Dr. Stanley to Close Hospital July 1st

HEALTH, the cause to which Dr. J. S. Stanley has devoted more than 30 years of his life in this community, is forcing him to close Stanley Hospital. A heart ailment, diagnosed recently by a well-known area specialist, has resulted in the decision. Dr. Stanley has been allowed 90 days in which to relieve himself of the burden of the hospital responsibilities and has set July 1 as the date when he will close Stanley Hospital.

TRAIL DUST

By DOUGLAS MEADOR

Truth cannot be enticed to change its purpose as it strikes and destroys the precepts of man.

Color does not make obnoxious television commercials any more palatable; burned beans do not change their taste even concealed beneath a delicate frosting.

Constructive criticism is often beneficial but it is equally often accepted as a rancid cheese made from the milk of human kindness.

These blowing and going jet planes leave so little margin for error as to make me uncomfortable, considering the knowledge that less than perfect humans are at the controls.

Opportunity knocks on many doors that time has nailed up. Think of the tubs of money that could have been made from spray-type hair nets in the old touring car and open roadster days.

A young friend has said that getting married is something like stepping in water over your shoetops.

As you grow older time is the wind in the sky at night, lonely and uncertain but restless and purring. It is the sound of music being absorbed by distance. It is the whimpering of a weary child before sleep.

It is a waste of time, according to a friend in high school, to teach anatomy, when it is so much more pleasant to observe it.

NEW ROYALTY—Queen Jana Jones, daughter of Mr. and Mrs. Ralph Jones of Matador, is receiving the Matador Lions Club's 1966 Queen's crown from retiring Queen Sharlene Berryman, at the conclusion of the Lions show Friday night. Highway Accident Injures Rancher

Area rancher W. E. Burleson was seriously injured early Tuesday morning when his pickup and covered trailer bearing three horses, left US Highway 70 about 1/2 mile east of the Floyd County line. He went to sleep while driving about 1:30 a.m.

The tandem trailer bearing the three horses almost collapsed the pickup truck Sheriff J. D. Spray and Deputy Eddie Russell, who investigated the accident, said Burleson narrowly escaped with his life. Burleson was traveling east when his pickup left the road.

A truck driver and a Negro family traveling west stopped at the accident, where the pickup and tandem trailer struck the borrow ditch. The Negro family had started to Matador with Burleson when they were met by a Seigler ambulance.

Burleson is in Stanley Hospital here with numerous injuries, including a punctured lung. Two of the horses in the trailer were injured, but not seriously, according to Deputy Sheriff Russell.

County Ready To Register Voters

Texas' new voting registration law is in effect until midnight March 17, and proper voter registration forms are available at the office of Sheriff, Tax-Assessor and Collector J. D. Spray. Voters are asked to read the following instructions from the office of Secretary of State.

"Senate Bill No. 1, provides for temporary registration period of 15 days, starting Thursday, March 3 and ending at midnight on Thursday, March 17.

"(1) No one except a person who was subject to payment of the poll tax levied for the year 1965 (i.e., a person who was between 21 and 60 years of age on January 1, 1965, and who was a legal resident of Texas on that date) may register under this section.

"(2) A person subject to the tax who has been issued either a paid poll tax receipt or a 'Poll tax not paid' receipt during the regular registration period which ended on January 31, 1966, need not and should not reregister. If these conditional registration certificates become effective for voting at any election during the current voting year, the holders of a regular poll tax receipt, a non-paid receipt, or an exemption certificate will also be fully registered to vote at the election.

"The Tax Assessor-Collector should continue to issue exemption certificates to persons exempt on the ground of nonage or nonresidence under Article 5.17 of the Election Code, in the same manner as he has done heretofore. The certificate may be issued throughout the year, but must have been obtained at least 30 days before the holders can vote on them."

Savings Bonds Rate Increased

With the increased interest rate to 4.15 per cent on Series E and H United States Savings Bonds, they offer a more attractive investment than ever before, according to John L. Barnhill, Vice-President of the First State Bank here, and chairman of the Motley County Savings Bonds Committee.

"Many of our customers have invested in Savings Bonds for years," Mr. Barnhill said, "and now with the increase in interest rate they are more attractive than ever.

"Much of the stability of this county and area economy is reflected in the government's record of Savings Bonds owned by our customers. It is practical and patriotic to buy and hold US Savings Bonds," he declared.

"Savings Bonds have many advantages," he explained, "the most outstanding being their immediate availability to be turned into cash in case of emergency. They are indestructible and bear an absolute guarantee of principal and interest."

Mr. Barnhill said there has been a steady increase in the amount of Savings Bonds for this county for a number of years. He now expects a greater increase with advance in interest rate.

