

Farley Resigns Cabinet; FD Voices His 'Regrets'

HYDE PARK, Aug. 8 (AP)—President Roosevelt today accepted with "real regret" the resignation of James A. Farley as postmaster general, effective as of Aug. 31—about two weeks after Farley steps out of his post as national chairman of the democratic party.

In the camp of the third term for Roosevelt adherents, Hopkins

and Wallace were in the van of that activity. Wallace emerged from the convention with the vice presidential nomination, and the conference today will give him an opportunity to talk over campaign strategy with the president.

Cotton Yield Estimate Put At 11,429,000

Army Drilling For Campaign In Tropics?

CAMP BREAUREGARD, La., Aug. 8 (AP)—Southern national guardsmen here for war maneuvers are getting some immunization treatment for malaria, a tropical disease, but the army says officially it's only routine.

Questions as to whether tests were being made to determine how best to treat any army called to service in such hot climes as Central and South America drew no comment from officers. Press headquarters said it was "routine and not experimental."

The malaria germ is carried by the mosquito and it was only after that pest was curbed that the United States was able to build the Panama Canal. Many soldiers died of the disease in Cuba during the Spanish-American war.

Over \$6,000 Expended By 52 Candidates

The first skirmish is over, and many candidates are disillusioned over support at the ballot box and the amount of campaign money now gone with the wind.

Final expense accounts filed with County Clerk Lee Porter show that all candidates expended \$6,115.51 for the campaign. Twenty-three of the 52 candidates, however, failed to file their last accounts. It might be noted that the 23 are no longer in politics.

Of this, \$4,136 (plus nearly \$500 estimated to be yet unreported) must be counted as expense for experience since the candidate paying out this amount failed to be elected or make the run-off. The more successful brethren who made the run-off spent \$1,726 and those without opposition paid out \$253.20.

Deadline for filing third and last expense accounts for the first democratic primary was Tuesday.

By officers, reported expenses were:

- County Judge: Walton Morris, \$197.01; Grover Cunningham, \$147.50.
 - Sheriff: Rowan Settles, \$242.50; Jess Slaughter, \$245.50; Bob Wolf, \$214.25.
 - County Attorney: Joe Faucett, \$271.00; George Thomas, \$223.00.
 - District Clerk: C. T. DeVane, \$130.50; Johnny Nail, \$123.41; Dee Pursier, \$157.50; Pat Patterson, \$156.50; H. B. Hutherford, \$131.50; Joe H. Hixson, \$188.12; Hugh Dunagan, \$169.50; John H. Curley, \$178.55.
 - Tax Collector-Assessor: Lee Warren, \$208.98; John Wolcott, \$173.55.
 - County Treasurer: Mrs. Ida Collins, \$84.50.
 - County Clerk: Lee Porter, \$168.70.
 - Commissioner Precinct No. 1: J. L. W. Coleman, \$51.50; Emmett Grantham, \$66.00; Roy Williams, \$93.00; C. T. McQuahey, \$81.20; C. M. Robinson, \$103.80; J. Ed Brown, \$99.50.
 - Commissioner Precinct No. 2: T. C. Thomas, \$72.60; Arch Thompson, \$66.00; H. T. Haie, \$80.80; W. E. Harriott, \$70.00; Pancho Nail, \$74.74; J. M. Moran, \$61.00; E. J. Petty, \$77.00; A. J. Stallings, \$105.95; C. E. McDaniel, \$63.50; Jim Winslow, \$48.75; Denver Yates, \$69.25; Bill Eversett, \$82.50.
 - Commissioner Precinct No. 4: Ed J. Carpenter, \$79.50; C. B. Harland, \$85.40; E. H. Fuqua, \$72.05; C. E. Prather, \$65.00; Glass Glenn, \$66.00; Alvin Simpson, \$100.60.
 - Justice of Peace: Walter Grace, \$65.00; J. W. Jackson, \$74.50; J. S. Nabors, \$93.50; Newt Robinson, \$91.00; L. A. Coffey, \$80.40.
 - Constable: Jim Crenshaw, \$104.00; Harry Dorman, \$78.50; S. M. McKinnon, \$96.00; Carl Mercer, \$94.50.

Tom Estes Winner In Martin County Of 4-H Club Trip

STANTON, Aug. 8 (Sp.)—Tom Estes, son of Mr. and Mrs. L. N. Estes, of the Goldsmith community has been declared the county winner of the district six 4-H club trip this year. Young Estes was selected by the officials of the Stanton Service club, who based their selection on record books submitted by the boys showing the results of their 4-H club work.

The trip, which is being sponsored locally by 18 of the West Texas counties of extension service, district six, is to start at San Angelo on August 17 and last until August 25. It will be an educational tour with stops at the McDonald Observatory, Big Bend Park Area, Sanderson, Uvalde, Brownsville, King ranch, Corpus Christi, Rockport, San Antonio, and Kerrville. Expenses for the trip are being donated equally by the Big Spring Cotton Oil Mill and the Stanton Service club.

County Agent George Bond explained that the trip had been started in this district to supplement similar trips offered by the Santa Fe in counties served by that railroad, and that only one winner could be selected each year.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By DEWITT MACKENZIE

Signor Mussolini has hewed off for himself a considerable piece of Britain's hot and inhospitable Somaliland but, while in theory this may have advanced him toward control of the southern gateway to the Suez Canal, one suspects that he may find it a mixed blessing.

There is more than meets the eye in the seeming complacency of the English as they pursue what they describe as a strategy of "active defense" and give ground to numerically superior invaders. The reasons are several.

For one thing there are no supplies for the Italians in either British Somaliland or in adjoining French Somaliland which they are using as a base. They must depend on what they have in their African possessions, for the Suez Canal—only direct communication with Italy—is closed to them.

Then the fascist forces likely are headed into a bunch of grief with the Somalis. These natives are a hard lot, whom the British finally got in hand after years of warfare but who will fight at the drop of the hat. They are anti-everything that is foreign, and the Italians must expect to have to conquer them before consolidating their gains.

Beyond all this, however, is the vital fact that Il Duce can't get control of the Suez Canal and the eastern Mediterranean without smashing Egypt and ousting the British. He has troops massed on the Libyan border, presumably ready for the assault, but one wonders whether he won't pause before sending his forces out to make their way across more than 400 miles of blazing desert, with every oasis and water-hole heavily guarded by the British.

Or, to get right down to cases, the outcome of this whole African show is likely to be determined, not on the Sahara but on the English Channel. For as Hitler's blitzkrieg against England goes, so will the conflict on the dark continent.

