Garden Club Makes Bicentennial Plans

Plans for several Bicentennial observances during the year are being made by Matador Garden Club, the first event being a "Mini-Museum" scheduled for February 20. Mrs. Edgar Lee, president, has announced.

Members of the club will exhibit family heirlooms and antiques as a fund raising project to help defray expenses for civic development activities. These will be on display from 3 to 5 p.m. in the American Legion Building. The club observed Arbor

Day, January 16, by planting two redbud trees in the Pioneer Memorial Park, just northwest of the courthouse. Development of the park is another project of the club and includes a star design in the center of the enclosure, where the plaque presented by the Cimarron Valley Historical Society, to the late Douglas Meador, will be placed.

Surrounding the star a ground cover will be planted, with spaces left to plant other trees and red, white and blue flowers during the bicentennial year.

A windmill has already been erected next to the park area, together with a replica of a water tank, which will be used as a flower box. The club is also planning to place planter boxes in the downtown area. The small park was dedicated by Mr. Meador to the memory of his pioneer parents, the late Jennie Belle and James E. Meador, in ceremonies in October, 1972.

A spring pilgrimage is planned for club members to visit the Lubbock Ranch Headquarters outdoor museum at Texas Tech, and also to visit the historical display at the Briercroft Savings and Loan Association in Lubbock.

Another bicentennial event is planned for July, when the club will sponsor a community-wide American Holidays Flower Show. Schedules will be available for anyone wishing to participate. "Anyone interested in Garden Club work and the beautification of our town is invited to attend the monthly meetings," Mrs. Lee said. "Ask any club member about time and place of meetings." The club meets at 3:30 p.m. the third Monday in each month. Next meeting will be at the home of Mrs. W. F. Jacobs.

TRAIL DUST

By DOUGLAS MEADOR

If the director of charades in hell ever develops a need for sound effects, he will doubtless select the vacuum cleaner, providing he has a soundproof chamber for his own security.

Claims have been publicized to the effect that the automobile has caused us to lose the art of walking. It seems reasonable. The automobile has weeded out the walking pedestrian, while the running and leaping variety barley manages the strategy of survival.

A nation's greatness is first dependent upon the character of its people. The strength of a republic is vested in each man accepting his responsibility to the politics of his government.

Beauty remains one of the greatest values our economy has been able to produce.

Lonely camps of the sheepherder are vanishing from the crimson horizons of the Southwest and he has given the once-lonely prairies to the noisy children of progress. Half a dozen states quarreled for the privilege of erecting a monument to the cowboy, while his lowly counterpart in the conquest of the West rolls his blanket and steps into the twilight of oblivion. The cowboy was press-ganged into glory, through song, in writing, the movies and now, television. The sheepherder on the other hand, has lost his slim estate of distinction. Days of solitude and meditation are behind him; days with the winds singing in distant skies, and nights when the stars echoed prayers for a meager destiny. The hills remain eternal, his monument.

God has title to the possessions that are in my name, but I have authority as temporary administrator, to use them as my own.

State Health Department Sets Rules For Disposal Of All Animal Carcasses

Residents are reminded by the City Council, to observe

State Health Department regulations concerning the dumping of dead animals at the Matador dump grounds.

Rites Held For Minister L. E. O'Neal

Funeral services for L. E. O'Neal, 66, of Roaring Springs and Lubbock were held at 3:00 p.m. Sunday, January 18, at the Roaring Springs Church of Christ. Officiating was Loyd Hall, Minister of the Church of Christ, Crosbyton and Dr. Hugh Rhodes of Lubbock.

Interment was in Roaring Springs Cemetery under the direction of Seigler Funeral Home.

Mr. O'Neal died about 2:30 p.m. Wednesday, January 14, of an apparent heart attack. He was en route to his home from the Red Ball Gin in Roaring Springs when stricken. He was pronounced dead at the scene by Justice of the Peace J. D. Mitchell of Roaring Springs.

Leland E. O'Neal was born August 2, 1909 at Doniphan, Missouri. He was married to the former Wilkey White, May 2, 1930 in Seminole County, Oklahoma. He graduated from East Central State College in Ada, Oklahoma and later received his Masters Degree from Texas Tech University in Lubbock.

Mr. O'Neal served as a missionary in the Philippine Islands from 1946 to 1950, and again from 1953 to 1955. He moved to Lubbock about 14 years ago and taught at Arnett Elementary School. Later, he was Assistant Principal at Southeast Elementary School in Lubbock. Mr. O'Neal had been a Deacon at the Greenlawn Church of Christ, Lubbock, and had served a number of area churches as a supply preacher. He began preaching at the Roaring Springs Church of Christ in 1965, and served that church until his death. He retired from teaching in May, 1975 and bought a farm home near Roaring Springs. They were still in the process of remodeling their farm home, while still maintaining their home at 5427 27th Street in Lubbock.

