A Second Glance

By Leon Watson

Mrs. Coe Hines, of 500 Nathan Street in Burleson, Texas, has reported that her brother-in-law, Otis Hines has entered a retirement home in Brideport, Texas. His new address is Golden Years Retreat, 1st and Caty, Room 109, Bridgeport, 76026. He would appreciate hearing from his friends.

If you know of former residents now in rest homes and would like to send them the hometown news, we will give a discount subscription for one year for only \$6. All renewals for those in rest homes will also be \$6 for a year, sent anywhere in the United States.

A lot of college students have come home for the summer. The Tribune needs to be notified of new addresses so we can stop sending the papers to the various campuses. Also make sure all changes of address are reported promptly.

We would enjoy hearing of your rain reports, visitors, trips, anniversaries and birthday parties. We want the Tribune to be a letter from home to those who have moved away, so help us make it more interesting by calling in

your news. Call 347-2400 on Monday or before noon Tuesday, because it may be hard to catch anyone in the office the rest of the week.

You may have noticed the office has been closed a lot lately. We have cut our hours back, but still want to give you folks a good newspaper. So help us by calling in your news.

The Tribune now goes to about 300 homes in Matador and 80 in Roaring Springs. About 50 homes in Flomot receive the paper, and Northfield has a whopping 10. A hundred more goes to the area around Matador.

In all, we now send between 1100 and 1200 papers, with more than 80 going to the Amarillo area, around 50 going to the Lubbock area, 40 to the Childress district and city.

The rest of the papers are sent from California to New York, from the border of Canada to the Rio Grande, and believe it or not, seven people in Muleshoe, Texas take the Matador Tribune.

We sell another 50 to 75 papers from news stands or over the counter, and during special weeks such as graduation, reunions or Old Settlers, we sell well over a hundred.

Matador Revisited After 25 Years

By Lila Meador

Twenty-five years ago a small boy was the sole survivor of a highway accident 10 miles East of Matador which claimed the lives of his parents and two brothers.

Friday, May 29, Charles Tockey of Oklahoma City returned to Matador to meet some of the people who were familiar with the circumstances of that cold early morning of December 19, 1955, when the car driven by his father failed to negotiate the Teepee Creek curve where so many accidents had happened, and plunged into a ravine. The family were enroute to Oklahoma City, from Lubbock. Time of the accident was estimated at about 4 a.m.

Other motorists, about two hours later, saw the personal belongings which apparently were tossed out of the car by the impact, and as it hurtled through the air, and were scattered on the highway. The car was completely hidden from view. They notified Sheriff John Stotts, who with Jinks Wilson, then his deputy, rushed to the scene. An ambulance (Eudy-Seale) was called and Charles, then nine years old, was brought to Stanley Hospital. He had suffered a broken arm, severe shock and other injuries.

He was a patient in the hospital until Christmas Eve when he was dismissed to accompany an uncle to Oklahoma City. While in the hospital, one of his nurses was Mrs. Paul (Ora Faye) Patton. Another was Mrs. Bernice Daffern. The nurses decorated a Christmas

tree for him, and local residents brought him many gifts.

Charles Tockey never forgot the care and kindness he received in Matador, and when he was serving in the army in Vietnam, he wrote a thank-you letter to the community, which was published in the Matador Tribune. He received numerous replies to his letter, but they did not reach him until several years ago. He had traveled over the United States after the war, and the letters were finally forwarded to his relatives.

He made contacts with several local residents while here and talked by phone with Mrs. Patton, who now lives in Decatur, and with J. L. Woodruff, now living in Grapeland. Sheriff Alton Marshall accompanied him Saturday, to the scene of the fatal accident. The road was changed after that accident, but they found the old highway road bed, adjacent to the present one, and in the ravine they found the rusted frame and springs of an old automobile seat which they believe was from the 1955 six-cylinder Ford driven by Charles Tockey's father. This possibility was confirmed later by James Simpson, who was employed by the highway department at the time of the accident.

"Matador has had a special place in my heart and thoughts these past 25 years, and I hope to return for another visit soon. I wish I could make my home in Matador," Charles said in parting Sunday.

Lions Learn About Soil Conservation

By Lila Meador

A description of soil conservation practices was the feature of last Tuesday's (June 2) program for Matador Lions Club, at the First United Methodist Church Fellowship Hall.

Lion James Gillespie, local Soil Conservation Service office manager explained the various needs of farmers and ranchers which his office offers, and with a slide presentation, showed the results when the program is put into practice, by building terraces and dams and through other means or combatting erosion and drought.

