Secret Weapon Used As Allies Look To Manila

By J. B. KRUEGER
Associated Press War Editor
Pacific Commanders Nimitz and MacArthur, attacking at both ends of their converging campaigns, rapidly laid the foundations today for a new, powerful leap toward the long-suffering Philippines.
Weekend communiques told of a flurry of attacks on Japanese positions on Tinian in the Marianas to New Guinea 1,300 miles to the south. The multitude of targets made it no easier for harassed Japan to guess which shell the pea was under.
The fighting men of Adm. Chester Nimitz, employing a "truly fearful" new secret weapon, bottled Japanese on Tinian's southern end, seized the island's main town and already had U.S. planes flying off Guam's Orote peninsula airfield. Upward of 5,000 surviving Japanese on Tinian have to be dealt with, however.

American warships for the first time since Pearl Harbor lay at anchor in Guam's Apra harbor. There ships and American flags triumphantly flying over Guam, testified to U. S. recapture of the island's strategic establishments. They, with installations at Tinian and Saipan to the north give Nimitz's powerful fleet, air and ground arms a toehold for great new operations to the west.

MacArthur held up his end with new blows at Halmahera island, an inviting stepping-stone about half-way from New Guinea to Mindanao in the southern Philippines.

Gen. George Kenney's fliers, who destroyed 45 planes there Thursday, went back to bomb, strafed and set fires on Halmahera's east coast. Other targets attacked were Vogelkop peninsula, Sorong, Manokwari on New Guinea; Truk, Woleai, Nou-Me and Pompe in the Carolines, Nauru island, and by-passed bases in the Marshalls. An enemy vessel was attacked midway between Halmahera and Mindanao. Nimitz has had Palau, eastern guardian of the Philippines, under attack by fleet air forces.

The new secret weapon employed on Tinian was described by War Correspondent Clinton Green as "one of the most fearful instruments of death from America's arsenal," and as so powerful "it is extremely doubtful whether any human being within 100 feet of its action would be able to survive." Security prevented the least hint of what the weapon is.

Patrols on Guam drove clear across the island to divide the Japanese defenders. Captured mountain heights gave the Americans new advantages in shelling out the enemy, which now has the choice only of surrender or death.

The troubles brewing for the Japanese in the Pacific prompted New Premier Koiso to say Japan now needed "a vigorous spirit." Tokyo radio also broadcast that "in keeping with the spirit of the times" Manila's night spots would close tomorrow.

Crops Holding Up Under Heat

Continued hot, dry weather Sunday and Monday caused considerable discomfort to residents of Big Spring and vicinity, but left no considerable damage to crops in the county.

Temperature recorded at the weather station reached 104.2 degrees and at the experiment station, 106 degrees, Sunday afternoon.

"I don't think there is any immediate likelihood of crops suffering to any great extent except in a few areas which haven't received much moisture," said M. Weaver, AAA administrative assistant.

Weaver pointed to last year's crops which developed in spite of several months' drought, from mid-July to November. During August, only .3 was recorded; September, .19, and October, .11.

Less moisture is in the ground this year, but crops will stand considerable dry weather, although rain would be of marked benefit in the next few days. Damage to cotton at present would be less than to feed which is heading out. In Coahoma area, which has received several good rains, some seed already is headed.

Japs Fight Way Into City Of Hengyang

CHUNGKING, July 31 (AP)—The Chinese high command admitted tonight that Japanese forces have broken into the city of Hengyang proper. It said brisk fighting was in progress both in the city and its outskirts.

The Hunan province city has been regarded as the most important goal of the Japanese since their capture of Canton and Hangow in 1938.

Dewey Asserts FD Failed On Reconversion

Another "Roosevelt Depression" To Be Too Much, He Says

PITTSBURGH, July 31 (AP)—Gov. Thomas E. Dewey, asserting that the New Deal had failed to plan for postwar reconversion, declared today "it may not be long before the most vital thing that faces every American is his opportunity to work."

Arriving here for conferences with political, business and labor leaders, the republican presidential nominee told a press conference the country should remember that in November it will be electing a president, "most of whose term will be in peace time."

"As I see it," Dewey said, "the United States simply cannot face another period like the Roosevelt depression which lasted for eight years. With more than 10,000,000 men unemployed continuously from 1933 through 1940."

Dewey, who was greeted by a large crowd at the railroad station and spectators lining the streets on a circuitous parade to a downtown hotel, said he had come to Pennsylvania to begin work on "the two long delayed preparations for reconversion of industry" which he said vitally involved employment after the war ends.

"I think proper government policies can contribute enormously and I believe successfully, in avoiding unemployment which so many now regard as inevitable under an administration that failed for eight years to meet the problem despite tremendous deficits."

Dewey said he planned to talk with political leaders about the campaign while here, as well as to discuss the postwar reconversion problem. A reporter asked what the republican nominee thought about the "don't change horses in the middle of the stream" slogan which some democrats had voiced, in the light of that party's nomination of Senator Truman (D-Mo) for vice president. Truman replaced Vice President Henry A. Wallace on the ticket.

"I should say that idea was demagogued in Chicago—they changed one half of the horse," Dewey replied.

"Which half?" a reporter asked.

Dewey smiled, but did not reply.

Reds May Be In Warsaw, Normandy Trap Closes

Six Of German Divisions Are Reported Out

SUPREME HEADQUARTERS, Allied Expeditionary Force, July 31 (AP)—Six German divisions of perhaps 60,000 men have virtually been knocked out of existence in the current American offensive in Normandy.

These were identified as the Fifth Parachute; the 79th, 91st, 243rd, 352nd and the 353rd infantry divisions.

SUPREME HEADQUARTERS, ALLIED EXPEDITIONARY FORCE, July 31 (AP)—A high-speed American armored column, bursting through the German, scrambled Seventh army, has raced well into Avranches in a dash of 18 miles from last reported positions and established today a pivotal line threatening the flank of the entire German defense in Western France.

Avranches is 60 miles across the Normandy peninsula from the D-Day beachheads, and a firm grip on the town would permit the Americans' powerful tank columns to swing around the Germans and toward Paris, 160 miles to the east, or chop off the Brest peninsula in an offensive toward the south. Avranches is at the right angle formed by the Brest and Normandy peninsulas.

At any rate the Allies had thrown a 195-mile arc across the base of the Normandy peninsula ready for a break into central France, a situation which a qualified observer declared had "immense possibilities."

The iron ring thrown to Avranches shut another trap on Germans fighting around Granville and on a line from Gavray through Percy to Tassy-Sur-Vire to the north. Already 10,000 prisoners had been taken since the start of the American offensive last Tuesday, and the remnants of at least eight Nazi divisions were rapidly being ground up by the American war machine.

Meanwhile the Germans faced further great threat in a new offensive by Gen. Sir Bernard L. Montgomery's British and Canadian who launched an offensive on a seven-mile front from Caumont Sunday at dawn and smashed forward to a depth of eight miles in the enemy's center.

Already this smash was termed a success by British staff officers who had witnessed the capture of a 900-foot dominating height just east of St. Martin-Des-Beaues in the Galet area, and front line dispatches said the offensive still was rolling at furious speed under clear skies alive with Allied planes eager to exploit the gains.

Another American spearhead, shoving south from Coutances, had penetrated within three miles of the coastal city of Granville, but this area was believed pretty well neutralized by the deeper push to Avranches, 15 miles southward. The Germans said Granville had fallen.

Just to the east, the Germans were putting up appreciable armored resistance on a line running roughly from Gavray through Percy to Tassy-Sur-Vire. But this will do them no good without Avranches as an anchor on the seacoast, because the Americans can move around behind them.

At least 600 tanks were disclosed officially to be participating in the American drive. The advance to Avranches cut the highway to Paris, 180 miles (See NORMANDY, Page 8, Col. 4)

WHERE NEW RUSSO-GERMAN BATTLES MAY BE FOUGHT—Shading along the Vistula river in Poland and the Oder river in eastern Germany accentuates territory between those two major streams—an area which may be scene of new Russo-German battles. As Russian forces neared Warsaw, a Wilhelmstrasse spokesman was quoted as saying great battles "will be fought between the Vistula and the Oder—or perhaps between Warsaw and Berlin." (Lat. Warsaw, a Wilhelmstrasse spokesman was Wirephoto.)