Should the Italians undertake the assault on Egypt, we shall have a campaign that will present the other extreme of the terrible conditions under which the Russo-Finnish war was waged. Then wounded soldiers froze stiff as they fell in the killing temperature of 52 degrees below zero. Now men will be called to fight under a sun which registers maybe 125 and produces a soil temperature of 175 degrees.

It seems almost impossible that men should be able to conduct war under such conditions. Actually, however, acclimatized troops get along first rate, with proper care. The fortunes of Italy in an Egyptian campaign will rest in the hands of one of the greatest desert fighters of all time—Marshall Graziani, conqueror of Cirenaica and Libya. The marshal knows all the tricks of the sands, as he will need to know, for he will be up against British officers who represent generations of training in desert warfare.

Grandstand At Beaumont Is Damaged

By the Associated Press

A tropical hurricane held the season's Texas League record for heavy hitting today.

Roaring out of the Gulf of Mexico late yesterday, it blew down the center field fence and lifted the roof from part of the grandstand at Beaumont's Stuart stadium.

Bob Muncie, league-leading San Antonio pitcher, added the twenty-second scalp to his string as the Missions nosed out Oklahoma City's Indians 7-6.

Shreveport swept a doubleheader with Tulsa 4-1 and 7-0.

Fort Worth's game at Houston was postponed because of the approaching hurricane.

Police Act To Rid Atlantic City Of Undesirables

ATLANTIC CITY, N. J., Aug. 8 (AP)—With the city jail already crowded, police continued to scour the town today for every man they could find with a "known criminal record."

The search was instituted by gun-totin' Mayor Tom Taggart, who told the cops he wanted every "undesirable" chased out of town or put in jail.

Eighty policemen roared applause last night when Taggart promised them that "henceforward nobody shall interfere with any of you in the performance of your duties."

"Investigation," said the mayor, "shows that men with police records have been moving in and out of the city unnoted, and I intend to put a stop to it."

PRISON CAPTAIN DIES FOLLOWING AUTO COLLISION

HOUSTON, Aug. 8 (AP)—Captain A. N. Owen, 58, in charge of the Harlem state prison farm near Sugar Land, died in a hospital here at 6:40 a. m. today, 30 minutes after the automobile in which he was riding alone was in collision with a heavy moving van on the Houston-San Antonio highway.

The collision occurred two miles this side of Missouri City, just inside Harris county.

The driver of the van was uninjured.

ARSENALS GO ON DAY AND NIGHT SCHEDULES

WASHINGTON, Aug. 8 (AP)—Orders went out from the war department today to place six army arsenals on a three-shift, day-and-night operating schedule in order to increase production of guns and ammunition at least 65 per cent.

Officials said the three-shift plan, effective Aug. 10, would make possible the employment of more than 8,000 additional skilled mechanics and possibly 16,000 semi-skilled and unskilled workers.

Six Killed In Las Vegas Explosion

LAS VEGAS, Nev., Aug. 8 (AP)—Six dead were identified today as physicians fought to save the lives of nine other victims of a gasoline explosion which rocked a residential district here.

Five of the dead were the wife and four children of Thomas Myers, gasoline distributor, and the other was a neighbor child.

Myers and two more of his children are among the most critically injured. Only member of the household unhurt was a son, Gay, asleep in a front bedroom some distance from the Myers back yard, where the blast occurred.

Myers said he was pouring gasoline from truck tanks into small containers when suddenly a "solid sheet of flame shot out in four directions." The explosion shook adjoining houses and broke windows half a mile away.

Three Events For Sponsors At Midland

MIDLAND — Cowgirl sponsors representing various towns and cities of Texas and the Southwest at the sixth annual Midland rodeo, Aug. 31, Sept. 1 and 2, will have greater attractions, with possibility of better prizes, than at any time in the history of Midland rodeos. It has been announced by Roy Parks, general chairman. The event this year promises to be the most colorful ever held in the southwest. Invitations were this week mailed to some 75 towns and cities to enter sponsors in the event.

Three distinct contests are open to officially designated sponsors, with attractive prizes being offered in each division. First will be the contest which has been conducted each season, in which the cowgirls will ride their horses around the stakes and will appear at all parades and rodeo programs, to be judged 25 per cent each on appearance of girl, ability to ride, appearance of horse and trappings and ability of horse to be ridden. Grand prizes again will be a handsome \$125 shop-made, full stamped saddle, with four other attractive premiums for other winners.

On Sunday afternoon, middle day of the rodeo, will be a calf roping contest, open only to sponsors, in which the grand prize will be a handsome young dun horse given by Clarence Schabauer from the famous herd of "Schabauer duns." Hoping and tying of the calf will be required.

Final event of the sponsors will be a calf penning contest, open to the five winners of the 1940 regular sponsors' contest and to previous sponsor winners of the Midland rodeo, with the exception of the 1939 calf penning contest winner. Grand prize in this division will be a \$100 covered two-horse Hobbs trailer. Each sponsor entered will be allowed to pen three calves, with a minute and a half allowed for each calf. Pamphlets describing the contest may be secured from the Midland chamber of commerce, sponsors of the cowgirl's contest.

Buick Shapes Plant For Its 1941 Models

FLINT, Mich. — Announcement of the completion of a major expansion and retooling program in preparation for production of 1941 models is made by Harlow H. Curtis, president and general manager of the Buick division of General Motors Corporation.

The executive said that the program involved extensive changes and improvement in plant and equipment in virtually every manufacturing department and will bring productive capacity of the Buick plants up to 1,900 cars a day or 350,000 annually against a capacity during the model run just ended of approximately 1,300 cars a day.

He said that Buick in 1941 will be equipped to meet expanded market requirements for its new cars and at the same time answer any calls made upon it for national defense.

In this connection, Curtis disclosed that Buick engineers have been working to adapt the Buick valve-in-head engine to military uses. At the same time, other armament production was being considered.

He indicated that any arms production would be collateral with Buick passenger car output, declaring it to be industry's duty to maintain normal operations and employment in addition to its share of the preparedness program.

Plants were operated at capacity during the 1940 model season, he said. A total of 283,204 of the 1940 models were produced, a new all-time high for this company by a substantial margin, comparing with 250,114 cars produced in the 1937 model run, the previous high.

Colleges Urged To Abandon Textbooks

BOSTON (UP) — American colleges and universities should abolish textbooks and substitute the study of 100 of the world's greatest books, according to Dr. Mortimer J. Adler, author of "How To Read a Book."

