

The War Today— Severe 'Bleeding' Of Germany In Drive On Russia To Profoundly Affect War

By DeWITT MacKENZIE
Herald Special News Service

Thus far the Iranian (Persian) "resistance" to the Anglo-Russian invasion has borne the earmarks of being largely of the token variety, that is, a display calculated to be realistic enough to provide an excuse to the Nazis but not sufficiently serious to impede the occupation.

In any event, armed opposition by the Persians now would appear to be too late, since the allies already have occupied the strategic positions and reportedly safeguarding the vital oil supplies. Thus Herr Hitler has been frustrated in one of the objectives of his Russian invasion—the seizure of Persia.

It is an interesting commentary on the stolid Russian view of present cataclysm in which it is involved that communist chief Stalin has found time, while invading

Iran and maintaining a back-to-the-wall defense against Hitlerites, to rebuke another potential enemy—Japan. Stalin has notified Tokyo that the Soviet will regard it as an unfriendly act if Nippon interferes with the shipment of American war supplies through Vladivostok.

The red leader either is a colossal bluffer or he has the utmost confidence in his ability to defend Russia's interests. In view of the amazing resistance which the bolsheviks have made to the Nazi invasion, he would seem to have a right to feel a very considerable degree of assurance. Certainly Japan will look twice before throwing down the gauntlet, for the Soviet is heavily armed in the Far East.

Meanwhile two of the most sanguinary battles of the whole war—the sieges of Leningrad and Odessa—are raging with increasing fury toward a climax. The fighting is especially fierce in the Leningrad area, where the Nazis are pressing forward over terrain made heavy by rains.

Hitler is throwing his man-power against the Russian defense with that traditional German determination which doesn't allow loss of

life to stand in the way of success. There is no doubt that the fushar's forces have been getting a terrible bleeding in his Russian adventure, and this is bound to have a profound effect on the progress of the war.

British Premier Churchill in his broadcast Sunday called attention in his graphic language to the great drain on German man-power. "For the first time Nazi blood has flowed in fearful flood," he said. "Perhaps a million and a half, perhaps two million, of Nazi cannon fodder have hit the dust of the endless plains of Russia."

Those figures seem to conform to the estimated of most military experts.

The total strength of the German army, including the older men, has been figured at between 5,000,000 and 6,000,000. The two million or so casualties (and Moscow estimates that a million have been killed in the Russian war alone), undoubtedly represent shock troops which cannot be replaced until more come of fighting age.

Such losses cannot continue without telling heavily on the German strength. And with the growing power of the allies we may expect that the fighting will be bloody from now on to the end.

Hoyt's Brought Renewed Health To Me Says Madden

Railway Employee Says Gas, Stomach Pains and Indigestion Are Gone Thanks To Hoyt's Compound.

Mr. R. W. Madden of 3720 23rd Camp, a resident of Ft. Worth, Tex., for 21 years, who has been employed by the T. P. Railway Co.

since 1914, says: "For years I suffered with indigestion, gas, bloating, and constipation. Soon after meals I filled up with gas. I had every symptom of appendicitis. I had a burning sensation in my stomach and pains.

"I am certainly glad that I tried Hoyt's Compound for it has put me back on the road to good health and I no longer suffer indigestion, gas, bloating and am fast gaining energy. The trouble that seemed to be appendicitis has disappeared and I feel better than I have in years. Hoyt's is the grandest medicine I have ever heard of!"

Hoyt's Compound is recommended and sold by the Collins Bros. Drug Store and by all leading druggists in this area.—adv.

COACH—New head football coach at the University of Southern California is Justin "Sam" Barry (above), who succeeds his long-time superior, the late Coach Howard Jones, Jones died July 27.

Receiver Named For Big Ranch Holdings

LUBBOCK, Aug. 28 (AP)—Judge Daniel A. Blair of the 72nd district court appointed a receiver here today for the sprawling holdings of the Mallet Land and Cattle company in four West Texas counties.

J. Lee Johnson, Jr., of Fort Worth, a member of the board of directors, filed the petition asking receivership. He posted receiver bond of \$100,000. Sam C. Arnett, Sr., Lubbock bank president, was named receiver.

The petition came as a cross action against the equity suit filed in a Kansas City court by Miss Catherine Devitt of Lubbock, in an attempt to restrain directors from leasing parts of the 53,000-acre ranch in Hockley, Cochran, Yoakum and Terry counties for oil development.

Johnson listed company holdings exceeding \$100,000.

Gas Station Girls Find Fun In Work

PHILADELPHIA, Aug. 28 (AP)—You working gals who've been pinning your heart out to become the boss' secretary might be overlooking something just as good in the gasoline station business.

"It's much more exciting than dictation," declares 25-year-old Dorothy Wilson, a former typist and one of seven girls being tested as station attendants.

The Sun Oil company is experimenting with the "gas girls" to see if they could replace men in event of a labor shortage due to the defense program.

And they're doing all right so far, at least considering the traffic they're detouring into a suburban station where they're performing after a week of schooling.

