## Barbara's Bylines

I did my first on the scene pictures of a wreck last Thursday night after coming in from the Firefighter's event in Paducah. It is quite exciting and a moving experience to see all the people working to free a man from a truck with all the equipment and skilled men on hand to save a life. Sorry to say all the pictures I took didn't turn out. Maybe at least I'm finally learning to grab my camera and run.

I apologize again to the businesses left out of the story last week. It is hard to get it all, please keep being patient with us.

### BUSINESS REVIEW OMISSIONS

## Area Firefighters Assn. Receive Equipment and Check

James Gillespie, Alan Bingham, Rodney Williams, Sonny Russell, Keith Paschal, Dude Speed, accepting \$10,000 check and radio.

Members of the Rolling Plains Firefighters Association were on hand Thursday, November 13 to accept communications equipment and a \$10,000 check from the Texas Forest Service. Included in the equipment delivery were 24 mobile radios, five base stations and antennas. A repeater for association use will be installed at Paducah.

Member counties in the association include Childress, Cottle, Dickens, Foard, Hardeman, King and Motley. Local firefighters attending from Motley County were Rodney Williams, Chief, James Gillespie, Sec./Treasurer, Dude Speed, Assistant Chief, Keith Paschal, member, Alan Bingham, president.

The radio communications equipment was purchased by the association with help from the state forestry agency. Texas Forest Service communications specialists designed the radio

system and handled all equipment bidding, licensing and paperwork relative to the system. Agency personnel also were instrumental in the formation of the firefighter association. The creation of the association enabled the area firefighters to qualify for communications assistance from the agency.

Since the RCFP program's inception in 1973, over 970 trucks, WEPS units and other fire apparatus have been placed with its assistance.

A special fund was created fairly recently within the RCFP program to finance the bulk purchase of equipment for rural firefighters. The first Fire-Safe Fund purchase was for 400 complete sets of bunker gear, items of which can be purchased separately or in sets at roughly 35 percent savings off retail cost. Money received in payment for this gear is reinvested in the fund for the purchase of additional

equipment.

Firefighters in over 200 Texas counties have received training in ground cover firefighting via RCFP funding assistance. Courses in ground cover tactics, fire organization and WEPS operation area accredited by the state Firemen's and Fire Marshals' Association of Texas.

John Haislet of Texas A&M stated this was a very historic moment for these Fire Departments to come together and have the opportunity to better their local assistants through the help of the Texas Forest Service, Texas A&M University System.

Also included were local dignitaries who backed the Firefighters in receiving the cost-sharing equipment. J.M. (Sonny) Russell, County Commissioner of Motley County Precinct 1 attended this meeting in support of the Motley County Firefighters.

## Matador City Council Meets

Matador City Council met Thursday November 13, at 7:30 a.m. Those present were Mayor Gary L. Lancaster, Councilmen L.B. Campbell, Joe Smith, John Briscoe, Doyle Rose and Lewis Bostick, City Water Superintendent Bill Jameson and City Secretary Nell Berryman.

Minutes were read and approved from the previous meeting, bills read and voted to pay the balance of \$4959.79 for this month.

It had been brought to two council members that some work had been done for a citizen by the Water Superintendent and the Backhoe. He complained that he was charged too much. Councilmen explained that the backhoe charge is \$45.00 per hour plus new parts on water or sewer lines belonging on citizens property.

Several Council members had been approached to put a street light on the corner of Walton Road and Highway 70. This was looked into and decided to provide the street light.

The City of Matador has been awarded a Water and Sewer grant.

The Councilmen complimented the fact that the Barber, Baraum, Traylor, Inc. Company and Kay Howard, who is the grant coordinator, had done a super job for Matador.

Mr. Ober Johnson and Mr. Jamie Johnson of Ober Johnson Engineers of Wellington came in to speak to the Council about becoming the city engineer firm. They commented they had family roots in Matador and so have a special interest in Matador. They also have years of experience in all the areas of city, water, sewer and street needs.

The city is required to request bids for the sewer job before an engineering company is decided on.

The meeting was adjourned with no further business.

## "Son Beams"

By June Keltz

As our temperature fell below freezing last week, we could not see the cold air but we saw the results in falling leaves, wilted flowers and frosted wind shields. When the wind blows, we can't see the wind itself but we know of its presence because of dust in the air, bent trees, rolling tumble weeds and the roaring sound.

As Nicodemus came to Jesus inquiring of Him the way of salvation, Jesus gave him a simple answer, in His unique way of relating to man by comparing things of the spirit to natural things. First He said, "You must be born again." Then He said not to marvel at that because "The wind blows where it wishes and you hear the sound of it, but do not know where it comes from and where it is going; so is everyone who is born of the Spirit." (John 3: 3, 8)

When man is born again of the Spirit, we cannot see the Spirit of God entering into his spirit but we can see the evidence; sometimes slowly, sometimes immediately. He takes on a new look of peace

and contentment. He begins to love the unlovable and his critical tongue becomes one of edification. His desires are no longer self-centered but God-centered. He loves the old crowd but finds he no longer has anything in common with them. His prayer life changes from one of calling upon the Lord only when trouble comes, to an exciting daily fellowship with the Father. The Bible is no longer an obscure, impossible to understand history book, but it becomes the living word, sharper than a two edged sword. His earthly possessions, no matter how elegant, take on a look of shabbiness when he gets a glimpse of Heaven's treasures. He is not perfect (G.K. "complete") but realizes that his life is no longer his own; he has been brought with the price of Jesus' blood. He at last has the security he has searched for all of his life. He can attest to the truth spoken by Jesus in John 6:63, "It is the Spirit who gives life; the flesh profits nothing; the words that I have spoken to you are spirit and are life."

