Matadors Fall Short In Gallant Effort Friday

The Motley County Matadors gave the Jayton Jaybirds a scare last Friday night but fell short of a victory 20-13.

The Matadors, now 2-5 for the season, jumped out on top early as tailback Darrell Moore ran 4 yards for MC's first touchdown and later scored on a 16-yard run.

But the strong first-quarter effort was not enough as the unbeaten Jaybirds began to get a few breaks to make a comeback. Jayton's Monty Sartin ran 34 yards to score late in the opening stanza, and the first quarter ended with the Matadors still on top 13-7.

Late in the second quarter, Jayton quarterback Trey Richey passed 4 yards to Mike Parker for a touchdown in the game for the first time, 14-13.

The game remained tight until late in the fourth quarter when a Jayton player intercepted a Motley Co. pass

and returned it 25 yards for a touchdown.

"The game was real close all the way," Coach Danny Williams said. "It was a tough ballgame. I thought our young men played as hard as they could and that a few breaks was the difference in the game."

Jayton is now 6-0-1 this season, tying Spur earlier this year.

The Matadors will travel to Chillicothe this Friday night to play their 8th game of the season. Motley County fans are urged to attend the game and give these young men full support.

W. H. Marshall Re-elected Upper Pease SWCD Director

W. H. "Buck" Marshall of Roaring Springs was recently re-elected to the Upper Pease SWCD board of directors. Marshall represents Zone 5 of the district.

The purpose of the Upper Pease SWCD, with headquarters in Matador is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Marshall will be responsible for

Buck Marshall

district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

In Texas there are 201 soil and water conservation districts. Each is a legal subdivision of state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

"Over The Rainbow" Is Queens' Contest Theme

"Over The Rainbow" is the theme for the Halloween Queens' Contest to be held at the Annual Halloween Carnival Saturday, October 29th at Motley County School.

Reunion Held Here By Class Of 1933

Class Reporter Winifred Estes Darsey

The graduating class of 1933 of Matador High School met and celebrated its Golden Anniversary.

Twelve class members were present with five guests.

It was a gala affair. The class met in the Home Economic Department in the High School and enjoyed a delicious luncheon, looking at photographs and memorabilia of school days.

Mrs. Wilson Barton surprised and charmed the class by re-reading the Class Prophecy she had written at graduation.

Dick and Mary Groves traveled the longest distance by traveling seventeen hundred miles from the San Francisco area.

The class enjoyed a "Brag Session" where everyone told about their grandchildren, what they were doing now, military service, etc. The members parted with reluctance and planned another reunion in 1988.

Skeet Jameson Home From Hospital

H.R. "Skeet" Jameson had a happy Homecoming, Monday, October 24. Skeet, who had been hospitalized since June 1, returned home from the Methodist Hospital in Lubbock.

He was given a farewell party by the nurses and medical staff of East 7th floor at Methodist Hospital at 6:00 p.m., Sunday, October 23 in the Nurses' Lounge.

GOOD TRY- Shannon Winn, (40) dives across the field in an attempt to catch a pass thrown by quarterback Richard Potts. The Matadors were defeated by the Jayton Jaybirds 20-13 Friday night.

FOOTBALL SWEETHEART - Melea Taylor, daughter of Mr. and Mrs. James Taylor was crowned Football Sweetheart in pre-game activities at the Homecoming Game here Friday.

Club Sells Chances For Gas

The Booster Club members are currently selling \$1 chances for \$100 worth of gasoline to be given away Saturday night at the Halloween Carnival.

The Boosters will also be selling Helium

Balloons and will again operate the Country Store at the carnival. All Booster members are asked to bring two "White Elephant" gifts

per member to be given as prizes at the Country Store. These gifts may

be taken to Nova Dale Turner's class room or brought by the gym by 3:00 p.m. Saturday.