As a model for such a move he suggested St. John's at Annapolis where all the great teachers are dead. There are very few lectures there. The living teachers led the discussions on the great thinkers like Homer, Plato, Galen, Hegel, Marx and Freud.

Adler says that learning requires reading and that one must read the great works to be able to read. He said that he doubted if more than a few students or even teachers—really know how to read a book.

He added that the smaller schools must lead in any change because "the larger ones are so top-heavy with watertight compartments of so-called fields of learning."

Women Called Lazy Mentally In Their Political Chores

PITTSBURGH, (UP)—A woman professor at the University of Pittsburgh believes the average American woman has a lazy attitude toward politics and is inclined to rely on her husband's advice as to how she votes.

Dr. Rosalind L. Branning, one of the few woman instructors in political science, deserted the ranks of her sex to make the charge, but tempered it by asserting that both men and women should make a deeper study of politics.

"Too many women are prone to vote only on the advice of others," Dr. Branning said. "Here in America, where women have a voice in the government, they should take an active interest in politics."

Dr. Branning dispels the impression that politics is a dry subject. Politics can be just as exciting as any other subject, she said. "The idea that it is dull is due to a lack of understanding."

Hardeman Seen As A 'Darkhorse' Candidate For The Speakership

By ALEX LOUIS
Austin Correspondent

AUSTIN—Quietly, backstage of the political arena, the race for speaker of the next house of representatives is shaping up, with a West Texan, an East Texan and a South Texan ready to trot out in front of the spotlight.

Approximately one-half of the membership of the house has been determined by the first democratic primary, and efforts are being made to pledge their support early as possible. The race for speaker will not be under way officially until the opening of the regular session of the legislature in January, but whoever expects to become speaker must do his campaigning with individual members in the next few months.

Homer Leonard of McAllen,

chairman of the powerful house revenue and taxation committee, has been campaigning for the speakership since the last session of the legislature, and for that reason is favored to win. He has pledged a number of representatives to support him and unless other candidates for speaker get busy among the newcomers Leonard will have a walkway.

Up To New Members
The speakership probably will be decided by new members of the house. Only about half of the present house members are likely to return.

Most formidable opponent Leonard will have to face is Rep. G. C. Morris of Greenville, leader of the "immortal 56" who at the last session of the legislature blocked submission of HJR 12, the constitu-

tional sales and natural resources tax amendment. If there is any issue to be raised in the speaker's race, it is the issue of taxation.

While some have blamed the "immortal 56" for the tax deadlock, others hold the legislative leadership responsible for failure to raise revenue for old age pensions and other social security obligations. Leonard, as chairman of the house revenue and taxation committee which voted down all tax bills to clear the way for HJR 12, may have to defend this policy before gaining support of some of the newcomers.

Rep. Dorsey Hardeman of San Angelo, nominated for a second term, is considered as a "darkhorse" candidate for the speakership. Normally, a one-term speaker has little chance for reelection against others with more legislative experience, but Hardeman's record during the last regular session stamped him as a legislator of the highest caliber. Should the race for speaker develop into a serious deadlock between Leonard

and Morris, the West Texan may win wide support as a compromise candidate.

No Empty
Rep. Hardeman voted with the "immortal 56" during the last session, but he did not incur the animosity that others of this group won for themselves. He was the first member of the house constitutional amendments committee to cast a vote against the sales tax amendment, and in the public lands committee he led the fight on the original version of the "vacancy" bill, helping to win for the public school fund a reasonable stake in land vacancies.

The importance of the speaker's position is not to be underestimated. The speaker of the house may bring about success or failure of a legislative session by his actions. The committee he names are a sort of mould for the business of the house. Every piece of proposed legislation must have the approval of one of these committees before it may be brought up before the entire membership.

Hudson Steamboat Era Loses Another Link

KINGSTON, N. Y. (UP)—Another link with the day of the old Hudson river steamboats has been lost with the death of 80-year-old Captain Zavarialk Roosa.

Roosa was said to have once known nearly every Hudson river steamboat sailor between New York and Troy when he captained freight and passenger ships for the old Central Hudson Steamboat company and the Romer and Tremper lines.

New Mexico Seems To Be Most Popular Vacation Spot Today

Our neighboring state, New Mexico, is drawing a large portion of vacationers from Big Spring as the cool mountains filled with lovely "splashing" streams and tall green trees make a pleasant contrast to West Texas. However, New Mexicans seem to like a change, too, for many of them are coming here for their vacations. Favorite pleasure spots in New Mexico are Ruidosa, Cloudercroft, and Las Cruces.

Mr. and Mrs. R. L. Cook are expected to Mr. and Mrs. Wilber Cook of Loving, N. M., today.

Mrs. J. T. Corcoran and daughter, Ethel Elaine, have returned from a vacation in Kansas City, Mo.

Mr. and Mrs. Leon Smith and children Evelyn and Leon, Jr. left Wednesday to join Mr. and Mrs. R. D. Smith of Mineral Wells at Ruidosa for several days vacation.

Mrs. T. A. Underhill and son, Tommy Warren, and her sister, Mrs. W. K. Carter, left Thursday morning for a month's visit in Los Angeles, Glendale and Modesto, Calif.

Madame Green has as guest this week Mrs. J. O. Rollins of Amarillo.

Mr. and Mrs. Lonnie Rhodes of Olney former residents, are visiting friends here.

Mrs. S. E. Ballard of Abilene, who has been the guest of Mr. and Mrs. John A. Coffee, will return to her home today.

Mrs. Lannie Coker and daughter, Landa Carol, are visiting in Athens.

Mr. and Mrs. Sam Tass and son, Sam, Jr., of West are the guests of Mr. and Mrs. J. P. Staggers.

Mrs. A. J. Hilben is visiting her sister, Mrs. Ada House, in Three Rivers, N. M.

Hert Coleman of Waco was the guest of Mr. and Mrs. T. B. Clifton Wednesday.

Mr. and Mrs. W. R. Phillips have returned from a vacation in Las Cruces, N. M.

Mr. and Mrs. Leonard Coker and Mr. and Mrs. I. F. Gilbert returned Wednesday from a trip to Dublin and Fort Worth.

Mr. and Mrs. D. C. Riley of Lubbock have been the guests of Mr. and Mrs. J. B. Collins and Mr. and Mrs. S. E. Smith.

Mrs. James Taylor and daughter, Mary Margaret, of Carlsbad, N. M., are the guests of Mr. and Mrs. D. W. Conley.

