## TRAIL DUST

By DOUGLAS MEADOR

The packaging designers have finally surpassed the consumer to a point where in some instances a frustration born of disgust may cause the purchase of a rival product which can be opened without a degree in engineering.

A close observer in the department of domestic problems is convinced that the one bathroom is a mistake. His opinion is that even a bachelor needs two.

The mistakes printers make remain as enduring testimony to imperfection. The public is not generally aware that mistakes in handset type are often found in "throwing it in" or putting the letters back in their respective boxes.

The emulsion of gasoline and whiskey frequently changes to blood which stains upholstery and leaves scars on automobile drivers and passengers who survive.

The credit for courage in an individual should be given with reservations. Often there simply is no place to run.

It is regrettable that work has not been elevated to the status of exercise and recognized for its role in the nation's weight control drama.

A man's ego is a delicate flower and requires constant care to prevent it from going to seed. It thrives best when regularly watered with praise.

Another advantage in being stupid is that you may not recognize many mistakes unless they are called to your attention, and thus improve on them by repeated practice.

## Two Die in Mobile Home Fire

MOBILE HOME where two men died in fire which gutted the home here early Saturday morning. Firemen fought the stubborn blaze for more than an hour before they were able to enter and recover the bodies.

TWO MEN DIED in a fire of unknown origin which destroyed a de luxe mobile home in north Matador early Saturday morning. The fire was discovered about 1 a.m. and the Matador Volunteer Fire Department fought the stubborn blaze for more than an hour.

Pronounced dead at the scene from suffocation, by Justice of the Peace W. W. Clements were Harry Edison Hart, 44, and U. Z. Neal, 61.

Hart, a resident engineer for the Texas Highway Department, was owner of the mobile home. He had resided here since July 20th. Flames were shooting from windows and the east door of the house when firemen arrived. They were unable to get the west door open at first, but later pried water from all openings in the metal-cased building. With the use of smoke masks as the fire was brought under control, the body of Neal was found in a bedroom in the western part of the house. At first he was believed to be Hart.

Later the body of Mr. Hart was found beside a bed in the east section of the house. His body was partially covered by debris. Rosary was held at 7:30 p.m. Sunday at Seigler Funeral Home. Funeral Mass was held Monday at 10 a.m. in Our Lady of Guadalupe Catholic Church in Matador, with Rev. Harry Hemp, pastor, officiating.

Pallbearers were R. M. (Bob) Stanley, Algie Groves, Joey Meador, Gid Simpson, Calvin Nimmo and Merrill Wenk. Other Highway co-workers were named as honorary pallbearers.

Burial was at 9 a.m. Tuesday in Rosario Cemetery in Santa Fe, N.M., under direction of Seigler Funeral Home.

A Navy veteran of World War II, Mr. Hart came here from Van Horn. He was reared in Santa Fe, N.M. and had attended high school at St. Joseph Military Academy in St. Joseph, Mo. He was a graduate of Hills Engineering School in San Francisco, Calif. He was born in Albuquerque, New Mexico.

He had worked for the highway department in Pecos, Midland, and New Mexico.

## Matadors Drop Game to 'Birds'

by Lance Jameson

The Matador Matadors disturbed the Jayton Jaybirds' football flight here at Burleson Field Friday night even though the much heavier and taller Jaybirds won 34-6.

The Jaybirds managed for six points in the first quarter and added 21 in a busy second quarter to build a 27-0 halftime lead.

The battling Matador defenders forced the Jaybirds in for a landing in the third quarter after Davis made Jayton's last touchdown on his fourth scoring trip.

In the fourth quarter, Matadors' end Dwayne Campbell looked like a little tree sapling in a forest when he leaped high above the Jaybirds to snare quarterback Lee Hurt's bullet pass for Matadors' touchdown. The try for extra points failed.

Matadors' halfback Donnie Jackson stole a Jayton pass in the first quarter, recovered a Jayton fumble in the third quarter and hotted it for 82 yards. Jayton had 10 first downs and the Matadors were stepping on the Jaybirds' heels with 9 first downs.

The Matador Matadors have an open date this week. They have a date with the Rochester Steers in Rochester the following Friday night, October 16, at 8 o'clock.

## Lions Host Ladies, Faculty & Spouses

THE THEME of the Matador Lions Club Ladies Night banquet held Tuesday evening in the First Methodist Church basement, was strictly social. Traditional purpose of the banquet at this season is to introduce and honor the faculty of the Matador school system. Invocation was by Rev. John Fitzgerald.

Following an excellent banquet prepared by Methodist ladies and jokes and frivolity.

Conclusion of entertainment was a pie-eating contest with the Tail-twister serving as referee. The contestants were provided with helpers, who were in some instances over zealous in advancing the open faced pies.

Lion Supt. Charles Johnson introduced the members of the faculty and their spouses. Also introduced were special guests, the high school class presidents. These included, John Nimmo, freshman, Lance Jameson, sophomore, Ann Timmons, junior and Clarence Woosley, senior.

Banquet tables were appropriately decorated with school emblems, including red apples for the teacher, cut-out paper dolls, and paper chains. Benediction

## Truck Passes; Bridge Falls

A big gravel truck bearing 20 cubic yards of rock, passed over a bridge, and the driver, Hal Inman of Plainview looked back and the bridge was gone.

The incident happened Monday on the Teepee Flat road, about two miles southeast of Matador, a short distance north of the D. P. Keith farm home.