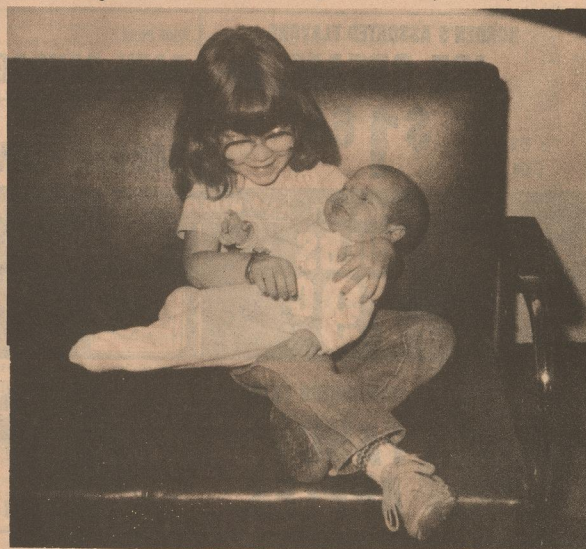

All Booster members are encouraged to remain for a short time following the carnival to help clean up.

PTO Reminder

All PTO members are reminded to please bring a cake and a pie for the annual Halloween Carnival, to be held Saturday night, October 29 at the Motley Co. School. The carnival will begin at 6:00 p.m.

Any interested parent of school age children who would support the M.C. PTO is asked to please bring a pie and a cake. Any help given will be greatly appreciated.

Go Matadors

THIS IS THE TIME- Monica Clifton seems to be explaining the return to Standard Time to her little brother, Skylar. Everyone is reminded to set their clocks back one hour Saturday night as most of the nation changes from Daylight Savings Time to Standard Time. Monica and Skylar are children of Mr. and Mrs. Larry Clifton.

Halloween Carnival Scheduled To Be At School Saturday

The annual Halloween Carnival is scheduled to begin Saturday at Motley County School with the presentation of the queen candidates at 6:00 p.m.

The Spook Parade will be held following the presentation of the queen candidates for children age 2 through

grade six. Three divisions for judging of the costumes are 2 years through Kindergarten; First and Second Grades and grades three through six. Prizes will be awarded in each division.

The booths for games and the voting booths for the queen contest

will open at 6:30 p.m. The queens' voting booths will close at 8:00 p.m. and all other games and booths will close at 8:30 p.m.

The climax for the evening will be the crowning of the Halloween Queens. The three divisions are High School, Junior High and Elementary.

Everyone who has a booth is reminded that cleanup must be done immediately following the carnival. It is stressed this year that ALL areas of the carnival must be cleaned and your cooperation and help will be greatly appreciated.

Garden Club Meets October 17th

The Matador Garden Club met at the Summit Savings and Loan Community Room for their stated meeting October 17, with Mrs. Alvin Stearns, president, presiding. Mrs. Stearns welcomed the members present and asked the secretary, Mrs. W.N. Pipkin, to read the minutes of the

previous meeting. They were read and approved as read.

Mrs. Pipkin was the leader for the program on "Eastward and Westward from Eden." She introduced Mrs. Edgar Lee who brought a paper on "The World in my Garden" which was very interesting.

Miss Rachel gave Garden Hints from "It was in the Paper," and Mrs. Pipkin read the Texas Gardner President's message from the "Lone Star Gardner."

These "Hints and Tips" were all enjoyed and the program ended with showing a horticulture display of

Spider Mums.

Mrs. Stearns was hostess for the event and served cookies, punch and coffee to the following members besides the ones mentioned: Mesdames Robert Dickson, Bill Wason, W.D. Lipscomb, Tom Spears, and J.D. Craven.

Caprock Baptist Association Has Annual Meeting Here

Approximately 100 messengers from 23 churches in the Caprock Baptist Association convened here recently for its 21st annual meeting.

This annual meeting, Oct. 13 at the First Baptist Church, Matador, was dedicated to Dr. Strauss Atkinson of Plainview, Area Direc-

tor of Missions, who has announced his retirement effective Dec. 31. The meeting here marked his last official meeting in that office.

Reporting were 20 churches in the Caprock Association, from Floyd, Crosby, Dickens, Matley, Briscoe and Hall Counties. The area served by the Director

of Missions covers those and other counties to comprise Caprock, Llanos Altos, South Plains and Staked Plains associations.