Jimmy Conley is visiting his great-aunt, Mrs. G. H. Addis, in Albuquerque, N. M.

Mrs. James Waddell and son Jimmy, Jr., and Mrs. Lee Porter and children are leaving for Cloudercroft, N. M., to vacation until September.

Major and Mrs. Henry Phillips left Wednesday going to Dallas by way of Lubbock. They were accompanied by Mrs. Brantley Malone who will visit relatives in Lubbock. Mrs. Albert Darby and children, Billy and Jane, and Mrs. Ada Gibson of Spur, will leave Saturday for a vacation in El Porvenir, N. M.

Bond Anderson of San Angelo and C. W. Davis of Fort Worth were guests of Mrs. C. W. Davis the first of the week. Mr. and Mrs.

Friendship Class Has Luncheon At Baptist Church

The Friendship class of the First Baptist church met at the church Wednesday for a luncheon and a garden party was discussed. Mrs. Clyde Angel gave the devotional.

Appromattox Site To Be Restored

WASHINGTON (UP)—Land in the area of the old Appromattox court house where Gen. Robert E. Lee surrendered his Confederate army to the Union forces of Gen. Ulysses S. Grant on April 9, 1865, will be reclaimed by the National Park Service this year as a national historical monument.

The 900-acre acquisition includes the headquarters of both Lee and Grant, the sites of the McLean house where the actual surrender took place, Appromattox court house and two other buildings—the county jail and a brick tavern.

The two-story brick house was raised in 1892 by promoters who intended to reassemble it at the Chicago Columbian Exposition in 1893. It is believed that their finances failed and that the materials were moved no farther than the local railroad station.

According to the park service, the Appromattox court house was destroyed by fire in February, 1892, together with all its county records.

The two buildings will be reconstructed from old photographs. Old roads and fences will also be restored.

British Bakers Carry On During Air Bombardment

MANCHESTER, Eng. (UP)—Manchester bakers have decided to carry on their work during air raids pending negotiations with the ministry of labor.

Double pay will be given for work done during a raid, and the ministry is being asked to see that compensation is paid for injuries sustained during a raid.

Oil company office and supervisory workers in Texas are now paid 6 per cent more than in the boom year of 1929, while working hours have been reduced 8.5 per cent.

Economy Plans Being Studied

WASHINGTON, Aug. 8 (AP)—The American republics began formal consideration today of methods to relieve and develop the economy of this hemisphere under the broad program adopted at the Havana conference of foreign ministers.

The inter-American financial and economic committee, composed of representatives of 21 nations, met today for its weekly meeting to study the measures approved at Havana and steps necessary to carry them out.

Sumner Welles, acting secretary of state and committee chairman, said it would canvass the field of existing and prospective economic problems growing out of the European war and the application of proposed remedies.

Heading the list was the mounting surplus of commodities of some Latin American countries to which former European markets have been closed by the war.

Spearhead of the United States attack on this is the administration bill before congress to increase the lending power of the Export-Import Bank by \$600,000,000.

Jesse Jones, federal loan administrator, testifying in support of the bill before the house banking committee yesterday, said the potential benefits of loans to South and Central American countries justified the risk of losses from revolutions or debt denunciations.

Secretary of State Hull called the measure essential to economic defense of the hemisphere.

Maj. Henry Philips Concludes Visit With Brother

Maj. Henry Philips, who has been visiting here with his brother, Shine Philips, left Wednesday evening for Lubbock for a brief stay.

Maj. Philips, who like his brother grew up in Big Spring, retired recently after an assignment at Fort Ontario, N. Y., but was called back to service by the army when the current emergency arose.

After visiting in Lubbock and Lampasas, he will return to Dallas where he has been assigned as an instructor in Baylor Medical college.

His duty with the army has taken him and his family into various parts of the world, and he speaks interestingly of them. Maj. Philips also has a broad grasp of international matters.

Of all things in Big Spring, he was most impressed by the amphitheatre at the city park. He told his brother that he had never seen anything to compare with it, and that the entire park layout was the best he had ever seen in a city anywhere near the size of Big Spring.

Annual Company D Reunion Set For Sunday Afternoon

Annual reunion of Big Spring's own Company D will be held Sunday afternoon in the city park at a time when the international situation is more critical than at any time since the local doughboys were discharged from service following the World war.

Members of the company, most of them located in this general territory, will gather at the park at 2 p. m. for a picnic spread and will relive their rookie days in informal visitation the remainder of the afternoon.

Center of the observance, as usual, will be James T. Brooks, still "captain" to every member of the supply train company. The reunion is held annually the fore part of August.

leans by a 4,000-volt wire while repairing a line atop a 40-foot pole. His safety belt kept him from falling.

Twenty-two persons on fishing parties out of Morgan City, La., were reported safe.

The center of the storm passed inland between Sabine Pass and Port Arthur and winds at the peak registered more than 80 miles an hour.

Twenty men and five women were marooned at Black Bayou near Orange. Telephone lines were down. Cecil Smith, Shell Oil company boat pilot, reported today the marooned residents of the oil camp were safe, but that wind damaged their houses considerably at the peak of the blow.

The United States weather bureau at New Orleans ordered storm warnings down at midnight and said it would issue no further advisories on the storm.

'War Blame' Trial Set In France

RIOM, France, Aug. 8 (AP)—The formal setting for the "war blame" trial, called here "the greatest trial in French history," was laid today in this ancient city where the supreme court of defeated France will sit to determine who and how many led the nation to disaster and what punishment they should suffer.

Inauguration of the nation's new high tribunal, brought into being by the Pétain-Laval government and charged specifically with judging acts and men of previous regimes, will lead at once to exhaustive investigation of factors which involved France in an ill-fated war against Germany.

Today's brief ceremony turns over the tribunal to 62-year-old Pierre Casou who, as president of the supreme court, will have direct charge of the trials.

The war-blame inquiry itself may not get under way for several days. Weeks, and even months, of judicial investigation may ensue before the defendants are officially named and specific charges entered against them.

Rodeo

Continued From Page 1

Ranger and Ballinger also have promised sponsors.

Although there will be no rodeo fair this year, Saturday was set as the day for all to drag out their western duds and wear them as a pre-rodeo stunt.

Thirty-one cars have been lined-up for the rotary trip Friday to Fort Worth, Sterling City, San Angelo, Robert Lee, Bronte, Sweetwater and Colorado City, where Big Spring talent will feature an amateur program at 8 p. m. in Ruddle park.