Chosen for ability and charm among some 600 applicants, the six blondes and a brunette got their first actual test in public yesterday, servicing radiators and windshields, inflating tires, dishing out gas and oil and keeping station records—all of which is to bring them \$100 monthly.

"To me it's a matter of serving oil instead of peach pie," commented 21-year-old Sophie Boychuck, former chain restaurant waitress.

"I'd rather serve oil because it means working outdoors. My boy friend thinks the job's a great idea—he's going to drive by to see me."

She's a pleasing sight, too, in her snappy blue clothes—those cute divided skirts you know—Sam Brown's belt and overalls cap.

'Blue Stamp' Foods For Month Listed

Foods available during September for purchase with blue stamps by families taking part in the Food Stamp Plan in Howard county were announced today by Robert M. Moss, local stamp plan representative. These foods are obtainable in local stores throughout the month of September and are the same as those available during August.

The complete list of "blue stamp foods" for the period Sept. 1 through Sept. 30 in all stamp plan areas is as follows: apples, prunes, plums, apricots, oranges and peaches, fresh vegetables (including potatoes), corn meal, shell eggs, raisins, dried prunes, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

LIQUOR VENDORS DO NOT DRINK PRODUCT

Brewers and distillers keep up their bombardment of advertising urging the people to drink more, but when it comes to employing men to help sell the stuff they very plainly inform all and sundry drinkers need not apply.

In a recent issue of the Phoenix (Ariz.) Republic and Gazette the following classified advertisement appeared in the "Help Wanted" column:

WANTED—Bartender who is willing to learn, work in bar and cafe. Single, age 30 to 45. Steady, sober, for out of town. One who is not afraid to work. State experience, salary you expect. Room and board furnished with the job. Drinkers, floaters, please don't answer. References required. Box 27-L, Republic and Gazette.

If the liquor sold in saloons, cafes, etc., is not good for an employee to use, why should the customer be sucker enough to drink it? The fact that a liquor dealer warns against the use of booze ought to be a sufficient notice to wise men and fools alike.—(Submitted and published by request of local W. C. T. U.)

Luxury Chalet Lumberjacks
TUFFER LAKE, N. Y.—Lumberjacks on a nearby job are quartered in cozy rustic cottages of a swanky summer estate, but they are uneasy. They long for the old bunkhouse. "None, it ain't right," said an old timer. "It's very nice—yes, air, very fine—but it ain't right."

Hundreds Of Farmers Expected At Meeting Here Friday

Farm Bureau Group Will Form Plans

Hundreds of farmers and ranchers from a 39-county area in West Texas are expected to convene at 10 a. m. Friday at the Settles hotel for a district meeting of the Texas Farm Bureau.

According to H. E. Wood, Concho county farmer and director of the organization for the district, plans for the 1942 farm program will be the principal subject of discussion.

Each of the counties in the district is expected to send at least 25 men to the meeting. As host county, a Howard county attendance of 800 is sought by the county unit of the bureau.

Speakers will include J. Walter Hammond of Abilene, president of the Texas Farm Bureau, and E. R. Alexander, general manager of the bureau. Alexander, formerly an economics professor at A. and M. college, has gained wide popularity as a speaker.

"Farmers of this area may well

WORK HATS MAKE WORK—Stacks of the army's floppy informal work hats make an armload for Molly Tompkins at M. Sloane plant in St. Paul, where 160,000 caps are being made.

thank the Farm Bureau for the great increase in prices of cotton, wheat and other crops above last year," Wood declares. "Without the strength of farm bureau members in 41 states and the leadership of Edward A. O'Neal, president of the American Farm Bureau federation, President Hammond of the Texas bureau, and other state leaders testifying before congressional committees, the 85 per cent parity loan for cotton would not have been provided. Congress was made to realize that farmers deserved better prices.

"Without a cotton loan serving as floor for the cotton market," he continued, "we would be receiving far less than 10 cents per pound. But the point we must watch is this: the loan applies on 1941 crops only. We must band together to hold this loan for 1942 and following years."

The district is composed of Andrews, Borden, Coke, Concho, Crane, Dawson, Ector, Fisher, Gaines, Glasscock, Howard, Martin, Menard, Midland, Mitchell, Nolan, Scurry, Sterling, Tom Green, Brewster, Crockett, Culberson, El Paso, Hudspeth, Irion, Jeff Davis, Kimble, Loving, Pecos, Presidio, Reagan, Reeves, Schleicher, Sutton, Terrell, Upton, Val Verde, Ward and Winkler counties.

Proposes Shipment Of Gasoline By Rail

WASHINGTON, Aug. 28 (AP)—Senator Maloney (D-Conn.) proposed Wednesday that all unused railroad tank cars be set to rolling in an effort to relieve shortages of gasoline, fuel oil and other products.

"I have the feeling that we may press the now unused tank cars—and other tank cars not badly needed elsewhere—into immediate service," Maloney said. "I know that the cost of transportation by rail has been considerably greater than by tanker and pipe line."

Woman Holds Purser Job

SANDUSKY, O.—Believed to be the only woman assistant purser on ships plying the Great Lakes, Helen Paterson, of Leamington, Ont., was never on a boat before she took the position this summer.