"The Soil Conservation Service was implemented in August of 1956 to provide financial assistance and technical advice to farmers and ranchers, from government sources," the slide narration explained.

In Texas, 123 counties participate in the cost-share conservation practices which include grassland, water, wildlife habitat, reduced erosion, and parallel terracing. The program was arranged by Lion John Stevens, program chairman.

Boss Lion Ronnie Vandiver presided. He announced the Rob Francis, son of Mr. and Mrs. Vann Francis, had been selected as delegate to the Texas Farm Bureau's Citizenship Seminar in Waco, the week of July 20. A report on the Motley County Clinic was given by Lion Larry Hoyle, who gave Mrs. H. R. (Earlyne) Jameson and John M. Russell much of the credit for the work done toward keeping the clinic in operation by assistance funded through the South Plains Health Providers and South Plains Health Systems.

Projects planned by the Lions Club to fund its summer program of helping with expenses of three boys who will attend Boy Scout Jamboree, and other youth activities, were announced. Jeffrey Burkes will join Cody Hardin and Wade Vandiver in attending the Jamboree.

The projects include a benefit softball game set for Wednesday night, June 17, following mid-week church services, and a softball tournament is also planned, with a tentative date set for the second weekend in July. Also planned is a bingo night, this date to be announced. Visitors introduced were Harold Stotts of Lubbock, John Vandiver of Amarillo, Coach Gene Griffin, Ray Purcell and Griffin, DeWitt from the Social Security office in Plainview, Royce Siebman with the SCS, and Ray Perryman. Perryman was announced later as a new member and presented his credentials by Lion Frank Pohl.

Miss DeWitt confirmed an announcement that this would be her last visit to Matador, as she has been transferred to Amarillo. "I have enjoyed being a guest of the Matador Lions Club on my scheduled visits here, and thank you for

making me feel so welcome," she said.

The club expressed appreciation to Lion Walter Jones for the enjoyable steak and vegetables luncheon, and other business was the announcement by the nominating committee for incoming officers, effective the first week in July.

The slate of officers names Alan Bingham, president; L. B. Campbell, 1st V.P.; Gerald Pipkin,

2nd V.P.; Kirby Campbell, 3rd V.P., Forrest Campbell, secretary; Larry Hoyle, taitwister; Bill McCaghren, recorder, Miss Rachel Patton, Sweetheart; Bob Stanley,

Lion Tamer; Miss Shelley Jackson, Queen; and for directors, John M. Russell, Walter Jones, Travis Jameson, Donnie Jackson and Vann Francis, with J. R. Whitworth, permanent director.

Country Music Show Set For June 15

The 90-minute country music extravaganza will spotlight nearly 50 classic and current country music hits, from Roy Acuff's "Wabash Cannonball" to Mac Davis' "Lubbock Texas in My Rearview Mirror."

"We'll feature the Grand Ole Opry and its earliest stars in the first half, plus country music in the movies," noted Helen Roberts, show director and SPC professor of speech and drama. "In the second half, we'll focus on country music superstars, like Eddie Rabbit and Barbara Mandrell, and Texas superstars like Willie Nelson."

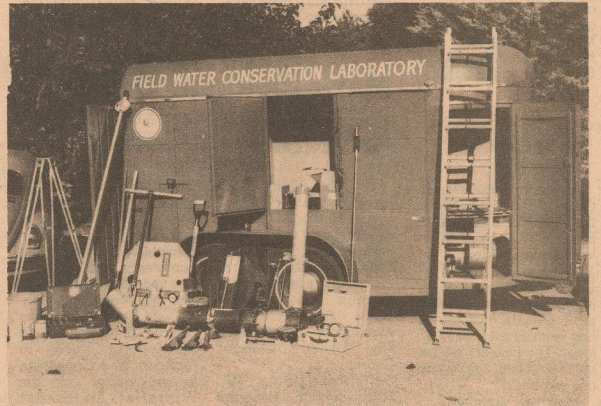

"The show has so much energy," noted show fiddler Ed Marsh, one of the instructors in SPC's country/bluegrass music

degree program. "We open up at top speed and continue the pace throughout the entire show. It's kind've like tuning into some of the most popular hits playing on the radio today. Country music has gotten so big in the past two years, what with the release of the movie 'Urban Cowboy', that it's not difficult to pick out enough songs to fill a two-hour show," he said.

An album-length tape of selected songs from the show also will be for sale during each performance. Recording of the music was done in SPC's own professional recording studio.

The Motley County Roller Rink will open June 13 from 2 p.m. until 4 p.m. for children 11 and under.

