

Workers Vote To Return To Work In Steel Mills

Disorders In Other Large Plants Go On

Grand Jury Probes Violence At Walkout In Indiana Factory

BETHLEHEM, Pa., March 28 (AP)—A four-day strike at the huge parent plant of Bethlehem Steel ended today and the union, giving unanimous assent to terms on which negotiators previously had agreed, announced workers would return to their jobs "as fast as they can."

Settlement was announced by company and CIO Steel Workers Organizing Committee representatives at 5:30 a. m. (EST) The terms were ratified by a roar of "ayes" at a union mass meeting a minute before noon. A management spokesman already had termed the agreement satisfactory.

The SWOC called the strike at 5:30 p. m. Monday following a threat of walkout about the Employee Representation Plan proposed with a scheduled election of officers and bargaining agents. The SWOC charged the ERP is company-dominated and illegal and objected to any ERP voting on company property.

At Richmond, Ind., Circuit Judge G. H. Hatcher, summoned a grand jury to investigate disorders yesterday as the strike-closed International Harvester company plant was reopened. A policeman and a picket for CIO strikers were severely injured.

Meantime at Gary, Ind., several thousand CIO members of the Steel Workers Organizing Committee picketed the mills of the Carnegie-Illinois Steel corporation, barring entry to workers who could not show paid-up union cards. The plant employs about 23,000. Sheriff John Knotts of Lake county had proclaimed a state of emergency in the district but officers did not interfere with the picketing.

With the Bethlehem strike ended, attention shifted to Milwaukee, Wis., where the Allis-Chalmers Manufacturing Co. made ready to carry out the government's bidding and open its plant, closed for 65 days by a CIO strike. Allis-Chalmers has \$45,000,000 worth of important defense orders.

Four hundred policemen were mobilized there to guard against violence. The company instructed 7,600 employees to return to work on various shifts today, but CIO leaders urged the men not to go back to their jobs without union sanction.

Other top developments in the defense labor situation included:

1. Labor Secretary Perkins certified four industrial controversies to the new national defense mediation board for investigation.

2. Congressional leaders were reported considering "big stick" legislation to give the government sweeping authority to deal with defense production stoppages.

A brief but spirited skirmish between strikers and police accompanied the re-opening of the International Harvester Co. plant at Richmond, Ind. The plant superintendent declared that a majority of the employees wanted to return to work. The CIO union struck for wage increases.

School Census Work Resumed

Return of better weather Friday gave census takers an opportunity to resume their task of enumerating the scholastic population.

Hampered in their efforts to make a complete county by nearly two weeks of bad weather, census takers were hard pressed to finish the job by the end of the month.

An appeal was made for parents of children who will be six years of age on or before Sept. 1 to make certain that they are enumerated. School officials explained that this was particularly necessary in cases where it was an only or oldest child for there would be no other records to check against.

Because each enumerated scholastic child the district \$22.50, citizens were urged to check with neighbors and ascertain if all eligible children had been listed.

Airport Building Work Progresses

With workmen removing the stripping from the recently constructed basement erection of exterior beam forms and steelwork is under way at the new municipal airport administration building.

Concrete work on the ground level structural layout is scheduled to begin April 1, provided inclement weather does not further delay plans.

British Are Safest When In Army

LONDON, March 28 (AP)—About fifty civilians have been killed for each military fatality in German air raids on Britain since the war's start, it was disclosed today in an official statement which placed the civilian dead at 28,859 and the seriously wounded at 40,166. The exact military total was not given.

Nazis Tell Japs To Make Up Minds

BERLIN, March 28 (AP)—Japanese Foreign Minister Yosuke Matsuoka, here for talks with German leaders, must make up his mind whether Japan will enter actively into the fight against Britain or be left to face both her and the United States alone later, informed German political circles intimated today.

The taking of Singapore—key British naval base in the Far East—was mentioned specifically in connection with the subject of Japanese participation in the fight.

If Japan declines to enter the fray at present, a victorious Germany and Italy might later show disinterest in Japan's plight, in the opinion of these circles.

That Japan could realize her ambitions in the Far East only by running into British and American opposition was taken as axiomatic.

Hence, it was argued, if Japan is in earnest about translating her Far Eastern dreams into practical politics, she must realize that her place is on the side of the axis, not as a silent partner but as an active member.

Satisfaction over Matsuoka's visit at a time of "decisive battle" against England was voiced by German Foreign Minister Joachim von Ribbentrop last night at a reception for the Japanese statesman and his staff in the Eplandade hotel.

They were Major C. R. Storrie and Major W. J. Clinch, who flew here in an army bomber for a two-hour stay. Major Storrie is assistant director at the Gulf Coast training center, Randolph field, and Major Clinch is adjutant of the center, both being under Major General G. C. Brant.

Although plans are not definite, the visiting officers indicated that establishment of a new training center in this section was under advisement. They also visited Midland and Lubbock on their survey flight. They were greeted here by Mayor Grover Dunham, City Manager E. V. Spence, Bob Whipkey, chamber of commerce president; J. H. Greene, C-C manager, and Dr. P. W. Malone, chairman of the chamber's aviation committee.

British Chase Fascist Troops

CAIRO, Egypt, March 28 (AP)—British troops are in hot pursuit of Italian forces retreating headlong toward Asmara, capital of Eritrea, following occupation of the key mountain town of Cheren by British imperial forces, the Middle East command announced today.

A "large number" of the 35,000 fascist defenders of the African "Verdun" were reported captured by the British troops who battered their way into Cheren late Wednesday night after a seven-week siege.

Along with these still-unaccounted captives, the GHQ war bulletin said the Italians "in their precipitate retreat" left behind large quantities of war materials.

