

Church and Society

RECENT GUESTS of the Lighthouse Electric Co-op in Floydada were Home Demonstration club members from Motley County. Attending the all-day courtesy on November 14 were six women from Flomot, and the four above members of Whiteflat HD Club. They are, from left: Mrs. Stella Tilson, Mrs. Wilson Barton, Mrs. Fred Bourland and Mrs. W. E. Smith.

Foreign Missions Stressed by WMS In Week of Prayer

Foreign missions was stressed by the Baptist Woman's Missionary Society in a series of programs during Week of Prayer, last week.

A breakfast at 7:15, Thursday morning was attended by eighteen women and girls, including working women and YWA members (Young Women's Auxiliary). Toast, jam, doughnuts, coffee, spiced tea and hot chocolate were served, followed by a brief program.

A devotional was given by Mrs. Bill Dunning, Activity Chairman and leader of the week's programs, and Mrs. Stuart Dixon presented a talk, "Not a Dream, a Reality." The offering for Lottie Moon Foreign Missions was taken.

Others present were Misses Debra Garrison, Elaine Dixon, Bonita Hand, Ann Brandon, Virginia Green, YWA girls and their leader, Mrs. Larry Heard and her young son, Ricky; Misses Amy Glenn, Mary Keith and Verlin Reeves, and Mesdames J. L. Woodruff, Velma Fulfer, C. M. Barton Jr., Edna Harp, Audie Potteet, Ben Keltz and Wayland Moore.

The Sunbeams contributed to the program at 3 p.m. Tuesday, by singing, and presenting their offering to Mrs. Dunning. This was in the form of a beautifully decorated tree designed on cardboard, and containing contributions of quarters, dimes, nickels and pennies.

The first Baptist Church will stress contributions to the Lottie Moon Christmas Offering throughout December. Goal for this church is \$1,400.

ARRIVAL ANNOUNCED

Mr. and Mrs. Richard Newman are announcing the arrival of a daughter, born at 11:41 a.m. Friday, Dec. 6, in Methodist Hospital, Lubbock. The baby weighed 7 pounds 8 ounces and was named Sherity Len. Mr. Newman is Office Manager of the local Agricultural Stabilization and Conservation Service. Grandparents of the new arrival are Mr. and Mrs. A. C. Newman of Snyder and Mr. and Mrs. Adrian Scott of Anson.

Shower Honors Miss Pat Day

A shower held Saturday afternoon in the home of Mrs. Raby Webb, was a pre-nuptial courtesy for Miss Pat Day, bride-elect of Philip Engle.

The honoree's sister, Miss Jeanette Day, registered the guests during the 4 to 6 reception hours. Sharing hostess duties with Mrs. Webb were Mesdames John Barnhill, Furman Vinson, J. E. Edwards, Ted Elliott, Harold Campbell, Bennie Keltz, Clifford Martin, James Price, Alfred Barton Jr., Robert Darsey, Frank Price, H. R. Jameson and R. E. Campbell Jr.

A silver epergne containing red carnations and red tapers centered the dining table, which was laid with a cutwork cloth. Mesdames James Price and Furman Vinson alternated at the silver service, pouring hot, spiced punch. Cookies, mints and nuts were also served.

The hostesses gift was china in Miss Day's chosen pattern.

Families Meet With Cub Scouts

A pack meeting of the Cub Scouts was held at the VFW building Monday evening, December 2. Families of the Cubs met with them for a covered dish supper.

The Scouts gave a pledge to the flag and had a candlelight service, giving their Scout Promise and Scout Pledge.

Those present were Billy Paul and Douglas Campbell, with their mother, Mrs. Kirby Campbell, Ricky Turner and his parents, Mr. and Mrs. Richard Turner, James Nelson Cooper and his parents, Mr. and Mrs. J. B. Cooper, Scotty Price and his parents, Mr. and Mrs. James Price, Grant Johnson and his parents and sisters, Mr. and Mrs. Chas. N. Johnson, Charlotte and Cindy, Creig Christian and his parents, Mr. and Mrs. Ronnie Christian, Will Rees and his parents, Mr. and Mrs. William Smith Rees, and Gary Don Welling and his mother, Mrs. Freddie Welling.

