FIRST SNOW

WINTER spread a thin blanket of snow over the Caprock Country Monday night, to hint at a possible "white Christmas." By noon Tuesday, however, the snow had melted, leaving but a trace of precipitation.

A light drizzle Tuesday night added a little more moisture, but scarcely enough to measure. The first snow of the season was reported throughout the South Plains and Panhandle and as far south as Midland-Odessa.

The G.E.D. (General Educational Development) for high school equivalency will be given at Childress High School Friday, December 13, from 7:30 p.m. until 10:00 p.m. and Saturday, December 14, from 7:45 a.m. until finished.

If you wish to take the test call Herman Vinson, 937-2531 or 937-2532 or be at Childress High School before the starting times listed above.

HOME FROM HOSPITAL

Mrs. John Barnhill returned home Tuesday from Lubbock, where she had been a patient in Methodist Hospital the past week.

A second meeting of the Motley County Independent Cattleman's Association will be held Wednesday, December 18, at 8:00 p.m. in the high school cafeteria, it was announced this week. All concerned citizens of Motley County are encouraged to attend.

The object of the meeting is to explain the purpose of the organization and to answer any questions about the association. There are no obligations to join or dues assessed, if you do join.

Kindergarten Begins Jan. 8

Kindergarten classes will begin Wednesday, January 8 at Motley County School. Pre-enrollment is scheduled for Thursday, December 19, at 2:30 p.m. in the new school building.

Parents and students will have an opportunity to complete enrollment forms, get acquainted with the building, and meet the new teacher, Mrs. Elizabeth Ferrier of Seymour. Birth certificates and immunization records of the students should be brought to this meeting, according to J. E. Edwards, Grade School Principal.

HAS SURGERY

Miss Mary Slover is a patient in Central Plains Hospital, Plainview, where she had gall bladder surgery Tuesday morning. She was accompanied to the hospital by her sister, Mrs. J. C. Green Sr., and sister-in-law, Mrs. Bill Slover. Mrs. Green remained in Plainview at the home of her son, Donald Green and family, to be at the bedside of her sister this week.

A membership of 100 percent from the people who attended the meeting last week, was reported.

"Whether you realize it or not the majority of the people in Motley County are affected directly or indirectly by the wreck we have had in the cattle industry and the bigger problem stemming from the Land Use Legislation still pending in Congress," said a spokesman for the group.

"Evidently the people are not totally aware of the gravity of our few rights involved in this legislation. If we don't organize where we can compete with other political factions that are forcing unfounded legislation, we are fighting a lost cause."

"We feel this organization is the best possible solution to our problems," the spokesman declared.

Officers of the Motley County Independent Cattleman's Association are: John McCandless, Chairman; Sonny Russell, Co-Chairman; Vann Francis, Secretary; L. M. Cox, Treasurer; and John Stevens, Dude Barton, and Pete Timmons, Directors.

CHRISTMAS SEAL DRIVE DELAYED

The 1974 Christmas Seal drive has been delayed and will be held Saturday, Dec. 14, it was announced this week by Mrs. R. E. Campbell Jr., President of El Progreso Club, who will sponsor the project.

R. M. Stanley, board representative of the West Texas Area, American Lung Association from Motley County reminded the public that while the Christmas postage specials cost 10 cents a piece, Christmas Seals have no fixed price. Recipients of Seals are invited to make voluntary donations and use the seals on letters, cards, and packages to help the Lung Association in its battle to prevent and control emphysema, chronic asthma, TB, cigarette smoking, and air pollution.

Ethel Bailey Rites Held

Funeral services for Mrs. W. M. (Ethel) Bailey, 81, were conducted at 2:00 p.m. Tuesday at the First Baptist Church, Roaring Springs. Officiating were Rev. Leonard Sims, pastor of the First Baptist Church, Matador, and Rev. Mrs. Ben Dillard, pastor of the Assembly of God Church of Roaring Springs.

Burial was in Roaring Springs Cemetery under the direction of Seigler Funeral Home.

Mrs. Bailey passed away about 9:30 a.m. Sunday, Dec. 8, in Hurst-Eules-Bedford Hospital near Fort Worth, where she had been a patient for several days.