The remnants of the Italian forces were headed for Asmara, 42 miles southeast of Cheren, and it was possible that they might try to go on to Massaua, the colony's chief seaport, to make a stand or escape from the hard-pressing imperial forces.

British Raiders Assault Bremen

LONDON, March 28 (AP)—The RAF pounded the German industrial centers of Cologne and Dusseldorf with "many heavy bombs" in overnight raids extending from the Rhineland to the "invasion ports" of Dunkerque, Brest and Calais on the Nazi-held French coast, the air ministry announced today.

In the war at sea, the admiralty announced that the submarine Partisan had torpedoed a 6,000-ton supply or troop ship and a 10,000-ton tanker in an Italian-escorted convoy south of Italy.

Wheeler To Make Speaking Tour

WASHINGTON, March 28 (AP)—Senator Wheeler (D-Mont.) announced today that he would start his "crusade against war" next week with a swing through the Midwest.

He plans to speak in Cincinnati April 4, Cleveland, April 6; Detroit, April 7, and Lansing, April 8. All the addresses will be sponsored by the America First Committee.

Senate Gets Dire Picture Of Oil Taxes

Industry Spokesmen Say Petroleum Can Bear No More Levies

AUSTIN, March 28 (AP)—A dire picture of oil well abandonment, starving unemployed and crumbling of a portion of Texas' huge oil industry if additional taxes were levied onto an already staggeringly large load was before the legislature today.

Industry spokesmen painted the scene at the second of a series of hearings conducted by the senate's state affairs committee last night on the house approved \$25,000,000 omnibus tax bill to pay bigger old age pensions, aid the blind, to dependent children and teachers retirement.

Most of the speakers declared the industry was willing to pay its share of taxes, some asserted it was paying enough, others argued it was already overtaxed and still others said a slight increase would be acceptable. A few contended even a fractional addition to the current levy would force some stripper well lease operators to close down.

Prior to going into its first night session on local and uncontested bills, the house, by a top-heavy margin and in record time, passed to the senate a bill designed to prevent force and violence in labor disputes.

Despite objections of organized labor spokesmen, all efforts to amend the proposal submitted by Governor W. Lee O'Daniel were crushed. The final vote was 112 to 17.

The oil tax hearing was limited to a provision in the omnibus bill proposing to boost the current severance tax of 2 3/4 cents a barrel on crude selling at less than \$1 a barrel and 2 3/4 per cent on that selling at higher prices to 4 1/2 cents and 4 1/2 per cent, respectively.

Several industry representatives protested the structure of the levy, declaring the fixed rate for oil selling at less than \$1 a barrel resulted in gross inequities. They suggested the tax, if assessed, be altered to provide a straight percentage rate.

After no one responded to the call of Committee Chairman Weaver Moore of Houston for witnesses appearing for the bill, industry representatives showered the legislative group with statistics intended to show the oil business already was staggering under a heavy load of taxes.

H. J. Struth, Dallas oil economist, said the industry paid \$75,000,000 taxes annually in Texas. "The average tax per barrel of crude," he declared, "is 9.23 cents in direct levies or nearly 16 cents if 22 separate types of taxes are included."

Oil Allowable Is Increased

AUSTIN, March 28 (AP)—The railroad commission today set the allowable production of oil for Texas in April at 1,373,359 barrels daily, an increase of 20,870 barrels over March.

The government conservation agency also ordered four shutdown days for the Panhandle district, nine for East Texas and 10 for the rest of the state. The shutdowns were the same as East Texas' except for the addition of April 9.

For East Texas they are April 5, 6, 12, 13, 19, 20, 26, 27 and 30. In the remainder of the state, the shutdowns are the same as East Texas' except for the addition of April 9.

The new allowable called for production of 30,009 barrels daily less than the estimate of market demand made by the federal bureau of mines. The estimate was 1,353,500 barrels daily.

Current estimated production is 1,310,000 barrels. Allowables of the Hamman and Old Ocean fields about which there has been much controversy, were not changed pending outcome of litigation and engineering tests.

Comparative basic allowables by districts for Jan. 25, March 10 and April 1, were:

West Central Texas 59,315, 67,119 and 56,784. West Texas 360,533, 369,021 and 317,550.

Because of water production, reservoir conditions or to supply firm market demand, the following fields were exempted from the shutdowns:

Howard-Glasscock, Istan-East Howard.

Cow Calves Twice In Five Months

CLINTON, Iowa, March 28 (AP)—William Stralson's cow Bessie is causing concern among animal husbandrymen.

Bessie, a Jersey, has given birth to two normal calves only four months and three weeks apart. The usual period separating single births is nine months.

Elmer Roberts, chief of the University of Illinois animal genetics department, said he knew of no similar case on record.

Yugoslavia Rushes Troops To Front; Axis Repudiated

Dr. John R. Brinkley, rejuvination surgeon, places his hand on the shoulder of Attorney Herbert Davis, left, at the conclusion of a three-day hearing at Del Rio, Texas, on Brinkley's voluntary bankruptcy action. Brinkley professed willingness to meet just claims among more than \$1,000,000 asked by creditors and testified financial reverses necessitated the action but that he was able to cling to life insurance policies valued at \$356,000.

Huge Farm Fund Gets Approval

WASHINGTON, March 28 (AP)—A record-breaking farm bill, carrying more than \$1,340,000,000, won speedy approval today from the senate appropriations committee.

Accepting scores of increases previously approved by a sub-committee, including \$450,000,000 for parity payments to farmers complying with administration programs, the full committee recommended passage as a part of the effort by a powerful group of senators demanding that farmers share

More Gifts For Greece Made Here

More donations were reported to the Greek relief fund Friday as a check for \$50 was forwarded to the national headquarters in New York.