Darrell Douglass and G. H. Hayward, in charge of the trip, urged others to join by being at 4th and Main streets by 8 a. m. Friday. In addition, those who are unable to make the trip were urged to drive over to Colorado City for the program.

Among those pledging cars were Douglass, Hayward, R. T. Piner, Grover Dunham, V. A. Merrick, Carl Blomsheld, Pat Kenney, Roy Cornelison, C. L. Rowe, Cal Boykin, J. H. Green, Chester Cluck, Shirley Robbins, Jess Slaughter, Ira Driver, J. L. LeBlou, R. T. Cardwell, Pete Howze, Charlie Creighton, J. Y. Robb, Earl Ezzell, Bill Tate, Manley Cook, Ward Hall, L. E. Christian, E. V. Spence, Jake Douglass, R. R. McEwen, J. C. Pickle and Edmund Nosteline.

The Kiwanis club spread the word of the rodeo Wednesday to the country west and south with approximately 40 cars and 40 people. Members of the party reported a good response at all points. Midland men came over after the visit and purchased a block of 200 tickets to the rodeo.

Transfers ran to around 200,000 shares. Brokers virtually were unanimous in assigning the blame for the lengthy market stalemate to the European war. Favorable business items, including dividends and earnings, were without particular influence.

Close Vote In Glasscock Race Leads To A Three-Way Runoff

GARDEN CITY, Aug. 8—There probably won't be any betting odds in this Believe-It-Or-Not democratic primary election to be held in Glasscock county Aug. 24.

It'll be a three-way affair, between candidates who, in the first primary in July, got votes of 129, 128 and 128!

In the contest for county treasurer, Mrs. Edna Allsup headed the ticket. Preliminary count showed Mrs. Jimmie Cook, incumbent, to have 128 and Miss Elva D. Lemmons to have 127. There was a recount, however, that showed the latter two candidates to be in a tie.

Officials here pondered the problem for days, decided this week that the "runoff" would simply be another three-way race.

Red Cross Water Course To Open This Afternoon

At 5 p. m. today at the municipal swimming pool, the local Red Cross chapter will start its annual swimming and life saving course.

Instruction in both swimming and life saving will be free and the public is urged to take advantage of the opportunity of learning how to avoid water accidents.

Swimming courses are open to people of any age and will cover beginners as well as advanced swimmers. Life saving instruction is open to those 12 years old and above.

Walton Morrison, chairman of the life saving committee of the local Red Cross chapter, will be in charge, and instruction will be in the hands of George Thomas, Seth Garrison, Champe Philips and Stanley Mate.

Awards will be made to those completing the course and satisfactory examinations, but many may take the course just for the experience and not submit to examinations.

Several Boy Scouts are planning to take advantage of the opportunity to pass life saving and swimming merit badge requirements. Similarly, other children may take the swimming course in order to learn to swim.

SLOT MACHINES AND DEFENSE TAXES HIKE CASH CIRCULATION

WASHINGTON, Aug. 8 (AP)—Slot machines, the war, defense taxes and better business combined again last month to expand cash in circulation to new record figures.

Other numbers from the Rotary club will be Roy Cornelison, banjo, Darrell Douglass, mandolin, Pat Kenney, violin, and the Rotary orchestra, including the three named, Harold Bottomley, Mrs. Kenney, and Fahrenkamp.

Rounding out the program, which will be directed by Shine Philips, are numbers by the Treas Troubadours (Mexican string band), Wanda Lou Petty and Shirley June Robbins, vocalists, John Hunt, vocalist with own guitar accompaniment, Gerald Anderson reading "The Shooting of Dan McGrew," Charles Sikes in a baton twirling interlude, Mrs. A. A. Holmberg, vocalist and Arnold Marshall, Stanton basson.

GAINARD HONORED

WASHINGTON, Aug. 8 (AP)—Award of the Navy Cross to Captain Joseph A. Gainard for distinguished service as master of the steamship the City of Flint during its seizure and detention by the German navy last spring, was announced today by the navy department.

Coins due to the increasing use of merchandise vending machines and to defense taxes affecting various small purchases recently caused the federal mints to go on a 24-hour production basis. New defense taxes, which have added odd pennies to many selling prices, were the newest influence.

DEFAULT JUDGMENT

Judgment by default was entered in county court Wednesday for the First National Bank in Big Spring against Tony Rego, et al in a suit on a note. Rego, formerly manager of the baseball club in Big Spring, was assessed \$281.80, which included the \$250 original note and interest and attorney fees.

PAYS ROAD FINE

Pete Banks entered a plea of guilty in corporate court Thursday morning to a charge of driving on the wrong side of the road and was fined \$50 by Judge Tracy T. Smith.

Lakes Again Being Used

After a shutdown in pumping for two days due to a faulty joint near the Moss Creek lake pumping station, the city threw its lake water reserves back into a 24-hour schedule Thursday.

It was theorized that a power surge during a thunderstorm which brought rain to this section Monday night caused head pressure in the 14-inch main to force a pipe joint.

Under the 24-hour schedule, around 1,600,000 gallons daily will be delivered to the filtration plant here from the Powell Creek lake.

Rains earlier in the week put only a few inches water in the Moss Creek basin, but the Powell Creek lake, from which the city water has been coming, received two feet. It amounted to about as much as had been taken out of the lake in the first month of pumping.

AAA DISCRIMINATION AGAINST TEXAS ASSAILED BY BANDEEN IN ADDRESS BEFORE GINNERS

ABILENE, Aug. 8. (Sp.)—The West Texas Ginnery Association, holding convention in Abilene Thursday, heard D. A. Bandeenn describe the "disruption and destruction of an economic and social structure for a proud, cultured and thriving people" residing in an area twice as large as pre-war Germany. "I refer not," he said, "to the ruthless and selfish destruction of many nations and empires, but to the disruption and destruction of the agricultural economy of West Texas, Texas and the Southwest."

While endorsing the broad agricultural objectives of the federal government, including crop regulation and control as a basic policy in striving for parity for farm products, the WTCC executive vigorously attacked the regulations under the cotton program in administration. He charged that the allotment formulas set up by the agricultural adjustment administration are grossly unfair to West Texas and to Texas. Regulations applied to the act, he contended, have violated the will and intent of congress until—so far as Texas is concerned—the annual reduction of cotton acreage is approaching 10,000,000 acres; a \$95,000,000 per year planting and harvesting payroll has vanished; and the annual income from cotton has fallen 55 per cent—all within the past decade.

