A Second Glance

Actors-Ministers?

One grows increasingly dubious of television ministries in which the star of the ministry resorts to weeping and staged emotionalism—in bids for cash. That was the tone of a recent pitch by a well-known television evangelist from the Gulf Coast.

He told his viewers God had told him to build a great new complex for a worldwide ministry. It would include many new buildings and cover many acres. This is the now well-known pattern of other successful money raising evangelists on TV.

Deeply faithful people, historically, are gullible. When self-appointed leaders speak of having had a word from God, or a command from God to do something (or to build a great new complex), many take that as gospel truth.

No crime is committed and many see all this, on balance, as being more good than evil. But the question is the sincerity or hypocrisy or intellectual level of a TV star claiming to have had a special message from God. And these minister-stars manage to weep just right, and the camera catches the tears in their eyes just right....

It is, to the intelligent, a bit much. And what do the camera crews and the set and lighting people in the studio think of this conveniently turned-on weeping? Is it more acting or ministering?

Flomot Teen-ager Killed On One Vehicle Accident

A Flomot teen-ager was killed instantly early Saturday when his pickup truck rolled over once after striking a road sign 9.4 miles north of Matador on Texas 70, according to the Department of Public Safety.

Robert Fred Johnson, 17, was pronounced dead at the scene about 2:15 a.m. by Justice of the Peace Roy Smith of Matador. Smith ruled the death accidental.

According to DPS Trooper Dede Speed, Johnson was traveling north on Texas 70 at about 12:45 a.m. when his 1979 Ford pickup crossed into the southbound lane and traveled about 120 feet down a borrow ditch, narrowly missing a culvert, and striking a steel road sign post. The sign post broke off in the middle, smashed down on the left side of the pickup and crushed the cab.

Speed said Johnson sustained massive head injuries when the sign post crashed down on top of the vehicle. This, Speed said, caused Johnson's death. A passenger in the pickup, Kenton Wayne Crump of Turkey, escaped injury.

The damaged pickup traveled another 56 feet down the ditch, then slid broadside back across the highway into the east side borrow ditch where it rolled one complete time and came to rest in the edge of a cotton field on the east side of the highway.

Speed said Johnson had apparently fallen asleep at the wheel.

Memorial services for Johnson were at 2:30 p.m. Sunday at Flomot Baptist Church, with the Rev. Ted Bryant, pastor, officiating, assisted by Brett Parsley, minister of the Church of Christ in Turkey.

Burial followed in Flomot Cemetery under the direction of Seigler Funeral Home in Turkey.

The Memphis native was a senior at Valley High School. He was treasurer of the Valley chapter of Future Farmers of America and a member of the Tri-State Rodeo Association and Flomot Baptist Church.

He is survived by his parents, Mr. and Mrs. Rex Johnson of Flomot; a sister, Iva June of the home; a brother, Darrel of the home; maternal grandfather, Fred Crenshaw of Matador; and

paternal grandfather, Ford Harrington, of Floydada. The family suggests memorials to a favorite charity or Boy's Ranch.

Pallbearers were Lex Harrington, Ken Crump, Bob Arnold, Randy Clay, Shane Smith and Johnny Roys. Honorary pallbearers were Craig Turner, Rod Carpenter, John Jones, Donnie Turner, Ray Cruse, Jay Eudy, Randy Robbins and U.F. Coker Jr.

Old Cowboys never die their memories live on

Each year in August, Channing, Texas comes alive as Old Cowboys get together for the annual Matador Cowboy Reunion.

The 1981 reunion was held Saturday, August 15 with **Bobby Thompson and Joe Meador** from Paducah attending the function.

Meador reported that he went at the insistence of Thompson and was surprised when he received a pair of spurs inscribed "1981 Matador Cowboy Reunion." Meador received the honor for being the person attending who had the earliest association with the Matador Ranch.

