Lubbock, for Long Island, N. Y. to attend the wedding of their son, William Keith Patton and Miss Joan Moyer.

Afterwards, Mr. and Mrs. Patton will visit former Matador residents, Mr. and Mrs. E. F. Springer in their home at Cream Ridge, New Jersey, before their return home.

Keith Patton spent the week end in Dallas and left from there Monday, for New York.

The nuptial mass will be read at 10 a. m. Saturday in St. Joseph Church of Babylon.

Will Ehrle Will Not Seek Re-Election

Will Ehrle of Childress, State Representative of the now "phantom" 88th District, will not seek re-election. The 88th District comprising Childress, Donley, Hall and Motley Counties, has been combined with the 82nd District, of which Bill Healy of Paducah is State Representative. The daily press, radio and television news had previously announced that Ehrle would not be a candidate, and yesterday the Tribune received a special delivery letter from Austin confirming the earlier release.

Rumors had been circulated that Ehrle might be a candidate for the State Senate against Andy Rogers, also of Childress. Confirming the rumor that Ehrle had at least considered running for the Senate was a statement in his message to the Tribune: "Ehrle also said no to a State Senate race."

In his statement to the Tribune Ehrle said: "I regret very much this decision, but I simply cannot afford the time and expense of a legislative campaign at this time. I feel that I must devote my full time to the private practice of law. My interest in political activities will, of course, continue as a private citizen."

Two Are Elected District Delegates

A. J. Dye and Shirley Stafford of Roaring Springs were elected District III 4-H delegates by the members of Motley County's nine clubs. Mike Barton and Cherri Barton, Matador were named alternate directors.

Duties of the delegates will be to plan district 4-H activities, which include the Gold Star Banquet, the District Leadership Camp, and the District Elimination judging and demonstration contests.

Dye was also named county 4-H chairman on the basis of receiving the highest number of votes. Co-vice chairmen are Miss Stafford and Mike Barton, with Cherri Barton serving as secretary. Dixie Barton will serve as treasurer, and Pat Cooper, Matador, Gene Y. Spray, Matador, Tommie Green, Matador and Bill Brooks, Roaring Springs, will serve as reporters.

Other members named to the county committee are: Mike Peacock, Joey Thacker and Jerry Warren, Roaring Springs; Clois Shorter, Joyce Shorter and Stanley Degan, Flomot; Janna Crenshaw, Jane Hamilton and Charles Meador, Matador.

Duties of the county committee and officers include the planning of county 4-H activities, county elimination contests, county camp, and county banquet.

70% of all Annapolis graduates were Boy Scouts.

SURVEYING A CITY PARK—Joint project of Matador Garden Club and El Progreso Study Club got under way last fall when the members of the two organizations met with members of the Soil Conservation Service to survey the 15-acre plot. Weather conditions prevented completion of the work in October when the above picture was made, however only a small amount of the surveying work remains to be done. The park will be landscaped by a Texas Tech landscaping student, under the direction of Prof. E. J. Urbanovsky, head of the department of horticulture and park management. Only cost involved will be the expenses of the senior student while he is in Matador. In above picture are Mrs. W. N. Pipkin, president of El Progreso Club, right, Mrs. W. W. Clements, member of the Matador Garden Club, center, and Eddie Simms of the Soil Conservation Office looking through transit.

Groundhog To Get Chance At Shadow

Tomorrow is "Groundhog Day" in which the little animal will have the opportunity to look for his shadow. If he sees it, according to old time "long-range weather forecasters" he will go back into his den and prepare for six more weeks of winter.

In event the groundhog does not see his shadow, he will be convinced that the greater part of the winter weather has passed. Fair and warm weather for the past week indicate that the groundhog may see his shadow Friday, but the weather changes rapidly as the groundhog and West Texans know. Another "front" could move in and pull up a blanket of Gulf clouds.

Legion Schedules Meel, Dedication

Special dedication service will mark the regular meeting of Fleming Post American Legion here Monday night. Special recognition will be given Mrs. U. L. Willie for her gift of a piano to the veteran's organization.

