TRAIL DUST

By DOUGLAS MEADOR

Years of silence are heavy on the old house like a forgotten ship in the depths of sea. Alone. Laughter, song and soft lamp light from the windows are sealed in a faded book, or pressed like brittle flowers between the setting canvas and rough plank walls. The melancholy house is a station on time's ruthless trail, the years have surrounded it with splinters of glass to check the play of bare-foot memories.

The dispatch of making important decisions may well be the factor which determines the climate of mistakes. Too much deliberation may poison its own stream.

To slander is a malfunction of character that would be less content in holding a lighted match to the petals of a rose.

When a man forgets a pretty girl he is either pretending or has acquired the malignant virus of senility.

Cupid may not have a high IQ rating and he certainly has made mistakes, but his career has been more than moderately successful through some rather difficult centuries.

Reports indicate that countries are finding it more expedient to be our enemies than to receive foreign aid.

Singers Ready For Convention

Plans and arrangements are complete for the semi-annual meeting of Motley County Singing Convention, it was announced this week by Mrs. Bruce Martin, secretary of the organization.

Bruce Martin, president, will call the meeting to order at 10:00 a.m. Sunday, Oct. 20, in the American Legion building, permanent headquarters for the convention. The meeting will adjourn at 4:00 p.m.

All county residents have been requested to bring baskets of lunch for the noon meal.

"Although the summer meeting was smaller than usual, we are expecting a large number of visitors Sunday," Mrs. Martin said. "A cordial invitation is extended the public, and we hope all of you will attend."

A "Miracle Harvest" is developing in the Foothill Country cotton fields as result of the hot and dry October weather.

It has happened before when fields of drought-stricken plants suddenly "turned to cotton." It is happening again.

Some farmers say that small stunted cotton which seemed worthless, has produced excellent white lint, with bolls developing that would not have matured with adequate rain and cooler weather usually expected at this time of the year.

Not only are "hopeless" fields yielding unusual harvest, but the quality of the cotton is greatly improved. For approximately three weeks no moisture has been recorded and most of the time the sky has been entirely cloudless. The nights have been cool and pleasant but the days have been exceedingly warm for autumn weather. Most places of business here in Matador have operated air conditioners. Nights are crisp enough for a blanket and some homes have lighted furnaces.

One farmer this week said he didn't know whether he wanted rain or wanted the weather to remain dry until he could gather his cotton.

Girls Rate High In Fitness Test

Do you feel tired and run down lately? Do you feel weak in the knees and short of breath? The answer to these questions is "Yes," if the person happens to be a girl P. E. student in high school. The reason is not tired blood but physical fitness tests.

The tests, which are taken three times a year, are to determine the physical fitness of American youth and are the result of the nation's concern over the youth not being able to pass rugged physical tests.

The rating of "excellent" on many tests tend to show that Matador girls are far above average. Most of the girls excel in sit-ups, modified pull-ups and the 50 yard dash. The girls tend to be weak in softball throw, standing broad jump and 600 yard run-walk.

Of the 21 girls taking the test, only 3 made a "failing" rating on any part of the test.

Get an Antelope' Inspiring Words

The Whiteface pep rally got off to a vigorous start as the cheerleaders led the Pep Club in "Matador Boy" and "Mister Touchdown." "Who Are the Matadors?" was answered with "We Are the Matadors!"

Mr. Ezzell gave a short speech, which was followed by "Come On Boys!" The next yell was a little different from most of the yells. It was a comical yell made up by the football players.

Short speeches were made by two sophomores, Danny Davis and Ronnie Cox. A series of yells preceded the skit, followed by a speech from Mr. Johnson. "Have You Got That Spirit?" was answered with "Yow Man." The audience sang the school song to conclude the rally. "Get An

Antelope, Matadors!" could be heard afterwards.

Parents are Urged To Visit School

The end of the first six weeks of school is over and, as always, was accompanied by six weeks of tests, much to the dismay and consternation of the students.

Visitation of parents began yesterday and will continue through today (Thursday).

Every parent is urged to visit his child's room on one of these days to discuss and view samples of his work with his teacher. Any difficulties he may be having will be made known to the parent at this time so any additional help can be given in correcting it.

It is important that the parents fully co-operate in fulfilling this request as this is for the benefit of the child and his work in school, as well as for the parent and teacher.

Boys Learn About FFA Organization

The freshmen agriculture boys have been learning about the Future Farmers of America organization and Parliamentary procedure. They have decided that the presiding officer of an organization has more to do than just stand in front of the group if the meeting is carried on in an effective manner.

The Vo-Ag II boys have been working on the various cotton insects so far as identification, life cycle, and control are concerned. They have made insect counts in fields and worked on effective control programs. The boys have also studied the desirable characteristics of an ideal farming community and ways and means of bringing about these improvements. A study of the better varieties of

ALBUQUERQUE VISITOR, Mrs. Leona King, center, was one of the former Northfield residents who returned for Homecoming on October 5. At left is her sister, Mrs. Jim Dobbins, Northfield, and at right, Mrs. Lawrence Timmons of Cee Vee. (Tribune photo and engraving.)

Ex-Residents Travel Many Miles For First Northfield Homecoming

Small community (in population) of Northfield in the northeast corner of Motley County, was host October 5 to the largest gathering ever assembled for any event in its history. People came from as far as Nevada, Oregon and California.