Sessions began at 3 p.m. with Rev. Floyd C. Bradley, pastor of First Baptist Church, Floydada, as moderator and included reports from the various churches. Rev. Sam Simmons, pastor of the First Baptist Church, Spur, delivered the annual sermon at 5:30, followed by an evening meal served by the host church.

A message on "Texas Baptists at Work," was by Bill West of Dallas, an Associate in the

Division of Student Work of the Baptist General Convention of Texas. A "Testimony Time" was devoted to tributes to Dr. Atkinson and his wife, Trudi, by speakers from the various churches in the congregation. A message by Dr. Atkinson concluded the day's activities.

Dr. and Mrs. Atkinson will be honored next month, with a banquet at Wayland Baptist University.

Instant Household Hints

By Catherine Henderson

We are grateful for the wonderful rain.

1. Pull a plastic bag over the head of an oil mop before storing it. The bag will keep the mop from drying out and from spotting the closet and other equipment.

2. Sometimes, especially whiteface, cattle, will drink contaminated or stagnant water, and catch pink eye. Human beings can catch this disease from cattle. It is then called conjunctivitis. When you have fever, and your eyes become inflamed, then it is called conjunctivitis.

3. If you are alone and give birth to a newborn and you can't take care of the cord,

lay the baby upon your stomach. The warmth from your body will help keep the baby warm. Lay a towel over the baby until you can get help. It is three degrees cooler outside than inside. After you have been taken care of, keep the baby warm for four days. No bright light in his eyes.

4. When you fire a bullet upward, the bullet could hit you. Remember, it comes down with much greater force than when it went up. When you are firing at something in a moving vehicle, you seldom hit your mark. Save your ammunition.

WORD of GOD

Lord, who shall abide in thy tabernacle? Who shall dwell in thy holy hill?

He that walketh uprightly, and worketh righteousness, and speaketh the truth in his heart.

He that backbiteth not with his tongue, nor doeth evil to his neighbor, nor taketh up a reproach against his neighbor.

In whose eyes a vile person is contemned; but he honoreth them that fear the Lord. He that sweareth to his own hurt, and changeth not.

He that putteth not out his money to usury, nor taketh reward against the innocent. He that doeth these things shall never be moved.

Pipelines... make good neighbors

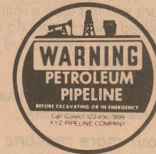

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion ton/miles of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry... and we want you to help us keep it that way.

liquids on or a mist above the ground in the area of a pipeline.

- Flames originating from an opening in the ground. If you become aware of a pipeline leak...
- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

GROUND MARKER

GROUND MARKER

CASING VENT

AERIAL MARKER

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:

- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum

Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.

Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.

If you see someone digging near a pipeline or doing other construction work... or if you plan to do such work near a pipeline yourself... please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest... and the nation's.

Pipelines are the safest way to move petroleum and products and you can help keep it that way!

El Progreso Club Has Review On Historical McGuffey Readers

Many interesting facts surrounding the history of William Holmes McGuffey and his Readers, unknown to most students of this century came to light when Mrs. Harold Campbell recently gave a review on the life and works of McGuffey at a meeting of El Progreso Club.

Mrs. W.D. Lipscomb was leader of the program, and Mrs. R.E. Campbell Jr., was hostess for the meeting held Oct. 13 at the Summit Savings Community Room. Mrs. John Hamilton, president, conducted the opening business session.

The author of three sets of books, beginning in 1836 with his first Eclectic Primer, William H. McGuffey became known as the most outstanding educator of his time, Mrs. Campbell related.

Reading from a recent report prepared for "Behind the Scenes in Washington," by Dr. W. Cleon Skousen, Mrs. Campbell contrasted the recent effort of the Bristol (Va.) Education Association, an affiliate of the National Education Association, to ban the Bristol school's highly acclaimed use of the old McGuffey Readers, with the National

Association's former acclaim of the author and his works. At McGuffey's death in 1873, the NEA proclaimed, "This Association feels that they have lost one of the great lights of the profession; an example and model to American teachers."