COME TO CHURCH SUNDAY

Classes Meet for Christmas Party

Two Sunday School classes of the First Baptist Church met Tuesday night in the home of Mrs. J. L. Woodruff for a Christmas party. Members of the Fidelis Class, taught by Mrs. Woodruff, and of the Winsome Class, taught by Mrs. Harold Campbell, attended.

Following a salad supper, a program was given which included scripture reading of the nativity by Mrs. D. P. Keith, who also read "The Legend of the Sand Dollar," symbolizing phases in the life of Christ and displayed a number of shells of the unique sea urchin.

Mrs. E. F. Springer then read "A Christmas Story," which emphasized giving for missions at Christmas time. Piano and organ selections of Christmas hymns were played by Mrs. Campbell and Mrs. Douglas Meador, concluding with "Silent Night," which was sung by the group.

Instead of a gift exchange, the women brought contributions for the Lottie Moon Christmas offering which totaled more than \$200.

In addition to those mentioned, others present were Mesdames Eddie Russell, F. B. Henderson, Grace McDowell, Roy Smith, B. H. Hobbs, Sally Huey, A. G. Woosley, J. D. Craven, Edna Harp, Edgar Lee, Freeman Thacker, Joe Stephens, Grover Price and J. E. Edwards, and Mrs. T. P. Metcalfe of Franklin, Mrs. Woodruff's sister.

Club Meets for Christmas Party

Matador Young Homemakers held their Christmas party Monday evening, Dec. 2 in the home of Mr. and Mrs. A. L. Fair, with their husbands as guests.

Following an enjoyable turkey and dressing supper with all the "trimmings," the guests played dominoes while members held a business meeting and exchanged gifts.

Those present were Messrs. and Mrs. David Thompson, Ronnie Vandiver, Eddie Tipton, Glyndell Smith, and Carter Luckett, and Mesdames Richard Newman, Erwin Willard and Johnny Phillips.

Todd Norris has Birthday Party

Todd Norris, son of Mr. and Mrs. Larry Norris celebrated his fifth birthday Wednesday, Dec. 4, at his home with a party given by his mother.

After games were played on the lawn, refreshments of birthday cake and punch were served. Favors were Walt Disney juice glasses filled with M&M candies.

Guests were Kim and Brent Campbell, Tina Bearden, Rob Francis, Roy Thompson, Joe Don Warren, Holly Hobbs, and Brenda Renfro.

Mothers present included Mesdames Kenneth Thompson, Vann Francis, and James Bearden, and also a guest was the honoree's grandmother, Mrs. John Scott of Roaring Springs.

RECENT VISITORS

Visiting during the recent Thanksgiving holidays were former residents, Mr. and Mrs. Duane Markham and son, Jackie of Benbrook. They visited friends and relatives, including her mother, Mrs. C. B. Jones, and Mr. Markham's parents, Mr. and Mrs. C. A. Markham and other relatives.

Keiths Home from West Coast Trip

Mr. and Mrs. D. P. Keith returned home Thursday from an extended (five weeks) trip to the West Coast. They were accompanied by her sister, Mrs. Florence Marshall of Burleson, and left from Lubbock on October 28.

They went by Albuquerque, N.M. and spent two days with the Keith's son and family, Mr. and Mrs. Bourland Keith and Wendy, and continued to Grand Canyon, Arizona, for two days of sight-seeing. From there they continued to Weimar, Calif., where they visited Mrs. Keith's and Mrs. Marshall's oldest brother, Edwin Bourland and his family. While there they drove to Lake Tahoe, making the complete drive around the lake.

Other relatives visited included Mr. and Mrs. Curtis Davis and family, and Mr. and Mrs. Lawrence Bourland and family, in Elk Grove, Calif.

En route to San Francisco, they stopped for a tour of San Simeon, one of the most interesting points of the trip. This was the castle home of the late William Randolph Hearst. The mansion, gardens and pools, and several guest houses cover 123 acres of the vast 240,000 acre ranch.

They visited Mr. and Mrs. Bill Taylor in San Francisco, and with Mr. and Mrs. William Bourland in Yuba City. He is a first cousin of Mrs. Keith and Mrs. Marshall, and she is a sister of John Irwin. They also visited Mr. and Mrs. Carroll Rattan in Salinas, other former Matador residents, and with them, visited a carrot and celery packing shed, and made a tour of Pacific Grove, Seaside, Monterey, Carmel and Pebble Beach, where the noted golf course is situated.