New donors were Harry Zaronotis, \$5, and R. J. Smith, \$1, bringing the total contributed to the fund to \$26.50.

John Costin, a leader in the local movement, has asked J. Y. Robb and M. K. House, Sr. to serve as co-workers on his committee. Friday he received another communication from the Greek War Relief Association, Inc. saying that the "need is great."

Gifts will be used in relief work for Greek women and children and other civilians placed in destitute circumstances because of Greece's fight against the Axis.

"The moral effects of the Greek fight are important," said Costin. "The spectacle of the Greek army defeating the Axis has strengthened the moral resistance of the Balkan people and the enslaved populations of Europe as witness the new and surprising position assumed by Yugoslavia. No more encouragement could be given the fight than by extending relief so that Greek warriors will not have to worry about the folks at home," he added.

No 'Catches' To Personality Child Contest

Emphasis is placed on the fact that there are no ticket or coupon selling efforts, no costumeing or pageant participation, or any other requirements in connection with the "Personality Child" photo event being sponsored by The Herald and Kelsey studio.

Pictures will be made by Kelsey during the three-week period beginning next Monday, and every one of these pictures will appear in a special Baby Annual edition of The Herald on Sunday, April 27. There is a registration fee of \$1 per child to go toward expense of volume photo printing and engraving, and

this is the only cost. The event is open to all white children, and in addition to a grand-prize trophy to the "Personality Child," there will be nine other trophy awards, to the first, second and third place winners in each of three age divisions; under one year, from one to three years, and from three to six years. The winners' of course, will have special picture display in The Herald's special edition.

These will be named by an impartial board of out-of-town photographers, and every participating child's picture will be considered on the same basis.

First photos for the event will be taken next week, beginning Monday, with the six-day period devoted to children under one year old. All local parents must make appointments at the Kelsey studio, and may do so by calling 1234. Many appointments have already been made, and parents are urged to call promptly. Out-of-town parents may bring their children at their convenience. Children in the older groups will have special photo periods on ensuing weeks.

U. S. Promises Aid Against Dictators

BELGRADE, Yugoslavia, March 28 (AP)—Yugoslavia defiantly refused today to ratify the three-day-old pact with the axis, received a promise of full United States assistance and was reported conferring with Turkey on a mutual assistance pact.

Amidst the clamorous demonstrations of the populace came a report from German sources that 3,000 nazi economic experts, newsmen and trade delegates had started pell-mell for the frontier or were packing for a quick exit.

U.S. Minister Arthur Bliss Lane delivered a note to the new pro-British government, now under the kingship of young Peter II, which said that under terms of the military aid bill all possible assistance would be given Yugoslavia.

Meanwhile the Turkish minister conferred with Premier General Simovic. Diplomatic quarters said he proposed a mutual aid pact with Yugoslavia.

The U. S. note was delivered to Yugoslavia's hardy soldier premier, who was plumped into leadership in yesterday's coup d'etat, just a short time after Yugoslavia informed Germany that the axis pact would be neither denounced nor ratified.

High diplomatic sources said Yugoslavia had informed Germany that fulfillment of the terms of the pact, signed in Vienna Tuesday by the government which was ousted yesterday, would be "impossible because it would be contrary to the will of the Yugoslav people."

The cabinet was said to have decided at an all-night session to return to "full and absolute neutrality" applying alike to Greece and Britain as well as the axis.

The United States note was delivered as 1,200,000 Yugoslav soldiers stood fully mobilized to resist German and Italian armies should they attempt to hold Yugoslavia to the terms of the pact.

Prime Minister Churchill implied full British support for an anti-axis Yugoslavia when he declared yesterday that Britain would make "common cause" with the new government.

Flags were still flying in the capital. Trucks filled with soldiers still were rumbling through the streets toward the frontiers.

United States Minister Lane told Premier Simovic and Foreign Minister Nomiche Nincic he was authorized on behalf of President Roosevelt to inform the government that news of the Yugoslav stroke had caused "an immediate and popular reaction in America" and that the event "constitutes a matter for self-congratulation for every liberty-loving man and woman."

While Yugoslavia claimed the reaction of Adolf Hitler, various demonstrations occurred in the Belgrade cathedral in the presence of the young king at the swearing in of the new government by the Serb orthodox patriarch.

When the authorities of the United States and British ministers arrived at the cathedral a cheering crowd broke through the police cordon. Many in the crowd tried to shake the hands and even to kiss the envoys.

The cathedral was packed with army officers who gave rousing cheers as Peter entered the building.

The young king who formally took over the royal power which he normally would not have received until September at his 18th birthday, wore the blue uniform of a general of aviation.

The patriarch, wearing a gold and red robe, presented a cross for him to kiss.

Troops guarded the German and Italian legations constantly. A German legation attaché said almost all Germans who had not already left the country were in refuge at the legation, eating "one-dish" meals and fearing beatings if they went on the streets.

A run on the banks in the Yugoslav province of Croatia induced Vice Governor Ijok Ivkovic today to declare bank holidays today and tomorrow.

Only persons needing money to cover daily expenses are to be allowed small sums.

Germany Drafts Dogs For Army

WASHINGTON, March 28 (AP)—The newest military wrinkle in Germany seems to be selective service for dogs.

Commerce department officials said today German newspapers were carrying a notice to all dog owners to "register their dogs for military service," under penalty of fine and imprisonment.

It is common in Europe to see dogs for carrying articles and pulling small carts, especially in rough terrain.

