Homecoming Sets New Record

TRAIL DUST

By DOUGLAS MEADOR

A very poor excuse for failing is more eloquent than the most literate discourse ever compiled in an attempt to explain why no effort was made.

Pity that warped individual who has yet to discover that love alone can heal the abrasions caused by the passing hour, and that hate pulls off scabs that might have healed without leaving a scar.

Many of us who are unable to manage our own affairs, are more than eager to solve the problems of friends.

This is the time of year when West Texas weather has taught us that if we are going further than the west forty, it would be best to take a jacket.

The winds of circumstance may blow a door shut and forever deny those who have passed through it, the choice of return.

Being poor has another advantage not listed in the catalog of blessings. You are in the same classification as other poor relations.

Education that requires the support of degrees to assert its position, has failed a primary purpose.

Unless you have trapped skunks to sell their pelts for a quarter each, then buried your clothing so the earth could absorb the odor, it is possible you have lived a sheltered life and do not understand the economy of the individual.

It is easy to reach a misunderstanding with someone who does not entertain your confidence.

Those who would determine the extent of great love, might also want to measure the amount of water in the sea.

Danger of Reds Is Stressed at Lions Luncheon

Communism has invaded our government and is destroying the country from within, according to retired Brig. General W. L. Lee, who was principal speaker Tuesday at the regular luncheon meeting of the Matador Lions Club.

Mrs. Lee accompanied her husband and was welcomed as a guest by the club. The speaker was introduced by Lion Pat Seigler, program sponsor Lee who retired as commander of the Amarillo Air Force Base in 1959, after 32 years of military service, is conducting a Red Cross first aid class here.

He cited the growing crime in the United States and the apathy of the Supreme Court. He said communists are gaining control of all branches of the government and that the nation is changed "from a government of laws to a government of men."

Statements of the retired general with reference to political candidates met with adverse reactions by part of the Lions members.

Boys To Be Guests

Boss Lion Ronnie Christian announced that members of the Matador Matadors football team would be guests of the club at a pre-Christmas luncheon, December 17.

He also announced that directors had voted to increase the number of packages of candy to be distributed during the Christmas program sponsored by the club.

Boss Lion Christian also announced that December 3 will be Matador Community Chest Day, with the concentrated drive for funds to be conducted in a single day.

Nation and County Vote Republican While State Gives Demos Majority

REPUBLICAN RICHARD M. NIXON, Tuesday, was nominated by Electoral College votes as the 37th President of the United States. It was one of the most unpredictable elections in history, with voters crossing party lines at will.

Lt. Governor Preston Smith was elected as Texas' next Governor, as was most of the Democratic slate.

MOTLEY COUNTY VOTED Republican 415 (Nixon) to Democrats (Humphrey) 397 in Tuesday's general election. A strong contender for the third place was American Party candidate George Wallace who polled 295 votes in the county. Total vote in Motley County was 1142, believed an all time high in recent years. In 1960 the county voted a majority for Nixon, but in 1964 the county went 2 to 1 Democratic for Johnson (Total vote was 1074).

Big issue in the county's vote was the office of Sheriff, Tax Assessor and Collector. Incumbent J. D. Spray had been nominated in the May 2, Democratic primary, for his second term by 112 votes over challenger former sheriff John Stotts. (Spray received 582 to Stotts 470).

Tuesday, Stotts as a "write-in" candidate received 455 votes to be again defeated by incumbent Spray 584 votes. It was the first time in the memory of veteran voters that a "write-in" in a general election had shown great strength.

Here is how the county voted (un-official) for Humphrey: Matador 202, Whiteflat 13, Flomot 55, Northfield 10, Roaring Springs 81 and absentee 16. Nixon received: Matador 209, Flomot 53, Northfield 10, Roaring Springs 73, Whiteflat 21 and

absentee 49. Wallace's 295 votes were cast as follows: Matador 135, Flomot 23, Northfield 22, Roaring Springs 62, Whiteflat 20 and absentee 33.

Congressman George Mahon (unopposed) received 711 votes, as follows: Matador 367, Whiteflat 32, Flomot 92, Northfield 21, Roaring Springs 130 and absentee 69.