"As a matter of policy, we usually do not advise customers in making investments," Barnhill said, "but we never hesitate to recommend US Savings Bonds where the customer wants absolute security, a good interest rate and instant availability."

Few will forget the dancing Lions Chorus, Wilburn Meyers, Glen Brotherton, Ervin Willard and Doyle Riddle (other member of the chorus, Joe Burleson, broke his arm and was unable to perform), or R. E. A DREAM COME TRUE—A few weeks ago, infantryman Larry Hoyle, son of Mr. and Mrs. Mike Hoyle of Matador, wrote from Viet Nam, that he wanted two tickets to the Tech-Arkansas basketball game. Tickets were impossible to obtain until the Tech Athletic Department heard of the soldier's request. Two choice seats were made available with the department's consent. He had sold his car before going overseas and he had written his pliments. He had sold his car before going overseas. That was easy since his father is Pontiac dealer in Matador. He is shown above with his date, Tina Phillips, Tech Junior from Levalland, and holds up car keys and ticket stubs to last Friday night's game. Tech came through with the remainder of the dream by defeating the Parkers, 79 to 74. —Engraving courtesy Lubbock Avalanche

Season Statistics Are Satisfactory

Matador boys basketball team coached by Earl Byerley, concluded an impressive season with a 3rd in both the round robin and district tournament. The following statistics are published for the benefit of interested fans.

Charles Meador played 94 quarters of basketball and on 118 field goal attempts hit 197 for 38%. Meador came to the free throw line 99 times and hit 61 for an astounding 61.6%. In addition to averaging 19 points a game, he snatched 61 rebounds and committed only 49 offenses. Meador, a senior and captain, was named to the All-Tournament team at the close of the Silverton Tournament early in the season.

Luis Moore, a junior and co-captain, shot only 181 times from the field but hit 78 field goals for 43.1%. Moore was the big gun at the charity line where he sunk 73 of 137 attempts for 53.3%. He was also big man at the boards as he came down with 207 rebounds and completed 36 steals to lead his team defensively. He averaged 9.5 points a contest and played 94 quarters of the season's 24 games.

Pete Richardson, Matador's all district choice, starred in 62 quarters of 16 games. He produced a 41.8% on field goals by successfully connecting for 124 of his 297 attempts. In only 16 contests he came to the free throw line 91 times and dropped in 50 points for 54.9% accuracy. The swift starter cleared the boards for 145 rebounds, stole the ball 32 times and accumulated 32 fouls. His 18.6 point per game average was beaten only by Meador.

Playing in 92 quarters, Larry Bynum connected for 80 of his 271 field goal attempts. The three-year letterman stood at the line 35 times and poured in 16 points for 45.7%. Averaging 7.3 points a game, Bynum stole the ball 37 times and grabbed 68 rebounds, while fouling only 55 times.

Ronnie Cox, a consistent senior, out-manuevered his opponents and brought down 109 rebounds in 80 quarters of play. He hit a commendable 30.3% on 20 of 66 field goal attempts and 43.6% on 17 of 39 free throws. Cox was charged with only 29 violations during the season.

Statistics comparing the team as a unit with its opponents were also favorable.

Although the Matadors lost 12 of 24 contests, they out-scored

ed season opponents 1358-1305 for a game average of 56.6 as compared with 54.4 for their competitors.

Coincidentally both the locals and their opposition attempted 548 field goals this season.

Matadors beat their opponents at the boards by out-rebounding them 726-712 and as they committed only 327 offenses to 391 for their opponents, they managed to outscore their competitors at the free throw line 262-209.

Girls Top Season Cage Competition
by Karen Elliott

Matador girls basketball team, coached by Willie Myers, placed second in District 10-B with a 9-3 district record and lost only 9 of 28 contests this season.

The girls team outscored its opponents 1228-1004. Leading scorer for the sextet was tri-captain Ruby Storey, who made 462 points for an average of 16.5 points a ballgame. Ruby was also selected for the All-District squad at the close of the district tournament in Turkey, February 17, 18 and 19.

Karol King, a junior and tri-captain, averaged 14 points a contest for a total of 394 tallies this season. Karol is outstanding for her maneuverability under the basket and her hook shot.

A junior and third member of the outstanding trio is Shelley Stevens, who scored 326 points this season. Shelley, who stars on her long shots, was the Red and Black's big gun at the free throw line and averaged 11.6 points a game.

These three girls led the way as Matador outscored its opponents 43.9 points a game to 35.8.

The 1966 defense was composed of three juniors, Frances Martin, Olivia Campbell, and Sharlene Berryman. All three girls lettered again this year for the third time since entering high school.