Occasion was the first homecoming of former students teachers and all other residents. More than 270 visitors registered in addition to the 85 Northfield citizens — men, women and children. Enough food had been prepared to feed twice the number.

Eleven former teachers of the Northfield School, now consolidated with Matador Independent School District, were present. A native son who was born at Northfield, paid his first visit "home" since 1924. He was Alton Seigler of Crosbyton, who was born on the Seigler Ranch. Travis Hoover of Culver City, Calif., was declared the visitor from the farthest distance, with Mrs. G. H. Bolding (Gwen King) and son, Mike of Las Vegas, Nevada, runners-up. Mrs. Leona King of Albuquerque, N. M. also traveled a long distance. One woman declared that she lives in Oregon and came expressly for the homecoming, but her identity was not established.

The teachers who registered included Mr. and Mrs. Curtis Cryer of Amarillo, Arlie Carpenter of Lefors, Bill Gregory of Quanah, Charles Scott, Dallas; Mrs. F. Murdock (Callie Moore), Lufkin; Varner McWilliams, Lubbock; Miss Lucille Flowers, Plainview; Mrs. Grady Timmons (Grace Amburn), Mrs. P. A. Simpson (Mollie Bourland) and Mrs. Reece Timmons (Grace Aaron) all of Northfield.

Mrs. Maude Gay of Gay's Cafe in Childress cooked a 200-lb beef which was furnished by Boone Simpson. Quantities of other meats, as well as vegetables, salads, cakes and pies loaded the serving tables, as visitors and "home-folks" alike brought baskets and tubs of prepared dishes.

In a brief business session, called to order by Vincent Thomas of Amarillo, it was voted, almost unanimously, to hold a second homecoming the first Saturday in October, 1964.

Band Appreciates Aid from Patrons

Contributions to the Patton Springs Band in recent weeks have been appreciated by the group and its director, Mrs. Ralph Marshall.

From donations made through a "five hundred club," several new musical instruments and music stands will be purchased. These will include one new bass horn and three new clarinets. The money was raised in contributions of \$5.00 from one hundred (or more) persons.

"The band is very happy that so many are interested in us," said Mrs. Marshall. "We wish to express our appreciation to those who attended the homecoming and contributed to our fund, and to all others who have helped us ... again we would like to say, 'Thank You' to each and everyone of you."

OUTSTANDING LION—Jud Watson, right, was cited by the Lions Club as its Outstanding Lion of the Year, at a Ladies Night program held Oct. 3. Lion Watson, who lives near Quitaque, has not missed a meeting in two years. Zone Chairman C. L. "Corky" Marshall of Roaring Springs is shown presenting Lion Watson with a plaque. Lt. Dove is Cited For Performance

DYESS AFB, Tex.—First Lieutenant Life N. Dove of Afton, Tex., has been selected as a member of the Tactical Air Command's Crew of the quarter here for his outstanding performance of duty.

Lieutenant Dove, an Air Force navigator, and other members of the crew received the recognition as a result of their accomplishment of squadron missions and training programs.

The lieutenant, son of Mr. and Mrs. Charlie H. Dove of Afton, graduated from Patton Springs High School. He was commissioned in 1961 through the aviation cadet program.

His wife, Linda, is the daughter of Mr. and Mrs. Earl Zirkle of 2501 S. 27th St., Abilene, Tex.

ROARING SPRINGS OPENS GRADE SCHOOL SEASON

The Roaring Springs Grade School football team opened the season on Tuesday night, Sept. 24 on their home field and defeated Patton Springs boys 14-0. The game was played on a wet, slippery field, and about 30 minutes time out was taken, for the rain to cease.

Their second game of the season was also on the Yellowjacket field, on Oct. 1 when they squeaked by Guthrie, 8-6.

Having little white packages seems to be the fad these days among the students. But what is in these packages? It's nothing to be alarmed about; they are only school pictures. After anxiously waiting for days, the students finally have them.

The football boys and basketball girls seemed to have paralyzed arms last week. These injuries weren't serious, for after two or three days the pain went away. The athletes think the flu shots come more than once a year.

After resting last week, Coach Edwards' Mavericks are ready to meet Esteline on their home range tonight.

Tonight begins the second go-round for the Mavericks, who have a record of 1 and 1. Game time is 7:30 and admission is 50 and 25 cents.

Matador High School seems to lose a student every time it gains one. The students hate to see Marsha Seale leave. Marsha, daughter of Mr. and Mrs. Bill Seale, is classified as a freshman.

Goodby is Not Easy ...

GOODBY is not easy when you have made your home among the wonderful people of this area for 13 years. You have taken us into your hearts and together we have shared many sorrows and many pleasures, in one of the finest communities in the world.

You have forgiven our mistakes and excused our instances of poor judgement. You have honored us with public office and responsibility, and it has been a pleasure to be a part of the community in which we lived.

This message is to thank you for your goodwill and friendship. We are grateful for every favor extended us, and the rich loyalty of the people we have known.

We want each of you to know that the latchstring at 3400, 34th Street in Snyder will always be out to our friends, and that it will be wonderful to have you visit us, or stop by when traveling our way. We will miss each of you and it is not easy to say goodby.
