The game remained scoreless until five minutes before the end of the second quarter. On a 2nd down play Richard Campbell raced around left end and ran 70 yards to pay dirt. The 'Cats tried for a 2-pt conversion but the stout Matador line held them, leaving the half-time score 6-6.

TEACHER-MISSIONARY— Miss Vada Waldron, right, explains the use of the silver mate and bombilla which she holds, to Mrs. Cliff Stephens, who is admiring an exquisite lace doily, one of several that Miss Waldron brought with her from Argentina. The former Whiteflat school teacher is presently visiting relatives in Pampa, during a furlough from her work as a Baptist missionary in Argentina, and is accepting speaking engagements in this area. —Tribune photo

Former Whiteflat Teacher Tells Of Work as Argentina Missionary

Speaking here at the First Baptist Church, Monday morning, Sept. 23, a former teacher at Whiteflat told of her work as a missionary to the Argentine the past 26 years.

Miss Vada Waldron, who was a teacher in the Whiteflat school for two terms from 1925 until 1927, was a guest of the Woman's Missionary Union in a special meeting, which was attended by visitors from Roaring Springs, Whiteflat and Paducah.

In a voice charged with love and dedicated devotion to Christ, Miss Waldron inspired her listeners with the urgency of carrying out the great commission of spreading the gospel to all the world.

"I do not sleep much —there is no time to sleep when I need to be witnessing for my Christ. I need to take advantage of every opportunity to tell the people about His plan for salvation," she declared.

Appointed in 1937

Miss Waldron, a native of Clarendon, Texas, was appointed as a missionary by the Southern Baptist Convention, Nov. 12, 1937, and has spent the ensuing years in one location—Mendoza, a city of 200,000 population at

the foot of the Andes Mountains. She described the area as being desert country. Fruit and vegetables are raised, and one of the principal industries is wine. Twenty varieties of grapes are grown, and one of the largest wineries in the country is located at Mendoza, she said, although it is almost impossible to obtain plain grape juice.

On one occasion, however, while visiting in a home, Miss Waldron was offered a tall glass of cool grape juice.

"I was enjoying it so much that my host immediately filled my glass a second time—while he proudly explained that he had himself crushed the juice from the grapes with his own feet! As I looked at those large, rusty bare feet, I had great difficulty drinking the second glass."

Teaches Kindergarten

Miss Waldron teaches kindergarten and for the past eight years has been director of a Goodwill Center. Although there is much class distinction in that country, children from every strata of society attend the school. Miss Waldron also directs Vacation Bible School, and

leads in church and Sunday School activities.

"The gospel is like a chain stretching around the world," Miss Waldron said. "It makes no difference where you are, or what you are doing, so long as it is what the Lord wants you to do."

She had on display several articles which she brought with her from Argentina. These include exquisite hand-made lace doilies, two types of ponchos, miniature bolo, used principally in ostrich hunting, and a miniature revving—a type of whip used on animals, especially on horses.

Most unique item was a silver mate, a chalice type of drinking vessel, and bombilla (sipper).

"The Argentine is very hospitable," explained Miss Waldron. "When visitors call, they always serve wine, or yerba, which is a tea with a taste very much like Black Draught. Everyone sips through the same bombilla. . . . I always manage to have a bowl of boiling water to sterilize the bombilla whenever I am serving."

Speaks at Floydada

Miss Waldron was the house guest from Sunday until Tuesday, of Mr. and Mrs. Cliff Stephens. Their son, the late A. B. Stephens, was a first grade pupil when Miss Waldron taught at Whiteflat.

Tuesday, she went to Floydada where she spoke at a meeting of the Business and Professional Women's Circle of the Baptist W.M.U. and at the First Baptist Church that evening.

Flomot Home Demonstration Club Entries Win at Floyd County Fair

plus individual prize money.

Flomot Home Demonstration Club competed in the Floyd County Fair held recently at Lockney, and came home standing a little taller — and proud of their little farming community in the shadow of the Caprock.

Their agriculture exhibit placed second in competition with the rich Plains' irrigated agricultural products, only three points behind first place exhibit, while third place exhibit was nine points below first.