Other highlights of the trip included a tour of the capitol build-

ing in Sacramento, and the governor's mansion, which is now a museum, since Governor Reagan and his family occupy a rented mansion; and a trip through the Calaveras Big Trees State Park, where the famous "Big Stump" is located.

Returning down the coast, the party visited Knotts Berry Farm in the Los Angeles area, drove to San Diego, and on to Yuma, Ariz., where they visited a nephew and family, Major and Mrs. Charles R. Keith and daughters. Arriving back in Texas, Mrs. Marshall remained in Lubbock with her daughters, and Mr. and Mrs. Keith visited with their daughter and family, the Loyd Latimers, before returning home.

Rep W. S. (Bill) Heatly is Honored With Outstanding Alumnus Award

DALLAS—State Rep. W. S. (Bill) Heatly of Paducah was honored with an "Outstanding Alumnus Award" presented by Dallas Baptist College on Saturday, December 7.

Rep. Heatly, chairman of the Texas House Appropriations Committee, was a student from 1931-33 at Decatur Baptist College, which moved to Dallas in the Fall of 1965 to become Dallas Baptist College, a four-year school.

A member of the Texas House of Representatives since 1964, Heatly was cited for his "outstanding contributions as a public servant to the people of Texas," said Dr. Charles P. Pitts, president of Dallas Baptist College.

Dr. Pitts made the award following an address by the legislator at 12:40 p.m. in the Kenneth E. Burg Physical Education Center on the DBC campus in Southwest Dallas. The presentation was a highlight of Homecoming activities for alumni of Decatur and Dallas Baptist College.

Rep. Heatly has headed the powerful appropriations committee for four terms, a record unique in the history of the state. He also has served as a member of the six-member Legislative Audit Committee composed of the Lieutenant Governor, Speaker of the House, two Senators and two Representatives.

From Decatur Baptist College, where he was a back on the Indian football team, Heatly went to Baylor University to obtain a law degree.

In addition to his law practice, he operates an abstract business and manages ranching and farming properties in Cottle and Dickens Counties.

JERRY HALL

Jerry Hall Named Press Secretary

Governor-elect Preston Smith recently announced the appointment of Jerry Hall of Austin as his press secretary.

Hall, a veteran of almost 20 years of newspaper work, is Capitol Bureau chief for Newspapers, Inc., including the Austin American-Statesman, Waco News-Tribune and Times-Herald and the Port Arthur News.

Appointment of the press secretary was Lt. Gov. Smith's second major appointment since his election. He has named Jim Oliver of Austin as budget director.

Hall, 42, a native of Stanton in West Texas, has been with the Capitol Staff of Newspapers, Inc. Hall and his wife, the former Mary Frances Vestal of Dublin,

live at 3400 Enfield Road. They have three children, Martha, 15, Dick, 14, and Julie, 8.

The New Press Secretary has won many awards for distinguished reporting, including a first place award for news writing from the Associated Press Managing Editors, a special citation from the Headliners Club for a series on County Government, and several other Headlines awards.

Hall is a journalism graduate of Texas Tech. He was editor of the University newspaper while at Tech.

Hall started his professional career with the Lubbock Avalanche-Journal in 1949, doing stints as reporter, copy editor, and telegraph editor.

He joined the copy desk of the Fort Worth Star-Telegram in 1956. Hall served on the Washington staff of Congressman George Mahon Lubbock in 1957-58.

He returned to the Avalanche-Journal in 1958 as a special assignment reporter, political writer and city hall reporter. He remained in Lubbock until joining Newspapers, Inc. at the statehouse.

Hall is a World War II veteran of the Air Force.

He is a Presbyterian and active in Boy Scout work.

COME TO CHURCH SUNDAY

COUNTY AGENT PALLEYER SAYS:

First, I would like to make a correction on the organization that provided the ribbons for the 4-H Dress Revue held in July. Credit should have been given the Eternas Study Club for providing the ribbons, as they have provided this assistance since this event was first held.

Next, an explanation on the last two paragraphs in my column of Nov. 21st. This "If you don't know the answer"—was left off the end of the article on estate planning which was in the Nov. 7th column.

Every year livestock are killed by stockmen who misuse pesticides. It can easily happen unless you follow the instructions on the label.

It will soon be time to spray livestock to control lice, so use only recommended chemicals. Through carelessness you can get into trouble by grabbing the wrong kind of insecticide and either kill some animals or contaminate them with illegal pesticide residues. Make doubly sure that you don't use a pesticide on livestock which was recommended for controlling crop insects.