### TURKEY POPULAR ALL YEAR

Three decades ago 90 percent of all turkey was purchased in November and December. Now 60 percent of all turkey is purchased during the first 10 months of the year. According to the USDA, consumer demand for turkey is steadily growing. Per capita consumption of turkey was 6.1 pounds in 1960; ten years later consumption jumped to 8 pounds. In 1984 per capita consumption had increased to 11.2 pounds.

Reasons for this upward trend are that turkey has a delicate natural flavor and easily accepts

and blends with spices, seasonings or sauces. Turkey can be cured and hickory smoked to produce a traditional deli taste. Turkey is convenient, a working person's best friend. Raw meat cuts are quick cooking because of turkey's high protein/low fat ration. Stews cook in 15 to 30 minutes; cutlets and steaks can go from the refrigerator to the table in 10 minutes or less.

Any turkey cut, part or product is high in protein, low in calories, low in fat, low in saturated fat and low in cholesterol compared to other meats. This naturally low fat content makes turkey lighter to eat and easier to digest than many other protein sources. Turkey is also an excellent source of iron, riboflavin, zinc and vitamins B6 and B12 - nutrients essential to energy production and glowing health.

#### REMEMBER WHEN

We seem to be living in an era of nostalgia. Perhaps the Texas Sesquicentennial Celebration is partly the reason. Growing old is another reason.

Well, not wanting to be different, one morning about 4:00 a.m. my mind wandered back to REMEMBER WHEN----

—We had a Sunday dress and Sunday shoes, one for summer and one for winter.

—There were signal men at major railroad crossings.

—The milk wagon clattered down the street in the wee hours of the morning if you lived in the

city or getting up at dawn to milk the cow if you lived in the country.

—We wouldn't think of going to church without hat and gloves.

—Men would wear only white shirts.

—You stayed in bed at least two weeks after an appendectomy.

—Hamburgers cost a dime and cokes a nickel.

—You got a penny change from a dime when you bought a loaf of bread.

—We were too young to know what nostalgia even meant!!

OOPS!

Another goof! Your reporter "does" know the difference between an eagle and a birdie!

Olivia did make an eagle on No. 4 -- 365 yard par 55 hole --

on the green in two strokes, and had a 1 putt -- 3 strokes (rather than 4 strokes and a birdie, as erroneously reported.) My apology, Olivia - (sloppy reporting.)

## DPS Advise Caution For Holidays

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety said, "Although the Thanksgiving Holiday is not classified as an official operation motorcade, all available troopers will be

working, in an effort to reduce accidents."

Major Cawthon also said, "Even though some motorists will be traveling across town, others will be traveling across the state, all motorists can assist in reducing traffic accidents by observing all traffic laws. Remember that alcohol is involved in at least 50% of all fatal accidents."

Major Cawthon noted that all law enforcement agencies will be cooperating in an all out effort to help make this a safe and enjoyable holiday. This is why it takes cooperation between law enforcement and the motoring public in order for all to have a safe and enjoyable Thanksgiving holiday.

## Farm Bureau Urges End of Law Prohibiting Cottage Industry

WACO -- Texas Farm Bureau Secretary S.M. True is urging Farm Bureau members and other interested citizens to take action that would put an end to a 42-year-old federal prohibition against the employment of persons in their own homes for the purpose of making certain handcrafted items.

True noted that U.S. Labor Secretary William Brock published in the *Federal Register* a proposal to lift the ban on employment of persons to produce women's apparel, gloves and mittens, buckles and buttons, embroidery, handkerchiefs and jewelry at home.

True called the existing law a "hangover from the 1930s". He said the law may have had a good purpose in those days, but that there is no need for such a prohibition today.

"Secretary Brock needs and deserves the support of the people who agree that the ban on such employment should be ended," True said. "Many people need extra sources of income to help them hold onto the family farm. If they can produce one or more of the currently prohibited items in their homes, why should they be denied the right to do so?" True said.

True urged citizens to write to Paula V. Smith, administrator, Wage and Hour Division, U.S. Department of Labor, Room S-3502, 200 Constitution Ave., NW, Washington, D.C. 20210. The letters must be postmarked no later than Dec. 4.

## Library Notes

by Sara Hurt

The library would like to thank Lisa Wright, formally of Flomat for typing and preparing into a notebook the materials given to the Library. Listed are the books bought in memory of a deceased person and who donated the cash gift to the library to make it possible for the library to purchase these books.