The club displayed the required number of 15 items, which were judged as follows: J. A. Reed, pears 29 points; Herb Martin, cotton boll 25; Leona Degan, squash 29; Edith Washington, okra 30, and blackeye peas 25; Jessie Sauls, pepper 26 and pop corn 24; Alfred Martin, hegar 25; Allie Martin, corn 25; Ronald Clay, peanuts 24; Leola Isbell, pinto beans 27 and W. W. Merrrell, apples 30.

Thirty points was the highest possible score for any one entry, so club members were justifiably proud of their showing.

The club also entered a demonstration on what it believed was Motley County's most outstanding accomplishment of the past year. A screwworm demonstration was entered, which did not place, but netted the club \$5 for the effort. In addition, the club received \$5 for 3rd place points for entries and ribbons won, and \$20 for 2nd on exhibits, making a total of \$30

Handwork Wins Ribbons

Handwork and canned goods entered by members placed as follows: Linnie Gilbert, stole, 1st place, cutwork pillow cases 2nd and appliqued pillow cases 3rd; Trula Martin, wool poodle 1st, pear preserves 3rd, cup towel 3rd, pepper relish 2nd, and bread and butter pickles 2nd; Mrs. Leon Cloyd, afghan, 1st, hand-tooled leather purse 2nd, and tablecloth 3rd; Hattie Jones, cross-stitch scarf 1st, Edith Washington, picture frame 1st, and cutwork doilies 1st; Bessie Sauls, crocheted sweater 1st, honey 1st, blackeye peas 1st, crocheted doily 1st, crocheted bedspread 2nd and cross-stitch doily 3rd.

Allie Martin hat 1st, pickled pepper 1st, sour pickles 3rd, pickled peaches 2nd, picture 1st, crocheted pot-lifter 2nd, and scarf 3rd; Mrs. W. T. Ross, bride doll 2nd, huck weaving 3rd; Leola Isbell, cucumbers 3rd, picture 2nd; Eliza Jones, crocheted table cloth 3rd, weathered wood 1st, greeting cards 1st and hat 2nd.

"The exhibits committee feels that the effort was worth our time and expense," declared the chairman. "We had a lot of fun, and learned a lot about several different things. We wish to take this means of expressing appreciation to everyone who helped us in any way."

Harper-Rutledge Vows in Denver; Bride is Niece of Matador Residents

Of interest to family friends of the bride here is the announcement of the marriage Sunday, September 22, of Miss Beverly Jean Harper and Virgil Dean Rutledge.

Vows were exchanged by the couple in a double ring ceremony at 8:00 p.m. in Evans Chapel on the campus of Denver University. Rev. William E. Rhodes, Chaplain of the University read the service.

Parents of the couple are Mr. and Mrs. J. M. Harper of Mt. Pleasant, Iowa, formerly of Lubbock, and Capt. and Mrs. David R. Rutledge of Sun Prairie, Wisconsin.

The bride is the granddaughter of Mr. and Mrs. Luther Harper of Lubbock, who were in Denver to attend the wedding, and a niece of Matador residents, Mrs. Olive Russell and Mrs. John Hamilton, and a great-niece of Mrs. Myrtle Stubblefield. Mrs. Russell and Mrs. Stubblefield also attended the wedding, traveling by train from Childress.

Wears Formal Gown
As she was given in marriage by her father, the bride was wearing a formal gown of pearl white peau de soie. The bodice was fashioned with portrait neckline, and a fitted waistline which was accented by a self fabric bow. The controlled bell skirt was accented in the back by a removable square train. She was wearing an heirloom neck-

lace which was worn by her paternal grandmother when she was married. Her elbow length veil of silk illusion fell in tiers from a tiara of lace and seed pearls. The bride carried a cascade bouquet of stephanotis centered by a white orchid and white roses.

Attending the bride as maid of honor and junior bridesmaid were the sisters of the bridegroom, Miss Barbara Rutledge and Miss Diane Rutledge.

Jon Criswell Harper, of Mt. Pleasant, Iowa, brother of the bride served as best man. Groomsman was Edward Bigby of Denver. Ushering the guests were Jerry Whiteley of Wilton Junction, Iowa, and Carl Sanborn of Denver.

The bride attended Texas Tech, Lubbock, Iowa Wesleyan College, and Denver University. The groom attended Iowa State University, where he is a member of Sigma Phi Epsilon.

Following the ceremony, the couple greeted guests at a reception in the Coachman Room at the South Park Inn. The bride's table was laid with a white net cloth which was designed and made by her aunt, Mrs. Leo Cobb.