Mr. Joe went to work for the Matador in 1920 when he was 17 years old. He reflected at that time the ranch covered 466,000 acres, and he drew \$40 a month pay.

According to Mr. Joe, who at 78 years old has good eyesight, all of his own teeth and a memory reaching back to his earliest childhood, during the time he worked at the Matador the Wagon bosses were **Rang Thornton and Elmo Dumont**. The General Manager was **J. M. Jackson** and the Cowboys he worked with were: Jack Smith, Charlie Fullengen, Earl

Eastwood, Houston Swearingen, Pelow Vivian, Coon and Joe Jeffers, Old Man Maggard, James and Henry Maggard, Otho and Arthur Griffith, Jett Lewis (one of the best calf flankers ever born.) Marshall Lewis, Buddy Plumlee, Fuzzy Hart, Reece Nicholas, Simon Hall, Matador Slim, Clayton Bridge, Harley Powers, Uncle Jack Carr, M. L. Billberry, Turney Spraks, Barney Williams, P. I. Carter, Big Jack and Little Jack County, Burnice Harkey, Jim Townsen, John Draper, Little Edd D. Smith, Walter Edwards, Claude Edwards, Boone Oliphin, Cecil Williams, and Emmet Gaffard.

Chuck Wagon Coopers were: Frank Sparks, Henry Kennedy, Gilbert Keith (the best), Lon Akin,

Charlie Heller and John Maggard. **Claude Jeffers** was the Bronco Riders Boss and riders were: Buck Beard, Bill Blankinship, Boss Tate and Reece Cursey.

The Matador at that time had 11 Line Camps and **J. M. Jackson** was general manager over the camps. The old chuck wagon used during that time is on display at the Cowboy Hall of Fame in Oklahoma City.

With a gleam in his youthful eyes, Mr. Joe recalls stories which are a part of history and our western heritage. He carries the label "Cowboy" proudly. No, old cowboys never die—they live forever in memories.

Burial was at 4:00 p.m. in the Fairview Cemetery in Pampa, under the direction of Seigler Funeral Home.

Mrs. Andrews, a resident of Matador for the past 13 years, passed away on Monday at her residence, after an illness. She had worked as a cook at Billie Dean's Drive-In for

many years.

A native of Lone Star in Haskell County, Mrs. Andrews had lived in Clovis and Pampa before moving to Matador. She married A. C. Holland on September 21, 1945 in Charlotte, Texas. He passed away on October 26, 1961 in Pampa. In 1967, she married Charles Andrews in Pampa and he passed away in 1969.

Smith of Matador; and four sisters, Mrs. Thelma Adams of College Station, Mrs. Lois Smith of Munday, Mrs. Eron McGuire of Rochester, and Mrs. Gladys Troy of Borger.

Foundation Endorse Phonics in Schools

Houston, TX... "We are on the threshold of major change in the way reading is taught in America's public schools." So says Bettina Rubicam, president of the Reading Reform Foundation, a national organization of parents and teachers intent on persuading the schools to use intensive phonics in beginning reading instruction.

The Foundation held its 20th annual conference here August 14-16. Among the many persons attending was Mrs. Irene

Stephens, Motley County School faculty member of Matador, Texas.

The child who learns phonics in the early grades is able to sound letters, combinations of letters and words, thereby enabling the child to decode almost any word in the English language. The child then can be taught the meaning of the words learned.

The Foundation strongly disagrees with those educators and textbook publishers who insist that children can learn to read

simply by looking at whole words in a sentence and guessing at their pronunciation and meaning from the context.

Mrs. Rubicam said phonics instruction has been gaining in the schools despite tough resistance from an "entrenched" establishment. One reason more and more schools are introducing phonics is because of the pressure from parents, she said. When a recent magazine article by Rudolph Flesch pointed out "why Johnny still can't read," the Foundation was flooded with letters from parents. Many of them began with the same plea, "Help!"