THE FIELD WATER CONSERVATION LABORATORY shown above will be located at the Matador Soil Conservation Service office during the summer irrigation season. Local personnel are trained to help you determine pattern and application efficiencies of your water management system and to help try to improve these efficiencies.

Water Conservation Saves Energy, Boosts Yields

By Rodney F. Williams

There's a good chance you can improve your irrigation application, water pattern efficiencies, save energy, boost your crop yields and realize a cash savings by inviting your Soil Conservation Service to pay a visit.

SCS has enlisted, trained and mobilized local personnel to assist farmers on the high and rolling plains with a practical evaluation of their

irrigation water management. The personnel are equipped with mobile field Water Conservation Laboratories which are equipped with meters, gauges, probes, instruments, hand tools, and other equipment for evaluating the various irrigation methods used in Motley County.

Tests are made on water application, available water, and the efficiency of the delivery system. Pattern efficiencies will be

measured as well as the efficiency of the overall system. Fuel costs can also be computed, to let you know just how much each water application costs.

The Soil Conservation at Matador will be available for field evaluations throughout the summer. Feel free to call or come by and set up a day to check on the improvement of your water management plan.

Benefit Baseball Game To Help Boy Scouts

What is shaping up to be the softball game of the year will be played in Matador Wednesday, June 17, when the Matador Lions Club team plays the Jo-Barb-Dee girls softball team.

The boys will be accompanied by Scoutmaster Ronnie Vandiver. Donations will be accepted during the softball game and ice

cream will be served. Everyone is invited to turn out for a good

community get-together and watch the exciting softball game.

TO ATTEND JAMBOREE - Matador Boy Scouts will be attending the National Boy Scout Jamboree at Ft. A. P. Hill, Virginia from July 21 through August 2. Shown are Cody Hardin (left) and Wade Vandiver (right). Jeffery Burkes will also be attending the Jamboree.

Rev. Bob Chapman, pastor of Bible Baptist Church performed the ceremony for the children of Mr. and Mrs. Julian Lipham and Mr. and Mrs. Jim Cornelius, all of Floydada. Prenuptial music was presented by Mrs. Lou Davis, Jr. She accompanied Mrs. Kay Crabtree, as she sang "Do You Know," "Ice Castles," and "The Lords Prayer".

Setting for the six o'clock exchange of vows were various sized palms of emerald foliage forming the wedding background. In the center of the wedding scene was a large brass archway with added brass columns holding baskets of yellow and white gladiolus and Kellian daisies. To each side of the archway were brass hurricane candelabrams with yellow tapers, also decorated in yellow and white Kellian daisies. The bridal aisle pews were enhanced with brass hurricane candelabrams holding yellow tapers.

Presented in marriage by her father, Julian Lipham, Julianne wore a formal gown of chiffon overlay with a high neckline and long shadow sleeves. The shadow sleeves were created with Venice lace. The bodice of the gown was a combination of silk Venice and Alencon lace beautifully patterned and dotted with seed pearls to the waist line. The A-line skirt of the gown was accented with silk Venice lace around the skirt and train of the gown. The bride added a Venice and Alencon laced hat that held the elbow length veil of illusion which was gathered softly to the back of the hat and centered with a large matching seeded pearl flower.

The bride carried a prayer book designed with white alfin sweetheart rose buds, stephanotis showered in double white baby's breath. Before the bride was presented to the groom, she paused and gave her mother a long stemmed rose. After the vows were repeated she presented the groom's mother with a long stemmed rose.

For something old, the bride wore pennies in her shoes, minted in the year of her birthdate and the

She carried a colonial bouquet of yellow and white daisies and double white baby's breath trimmed in yellow lace.

flower girls. They wore matching floor length white gowns, with lace inserts on the bodice, accented with yellow satin ribbons. They carried white lace baskets filled with yellow rose petals that they dropped along the aisle as they preceded the bride.

New Life

By Bob Cozby
Pastor Of The Assembly
Of God Church

Praise the Lord! We have just finished a great revival here at our church and we are just praising God for his goodness. Rev. Guadalupe Rodriguez from Floydada led us in the four day revival and we saw one young lady saved and several individuals had special needs met in their lives. If you missed the revival you missed a great time in the Lord.

You know, everywhere I go people are always asking me about our church. Almost everyday at least one person comments that they have been hearing good things about our little church and want to know what's going on. Well, the truth of the matter is that the Lord has been meeting with us every service and revival started a long time before Brother Rodriguez arrived.

This really thrills my heart. Those of you who have met me know that I'm just a young minister and this is my first pastorate. And to be real honest I'm not a super smooth talker or a greatly educated man, but my family and I love the Lord and pray for our church and community and the Lord is just giving the increase.