Bad Application
This has come about, Bandeenn said, under laws whose purposes

are good and desirable, but whose application is bad. The practices of inequitable allotments to Texas were started, he said, under the old Bankhead act in 1933, and have been continued under the original and amended Triple-A from 1935 on. He said that under these practices states of the old South have been allowed virtually normal production—in some cases actually exceeding the production of uncontrolled years prior to regulation—while Texas has been cut and cut, until, for 1940, its allotment is 223,500 acres under 1939, by which he said, "this state must bear 47 per cent of the nation's cotton reduction while producing only 31.2 per cent of its cotton."

"Now," said Bandeenn, "What does this all add up to? It adds up to Texas, when judged by a tenfold average production, producing less and less of the nation's cotton, while other states are producing more and more. They say that the New Orleans AAA administrator governs our cotton allotment in accordance with the same rules as applied to the old South. We say the conditions between the old South and the Southwest are wholly different. They have small farm units, we have large. They can fertilize, we cannot. They have normal and consistent moisture which we do not have. For reasons such as the above, and in order to secure an administration conforming with our conditions, we think it would be helpful to have a separate administrator of the AAA for the Southwest. In this way we might secure administration conforming more to our conditions, and when nature penalizes us with a couple of dry years and low yields, we might be able to prevent the bureaucrats from again penalizing us with reduced cotton allotments."

"All that Texas and West Texas seek," said Bandeenn in conclusion, "is an allotment plan that will make our losses and benefits, whatever they be, proportionate with the other fellows, and that will put an end to the shifting of cotton production from the low cost production states to the high cost production states. We ask all ginner, farmers, ranchers, oil men, merchants and bankers to join with the West Texas chamber of commerce, whose policies I have enunciated, in demanding a cotton allotment plan which, in balance of cotton, will result in Texas producing its fair share of the national quota."

MY FAVORITE RECIPE—

Devils Food Cake Is Specialty In The Prichard Family

The first thing "the children" ask for when they come back home is for the pecan cake. Mrs. J. I. Prichard believes that her children come home just to get some of the cake.

The cake, a devil's food, is made with Mocha filling, and she always covers the top with halved pecans. The recipe follows:

Devils Food Cake with Mocha Filling

1 cup sugar
3-4 cup cocoa
1-2 cup sweetmilk
1 teaspoon vanilla
Mix sugar and cocoa, add milk and flavoring, place in sauce pan and let come to a boil. Set aside to cool.

1 cup sugar

1 cup butter
4 eggs
3 cups flour
1 cup milk
Baking powder (3 tps)
Salt

Cream sugar and butter, add the yolks of the eggs. Stir in milk and flour to which baking powder has been added. Add the contents of the sauce pan to dough. Fold in the stiffly beaten egg whites.

Mocha Filling
2 cups powdered sugar, 1-2 cup butter, 1-2 cup strong cold coffee, 1-2 teaspoon vanilla. Cream butter, add coffee, sugar and flavoring.

Cover top of cake with halved pecans, and fill inside layers with pecan meats.

Miner, 75, Still Works; 65 Years Spent In Pits

OLYPHANT, Pa. (UP)—Hugh J. Lynch, thinks he is the oldest active miner in point of service in the United States. The 75-year-old anthracite worker has been employed at mines for the past 65 years.

Lynch was born in Ayrshire, Scotland, and began working in a mine at the age of 10. He mined coal there until 1888 when he migrated to America.

He has dug coal in Iowa, Illinois, Alabama and Indiana, and worked at a salt mine at Kanawha, Kan. He is now employed as a stone mason at the Glass Island Shaft of the Hudson Coal Company.

Oil wells in West Central Texas average only two barrels daily per well.

To Open Bids Saturday On P. O. Project

Bids for altering and improving the federal postoffice basement at Big Spring will be opened in Washington Saturday morning. Postmaster Nat Shick said here Thursday.

Plans and specifications call for altering the basement space to provide more than a half a dozen of office quarters for federal agencies operating in Big Spring.

Half of the basement area was roughed in when the building was constructed. However, window spaces were poured separately when foundations were laid, so that the alteration program may be accomplished with minimum difficulty.

Entrance to the basement will be by stairway on the north side of the structure. Cost of the work will be approximately \$12,000. Initial bids were thrown out several months ago due to excessive over estimates and to discrepancies in specifications.

ARGENTINA SIGNS—Another signatory to a document drawn by 21 American republics to protect foreign possessions in the western hemisphere from aggression was Dr. Leopoldo Melo (above), who headed the Argentine delegation at Havana. The conference lasted 11 days. Dr. Melo is expected to come to Washington, D. C., for an official visit with President Roosevelt.

Beach Sands Of Florida May Yield Valuable Metal

TAMPA, Fla. (UP)—A prosaic future may be in store for the shores of Florida. The bathing beauties may give way to mine shafts and smelting plants. The glistening sands may be broken to

tiny pieces and washed out to sea—and all for a few minerals.

Prof. W. B. Phelps is the man to blame for the possible change in the state of things. For more than a year he has been studying the sands of the Sunshine State, and has discovered that they contain appreciable quantities of four valuable minerals—silicon, titanium, rutile and monazite—all rare and all useful in our present-day industries.

Present strength of the National Guard is about 742,000.

Through Error, Town Sells Its City Park

ADA, Okla. (UP)—Walter Brooks didn't buy the Empire State Building or the Brooklyn bridge, but he might have just as well, because he won't get to keep the 10 acres of city park that he bought near Roff either.

Brooks wanted 10 acres of ground near Roff and chose the property from a tax resale list. After bidding for the 10 acres, he went to the location of the property and found that he had bought Roff's city park.

Through a mistake that hasn't been accounted for yet, the park property had been listed on the tax rolls.

So Brooks will get his money back and Roff will keep its park.

One Strip In County Still Needing Rain

Hopeful that the coastal storm which struck inland near Port Arthur yesterday would bring rain into this section, farmers and ranchers cast an appraising eye over prospects Friday and found them generally good.

Although most of the county got heavy rain Monday night, there is a dry strip extending from the old Highway community through Fairview, up to just west of Luther and dipping southeast to Morgan and northern R-Bar. This unfavorable section received from a quarter to three-quarters of an inch. Elsewhere, however, moisture was highly beneficial.

With the only appreciable worm infestation of the year just now reported, County Agent O. P. Griffin anticipated only one bad cycle of damage. The current flurry is comparatively minute. The next generation, which may rag the tops a bit, is due around Aug. 22 and the one serious cycle of infestation was predicted between Sept. 20-25.