Preston Smith totaled 800, as follows: Matador 430, Whiteflat 39, Flomot 89, Northfield 24, Roaring Springs 164 and absentee 54.

Eggers (R) Matador 104, Whiteflat 13, Flomot 38, Northfield 16, Roaring Springs 44 and absentee 49.

Barnes (D) Matador 430, Whiteflat 37, Flomot 96, Northfield 26, Roaring Springs 169 and absentee 63.

DeCluitt (R) Matador 61, Whiteflat 9, Flomot 24, Northfield 9, Roaring Springs 25 and absentee 25.

Martin (D) Matador 404, Whiteflat 36, Flomot 85, Northfield 21, Roaring Springs 153 and absentee 63.

Wynn (R) Matador 64, Whiteflat 9, Flomot 28, Northfield 9, Roaring Springs 25 and absentee 21.

Matadors Win in 1st Conference Tilt

By Mark Hill and Jimmy Timmons

The Matadors had an early Thanksgiving when they plucked the Turkey Turks at Burleson field Saturday night. Celebrating Homecoming, the Matadors ran past the Turks 21-12. Neither the cold rain nor the fearless Turks could slow the raging Matadors.

Miss Brenda Wason, daughter of Mr. and Mrs. Billy Wason was crowned Football Sweetheart by the Matadors Co-captains Don Cox and Darrel Marshall, during half-time activities. Mrs. Ned Morris of Houston, the former Frances Traweck, was escorted on field by L. B. Campbell, president of the Ex-Students and Teachers Association, and presented as the 1968-69 Homecoming Queen.

The Matadors started the raid to victory when Ronnie Welling bounded across from the one yard line making the first touchdown. Don Cox kicked the extra points making the score 7-0.

The Matadors came on with even more enthusiasm in the second quarter. Cox started things by recovering a Turk fumble. Don Pitts kept things

rolling with a pass completion, and then running 15 yards for the Matadors' next touchdown.

The Turks finally got into the action with a 30 yard run by Russell Barnhill for their first touchdown. Their try for extra points failed when Leslie Jameson dashed in to block the kick.

In the third quarter Robert Elliott got the Matador spirit aflame again with a pass completion, making Matador's third touchdown. The conversion failed.

The Matadors forced the Turks further and further back until they seized a touchback, making the score 21-6.

The last quarter marked a sign of come-back for the Turks when Barnhill squeezed a quarterback-sneak on the one yard line for Turkey's second touchdown. Their try for extra points failed.

With 31 seconds left to play, Robert Elliott intercepted a Turkey pass, but shortage of time prevented the Matadors from reaching paydirt.

The Matadors final home game will be at 7:30 Friday night (tomorrow), when they will meet Nazareth.

Reynold Kunz, organist, presented the wedding music.

Miss Lauren Cullison attended her sister as maid of honor. Bridesmaids were Miss Rosanne Terry, cousin of the bride, Miss Eileen McCorkle, sister of the bridegroom and Miss Marilyn McAfee.

For the traditional "something old," the bride carried a satin covered Bible used in her mother's wedding 26 years ago, with her bridal bouquet of cascading yellow rosebuds, centered with a white orchid. She also wore the other traditional items, "borrowed and blue, and six pence in her shoe."

The maid of honor wore a dress of yellow Alencon lace acetate cotton and the other attendants wore yellow acetate cotton. The floor-length gowns were styled with Empire bodices with bell sleeves, A-line skirts, and a self-bow in front. Their

headpieces were yellow single crowns of lace and pearls with shoulder-length veils of illusion. They carried cascading deep yellow gladioli and English ivy, with the honor attendant's bouquets entwined with longer, pearl streamers.

A reception followed in the church Parish Hall, with arrangements of palms, plumosa ferns and yellow gladioli decorating the scene.

Two tables were used, one for the bride's cake and punch, and the other for the bridegroom's cake and coffee. The tables were covered with white net over white, with yellow trim. Candelabra and other appointments were silver, and floral decorations were the bride's and her attendants' bouquets. A third table held a Memory Candle and an arrangement of plumosa fern and yellow glads.