Let me take this opportunity to extend an invitation to you and your family to visit our services. We have wonderful Sunday School classes for children, young adults, and adults beginning every Sunday morning at 10:00 a.m., Sunday morning services at 11:00 a.m. and Sunday evening services at 8:00 p.m. And we will soon begin an intense study of Revelation on Wednesday evenings at 7:30 p.m.

If you would like to be a part of a growing and loving little church, we invite you to come by and just visit one of our services. You will always be welcome. And my wife and I invite you to visit us in the parsonage right next to the church. It will bless us to have the opportunity to fellowship with you.

Until next week . . . have a great "New Life" in Christ Jesus.

Just A Little Boy

By Bob Fox

He stands at the plate with heart pounding fast. The bases are loaded; the die has been cast. Mom and Dad cannot help him, he stands all alone. A hit at this moment would send the team home. The ball meets the plate; he swings and he misses. There's a groan from the crowd, with some boos and some hisses. A thoughtless voice cries, "Strike out the bum." Tears fill his eyes; the game's no longer fun. So open your heart and give him a break. For it's moments like this, a man you can make. Keep this in mind when you hear someone forget. He's just a little boy and not a man yet.

El Progreso Club Has Luncheon

El Progreso Club concluded its current year Saturday, May 30, with a spring luncheon, and an interesting program presented by Joey Thacker of Roaring Springs.

The luncheon was in the Fellowship Hall of the First United Methodist Church. The members and guests assembled in the church sanctuary, where Mrs. Frank Pohl played organ selections, and Mrs. Furman Vinson, club president, welcomed the group and offered the invocation.

Mr. Thacker showed a movie chronicling a sailing trip which he and his wife, Ronnie, and a friend, Leighton Wolf, made from Corpus Christi, Texas, to Key West, Florida. After several months there, they set sail for the Bahamas. His parents, Mr. and Mrs. J. M. (Buzz) Thacker, and his grandmothers, Mrs. Lillian Thacker and Mrs. Cora Mitchell, joined them in Nassau when they reached that port. The year-long trip was made with stops in many of the ports, where they made friends while waiting for favorable sailing conditions.

Their ship was a trimaran (three hulls), with sleeping accommodations for five. It had previously been owned by a musician, who had given it the name "Misty Aire."

After the program, Mrs. Vinson conducted a business session, with Mrs. Harold Campbell, Santa Rosa District president, and Mrs. Phil Green reporting on recent contributions to Girlstown USA.

The delicious menu featured a hot chicken salad casserole with salads, hot buttered bread, iced tea and coffee, planned and served by a committee composed of Mesdames of Harold Campbell, A. B. Simpson and John Hamilton and Miss Rachel Patton. The decorations committee, Mesdames Frank Price, Robert Darsey and W. F. Jacobs used long runners of greenery and clusters of fresh spring flowers down the length of the tables. An enpergne of daisies decorated the head table. Place cards were hand painted Texas wildflowers on outlines of the state of Texas, made by Mrs. Carl King and lettered in calligraphy by Mrs. Pohl.

Out of town guests introduced by Mrs. Vinson included Mr. Thacker, Mrs. Jim Allison of

Social Security News

By Virginia DeWitt

The records of 25,000 SSI disability recipients, who were converted from State welfare disability rolls, are being reviewed to see if they continue to meet the criteria for disability.

In addition, an increasing number of social security disability beneficiaries are also having their records reviewed. The purpose of the review - or continuing disability investigation - is to improve program management.

Previously, disabled SSI recipients who were on State welfare rolls prior to January 1974, when the SSI program went into effect, had been excluded from such review.

Continuing Disability Investigation involves a review of pertinent records to determine whether a recipient has recovered sufficiently so that he or she should no longer be considered disabled. Priority is being given to SSI recipients since there is reason to believe that some of them no longer meet the medical criteria for disability or blindness. In the case of

converted SSI recipients, the State's disability criteria at the time they were found to be disabled continue to apply. Ordinarily, a Continuing Disability Investigation is conducted whenever earnings are posted to a person's social security record, when he or she reports medical improvement or returns to work, when a medical reexamination is scheduled, or when new evidence indicates that the person is no longer disabled.

Any person who disagrees with the determination has the right of appeal. In fact, the forms sent out by social security advise people what to do if they do not agree with a decision. An appeal can be filed at any local social security office.

Letter To The Editor

Dear Editor: We here at the Stamford American are responsible for writing stories for the Texas Cowboy Reunion program and we are hoping you can help us with some information. John Stotts was a rodeo judge for many years at our Reunion and we understand that he died last year. Did you run his obit and do you have a copy of it that you could furnish us? Also, if you have done any stories about him in the past few years we would like a copy of those also.