An editorial in last week's Lubbock Avalanche-Journal highlights the little town of Bristol which has received national attention for its use of the 147-year-old books, which teach children to read through phonics of "sounding out" letters. Stories and poems, the editorial pointed out, emphasize honesty, fairness, punctuality and the Protestant work ethic.

Mrs. Campbell traced the family background of William McGuffey and his Readers, from a book by John H. Westerhoff III, in which that author quoted from an article in the Saturday Evening Post by Hugh Fullerton stating that "with the exception of the Bible, McGuffey's Readers represent the most significant force in the framing of our national morals and tastes."

In conclusion, Mrs. Campbell reminded the club that 1983 was proclaimed last October as "The Year of the Bible," and signed into law by President Reagan on February 8, 1983.

Inspirational Thought was by the leader, and adding interest to the program were three sets of the McGuffey Readers displayed by Mrs. Campbell.

The hostess, Mrs. R.E.

Campbell Jr., served refreshments of cake and hot spiced tea, from a table colorful with halloween decorations.

Members present, other than mentioned were: Miss Rachel Patton, Miss Mary Keith and Mesdames W.N. Pipkin, Frank Pohl, C.D. Garrison, Carl King, Douglas Meador, Gus Bird, Robert Darsey, Una Simpson, Ted Elliott and E.A. Day.

Rain Too Late To Help Cotton

Rain finally came, in excessive amounts, but it was too late to help the cotton that is nearly ready for harvest. A total of 7.50 inches of rain was recorded last week by Melvin and Thelma Brogdon, official weather observers in Matador.

The rainfall, which was received over a period of several days last week, filled stock tanks and natural lakes to overflowing, and creeks were reported to

be running swiftly. Motley County was placed under a flash flood warning on Thursday, October 20 and Jameson Lake, east of Matador had water running around the dam.

The rainfall reported in August was .96 inch, and .18 in September.

On Monday, October 25, another .22 inch of rain was recorded in Matador and some hail in the Roaring Springs area was reported.

Halloween Safety Urged By DPS

Miniature monsters will soon invade the neighborhoods and the cry, "Trick or Treat", will be heard throughout the land.

Major V. J. Cawthon, Regional Commander of the Texas Department of Public Safety said, "Motorists and parents need to take precautions to protect children and prevent disasters this Halloween."

He stated, "I would suggest house or block parties for the kids. Children will invade many neighborhoods in spite of past unfavorable incidents, and he offered the following safety rules to help protect the kids."

Cawthon said, "Small children should be accompanied by older children or adults and trick or treating be confined to their own neighborhood. Costumes should be light in color, short enough to prevent tripping and non-flammable. Facial make-up should be used instead of masks or hoods that restrict vision."

Trick or Treaters should not eat unwrapped candy until the parents inspect it and fruit should be washed and cut into small pieces to be sure nothing has been placed inside it.

Children should be told to look in all directions before crossing streets and to walk, never run. A flashlight carried by a child can serve as a warning to motorists and children should be instructed to use sidewalks when possible.

Motorists are advised to use extra caution in residential areas and look for children crossing streets in a haphazard manner.

Major Cawthon said, "732 pedestrians were killed and 6,367 injured in Texas during 1982. A pedestrian's chance of getting killed or injured are increased at night. If parents and motorists join together and think of children's safety, Halloween 1983 can be a safe and enjoyable evening for everyone."

Art Guild To Sponsor Homecoming Show

The Spur Art Guild will sponsor a Homecoming Show on October 28th and 29, 1983 at the Spur Art Guild. There will be purchase prizes totaling \$1,500.00. Ribbons will be given for first, second, third and honorable mention; also Best of Show to be chosen by the Judge.

Divisions will be: Oil Landscape, Oil Still Life, Watercolor Landscape, Watercolor Still Life, Pastels, Acrylics, Pen & Ink, Other Media, Portraits, Animal Portraits, Sculpture,

Youth Division (18 yrs. & under). Miniatures (not over 5"x7").

Original paintings and drawings will be accepted in any media. Any work not in good taste may be rejected by the committee. NO CLASS WORK.

Paul Wylie of Lubbock will act as judge. Judging will be Friday morning Oct. 28th. Open to public at 1:00 p.m.