The library and their patrons appreciate the weekly donation of the magazine, *Newsweek*, by Keith Patton. Since the library lacks the funds to have a subscription to the major magazines, we really appreciate the donation of magazines.

## The Savings Really Add Up

with  
**WTU's Energy Saving Plan!**

### Energy Savings

Your energy savings will really add up when you qualify your home for WTU's Energy Saving Plan. You'll save money in energy bills for years to come when your home meets the energy-efficiency standards of the Energy Saving Plan.

### Cash Allowances

WTU's Energy Saving Plan will now pay you larger cash allowances for installing energy-efficient equipment in your home. Consider a central system electric heat pump:

#### WTU WILL PAY YOU:

\$140 per ton	SEER 9.6 & above
\$110 per ton	SEER 8.0 to 9.5

To qualify for the cash allowances, your home must meet the E.S.P. requirements and be served electricity by WTU.

### Resale Value

An E.S.P. Home will have a better resale value than other homes on the market, because it offers home owners lower energy bills. Energy bills are an important consideration for most families, so your E.S.P. Home will fit into a prospective home buyer's budget easier than a non-E.S.P. Home.

### E.S.P. Book

The new E.S.P. Book clearly outlines all of the programs, cash allowances and requirements of the New and Improved Energy Saving Plan. The E.S.P. Book also has specific information on insulation, air infiltration control, energy-efficient equipment and much more!

Pick up your FREE copy of the new E.S.P. Book at any WTU office, and start adding up your savings today!

## Matador Senior Citizens Report

by Iris Blevins

The mini-bus went to Lubbock Monday with three people having Doctors appointments, and a number of Christmas shoppers.

The senior citizens had their regular second Tuesday, covered dish luncheon, with thirty people registering. Again, we welcome Dr. Pat Williams and nurse, Gerry Jones, to our lunches. The fellowship and enjoyment we have around a table filled with good wholesome food, is wonderful.

Our president, Nora Belle Dunning called the house to order and gave her report to the secretary and we all sang Happy Birthday to Ivy Cooper for her

90th Birthday and Nellie Lipham for her 80th birthday.

We planned our Thanksgiving dinner for November 21. Come be with us, we will play games all afternoon.

We will not have the luncheon November 18.

December 9th will be our next lunch day and at that time we will draw names for our Christmas party. We invite all senior citizens to come get your name in to old Santa. Our Christmas Luncheon and party will be December 19, so lets all get together and enjoy this holiday season.

More interest is being shown in our Friday afternoon game meetings. We had two full tables of 42 and 84 yesterday evening.

## Matador Garden Club Makes Plans To Place Christmas Decorations

Matador Garden Club members engaged in a wreath-making workshop Monday afternoon, Nov. 17, when they met at Summit Savings Community Room.

President Mrs. Ted Elliott presided, and during the business session, the club discussed plans for decorating Pioneer Park and other downtown areas for Christmas. The club will join other organizations in participating in the Old Fashioned Christmas activities scheduled for December 6, and will display Christmas wreaths for sale.

Mrs. Edgar Lee was program leader, and for roll call, members brought colorful leaves which they identified. These included leaves from shrubbery

as well as trees. Two varieties of holly have been placed in the planter boxes, replacing old shrubs, it was announced. Poinsettias will be added for the Christmas season.

Thought for the day was: "Kind hearts are the gardens, Kind thoughts are the roots, Kind words are the blossoms; Kind deeds are the fruits."

Mrs. W.D. Lipscomb was hostess and served sausage pinwheels, cookies, brownies, coffee and punch for refreshments. Present in addition to Mrs. Elliott and Mrs. Lee were, Mesdames J.D. Craven, Artie Wason, Bill Pipkin, Dorothy Bird, Bertha Stearns, Lila Meador, Bessie Jean Williams and Bunnie Speed.

## Speaker Outlines Many Ideas for Decorating to Please the Lord

Rosalee Davis, Jeanette Schreffler, Gay Lynn Holt at Ladies Night Out Banquet.

There are many ways to decorate a home, but not all of them would be pleasing to the Lord, Mrs. Jeanette Schreffler of Arlington pointed out in an address Monday night at the Senior Citizens Building. She was guest speaker at a Ladies Night Out banquet sponsored by the First Baptist Church. Women of the church served as hostesses.

Tables for the salad supper were attractively laid with china, flatware and cloths from the homes of the hostesses, and featured holiday motifs -- Thanksgiving and Christmas, as well as other seasonal occasions.

Welcome was extended by Frances (Mrs. Stuart) Dixon and Invocation was by Rosalee (Mrs. Bob) Davis. Special music was by Donna (Mrs. Larry) Hoyle and Elaine (Mrs. Fred) Risser who sang, "Bless This House," accompanied at the piano by Mrs. Dixon.

GayLynn (Mrs. Joel) Holt introduced Mrs. Schreffler, a Christian counselor, who speaks to women's groups. She also is a color consultant and make-up artist and a full-time employee at Dillard's Dept. Store in Arlington in the women's department. She is a member of James Avenue Baptist Church in Fort Worth. Her husband, Larry, is a minister and currently is working with a hospital ministry that deals with substance abuse. They have two grown sons.