They will reside at 45 S. Grant in Denver where the bride is employed at the Colorado Industrial Bank, and her husband will open a singing engagement at the Exodus Club.

According to reports received from Motley County ranchers, the Screwworm Program has been a success. The danger time is not over yet, and livestock owners are urged to keep a close watch on their animals for the next few weeks, and if any screwworms are noted, to doctor and collect some worms for mailing. Screw worms must be collected and mailed before any fly drop will be made in the area, and I have been notified that the number that have been dropped along the rivers of this area are being reduced, therefore making the reporting more important. As to how well the program has worked in 1963, livestock owners are urged to ask themselves the following questions:

How many people do you know that have tried the program by working their calves in the summer? Would you normally do this? Do you know of someone who had a case of screwworms, and didn't report them? If so, can you think of other cases in the same area about 3 weeks after the unreported case? If so, it is a good

bet that the unreported case was responsible for the later cases, as no sterile flies were turned loose in the area to keep down later infestations. Great progress has been made in the program, but now is not the time to let down in locating, treating and reporting screwworms.

A check of cotton fields was also made to determine if nematodes were the cause of stunted growth in fields, where other areas were producing normal growth. Moisture was adequate, and when the check was made, moisture could be squeezed from the soil on top of the ground, but at 6" deep, the soil was dry. Roots of plants also pointed to a hardpan area, as they had not penetrated to the depth of normal plants. This may be the answer to spots in fields over the county where a similar lack of plant growth is noted. If this is your problem,

why not check and see if compacted soil or a hardpan is cause of the limited growth, so, the treatment is to break the hardpan, with an application of cotton burs mixed with the soil to help open it up.

Ruthie Lynn, Fay Lynn Cook, and Sharlene Berryman. A series of yells followed, including a yell for Wilburn Terry, Kenneth Pitts and Tommie Green, who gave short, but inspiring speeches. A skit, the third of a series, was given by some of the pep club members.

Mr. Moss gave an interesting talk, followed by "Raise That Score!" After several more yells, including the "Chevy Song," Coach Barr gave an address.

Concluding the pep rally, the cheerleaders asked: "Have you got that spirit?" The pep club answered: "Yeah Man!" The audience stood and sang the school song. After the pep rally, "Beat Crowell" could be heard echoing down the halls of M.H.S.

SEASON BEGINS FOR MAVERICKS

Twenty-three energetic young Mavericks have been in preparation the past couple of weeks for their first game of the season against Turkey, their arch rivals, tonight (September 26).

With only four starters remaining from last year's undefeated team, Coach Jake Edwards will have a light inexperienced squad. But, if the present anything like the past, the Mavericks will make up for their weaknesses with hustle and determination to carry on a winning tradition.

Schedule for the Mavericks is Sept. 26, Turkey (there); Oct. 3, Estelina (there); Oct. 10 (open); Oct. 17, Estelina (here); Oct. 24, Turkey (here).

Feast Given for Basketball Girls

The basketball girls are making plans for another successful season under the leadership of Coach Bert Ezzell. At a recent meeting 36 energetic girls voiced a desire to play this year.

The girls will begin practice October 1, and the first game is scheduled for October 15.

The Scaff home was the scene of a watermelon feast for the basketball girls Wednesday, September 18 at 4:00 p.m. The watermelons furnished by Coach Ezzell, were tasty and didn't last long. Twenty-five members of the team attended.

By Scottie Robbins

Mary Irwin was elected president of the Pep Club in the first meeting of the year held last May. Other officers are Joyce Scaff, vice president; Sue Stevens, secretary-treasurer; Ruth Garnett and Patsy Hankins, concession stand managers; and Scottie Robbins, reporter.

Led by the officers, the girls began early this year to raise money to finance the Football Banquet. The two major projects are operating the concession stand and selling novelties.

Among the items being sold are ballpoint pens, pennant pins, toothbrushes, memory books, and ribbons. Also on sale are sweatshirts with the team's name and a picture of a Matador on them. Items may be purchased from any Pep Club girl.

Expect great things from Chevrolet again—for '64

Today... Jet-smooth Luxury '64 CHEVROLET

Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.

Take your first look at the first CHEVELLE!

CHEVELLE! by Chevrolet

You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)