Survivors include his wife; three sons, Eldon O'Neal and Dr. Kenneth O'Neal, both of Houston, and Tim O'Neal of Mesquite; two daughters, Ann Underwood of Irving, and Lou Ellen Turner of Lubbock; his father, Franklin O'Neal of Doniphan, Missouri; one brother; Harold O'Neal of Santee, Calif.; two sisters, Eula Mae Holman also of Santee, and Margie Long of Sacramento, Calif.; and nine grandchildren.

Mr. O'Neal's sons, sons-in-law and eldest grandson served as pallbearers.

Recently large numbers of wild animal carcasses, particularly coyotes and bobcats, have been dumped at the dump pit. State Health Department regulations prohibit dumping of dead animals in dump pits, unless the pits are covered with dirt each day.

Continued disregard of this regulation will result in the City being forced to lock the dump ground and allow dumping only at certain times during the week, with an employee present to supervise dumping.

This situation is common in most of the area towns, and Matador is fortunate in being allowed to leave its dump grounds open to the public at all times, it was pointed out.

Residents with wild animal bodies are asked not to place these carcasses in the trash barrels, or to dump them into the trash pits at the dump grounds.

STUDIES IN THE GOSPEL OF CHRIST

CONFESSION

God showers His grace on those who believe that Jesus is the Christ and who obey His instructions found in the gospel. Faith without obedience is condemned, James 2:14-20, 1:27. Faith must confess with Peter that Jesus is "... the Christ, the Son of the living God." Ma. 16:16. Faith which will not confess the Christ is fatal.

There is a plain example in the gospel on this point. The people mentioned in this scripture "believed," but would not confess the Christ.

As He spoke these things, many came to believe in Him. Jesus therefore was saying to those Jews who had believed Him, "If you abide in My word, then you are truly disciples of Mine; and you shall know the truth, and the truth shall make you free." John 8: 30-32.

And speaking to the same people, Christ said in verse forty-four,

You are of your father the devil, and you want to do the desires of your father.

Verse thirty above is the beginning of a conversation between Christ and those who came to "believe in Him." Christ spoke seven times and "those Jews who had believed Him" spoke six times. Every time their answer was in opposition to the Son of God. Finally (v. 44) Christ told those same "believers," "You are of your father the devil."

We see from these scriptures that it is possible for one to believe in Christ and still be lost. Another scripture is John 12:42.

The gospel of Christ may be summed up in the words TRUST and OBEY.

Gourds to be used for home decoration should be washed in soapy water and rinsed in clear water to which household disinfectant has been added. The gourds should then be dried in a warm dark room for at least three weeks before applying water wax or white varnish to highlight the beautiful fall colors. REDDY'S REFRIGERATOR SAVINGS TIPS

- ★ Don't open refrigerator door unnecessarily. Plan your trips to the refrigerator while cooking. Make sure the children maintain a closed-door policy.
- ★ Buy the size that fits your needs. An over-large refrigerator or freezer wastes space as well as electricity.
- ★ Clean external coils, fins and motor often and keep them free from dust.
- ★ Defrost your refrigerator and freezer before ice deposit exceeds 1/4 inch. Excess ice causes your refrigerator to work harder.

IN APPRECIATION
 I would like to take this means of thanking all my friends, neighbors and loved ones for the beautiful flowers and cards, the delicious foods, visits and phone calls, and especially your prayers during my recent illness. I want to thank all the preachers who came to see me and had prayer with me while I was in the hospital. It meant so much to me. We all know that prayer changes things. I pray God's blessings on each of you.
 Lucille Whitaker (1)

CARD OF THANKS
 We are deeply grateful to those who shared our days of watchful waiting and hours of grief during the illness and at the passing of our loved one, and for your many kindnesses expressed in so many thoughtful ways. The cards, words of condolence, floral offerings, and food prepared for us were deeply appreciated. May God bless each of you who remembered us in any way.
 The Family of Mrs. J. M. Birchfield (1)

OUR THANKS
 We wish to extend special thanks to Gordon Russell, Dr. Wilson and the nurses at Hi-Plains Hospital in Hale Center for the excellent care and kindness to our mother during her time spent in the hospital and in the nursing care unit. Your concern for her welfare made our grief easier to bear.
 Mr. and Mrs. Robert Birchfield, Mr. and Mrs. W. K. (Rusty) Birchfield and Mrs. Etta Marie Doty.

TEXAS TALK

Cotton competition continues to develop new markets as evidenced by two recent happenings. One has been the successful development of flame-retardant cottons as highlighted last year when New York City Fire Commissioner John T. O'Hagan announced that all New York firemen will start wearing "Fire Stop" uniforms (100% cotton). That decision came after nearly a year of testing the cotton material against synthetic products. Second development involves current research at the Southern Regional Research Lab in New Orleans where scientists have produced glass from cotton. Cotton glass has a good chance for extensive use since it has the unique ability to bond together other glasses of different composition. Although product possibilities include nearly everything made from glass, most immediate use will probably be scientific glassware.