ALLIED AIR ARMADA HITS MUNICH AREA

By AUSTIN BEALMEAR
LONDON, July 31 (AP)—More than 3,000 American planes, 1,700 of them heavy bombers, attacked the Munich area, central Germany, French Airfields and Romanian oil works at Bucharest and Ploesti today.

While 1,200 flying Fortresses and Liberators and 1,000 fighters from Britain were casting new destruction upon Germany and France, another force of more than 500 heavy bombers of the U. S. 15th air force in Italy struck the Romanian objectives within 180 miles of the Russian front lines.

Other hundreds of planes operated tactically before the advancing Americans and Britons in Normandy. Formations totalling 220 American Marauders and Havocs bombed a wide area behind the battle zone in spotty weather, striking rail yards and bridges from Domfront to Evreux

and as far south as Tours. Munich was the main objective of the British-based Armada. The Berlin radio interrupted a program this morning to warn that Allied battle formations were approaching Western Germany and continental stations began leaving the air. German home front targets had been bombed by bombers taking a layoff yesterday and again last night.

Targets of the British medium bombers in northern France last night included Seine river crossings and their approaches, railway installations and river barges.

The Allies were able to put some 300 British heavies, 450 American medium and light bombers, and 250 escorting fighters into the air yesterday to battle the German line between Villers Bocage and Caumont as a preliminary to the new British ground offensive.

Other tactical air units bombed fuel dumps near Argentan and Chateaudun, attacked road transport behind the battle zone and blasted rail targets in the Blois and Orleans regions, bringing the total number of sorties for the day to 2,500.

Heat Wave Clings To Grip On Texas

By The Associated Press
Reports of crop damage came from over the state today as the current heat wave accounted for five deaths and there were no prospects of respite from the searing weather.

V. Young Fowler, 60, Amarillo was added to the toll today when an autopsy at Houston showed his death was caused by the heat. Fowler collapsed Friday in 109 degree temperature and died that night.

Reports on crop damage came as follows:
At Plainview 25,000 acres of cotton faced deterioration from hot dry weather. Irrigation pumps cannot carry the load. Around Beaumont a 60-day drought threatened crops and gardens. Feed suffered around Wichita but cotton held up. Feedstuffs are drying un-matured at San Antonio. Young cotton suffers for rain at Austin. Pastures are hurting at Corsicans but cotton is in good shape. Tarrant county crops are standing up

well. No adverse effect has been felt at Midland.

Two people went to Houston hospitals with heat attacks. At Hall, near Waco, William David Nile died as temperatures reached 101 in that region. The farm agent of McLennan county said one-third of the county's corn crop was lost because of hot weather.

Pyote led hot weather points yesterday with 109 degrees. Wink registered 108, Laredo 105 and Big Spring and Del Rio 104. Other readings: Fort Worth, Austin, Yoakum, Navasota, 100; San Antonio, 101; Wichita Falls, Abilene, 102; Alice, Eagle Pass and El Paso, 103, hottest of the year.

Former Secretary To FDR Succumbs

WASHINGTON, July 31 (AP)—Miss Marguerite Alice (Missy) Le Hand, who served as President Roosevelt's personal secretary for more than a score of years, died today at Chelsea, Mass., of cerebral embolism.

Her death was announced by the White House, where it was said she had been stricken unexpectedly. She retired as the president's secretary Dec. 18, 1942 because of ill health but had improved somewhat since that time.

Demo Convention Outcome May Depend On Voting Strength

By DAVE CHEAVENS
AUSTIN, July 31 (AP)—Gov. Coke R. Stevenson said today he looked forward to "a constructive convention Sept. 12 on all matters affecting state government," but he would not comment on questions relating to presidential elections.

Sitting in at the governor's press conference, Charles E. Simmons, secretary of the state democratic executive committee, clarified the basis upon which each county's votes would be cast at the September session.

If a hypothetical county had cast 3,000 votes for the democratic candidate for governor and 3,000 votes for governor in the last democratic primary, it would be entitled to send 10 delegates who would cast six votes in the September primary.

What the exact voting strength of each delegation will be in September will not be determined finally until after the state execu-

Jew Leads Way Into Prussia, Kaunas Falls

LONDON, July 31 (AP)—Marshal Stalin announced tonight the capture of Siedlice, rail town 50 miles east of Warsaw. The German radio reported tonight that Russian forces had opened a large scale attack against Warsaw's industrial suburb of Praga.

LONDON, July 31 (AP)—The Germans indicated today that the Russians may have reached Warsaw proper and their communique acknowledged the fall of the former Lithuanian capital of Kaunas after a fateful Sunday in which other Soviet forces stormed seven miles inside the Suwalki triangle of East Prussia.

"At Warsaw, German troops prevented strong Soviet forces from breaking through toward the town," the official Nazi agency DNB said.

A Berlin radio commentator said soon afterwards that the Russians were drawn up in an arc six miles from the Polish capital, within sight and easy artillery range of its old splires. The last Moscow report placed the Red army 20 miles south-east, but Berlin told of fresh retreats below the Polish capital.

The military spokesman obviously was preparing the German home front for early news of the fall of Warsaw.

Kaunas, second city of Lithuania with 152,365 population, lies 35 miles east of the pre-war East Prussian frontier, and on the Nemman river. Moscow reported Red troops well west of Kaunas and said the Germans were throwing in many fresh men and reserves to halt a Russian push into East Prussia.

The plunge into the Suwalki triangle, which East Prussia annexed in 1939 after the fall of Poland, carried within 21 miles of the pre-war boundary of that German province of the Junkers military caste. Gliby, seven miles inside the triangle, was taken by the troops of Gen. Ivan D. Cherniakovsky, 37, a Jewish general.

Berlin reported for a second time that the Russians had crossed the Vistula river southeast of Warsaw. The enemy insisted that counterattacks had thrown the Russians back to the east bank. And for a second time, the Nazis said they had abandoned Siedlice, the rail center 50 miles east of Warsaw where street fighting was in progress most of last week.

All along the meandering front of about 1,000 miles, the Russians reported progress and said they captured a total of 1,144 localities. The sixth large pocket of German troops trapped since the summer offensive began June 23 was liquidated west of fallen Brest Litovsk and 2,000 Germans surrendered after 15,000 had died, Moscow said.

Attempting to extract the sting from the latest batch of black news, the Berlin radio quoted a military spokesman as asserting the present retreat is the last phase of the German defensive warfare in the east and that soon "our offensive warfare will restart."

Post Open To Public Tuesday

Opportunity to view operations at a wartime army base will be offered Tuesday when Big Spring Bombarrier school conducts open house from 9 a. m. to 4 p. m.

The open house will observe the 37th anniversary of what is now known as the Army Air Force.

Visitors will not need credentials to enter the field. They will be given field guides, and during their tour may see the new-type bombers and fighter craft from their automobiles; may witness formation flights to be held periodically; may see loads of bombs trucked to planes; and see other phases of operation of the school. Col. John P. Kenney, commanding officer, expects thousands of visitors.

Tower Of Pisa Not Hit By Allied Guns

WITH THE FIFTH ARMY BEFORE PISA, July 31 (AP)—The leaning tower of Pisa is neither destroyed nor damaged by artillery fire, an observer in a nearby post declared tonight. Earlier Germans had reported it had been destroyed.

Road To Berlin

By The Associated Press
1—Russian Front: 335 miles (measured from near Kibbel).
2—Italian Front: 605 miles (measured from Senigallia).
3—Normandy Front: 630 miles (measured from Troarn).

Navy Curtails Its Sub Construction

WASHINGTON, July 31 (AP)—The navy announced a cutback in the submarine building program today and attributed the step to two factors—the loss of fewer submarines than was expected and the need for at least eight other types of ships or weapons.

The announcement gave no figures either on the cutback or the existing fleet of underwater craft. On the basis of submarines known to be building or in commission, however, the American undersea fleet apparently is in excess of 200.

"The reduction will be accomplished by not starting a number of submarines which were scheduled for completion toward the end of the building program," the announcement said. "While some adjustments in the working forces in the six submarine building yards will be involved, the submarine completion schedule will be maintained at present levels throughout the next seven or eight months."

