PRICE TEN CENTS

TRAIL DUST

By DOUGLAS MEADOR

Politics have made many changes since I cast my first vote, especially the influence of the distaff ballot. If I had any political ambition, I am brought to the frustrating realization, that with my countenance, I wouldn't have a chance.

★★
A friend tells of an incident in the early '20's where a rancher was hauling a small jag of lumber in his wagon. Another rancher asked him if he was going to remodel his house, and he replied in the negative. He said the lumber was slats to nail over cracks in the wall to keep the wind from blowing the lamp out.

★★
Mistakes are seldom the fruit of ignorance but from the blighted blooms of carelessness. When we repeat them the result is from the pollen of stupidity.

★★
Any versatile person can construct a fairly adequate excuse for a breach of conduct. To be effective, however, it must be so convincing that the author believes it after it has been told several times.

★★
Most of us could stay out of a financial strain if we could eliminate the items we do not need from our purchases. Merchandising, however, has reached such a high degree that we feel underprivileged if we don't obtain everything that is offered for sale.

★★
Untruths have a revolting tendency of returning at embarrassing moments when it is impossible to kick them under the rug.

★★
Water is not only an economical beverage, but it has gained wide popularity without any promotion. Its future at present, is uncertain, unless a limited amount of pollution will be tolerated.

★★
Courage is not always compatible with common sense.

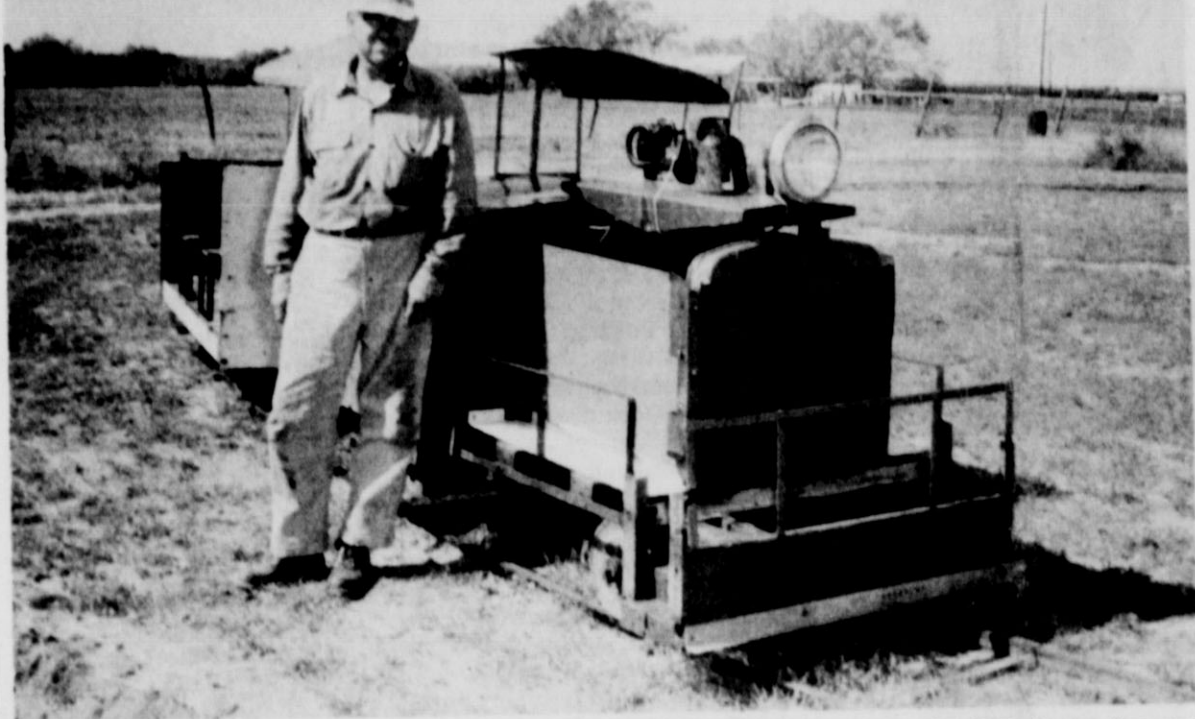

'Gospel Notes' Will Sing Here

"THE GOSPEL Notes," young musical trio from Amarillo, will be here Sunday, October 17, when the Motley County Singing Convention meets in the American Legion Building. Several good quartets will also be here according to W. L. Craft, President of the pioneer organization.