Serving the guests were Misses Rosanne Terry, Marilyn McAfee, Barbara Hamel, and Patricia Harper. Miss Colleen Buckley presided at the bride's register.

When the couple left for a week end honeymoon, the bride wore a 3-piece suit of ivory knit, with brown patent accessories, and the orchid from her bouquet. They are at home at 5911 Bissonet, Apt. 82.

The fourth quarter the Mavericks came alive as Larry Watkins rambled 50 yards for the score. He also ran extras. Hal Martin came back and went 8 yards. He also ran extras. Pepper Nichols went around end and went 15 yards for the score. Hal Martin ran extras. Smith of Paducah rambled 60 yards for the final Paducah score, and the extras failed again.

The final score of the Mavericks came as Berry Bostick eased in from 5 yards and Hal Martin ran the extras.

SENIORS HEAR COUNTY AGENT

Bill Pallmeyer, Motley County Agent, spoke to the senior government class, October 17, on the advantages of an education. Mr. Pallmeyer asked the question, "What's ahead of you?" He pointed out that seniors had to either enter college, trade school, or else call it quits after they receive their high school diplomas.

After these questions, he presented the amount of money that the average high school drop-out makes in a lifetime, \$212,000. A person with just a high school education makes \$247,000, whereas a person with one year of college earns \$258,000. The amount earned with four years of college is almost double that of just a high school diploma.

Mr. Pallmeyer then explained that there is a way for everybody to attend college if he wishes to by the help of loans, grants, and scholarships.

Well, What Do You Know? fun, games and knowledge

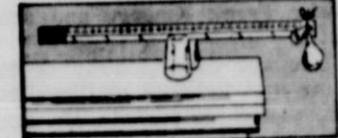

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

What makes popcorn pop?

Popcorn is different from other kinds of corn, and it's that difference that makes it pop. Popcorn has a hard, tough, waterproof covering. So when popcorn is heated, the natural moisture inside the kernels can't escape. When it's heated enough, though, the moisture turns to steam and the kernels explode.

Does air have weight?

It does, and I'll tell you how you can prove it to yourself and your friends with a simple and interesting experiment. Hammer a long thin nail through the mid-point (the 18-inch mark) of a yardstick. Balance the yardstick by placing each end of

the nail on a tall drinking glass, as shown in the picture. Attach an empty balloon with a rubber band

(For a free booklet, "The Magic Carpet", illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10779.)

to one end of the yardstick. On the other end, to make a perfect balance, tape a dime or penny or attach a paper clip. Now take the balloon off and blow it up. When you attach it again, full of air, you'll see that end of the yardstick dip down. That's because the air inside the balloon has weight and makes it heavier.

Do you know why the engine is usually in the front of a car?

When cars were first invented, the inventors put the engine up front where the horse used to be. But there are other reasons, too. When the engine is up front the rush of air through the radiator grill keeps it nice and cool. And it's much easier to link the controls between the dashboard and the engine.

Do you know how the Amazon River got its name?

A lot of people think a large lady is called an "Amazon" because the Amazon River is big. Not true. It's the other way around!

A Spanish explorer named Francisco de Orellana discovered the South American river in 1541, and one day his party was attacked by a tribe of fierce women. Orellana thought they must surely be descendants of a race of women warriors in Greek legend called the Amazons, who lived in Asia Minor, ruled their own country, and had their own army. So he named the river after them.

TAX MAN SAM SEZ:

TOPIC: Tax Records

Paying taxes is a part of our way of life. Most folks say it is a part that they don't particularly like, but since the things they require from their government cost, it is reasonable to expect to pay taxes a few more times before we find the perfect method.

The amount of taxes that you pay often depends upon the kind of records you keep. There may be a few CPA's and other professional record-keepers who really love to keep records, but the average taxpayer doesn't. This costs him!

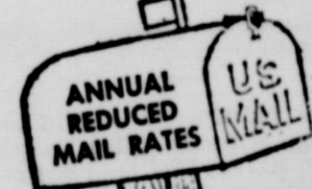

Most folks working in the tax business join the Internal Revenue in advising you to keep good records. Maybe we should take the trouble. The sweat and frustration might be worthwhile.