Inman said he felt some vibrations after crossing the bridge and looked back. The steel frame bridge, with wood floor, had fallen into the creek.

County Judge Forrest Campbell and County Commissioner Clyde Gilbert, inspecting the damage, said much of the materials could be salvaged. The road is closed at present.

## LEGION HEARS COUNTY CLERK

A man who has served Motley County as County and District Clerk for almost a quarter of a century, Pat Sheridan, was guest speaker Monday night at Fleming Post American Legion.

Mr. Sheridan was introduced by Commander J. M. (Buzz) Thacker, who paid tribute to his long years of dedicated service.

At the mercy of his listeners, who plied him with all kinds of questions regarding his office, even to the amount of salary he receives, he answered questions good-naturedly. He said he advises everyone to check their birth certificates, for correct spelling, dates, etc. "This is especially important to young people," he said, "and I consider everyone young who is under 50."

Regarding the fire in 1944 which destroyed the Motley County courthouse, he said no vital records were lost since both the clerk's office and sheriff's office were protected by vaults.

Asked about registered cattle brands, he said about 1,000 had been recorded in the county since 1943. He said Texas brands are registered by counties, instead of the entire state. He said it is possible to register a brand in one county and the same brand be registered by a different man in another county. In New Mexico a brand is registered state wide.

He said every public meeting and vital statistic is recorded in his office. Every birth, death, marriage, divorce and every piece of property is recorded in the clerk's office, including the history of each piece of real estate.

Sheridan said the legal age for marriage for women without parent's consent is 18, and for men 19 years of age.

Listing the County Clerks who have preceded him, Mr. Sheridan said Walter A. Walton, first to serve the office, held the place for 20 years (1891-1911). "He died at the age of 43," he said, "and I was older than 43 when I took office." Others serving the office were R. A. Seay (two different terms), J. C. Burleson, W. T. Patton, Jack Catlin, Mary E. Jones and Jack Robinson.

Mrs. W. R. Tilson was honored because she picked the first bale of 1970 cotton harvested in Motley County.

Commander Thacker was recognized as District Chaplain. Tribute was paid to the attractive autumn table decorations, and the excellent covered dish supper, held jointly by the Legion and Auxiliary.

MEET HEAD ON— These two vehicles were involved in an accident at the intersection of Dunce and Main Streets, September 28 in which J. A. Stinnett of Tell was injured. The bread truck, driven by Doyle Rose, struck the car, driven by Mrs. Stinnett. The car spun around and came to a stop with the bumpers locked.

Mrs. Willie had saved all the yearbooks since the club was organized. She had also served as secretary for a period of years. All minutes had been kept intact by those serving as secretary through the years, and it was from these sources that the program panel gained material.

lating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

**To Voters in Motley County:**

As members of the Democratic County Executive Committee we would like to call attention of all our people, regardless of party affiliation, to certain conditions that make this year's general election much more important than usual.

1. All legislative districts will be reorganized and enlarged, due to shifts in population to the cities in the last ten years. It is vital to our interests that we preserve the 80th Legislative District as it is now with addition of such counties, as may be necessary, which have the same interests as present nine counties. We could be hurt if tied in with some of the big population counties.

2. Many do not realize how important it is to have a District Court readily available when needed. Pressure is on to reduce the number of District Courts in rural areas, like ours, and give them to the big cities. On several occasions during his 16 years in the Legislature, Bill Heatly has successfully blocked passage of bills which would have abolished many District Courts in rural sections, including some involving counties in our own Legislative District. When you need the services of a District Court you shouldn't have to wait up to six months before a term of court is held in your county seat, or, worse still, have to drive to Wichita Falls, Abilene, Lubbock, Plainview or Amarillo, if any emergency situation develops.

Our present Representative, W. S. (Bill) Heatly, is in position, because of his seniority and membership on committees that deal with these important matters, to see that we are not hurt. Our only chance to have an effective voice in State affairs, which are very critical right now, is to keep experienced men like Bill Heatly in office.

We have good government in Texas, and we strongly urge you to vote a straight Democratic ticket as the best way to insure that Texas will not have some of the troubles other states have.

Respectfully,

Furman Vinson, Chairman  
Sam D. Ross

**Reservists Make Training Film**

Three members of the 4th US Army Civil Affairs School recently made a training film which will be used to present a required block of instruction to all military personnel annually. The TV tape was compiled at Ft. Bliss, Texas during a tour of duty for the reservists Sept. 1-3.

Col. Frank G. McDonald, school commandant, who is Chief Justice, 10th Supreme Judicial District, Court of Civil Appeals, Waco, presents the introduction and summary. LTC Robert D. Decker, President, Bemidji State College, Bemidji, Minn. discusses Civil Affairs Responsibilities, Capabilities and Objectives; and Civil Affairs Recurring Functions and Organization; and LTC W. C. Palmeyer, Motley County Agent, Matador, covers Civic Action.

This team has worked as a unit the past four years, providing instruction at Ft. Hood, Texas, and is the only team of US Army Reservists presenting information of this type to regular army personnel.

**Crop Production Estimate Made**

Information supplied by some 25,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and State.

According to County Agent Bill Palmeyer, a representative number of farmers and ranchers in Motley County will be among the 25,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin.

Because of the importance of the program, the county agent

urges every producer in the county who receives a questionnaire, to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.