FIRST STATE BANK TO OBSERVE HOLIDAY

First State Bank will observe Monday, October 11 as Columbus Day and will remain closed for a week end holiday, officials announced this week. The traditional Columbus Day of October 12 and Veterans Day of November 11 were changed several years ago by Congress and the Texas Legislature to the second and fourth Mondays in October. 1971 will be the first year, however, in which these new Monday public holidays will be observed.

Both dates were declared mandatory bank holidays by the Texas Legislature so that Texas laws would conform with the laws of the federal government and a majority of the other states, according to Oscar Lindemann of Dallas, President of the Texas Bankers Association.

Dream Invested In Small Railroad Here

THE MILLICAN CENTRAL, hopeless muscular dystrophy case. She can not get out of her wheel chair, except when her husband lifts her. Millican started building the railroad in South Texas as a means to augment the meager \$93 welfare check which his wife receives. He moved to Roaring Springs three years ago, and the couple has lived in Matador for the past two years. The holidays came and went last year and they did not receive as much as a Christmas card.

Attack Claims Pioneer Cowboy

A PIONEER West Texas cowboy, Tom Thornton, 82, is dead, the victim of a heart attack early Sunday. He was from the rapidly thinning ranks of pioneer Matador cowboys. He started work for the Matadors in 1907 and had spent more nights sleeping beneath the stars than under a roof. He worked for the Matadors' northern operations in South Dakota and Canada, during World War I, as wagon boss.

He also worked for the Swenson and Pitchfork Ranches. He moved to Matador in 1960, at the death of his brother, the late E. H. (Rang) Thornton.

Funeral services were held at 3 p.m. Tuesday, at the First United Methodist Church, with the pastor, Rev. Douglas Gossett, officiating.

Burial was in East Mound Cemetery, directed by Seigler Funeral Home.

Born in Erath County
Joseph Thomas Thornton was born November 27, 1889 in Erath County, Texas. He moved to Cottle County as a small child and was reared near the Dumont community. He had never married.

He was conveyed by ambulance to Richard's Memorial Hospital, Paducah, after suffering a heart attack Sunday morning, and died there shortly after arrival. He was a member of the Dumont Methodist Church.

He had attained the age of 81 years, 10 months and 6 days at the time of his death on October 3.

Survivors include a half-sister, Mrs. Roy Bradford (Opal) of Roaring Springs; two half-brothers, Walter Newman of Monahans and William Newman of Dallas; and two step-sisters, Mrs. Betty Bailey of Dumont and Mrs. Arah Rogers of Clovis, New Mexico.

Serving as pallbearers were Jinks Wilson, Harold Campbell, Billy G. Drennon, Elbert Seigler, Ed Smith and Boyce Hart.

QUALITY IS TOPS IN FLOMOT SHOW

CHILLY weather at the start of the 8th Annual Quarter Horse Show at Flomot Sunday, affected the spectator attendance, but warmth by noon brought more out to witness the showing of fine animals.

There were 98 who entered events in Youth Activity and 74 in the open show, according to Mrs. C. C. Jones, who serves as secretary of the Flomot Quarter Horse Association.

Results of the show will be published in next week's Tribune.

Judas is Defended in Lions Sermon

JUDAS Iscariot was defended for his betrayal of Jesus Tuesday at the regular luncheon meeting of the Matador Lions Club held in the First United Methodist Church basement.

The speaker was Rev. Tommy Nelson of Memphis who is conducting a revival at the church this week. The program consisted of a graphic sermon by Rev. Nelson. He depicted himself as the betrayer.