MRS. RAY CLARK MCCORKLE (Karen Marie Cullison)

Recent Marriage Announced Here Of Karen Cullison, Ray McCorkle

The recent marriage of Miss Karen Marie Cullison, daughter of Mr. and Mrs. Earnest E. Cullison and Ray Clark McCorkle, son of Mr. and Mrs. William C. McCorkle, all of Houston is announced here by the bride's parents. Mrs. Cullison was reared in Matador and will be remembered here as the former Mavinee Russell.

The couple exchanged vows in a double ring ceremony read at 8 p.m. Saturday, September 21 in the Ascension Lutheran Church, Houston. Officiating was the Rev. Wayne A. Dittloff, pastor.

The church altar formed an arch, with palms, plumosa fern, white tapered candelabra and baskets of white gladioli, stock and asters on either side.

Reynold Kunz, organist, presented the wedding music.

Miss Lauren Cullison attended her sister as maid of honor. Bridesmaids were Miss Rosanne Terry, cousin of the bride, Miss Eileen McCorkle, sister of the bridegroom and Miss Marilyn McAfee.

William C. McCorkle attended his son as best man. Groomsmen were Earnie Cullison, brother of the bride, Robert McCorkle, brother of the bridegroom and William M. Lawhon. Ushers were Joe Keathley and Maurice Keathley Jr.

James Cullison, brother of the bride, served as candlelighter.

Given in marriage by her father, the bride wore a gown of Chantilly lace over bouquet taffeta, fashioned with fitted bodice and Sabrina neckline highlighted with pearls and sequins, with the full, tiered skirt sweeping into a chapel-length train. The long sleeves were tapered to petal points at the hand and her tiered silk illusion veil fell from a matching lace double crown enhanced with pearls.

Carries Mother's Bible

For the traditional "something old," the bride carried a satin covered Bible used in her mother's wedding 26 years ago, with her bridal bouquet of cascading yellow rosebuds, centered with a white orchid. She also wore the other traditional items, "borrowed and blue, and six pence in her shoe."

The maid of honor wore a dress of yellow Alencon lace and acetate cotton and the other attendants wore yellow acetate cotton. The floor-length gowns were styled with Empire bodices, with bell sleeves, A-line skirts, and a self-bow in front. Their

headpieces were yellow single crowns of lace and pearls with shoulder-length veils of illusion. They carried cascading deep yellow gladioli and English ivy, with the honor attendant's bouquet entwined with longer, pearl streamers.

A reception followed in the church Parish Hall, with arrangements of palms, plumosa ferns and yellow gladioli decorating the scene.

Two tables were used, one for the bride's cake and punch, and the other for the bridegroom's cake and coffee. The tables were covered with white net over white, with yellow trim. Candelabra and other appointments were silver, and floral decorations were the bride's and her attendants' bouquets. A third table held a Memory Candle and an arrangement of plumosa fern and yellow glads.

Serving the guests were Misses Rosanne Terry, Marilyn McAfee, Barbara Hamel, and Patricia Harper. Miss Colleen Buckley presided at the bride's register.

When the couple left for a week end honeymoon, the bride wore a 3-piece suit of ivory knit, with brown patent accessories, and the orchid from her bouquet. They are at home at 5911 Bissonet, Apt. 82.

Mrs. McCorkle is a 1968 June graduate of Jesse H. Jones High School, where she was active in the Golden Bell choir, drill squad, and feature editor of the school's publication, Gauntlet. Her husband graduated from Bellaire High School in 1965. He attended Texas Tech and is presently attending the University of Houston, where he is a member of Delta Sigma Phi and working on a business major degree.

The bride was feted at a miscellaneous shower with Miss Brenda Brown as hostess. Parents of the bridegroom were hosts at the wedding rehearsal dinner held Friday, Sept. 20, at Kaphan's.