The navy said more needed munitions are: Aircraft carriers and cruisers; new types of assault ships (fast, armed cargo

carriers and transports); tankers; bombardment ammunition; rockets for firing from both planes and ships; 40 millimeter guns; machinery for advanced bases, and high octane gas.

The navy acknowledged that in the case of assault ships "we are behind schedule—in some instances, months behind."

Of tankers, the department said the farther-west the war advances in the Pacific, the greater the strain on shipping, particularly on tankers.

Production schedules for bombardment ammunition has been increased more than 3,000 percent since 1942, yet "we are barely keeping our nose above water." The announcement said naval ships had fired more than 41,000 tons of shells into Japanese and German shore fortifications alone. It is "impossible" to get too many rockets, the department declared.

The navy now procures about \$100,000,000 worth of ammunition a month, and when the rocket program reaches its peak that figure will be doubled.

DOWNED IN POLITICAL ROW—W. W. Adair (left), a pro-Roosevelt democrat, shouts his defiance after being knocked to the pavement as Dallas county democrats met July 29 to name delegates to their state convention. Adair entered a gathering of anti-Roosevelt democrats, who had withdrawn from the regular meeting, and tore down a precinct sign. He was followed outside and struck by man at extreme right. Mrs. H. T. Curran Will Be In Charge Of The USO Little Theatre Project

The object of the USO Little Theatre is to train people in acting, stage craft and directing for local entertainment purposes," said Mrs. H. T. Curran of San Antonio, who is in charge of the project here. Pfc. Curran is stationed at the Big Spring Bomberfield.

All GSO members and servicemen and women interested in belonging to this group are asked to enroll with Mrs. Ann Houser at the USO.

Mrs. Curran received her B.A. in Dramatics at Trinity University in San Antonio and also studied at Columbia University in New York. She is one of the organizers of the San Antonio Community Players and has worked with the Civic Opera company there. Mrs. Curran has taken part in the opera and operetta, "Student Prince" and "Bartered Bride." She directed the dance routine in the opera, "Belle of New York."

During the winter Mrs. Curran teaches dramatics at the San Antonio Vocational and Technical High school.

Pfc. and Mrs. Curran also worked in the Springfield, Ohio Civic Theatre group while Pfc. Curran was stationed there.

The director explained that the plan stands now to begin work on skits and work into three act plays and musicals.

The meeting will not be held because of construction in the club rooms.

Next meeting will be a breakfast August 15 at 9:30 a. m.

Woman's Club Will Not Meet Tuesday

Members of the Woman's Club of AAFBS are reminded of the postponement of the scheduled meeting Tuesday at the Officers club.

The meeting will not be held because of construction in the club rooms.

Next meeting will be a breakfast August 15 at 9:30 a. m.

VISITS AND VISITORS

Mrs. W. B. Young of Little Rock, Ark., and Mrs. L. B. Patterson and daughter, Elena, of Menasha are spending a few days with Mrs. Charles Koberg.

Cpl. John Nobles left here Saturday to return to Camp Haan, Calif., after visiting with his parents, Mr. and Mrs. S. R. Nobles. Mrs. Virgil Hubbs of San Antonio was also a guest in the Nobles home.

Guests in the home of Mr. and Mrs. Albert Smith were Mrs. John G. Davis, Sr., Mrs. Smith's mother, and Mrs. J. G. Davis, Jr., both of Hereford.

Torture was long a recognized part of Scottish criminal procedure.

Marriage Announced

Mr. and Mrs. W. M. Dehlinger, Sr. announce the marriage of their daughter, La Fern to J. C. Lewis of Midland.

The couple was married Sunday afternoon at 5 o'clock in the Roseau Methodist church by the Rev. Rue. Mrs. Rue was the only attendant.

The bride wore a white suit and ten accessories with a shoulder corsage of red roses.

Mrs. Lewis graduated from Big Spring High School and attended North Texas State Teachers college in Denton.

They will be at home in Midland where the bridegroom is the owner of the Lewis Drilling Company.

Activities at the USO

MONDAY
8:30 — French class.
9:00 — Games and dancing

TUESDAY
FREE ALTERATIONS; garments must be clean.
8:45 — Informal dancing to the records

WEDNESDAY
Volunteer desk hostesses.
6:15 — Hospital visiting hour at the post Lillian Jordan, chairman.

9:00 — Bingo, three-minute free telephone call home and candy.

THURSDAY
9:00 — Watermelon feast with all junior hostesses and service personnel invited.

FRIDAY
Volunteer desk hostesses.
General activities.

SATURDAY
7:00 - 9:00 — Canteen open, free cookies and iced tea furnished.

9:00 - 11:00 — Record letters in recording room.

Ladies of the First Christian church with Mrs. C. M. Shaw, chairman, served refreshments at the USO Sunday afternoon.

Hostesses were Mrs. Fred Lancaster, Mrs. J. H. Stiff, Mrs. W. K. Baxter, Mrs. Justin Holmes, Mrs. Ray McMahan, Mrs. Leo Hall, Mrs. R. J. Michael, Mrs. T. B. Baker, Mrs. Albert Smith, Mrs. A. T. Griffin, Mrs. T. J. Walker, Stella Shubert, Mrs. L. M. Brooks.

Desk hostesses were Mrs. Mary Locke, Mrs. Mary Ezell, Mrs. J. A. Myers, Mrs. R. B. Dunivan.

Women Busy With Corn Canning In Knott Community

KNOTT, July 31—Boat riding, swimming and skating were listed as entertainment for the club women's encampment at Christoval Wednesday and Thursday.

Knott women attending were Mrs. Joe Myers, Mrs. O. R. Smith, Mrs. E. G. Newcomer, Mrs. E. O. Sanderson, Mrs. Paul Adams, Mrs. Fred Roman.

Initiatory degree was given to C. B. Donaghey and first degree to Cecil and J. B. Shockley when the IOOF Lodge met recently for their regular meeting.

Rev. Ellis is directing the revival services at the Methodist church and Lela Baker of Ackerly is the pianist.

Mr. and Mrs. Bud Dean of Vincent visited Tuesday with his cousins, Mrs. J. T. Gross and family.

Mr. and Mrs. K. L. Click and son spent the week end with relatives and friends in San Angelo.

Considerable corn canning is going on now to salvage the patches which were planted after April showers. Women are trying to save the corn which almost perished last week because of the hot weather.

A monthly meeting of supervisors of the Martin-Howard soil conservation district will be conducted at 2 p. m. Tuesday in Station. J. H. Taylor, recently appointed supervisor of the Big Spring office, plans to attend.

BOUFFANT SKIRTS are a surprise on formal gowns for fall. This one, in black and gray striped taffeta, designed by Bruno, has tight boned bodice, square neck.

Social Calendar Of Events For Week

TUESDAY
LADIES BIBLE STUDY of the Church of Christ will meet at 9:30 a. m. in the church.
WOMAN'S MISSIONARY UNION of the East Fourth Baptist church will have a prayer meeting and program planning in the church at 3:30 p. m.

ORDER OF THE EASTERN STAR convenes in the Masonic hall at 8 p. m.
REBEKAH LODGE meets at 8 p. m. in the IOOF hall.

LADIES SOCIETY OF THE BROTHERHOOD OF LOCOMOTIVE FIREMEN AND ENGINEERS convene in the WOW hall at 3 o'clock.

WEDNESDAY
PHILATHEA CLASS of the First Methodist church will meet at 10:30 a. m. in the church.
VFW AUXILIARY will meet at 8 p. m. in the VFW home.

LADIES SOCIETY OF THE BROTHERHOOD OF LOCOMOTIVE FIREMEN AND ENGINEERS convene in the WOW hall at 3 o'clock.

THURSDAY
HOMEMAKERS' CLASS plans to have monthly business meeting and regular class luncheon at the church at 3 o'clock.

FRIDAY
JUNIOR ADULT DEPARTMENT of the First Baptist church will have a picnic Friday. Members will meet at 7:30 p. m. at the church.

SUSANNAH WESLEY CLASS of the First Methodist church meets with Mrs. A. C. Bass at 8:30 p. m. for a picnic.

FRIENDSHIP CLUB will meet in the home of Mrs. C. Y. Clinkscales, 705 W. 18th, at 9 a. m.