There is a possibility, judging from slight worm damage to the south and east, that natural control may handle the insect problem here this season. Thus, farmers may escape with the lightest poison bills in several seasons.

Negro Identified As Attacker Of Temple Woman

HOUSTON, Aug. 8 (UP)—A 27-year-old negro, arrested merely as a "suspicious character," was identified a few minutes later at the police station as the man who attacked a 24-year-old Temple Terrace housewife.

The woman left the rear door of the home unlocked so her husband, who worked until 2 a. m., could get in. Shortly before that hour she was awakened by a noise and, thinking her husband had returned, called out.

"At that, a large negro stepped to the side of the bed and grabbed her throat."

"He choked me, then warned me to make no noise," said the woman. The negro attacked her, she told Lieut. L. D. Hooker of the homicide squad, then took \$26 from a purse on a dresser and left the house by the rear door.

The woman's 5-year-old daughter, sleeping in an adjoining room was not awakened.

About 2:25 a. m. cruising Patrolmen L. F. Trilico and P. H. Kelly saw the negro and arrested him for investigation.

Shortly after the negro had been booked at the station the woman appeared to report the attack and robbery. The suspect was brought into the room and she identified him as her assailant.

The negro denied having been in the woman's home.

Landlubbers As Well As Sailors Will Enjoy A Nautical Tea Party

When the mercury stands at torrid, there's nothing more refreshing than iced tea punch and a toothsome bit of cake. Both sailors and landlubbers will be enthusiastic if you bake Commodore Cake, a tasty version of Madeira cake that Sir Thomas Lipton, the famous yachting leader, used to serve his yachting guests. It's a delicacy his mother used to bake in Edinburgh, long before he became a famous tea merchant. Years later when Sir Thomas was one of the world's most celebrated sailors, he took his mother's recipes with him on his world travels and instructed his chefs to follow them exactly.

Tea is the base of a variety of cooling summer drinks. Rinse earthenware or china tea pot with hot water. Use four level teaspoons (or 2 heaping teaspoons) of orange pekoe or pekoe tea to each cup of freshly boiling water. Pour fresh furiously boiling water over tea leaves. Cover pot and steep five minutes. Strain the tea infusion of tea leaves and use as a recipe directs.

Nautical Punch
1 1/2 cups strong tea
1/2 cup simple syrup
1/3 cup lemon juice
2 cups orange juice
Rum or rum flavor
Gingerale ice cubes
Combine tea, simple syrup, fruit juices and rum to taste (about 4 tablespoons). Serve in tall glasses over gingerale frozen into cubes; (use crushed ice if frozen cubes not available). Garnish with a sprig of mint. Serves about 5.

To make simple syrup, mix sugar and water in the proportion of 1 cup of sugar to 1 cup of water. Bring to boil and boil 10 minutes. Pour into a jar, cover tightly, and

Japs Said Speeding Preparations For New Campaign

SHANGHAI, Aug. 8 (UP)—Trustworthy foreign sources said today the Japanese army and navy is speeding preparations for further moves southward, in the direction of French Indo-China and the Dutch East Indies.

A lightning Japanese thrust, these informants predicted, would be timed to coincide with any attempt by Adolf Hitler to start his long-threatened invasion of England.

In the event Hitler failed to move, it was believed Japan would proceed cautiously but inevitably toward further extension of her influence.

At the moment the immediate point of pressure is French Indo-China.

(Reports from Hanoi, French

Indo-China today said the return of General Isamu Hishibara, head of a Japanese economic mission, from Tokyo conferences was taken on to indicate Japan would be content at present to pursue her aims through "persuasion."

What the Japanese want most now is the right to transport troops and supplies over the French Indo-China railway into Yunnan province for a drive against Chinese-held Kuming, key city of southwest China.

In the event of resistance, Japan was said to be ready to attack. This almost certainly would extend the Chinese-Japanese war to French Indo-China, since the Chungking government of Chiang Kai-shek has announced it would send troops there to battle any Japanese invasion.

Sermon On Paul's Gospel Heard By Capacity Crowd

A capacity audience last night heard Evangelist A. Hugh Clark speak on "The Gospel Which Was Preached By Paul." Mr. Clark is now engaged in a revival meeting at the Church of Christ, 34th and Main streets. Services are conducted twice daily at 7 a. m. and 8:15 p. m. Last night Mr. Clark said in part:

"Some think that Paul preached a different gospel than that which was preached by Peter, James, John and the other apostles. But there is just one gospel, which reveals just one plan of salvation. Many preachers today are preaching a different gospel, but God does not have different ways of saving people. The gospel of Christ is THE (not 'a' or 'one' or 'some') power of God unto salvation to every one that believeth." (Romans 1:16.) The apostles preached the same gospel because they preached the truth. Every man today that preaches the truth will preach the same gospel that preaches the truth. But who preaches the truth? The man that preaches just the Word of God, without adding to it, or taking away from it, or changing it in any particular.

"Some say that Paul preached a different gospel because he was not one of the original twelve apostles. But Paul was called by the same power by which the other apostles were called.

"Before Jesus died upon the cross He told His apostles that He was going away, and then to them He said, 'I will pray the Father, and He shall give another Comforter, that He may abide with you forever, even the spirit of truth, whom the world cannot receive.' (John 14:16-17.) Again He said to them: 'But the Comforter, which is the Holy Spirit, whom the Father will send in my name, He shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you.' (John 14:26.) And again the Lord said to the apostles: 'Howbeit when He, the Spirit of Truth, is come, He will guide you into all truth.' (John 16:13.) The Comforter, or Holy Spirit, came upon the first Pentecost after the resurrection of Christ, for in Acts 2:1-4, we read these words: 'And when the day of Pentecost was fully come, they were all with one accord in one place. And suddenly there came a sound from Heaven as of a rushing mighty wind, and it filled all the house where they were sitting. And there appeared unto them cloven tongues like as of fire, and it sat upon each of them. And they were all filled with the Holy Spirit, and began to speak with other tongues, as the Spirit gave them utterance.' But Paul was not there," says one, "that is true, but hear Paul as he says: 'Am I not an apostle? am I not free? have I not seen Jesus Christ our Lord? Are not ye my work in the Lord?' (I Corinthians 9:1.) and again: 'For I suppose I was not a whit behind the very chiefest apostles.' (II Corinthians 11:5.) Thus Paul could write these words: 'But I certify you, brethren, that the gospel which was preached of me is not after man. For I neither received it of man, neither was I taught it, but by the revelation of Jesus Christ.' (Galatians 1:11-12.) Thus Paul preached the same gospel that the other apostles preached, because he received it from the same source.