Out of town guests attending the wedding were Mrs. L. A. Miles, Austin; Mrs. Audrey Russell of McKinney, grandmother of the bride; her brother, Earnie Cullison of the U.S. Navy, Long Beach, Calif.; and Mr. and Mrs. Charles Richardson of Richmond, Texas.

Mavericks Lose to Paducah Lizards

By Ronnie Welling

The Matador Mavericks met a strong Paducah eleven on Oct. 24 at Paducah, and went down 46 to 32.

The first half was all Paducah. Wright went 50 yards for a touchdown, but the extra points failed. Wright came back and went 15 yards for another touchdown. Jones ran the extra points. Paducah recovered its own

fumble in the end zone for a touchdown, and Wright ran the extras. The score was 22 to 0 at halftime.

In the third quarter, it still looked bad for the Mavericks, as Seigler intercepted a pass by Berry Bostick which he ran 40 yards for a score. Jones scored twice on runs of 10 and 5 yards. Extras failed both times.

The fourth quarter the Mavericks came alive as Larry Watkins rambled 50 yards for the score. He also ran extras. Hal Martin came back and went 8 yards. He also ran extras. Pepper Nichols went around end and went 15 yards for the score. Hal Martin ran extras. Smith of Paducah rambled 60 yards for the final Paducah score, and the extras failed again.

The final score of the Mavericks came as Berry Bostick eased in from 5 yards and Hal Martin ran the extras.

SENIORS HEAR COUNTY AGENT

Bill Pallmeyer, Motley County Agent, spoke to the senior government class, October 17, on the advantages of an education.

Mr. Pallmeyer asked the question, "What's ahead of you?" He pointed out that seniors had to either enter college, trade school, or else call it quits after they receive their high school diplomas.

After these questions, he presented the amount of money that the average high school drop-out makes in a lifetime, \$212,000. A person with just a high school education makes \$247,000, whereas a person with one year of college earns \$258,000. The amount earned with four years of college is almost double that of just a high school diploma.

Mr. Pallmeyer then explained that there is a way for everybody to attend college if he wishes to by the help of loans, grants, and scholarships.

to one end of the yardstick. On the other end, to make a perfect balance, tape a dime or penny or attach a paper clip. Now take the balloon off and blow it up. When you attach it again, full of air, you'll see that end of the yardstick dip down. That's because the air inside the balloon has weight and makes it heavier.

Do you know why the engine is usually in the front of a car?

TAX MAN SAM SEZ:

TOPIC: Red White and Blue Taxpayers

The Internal Revenue Service doesn't think that small taxpayers are any more patriotic than the big taxpayers. However, the new red, white and blue tax forms will generally go to the smaller taxpayers that do not itemize deductions, prepare schedules or report business or farm income. The forms are printed in blue ink with the red ink emphasizing points that caused the most taxpayers errors last year. Even though the other tax forms will be printed in plain old black and white (instead of colors) IRS still hopes that these taxpayers will be careful and avoid errors. The red, white and blue forms will not be available at IRS offices. Unless you receive yours in the mail, you will just have to use the old black and white form.

"THERE IS GLORY ENOUGH FOR ANY
MAN TO LIVE AND DIE A TEXAN"

Tourist 'Industry' Is Moving to Texas

THE TOURIST "industry" is moving to Texas and is already one of the state's leading resources. Last year tourists spent one and one-half billion dollars in Texas. Tourists paid over \$100 million dollars in taxes in Texas, and except for that added revenue, Texans would now be paying 4% sales tax to support the state government.

Authority for these amazing figures is Frank A. Driskill with the Education Department of the University of Texas, who conducted a three evenings course in public relations here Oct. 21-22 and 23rd.

Mr. Driskill stressed the importance of this great "industry" in communities the size of Matador and pointed out the vast opportunities for towns that provide tourist attractions and conveniences.

He said that Florida receives four times as much tourist money as does Texas because the state goes after the business and is prepared to serve it.

Mr. Driskill concluded the course with the showing of a film, "Texas, Land of Contrast." The excellent show emphasized the great scope and contrasts in the state. County Agent Bill Palmeyer operated the projector.

Mr. Driskill said the average tourist stayed 5 9/10 days in the state and that if he had stayed an extra day he would have spent \$140,000,000 additional money.

