DPS Urges Caution for Thanksgiving Traveling

The Thanksgiving Holiday has always been a day when we give thanks for the lifestyles we enjoy here in the United States - some things a lot of us take for granted, such as our freedom, good food, vacations, and our automobiles. Everyone appreciates the automobile and all it has brought to this nation in transportation, but it could be an instrument of suffering and even death.

Major Vernon Cawthon, Regional 110th District Judge, also said, "The Department of Public Safety wants you to have a safe and pleasant holiday, so whether you are planning a trip across town or across the state, Remember, that the early darkness and heavy traffic will take more care and more speed.

"This Thanksgiving weekend, thousands will be on the streets and highways. Some drivers will only be going across town - others will be on long journeys. The safest thing to do is to slow down and allow other drivers to pass you. This not only makes driving safer - it makes it more pleasant for everyone else."

Russell explained the situation of traffic volume for Thanksgiving.

Russell asked the Court as pass the budget correction. Then Franklin Johnson will replace Wash- ter on the SPAH board. Votes were canvassed and passed. Court went into executive session at this time. No decisions were made.

Live as if Christ died yesterday, rose this morning, and is coming back today.

Thanksgiving, the time of giving thanks for the blessings and personal satisfactions of the year, was brought to this nation by the Pilgrims of the Mayflower in 1621. The first Thanksgiving was held by the Pilgrims at Plymouth in December of 1621 and continues to be a national holiday observed on the last Thursday in November.

To our seniors: Jason, Billy, Neal, Johnny, David and Matt, you held your heads high. We know that you played your best and with this season's learning experience, you will continue to be a credit to your school, your home and your community.

Thank you for your vote for a service of excellence for your community.

UMYF to hold Holiday Parties

by Mandi Carson Secretary

For my year in UMYF, many activities are planned. For all of our good times and fun we will have a bake sale on November 17 and December 28, as Farm N-Asestone Day is in Marydcc, so come come and see all the good candies and cookies we will have. Also, we will have a bazaar on November 21 and if you are in the youth group we ask you try to bring something to bring. Thanksgiving, nothing big or fancy, just a snack. We will also have a Christmas party on December 19. If you are in the youth group you will need to bring a gift. You don't need to spend more than $2.00 or $2.50.

If you need more information please call Mary Moore at 347-5277 or Mandi Carson at 247-2766.

Emmy Roy

The 4-1 horse method demonstration team from Texas A&M University, including former 49er teammate, Bob Winslow’s daughter, Tami Roy, who moved from Georgetown to Weatherford, the ghost rider, said Roy’s “method demonstration at state competition last year that won both the state and Southern Region 4-H Horse Classic in Denver, CO, recently.”

The demonstration entitled “Methods of Preparation of an Injured Horse” is one of the 14 method demonstrations presented by the GAR at the state competition. Roy is immediately followed by her husband, C.L. Roy, and the two are congratulating the GAR on winning the state competition. Roy is currently assigned to the Mediterranean Sea with the 4th Fleet.

The demonstration featured includes foot care, hoof care, and the use of casts to treat injuries. The team presented their method in front of a panel of judges, and Roy explained the various techniques used to care for injured horses. The judges were impressed with Roy’s knowledge and the demonstrations were well-received by the audience.

The 4-H horse program is a cooperative venture between the Garfield County Cooperative Extension Service, Texas A&M University, and the U.S. Department of Agriculture. The program is designed to provide educational opportunities for 4-H members and their families.

Thank you

The GAR would like to express their gratitude to all of the volunteers who helped with the state competition. The GAR would also like to thank the GAR staff for their hard work and dedication. This year’s treated acreage was the highest since the program’s inception in 1964. The program, which is funded by the state, is designed to help farmers and ranchers by providing educational materials and resources on pest management.

God Bless You, The family and friends of Roy Rabinson.

As a side note, this week’s weather was cooler and more typical of the season, with temperatures ranging from the low 50s to the high 70s. The GAR would like to thank all of the volunteers who helped with the state competition. The GAR would also like to thank the GAR staff for their hard work and dedication.

HSL-80 Pilot Receives Navy Commendation

In a recent ceremony, LT. Raymond D. Delamo, commanding officer of the HSL-80 Pilot, received the Navy Commendation Medal for his actions during a rescue mission in the Gulf of Mexico.

The GAR was awarded a gold star in lieu of re-election for the office of Justice of the Peace in the Primary and General Elections. They are excited to serve you once again.

Thank you,

Cora M. Smallwood

Glory In The Morning

Each day that brings with it the miracle of morning, is as if God sets the sun down over the horizon of our lives, and says, “tomorrow will be another day!” All that is required is to begin each day with a positive attitude and a willingness to face the challenges that lie ahead.

There will be some days that are easy, and some that are difficult. Some will be uphill battles, while others will be smooth sailing. Whatever the case, each day is as God has made it to be, and we should approach each day with the same attitude that we would approach any other day.

The GAR would like to thank all of the volunteers who helped with the state competition. The GAR would also like to thank the GAR staff for their hard work and dedication. This year’s treated acreage was the highest since the program’s inception in 1964.