In a speech to the conference, Marvin L. Stone, editor of *U.S. News and World Report*, said the schools had better do something quickly to improve the reading instruction or the democracy could be in trouble. Citizens must be fully informed, he said, and to be fully informed they must be able to read and understand the printed word.

Conference participants attended a number of workshops demonstrating how phonics is used to teach children to read and spell correctly. One workshop presenter used an adult "student" to show how phonics can be used to help even the worst speller. The "student" was a college graduate who admitted that she had never been taught phonics and had never learned to spell. "I had trouble with four-letter words," she said.

When she has mastered phonics, she told the group, she will begin teaching other adults who are embarrassed and frustrated over their poor spelling as she was.

The typical school reading program is not preparing children to read the kinds of books they will have to read as students and the other materials they must read to be informed citizens, stated Dr. Richard Venezky, professor at the University of Delaware.

Caution Urged Following Games

"Over half of the 4,424 persons killed on Texas streets and highways in 1980 were under the age of 29," Major C. W. Bell, Regional Commander of the Texas Department of Public Safety, Region 5 said.

"This is an increase of 4.6% or 95 more deaths than the previous year," Bell said. We are asking you, the Texas motorist, to assist in preventing traffic accidents. Many young people are injured each year due to traffic

problems which frequently occur following football games. The extremely congested condition caused by the numerous automobile makes traffic move slowly after any athletic event.

Major Bell said, "Traffic after sports events will be heavy. Please use an extra bit of patience and caution so that you will return home safely. When you leave the stadium, and get into your automobile, remember to drive slowly and carefully."

General Telephone Gives 3 Options

General Telephone now gives its customers three options on what to do with their telephones when having service discontinued.

The Public Utility Commission of Texas, in its rate order granting General Telephone \$2.1 million, approved a policy which gives customers the options of paying a charge for the company to pick up the instruments, retaining the instruments and paying the associated costs for the instruments retained, or returning the phones to the company.

Customers terminating service who return their phones to their telephone company business office or GTE Phone Mart are not charged a pick-up fee. However, if the company picks up the instruments, a \$10 charge is applied for residential customers and \$13 for business one-party

customers. Another option is for the customer to purchase the phones, paying the commission-approved charges for particular instruments. Under this option the instruments become the property of the customer. A schedule of rates for particular instruments is available from the business office or GTE Phone Mart.

The new policy applies to all residential customers and one-party business customers.

Customers who return or retain their phones can unplug the instruments if they have GTE Phone Mart jacks, or if wired into the old style wall block, can simply cut the wires near the block. The company urges customers cutting wires to avoid cutting wires which carry household electrical current.

One Choir At Wayland To Be Open To Public

For the first time ever, the music program at Wayland Baptist University will open one of its choirs to the general public.

During the 1981-82 year, which begins next week, the Wayland Singers will be open to all interested members of the community, according to Duane Harris, director.

"This new arrangement is one of several changes which are being made in our music program for the coming year," said Harris, who is an assistant professor of music at WBU and also director of the Wayland International Choir. "The choir will be open to all persons who are interested in singing or who wish to learn music within the confines of choral art."

The choir will carry a strictly sacred music repertoire, according to Harris, and will perform periodically for Wayland's weekly Chapel activities. A joint Christmas concert with Wayland's International Choir and the Acappella Choir of Plainview High School is

also scheduled for December.

Previously a volunteer student choir, the Wayland Singers had 36 members during 1980-81 and will continue to be open to all regularly-enrolled students. "It will still function as a volunteer group, and no audition will be necessary," Harris explained. "However, we will probably meet with each singer individually before rehearsals begin."

"No one will be turned away, but we do want people who can sing to participate in the program."

Rehearsal time is scheduled for 4:30 to 5:45 Monday through Thursday each week and should be convenient for most people, Harris added. Goal for the choir is 150 members.

Enrollment for Wayland Singers will be open during fall registration next Tuesday, Sept. 1. For more information on registration procedures contact Harris or the Registrar's Office at 296-5521.