Grain Crop Below Normal Predicted

WASHINGTON, March 28 (AP)—The agriculture department said today that the total production of feed grains—corn, oats, barley and grain sorghums—may total about 95,000,000 tons this year, 5,000,000 less than normal.

This estimate was based on the 1941 average expected to be planted to these crops, a normal growing season, and a hybrid corn average as large as last year.

Philadelphia Makes Plans For VFW Encampment

PHILADELPHIA—Two hundred prominent persons have been named to the Philadelphia Citizens Committee to entertain the National Encampment of the Veterans of Foreign Wars.

The convention will be held in Philadelphia during the last week in August, and will bring more than 300,000 veterans to the city.

Albert M. Greenfield, real estate broker, was named to head the committee and Mayor Robert E. Lamberton was named honorary chairman.

An ordinance was presented to city council, asking for an appropriation of \$10,000, and the state legislature will be asked for \$25,000 more to be added to \$42,500 being raised by the committee for entertainment of the veterans and their friends.

Beer License Applications Withdrawn

Withdrawals of supplementary beer license applications were noted Friday as dispensers consulted with authorities concerned with the applications.

Records at the office of County Judge W. S. Morrison showed that Eula Bell Parker, J. C. Griffin, F. S. Gomez, and Mrs. M. D. White had withdrawn their bids for the permits to sell beer at their places during prohibited hours of midnight to 7 a. m. and on Sundays.

In every case, the judge explained, they had been abandoned after applicants talked with various authorities and got a clearer understanding of requirements.

The judge, who has final authority in acting on the supplementary applications, explained that he was not taking an arbitrary attitude against granting them, but that borderline cases were being studied closely in light of records and the recommendations of officers.

County Agent, Stockmen Express Thanks For Boys' Show Support

The 4-H club and FFA sale was far beyond our expectation. It was the best sale in this part of Texas, because all of the calves brought Fort Worth top prices and many of them well above Fort Worth top. Most of the boys will not have opportunity to thank the buyers, therefore I wish to speak for both 4-H and FFA boys, and assure the business men of Big Spring and others who helped to make the sale a success that their assistance is greatly appreciated.

Furthermore, the spirit exemplified in this sale shows a wide awake interest in the development of agriculture of the Big Spring trade territory. In this connection, the most progress can be made along two lines: 1. The conservation of rainfall. 2. The development of money crops other than cotton.

It appears that finished beaver fit into our economy better than anything else, because they can be produced from our sudan grass, sorghum, forage, sorghum grains and cottonseed meal. In fact most of the calves in this sale are entirely of home production. The calves were raised on local ranches and the feed used came from local farms.

And just such encouragement as this sale afforded is needed to get more people started to selling their feed crops through livestock. We have as good opportunity to succeed with livestock as the farmers outside the cotton belt, only we have had a cotton complex and have not learned to succeed with livestock.

In beginning anything new to us there will be many mistakes and losses due to these mistakes. Then too the market will not all of the time be favorable. It is only by continual painstaking effort, taking the ups and downs, that we can get away from the all-cotton program that has made southern farmers the poorest of all farmers in America.

Then too, the time came several years ago when all of our cotton could not be sold. We naturally resist change, and the change to other crops will cause some hardships, but we shall emerge from it vastly better off than before.

O. P. GRIFFIN,
 Howard County Agent,
 March 27, 1941.

TO THE EDITOR:
 Please let me add my thanks to those of others for the spirit of cooperation demonstrated by merchants and other individuals and organizations in making possible a good market for the club boy calves. Speaking as a stockman and on behalf of farmers, I know we appreciate the support given by Big Spring people in climaxing a fine show with a successful sale. It did much to encourage boys in feeding out livestock and enabled all the boys to receive a good price for their calves.

Local Recruiting Station In Lead

Sgt. Troy Gibson, local recruiting officer, is moving ahead of the other stations in the El Paso army recruiting area, with the El Paso office giving him the closest competition.

During March Gibson has signed up 18 men from this area as of date and will have sent 21 to regular army posts by the end of the month. The El Paso recruiting officer has sent 30 men from his area.

Latest recruits to be accepted from here for three years service in the regular army are William R. Caldwell and Jesse James of Big Spring and Troyce M. Breeding of Lamesa. Wednesday Gibson said these three have been assigned to an anti-aircraft unit of the coast artillery corps at Fort Bliss.

Community To Profit From Richer Farms

The department of census reports that 2,500 bales of cotton were ginned in Howard county from the 1940 crop, compared to 15,750 from the 1939 crop.
This increase was made despite the fact that 1940's weather conditions were the most unfavorable in years. Howard county has not had poorer moisture conditions since 1937.

Senator Byrnes May Be Too Valuable To Name On Court

By ALSOP and KINTNER
WASHINGTON, March 28—It is foolishly optimistic to assume, as many do, that the struggle in congress over the President's foreign policy ended with the senate vote on the lease-lend law. On the contrary, with the shipping problem growing more acute by the day, and other major war problems arising, congress will probably be quite as intensely preoccupied with foreign policy in the months ahead as in the months just past.

NEW YORK — Those bleak March days—as bleak as any we remember in a long while—have been a boon to such writing men as Phil Stone, Carl Van Doren, Max Miller, James Street, and Liam O'Flaherty. The unseasonable weather has helped them forget the sand in their shoes, the loam-footed urge to be rambling.

Steers Compete In S' Angelo Meet Saturday

Big Spring high school will send four or five Steer tracksters to San Angelo Saturday for the district 2-AA Invitational meet. Coach Pat Murphy said Friday morning.

The list of local thinny-clads slated to test out their wares on a San Angelo field includes Clifton Patton—weights, Alfred Adams—quarter, Robert Delbridge—230 and 100-yard, and Billy Womack—mile. Murphy said Horace Bostick was a possible contender but nothing definite was known on that score yet.