Dress Up Your Menu With Tasty Liver Loaf

By CHARLOTTE ADAMS.
Have You Tried Liver Loaf?
Liver Loaf
Stuffed Baked Potatoes
Raw Vegetable Salad
French Dressing
Cracked Wheat Bread
Blueberries with Powdered Sugar
(Recipes Serve Four)
Liver Loaf
1 pound beef liver
1-2 cup stock
2 small onions
3-4 cup cracker crumbs
1 teaspoon Worcestershire sauce
1 tablespoon lemon juice
1 teaspoon salt
1-8 teaspoon pepper
1 teaspoon celery salt
8 eggs, slightly beaten
2 slices bacon
Simmer liver for five minutes in water to cover. Drain and save one-half cup of the stock. Put liver and onions through food chopper. Add stock, cracker crumbs, Worcestershire sauce, lemon juice, salt, pepper, celery salt, eggs and mix well. Place in a greased loaf pan and top with bacon slices. Bake at 350 degrees for 45 minutes. (This loaf is also good sliced cold.)

Lubbock Plans Aerial Parley

Aviation authorities will discuss various subjects related to air transportation at a meeting to be conducted at 10 a. m. Aug. 7 at Hilton hotel in Lubbock, according to announcement received here.

With Jack M. Randal, Lubbock Chamber of Commerce president, presiding, the program will include speeches by A. B. Davis, Lubbock Chamber of Commerce manager; Charles E. Beard, vice president of Braniff Airways, Inc., of Dallas; Sidney J. Kring, executive vice president of Bowen Airways, of Fort Worth; L. C. Elliott, regional manager of the CAA, Fort Worth, and Max Woodburn, special representative of Cessna Aircraft corporation at Wichita, Kas.

The Big Spring mayor and chamber of commerce president or secretary have been invited to be luncheon guests.

Gallant Nurses Brave The Battle Zones

By GLADWIN HILL
AP Features
IN A USAAF HOSPITAL PLANE OVER THE IRISH SEA — The folks back at the French hospital in New York would get a kick if they could see their erstwhile operating room nurse Billie Rogers now.

Erumette, pug-nosed, five feet two and very cute, she is standing up in the cabin of a twin-engine Douglas army transport plane scooting over the cold gray waves of the Irish sea.

She is dressed in regular brown zipper flying overalls and fur-lined boots. Underneath the overalls is a snappy blue uniform with black; blue shirt and a red necktie. Underneath all that is a sweatshirt and, she vouchsafes, nothing less than red flannel underwear.

All this gear is not without some purpose. Billie at the moment is in full charge of a dozen hefty infantrymen from Uncle Sam's army.

Her control over them is both practical and official. They're hospital patients, being transferred by air to England, and she's an aerial nurse, with the customary pretty nurse's mastery over ailing males.

In addition, they're G. I.'s and she is a second lieutenant—in the specially selected and trained section of the Army nurse corps assigned to aerial evacuation.

This aerial ambulance system makes possible giving soldiers better treatment quicker, saves them the rigors of long, rough land and sea trips, and economizes in non-essential facilities and supplies that have to be moved up to the battlefield.

Aerial evacuation nursing is the only real forward battle-zone job women are allowed in the S. Army.

The planes are just like peace-time passenger ships except for interior furnishings. They have no armament to speak of; there isn't room for guns or gunners. And because they are troop carrier planes, used part of the time for dropping parachutists, towing

infantry-laden gliders and carrying supplies to the front, they cannot under the Geneva Convention display protective red crosses even when they have nothing but wounded aboard and are essentially the same as auto ambulances or hospital ships.

They have to rely for protection on dawn and dusk flying and dodging in among trees and hills. So far they've been notably successful at it.

This routine doesn't faze the aerial nurses, who are as attractive and intelligent a group of girls as you'll find in many days' march. About half of them were airline hostesses before the war.

All were graduate nurses before the war. They got six weeks' additional special training at the Air Forces school of aerial evacuation at Bowman Field, in Louisville, Ky.

The course included regular army drill and subjects like tropical medicine and survival in the jungle and desert.

After they graduated they practiced ferrying ailing soldiers by plane among hospitals in the United States, and helped train their assistants.

Each aerial nurse has an enlisted-man partner, called a "surgical technician," with a rating of T-3, equivalent to a staff sergeant.

Each aerial nurse has an enlisted-man partner, called a "surgical technician," with a rating of T-3, equivalent to a staff sergeant.

After they graduated they practiced ferrying ailing soldiers by plane among hospitals in the United States, and helped train their assistants.

Each aerial nurse has an enlisted-man partner, called a "surgical technician," with a rating of T-3, equivalent to a staff sergeant.

Ninety Girls Are Enrolled In Camp

Ninety girls are enrolled and will spend their first day at the Girl Scout Day camp in the city park Tuesday beginning at 8:30 until 2 o'clock.

Each girl is requested to bring a newsway lunch and 10¢ for bus transportation back to town.

A staff meeting of the Girl Scout councilors and junior councilors was held this morning in the Amphitheatre at the City Park.

Brother Of Local Residents Succumbs

Mrs. W. W. Bennett and daughter, Mrs. Paul C. Floyd and Mrs. R. E. Bennett returned to Big Spring Friday from Dallas where they attended the funeral of their brother, G. W. Bird Thursday.

They were called to his bedside and he succumbed Tuesday evening.

Waiting for a telephone?
Here's Why Many Folks in Big Spring Can't Get Service...

Safer laundering!

- SUPERIOR BLEACHES sometimes do this to cottons and linens because their action is uncontrolled.
- PLAIN WASHING means lots more rubbing to get things white. This is also very hard on fabrics.
- WITH PUREX you can avoid both dangers. Used as directed, Purex whitens gently—with controlled action. Safer than inferior bleaches or extra rubbing. Linens last longer.

AT YOUR GROCERY
PUREX HAS CONTROLLED ACTION—GENTLE TO COTTONS AND LINENS
PUREX

As sea or ashore, at the front or behind the lines, fighting men must have telephones. Ship telephones are shown in action here, during an air attack.

If you are waiting for a telephone these days, it is because the telephone system here is being used at full capacity.

And right now we can't get the equipment required to increase that capacity. Western Electric Company, supplier for the Bell System, still is rushing out field telephones...wire...switchboards...walkie-talkies...airplane and tank radios...throat microphones...and volumes of other communications equipment or electrical weapons to the army and navy.

We're stretching the telephone lines and equipment here to serve every customer we possibly can. But despite all we do, the waiting list keeps growing.

We are sorry that many of you have to wait. We appreciate your patience and your understanding that materials and communications for our fighting men must come first.

SOUTHWESTERN BELL TELEPHONE CO.

Swore at PILES! But Now He SMILES!
YOU may smile too. Use Doctors' formula for relief of piles. It's so easy to use...so quick to act...so effective...it's the only one that's been used for over 100 years. Get your supply today. At all good drug stores everywhere—in Big Spring, at Collins Bros. Drug. (adv.)

Age And Weather Stress Tire Check Importance

One of the major things tire dealers are trying to stress to automobile owners all over the country today is to keep a close check on the condition of the automobile tires and at the least sign of wear and tear, make certain that they are repaired. This summer (as automobile owners are already beginning to realize) tires will begin to pop

and blow-outs will become one of the major handicaps car owners will face for hot pavement in soon ruin a thin tire or a weak tube. With temperatures still climbing and no sign of a let-up in sweltering days ahead for awhile, Charlie Creighton, owner and operator of the Creighton Tire company at 203 West Third, suggests that you drop by his completely equipped tire and service station for regular tire check-ups.

In case a tire does need attention, the trained attendants employed by Creighton are experienced in recapping and vulcanizing services. For those who are eligible for new tires, Creighton offers Seiberling tires. "There isn't much we have to say about Seiberling, for the trade name speaks for itself. I have handled Seiberlings for many years and have learned to rely on products made by this company," Creighton pointed out.

New batteries handled by Creighton are made by Seiberling. Recharging service for old batteries is also maintained at the station. Having been in the tire business for the past 15 years, Creighton has operated in his present location for the past seven years, and has won for himself... and his employees, recognition as courteous, and experienced attendants who can better tend to the needs of car owners and their automobiles.