Floyd County Fair Parade Set For September 12th

The annual Floyd and Surrounding Counties Fair Parade will be held Saturday, Sept. 12 at 10:30 a.m. That is a departure from past years when the parade was held on fair opening day.

Theme is "Autumn - the best time of the year".

Floats will be judged on adherence to the theme, attractiveness and originality. Prize money will be awarded in three divisions: commercial, community clubs, school and youth groups. First place in each division will receive \$35; second place \$25, and third place \$15.

Partial judging will be done prior to the parade so floats should be in line on

Saturday by 10 a.m.

Trophies will be awarded for antique cars and for riding clubs. The riding clubs will be judged on a point system used by the American Association of Sheriff's Poses and Riding Clubs.

Ribbons will be presented for first, second and third places in the bicycle-riding category. Also to be judged this year are clown costumes. Bicycle riders and clowns will be divided into two groups, kindergarten through second grade and third grade through fifth grade.

For further information on the parade, people should contact Kay Martin at 652-3594 or Sandra Cummins at 652-3722.

Open Horse Show Scheduled At Fair

An open horse show will be one of the featured attractions on opening day of the 64th annual Panhandle South Plains Fair here Sept. 26.

Delbert Latham of Albuquerque, N.M., will judge the event that launches the 1981 exposition on its eight-day run.

Advance entries are encouraged, according to Steve L. Lewis, general manager.

A \$4 entry fee is charged for junior classes, \$5 for open and adult classes and \$8 for stakes. No entry fee is charged in championships, Lewis said.

Competition will be in 34 separate classes. Championships are scheduled in stock seat equitation, hunt seat equitation and horsemanship over fences.

Silver will be awarded each class winner and all winners from first through sixth places will be awarded rosettes.

Other show officials include Earnest Kiker, superintendent; Alan Day,

assistant; Dr. James W. Carpenter and Billie Briggs, co-chairmen; and Bobbie Green, secretary.

A record \$75,000 in premiums are being offered during the 1981 fair, which will include some new and old faces on the stage of Fair Park Coliseum.

The new faces include Mickey Gilley and Johnny Lee, Sept. 28; Don Williams, Sept. 29; Slim

Whitman and Boxcar Willie, Oct. 1; Jacky Ward and the Kendalls, Oct. 3.

Returning stars include Charley Pride, Sept. 26; Marty Robbins and Little David Wilkins, Sept. 30; Mel Tillis and the Maines Brothers, Oct. 2.

Williams' show will be an 8 p.m. only performance. Otherwise, shows will be presented a 5 p.m. and 8 p.m. daily.

All seats are reserved and tickets are \$6, \$7 and \$8.

Mail order requests for tickets are being accepted by the fair association at P.O. Box 208 Lubbock, Texas 79408. Orders are being processed in the order in which received but tickets will not be mailed until early August.

Mail order requests must be accompanied by a stamped and self-addressed envelope.

Texas DPS Schedules "Operation Motorcide"

The Labor Day holiday will be the last holiday of the summer. While the drivers of Texas are making their road plans, the Texas Department of Public Safety is preparing for "Operation Motorcide."

Major C. W. Bell, Regional Commander for the Texas Department of Public Safety in Lubbock, stated, "Operation Motorcide will be in effect from 6:00 p.m. Friday, September 4 until 11:59 p.m. Sunday, September 7th. During that time all available D.P.S. Troopers will be on duty. These troopers have been instructed to be on the

alert and direct the enforcement efforts toward those violators causing the most accidents -- speeders and those who drive while drinking. Most Texans are proud of their state and feel that Texas has the best of everything, so why not make it one of the safest states, if not the safest state, to drive in."

Major Bell also stated, "It is impossible for law enforcement officers to cover every street and highway in the state, so our best hope for a safe holiday rests with the individual motorist."

Remember: Safe and sensible driving results in a safe and enjoyable holiday.