"Unless the Lord build the house, they labor in vain that build it," was the banquet theme from Psalms 127:1, and in her opening remarks, Mrs. Schreffler

supplemented it by quoting Proverbs 14:1, "Every wise woman buildeth her house; but the foolish plucketh it down with her hands."

She emphasized the need first of a personal relationship with Jesus Christ and His helping in your personal cleaning. Then He will help in the organizing one's home and "cleaning house," to rid the premises of surplus accumulations, referring to Ecclesiastes 3:6, "A time to get and a time to lose; a time to keep and a time to cast away."

Mrs. Schreffler illustrated her talk with slides, showing how to proceed from room to room, providing areas and using corners for personal comfort in decorating for various members of the family. "Personalize your home," she told her listeners, and suggested pictures, an open Bible and other objects and accessories to make the home attractive.

She told of a corps of women in Titusville, Florida, who volunteer their time to decorate homes for friends and acquaintances, using sheets as the principal material. A number of the slides showed the attractiveness of rooms featuring colorful, printed sheets for wall covering as well as for curtains.

"God has directed me in organizing my life. He can do wonderful things for us if we will let Him," she assured the audience.

Benediction was by Glenda (Mrs. Greer) Willis.

And ye shall know the truth, and the truth shall make you free. If the Son therefore shall make you free, ye shall be free indeed. John 8:32, 36

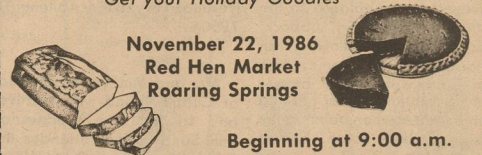

For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life. John 3:16

### Heart Assn. Education Program Presented to Motley Co. Schools

The American Heart Association recently presented the Motley County School a Heart Treasure Chest. It is an award winning instructional health program that includes a teacher guide, filmstrips, cassette tapes, wall charts, games, newsletters to parents and other instructional material. Mrs. H.R. (Earlyne) Jameson, chairman of the Motley County AHA, says she was pleased to present the comprehensive and complete teaching chest to the

Motley County School. The chest was in such demand by educators throughout the state, as a public service, the Houston Endowment, Inc. provided one of them to every public and private accredited school in the state. Ron Cummings, Superintendent of the Motley County Schools who accepted the gift, expressed his appreciation. He said it would be a benefit to the school to have this educational material.

## VA Questions

Q -- May a veteran with a peacetime service only be buried in a national cemetery?  
 A -- Yes, providing the service was under conditions other than dishonorable.  
 Q -- My husband had a Veterans' Group Life Insurance policy when he died. An attorney from a company where he owed money said they would attach the proceeds of the insurance to pay the bill. Can they do this?

A -- No. Servicemen's Group Life Insurance and Veterans' Group Life Insurance proceeds are not assignable, nor are payments to beneficiaries subject to claims of creditors of the insured or beneficiary.  
 Q -- Does the VA have an alcohol or drug dependence program for Veterans?  
 A -- Yes. The VA operates both inpatient and outpatient clinics in most VA medical centers for honorable discharged veterans.

## Top Cooks Named In 4-H Food Show

New ways to prepare and serve some old favorites joined traditional recipes as 212 boys and girls from 21 counties exhibited their nutritional knowledge and cooking skills at the Rolling Plains District 4-H Food Show held Saturday, November 8, in Wichita Falls. Four seniors will advance to the state competition next year.

Special cash awards, sponsored by the Wichita Falls Cowbells, were also presented to first, second and third place winners in main dish, breads and cereals, and nutritious snacks and desserts in which beef was an ingredient.

Winners from Motley County were:  
 Senior breads and cereals: 1st Rusty Willmon.  
 Intermediate Main Dish: 2nd-Tonya Hoyle.  
 Junior Main Dish: 3rd - Amy Pipkin.  
 Other 4-H'ers from Motley County participating were: Juniors - Amy Pipkin, main dish; Heather Turner, fruits and vegetables; Mat Linson, breads and cereals; Joshua Palmer, snacks and desserts. Intermediates - Tonya Hoyle, main

dish; Heather Hobbs, fruits and vegetables; Billy Lefevre, breads and cereals; Cathey Perryman, snacks and desserts. Seniors - Rhonda Long, main dish; Rusty Willmon, breads and cereals; Tricia Palmer, snacks and desserts.

Each contestant had earned championships in their county to advance to the district meet, which was viewed by thousands of shoppers during the daylong competition.

The dishes were judged by panels of professional home economists and homemakers. Contestants were quizzed on nutritional values, preparation methods and costs of preparation.

This show is one aspect of the year-round foods and nutrition project in 4-H, explained Elaine Houston, District Director with the Texas Agricultural Extension Service. 4-H is the youth development program of Extension.

She said the project helps youths learn the relationship between science, foods and nutrition, and food preparation, as well as food buying, managing time, use of energy, and food storage and safety.