Entry fees are \$4 per entry. Miniatures are \$1 per entry. There is no limit. Entries will be received at the Spur Art Guild Thursday, Oct. 27th, from 9:00 a.m. to 5:00 p.m. only.

While reasonable care will be given all work submitted, the entries will be handled and displayed at the artist's risk. The Spur Art Guild will not be responsible for any loss or damage.

All paintings must be wired for hanging. NO WET PAINT. No item may be entered that has previously won an award at the Spur Art Guild Homecoming Show. Each entry must have a sheet on the back giving the Artist's name, address, and if for sale, the price.

Ten percent commission will be charged on sales except Purchase Awards. Entries must be picked up following the show at 4:30 p.m. Saturday, Oct. 29th. The Spur Art Guild will not be responsible for paintings not picked up.

Due to lack of space, no special exhibits will be displayed.

Mrs. Robert Dickson Heart Fund Chairman

The Motley County Heart Association will have its 1983-84 kick-off Heart Fund Campaign at the Halloween Carnival, Saturday night, October 29 at the Motley County School. Mrs. Earlyne L. Jameson, chairman of the M.C. Heart Association, is pleased to announce that Mrs. Robert (JoAnn) Dickson is a new member of the association and will be chairman of the M.C. Heart Fund Drive. Mrs. Dickson is an active citizen in church, civic and club organizations.

Mrs. James (Michele) Bearden, R.N., and associates of the Home and Health Care Agency of Roaring Springs will conduct a hypertension screening for the AHA at the Halloween Carnival. Adults as well as the youth are encouraged to take advantage of this courtesy.

The heart death rate is down 15%. County residents who have had successful by-pass and pace maker surgery,

medical and surgical treatment for blocked arteries and medical help for blood pressure problems are evidence of the progress AHA has made in medical research.

The AHA Public Education program has furnished films, literature and demonstrations that have been conducted in Motley County Schools, civic and club organizations. To meet the needs and concerns of the public, the AHA has sponsored heart screening programs, blood pressure clinics, rehabilitation of stroke victims and instruction in cardiopulmonary resuscitation.

Even in these hard economic times each dollar donated is being stretched and used more efficiently to help fight against cardiac death. Your donation to the American Heart Association is a wise investment. The Motley County AHA would appreciate your continued support.

10 REASONS WHY YOU SHOULD SELECT YOUR BULLS

1. They will increase frame, elevation, payweight of straight Herefords.
2. Just right for profitable crossbreeding.
3. Aggressive breeders.
4. Easy calvers — over half the bulls are out of first-calf heifers — calved unassisted (except for a couple of backwards calves).
5. Heavy milking dams with well-balanced udders and small teats.
6. Linebred for more predictability.
7. Bulls are run on native pasture and fed daily a limited amount of a 10% growing ration — aimed toward ensuring soundness and growth — not maximum pounds or excessive fat.
8. Good disposition for ease of handling.
9. Line 1 bloodlines.
10. More bull for your money — bulls selling to commercial herders in our last 3 sales averaged just under \$1,500.

1983 Homecoming Held October 21-22

Homecoming Is Now History New Officers Are Elected

TEAM AND COACH- Irene Lawler Traweek (left) was the coach and Hettie Patton Davis (center) and Bertha Patton Stearns (right) were members of the basketball team in 1923. The team won the district title that year.

Homecoming 1983 is now history for Matador and Motley County School ex-students and teachers, and by another year memories will fade into nostalgia. A new slate of officers will be preparing for 1984 and another interesting and entertaining program.

The meeting Saturday was called to order by Loretta Thompson, president. Invocation was by Dick Groves and Welcome address was by Sonny Russell, class of 1943, with Response by Gary Laughlin of Midland, class of 1953.

A Memorial Service was conducted by Mrs. Harold Campbell, (Grace Keltz) and included a list of 26 deceased since last year.

Classes were recognized according to anniversary years, with special mention of the class of 1926 as the first graduating class from the brick building which

was demolished this summer.