Services Are Held For W. R. Patrick

Funeral services for William Robert Patrick, 80, were held at 2 p. m. Monday at the First Baptist Church. Officiating were the pastor, Rev. Miller Robinson and Rev. W. B. Vaughn, retired Methodist minister, and Rev. Gene Hawkins, pastor of First Baptist Church, Lockney, former pastor here, who delivered the memorial message.

Burial was in East Mound Cemetery under the direction of Eudy-Seale Funeral Home. Pallbearers were Floyd Bradley, Bill McCaghren, Ed Lee, Rufus Hicks, Kenneth Thompson and Everett Smallwood.

Mr. Patrick, a retired farmer and resident of Matador for 35 years, died about 7:30 p. m. Saturday in Stanley Hospital. He had been a patient about a week, but had been ill at his home in northeast Matador the past two years. He was a member of the Baptist Church.

He was born June 20, 1881 in Franklin County, Alabama and died January 27, 1962 at the age of 80 years, 7 months and 7 days.

Mr. Patrick moved to Lamar County, Texas in 1906 and was married there January 1, 1908 to Miss Lydia Watkins. They moved here in 1927 and farmed east of town for many years.

He is survived by his wife, Mrs. W. R. Patrick, Matador; and one brother, James Patrick, of Kentucky.

Christmas Cards Sent To Formosa

Three boxes of Christmas cards, weighing 44 pounds each, last Monday were mailed to Formosa from local residents in response to a request by Bill Pallmeyer, county agent, who promoted the project in behalf of Mrs. Lillian Dickson.

Mrs. Dickson, who is with her missionary husband in Taipei, Formosa, had appealed for used Christmas cards during the fall. A million cards a year can be put to use there. Missionaries stamp a Bible verse in Chinese on the back of each card and distribute them in outdoor Sunday Schools.

Mrs. Dickson says the bright Christmas cards have brought more joy to the ordinary people of that country than has U. S. government aid.

Expense of mailing the cards, (about \$15) was paid by Mr. Pallmeyer.

NEW VEGETABLE CASE

Spot Cash Grocery this week installed 22 feet of Hussman open refrigerated fruit and vegetable case. The two cases replaced former equipment of the store, offering better display of merchandise kept at correct temperature.

Flomot Tops County In MOD Fund Drive

FLOMOT COMMUNITY has topped the entire county in the 1962 March of Dimes fund campaign, according to County Judge Elbert Reeves, county chapter chairman. For many years a leader in the MOD movement, Mrs. Rose Turner, planned the Flomot program Monday night which brought the community's total to \$588.48. Flomot Lions Club aided the women of the community in staging the evening of entertainment, which included a musical program, followed by a miscellaneous auction. M. C. Jones served as auctioneer. Concession stands sold food and beverages with the profits going to the community's overall total contributions.

Paid Poll Taxes About "Average"

Poll taxes paid in Motley County at closing time last night were about "average" for election year, according to a report from office of Sheriff, Tax Assessor and Collector Jinks Wilson.

With some late registrants still to be counted, estimates were that the number of poll taxes paid would be in the neighborhood of 750. "Overs" are estimated at 300 to 350, which would bring the county's total voting strength to about 1100, approximately what it has been for several years.

A telephone "campaign" was conducted Tuesday and Wednesday by members of the Baptist Women's Missionary Union, reminding citizens here to pay poll taxes before the deadline.

District 11-B Cage Tournery Is Slated

A basketball tournament for teams in district 11-B will be held here next week from Thursday through Saturday, according to an announcement by school officials. First game of the tournament is scheduled for 4 p. m. Thursday.

Girls' and boys' teams from Matador, Flomot, Turkey, Quitaque, Lakeview and Estelina will meet each other according to their final standing in the round robin. The Quitaque boys and Matador girls are favored.

The Matador basketball teams stayed on the winning road last week as both teams beat Turkey and Flomot. The boys are now 5-4 in district play and the girls won a 9-0 record.

The boys took a tight 50-46 win at Turkey. They led 14-11 after the first quarter, but the score was tied 27-27 and 39-39 at the next two quarter marks. Dale Dixon was the top scorer with 20 points.