### Lady Matadors Lose by Narrow Margin to Jayton

The Lady Matadors fell to a fine Jayton team last Saturday at Jayton, by a score of 36 to 38 in an overtime. This was an exciting beginning to the 1986-87 basketball season.

As a team, the Lady Mats performed well on defense. They had trouble overcoming a superior height advantage by the Lady Jaybirds. Foul trouble in the fourth quarter for the Lady Mats proved the difference in the game. Senior post, Shawna Campbell and Sophomore guard, Joely Ewing both left the game in the fourth quarter with 5 fouls.

Scoring for the Lady Mats were: Sophomore Leigh Barton, 15 pts., Sophomore Joely Ewing 7 pts., Senior, Loretta Cross 6 pts., Senior Shawna Campbell 5 pts., and Senior Koree Campbell

with 3 pts. Leigh Barton led the team with 16 rebounds, followed by Joely Ewing with 5 and Shannon Campbell with 4.

Tanya Cummings, Shawna Campbell, Koree Campbell, Leigh Barton and Shannon Campbell turned in good defensive performances. Shanna Lancaster, Regina Cruse, Dena Renfro and Joely Ewing all performed well when called upon.

The girls appeared to be very tight offensively as they shot 23% from the field and 46% from the free throw line.

The next game for the Lady Mats will be with Valley, at Valley, on Tuesday, November 18th. The J.V. Girls will play at Valley also. The boys will be playing Lockney at Valley the same night. Game time for the J.V. girls will be 5:00 p.m.

## COWBOY LIFE OF DUFF GREEN

Texas cattlemen were free grass creatures in the early days, who knew little restraint and took no thought for the morrow. They counted their cattle by the thousands, that had grown and multiplied on free grass and water, requiring little attention aside from seeing that the increase was properly marked and branded, and kept within a hundred miles or so within the range claimed by the owner.

Since there were no fences, cattle roamed the prairies, mixing and mingling. It was necessary for each small ranch to send an "out-side man" to larger ranges to represent their interest at round-ups.

These cowboys were known as "out-side men". They were sort of a class to themselves. They had to be keen eyed, close observers, always on the lookout for their employer's interest. In other words they were active all-around trustworthy, dependable men; and as a rule, became authorities on marks and brands and to which ranch they belonged.

It has been many years since I took my mount (which consisted of a pack-horse and four or five good saddle horses) and rode to the Matador or Spurs; yet never drew pay from either company but was paid by the smaller ranches that I represented as an "out-side man."

By agreed pre-arrangement, wagons from the Matador, Spur, Pitchfork and the Eight country or Four Sixes, joined forces with Iron Baker, Jim Lane, and the Andy Merchant outfits until there were a dozen or more wagons at work carrying full crews of men as they rounded up the cattle. Often from three to ten thousand

head of cattle in one round-up, representing marks and brands by the hundreds to be handled, looked over, and in part separated and worked. This work lasted from early spring to late fall.

I have lived in the Matador range forty-two years, but was never one of their employees. I have helped them a little, while they helped me, without ever drawing their money, not so much as a "Sou-Markee".

Then came the advent of Glidden's steel strands that spelled the doom of open range and free grass.

In my little cow-work, driftings and roamings, I have worked at the Shoe Bar, Mill-Iron before the days that Estelline town had its beginning, F. Ranch, Scab-Eight, the Matador, Pitchfork, R.O.S. Ranch, Eight or Four Six, Call, Bar IOX, the LIL, Hit and Half Circle 10, IM, Two Buckle, Spur, Curry Comb, OS Ranch, J.C. McNeil Ranch, C.D.C.D. Forbis Ranch, properties owning anywhere from three to sixty thousand cattle each and smaller ranches too numerous to mention.

I have been in and worked through and across the Rocking Chair, OX, 3D, SMS, OO the Moon, and others, blocking the country from Giles to Sweetwater, and from Lubbock to Quanah. A good many ranches and a fairly big country, one in which you could have scarcely lost me. I am not boasting, as there was a time when you could find men a plenty, that worked over that territory and a lot more added and knew every round-up ground in it. You worked along side of men you had never heard of. Some you remembered, while others slipped out of your mind and were forgotten.

## Farm Bureau Shows Membership Increase

WACO -- Membership in Texas Farm Bureau has reached an all time high of 323,799 member families, according to S.M. True, president.

True said tabulations just completed for the fiscal year ended Oct. 31 showed that the Texas organization gained 5,749 members over last year, marking the 34th consecutive year to show a gain.

Don Neumann, director of field services for the TFB, said a total of 152 county Farm Bureaus showed an increase in members. There are 217 organized county FBs in the state.

The Texas Farm Bureau has been the largest state Farm Bureau in the Nation for the past four years. The American Farm Bureau Federation has a membership of 3.4 million in 49 states (all except Alabama).

The 20 largest county Farm Bureaus in Texas, listed by size, are: Harris, Collin, Brazos, Fort Bend, McLennan, Ellis, Houston, Fayette, Bell, Brazoria, Van Zandt, Jefferson, Tarrant, Wharton, Washington, Bexar, Hidalgo, Austin, Nacogdoches and Young.