As for the spraying equipment, was it thoroughly washed out after you sprayed the cotton or pasture with endrin, parathion or a weed killer? All of these are effective livestock killers and contaminants. Make sure the sprayer is clean and you have the right chemical when you start treating livestock or anything else with pesticides.

Guides, which list parasite control recommendations are available in my office. Why not ask for one, and follow the recommendations to help protect against losses that can be avoided.

What might be a most critical fire season for ranges in Texas is upon us. The reason for this is the large amount of grass and other vegetation this fall. Abundant rainfall during the growing season produced a large quantity, and now that this growth has been killed by frost, it is like a tinder box. This danger increases as the humidity is low and high winds increase.

Something that you can do to help prevent pasture fires is to

pick up all bottles and glass. At times the sun's rays will strike these objects in such a way that they act as a magnifying glass, thus starting a grass fire, especially when they are laying in a clump of grass. The best way to prevent a fire of this type is to eliminate the tossing of these materials in the pasture. I doubt that anyone would ride a pasture to seek these items and collect them, but you can pick them up when you are riding, thereby eliminating a fire hazard.

Carelessness with trash burning around the home is often a cause of fires too. To prevent this, use a fire-safe trash burner, and as an aid to help protect buildings, plow or cut weeds and grasses around the buildings, thus creating a fire-guard.

Farm-stored grains often need a protective fumigation six weeks after they are put in bins.

One annual fumigation is generally sufficient where grain is stored under ideal conditions, but inspections should be made monthly. Stored grain pests are generally more active during the warm months, therefore making timely treatment more important.

Hot spots in grain are the danger spots. A standard grain probe can be used to take samples from these spots, and if insect activity is found, immediate fumigation should be applied.

If fumigation is required, first level the surface of the grain so that even distribution can be obtained. Apply the fumigant as a coarse spray over the surface of the grain, covering the entire surface, giving an extra amount to the spots where infestations are found. Most liquid fumigants are heavier than air, and vapors move downward without much lateral diffusion.

An ordinary sprayer can be used, and after treatment (from outside the bin), close bin and do not enter for at least 24 hours. For information on materials to use, and amounts, ask for a copy of L-217, Control of Insects in Farm-Stored Grain. Why take a chance of insect damage after the crop has been

produced, or risk the use of a material that will contaminate the grain?

Lack of communication may cost a livestock producer more tax dollars than he cares to think about. Income from the sale of livestock may be reported in at least four places on a tax return. Since the amount of tax paid on a particular sale varies according to where it is reported, a livestock producer must be sure his tax accountant knows what "kind" of livestock sale was made. A deposit slip showing simply "Livestock sales" won't get the job done.

To help your tax man report livestock sales accurately and save you tax dollars, keep the following information in mind and make a similar distinction in your records or on your deposit slips:

1. Raised calves—Total amount of this type of sales is taxable.
 2. Stockers purchased for resale—Since tax is paid on only the profit above the purchase price, be sure you have the purchase price of ALL cattle sold. This is sometimes confusing since stockers are often bought in one year and sold the next.
 3. Purchased breeding stock—Subject to capital gain—Only one-half of the gain (sales price minus unrecovered cost or depreciable balance) realized from the sale of breeding stock held at least twelve months is taxed.
 4. Raised breeding stock—Subject to capital gain—Only one-half of the sale price is taxable.
 5. Cow and calf—The cow and calf must be assigned individual values. Sales of the calf produces ordinary income and is fully taxable; sale the cow is subject to capital gain treatment as discussed above.
- By avoiding paying the tax caused from an error in reporting on the sale of one cow held for breeding purposes, you could save enough money to pay your tax accountant's fee this year.

4-H is well into the second half of its first century. Youth can be a part of this youth movement, pledged to make the best better.

Christmas Program Will be Carried On

The lack of a music teacher does not stop the MHS girls who have participated in the annual Christmas program for the last three years from presenting one on their own this year.

The idea was brought up by the girls on a football game trip. Since most of the girls agreed and promised cooperation, the question was placed before school officials who approved it.

Mrs. J. E. Edwards, the math teacher, has agreed to sponsor the girls, and Mrs. Vernon Higginbotham is going to help accompany on a few songs.

Other accompanists will be high school girls who can play the piano.