"Judas loved Jesus and wanted him to be king," Rev. Nelson said, "he believed that if Jesus was taken prisoner that the people would rise up and overthrow the Romans, whom he despised ... he believed this was the only way Jesus would become king ... he believed that Jesus, through His great powers would destroy the oppression imposed by the Romans ..."

An excellent luncheon was prepared and served by the Methodist Ladies. Boss Lion James Stanley presented several perfect attendance lapel pins, including one to charter Lion member Randall Whitworth for 42 years, without being absent.

Joe Degan manager of the gin, said the 2000 lbs. of cotton produced a 480 pound bale of cotton and 820 pounds of seed. He said the cotton pulled half a bale to the acre.

First bale of Motley County cotton in 1970 was ginned September 21st, and grown by Mr. and Mrs. W. R. Tibson. The first bale of 1969 cotton, grown by Wayland Moore, was ginned November 6.

HEARING SET HERE

A hearing before the Railroad Commission of Texas, originally scheduled in Austin for October 5, to consider a petition by the QA&P Ry. to discontinue the depot at Roaring Springs, has been rescheduled here.

Petitions from Matador and Roaring Springs bearing several hundred names of residents, asked for the change of the hearing.

County Judge Forrest Campbell has granted a request from the Railroad Commission for the use of the District Court room for 10 a.m., Tuesday, November 2.

'Birds' Overfly Matadors, 12-6

Matador Matadors and the Jayton Jaybirds traveled by air on their touchdown trips Friday night in Jayton. The Jaybirds landed in the end zone twice and the Matadors made one successful flight for a 12-6 score.

First quarter, Jayton quarterback Dibrell threw a 40 yard scoring pass to end Parker and then started the second stanza with a 6 yard toss for a 12-0 half-time tally.

The second-half curtain opened with a stunning performance by fullback Smitty Smith when he captured Jayton's kick-off and out-flew the diving Jaybirds to the 8 yard line. Quarterback Bill Barnhill rifled a touchdown pass to end Dwayne "Peanuts" Campbell for Matador's 6 points.

A Jaybird pass interception stopped a Matador fourth quarter mounted yardage threat and a defensive battle silenced the scoreboard movement at 12-6.

Matador had 10 first downs on the ledger while Jayton had 14. Barnhill led the Matador rushing attack. The flying penalty flags kept erasing Matador's gained yardage.

The Matadors have an open date this week. They will greet the Rochester Steers here at Burleson field the following Friday night, October 15 at 8 o'clock.

Legion Installs 1st Woman Member

FIRST WOMAN to have a membership in Fleming Post American Legion was installed here Tuesday evening at the regular supper meeting of the Legion and Auxiliary. She is former WAC 1st Sergeant Mrs. Carl King, Paris born American and the wife of Matador native Carl King.

Mrs. King became the 100th member of the Legion here. She and her husband received membership credentials from Commander Billy Wason. The organization now has 102 members. The retired man and wife military team, who have returned to Matador to make their home, provided the Tuesday evening program.

Carl King spoke first and said he "felt like taking the 5th amendment." He said the 30 years passed too quickly, from the December 1940 at Ft. Worth, in the Army Air Corps, until his discharge.

He traced his career almost around the world, to Puerto Rico with the 36th Pursuit Group where he decided to enter aircraft maintenance. Later it was to North Africa with a detached service group and back home in 1944. He was in Tonapa, Nevada

when the war ended. He took a short break and in 1945 re-enlisted in the Air Force.

He met and married "Sandy" in 1946. They were assigned to the San Francisco Bay area where their two sons, Tom and Bill were born. Later they were sent to Okinawa during the Korean police action. Later King was assigned to SAC, then it was to Canada, and then Montana. Then he was assigned a three-year tour of duty in Germany. Later it was New Mexico for terminal assignment and they selected California.