PLUMBING WORK NOT ALL: Quality plumbing work is not all that D. E. Burns, above, head of the Burns Plumbing Co. offers, for his concern also stocks a good line of plumbing fixtures and fittings, samples of which may be seen with Burns, who is himself an experienced master plumber. Although a comparatively new concern in Big Spring, Burns Plumbing has met with instantaneous response from the public. (Kelsey Photo).

H. Lester Parts Supply Best In All West Texas

Harry Lester Auto Supply Co. still maintains the most complete stock of standard brand replacement parts in west Texas. Its equipment includes such parts as Delco Remy and Auto-Lite Ignition, Carter Carburetors, New Departure, Hyatt and Timken Bearings, Fram and Puralator oil filters and A. C. fuel pumps.

In the machine shop, the Auto Supply has equipment to take care of any need for your motor. Skilled mechanics do complete motor rebuilding, crankshaft re-grinding, cylinder reboring, bearing resizing, line reaming blocks, and pin fitting. They handle the installation of valve seats in cylinder blocks and cylinder heads, pressure plate rebuilding, brake shoe exchange, brake drum turning and connecting rod babbiting. All types of shop equipment may now be purchased from Lester's by special order. They have in stock quick battery chargers, air compressors, Lincoln Portable high pressure grease guns and shop and pipe vices. Lester's will be glad to place your order for any type of shop equipment. The company is located at 404 Johnson St., and employees there specialize in 'courteous, prompt and capable service.'

Plumbing Supplies More Plenteous, Declares Burns

Floor furnaces, shower stalls and a large amount of hot water heaters are all included in the complete stock of Burns Plumbing and Heating company at 807 E. Third street. In fact, everything is available with the exception of bathtubs and then those can be obtained with the proper rating.

"We are able to take care of our calls promptly now," said a company spokesman, "and strive to give a one day service for all."

D. E. Burns, a veteran in the plumbing business and active in the trade here for a number of years, is owner and manager of the concern. His experience, plus the fact that he has the assistance of G. H. Gross and S. P. Northum, who are trained and skilled men enables them to give consistent service even at a time when people normally expect to wait several days.

Mrs. D. E. Burns is in charge of the office and is long experienced in this type of work.

A steady increase in volume of business has been taken by the company as an evidence of public trust in its workmanship and quality of materials. Both employer and employees have found this a point for pride.

Pilot School Moved

HOUSTON, July 29 (AP)—The advanced pilot school at Ellington Field has been transferred to the Blackland Army Airfield at Waco and will be replaced by an Air Transport Command training program, Col. Rosenham Beam, Ellington commandant, announced today.

Andrew A. Flower of Big Spring, technical supply clerk at an Eighth Air Force Liberator station in England, has been cited for distinguished and outstanding service in 100 combat missions over Europe. The group made its 100th mission in support of the initial landings by Allied forces in France.

Ensign Connally P. Lockhart, son of S. L. Lockhart of Big Spring, will go to sea soon aboard a landing ship, medium, latest addition to the navy's powerful fleets of invasion vessels, according to naval announcement. Now training at the Amphibious Training base at Little Creek, Va., Ensign Lockhart will be an executive officer on one of the craft. Lockhart formerly attended West Texas State Teachers college and was operating a ranch before being commissioned in the navy. He served on a landing craft, infantry, before reporting to Little Creek.

Fuel gas is the most common danger in and about damaged or demolished buildings.

Browns Stretch Lead To Most Since Early Season

By JOE REICHLER
Associated Press Sports Writer

Cincinnati's Bucky Walters failed yesterday in his fourth attempt to notch his 10th win as the New York Giants bumped him for 10 hits for his fifth defeat 8-0, in the first game of a double-header, but the Reds rebounded after garnering only five hits off Rube Fischer in the opener to take the nightcap 9-3 and gain a split.

Frank McCormick hit a pair of homers, driving in five Redies runs in the afterpiece.

The St. Louis Browns increased their first place lead over the second place Boston Red Sox to 4 1-2 games, their biggest lead since the first week of the season, by sweeping a twin-bill from the Washington Senators, 2-1 in 10 innings and 7-3. Bob Muncrief notched his 11th victory in the opener.

After Rookie Tommy Warren snapped the St. Louis Cardinals nine game winning streak by pitching the Brooklyn Dodgers to a 10-4 first game victory, the Cards came back to win the nightcap 9-7 in 11 innings. Ray Sanders paced the Cards with a three-run homer which enabled him to gain the league lead in runs-batted in with 71. Dixie Walker's ninth inning homer forced the game overtime.

The New York Yankees and the Detroit Tigers divided a double header the Yankees winning the opener 10-3 and the Tigers annexing the nightcap, 13-7. Hank Borowy won his 13th game, ending the Yankees five-game Brings stadium losing streak, and Hal Newhouse gained his 16th triumph in the finale.

The Chicago Cubs made it six straight by taking both ends of a twin-bill from the Philadelphia Phillies, 4-2 and 11-3 to climb to within a half game of the first division. Hank Wyse won his 10th in the curtain-raiser and Les Fleming his seventh in the nightcap.

The Red Sox lost a full game to the Browns by splitting a twin-bill with the Cleveland Indians, the Red Sox coming from behind to win the opener 8-3 and the Tribe grabbing the finale 3-2, with Manager Lou Boudreau doubling home the winning run in the ninth ining.

With Alva Javery snapping a six game losing streak by hurling a two-hitter to the Boston Braves swept a double bill from the Pittsburgh Pirates 6-4 and 3-0. Catcher Stu Hofferth got four for four for the Braves in the opener.

Bill Dietrich turned in his 12th victory as the Chicago White Sox and the Philadelphia Athletics halved their two games, the Sox winning the first 6-4 and the Magkmen behind Jesse Flores' seven-hit pitching, taking the second 3-0.

Ground peanut hulls are being used to manufacture a new cork substitute.

PITCHES 16-GAME RECORD. Cecil (Tex) Hughson, Boston Red Sox right-hander, became the first American league pitcher to chalk up 16 victories when he beat the Detroit Tigers 6 to 1 at Detroit. He is shown above in his hotel room after the game where he announced that his record was in celebration for his son, Stanley, born July 23 at Austin, Tex.

Zarilla Hottest Man For Browns

ST. LOUIS, July 31 (AP)—Meet Al Zarilla of the first place St. Louis Browns who is the hottest man with a bat in the American league today.

This little 24-year-old fellow from Los Angeles has not only boosted his average from a mere .217 to .312 this past week but has shown that he can connect with the best pitches the American league can offer.

Since Saturday, July 22, he has been at bat 25 times, hit in 19 consecutive games and has gleaned 21 safeties to give him an average of .600 for the period.

Al's hot streak started when Browns' manager, Luke Sewell, put him in as a pinch hitter for Pitcher Jack Kramer in the Boston Red Sox game more than a week ago. He doubled one of Mike Ryba's tosses to drive in two runs.

The next day Sewell placed him in the outfield as a substitute for Gene Moore. Prior to that he didn't get much regular work.

Zarilla played in 70 games with the Browns last year and has been with them since spring training this year. "I've just relaxed for the first time since I've been in the majors," he said. "I guess I was trying too hard to succeed."

SPORTS ROUNDUP

By FRITZ HOWELL
(Pinch-hitting for Hugh Fullerton, Jr.)

NEW YORK, July 31 (AP)—Pigskin paragraphs:

Camp Lejeune, the big marine base at New River, N. C., where Notre Dame's mighty Angelo Bertelli was transferred not so long ago, has notified opponents it will not have a football team this fall, thus leaving open dates for Baltimore, Md., Parris Island, Jax Air Base, Chapel Hill, and others . . . Yale ended its six-week spring training grind without using a football, callisthenics forming the keynote . . . Michigan's Fritz Crisler didn't want to play Marquette at night in Milwaukee Sept. 23, but finally went for a 7 p. m. starting time so they'll start in the dusk and finish under the arcs.

Were Asking You!

No. 1—What major league team suffered the greatest number of shutouts one season, and the least the following year?

No. 2—Who was the only major league pitcher with a second division club to lead the loop in winning percentage?

(Answers at the end—but don't peek now.)

Today's Best Star

C. M. Gibbs, Baltimore Sun: Up Brooklyn way they're searching records to see if there ever was a worse Dodger outfit than the 1944 Bums. That's something you never hear about in Philadelphia. No one wonders whether this year's Athletics are worse than all the others. For one thing, you'd have to too many years to go back through.