Local Boys In FFA Observance

In observance of National FFA Week, February 19-26, four boys from the Matador High School chapter of the Future Farmers of America appeared on "Crop and Stock" on KVII television in Amarillo, February 24.

Joey Meador, chapter president, Dick Moss, chapter secretary, Larry Bostick and Mark Hill presented the story of FFA on Wes Sanders' morning program, "Crop and Stock" at 6:30 a. m. Thursday morning.

Bill Moss, chapter sponsor, accompanied the boys to Amarillo.

Girls Capture 2nd In District Tourney

District 10-B cage play terminated Saturday night in Turkey when the Estelina Bearettes cuffed the Matador girls out of first place 52-39, after the locals had taken an awesome 48-39 last-second win over Turkey Friday night.

Sophomore Cherry Rapp bombed the nets for 38 points to spark the Bearettes as they took the tourney championship. Karol King hooked in 17 points to become Matador's top scorer in the contest and raise her year's total to 394 points.

The Matadors fought hard and were never behind more than 6 points and in the third quarter erased the lead completely when Shelley Stevens flipped in 2 and the clock showed 30-30. Karol King immediately dropped in 2 and the home team jumped out front 32-30. Estelina sunk a free throw and a field goal to regain a shaky 32-33 advantage before Miss King snatched a 34-33 lead for her team on a lay up.

Cherry undoubtedly one for the districts finest players, rose to meet the challenge and hit from all over the court until the Bearettes again clutched a safe lead. Miss Rapp is primarily responsible for converting the 34-35 third period advantage into the 39-52 win.

Matadors Upset Turks

Matador advanced to the championship battle by subduing Turkey 48-39 in semi-final action.

The fired up Turkey six scored twice at the free throw line in the first seconds but never managed to produce over a 7 point advantage at any time in the game.

The locals lagged behind for 30 of the 32 minutes of play and tied up the game only twice, at 22-22 and 33-33, before the final rally. With only two minutes left on the clock Ruby Storey tied up the ball game 37-37. She pumped in another 7 straight points and Karol King poured in 3 before Turkey's Karen Arnold held on to the ball long enough to toss in her team's final 2. Shelley Stevens stepped to the free throw line twice in the final seconds and popped in 2 of her night's 16 points, to produce the final 48-39 upset.

Try-outs for the junior play were held Tuesday morning at 11 o'clock in the high school auditorium. The class play is **Spooks and Spasms**, a mystery farce by Jay Tobias.

Eleven girls and seven boys tried out for the six female and five male roles, thus making cast selection difficult.

Refreshments of cinnamon rolls, punch and coffee, prepared by the girls and Mrs. A. L. Fair, sponsor, were served to the approximately fifty persons attending.

Kidnapped Girls Enjoy Breakfast

Bright and early Saturday morning, February 19, a large group of sleepy-eyed, bushy-haired girls gathered at the home of Mrs. A. L. Fair for the annual FHA Kidnap Breakfast.

The breakfast is kept a secret each year from all of the FHA members with the exception of a few kidnapers. Then at 6:00 a.m. the kidnapers go out and awaken the rest of the girls, taking them to the home of FHA sponsor, Mrs. Fair.

The forty girls that attended this year feasted on sausage, cinnamon rolls, fruit, and orange juice. Mrs. Maggie Hamilton entertained the girls with several piano selections.

HIGHLIGHTS and SIDELIGHTS

By — Vern Sanford Texas Press Association

AUSTIN — Texans who failed to pay their poll tax have another chance to register for a vote in the 1966 elections. This time it's "for free!"

Registration period extends from March 3 through March 17. Any citizen eligible to vote can sign up with his county tax assessor-collector and his name will be placed on the poll list at no charge.

So reads the "emergency" provision in the new voter registration act just passed by the Legis- lature and signed into law by Gov. John Connally.

Hereafter, free registration will take place from October through January each year.

There is one possible hitch: Atty. Gen. Waggoner Carr fears that names of those who sign up during March won't be

available for local elections al- ready slated on bond issues, local option liquor questions, etc. He asked the three federal judges who banned the poll tax to put off their order until March 26.

Estimates of the number of Texans who will take advantage of the free right to vote vary widely — from 50,000 to 1,000,000. Any figure approaching the latter could make a substantial difference in the outcome of many local and some statewide elections. Indications are that the number of new voters will be nowhere near that high how- ever.

All who paid poll taxes by January 31 will be entitled to vote as usual, without re-regis- tering.

PECOS SULPHUR BOOM

Land Commissioner Jerry Sadler compares reaction to the recent Pecos County sulphur discovery with California's Gold Rush days of 1849.