Against Flomot, the Matadors held quarter leads of 18-4, 37-22, and 55-36 as they won 68-44. Dixon had 24 points, Gary Lancaster 18, and Charles Ezzell and Tom Green 10 each. The win was the third straight for Matador.

The girls took an easy 40-20 victory over Turkey and handed Flomot a 49-28 defeat. Jill Scaff was leading scorer in both games as guards Sue Cross, Pat Cooper, and Dixie Barton played well.

The girls' wins clinched the round-robin title for them since Quitaque has a 7-2 record with one game left before the district tournament. Both teams play at Quitaque Friday in the last district game. The freshmen boys play at McAdoo in the Freshman Tournament Thursday and Saturday.

Wedding Vows Solemnized In Pampa For Miss Nell Greene and Stanley McDonough

First Baptist Church, Pampa, was the scene of the marriage of Miss Nellie Beth Greene of that city and Mr. William Stanley McDonough of Canyon, on Thursday, January 18.

Vows were exchanged at 7 p. m. in a double-ring service read by Dr. E. Douglas Carver.

The bride is the daughter of Mr. and Mrs. W. A. Greene, Pampa. Mr. and Mrs. Lewis P. McDonough of Matador are parents of the bridegroom.

Miss Frankie Coy of Dalhart, organist, played the processional and recessional and accompanied Joe Whitten as he sang "Whither Thou Goest."

The wedding scene was formed with tiered candelabra holding white tapers, flanked by baskets of white gladioli, with a background of jade palms.

As a part of the ceremony during the processional, the bride gave her mother a white rose with a kiss. In the recessional she gave the bridegroom's mother a white rose and a kiss.

Gown of Bridal Taffeta
Given in marriage by her parents, the bride was escorted to the altar by her father. She wore a street-length gown of bridal taffeta, fashioned with cap sleeves, scooped neckline and bell-shaped skirt which was caught on each side just above the hemline, with two cabbage roses. The shoulder-length veil of illusion tulle was draped from a tiara encrusted with pearls and sequins. White satin slippers completed her attire.

She carried a bouquet of white sweetheart roses showered with white satin streamers tied in lovers' knots atop a white Bible. Tradition was observed by the bride in carrying a white handkerchief which had belonged to her late grandmother, Mrs. C. E. Pochel, and wore a strand of pearls from Japan borrowed from her sister-in-law, Mrs. W. H. Greene.

For her daughter's wedding, Mrs. Greene chose a light blue suit with black accessories. Mrs. McDonough, the bridegroom's mother wore a beige wool dress with black accessories. Their corsages were fashioned from white carnations.

Eternas Club Has Program On Safety

Eternas Club members heard a talk on "Safe Driving" by Charles Johnson, Driver's Education teacher in Matador High School, at regular meeting held January 18, in the home of Mrs. Dean McAnally.

The talk was a feature of a program on "Symbols of Safety." Roll call was a question and the answer used on Driver's License examination.

Mr. Johnson showed the group books manuals, work books and tests which students must study and pass in order to obtain a driver's license, and a film strip demonstrating the course. The student also is required to drive six hours with the instructor before taking the test, Mr. Johnson declared.

"The automobile is one of the most deadly weapons placed in the hands of anyone," he asserted as he quoted statistics on the death rate from highway accidents.

Following the program, refreshments were served and a film shown by Mrs. Roy Grundy, made at the club's Christmas party.

Mrs. Bill Palmeyer was co-hostess for the meeting. Mrs. Bill Seale, president, welcomed two new members, Mrs. C. L. Hacker and Mrs. Tommy Wheeler. Other members present were Mesdames Lewis Bostick, Sut Braselton, Kirby Campbell, Charles Johnson, Reginald Johnson, Pete Knight, Frank Price, Billy Wason and Marvin Hunt.

Students Decide On Counselors

The students of Matador High School in an assembly meeting last week listed their preferences for counselors from among the high school faculty. Each student gave his preference in the form of first, second and third choice and was assigned to one of the faculty members that he had chosen.

