Now is the time for all good men to come to the aid of the party," come General Election Day, Nov. 8th. The Dem-

gratic Party will probably make the grade but two West Texas Democrats need your support. They are Congressman andidate Dee Miller of Amarillo, and Senator candidate Wag-

The Tribune is not a political newspaper and makes no gims as to its influence with voters. This space is not directed to Republicans, but to Democrats who may be on the verge aiding the Republican cause.

Let us weigh these facts: The Democrats are in power and as is a Democratic state. Any influence we may have in ton must come from Democrats. We can't change the ure with Texas Republicans. John Tower is proof, assumog that he is capable, he might as well be in outer Mongolia Washington, as far as his value to Texas is concerned.

When Walter Rogers resigned from the race, the Demoratic party with due process, named Dee Miller of Amarillo the candidate. There is no question but that he is deservng and qualified as much as any young man going to Conress. We as Democrats in the 18th District are pledged to port him. He will certainly have a chance.

One thing is certain, if the 18th District should send Bob rice to Washington under the Republican banner, the 18th district will be without representation in Congress. The Reublicans can't elect him; his support must come from splinter oups or disgruntled Democrats.

Most of us in Motley County know Waggoner Carr of Lubtock, who is presently Attorney General of Texas, and seeking become U.S. Senator in the place of John Tower. Anyone he has followed the career of Waggoner Carr knows that he sa Christian gentleman, and one of the greatest statesmen to me on the Texas arena in many years. He deserves the seat that Tower has been keeping warm. Waggoner Carr is a good man, he is an honest man and he is a capable man. He is a

It is probable that you, as a voter, may be disgruntled with he administration, and that you plan to do something about come November 8. The best way to change things is with epresentation in the party that is in power. To elect Resublicans is like throwing the pole, line, hook and bait in the reek. It is, of course, your prerogative. It is your vote.