Patton has been flinging the platter a maximum distance of 115 feet in workouts. Murphy stated that the best footage picked up by Patton with the shot was about 37 feet.

Adams clocked 54 seconds over the quarter-mile in a training session Thursday, this being the best time he has marked up as of date. Delbridge covered the 100-yard course in 11 flat yesterday. Billy Womack has not been worked out against the clock in the half-mile chase, Murphy said, but he came in only a nose behind Adams over the quarter during Thursday's run.

It's Only A Pre-Season Vision—

Yankees Look Good

TAMPA, Fla., March 28 (AP)—The really smart move at this point would be to take a run-out powder on the National league, pleading illness from overwork and pointing out that the bill of rights as good as says that no man can be forced to make a fool of himself.

Either that, or take the easy way and pick the Cincinnati Reds to win their third straight pennant behind one of the finest pitching staffs ever assembled. A fellow at least would be assured of some excellent company in the event the world champions did a Brodie.

But this observer either is made of sterner stuff or has become slightly addled by the sun, and besides, he distinctly thought he saw a vision last night. If it wasn't a genuine crystal ball he was gazing into at the time, it at least was a better grade of crystalware.

Yankee stadium (in this far-fetched futurama) was packed to its rafters for an entire world series, shattering every known baseball attendance record and demoralizing the subway service of the nation's greatest city. What a vision! What a double

vision, in fact; it could mean only one thing, folks. Those Brooklyn Dodgers, those Flatbush fuellers, had won their first flag in 22 years. They had agreed to play all the series games in the Yankee stadium (oh, yes, the Yanks won out in the American league yesterday) because of the limited capacity of Ebbets field.

The dream, unfortunately, didn't disclose how the Dodgers got there. It made no attempt to explain what happened to Cincinnati's great pitching staff or how the dangerous St. Louis Cardinals were beaten off. But those are details that Manager Leo Durocher will have to attend to, himself. This observer can't do everything.

One possible clue to what happened to the Cincinnati pitchers lies in the very fact that the Reds won a record total of 43 games by a single run last season. That means that Bucky Walters, Paul Derringer and the others were under a terrific strain in nearly every game they pitched.

Such a strain, if continued indefinitely, is bound to take its toll. Something is certain to snap eventually. And there is no reason to believe that the champions will have any more punch this season than they did last, even with the addition of hard-hitting Jim Gleason to their lineup.

Brooklyn, on the other hand, is ready to go stronger at several spots than it was a year ago and brimming with confidence. Joe Medwick is hitting as of yore and young Pete Reiser looks like a sensation in centerfield. Peeewe Reese is one of the game's greatest shortstops already.

WIDE OPEN BALL PREFERRED BY CONNIE MACK

SAN FRANCISCO, March 28 (AP)—Lean, likeable Connie Mack, ageless enthusiast of baseball, prefers the present slambang, home run type of game to the old 1-0 airtight model; favors universal adoption of protective helmets for batters and thinks the late Christy Mathewson was the greatest pitcher ever to turn a flashy stare on a hitter.

His remarkable career spans the sport from its Iron Man days to the 1941 version but after some sixty years of active participation he is "still learning."

Base hits and runs, the more the merrier, provide more thrills for Mack than the early day battle he fought when a lone run loomed bigger than the grandstand itself. He thinks the present ball is lively enough, however.

The 75-year-old survivor of the "knock 'em down, drag 'em out" era of baseball is in sympathy with the move to equip all batters with beanball helmets.

"The man who invents a helmet that insures absolute protection will make a fortune," Mack said. "Some players may feel now it would reflect on their gameness to wear one but the time is coming when they will be standard equipment."

Mathewson heads Mack's honor roll for pitchers because "Matty had perfect temperament. He had a good fast ball, marvelous curve and perfect control. He really knew how to pitch."

Mack recalled that Mathewson joined the New York Giants in 1901. He credits the great right hander with "practically saving the National league."

"Mathewson pitched wonderful ball for the Giants in 1902-03. In 1905 we played the Giants in the first world's series under the present administration. The series went five games. All were shut-outs. Mathewson pitched three of them and the Athletics didn't score a run off him."

Mathewson never failed in important games. That's why I pick him as the greatest pitcher of all. In contrast my players always thought Walter Johnson was the best they faced."

Women's Nat'l Cage Meet In Final Round

Nashville, Little Rock Clubs Unful Feud Of 3 Years Standing

ST. JOSEPH, Mo., March 28 (AP)—The second chapter of the Nashville, Tenn.-Little Rock, Ark. feud will be unfurled tonight in the final round of the Women's National A.A.U. basketball tournament.

A year ago the two sextets collided with the Arkansas Flyers compiling a 28 to 13 triumph for the crown.

Both clubs have virtually the same lineups they presented in 1940 but the two great stars of the defending champions, Hassel Walker and Myrtle Sheaves, are slowed down by injuries.

They played just hard enough last night to spill the Davenport, Iowa, Sextos, 25 to 18.

Nashville, with Allina (Red) Banks in the driver's seat, polished off Des Moines, Ia., A.L.R. 27 to 19.

The two Iowa sextets will decide third place in the 8 p. m. contest with the championship game scheduled at 9:15.

SPORTS ROUNDUP

By EDDIE BRIEZE
NEW YORK, March 28 (AP)—Here's the season's first no-hitter, boys—Bennett Jaynes, allowing for the Morganon (N.C.) high, beat Forest City, 3-1. We second the motion that it is about time something is done to get old "Smoky Joe" Wood into baseball's hall of fame.