The Farm Bureau is an independent general farm organization financed by voluntary membership dues.

Therefore let us not judge one another anymore, but rather resolve this, not to put a stumbling block or a cause, to fall in our brothers way.

## Patton Jr. High Girls

Patton Jr. High girls team lost a hard fought game with Hermleigh girls Saturday afternoon. Hermleigh had a great height advantage, but the Patton girls played a great game. Hermleigh won 20-12 but the game was tied 12-12 until the 4th quarter.

Leading scorer for Patton was Stephanie Mayfield with 10, DeAnn Gosch scored the other 2.

## Patton Springs Rangers

The High School boys basketball team got their season underway Saturday night against Hermleigh. Both teams had football games Friday, so Saturday's game was a low scoring game. Patton won 24-20. Scores by quarter went, Patton first 5 to 6, 9 to 8, 17 to 10, 24 to 20. Leading scorer for Patton was Jerren Slaton 7, James Lewis 5, Kevin Scarbrough 4, Sammy Little, Chris Tilley, Russell Braly, Brent Atkinson all had 2 each. Leading rebounders were Kevin Scarbrough 14 and Jason Slaton 7. Neither team shot well as

The team members are 8th graders Stephanie Mayfield, and Rhonda Smith. 7th grader DeAnn Gosch, 6th graders Dana Monroe, Tammy Cooper and 5th graders Kalico Karr and Josie Lopez. The team is young and has little experience in basketball, but through their hustle and desire they do an excellent job. Their next game is at Lakeview, Monday the 17th.

Patton hit only 11 of 38 shots and 2 of 8 free throws.

Patton has a new look in that we will not run the ball as they have in the past, but will slow down and control the ball better. We still had 20 turnovers which is too many but they will improve as they learn to control the ball. Defensively well played, but we need to improve on rebounding. Overall the team played well and showed signs for a good year. The Rangers next game is Friday at Lakeview and Saturday at home against Silverton.

## Rangers Defeated by Miami

The Patton Springs Rangers were defeated by the Miami Warriors 53 to 8 last Friday night at Patton Springs. The Ranger touchdown was scored by Kevin Scarbrough near the end of the first quarter on an 8 yard run. The extra point was made by Chris Tilley. The Warriors had 385 total yards compared to the Rangers 135. Scarbrough had 5 completions in 11 attempts for 75 yards. He also rushed for 42

yards. Tilley had 3 receptions for 49 yards. The game closed out the Ranger season. Patton Springs ended up with 2 wins and 8 losses. This was the last game for seniors Sammy Little and Kevin Scarbrough. Both players were outstanding all season long. The Ranger players and coaches would like to thank the fans, parents and cheerleaders for their loyal support all season long.

## Ranger Jr. High Boys Opens Season

The Patton Springs Jr. High Rangers opened up the basketball season with a 28-17 loss to the Hermleigh Cardinals last Saturday. Jimmy Niblock led the Rangers with 7 points followed by Charles Fulmer and Daniel Quilliamaco with 4 points each. Trent Willmon had 2. The score was 14 to 4 at halftime. The

Rangers played outstanding defense in the 3rd quarter holding the Cardinals scoreless. The Rangers attempted to comeback in the 4th quarter

scoring 11 points and holding the cardinals to 12. The boys hustled and played hard the entire ballgame.

## Patton Springs Lady Rangers

The Patton Springs Lady Rangers opened the season Saturday night with a 49-50 heartbreak loss to the Hermleigh Cardinals. The Lady Rangers played very good despite the loss. Their hustle and determination was outstanding. Their main problem is shooting, as they made only 19 field baskets out of 75 shots taken and hit only 11 of 24 free throws.

Kay Osborn led the Rangers with 14 points, followed by Pam Perryman with 10 and Sandra Fulmer with 9. Sharon Fulmer

was the leading rebounder with 12, followed by Pam Perryman with 11. Mary Bazea, Kim Cline and Dana Mullins played outstanding defense and all three scored points. Kristy Patrick did a good job of giving much needed relief to our post players and scored 4 points.

The Lady Rangers play at Lakeview Friday night November 21 and at home against Silverton Saturday, November 22, then they travel to Union on Tuesday November 25.

## YOUNG HOMEMAKERS MEETING

Patton Springs Young Homemakers have rescheduled their meeting due to the

scheduling of basketball. The new date is to be December 1, a

Monday. There will be a demonstration of basketmaking and a gift exchange.

So bring a gift and take part in the fun, 7:00 p.m. Monday, Dec. 1.

## WTU Rates Lower

Residential customers of West Texas Utilities Co. are paying less for electricity during November than the average price being paid by customers of other investor-owned utilities in Texas.

The monthly report by the Public Utility Commission of Texas shows that WTU's standard residential rates are \$36.80 for 500 kilowatt-hours, compared to an average of \$38.53 among the state's eight investor-owned companies, and \$64.09 for 1,000 KWh, compared to an average of \$70.