The purpose of the guidance program is to bring a closer understanding between the faculty and the students.

The counselor feels that his responsibility toward his students extends further than just giving daily lectures on a specialized course of study.

Through conferences and interviews he hopes that he may have a part in a student's reaching his maximum capacity for leading a well-rounded life and becoming a successful citizen in his community.

By discussing and evaluating the student's achievement and mental ability tests with him, the counselor seeks to help the student select a suitable and profitable career and the appropriate college or training program for him.

In addition to private interviews there will also be group discussions in the belief that by discussing each other's problems the students will solve their own problems. In correlation with this type of discussion there will be a continuation of the panel discussions and movies revolving around student problems.

The council, in cooperation with the Texas Education Agency, has standardized a series of tests which will determine the physical ability of high school students.

The Matador High girls' P. E. class began this test Monday, but when so many of the "fit" girls tried taking the same test at the same time, all of the stop-watches on hand couldn't take care of them; however, taking two at a time, they got over the first two "problems." And problems are what they were.

The first problem was running from a specific chalk-drawn line to a similar one a few yards away, retrieving one blackboard eraser, running back to the starting line, flying to get a second eraser, and finally dragging in to cross the finish line. Of course this isn't as simple as it sounds, since all of this had to be done in a specific time or a grade of poor was registered under the student's name.

The second and more difficult problem was the forty sit-ups. With 120 pounds (give or take a few) weighting down feet and legs, the brave and the coward struggled to raise themselves from their backs to a sitting position, without assistance, and touch one elbow to the opposite knee as many times as possible.

One hour, being the length of each P. E. class, wasn't enough time to complete the test, so chin up, girls. You have another chance after all!

The Matador High School 4-H Club met in the court house Monday, January 22, for their regular meeting.

Old and new business was discussed which consisted of whether or not to have a square dance led by Joel Wilson of Abilene, Texas, and when the club and community could see and enjoy films taken by Joe Wilson of Paducah, who has just returned from Ireland.

The members present viewed a film on fallout shelters. This film gave tips on what to do in case of an emergency and how to build a shelter and keep one's self from being in such danger of fallout.

Tommy Green, Sammy Swim, Sandra Jenkins, Gene Spray, Jane Hamilton, Cherri Barton, and the sponsor, Bill Palmeyer, were present at this meeting.

Junior Jots

This will be a very busy six weeks for the juniors, because our term themes will be due the fifth week. We are writing a 1500-word theme on occupations this year.

Many will write on the career they plan to enter; others will write on an interesting occupation, or one which they would like to know more about. The girls' themes will be graded for content, typing, and grammar, but the boys will only receive a content and grammar grade for their themes.

Good luck to Jane Hamilton and Patricia Watkins in the essay contest sponsored by the Texas Federation of Women's Clubs. Their themes were chosen from 18 written by the American History class.

Congratulations to Pete Davis for being elected Basketball Beau for this year.

Imaginations wandered and varied on last week's English themes. We wrote on subjects that we selected ourselves.

For the things you find and the things you lose.

Freshman Facts

January is birthday month for the freshmen. We had four birthdays this month. They belonged to Carla Chambliss, Scottie Robbins, Donnie Hunt and Jane Briscoe. Happy birthday, kids!

Ruthie Lynn is going to sing in the Area FHA choir at Amarillo, March 3. She is the only girl in our class who will be in the choir, but two other girls from Matador will go. They are Pat Cooper and Jane Hamilton. Congratulations, girls!

Basketball Girls Elect Davis Beau

The highlight of the basketball game last Thursday came at the half when the girls presented their basketball beau, Pete Davis.

The finish of the basketball season occurs here next week when the district 11-B tournament is held. All the teams in the district play here in games to be held Thursday, Friday, and Saturday.

The district title is determined through a round-robin and the district tournament, both of which a team must win. A play-off is held if two teams win.

Girls' and boys' teams from Matador, Flomot, Turkey, Quitaque, Lakeview, and Estelline will meet each other according to their final standing in the round-robin. The Quitaque boys and Matador girls are favored.