"Have you obeyed the Gospel of it is 'the power of God unto salvation as preached by Paul? Truly it is 'the power of God into salvation to every one that believeth.'"

The public is cordially invited to hear Mr. Clark tonight at 8:15 p. m. on the church lawn.

ASKS SUPPORT AGAINST JAP RESTRICTIONS

TIENTSIN, China, Aug. 8 (UP)—American merchants here, acting through the U. S. chamber of commerce in Tientsin, appealed to the state department today for support against Japanese restrictions on imports from America.

The Tientsin chamber also was understood to be appealing directly to President Roosevelt to protest in Tokyo "these further encroachments on United States trade in North China."

American business men said the restrictions damaged not only the interests of importers of United States merchandise here but also manufacturers and workers in the United States.

Americans Included Among Refugees In French Areas

PARIS (via Berlin), Aug. 6 (Delayed) (UP)—Richard F. Allen, Red Cross official in charge of distributing food and clothing received from the United States on the relief ship McKeesport, estimated today there are about 5,000,000 refugees in the part of France unoccupied by the German forces.

He added that there are between 1,000 to 2,500 Americans in the area.

Allen said three-quarters of the food and clothing received on the McKeesport had been distributed to the departments in the unoccupied territory.

The refugees, Allen said, include 3,500,000 French, 1,000,000 Belgians, and 500,000 Germans, Austrians, Netherlands, Luxembourgers and Spanish. Most of them are living in hotels or homes and very few in camps or barracks.

NO PROMISES SEATTLE, Aug. 8 (UP)—John W. Aiken, Chelsea, Mass., running for president on the socialist labor party ticket, refuses to make campaign promises.

Asked why he doesn't, Aiken said: "That's simple. I know I haven't a chance to be elected."

DRIVER SOUGHT DALLAS, Aug. 8 (UP)—Sheriff's deputies today hunted a hit-and-run driver whose vehicle was responsible for the early morning traffic death of Michael J. Cummings, 37, of Hollywood, Calif., whose body was found at the road about three miles west of Dallas.

Texas has two of the five deepest oil tests ever drilled, one in South Texas going to 13,728 feet and one in West Texas to 12,786 feet. California has the deepest, which went to 15,004 feet.

Bleeding, Black Eyes Helped By New Vitamin

By STEPHEN J. McDONOUGH Associated Press Science Writer WASHINGTON, Aug. 8 (UP)—Some forms of black eyes and bleeding can be treated successfully with the new vitamin known as pantothenic acid.

Writing in the public health reports, Dr. Floyd S. Dast and Dr. W. H. Sebrell of the National Institute of Health and S. H. Babcock, Jr., and T. E. Jukes of the University of California said that the acid, newest fraction of the vitamin B complex yet discovered, is essential to the function of the adrenal, small glands which lie just over the kidneys.

These glands are among the most powerful in the body. They secrete epinephrine and cortin—hormones which maintain blood pressure and muscle tone, stimulate the heart and brain in emotions such as anger and fear, regulate the use of carbohydrates in the body, and control hair growth.

In a study on 48 white rats the four scientists found that even a slight deficiency of the vitamin, measured in millions of a gram, would cause excessive damage to the adrenal glands, nosebleeds and other hemorrhages, "spectacle" or black eye, loss of hair.

Among the animals which were given 100-millionths of a gram of the vitamin every day, however, these symptoms did not occur.

Sept. 8 Is Set Aside As Day Of Prayer

HYDE PARK, N. Y., Aug. 8 (AP) — President Roosevelt has set aside Sunday, September 8, as a day of prayer when Americans of every creed and denomination should ask God "to grant to this land and to the troubled world a righteous, enduring peace."

"When every succeeding day brings and news of suffering and disaster abroad," he said in a proclamation, "we are especially conscious of the divine power," and "it is seemingly that we should pray for God's blessing 'on our country and for the establishment of a just and permanent peace' among all nations."

The proclamation, dated yesterday and made public today at the president's Hudson valley estate, said in part:

"The American heritage of individual freedom and of government deriving its power from the consent of the fathers of our republic has been proudly transmitted to each succeeding generation, and to us of this generation has fallen the task of preserving it and transmitting it to the future. We are now engaged in a mighty effort to fortify that heritage x x x

"I urge the people of the United States, of all creeds and denominations, to pray on that day, in their churches or at their homes, on the high seas or wherever they may be, beseeching the ruler of the universe to bless our republic, to make us reverently grateful for our heritage and firm in its defense, and to grant to this land and to the troubled world a righteous, enduring peace."

Most Valuable Stamp Purchased By Firm
 NEW YORK, Aug. 8 (AP) — The world's most valuable stamp, long sought for the royal collection by the late King George V, has been purchased by Macy's department store for an unnamed client.

It is a one-cent British Guiana print, issued in 1856 and valued today at \$50,000. It is listed in stamp catalogues as the only example of its kind in existence.

The owner was Mrs. Ann Hind Seals, of Utica, N. Y., who once refused an offer of \$38,000 for the stamp. The price paid to her by Macy's was not disclosed.

Senate Yet To Act On Refugee Problems
 WASHINGTON, Aug. 8 (AP) — The house has voted to let American ships bring refugee children from war-torn nations to the United States, but the senate has yet to act.

The measure would authorize transportation of youngsters under 16 on unarmed, unconvoyed American ships, provided safe conduct was assured by belligerent nations.

DEATH INTERVENES
 UNIONTOWN, Pa., Aug. 8 (AP) — George Johnson, 30, dropped dead after arising in an alderman's office to plead guilty to assault and battery last night.

His wife, Mary, collapsed when she saw him fall. Her head struck a piece of wood, sending her to a hospital with a slight concussion.

Peace Shrine Proposed At Site Of Last Battle
 MONTGOMERY, Ala. (UP) — A national peace shrine is being planned at the site of the last battle of the Civil war.

The battle took place at Ingersoll Hill, near Phenix City, Ala.

The Phenix City Junior chamber of commerce will ask other organizations throughout the nation to join in subscribing to a musical tower of peace to mark the site.

The plans call for an amplifying system and a recording device to play pipe organ music from the tower at intervals of each day.

Names of the contributing organizations will be inscribed on the base of the tower.