Mike Jacobs, who will shift his fight broadcasts from the latter to the razor maker for \$150,000 a year, must return a \$15,000 advance he received from the latter and N. B. C. For the first time the broadcasts will be piped to Canadian stations.

Today's Guest Star
Jack Singer, N. Y. Journal-American: "Bill Terry, who acts like he wrote the song hit, 'I'll Never Smile Again,' could stand a blood transfusion from the gay and clowning Gabby Hartnett who is the life of the Giant party."

Cincy's Derringer, Walters Set To Ring Up 40 Wins In Flag March

TAMPA, Fla., March 28 (AP)—There's been a lot of strengthening around the National league, particularly at the Brooklyn and St. Louis camps, but when you start thinking about pennant chances it's pretty hard to shy away from Cincinnati's Derringer-Walters pair.

They've guaranteed Skipper Bill McKechnie at least 40 victories the past two seasons and the cautious Deacon figures he can count on them for that many again. That's almost half of the approximately 90 triumphs which generally will assure a championship. Both Bucky Walters and Paul Derringer are confident they can hit the 30-mark again.

Walters, who led the league in victories the past two years with 37 and 32, got into shape early this spring and McKechnie sent him against Boston's Red Sox in the opening exhibition tilt. "My arm feels good and I'm looking ahead to another good year," Bucky says. Derringer, who will be shooting for the 30-circle for the fourth straight year, thinks increased hitting strength in the outfield and general all-around improvement will give the pitchers more help.

There's an old saying — which has run pretty true — that a pennant winner must have two big game pitching winners. A pair who between them can account for 60 triumphs.

For instance, last year Buck Newsum and Schoolboy Rowe picked up 37 and Tommy Bridges added another dozen for Detroit. And Cleveland, the runner-up, had the league-leading Bob Feller with 37, followed by Al Milnar with 18, Al Smith with 16 and Mel Harder with 12.

But it's hard to find any two pitchers who will win at least 30 games each. Rowe won 36 and Bridges 22 for the Tigers in 1936 and Carl Hubbell took 21 and Hal Schumacher 23 the same year for the Giants. Lefty Gomez accounted for 21 and Red Ruffing 20 for the Yanks in 1937.

You'll have to check far back in the record books, however, to find any other team that could boast a pair of 20-game winners for two straight years.

The Reds' No. 3 man isn't far behind Paul and Bucky. Young Gene Thompson grabbed 18 last year and should be good for more. Whitey Moore has always been a good pitcher just a step from a big-game star. He's due to hit the jackpot anytime now.

Then there are Joe Bagg, who won a dozen, chiefly in relief roles; the veteran Jim Turner and Johnny Vander Meer, who may have another good year. Elmer Riddle, John Hutchings, Witt Guise and Bob Logan may add 5 or 10 wins each. Logan was the top southpaw in the American association with 18 wins for Indianapolis. Monte Pearson, who was an in-and-outer with the Yankees, is another McKechnie is counting on. Monte can't think of any ailments to mention.

"I'm in top shape and I believe I can win a handful of games for the Reds," he says.

That pitching corps is what the other clubs are going to find hard to beat. Other clubs can boast better outfielders and infielders and more punch, on paper, they can't match the Reds' hurling.

OKLA. GRAPPLERS ENGAGED BY NAT'L SONS IN NAT'L TILT

STILLWATER, Okla., March 28 (AP)—If anybody ever gets tough enough to yank the national collegiate wrestling throne out from under the Oklahoma Aggies, you can bet your last heavyweight there'll be a transplanted Oklahoman or two mixed up in the deal.

That possibility, remote as it may be, was advanced today by Coach Art Griffith, just back from Bethlehem, Pa., where his Aggies sacked up their fifth straight national title and their 12th in the 14-year history of the N. C. A. A. tournament.

"We ran into Oklahomans every time we turned around," said Griffith, whose record at Tulsa Central high school brought him back to his alma mater this year as successor to the late Ed Gallagher.

"The team that gave us the most trouble was Michigan State," Griffith recalled, "and seven of the eight boys on that team were from Oklahoma—three of them state champions on my own squad at Tulsa."

"Before the tournament was over, I was wishing I hadn't taught them so many things," Griffith said, "and I'm sure I would be back—if the army doesn't need 'em."

The three Michigan States from Tulsa were Merle Jennings, who beat Capt. Calvin Melhorn of the Aggies in the 131-pound championship bout; his twin brother, Burl Jennings, national champ at 128 pounds and Bill Maxwell, who lost to Al Whitehurst of the Aggies in the 156-pound final.

The rest of the Michigan State team, which finished second in the scoring, was made up of two boys from Ponca City, Okla., two from

DALLAS, March 28 (AP)—Dallas is the major concentration point for the stars of schoolboy track and field this season on the basis of records surveyed to date.

So many potential state champions have turned up that Elgin Park's title defenders appear in for trouble aplenty in even taking the district crown.

There's little Jerry Thompson, Woodrow Wilson's mighty miler who has clipped off 4:35.5 this season; big Ralph Nelson, Adamson's great weight man who whirls the discus over 147 feet; Adamson's lanky Earl Collins, who has done the 220-yard dash in 22.2; Forest's Ray Womack, who has a mark of 15.2 in the high hurdles; Sunset's Jim Hoff, with a 2:53 half mile, and Sunset's Bill Hamman, who has ripped off the 200-yard hurdlers in 23.5.

Highland Park has its stars, boasting a mile relay mark of 3:35.6, a pole vaulter with an 11 foot 6 inch performance. The state quarter-mile champion, Larry Wolf, has yet to hit his true stride this season. The vaulter is Bill Hannum, who appears capable of eclipsing the 12-foot mark.