Bits Of Banter

Back in 1905, when they were known as the Superbas, the Brooklyn won 48 and lost 104—their worst season. To beat that record of futility the Dodgers must lose 51 of their remaining 62 games, but if anyone in the league can do it, the Bums can.

When Bucky Walters beat the Dodgers in a 10-inning relief role early this year, it was only the second time in his career he copped a verdict in the "game-saver" role . . . And Danny Litwhiler's three-run homer against the Phils last week marked the first time he had hit safely this year as a pinch-hitter, outside of the all-star game.

Answers to questions: No. 1—Pittsburgh, 14 in 1921, two in 1922. No. 2—Bill Bernhard, Cleveland, 1902, won 18, lost 5, team finished fifth.

AUSTIN WINS TITLE

AUSTIN, July 31 (AP)—Austin will represent Texas in the regional American Legion junior baseball tournament at New Orleans Aug. 10-13 by virtue of defeating Dallas' Forest Avenue High yesterday in both games of a doubleheader, 8-4 and 25-14.

Brail is the only South American country that declared war on Germany during World War I.

Avenger Trips Local Bombers

Playing with a patched-up lineup, the Big Spring Bombers dropped a 6-4 decision to Avenger Field at Sweetwater Sunday afternoon.

Three key men were missing from the Bomber roster for the game. In addition to the loss, the Bombers suffered a keener one when Third Baseman John Jowalski collided with Avenger's first baseman in trying to beat out a roller to deep short in the seventh. Extent of his injuries had not been determined at the post hospital Monday.

Bright spot was John Millard's homer in the sixth with none on. Vaughn Stewart allowed Avenger 10 hits while Sid Landrum held Big Spring to seven scattered hits.

The game with Abilene air base, scheduled for this weekend, has been cancelled since Abilene's in the Waco semi-pro tourney. S-Sgt. H. E. Hammond is trying to match other games.

Score by Innings

Big Spring .100 001 011—4
Avenger .030 003 00x—6

Sgt. Wadkins Is Odessa Winner

ODESSA, July 31 (AP)—Winner of this year's Odessa invitation golf tournament is Sgt. Lloyd Wadkins of Odessa, who yesterday downed Aviation Cadet Bill Roden of Glen Rose 4 and 3 at the Odessa Country Club.

Pilly Maxwell of Abilene won the championship consolation honors defeating Joe Black of Odessa 5 and 3.

Ann Curtis Beats 2 World Records

SAN FRANCISCO, July 31 (AP)—Comely Ann Curtis, San Francisco's 18-year-old swimming champion, today holds as many records as her years.

The 135-pound mermaid winnowed through Fleischacker pool in the Pacific Association Amateur Athletic Union championships yesterday to shatter two world and four American records.

Faced at the start by her sister Sue, 17, she bettered the 880-yard and 800-meter records held by R. Hveger of Denmark and the U.S. records for 440, 880 and 1000 yards and 800 meters in the women's freestyle.

If her international records are accepted, she will be the first U.S. girl to hold a world swim record in 15 years.

Miss Curtis was clocked at 5 minutes 26.5 seconds for 440 yards to better the 5:30.1 Mary Ryan of Louisville, Ky., set in 1940 at Portland, Ore.

At 800-yards in 11:06.8, Miss Curtis bettered the 11:18.1 world record Miss Hveger established in Stockholm in 1937. Her time for that stretch disposed of another world mark—the 800 meters—set in Copenhagen in 1938 by Miss Hveger at 11:28.4.

The San Franciscoan's time likewise topped the U.S. 800-meter time of 11:15.6 set by Nancy Merxi of Portland, Ore., at Highpoint, N. C., in 1941, and Miss Raya's 11:26.4 record for the 800-yard long course achieved at Portland in 1940.

She continued on to a new American time of 12:42 for 1,000 yards, shattering the 13:23.8 feat by her swimming ideal, Helene Madison of Seattle, at New York City in 1931.

THE CLUBHOUSE

By CHIP ROYAL
AP Features Sports Editor

BOSTON — Connie Mack once called Jimmy Foxx "the greatest all-around player the game has ever known."

Quote the venerable A's manager:

"Jimmy had what it takes to be a great all-around player. He had natural athletic coordination, great speed and great hands."

Recently there was a small item at the bottom of the sports pages saying the Chicago Cubs had removed Foxx from the active players' list and relegated him to the status of bull pen catcher.

AP of which moved an old friend, Lou Mandell, sports columnist of the Crapston, R. I. Herald to write the following:

"It is always a touching and peculiar thing that when a great sports figure sadly casts aside his playing gear and steps out of active competition to join the Sideline Society there is scant tribute paid for past deeds well done and for years of honest sweat and toil. The usual newspaper treatment

of such a great name is the setting of a begrudged stick or two of type.

"The story is then buried in a corner of those same sports pages which once were emblazoned with eight-column streamers proclaiming his heroics at the plate, and almost life-size pictures, as well as detailed accounts of what the Great One ate for breakfast. . . ."

"Jimmy Foxx—the Great Double XX—is a perfect illustration of this fleeting grasp on fame in the sports world. After more than 18 years of major league service, Chimmie was recently removed from the active player list of the Chicago Cubs. He was washed-out, sidetracked to make room for a younger player.

Sure Jimmy will still be around the fringe of the game he played to win a few lines in the record books. He will stick with the Cubs as a bullpen catcher and coach, both very important jobs but comparable to retiring a great race horse to pasture.

"A three-time winner of the American League's most valuable player award, Foxx saw little service with the Cubs this year. When he stepped to the plate, Chimmie was a clobber—he was as tragic as a lamb in a slaughter house. This player, who was home run champion three times, once a co-champ, and twice runner-up for the title, made one solitary bingle for a miserable .053 in 19 tries. What a comedown for a man who boasts a lifetime batting average of .328.

"Truly, The Double XX should have stood in bed. He was like a man in a trance. No longer did he slap the rubber and wave his mighty war club menacingly at opposing pitchers. No longer did Chimmie cavort around first base, scooping throws out of the dirt while delicately dancing around the bag and dipping his toes under flying spikes for putouts.

"Such is the story of Jimmy Foxx. Like many another baseball luminary, he did not leave well enough alone. His lifetime batting, probably will recall, in days to come, that the Great Double XX was a flop at the plate in his last season.

"Foxx could have learned from Ruth's experiences — but it is a certainty he did not."

Private Bregar Abroad By Dave Bregar

"Tell him we can't be all night, deciding on what type of barbed wire to lay!"

Harry Todd Turns Golf Professional

DALLAS, July 31 (AP)—Big Harry Todd, who once said he played tournament golf for the publicity and to help his insurance business, is going to make golf his business from now on; he's turning professional.

The blond Dallas better for more than a decade has been a top amateur. Included among his conquests have been the Texas Amateur in 1936 and the western amateur in 1939 and he was the first Simon-Pure to win the Texas PGA open. But his major feat was being low amateur in the last national open at Fort Worth, where he finished seventh in a great field.

Todd will make his start as a pro in September when he competes in the Texas Victory Open at Dallas' Lakewood Country Club, an event that will double \$13,333.33 in war bonds before the play-for-pay boys.