Death Ends Long Career Of Pioneer Plains Woman

Matador relatives attended funeral services Sunday afternoon in Lockney for Mrs. Nancy Caroline Dodd Dagley, 104, one of the South Plains' oldest residents and State pioneer.

Mrs. Dagley, a woman who took her first airplane ride at 80 and survived a broken hip at 97, died at 5 a. m. Saturday in the home of a daughter, Mrs. A. R. Merewether, with whom she lived.

Funeral services were held in Carter Funeral Home. Rev. Gene Hawkins, pastor of the First Baptist Church, and S. A. Freeman, minister of Main Street Church of Christ, officiated. Burial was in Lockney Cemetery.

The Matador relatives attending were Mrs. Ben Keltz, a niece, and her son and daughters, Bennie Keltz, Mrs. J. E. Edwards and Mrs. Harold Campbell.

Saga of the West
Mrs. Dagley's life story reads like a true saga of the West.

She was born at Benton, Ark., in 1857 and was descended from one of seven Dodd brothers who came from England to help col-

onize Virginia. Her grandfather, David Dodd was born in Georgia in 1790. He settled, with his family, near Little Rock, Ark., in the late 1820's, and he and his sons helped build the town of Benton.

Mrs. Dagley's parents John Levi Dodd and the former Nancy Mariah Colbert ran the Stagecoach Inn at Benton, a cyprus-shingled, brick building on the stage route between Little Rock and Hot Springs. It was here that "Liney" was born, the middle and last surviving child of a family of 21 children. Her last surviving brother (Mrs. Keltz's father) died in 1959, at the age of 91.

Remembered Civil War
Mrs. Dagley had been very active until the past two years, and remembered many incidents of the Civil War, among them, the surrender of Robert E. Lee. Her father, eldest brother, uncles and cousins served in the Confederate Forces.

When the Federals approached Little Rock during the war, the grandfather left his plantation carrying bags of gold for his needs.

Mrs. Dagley's father sold his inn for Confederate money and three generations evacuated southwestward by ox-drawn wagon caravan.

Crossing Red River at Fulton's Ferry, the large family spent the first night in Texas at Paris, in the home of a fellow Baptist, the Rev. R. C. Buckner, who later founded Buckner's Orphans Home in Dallas.

The Dodd family settled at Lone Oak, south of Greenville in Hunt County, and it was here in 1874, when she was 17, that Liney Dodd was married to John Thomas Dagley. Two years later the couple moved to Bosque County where they remained 16 years.

Came in Covered Wagon
In 1890 Mr. Dagley moved his family northwestward in a covered wagon. After a tedious trip over dry uncharted hills, they found their way over the edge of the Cap Rock to a spot where they staked a claim.

Mrs. Dagley's earliest home on the plains was a half dugout with two rooms and a half-curtain partition. She became a member of the first Baptist church established in the area which became Floyd County.

The couple had eight children, four of whom died in early childhood. One of them, a girl, lost her life in a Bosque County tornado.

They settled in the Erick community near Lockney, and later lived in Plainview one year. After her husband's death in 1900, Mrs. Dagley moved to Lockney with her children, and a family home was built there in 1902.

Mrs. Dagley, although a widow for 62 years, clung to her independence. Her late son, Jim Dagley, removed her windmill when she was 93 to keep her from climbing it to make repairs.

Many Humorous Incidents

Her daughters relate stories both humorous and tender about Mrs. Dagley.
Once while visiting in California she rode with relatives on a pleasure boat. On this trip almost everyone including Mrs. Dagley got seasick. Later, her son-in-law noticed that she was strangely quiet.

"What's the matter, Grandmother?" he asked.
"It was a costly trip," she muttered.

"Costly? What do you mean?"
"I lost my teeth," she admitted, "in the Pacific Ocean."

At 97 she was in California when she fell and broke a hip. Doctors said she would never walk again. She said she would—and did.

Following her 101st birthday she had a date to fly once more with her grandson. Tragically, he was killed in a plane crash just before the projected ride.