Other recognitions included the person traveling the farthest distance to attend Homecoming, which went to Dick Groves of Concord, Calif., in the San Francisco area, with Cecil Rose, class of 1918 coming from Los Angeles, as a close runner-up. Youngest graduate present was Pam Francis, class of 1980, and the earliest graduate present was Clarence Jinkins, class

of 1914. Earliest teacher present was Myrnavae Barkley (Mrs. Haynes) Baumgardner, class of 1940, who taught in 1944. Bill Moss, Vo-Ag teacher for the past 37 years was recognized and given a standing ovation.

Among the earlier students present was Mrs. Virgie Sparks Hunter of Slaton, class of 1921, who also taught in the county,

but had received the recognition previously.

Mrs. Robert Darsey (Winifred Estes), class of 1933 was elected Homecoming Queen and Dick Groves, also from the class of 1933, was elected Homecoming King.

Report of the nominating committee was accepted, naming Mrs. Hal Martin (Kelly Green) as president and Rodney Williams, vice president, with Mrs. R.E. Donovan (Hazel Walton) re-elected secretary-treasurer.

Parade of the Years was the program theme, with narration by Mrs. Clay (Barbara Bird) Jameson, and depicting early-day teachers and students and their various activities. Early-day basketball, Drum and Bugle Corps and other fashions were worn in various skits furnished by former students and teachers. Original poems and songs by ex-

students were read and sung, climaxed by the reading of a poem by the late Grace Aaron Timmons, a former teacher, paying tribute to the old school, which was vacated in 1973, when the new building was constructed. Terry Keltz of Plainview read the poem, and benediction was by Bennie Keltz.

Preliminary Homecoming activities included the football game Friday night, crowning of Melea Taylor as Football Sweetheart by team captains Coke Barton, Max Bearden and Darrell Moore, and a chili and stew supper served by the Matador Volunteer Fire Department, at the school cafeteria.

A barbecue supper Saturday evening at the school cafeteria, with a dance following at the VFW building, concluded the two-day event.

EXES MEET- Loretta Thompson (right), president of the Ex-Students Association for 1983, presided Saturday at the business meeting and program. Barbara Bird Jameson narrated a poem, written by Josephine Hamilton, as the costumes of different years were modeled on stage by Motley County Students and Exes.

HOMECOMING QUEEN - Winifred Estes Darsey was elected Homecoming Queen at the business meeting of Matador-Motley County Ex-Students and Teachers held Saturday at Motley County School. Grace Keltz Campbell pinned the corsages and boutonnieres on all the honorees.

HOMECOMING KING - Dick Groves of Concord, Calif., was chosen Homecoming King at the meeting of Matador-Motley County Exes Saturday. Mr. Groves also received the award for traveling the farthest distance to attend Homecoming.

EARLIEST GRAD - Clarence Jinkins was honored Saturday at the Homecoming meeting for being the earliest graduate present. He graduated with the class of 1914.

YOUNGEST GRAD - Pam Francis, class of 1980, was recognized as the youngest graduate present at the Exes meeting held Saturday at Motley County School.

EARLIEST TEACHER - Myrnavae Barkley Baumgardner, class of 1940, was recognized by the exes Saturday as the earliest teacher present. She taught in 1944.

37 YEARS - Bill Moss, Vo-Ag teacher received the award for being the teacher present having taught the most years in Matador-M.C. School. He was given a standing ovation.