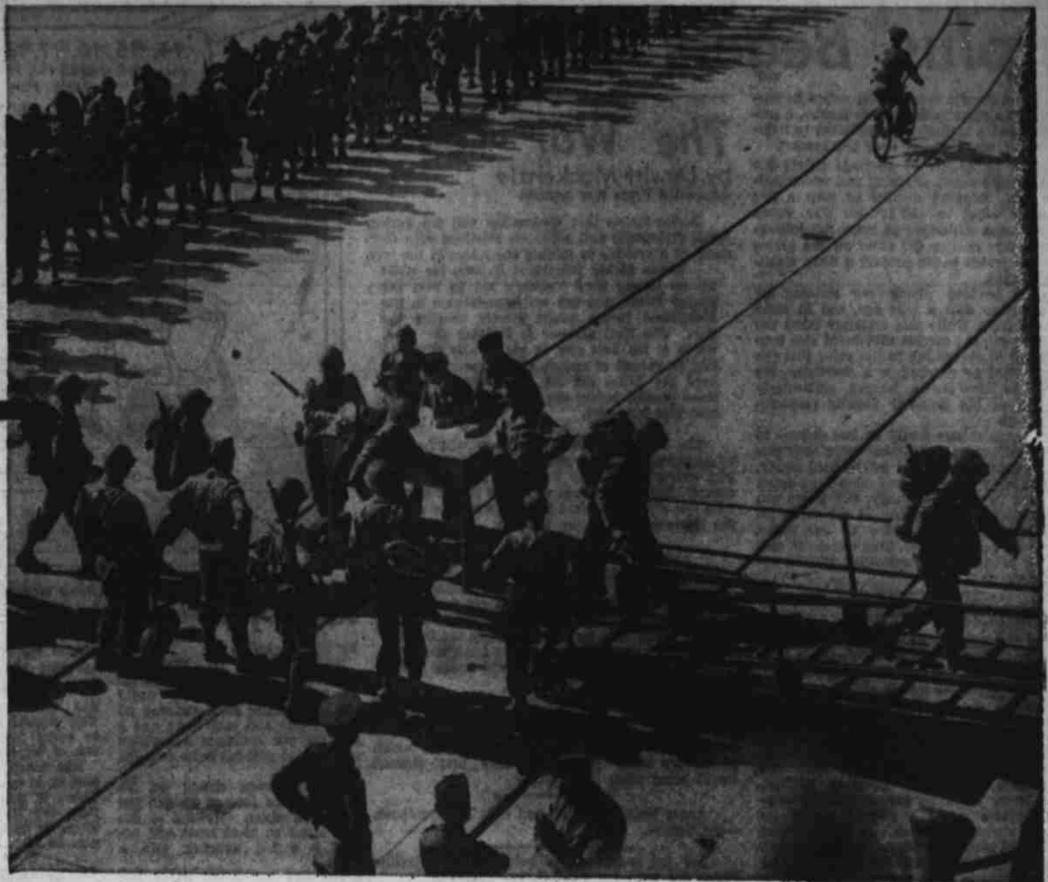

Regional iron ore deposits near Caen have been worked since Roman times.

NEVER before has war been reported like this in word and picture. Associated Press correspondents and photographers—the greatest staff ever to cover a war—are telling the real human, complete story. They live the story they tell, in front lines. The story of the infantryman, the boy just out of high school, is the story they tell. Just as they report the news view with the general. For instance, during a recent four-week period, the AP service of regional war pictures from overseas passing through the New York office alone, mentioned more than 1,000 different hometowns of soldiers, sailors and marines. Moving from one area of violent battle to another, these correspondents continuously undergo most extreme hardships and hardships to keep the news and pictures coming through. Their achievement is without parallel or precedent!

AP—The Byline and Symbol of Dependability The World Over

*You can help
make history—*

Militarily, this is the most important... most urgent phase of the whole war.

The moment is at hand for American soldiers to give everything they've got in a supreme effort.

Depend on them. They will write history... write it with their blood.

Financially, too, this is the most important, most urgent phase of the war for America.

This is the moment our soldiers depend on us to make our supreme effort in this war! We've got to make history too!

Don't fail America now. Buy Bonds. Buy Bonds and keep on buying Bonds even though it begins to pinch.

And if you think that's a sacrifice, just look at the casualty list in this newspaper... then go out and buy some more!

*Buy your Invasion Bonds
Today!*

Waco Advances To Semi-Pro Finals

WACO, July 31 (AP)—Waco's Army Airfield Wolves have gained the finals of the state semi-pro baseball tournament, in which play is to be resumed Wednesday night.

The WAAP last night took the second game of a double-bill from Camp Backley's 12th armored division Helicats 1-0, with Sid Hudson doing mound duty for the winners. In the first game, North Camp Hood eliminated Orange's Consolidated Destroyer team 6-3.

Hudson whiffed 14 batters, allowed four hits and walked only one. WAAP got but two blows off Walter Lantranconi, former Chicago Cub star, who walked eight men, three in the 6th inning, to lose the game.

News Of Class 44-4

Wounded, Shot Down In Germany, Lt. Stanford Makes Way Back

Lt. Joseph Stuart of Marlon, Indiana operated against the Germans from his 8th Air Force base in England until last March 28th when his Fortress was shot down over Brunswick. He is now a prisoner of war in Germany. Lt. Stuart has the Air Medal with several clusters.

Bringing back the Distinguished Flying Cross and the Air Medal with 4 clusters, Lt. George Speer of Oklahoma City, Okla. returned to the States last April after completing 25 missions with the 8th Air Force over Germany. We have not heard from him for several months, so he's probably back in the fight again by now.

Lt. James B. Wall of Florence, South Carolina is another 8th Air Force lad with an Air Medal and several clusters. He's been in England since September of '43.

The big Fort took off from its 8th Air Force base last October 10th to raid Munster, Germany. It was shot down by enemy gunfire over the target area. One of the crew members listed as missing was Lt. Lloyd Stanford of Augusta, Ga. For months, nothing was heard of him. Then one day in February he turned up in Allied territory. We have no details yet as to how he managed to escape the Germans, but if and when he tells his story, it should prove very very interesting. His escape to Allied territory was made more difficult by wounds received during the Munster raid, but somehow he made it anyway. Lt. Stanford holds the Air Medal with several clusters and the Purple Heart.

Dewey
(Continued from Page 1)

steel and Pennsylvania one-fourth of its coal, the New York governor said he wanted to talk first hand with people close to the problem of continuing our employment levels after the war ends.

"We are making gratifying progress in the fighting of the war," he said, "but governmental-ly we are making no progress toward what happens after the war."

He said he was "entirely satisfied that the opportunities in this country are still unlimited," adding: "We don't need to surrender our liberties to a totalitarian New Deal. We can't afford to."

Normandy
(Continued from Page 1)

due east.

L. S. First army headquarters revealed yesterday that the tough Second armored "Hell on Wheels" division, once commanded by Lt. Gen. George S. Patton, Jr., and the Third armored division were taking part in the sweeping American drive.

A tough group of American infantrymen, teamed with a company of 105-mm Howitzers broke crack as Das Reich combat unit's back in a furious battle at St. Denis-Le-Gast yesterday. This climaxed the complete collapse of the German will to fight in a pocket from Brehal to Tassy-Sur-Vire, 30 miles inland.

'Terror' Weapons Warning Expected; Robots Continue

LONDON, July 31 (AP)—When Prime Minister Churchill appears before Commons Wednesday he is expected to give Britons a sober and frank warning that the Germans may be ready to launch new terror weapon upon this country.

Nazi threats of other "secret weapons" to augment the flying rockets—including huge flying bombs—are not taken lightly by the government. The prime minister is expected to make this clear and possibly give indications of the steps planned to meet them.

Meanwhile flying bombs hurtled down on the southern counties and the London area during the night, despite night fighter patrols and alert anti-aircraft batteries which knocked down some of the robots in full flight.

The night assaults which caused a number of casualties, came after a day of sporadic flying bomb salvos as the Germans continued their new plan of sending the robots over in batches with lulls between each burst.

RATION BOARD CLOSED

Howard county war price and rationing board was closed Monday for inventory and reports. Reminder was given shoe dealers are required to make a third inventory of rationed shoes as of close of business Monday and are to mail the reports to the inventory and control branch in New York by Saturday.

Lt. Robert L. Cahill of Waterbury, Conn., has been awarded the Air Medal with three clusters. Reported missing following a raid over Germany on February 24, Lt. Robert Whittet of McAlester, Okla., who already had won for himself the Air Medal with three clusters, wrote his parents in a letter received in April that he was a prisoner in Germany, "was all right and 'all in one piece.'" They had previously received word from another lieutenant in England who was on his same raid saying he saw the ship go down with two engines intact and that seven parachutes blossomed from the ship, so he believed that Lt. Whittet had landed safely.

Lt. Frederick Sheeter has been missing from his base in England since March 2. His parents in New York City have been informed. It is not known whether or not he was later reported to be a prisoner.

Here 'n There

Work of tearing out roofing and part of the front wall of the State theater's new building has been stated by Suggs Construction Co. With a certain amount of demolition work out of the way, actual construction details will be launched soon.