However, Sunset looks like the best balanced team and the one most likely to win at the state meet in Austin next month.

Other outstanding marks made over the state has been by Shepard of Lamar (Houston) with 13 feet 2 inches in the pole vault; six feet high jumps by Patrick of Austin, Loube of Jeff Davis (Houston) and Hary Connors of Goose Creek; Fendleton of Woodborough, who has pitched the shot 51 feet 10 3/4 inches, and Aubrey Vaughn, Laredo's brilliant hurdler and broad jumper. Vaughn has a mark of 23.5 in the low hurdles and 21 feet 5 inches in the jump.

Sunset appears to be the leader in the 440-yard relay with a 4.9 second performance. District meets are scheduled next week in a majority of the sectors, with the others coming the following week.

FLASHY FIRST BASEMAN—That young Yankee leaping so high at first base is none other than our old friend, Joe (Flash) Gordon, erstwhile second sacker, limbering up at his new post in the revised New York infield.

SCHOOL HEAD—Lieut. Col. Omar N. Bradley (above) will succeed Brig. Gen. Courtney H. Hodges as commandant of the United States Army's Infantry school at Fort Benning, Ga. General Hodges becomes chief of infantry.

'TRAINEES' GAS MASKS—Light training gas masks for army inductees are in process of manufacture—masks of a type which could be used in combat if necessary. Here a girl worker puts the chemical container on a mask in the factory.

CALLED UP—Christy Mathewson, Jr., (above) son of the immortal "Big Six" of baseball fame, has been called to duty as an aeronautics specialist in the war department in Washington. He lost a leg flying in China in 1933.

'GOV' BUYS A BUTTON—To inaugurate the March Red Cross drive in Puerto Rico, Gov. Guy J. Swope buys the first button from Senorita Rosa Elena Figueroa y Montoya, queen of the 1941 Ponce de Leon carnival.

'SKELETONS' READY FOR ASSEMBLY—Gas mask faces, like these ranged in ordered rows awaiting assembly in the plant of the Eureka Vacuum Cleaner company in Detroit, are called "skeletons." All attachments necessary to complete the masks for use by army trainees are made on these faces. Gas masks for civilians also will be produced in the plant.

WEAVING FOR WARSHIPS—Hands of Jake Turonc (left) and Valentine Kruk that once wove baby bassinets now build bumpers for U. S. warships—fenders woven of rattan with a forging iron as a center piece. The bumpers, dangled over ship-side, prevent damage from piers or other vessels. Turonc and Kruk learned their trade as youngsters in Poland.

KNITTING TIME FOR JEAN—At Connecticut College for Women, New London, Jean Wallace (left), only daughter of the vice president, knits with Roommate Julie Rich.

EASTER BONNET?—That terrible moment of doubt—such as most women have when they first try on their new purchase at home—seems to be worrying Phil, baby chimpanzee at Philadelphia, as she looks at her new feather-trimmed spring hat.

ZANY—Suspicious that women's millinery is as giddy as ever are confirmed in this mad-cap hat gaily designed by Helen Liebert of red felt with blue embroidery. The antenna-like feather may serve for some short-wave flirting.

MODISH—Chic in its design, but too heavy for Easter wear is this arc welder's helmet worn by Madeline Gross, who's training in Detroit, Mich., for a defense industry job.

STILL STEAMBOATING ON THE MISSISSIPPI—Survival of the storied days when packets plied the principal rivers throughout the Mississippi valley is the "Tennessee Belle," shown tied up at New Orleans. To the accompaniment of less excitement in the surrounding countryside than prevailed in Mark Twain's time, the "Tennessee Belle" makes calls between New Orleans and Greenville, Miss., towing barges laden with rice, sugar, coffee and canned goods. Capt. J. E. (Dick) Dicharry is master of the boat.

EAGLE—Dennis (Denny) Myers, taking over the job of head football coach at Boston College, doesn't look as worried as men in his profession are supposed to appear. Maybe it's because the Eagles haven't lost many lately.

TOO BIG FOR UNCLE SAM—A month after his induction into the army Pvt. Vincent F. Kennedy, 24, (above) had no uniform. There wasn't one at Camp Edwards, Mass., big enough to take care of his 300-pound, six-foot physique with its 52-inch waist, 33-inch leg, 48-inch chest and 19-inch neck. See how a normal size army blouse fits?

IRISH COACH—Disdaining snow which drifted across the practice field, Frank Leahy (above), new Notre Dame football coach, began spring drill at South Bend, Leamy came to the Irish with a winning record at Boston College.

LEGAL NOTICE

NOTICE OF DISSOLUTION

Notice is hereby given that the partnership, lately existing between Dave Duncan of Big Spring, Howard County, Texas, and E. Fred Herchbach and John L. Herchbach of Dallas, Dallas County, Texas, under the firm name of AJAX DRILLING COMPANY, was dissolved by mutual consent on the 5th day of March, 1941, all parties concurring and agreeing in the written instrument of dissolution that they now none of them will use the name "AJAX," nor the name "AJAX Drilling Company," in any business venture in which they may hereafter become interested, either directly or indirectly.

The undersigned, Dave Duncan, has no connection with said company or the other parties named herein, from and after said date, and will not be liable for any debts connected with or contracted in the name of said company, or in the name of or by E. Fred Herchbach and/or John L. Herchbach. All debts owing to said partnership are to be received by the said Dave Duncan, and all demands except that of LUCEY PRODUCTS CORPORATION are to be presented to him for payment. Dated this 7th day of March, 1941.

DAVE DUNCAN,

Hunt For Flower Soil Profits New Orleans

NEW ORLEANS—An iris hunt on the swampy outskirts of this city several years ago resulted in reduced expenses for New Orleans parkway commission and prettier flowers and shrubs throughout the city.