Colorful Career
Born of a military family in Paris, France, Mrs. King has had a colorful career. Her father, William E. Lucas is a retired Colonel; a brother, William E. Lucas II is a retired Navy Lieutenant Commander, and another brother, Col. A. C. Lucas died in Vietnam in 1970, while serving with the Green Berets, during a third tour of duty there.

After enlisting in the WAC as a French interpreter, Mrs. King was sent to Los Angeles and was selected by Warner Brothers to appear in a war picture. She was assigned to inspect ships of all nations. She boarded a Russian battleship, on which the entire crew and captain were women.

Later, she was given an opportunity to study nursing with overseas training and became an LVN "I have been very happy being an Air Force wife," Mrs. King concluded.

Three Injured By Flash Fire

Three persons were injured here about 10 o'clock Tuesday night in a flash fire that put Dean Osborn, his wife, Brenda and brother, Danny Manley in Richard's Memorial Hospital, Paducah, where they are receiving treatment for burns.

The fire is declared to have resulted after the couple washed clothes in gasoline outside the house and brought them inside. It is believed a pilot light on a water heater may have ignited the fumes. The clothing was thrown into a bath tub and water turned on in an effort to extinguish the flames.

Dean Osborn is described as the most seriously burned. Extent of the burns are not known. The trio was conveyed to Paducah in the Motley County Ambulance.

The house, owned by Mrs. J. P. Neighbors, located on north Main Street was not damaged, except that the bathroom is smoked. The Matador Volunteer Fire Department responded to the alarm.

Fair Lineman Invades Work Field Once Considered Man's Domain

LINEMAN MRS. SHARON ROSWELL

STUTT GART, Ark. (Special) — Another traditional all-male field is echoing to the first light footfalls of the American woman.

This time it's the rugged outdoor job of telephone lineman.

The pioneering female pole-climber is a 24-year-old Arkansan, Sharon Roswell, who has just become a full-fledged member of a line crew for General Telephone Company of the Southwest.

She is the first woman to work as a lineman in any of the more than 30 telephone subsidiaries of General Telephone & Electronics Corporation. She also may be the first female to fill this job category in any telephone company in the United States and probably the world.

"We're confident that Mrs. Roswell will perform the lineman's duties in a fully competent manner," said Del L. Moore, Vice President — Operations for General Telephone of the Southwest, headquartered in San Angelo, Tex. "The work is demanding, and she isn't receiving any preferential treatment. However, she is well trained, physically fit, and very anxious to learn more about our business."

A Foothold on the Future

After working as an operator and a clerk for General Telephone of the Southwest for three years, Sharon recently concluded that the pole-climbing job would be an effective route toward moving up in the business.

"I decided that eventually I'd like to specialize in repairing switchboards and installing tele-

phone systems for businesses," she said. "The lineman's job, which pays more than my clerical one, looked like it would take me a big step toward my goal."

As a member of a line crew working in the Stuttgart area, Sharon climbs poles, lifts heavy objects, and operates construction equipment in all kinds of weather. She spends a substantial portion of her time on the telephone poles — about 20 feet up — stringing lines and doing repair work.

Winning Her 'Spurs'

Like others in her crew, Sharon wears the lineman's traditional badge of office — the steel-spurred "climbers" which she plunges into the wooden poles to step skyward. The climbers, also known as "hooks", are belted to her heavy work boots.

Other essential accessories include sturdy trousers, long-sleeved shirt or jacket, work gloves with wide cuffs, a wide "body belt" for carrying tools, a strong nylon safety strap which she loops around the pole, and a safety helmet which covers her short blonde hair.

"People ask me if I'm a member of the Women's Liberation Movement," she said. "Women's lib had nothing to do with my decision to become a lineman. I just wanted to learn more about the telephone business and advance in the company. I know the work is tough and challenging — but I really believe that women can do just about anything men can."

Sharon, who stands a slender five-foot-eight and weighs 122 pounds was raised on an Arkansas farm where hard work was a regular part of the family's life.