Patty Edwards, a junior, was elected by the choir to direct and to be in charge of the program. She appointed members to be on different committees to choose the attire, date and time, and the selection of the songs.

The girls promise to present a better Christmas program this year than ever before.

MHS Girls Beat Roaring Springs

by Jimmy Timmons

The Matador girls showed their fighting spirit Tuesday night defending their home grounds, against Roaring Springs. After a defeat by Lakeview last Tuesday, the Matadors were determined to come back and prove their ability for victory.

In the first half Brenda Bailey racked up 20 points for the Matadors, shooting with deadly accuracy. The high scorer for Roaring Springs was Michelle Smith. The

half ended with Matador barely leading 30 to 29.

The third quarter proved the strength and spirit of the Matadors, with a total of 13 points. Thanks to the tremendous defensive action of the Matador girls, Roaring Springs accounted for only one point.

Matador expanded the margin even greater in the fourth quarter with a total of 16 points making the final score 59 to 41.

Scorers for the Matadors included: Brenda Wason with 8 points; Melisa Bailey with 2 points; Debbie Smallwood with 14 points; and the high scorer of the ball game being Brenda Bailey with a total of 35 points.

MHS Has New Music Teacher

Matador High has a music teacher; not a new teacher, just an old one who took it on himself to direct a group of girls in singing "Jingle Bells."

Mr. Moore, the principal and science teacher, who was in charge of the Christmas parade float, announced that he would teach the girls planning to ride the high school float, how to sing.

The girls presented a fine performance at the parade.

"Family Sketch" in Dumas Press Features Former Flomot Resident

(The following feature in the North Plains Press, Dumas, is a "Family Sketch" by their staff writer, Opal Johnson and is about Garland Cavitt, who was reared at Flomot, and his family. He is a nephew of local residents, Mrs. Ed D. Smith and Mrs. C. C. Smeuley.)

GARLAND CAVITTS DRAWN TO TEACHING PROFESSION

"I feel Garland and I are both doing the work we were meant to do," said Jean Cavitt during an interview for a Family Sketch. "We both enjoy teaching and find our chosen professions to be rewarding ones," she added earnestly. Both Garland and Jean Cavitt are members of the Dumas Independent School system.

Garland is director of physical education for the Dumas elementary schools and Jean is a teacher at Hillcrest School. Their family includes two young daughters, Kelly Lee, age 11 and Jennifer, age 8. Another member of the family since before either girl was born, is a 12 year old terrier named Millie.

Graduating from Flomot High School Garland entered the United States Navy where he served for two years, prior to the Korean War. Receiving his discharge, he enrolled at West Texas State University at Canyon. That was where he met Jean.

Completing a year at WT he transferred to Eastern New Mexico University at Portales. In 1964 he received a bachelor of arts degree in physical education from Eastern and began teaching physical education and coaching in the Dumas school system.

Since that time he has gone to school during the summer and now has a masters degree in education from WTSU.

"Sports are a part of Garland's life. Although he enthusiastically enjoys all sports, his favorite is football. For a number of years he

played golf, then he rather dismissed the sport until this past summer when he dusted off his clubs and renewed his interest." Jean recalled with a smile.

Garland holds a swimming instructors license and has worked at the North Plains Country Club pool the past few summers. He is a licensed pilot and indulges in flying when time permits. He serves as referee for junior high football games.

Jean also comes in for her share of talent in the family. She manages an attractively appointed home, serves as chauffeur for two active young daughters, spends eight hours, five days a week in the classroom and still has energy for outside activities.

She teaches fifth and sixth year reading and fifth year spelling and art at Hillcrest. "I enjoyed staying home when the girls were small, but my love of teaching drew me back to the classroom," she added happily. Jean is working toward her masters degree at WT. She went to summer school and is attending class one night each week.

"When I come home in the afternoon I find it relaxing to cook for my family—so I guess you might say cooking is my hobby," she remarked smilingly. Jean also enjoys sewing when there is free time.

Jean and Garland are members of the Classroom Teachers Association, the Texas State Teachers Association and the National Education Association. She is an inactive member of the American Association of University Women.

They are members of the First Methodist Church where Garland is on the official board.

"We are a family of swimmers! Garland and I had a swimming class together when we were students at WT. And now that we have the girls, we have a deeper interest in the sport and it is one we can all enjoy," she said.