Highest rates in the state are charged by El Paso Electric, whose customers are paying \$49.69 for 500 KWh and \$92.86 for 1,000 KWh.

The PUC report shows that WTU's rates have declined 11.4 per cent since November 1985, while the average decline among all utilities in the survey, including rural electric cooperatives and municipals, was 8.8 per cent.

## Disabled Vet Overcomes Injuries

By Danny Andrews  
Plainview Herald Managing Editor

Chad Colley, a 24-year-old company commander in Vietnam that day in July of 1968, had faced many challenges in his young life.

But none more challenging than when he stepped on a land mine that blew off both legs and his left hand.

His heroic battle to overcome his injuries and lead a normal life has inspired many and has led to the Fort Smith, Ark. native serving as national commander of the Disabled American Veterans and being chosen by President Reagan as National Handicapped Person of the Year for 1986.

He was guest speaker at Tuesday's dedication of the Hale County Veterans Memorial here.

A Company commander in the 101st Airborne Division, Colley entered the service in 1966.

It was near the village of Trang Bang, S. Vietnam that his life changed forever. "We had our people well dispersed so the only person injured was my radio operator who caught a small amount of shrapnel," Colley

recalled. From a hole about three feet deep created by the explosion, Colley tried to rise on his elbows and discovered his legs missing and all the small bones gone from the center of his left hand. The concussion burst both eardrums.

"My first reaction was extreme anger," he recalled. "I was angry at myself for somehow allowing this to happen. I wanted to be a career soldier like my father had been. I was good at what I was doing and tried to make myself valuable to the U.S. Army. I had been selected over senior men of rank to be company commander and I was disappointed that I had allowed this to happen. It was challenging and exciting to be leading men in combat and I knew that had come to an end."

Colley, who had married his sweetheart from North Georgia College in Dahlonega, Ga. only six weeks before his injuries, says his second reaction was to just "lay right there in that hole and die. I didn't want to go back to a new bride like that."

"Then I decided that I wanted to live badly enough that I would accept the consequences and

that I would find a way to live with or overcome them," Colley remembered.

"I never looked back or said, 'Oh why me' or 'Poor me'. I decided I would myself to live and never allow myself to say, 'Why me?'"

Colley noted that he had told a friend sometime earlier that if he were severely injured, "I don't ever want to go back and be denied what I wanted to do in life." But, he added, "You cannot appreciate how resilient the body and spirit really is until you face such a situation."

Colley says that "as a Christian I didn't have the extra burden of where I would spend eternity. I thought, 'If I lose it all right here, I'll gain in the end.'"

He says he was the beneficiary of at least two miracles - that the battalion reconnaissance platoon had the most talented aid man as its medic and that by the time he was taken by helicopter to the evacuation hospital a talented medical team already had assembled.

"Were you to be injured in the United States like I was, the likelihood of having a complete surgical team ready in 35 minutes would be very slim. In Vietnam, if they could get you out of the field, you had some heavyweight help waiting."

Shock had set in and Colley says his main pain came from his

heart, which was pumping hard to circulate the small amount of fluid in his body. He once heard a nurse say she could get no pulse or blood pressure.

His stabilization and recovery were rapid. "I wrote to my wife two days after I was injured to assure her that I was still me and that we had a big challenge ahead. I told her I didn't want her pity but to join me to help me get my act back together. I felt we were two strong personalities who could handle it."

During his 3 1/2-week hospital stay before he was moved to another hospital near Tokyo, Colley engaged in a psychological game with the hospital staff. "People felt I hadn't come to grips with what had happened. They had seen others have breakdowns, sob and lament. They were waiting for that to happen to me. But I had that in the first minute or so after I was hurt. It turned out I was supporting them with an upbeat, positive attitude. I was asking for their prayers and encouraging them."

Colley says his attitude in the hospital was reflective of his basic outgoing personality, intensified by his desire to be particularly sensitive.

"I was sensitive to making sure my family was not overly burdened. I wanted to be the man they wanted me to be - a husband, brother and son -

active, productive and physical. I wanted to be the best and do more."

When he arrived at Fort Sam Houston, he was taken off all pain medication so "I never got addicted."

At the hospital there, he helped keep the spirits of some 50 other amputees high. "We teased each other and had peer support. Before Christmas I was an outpatient."

Says Colley, "My injuries enabled me to have a challenge - people need a challenge - to struggle to overcome. I was motivated to get my act together. I'm an athletic and competitive person. I was fiercely independent and didn't want anyone to push my wheelchair or open doors for me. It took me two years to realize that people needed to help me."

Colley says people marveled at his resolve and recovery. "How do you do it?" they asked.

"People failed to appreciate I was a product of my environment. I had strong family support, never feared my wife would find life too difficult and divorce me. They also didn't realize how much being a Christian meant to this whole process of maintaining a healthy attitude."

"I realized that when difficult things happen, you cannot be the same. You'll either be a better, more capable, more

outgoing and happy person or you won't. You can consciously decide but you can't blame circumstances. I can't blame Vietnam for what happened to me."

