SPRING SNOW -- Residents in Motley County greeted another round of snow when they awoke Tuesday morning. The late storm hit Monday, and by Tuesday morning enough snow had fallen to cover the ground. However by Tuesday evening the sun was again shining and most of the white stuff had melted. (Photo by Mary Renfro)

Whiteflat Gin Donation To Top TCG Meeting

The presentation of a 1920's cotton gin stand to the Museum of Texas Tech University during the annual Texas Cotton Ginners' Association will represent a major step in preservation of the heritage of ginning technology, according to Tony Price of Dallas, TCGA executive vice president.

The stand will be on display in the Lummus Industries booth at the Cotton Trade Show April 7-9 during the association's 70th annual meeting.

The 70-saw gin stand and feeder, which has been restored by Lummus Industries for Mrs. Reggie Anderson of Lovington, N.M. was once operated in the gin in Whiteflat in Motley County by the late Joe Bloodworth, Mrs. Anderson's father. Another daughter of the Bloodworths is Mrs. Jolene Higginbotham of Lubbock.

The original owner of the gin stand was E. E. Wood, Mrs. Anderson's grandfather, who purchased the complete gin outfit in 1925 from Lummus.

Mrs. Anderson and other members of the family will formally present and donate the equipment to Dr. Clyde Jones, director of the

Tech Museum, and Tech president Dr. Lauro Cavazos at a reception April 8 in the Lubbock Memorial Civic Center.

The Tech Museum includes a collection of equipment important to the development of gin technology including the 1895 Goodman Cotton Gin and the Ennis Moss gin section. Price said the Whiteflat gin stand represents the "State of the art" in ginning at a time when cotton was established as a major economic force in West Texas. The piece of equipment may be a "one of a kind" restoration showing technology in that era of the ginning industry, he said.

The stand and feeder were part of a gin erected by Wood in 1925 in Whiteflat -- a year when the small community eight miles north of Matador was thriving.

The equipment was all wood with the exception of an access door, the steel saws and shaft and the cast iron gin stand sides. It was restored in the Lummus Industries shop at Columbus, Ga. The 70-saw stand will be placed alongside a current Lummus Imperial 158 saw gin stand with feeder.

"The comparisons are significant as well as startling," Price said. "The 1983 model costs about 12 times more than the entire gin plant purchase price of \$5,438.26 in 1925. The 158 saw Imperial model has a capacity of processing 10-12 bales per hour. The 1925 stand, which was 'top of the line' at that time, processed about one bale an hour."

Price also pointed out that the 158 saw Imperial stand is powered by either a 100 or 125 horsepower electric motor while a 125 horsepower Primm diesel engine powered the entire plant including all five gin stands in 1925.

The older model has

10-inch diameter saws separated by the original wooden blocks. The saws were last used in 1961 when Bloodworth ginned his own crop at Whiteflat. The new stand has 12-inch diameter saws in an all metal construction.

Bloodworth married Arlene Wood, daughter of the owner, and operated the gin from the early 1930's until 1961, however several seasons were missed because of drought.

Robert George, Lummus president from Columbus, Ga., and Jerry Scarbrough, Lummus vice president at Lubbock, will join the Bloodworth family to complete the presentation to the museum.

Stuart Dixon Attends Land Bank Meeting

Stuart Dixon of Matador has just returned from Houston where he represented the Federal Land Bank Association of Floydada at the 38th Annual Stockholders' Meeting.

The meeting, held at the Westin Oaks Hotel, was attended by members of the 55 Federal Land Bank Associations in Texas. There were approximately 450 persons in attendance at the March 25 meeting.

The Federal Land Bank of Texas, the state's largest, long-term farm mortgage lender, released its 1982 annual report during the meeting, showing \$2.4 billion in outstanding loans, an 11.3 percent increase over 1981.

According to Land Bank President Thomas H. Benson, while low commodity prices, high interest rates and rising production costs combined to create a year of adversity for farmers served by the Texas Land Bank, the rate of delinquencies and foreclosures remained low due to the Bank's policy of working with member borrowers.

The Federal Land Bank of Texas is part of the nationwide Farm Credit System, the nation's largest private cooperative lending institution. The Federal Land Bank Association of Floydada makes and services loans in this

Glen Calvert, student at South Plains College in Levelland, added another trophy to his track records, Saturday, March 26 at the Hobbs, N.M. JUCO track meet, when he won first in the Discus competition. He placed third in the Shot Put event.

in Lubbock, Saturday, April 2, Calvert placed second in the JUCO Shot Put with 53-7 behind his teammate, Texan Ken Matney, who set a new mark in the Shot Put with a 54-5. The old record of 54-4 1/2 was held by Jacob Cannon of Odessa, 1975. Many records were toppled during the three division, 26

Mullins - Forbis Exchange Vows In Afton Church

Miss Donna Mullins and Mr. Craig Forbis, both of Patton Springs were united in marriage Saturday, March 12, 1983, at 7 p.m. in the Afton Baptist Church. Rev. Cliff Cooper, Afton, officiated.

Parents of the couple are Mr. and Mrs. Lewis Mullins, Dickens, and Mr. and Mrs. Robert Forbis, Afton.