As she grew older, she became more reticent and reporters found her at times moody and unwilling to talk.

During the past year, a great-niece, Mrs. Hazel Dodd Buckley of Fort Worth prepared a resume of Mrs. Dagley's life to be read at her 105th birthday observance—had she lived until June 22.

Survivors include her daughters, Mrs. Meriwether, and Mrs. T. B. Hill both of Lockney; and Mrs. James Baker of Glendora, Cal.; 17 grandchildren, 41 great-grandchildren and 16 great-great-grandchildren.

TAXABLE INCOME MUST BE FILED
Taxpayers who fail to report ALL taxable income for 1961

are liable to be called to account for it. In fact, they may be subject not only to the tax, but also to interest and penalties.

This warning came today from Ellis Campbell Jr., District Director of the Internal Revenue Service, whose office is 2101 Pacific Avenue, Dallas, Texas.
Numerous types of income besides salaries and wages must be included in the preparation of federal income tax returns if received.

"While the forms themselves and the accompanying instruction booklets detail several of the most common types of income which must be reported," the IRS representative said, "taxpayers are reminded that interest on savings accounts and Series 'E' U. S. Savings Bonds, tips and most dividends and profits on sales of real or personal property, are taxable income."

Depreciation Aids Farmers In Taxes

Depreciation takes its toll from farm machinery, buildings and other farm investments every year. It's just simple economics that capital goods lose value as they age. There is a bright spot,

however, because farmers can deduct this depreciation from their income tax, says C. H. Bates, extension farm management specialist.

All farmers, whether they complete their own tax returns or provide information to an accountant for filing, should study the choices on depreciation available to them. A copy of the 1962 Farmers Tax Guide, which may be obtained from the local county agent, provides an explanation of the alternatives available. The discussion in Chapter 9 of the Guide explains how each of these choices can affect the amount of tax to be paid in a particular year.

A rather recent change in the tax law allows what is called Additional First Year Depreciation. This is a flat 20% deduction allowed the first year on personal property used in farming (or business) provided the assets have a useful life of six or more years. The total amount of which this deduction can be taken is \$10,000 on a single tax return, or \$20,000 on a joint return, explains Bates.

PIED PINIONS

By Mrs. M.

A cruise aboard the attack aircraft carrier USS Ticonderoga, was enjoyed Saturday night, courtesy of 1st Lt. Charles R. Keith, USMC, at the home of his parents, Mr. and Mrs. Charles Keith.

The slides were made by Lt. Keith (Charles Robert to home-folks) during his recent nine-months tour of duty with the Seventh Fleet in the Western Pacific. Among the views were scenes of the garden at the home in Tokyo formerly occupied by Mrs. Keith (Julia Half) and her parents, Col. and Mrs. M. H. Half when the colonel, a retired Army officer was garrisoned there.

Julia flew to the coast from Richardson, last week to meet Charles when the ship docked in San Diego. They then went to Twenty-Nine Palms, where they were formerly based, to make arrangements for living quarters as that will be their residence.

They returned to Richardson, where their small daughters, Merrie Lynn and Elizabeth had remained with their grandparents, the Halfs.

With the children and their French poodle, Pierre the Keiths arrived here Friday to visit until this week end, when they will leave for 29-Palms.

I am curious about how the name Twenty-Nine Palms originated.

And speaking of poodles, Annie Mae Jackson's Pepe really got prettied up for Christmas. In Lubbock he was brushed and sheared and his top-knot was tied with a green bow decorated with Christmas ornaments; and his nails polished a bright red. Pierre was wearing a blue bow on his head while here.

Two Dallas poodles have been frequent Matador visitors, coming here with their mistress, Ruth Marie (Stanley) Harrison.

A pair of poodles belonging to Olga Robertson and her daughter, Bobbie Skaggs, were tinted pastel pink and blue for a time.

Several puppies (just plain dog) are still available at the John Stevens home. After saving the pups from freezing to death during the recent cold spell, Johnnie decided there were too many mouths to feed, and they must now go. The mother is a family pet and will be kept.