We will not have a great amount of space but we did want to do a small tribute to him.

We will be glad to pay for copies of your paper or copies of the stories.

"Bill Palmer"

Dear Lord today you took a good man into your care. But it left such a hole of sorrow and loneliness for us to bear.

Lord, give him something easy to do, for he worked hard all his life, making things better for his children and for his wife.

Lord, give him lots of friends, to take the place of those left behind, and lots of little children (for those he loved), as many as you can find.

Lord, take good care of Bill this is our prayer and request. We will all miss him so, he was one of the very best.

The largest, most comprehensive conference ever organized in the Southwest for ranching industry—the International Rancher's Roundup—will be held August 10-14 at the Del Rio Civic Center. Hundreds of ranchers from across the country are expected to attend. Thus far, 110 speakers have been confirmed, representing seven agricultural universities in five states, eight state and federal agencies, six producer concerns, two international organizations, plus two dozen ranches and numerous commercial firms. Specialists with the Texas Agricultural Extension Service, organizers of the event, say several speakers have not yet been confirmed. Included among that group are U.S. Department of Agriculture Secretary John Block, Texas Governor Bill Clements, and U.S. Congressman E. "Kika" de la Garza. However, Texas Agriculture Commissioner Reagan Brown will be keynote speaker during one of the evening banquets. The Roundup consists of two day-long tours (Monday and Friday) and three days of intensified educational sessions. A general session will be held each of the three days along with concurrent sessions in beef cattle, sheep and goat production, ranch business, ranch horse management, animal nutrition, managing range resources, wildlife management and mineral lease agreements. Agricultural representatives from Mexico, Australia, New Zealand and South Africa will be present to discuss their respective nation's ranching situation and what they need from U.S.-Mexican Agricultural interdependence and foreign market development will be highlighted along with government influences on the ranching industry. Pre-registration deadline for the Roundup is June 30. Individuals will be assessed \$125 and couples, \$150, if received by the deadline. After that date all registration fees increase by \$50. Cost of the two tours is \$50 each per person, most of which is absorbed by transportation, meals and entertainment enroute. Three evening meals, including entertainment, will be \$10 each per person. Registration fees in most cases are tax deductible and a large bound copy of all presentations will be available to each person who registers. Interested persons can write to IRR, P.O. Drawer 1849, Uvalde, Tx., 78801 for their pre-registration packet.

South America: Culinary Ingenuity
 The food of South America is an eating adventure. In a new, 303-page book, "The International Cook," the cuisines of five Latin countries—Peru, Argentina, Brazil, Colombia and Venezuela—are described in the light of culinary history.

From Peru comes Torta de Pasa, combining walnuts and raisins.

These countries were singled out, says the book, published by Campbell Soup Company, because of the "culinary ingenuity of their local cooks." The book's 142 recipes—from 30 countries—are adaptations of authentic originals. They utilize time- and energy-saving equipment and ingredients such as condensed soups. The new book deals separately with the various groups who settled in these South American regions. For a copy, send \$4 (check or money order only) to: The International Cook, P.O. Box 9770W, Clinton, Iowa 52736.

JOIN YOUR HOME TOWN ARMY.

You don't have to go far from home to serve your country. Join the Army Reserve and serve right in or near your town. It takes just one week-end a month and two weeks a year, after some initial training at an Army post. Learn a skill, such as electronics repair or computer operations. And earn over \$1,100 a year to start. Call your Army Reserve representative, in the Yellow Pages under "Recruiting."

The swan used to be called the royal bird in England because nobody could own one without permission of the Crown.

VETERANS BENEFIT. BY \$1,200 A YEAR, OR MORE.

Your local Army Reserve unit offers most vets over \$1,200 a year, to start. Not bad for 16 hours a month and two weeks a year. It's nice, too, to serve with people who can appreciate your rank and experience because they've been there themselves. To find out the Reserve Center nearest you, call your Army Representative, in the Yellow Pages under "Recruiting."

STATEMENT OF INTENT TO CHANGE RATES

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of rates in Texas effective October 1, 1981.

On April 28, 1981, the Public Utility Commission of Texas issued its order in Docket 3690, creating a separate Docket 3861 to consider the impact and effect of the accounting changes ordered by the Federal Communications Commission (CC Docket 79-105).

The Federal Communications Commission has changed the method of accounting for inside wiring costs associated with the one-time station connection, move, or change activity. The new rate schedule will increase the Company's gross annual revenue derived from local service by no more than three percent. The schedule of rates and charges is available for inspection at each Company business office in the State of Texas.