Felix Seeger, superintendent of the commission, noticed the rich leaf loam of the soggy swamp lands and took a load of it back for experiments. Before, the commission had to use bagasse and peat moss to substitute camellias and azaleas, for which this city is famous.

The experiment was successful. The plants not only survived, but the blossoms were larger and more perfect than with other expensive soil mixtures.

Couples Urged To Study Marriage More Carefully

BOSTON—Dr. A. Warren Stearns, Tufts College medical school dean, believes a happy marriage "is a matter of weighing assets and liabilities" and recommends every person getting married obtain a case history of the other party.

Dr. Stearns advises: "Don't marry an undesirable man on the basis that you are going to make a good husband out of him. A confirmed bachelor is not a good prospect — generally some-

has also deferred his decision, which the White House personnel expected last weekend. Second, Attorney General Robert H. Jackson, the other most prominently mentioned candidate for the court place, is not very anxious for it. Thus, although the president would undoubtedly prefer to name Jackson, the way is open for a substitution.

And third, the scheme of naming Barkley to the bench, and so permitting Byrnes to become senate leader, is understood to have been recently suggested to the president. This would solve both the president's and Byrnes' difficulties. The president would get the best leader in the senate for the troubled times ahead, while Byrnes would at last be extricated from his present anomalous position, which is what distresses him most.

Here And There

Jose Arrieta tells, and Sheriff A. J. Merrick confirms, that a spirit medium offered to get a woman's husband out of jail for \$10. She didn't have but \$6, so he agreed to take it up with the spirits for the reduced rate. He conjured for five or six days, missing the necessary connection which would cause the spirits to effect release of the husband. Then the sheriff got wind of the deal and the medium was placed in care of the county. Now he has plenty of time in which to concentrate with the spirits in getting himself out.

Maybe it's a fatalistic attitude, but anyhow city water office employees get a chuckle out of a letter written by an irate water consumer in reference to a bill. After burning the department up, the customer signed "forever yours."

Texas Dogwood trails at Palestine have been postponed now to open April 5. Scheduled to have been opened this Saturday, the trails were put off a week due to excessive rains in the dogwood section.

Members of the Elks club and their guests were entertained at the Elks hall Thursday night with a dance and game party. Boyd McDaniel, outgoing exalted ruler, and Ernest Wisdom, incoming officer, were special guests.

A dutch lunch was served for refreshments and music was furnished by the nickelodian.

Welfare Workers Convene Here

Staff members of the old age assistance commission and welfare workers convened here Friday for a district meeting of the state department of public welfare.

Arch Carson, supervisor of the district, was in charge of the parley.

Jim Cloud, Snyder, W. E. Moore, Sweetwater, Calvin B. Jones, Stanton, and Mrs. Frances Peters, Big Spring, were here representing the old age unit. In addition there were case workers from the 10 counties in the district. Carson directed the meeting in the district courtroom.

Wool Market

BOSTON, March 28 (AP)—(USDA) Actual trading in domestic wools was slow in Boston today. A few inquiries were being received for fine territory wool, but the business was restricted by the lack of offerings for immediate delivery. Forward buying was quiet. Very little interest was shown in fleece wools. Scattered sales were reported on the finer grades of foreign wools.

Progress in Lighting—Ernest L. Foss, director of the General Motors "Preview of Progress" is shown demonstrating the progress that has been made in the field of illumination during the past 100 years. From candlelight, scientific research has progressed to a new form of light called the high intensity mercury-vapor lamp, which Foss holds in his hand. This tiny tube will give off 100,000 candle power—sufficient light to completely illuminate a modern airport. The "Story of Light" is only one of the spectacular demonstrations presented by the "Previews of Progress" at the Municipal auditorium Wednesday and Thursday nights, April 2 and 3 at 8 o'clock. The presentations are free.

Texas Slaying Suspects Taken

SAN ANDREAS, Calif., March 28 (AP)—James B. Alford, 25, and Jack A. Rupert, 24, were held in jail here today for authorities in San Antonio, Texas, where they are accused of killing R. L. Agnew, 42, salesman, two weeks ago.

Sheriff Joe W. Zwings said he had not told them why they were arrested nor discussed the murder charge with them. He said he probably would question them about their recent activities in Texas, but said he would not discuss their replies until the arrival of Sheriff Owen W. Kilday from San Antonio.

Cotton Futures Jump \$1.50 Bale

NEW ORLEANS, March 28 (AP) Cotton futures jumped \$1.50 a bale higher here this morning on a bullish construction of overnight war news and apparently made a response to the firmness in the London stock market.

The volume of business was large, and prices reached the highest levels since February, 1940.

Nazis Upset His Book

Camp Ord to Expand
MONTERREY, Calif. — Lieutenant John L. DeWitt, commanding the 9th Army Corps, has announced that Camp Ord here is to become the second largest army post in the western states. Its 40,000 acres of rolling hill country will be used for training infantry and field artillery.

New Greeting Service Planned

A new service to merchants, whereby they may join in welcoming newcomers to the city, is announced by George Tillinghast, manager of the General Insurance Agency in the Lester Fisher building.

Tillinghast is sponsoring a plan to present each new family in the city with a booklet bearing messages of greeting from various business houses. Special covers to be printed will enclose letters from store managers, and coupons will be attached so that the newcomers may receive a "welcome gift" from the participating stores.

The folders will be delivered in person, Tillinghast said, to new citizens as soon as they arrive in Big Spring. Letters will be directed personally to each family.

John L. Haney of Fort Worth is assisting Tillinghast in getting the plan launched and is calling