Annual Report Upper Pease SWCD

Chairman, W. H. Marshall
Vice-Chairman, James Bearden

Secretary, Coy Franks

Member, W. D. Lipscomb
Member, H. R. Jameson

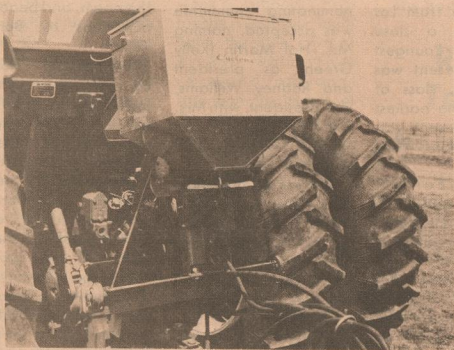

Upper Pease SWCD Fiscal Year 1983

Accomplishments

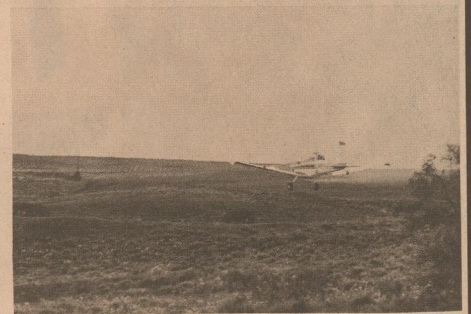

- Brush Management 20,000 Acres
- Conservation Cropping Systems 14,000 Acres
- Conservation Tillage systems 9,000 Acres
- Prescribed Burning 200 Acres
- Grassed Waterways 7 Acres
- Irrigation Water Management 1,800 Acres
- Proper Grazing Use 200,000 Acres
- Range Seeding 200 Acres
- Wind Strip Cropping Systems 4,500 Acres
- Terrace Systems 213,926 Feet
- Pasture Planting 1,000 Acres

Other Accomplishments

- Sponsored 4-H Awards Banquet
- Represented Upper Pease District at South Plains Association of SWCD's Meeting.
- Represented Upper Pease District at State Association Meeting of SWCD's.
- Worked with other government agencies to implement Emergency Conservation Measurers program.
- Sponsored Essay Contest for local youth.
- Sponsored Poster Contest for local youth.
- Participated in Area Awards program (poster & essay)
- Published a Special Soil Stewardship Edition in the Matador Tribune.
- Published one Annual Report.
- Participated in four Great Plains Conservation Program meetings.
- Participated in recommendations for County Development Group.
- Member National Association Conservation Districts.
- Member State Association of Soil and Water Conservation Districts.
- Attended 14 local Soil & Water Conservation District meetings.
- Represented the Upper Pease District at three Conservation Tillage meetings.
- Participated in development of 39 Conservation Plans on 41,217 acres.
- Participated in development of two new Great Plains Contracts.
- Provided part time secretarial assistance to the Soil Conservation Service.
- Represented the Upper Pease District with over 60 letters to legislators on affairs concerning agriculture.
- Participated in SPAG representation.

NEW EQUIPMENT - The Upper Pease SWCD currently has equipment to assist district landusers in conservation seeding efforts. The district rents this equipment within the district for the convenience of producers needing seeding equipment. At this time a cyclone seeder, a Brillion seeder (drill type) and a packer are available.

LAST SPRING over 15,000 acres of rangeland in the Upper Pease District was aerial sprayed for undesirable brush. Brush control along with proper deferral will allow rangeland to increase production.

GRASS WINDSTRIPS cost shared through the Great Plains Conservation Program reduce soil loss and save crops. Grass strips can reduce wind erosion from 20 tons per acre per year before strips to 2 tons per acre per year after strips. Grass windstrips utilize only about 1% of a field. There are over 400 acres of windstrips in the Upper Pease District.

WATERWAYS - During fiscal year 1983 the district installed approximately 7 acres of waterways. This brings the total to 157 acres of waterway in the district. Maintenance of these waterways is very important. Grassed waterways should be shredded or hayed at least once per summer and fertilized each year in about March or April. A waterway that is designed for small grains should have the residue left on the soil surface as long as possible in the spring and planted to the small grain as early as possible in the fall. A properly maintained waterway will have a long lifespan for years of trouble free conservation.

Great Plains Conservation Program

The Great Plains Conservation Program, administered by the Soil Conservation Service, assists landowners through cost share and technical assistance in applying sound soil and water conservation practices. Cost share assistance for the construction of terraces, diversions, wells, pipelines, pasture planting, wind stripcropping, wind breaks, waterways, ponds, cross fencing, water storage facilities, and brush control is available through the Great Plains program.

There are currently eleven producers in the Upper Pease district participating in the Great Plains program. They are J. B. Fowler, Eddie Morris, Rex Johnson, Robert Melcher, George Hughes, Gale Stafford, Una Simpson, James Gwinn, Guy Kimbell, Truitt Read and Travis Jameson.