Their daughters, Kelly and Jen-

nifer, differ in personalities. Both girls take music lessons and both are good swimmers, but Kelly is the outdoor type while Jennifer is described as "feminine."

Each girl has scouting interest. Kelly is a Girl Scout and a member of Troop 33, while Jennifer belongs to Brownie Troop 8.

Kelly had a tough decision to make when school started and she was placed in her aunt's home room. Her aunt is Mrs. Chester Dowell, a fifth year teacher at Morningside. She couldn't decide if she should call her "Aunt Mary" or "Mrs. Dowell."

Kelly is a member of the school choir and belongs to a film club. She is learning to take pictures with a camera she received for her birthday.

Jennifer still occasionally likes to play with dolls and she enjoys drawing.

She and her older sister look forward each year to a nice vacation trip with their parents. One trip they enjoyed very much was to Yellowstone National Park. They went sightseeing in Salt Lake City and returned by way of Mesa Verde Indian Reservation west of Durango, Colo.

They received a special treat this year since their mother was

going to summer school. They were allowed to fly to Oklahoma City in June to visit an uncle and aunt.

Jean and her husband both play bridge and are members of a Saturday Night Bridge Club. The same group has been playing together for 13 years.

Parents Seek Girl Missing Since March

Redlands, California — Monday, March 18, 1968, began as an ordinary day for Elizabeth Lurene Ernstein when she left home for classes at Moore Junior High School in Redlands, California. But this Monday on the 18th of March was not to be an ordinary day.

Elizabeth's school day passed without incident. She attended her last class, then left school at 3:40 p.m. to walk home, a two-mile route through blossoming orange groves. She never arrived home. Somewhere along the lonely street, Elizabeth Ernstein vanished.

There are no clues to her whereabouts, or even to what happened

ELIZABETH ERNSTEIN

to the 14-year-old girl, other than a report from a Redlands businessman who was driving through the area. He thought he saw a girl resembling Elizabeth walking toward the corner of the street on which she lived.

To her parents, Norman and Ruth Ernstein, the months of uncertainty and anxiety over their missing daughter "are the deepest anguish a person can go through. It is a shock so deep you become

wooden," the mother explained.

The Ernsteins are appealing nationwide for help in locating their daughter. Ernstein, a chemical engineer at Lockheed in Redlands, and his wife, a psychiatric social worker, have posted a \$5,000 reward for information that will solve the mystery of their daughter's disappearance. They have vowed: "We will not rest until we know."

Neither parent has rested since that first long night when their young daughter failed to come home. They have tracked miles through orange groves, fields, foothills, and canyons in and around the Redlands area. They have followed every lead, no matter how slight, in the search for Elizabeth.

"I can face the daytime better than the night," the distraught mother said. "At night I find myself saying: 'Is she safe? Is she warm? Is she fed? ... and finally ... is she alive?'"

When Elizabeth, nicknamed "Liz" by her friends, left for school that March morning, she had only 25c with her. She was dressed in a blue dress with white flowers, tennis shoes and a dark-olive corduroy coat. Around her neck she wore a small gold chain with a pendant gold and blue star. Enroute home, she carried a red

algebra book and a blue looseleaf notebook. Neither has been found.

Elizabeth is five feet, five-inches tall, weighs 105 pounds and has brown hair and brown eyes. She is one of five Ernstein children. The family lost one of these, a son, to polio in 1952.

"This, the second tragedy in our lives, is even greater because of the uncertainty," the desperate father said in his appeal to end the nightmare. I can accept anything, even the worst, which I'm resigned to, but I must know."

Any information concerning young Liz Ernstein should be reported promptly to this newspaper or to Capt. Charles Callahan, San Bernardino County Sheriff's Office, San Bernardino, California, phone (714) 889-0111.

Mr. and Mrs. R. L. Brandon and daughter, Beverly, of Plainview former Matador residents visited here Thanksgiving as they were en route home after spending the day with Mrs. Brandon's mother at Cee Vee.

DO YOU TAKE MEDICINE?

Well, if your doctor prescribed an antibiotic to fight a dreaded disease, would you discard the prescription and buy aspirin just because it was cheaper? Certainly not!!!

In our agency we do our best to prescribe the best to adequately protect your exposures and guard against a financial disaster. Why not give us a call to compare an earlier prescription (policy) with our prescribed formula and dosage to see which will better protect you.