Ethel Burgess Bailey was born May 19, 1893, in Denton County. She was married to the late William Marion Bailey Sr., in 1913. They moved to Matador in 1915, and to Roaring Springs in 1927, where they made their home until 1940.

They returned to Roaring Springs in 1947, and made their home there until shortly before Mr. Bailey's death in December, 1972. Mrs. Bailey had made her home in Grapevine, Texas since the death of her husband.

Her survivors include two sons, Marion Bailey of

"Although Christmas postage stamps and Christmas Seals are serving different purposes," Mr. Stanley said, "Christmas Seals owe much to the post office both in their past and present." One way to add extra cheer to Yuletide cards and letters and help fight lung disease at the same time is to seal the flap with Christmas seals.

The 1974 Christmas Seals, designed by Mrs. Rubidoux Johnson of Fairfield, Conn., represent the "joys of Christmas." They depict children on an old-fashioned sled, Schnauzer pups frisking under a Christmas tree, a postman laden with gift packages, and youngsters building a snowman.

"The major portion of the Lung Association's support comes from the mailing of Christmas Seals to thousands of homes, businesses, and organizations in this area to help combat a spectrum of diseases that attack the lungs," Stanley said.

"History can repeat itself and much can be done to bring these ailments under control. That's why it's a matter of life and breath to answer your Christmas Seal letter today."

ANNUAL visit of Santa Claus to Matador and the concert by Patton Springs School's Ranger Band were on schedule yesterday, but the place was changed to the Motley County School auditorium.

An outstanding selection of Christmas music was presented by the band, at 3 p.m. directed by Mrs. Ralph Marshall.

Santa arrived, sans reindeer, but riding instead, atop the fire truck. He was assisted by Lions Queen Debbie Clay, in distributing fruit and candies to the youngsters.

The downtown Santa Parade and band concert was missed this year, but circumstances made the change advisable, according to Boss Lion Joe Smith.

WOMEN INVITED TO CHRISTMAS COFFEE

Women of the community are invited to a Christmas Coffee Saturday, Dec. 14, at the home of Mrs. L. B. Campbell. Co-hostesses will be Mrs. Billy Wason and Mrs. L. M. Cox.

TRAIL DUST

By DOUGLAS MEADOR

A friend whose veracity is not beyond reproach, said recently that his hair is still coal black but that he wears a silver Toni because it makes him appear more mature. His bulging waist also contributes to the effect as do the lines in his face. I suggested that he shop around for a wheel chair the next time he cashes a pension check.

Self-pity is a cancer which destroys the tissues of character and contaminates friendship's fountains.

A debt of friendship is best secured by the collateral of honesty which character has under-written.

Happiness, like the wind, follows on schedule of arrival and departure. It is not found through seeking nor kept through grasping; the climate of a tranquil heart frequently echoes the sound of its swift pinions.

A calloused conscience supports the first step away from the throne of righteousness.

The similarity is astounding when we look at a herd of yesterdays grazing along the trail of memories.

Christmas is a silent prairie night with distant lanterns hanging in the sky at the doors of friends. Our troubles are rabbit-tracks in the snow.

SWIFT — offers a variety of Protein Supplement Blocks that will enable you to make a choice after reviewing analysis tags. **SWIFT GOLDEN SUPPLEMENT BLOCK** is our top quality block — followed by 38% Range Supplement and Econo Range Supplement Blocks. Factors that influence the cost of blocks are amounts of Urea, Vitamin A, Vitamin E, Phosphorus, Calcium, trace minerals, and fillers that competitive products may have. The higher the Urea the cheaper the block. Calcium (limestone) is also a cheap product. Phosphorus is expensive. Vitamin A and Vitamin E are also very important. Vitamin E is especially needed by breeding herds. Most any Supplement Block will do a better job than cottonseed pellets or cake as nutritional requirements are included other than protein.

Whichever block you select, it will save labor as you only feed once each 10 - 14 days. **FOR ANY FEEDING PROGRAM** feed Swift Minerals free choice for best results. We have a full line of minerals to select from.