The altar of the church was enclosed with Seven Branch, Spiral, and Arch candelabra holding white candles with greenery. Wedding vows were read before a sunburst arrangement of pink and white gladoli, daisies, and carnations, with gypsophelia.

The bride, presented in marriage by her father, wore a gown styled in white silk organza and Chantilly lace. The high neckline was outlined with appliques of Chantilly lace and embroidered seed pearls. The sheer bodice of organza was styled in a low sweetheart design, and was overlaid with Chantilly lace. A wide ruffle of lace came to a point in front of the bodice, swept over the shoulders in a cap effect and extended to the back of the bodice in a V-shape. The natural waistline was overlaid with Chantilly appliques richly embroidered in seed pearls and sequins. The full sleeves were of all-over Chantilly lace, and were gathered to fitted cuffs which also were embroidered in seed pearls and sequins. Covered buttons completed the cuffs. The back of the bodice was also of sheer organza and Chantilly lace, and covered buttons extended from the neckline to below the waist. The waistline in the back of the dress dropped to a low V-shape, and appliques of the Chantilly lace over the waistline created a bustle effect. The full skirt of silk organza featured three wide tiers each edged in wide rows of Chantilly lace, and the bouffant skirt swept into a full chapel train.

Her chapel-length veil of illusion was gathered to a cap embroidered with clusters of seed pearls on Chantilly lace to match her dress. A row of pearls edged the cap and formed a band across the back of her head. The veil had a shoulder-length tier also, and both it and the chapel length veil were edged in Chantilly lace. A face veil completed the ensemble.

The bridal bouquet was a cascading bouquet of white silk roses with pink sweetheart buds, and baby's breath backed with lace and holding pink satin streamers.

Something new for the bride was her gown, something borrowed, her slip. She wore a blue garter and carried an old handkerchief belonging to the groom's grandmother, the late Mrs. Charlie Gage which the groom's mother had carried in her wedding. Bridal attendants included the maid of honor, Mrs. Jimmy Parker, Snyder, sister of the groom; Misses Kathy and Paula Baxter, Afton, and Miss Angela Ozborn, Pitchfork Ranch, Guthrie.

Their formal length pink gowns were of pink polyester with sheer long sleeves and scoop necklines. The matron of honor carried a nosegay of pink roses and daisies. Bridesmaids carried nosegays of pink carnations and daisies.

Dennis Gwinn, College Station, was best man. Groomsman were Dean Hawkins, Clarendon; Philip Moreman, Clarendon; and James Hughes, Odessa. Ushers were John Pat Hughes, Snyder, and Chad Mullins, Dickens.

Wade Spain of Sonora served as ring bearer and Kalico Karr of Dickens was flower girl.

Zana McInroe presented the wedding music at the piano. She played the traditional wedding march and also special music. She accompanied Deanne Parker of Afton as she sang "Longer Than".

A reception was held following the wedding. The bride's table was covered with a white cloth and centered with an arrangement of pink carnations and white daisies with pink candles, baby's breath and greenery.

The three-tiered white cake was decorated with pink roses and topped with a bride and groom. Cake, punch and mints were served from crystal and silver appointments. Serving at the bride's table were Vonda Brendle, Trudy Ozborn and Micki Perryman.

Coffee and chocolate cake were served at the groom's table by Elaine Ruland and Evelyn Yeates.

After a trip to Ruidosa, New Mexico, the new Mr. and Mrs. Forbis will make their home in Lubbock. The bride attends South Plains College, Lubbock and the groom attends Texas Tech University and works at Funk Seed.

Library Notes

New books in the library include *Historia: First Baptist Church, Matador, Texas, 1893 - 1957, and Dining With the Cattle Barons* by Sarah Margan. Both books are additions to the library's local history collection.

The history of the First Baptist Church was presented to the library by Gary Hillyard, Pastor. We appreciate this donation to the history collection.

Dining With the Cattle Barons was purchased with book donation funds. One chapter of the book is entitled "The Matador Ranch" and includes a short history of the ranch as well as photos, traditions, foods, and recipes related to the ranch. Much of the information for this chapter was contributed by Mrs. R. E. Donovan of Matador. Other chapters contain related information about 15 other ranches in Texas. We are happy to add this book to our history collection.

March was certainly a busy month for Motley County Library and its staff and volunteers. New furniture arrivals necessitated rearrangement of books and shelving. We thank

the Gerald Gerst family, Shawn Bear-den, and Robin Dorsey for their volunteer help with the rearrangement.

On March 25 the library's Apple IIe Microcomputer was installed. An all-day computer demonstration held in the library was attended by 12 people.

The demonstration was given by Jeri Boyles of Agriplex in Lubbock who was accompanied to Matador by West Texas Library System coordinator, Jim Scheppeke.

From March 25 through March 31 the library recorded 27 computer users for a total of 16½ hours of public computer use in addition to staff use.

During the month of March the library checked out 669 books (275 to adults, 100 to youth, and 294 to children). Fourteen interlibrary loan requests were filled. Forty-five films were shown with 691 viewers. Ninety-seven reference questions were received, with ninety of these being filled by local staff. Eighteen periodicals were checked out.

Note the library will close from 6-9 p.m. on April 12.