Mr. and Mrs. James Tidwell of Clarkdale, Miss., are visiting with his parents, Mr. and Mrs. C. H. Tidwell, for a few days, between classes at Clarkdale, where James is a flight instructor. Also visiting at the Tidwells are Mr. and Mrs. W. B. Newsome and son, Billy. The Newsomes are enroute to San Diego, Calif.

Monday is the final day for filing transfers from one school district to another for this fall. Walker Bailey, county superintendent, reminded Monday morning.

Work has been completed on one-fourth mile of seal coating north of Coshoma and 5.2 miles of new pavement on Gall road and Hunter Strain, San Angelo contractor, will work elsewhere on another contract about 10 days before returning to Howard county to complete approximately 20 miles of paving and re-topping, commissioners said Monday morning.

A. D. Morrow, Jr., of Big Spring recently purchased a registered jersey, Estella B. Noble Mazi recorded with the American Jersey Cattle club.

Ninety-seven per cent of the Italian people are Roman Catholics.

Berlin Gives Up On Turkey

LONDON, July 31 (AP)—German reports indicated today the Nazis had given up all hope of holding any strings on Turkey. They predicted the Turkish government would announce Wednesday plans for breaking off economic and diplomatic relations with the Reich.

There were indications, too, that the Germans were losing their grip on Bulgaria.

The Nazi news agency Transocean said in a Berlin broadcast that German newspapers were carrying full reports from Ankara and Sofia, and had mentioned the possibility of the Allies getting air and naval bases in Turkey. This was an apparent effort to ease the shock at home in Turkey. Turkey takes steps that may lead to her becoming an active belligerent on the Allies' side.

Earlier the official German news agency DNB said the Turkish national assembly would be informed on Wednesday of decision to break diplomatic and economic relations with the Reich. Dispatches from Ankara said German diplomats were booking passage out of the country.

Report reaching London from Istanbul said the Bulgarian government had agreed to the opening of Soviet consulates at the Black sea ports of Varna and Burgas, which until recently had been virtually under German control.

Weather Forecast
Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Partly cloudy Monday afternoon and night and Tuesday.

Nazis Deny Rommel Killed In France

LONDON, July 31 (AP)—German organs denied today that Field Marshal Erwin Rommel had been killed or seriously wounded in France.

The German-controlled Scandinavian telegraph agency in Stockholm quoted Berlin official circles as saying that Rommel is "in good condition." A German transoceanic agency broadcast said a telephone call to Rommel's headquarters today found the Marshal shaving and "his report speaks its own language."

Yesterday an American staff officer with the U. S. First army in France said information from French civilians agreed with reports of German prisoners that Rommel had died of wounds received in a strafing on the Caen front. The officer said details given by the French civilians bolstered the report of Rommel's death but it was not yet considered certain.

Court Of Honor

A court of honor session will be held on the courthouse lawn Tuesday at 8:30 p. m. It was announced Monday.

Location of the court, a monthly affair for Big Spring Boy Scouts, has been shifted to outdoors. Since there was no court early in July, H. D. Norris, field executive, anticipated a big turnout. One Eagle badge, scouting's highest, will go to Clifford Porch, troop No. 1.

Public Records

In 70th District Court
Elvis O. Counts versus Ida Pearl Counts, petition for divorce.
Francis Brannon versus L. M. Brannon, petition for divorce.
Lorene Snodgrass versus Paris Yarbrough, et al, suit for damages.
Ruby Snodgrass versus Paris Yarbrough, et al, suit for damages.
Ray Smith versus Roy E. Smith, petition for divorce.
Elsie Hatch versus Herbert Hatch, petition for divorce.

Lois Prosser versus Sam Prosser, petition for divorce and restraining order.

The task of the male elephant is preferred to that of the female for commercial ivory.

NEW JOBS IN WAR EFFORT—Jung May, former waiter and World War II veteran, gives instruction to Irma Kempis, former hula-dancer, in the job training program of the Hammerlund Manufacturing Co., New York, makers of Army and Navy radio equipment.

GRIN AND BEAR IT

"In high school I was foolish in my French class—you s'pose they don't understand their own langwisch?"

PLANNING SHOULD START NOW, GREENE TELLS C-C DIRECTORS

Time for taking complete stock of resources and planning for the post-war period is now, and much work and cooperation will be required to do the job, J. H. Greene, chamber of commerce manager, told organizational directors Monday.

Greene said that a series of committee and general meetings was contemplated soon, at which time he will present several ideas gained from attendance at the southwest chamber of commerce clinic in Dallas last week.

Willard Sullivan, who presided, named R. L. Cook, R. L. Tolett and Akin Simpson as a committee to take steps toward coordinating community post-war efforts.

Greene also appealed for community help in making the rodeo, planned for Aug. 24-27, an outstanding success.

Commenting on contacts made with housing authorities, the chamber manager thought that the community might soon have an opportunity to get some housing relief.

V. A. Cross, city-county health unit sanitarian, urged chamber directors to be concerned about providing sanitary facilities for Mexican cottonpickers once the picking season opens.

G. C. Dunham asked favorable chamber action on All-American Bus Co.'s application for intrastate traffic. The matter was referred to committee as was a proposal for pictorial material, as made by a San Angelo lithographing firm.

The chamber went on record adopting a resolution commending County Agent D. P. Griffin for his work here during the past 10 years. Griffin is retiring Sept. 1.

W. D. Busby Dies Here Sunday

W. D. Busby, 64, died Sunday at 8 p. m. in a local hospital.

A resident of Big Spring, he came here from Lubbock with his wife about a year ago.

He is survived by his wife, Elia; two sons, Durward of California, and Carl of Monahan; two daughters, Lena of Henderson, and Wilma, of Louisiana; brothers, Roy, Hale Center, Ed Tahoka, and Miller, Seymour; and a sister, Mrs. Mamie Ogilvie of Hobbs, N. M.

The body will lie in state at the Nalley Funeral home until services are held, which are pending the arrival of the children.

Food Specialist Ends Her Summer's Work

After spending two months on duty in Big Spring, Mildred Atkinson, emergency war food assistant during the summer, will return to Sterling City Tuesday.

Miss Atkinson conducted four meetings at which she gave demonstrations on preparing foods for frozen lockers. Total attendance was 64, with Saturday's locker meeting attracting the largest number, 30 men and women. She tested numerous pressure cooker gauges and conducted other meetings. She is homemaking teacher at Sterling City.

DOCKET BLANK

County court and justice of peace dockets were blank Monday following a quiet week-end as far as law violations were concerned. One complaint charging a liquor violation was being prepared for filing.

Leaders Prepare For Reconvening Of US Congress

WASHINGTON, July 31 (AP)—Majority Leader Barkley, Kentucky, and Senator Reynolds, (D-NC), telegraphed absent members of the senate military committee today to return to Washington at once to act on reconversion legislation.

The telegram was made public by Reynolds, chairman of the committee, soon after Senator Vandenberg (R-Mich) disclosed to newsmen that republicans would insist on early action on bills to chart the postwar business and employment programs.

It set a session for Thursday.

The republican leaders, declaring it is "absolutely vital" that congress act speedily on reconversion legislation, urged that the military committee convene at once and that the two houses drop earlier plans to postpone major legislation until after Labor Day.

Both houses are to reconvene tomorrow after their summer recess, but reconversion legislation still is on the committee drafting board and for the time being only routine sessions are likely.

Less than a quorum of law-makers is expected to be on hand when the current holiday formally ends. They probably will occupy themselves for the next few weeks filling the Congressional Record with campaign oratory. Most congressmen are up to their necks in election campaigns and probably will remain at home to get in a few last licks while waiting for committees to act.

Donation Of Books Assist Library

Several donations of books have been received by Howard County Free library since the library opened July 1, Sara Lanum, summer librarian, said Monday morning.

Jack Murdock donated approximately 40 boys' fiction books, and Agnes Curry donated several non-fiction books on travel and other subjects. Several persons have indicated they will give books to the library.

A total of 112 library cards have been issued.

Scout-Cub Meetings

A meeting of Cubmasters and of den mothers has been set for 8:30 p. m. at the chamber of commerce office when plans for the Cub days camps will be developed. H. D. Norris, field executive who called the meeting, also called attention to efforts to get troop No. 1 members together at 7:30 p. m. at the First Christian church to talk camp plans.