Many Attend Course

Mr. Driskill was surprised at the number of people attending the course from a community the size of Matador and credited the diligent work of Bob Stanley in stimulating interest in improving conditions in the community and individual firms.

Firms represented, were: Billy's Grocery; Joe Fair, Odell Meyer, Kelly Meyer and Billy Wason.

Bob Stanley Pharmacy; Mrs. Pete Knight, Mrs. Nelson McMahan, Mrs. Audie Poteet, Mrs. James Price, Morris Price, James Stanley, R. M. Stanley and Mrs. Oscar Stokes.

Matador Motor & Implement Co.: Mike Hoyle and Mrs. Mike Hoyle. Matador Tribune: Mrs. Newton Fletcher. Matador Vari-

ety: Mrs. Clay Hart, Mrs. W. F. Jacobs, Mrs. Curtis Ewell Martin and Mrs. Scott Robbins. Pete Williams Texaco Service: Pete Williams.

Salems Dry Goods: Mrs. C. M. Barton Jr., Ronnie Christian, Mrs. Edna Harp and Mrs. Buford Hobbs.

Seigler Funeral Home: Pat Seigler. Smith's Steak House: Mrs. H. L. Martin. Texas Highway Department: W. T. Harmon. West Texas Utilities Co.: James Price and Fred Welling. From the City Hall: Mrs. Glen Brotherton.

From Roaring Springs: Durham's Saddle Shop: Mr. and Mrs. Alvin Durham. Housewives attending were: Mrs. R. E. Donovan, Mrs. Bill Pipkin and Mrs. Robert Darsey.

Visitors included: Bill Palmeyer, Mr. and Mrs. Ervin Willard, Arvel G. Woosley, Charles Johnson, Mr. and Mrs. J. E. Edwards, O. L. Stokes, Mrs. J. R. Whitworth, Glenn Woodruff and Rev. Larry Heard. From out of town: Clifford Johnson and Jack Hogard, of Hedley.

Refreshments were provided by Billy's Grocery, Matador Motor & Implement Co. and Bob Stanley Pharmacy.

size and investment. In the Rolling Plains the average farm size is 857 acres, and if valued at \$150 per acre, land investment could easily amount to \$128,500. With another \$25,000 in machinery and equipment, a farmer or rancher can easily have an investment of more than \$150,000. In most cases this value represents about twice the investment of 15 years ago.

This large increase in investment is only one reason why farmers and ranchers must consider estate planning. Estate planning is a compromise among (1) minimizing the amount of taxes due after death, (2) distributing the property to designated heirs as desired, and (3) assuring financial security during the remainder of a farmer's lifetime.

The first step in estate planning, regardless of the size of the estate concerned, is to seek counsel from an attorney and other competent advisers. One of the most effective tools of estate planning is the creation of a properly drawn will. The will can assist in the distribution of property as desired as well as take advantage of many estate settlement costs.

Since this is a part of the farm and ranch business that can be put off easily, a majority of farmers and ranchers in the Rolling Plains do not have a will or an estate plan of any type. The development of an estate plan can be one of the most important acts a manager can perform.

Stop and think about your situation. If you should meet with a fatal accident or sickness tomorrow, who would receive your property? Do you keep your business records in an orderly fashion to ease interpretation? How much of a final burden would you leave for your spouse?

Some of the country's outstanding 4-H livestock judges will compete for high prizes during the International Live Stock Exposition held in Chicago the 1st week in December.

They will enter the annual contest sponsored by Armour & Company, with five awards given to the five highest ranking individuals. These are US Savings bonds ranging from \$500 to \$100 at maturity.

Armour was one of the first business firms to contribute funds for expanding 4-H horizons by bringing youngsters to Chicago to tour points of interest and meet business people. The first sponsored tour took place a half century ago, and ever since has been a fitting reward for those participating.

Livestock judging is one of the activities offered in the Motley County 4-H program. To be a winner, it takes a lot of work and practice. Several teams have competed for state honors, but none have ever been a state winner. Work will start in Dec. for those interested in this activity for the current 4-H year.