"Not many people can look me straight in the eye and get away with blaming external circumstances in life."

Colley often speaks to disabled persons, church and civic groups and two weeks ago spoke at the Pentagon. "The second worst thing that ever happened to me was having to get out of the Army," he says.

Colley has a son, 15, and a daughter, 13, owns his own real estate company in Fort Smith and says, "My passionate hobby now is snow skiing." He has designed his own ski and won four medals at the National Handicapped Ski Championships last year in Jackson Hole, Wyo.

He also has played golf while using prostheses that allow him to stand about 5-10. "But I find them cumbersome, so I don't use them very much."

His favorite scripture is Romans 8:28: "All things work together for good for those that love the Lord and are called according to his purpose."

"The greatest single compliment anyone could give me is that observing my outlook makes them a little bit better able to deal with their own situations."

### FIRST CHECKOFF DOLLARS TO ARRIVE

As the first month of the new \$1/head beef checkoff comes to a close, Monthly Report forms will soon be arriving at the Texas Beef Industry Council. Many questions are now surfacing concerning these forms, some of the more common being the following:

### WHO COMPLETES THE MONTHLY REPORT FORM?

The collecting person (Order Buyer, Trader, Dealer, Auction Market, Feedyard, Packer, individual acting as collecting person for purebred sales, and buyer in the country) is responsible for completing the Monthly Report form.

### I'M CONFUSED! THE SECOND COLUMN ASKS FOR TOTAL CATTLE SOLD. BUT NOW YOU ARE TELLING ME IT IS FOR TOTAL CATTLE BOUGHT. WHICH IS IT?

It is for all cattle for which you had the responsibility for collecting the \$1/head checkoff. If you are in the position of buying and selling cattle, it is important to know that this form is for only the cattle you bought, not for cattle you sold.

### WHAT IF ALL MY PURCHASES WERE THROUGH AN AUCTION MARKET?

The market will serve as the collecting agent and complete the Monthly Report forms. You will therefore have no forms to complete as the buyer.

### WHERE WOULD I OBTAIN A MONTHLY REPORT FORM IF I AM AN INDIVIDUAL "IN THE COUNTRY"?

Supplies of forms as well as informational pieces may be obtained at local farm bureau offices and extension service offices. You may also call the Texas Beef Industry Council in Austin at (512) 345-3531.

### WHEN IS THE MONTHLY REPORT FORM DUE?

The Monthly Report for October must be completed and postmarked by November 15.

### WHAT MUST I INCLUDE WITH THIS MONTHLY REPORT?

Along with the white copy of the Monthly Report, include all yellow copies of the Request For Non-Producer Status forms that you received in place of the \$1/head checkoff. Also include copies of all brand inspection certificates that may have been given you in place of the \$1/head checkoff. And, then be certain to include a check for the total dollars you collected during October.

### IF I BUY CATTLE FROM SEVERAL DIFFERENT SOURCES, HOW DO I ACCOUNT ON MY MONTHLY REPORT FOR THOSE CATTLE PURCHASED THROUGH AN AUCTION MARKET?

Indicate the total number of cattle purchased through an auction market in the third column (along with the non-producer status cattle and the brand inspected cattle) as you will not have collected any dollars on these cattle. In order to help clarify this figure, beside your total non-producer cattle,

state the number of cattle from the auction market with an "A" beside that number. For example: Number Non-Producer Cattle, 200 (80-A).

In other words, you had a total of 200 non-producer cattle, 80 of which were purchased from an auction market which collected the dollar from the seller.

You will not be required to account for "auction market" cattle with any type of paperwork (such as non-producer forms and brand inspection certificates).

### IF I DID NOT BUY OR SELL ANY CATTLE IN OCTOBER, DO I NEED TO SEND IN A MONTHLY REPORT?

No. You only send in the report forms if you bought cattle during the month.

### WHERE DO I SEND THE MONTHLY REPORT FORM?

The Monthly Report is to be mailed to a special bank lockbox at the following address: Texas Beef Industry Council, Dept. R.B. 0825, P.O. Box 550, Austin, Texas 78789-0825.

**health hints**

The "eyes" have it: A problem with irritation, that is. The eye is very sensitive and contains many blood vessels. These can swell when irritated and make the eye look red. Dust, smoke, smog, sun glare, colds, allergies, swimming, reading, driving, TV, and close work can all irritate the eye, causing it to appear bloodshot.

A surprisingly fast way to make eyes feel soothed and refreshed after exposure to the elements is an eye drop formula specially designed for today's active lifestyles. This product, called Clear Eyes®, moisturizes dry eyes, and is the only leading eye drop with naphazoline hydrochloride. Naphazoline hydrochloride effectively narrows swollen blood vessels, reducing redness. Nothing is stronger or faster for removing redness. Contact lenses should be removed before using eye drops unless they are specifically designed for use with contact lenses. If you ever have eye pain or blurred vision, see a doctor right away. Persons suffering from glaucoma or other serious eye diseases should seek advice from a physician before using any type of eyedrop. Keep products for the eyes including eye-drops, out of the reach of children.