He said "operators are moving in both day and night at- tempting to locate and file claims on state-owned land — to mine sulphur."

Sadler declined to accept 50 cents an acre per year for sulphur leases when, he stated, leading sulphur operators paid up to \$2,000 an acre bonus for five-year leases in a recent fed- eral sale off the coast of Texas.

State School Land Board re- jected a rash of filings under an 1895 claim law. Board set a sulphur lease sale, along with oil and gas bidding, for May 3.

VISITORS INCREASE

Attendance at 22 vacationland at- tractions increased 13 per cent last year, with total admissions of 30,463,000.

Six Flags over Texas rated as top tourist stop with 1,713,000 visitors, out drawing by 446,000 San Antonio's Alamo, according to Tourist Development Agency.

Biggest percentage gain was marked by Bishop's Palace on Galveston Island. Big Bend National Park reported another big increase, as did the Aquarena at San Marcos, Old Stone Fort of Nacogdoches, Fort Davis National Site and Padre Island.

LOCAL ITEMS

Mr. and Mrs. Albert Daffern and her sister, Mrs. Fred Simp- son spent last Wednesday in Hereford, visiting Robert Daffern in Kings Manor, and with Mrs. Simpson's daughter and family, Mr. and Mrs. Don T. Martin.

Mr. and Mrs. Clifford Schultz of Fort Worth visited during the week end with her aunt, Mrs. A. L. Curry and Mr. Curry.

Rogers' Bill to Curb FCC Power

WASHINGTON, D. C. (Special) — Congressman Walter Rogers re- cently introduced legislation to bar the Federal Communications Commission from exercising any control over the reception of broadcast signals or communica- tions.

Congressman Rogers is chair- man of the Subcommittee on Communications and Power of the House Committee on Inter- state and Foreign Commerce. The subcommittee exercises initial House jurisdiction over broadcast legislation.

The effect of the Rogers bill would be to deny to the Fed- eral Communications Commission authority to control or regulate what is received by anyone own- ing and operating a broadcast reception device, such as a radio or television set.

The Congressman said the bill was being introduced because of recent decisions by the FCC. He pointed out that the FCC "in undertaking an overall regula- tion and control of all commu- nity antenna television sys- tems is also undertaking to ex- pand its jurisdiction to cover the reception of matter broadcast into the airwaves and received by anyone."

Congressman Rogers said, "If this proposed expansion of power is allowed to stand, it would create the possibility of censor- ship. The Communications Act presently prohibits censorship but expressly provides against indecent language and associat- ed matters.

"The legislative history of the

Communications Act evidences the expressed intention of the Congress that the Federal Com- munications Commission has ju- risdiction over the transmission of broadcast signals — not the reception thereof. However, the FCC is wholly disregarding

the legislative history and is seeking to expand its jurisdic- tion without the approval of the Congress of the United States.

"It is absolutely repugnant to the American system of free broadcasting for a Federal agen- cy to exercise any control or

regulation whatsoever over broadcast reception," Congress- man Rogers said.

Congressman Rogers said it is his hope that early hearings can be held on the bill by the Sub- committee on Communications and Power.

barmaid, dancing with Sheriff Roy Hankins.
Then there was the excellent tap-dancing of Shelley Stevens, and the doleful music of "The Coffin Five - a Surprise Combo," composed of Earlene Jameson, Helen Stevens, Marion Woodruff, Pat Seigler and Earl Byerley.

Alone and lonely was Lion Ben Edwards as a none-too-beautiful girl, whose singing did not soothe the reckless cowboy (R. E. Jr.) who shot her "to get her out of her misery." Contributing to this sad scene, were the appearance and outstanding makeup of Indian Chief L. M. Cox and his none-too-bright son Glenn Woodruff.

The chuck wagon scene, including the singing of Vernon Higginbotham, the Spanish dancers La Raspa, (Laverna and Frank Price, Marhelen and Billy Wason, and Vivian and Bundy Campbell), and the chorus of youngsters, (Lou Ann Woodruff, Lance Jameson, Linda Cammack, Hal Martin, Berry Bosick and Nancy Higginbotham), all seemed in natural sequence.

Add Marion Woodruff who "Couldn't Get A Man With A Gun," and for good measure throw in the music of the "Imperials" (Max Barton, Reggie White, Terry Keltz and guest Harvey Case of Turkey), and the singing of "The Sourdough Singers from Matador," (Janie Killingsworth, Patsy Hankins, Judy Gwinn, Gary Campbell and Richard Campbell and their guests, Kathy Kilgore and Jim Adams of Lubbock), and you have a rough idea of a gala night of entertainment.