Miss Paterson completed her nursing studies a year ago and then worked in the Hopewell hospital in Leamington.

The 1939 production of silk stockings was 640,488,000 pairs.

Roping Slated At Colorado Roundup

COLORADO CITY, Aug. 28 (SpI) Matched roping will be an added attraction during the Colorado City Frontier Roundup rodeo next Thursday and Friday. It was definitely learned here this week.

Jim Espy of Fort Davis will be on hand to rope against Somy Edwards of Big Spring, according to information received by Jenks Powell, chairman of the Roundup rodeo committee.

The roping will probably be held after one of the regular night rodeo performances.

Farm Loan Ass'n Members To Meet

COLORADO CITY, Aug. 28 (SpI) Plans are going forward for the annual membership meeting of the Colorado National Farm Loan association at the Palace theater in Colorado City at 2:30 Wednesday afternoon, Sept. 10.

E. K. Mackey, president, and Chas. C. Thompson, secretary-treasurer, head the program committee. The attendance committee includes the board of directors—J. R. Oglesby, Westbrook; U. D. Wulfjen and A. K. McCarty, Colorado City; R. H. Bennett, Roscoe.

The seven-mile ocean abyss east of the Philippine Islands is about as far below sea level as the highest peaks of the Himalayas are above it.

Farmers Work Overtime Getting Big Feed Crop Stored In Trench Silos

Hurrying to get ahead of the cotton picking season, many farmers in the Big Spring area are working overtime these days to store a bumper feed crop in trench silos.

Although no accurate check is available, the amount of fodder going into the ground this year is expected to far exceed any previous year's total.

Those who have filled trench silos in previous years are filling more this season than ever before, almost without exception.

Many who have not tried this method of storing feed before are taking it up. Many are making inquiries to the county agent as to the proper means of building trench silos.

County Agent O. P. Griffin has listed these hints for building of the trench silo:

1. Be sure the side walls slope enough. Each should slant in two and a half feet for each six feet of drop. When walls do not slope sufficiently, the ensilage sometimes breaks open in cracks when settling, thus causing spoiling.

2. The ends of the trench should be sloped so that feed can be easily removed. When possible, it is

preferable to build the trench on the brow of a slope, so that the open end will form a natural entry.

3. Trenches may be as small as two feet by two feet. Size should depend on the number of animals to be fed, since an entire laying of silage across the face of the trench must be removed daily. Chopped silage weighs about 40 pounds per cubic foot.

4. Length may be whatever is necessary to store the feed on hand.

5. If feed is not cut before being placed in the trench, bundles should be laid lengthwise of the trench. Twine holding the bundle should be cut so that the fodder will pack well. Uncut silage has proven very satisfactory, except that the labor of removing it from the trench is greater.

In pointing out the economies of trench silo storage of feed, Griffin estimated the cost of digging the trench at 30 cents per ton of silage. Contractors usually will remove dirt for 15 cents per cubic yard, and a half ton of silage can be stored in a cubic yard of space.

Cost of putting the fodder into the trench depends upon the methods used, amount of home labor

used, etc. Cost of storing chopped-up fodder, including cost of mowing, cutting and putting in the trench, is figured to be no greater than that of mowing the feed with a row binder, shocking and stacking in haystacks.

MANPOWER

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention. The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day. If the 16 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

PAGE FOUR Big Spring, Texas, Thursday, August 28,

Daily Calendar Of Week's Events

THURSDAY
RUTH CLASS of the First Baptist church will meet at 7 o'clock at the home of Mrs. Ora Johnson, 504 Main, for a picnic.
FRIDAY
EASTERN STAR annual Robert Morris picnic will be held at 6:30 o'clock at the city park.
RED CROSS work will be supervised by Mrs. Horace Wooten all day.
MRS. C. S. KYLE will have charge of sewing at the Red Cross room during the day.
SATURDAY
COUNTRY CLUB will have a morning coffee from 10 o'clock to 12 o'clock at the clubhouse during the annual country club golf tourney.

Marriage Of Fairview Couple Is Announced

FAIRVIEW, Aug. 28. (Spl.) — Harvey Fryar and Gwendolyn Rhodon were married last Friday in Fort Worth, it has been revealed here.
Accompanying them to Fort Worth for the occasion was W. A. Hagner.
Mr. and Mrs. W. A. Langley visited in Fort Worth and Dallas recently.
Mr. and Mrs. W. N. Yater visited Mrs. J. M. Yater of Big Spring. Relatives from Grand Falls and Hamlin were also there.
Mrs. W. N. Ely of San Angelo visited her sister, Mrs. J. E. Hamman.
Mr. and Mrs. Hulon Davis and daughter, Frances, visited Mr. and Mrs. Jack Bailey of Lamesa.

Visitors Begin To Depart For Their Homes

The first of cool weather, a rain and returning travelers hit the town today as the September days draw near.
Looking around town, Mr. and Mrs. Victor Martin returned Wednesday from a month's vacation in Pennsylvania, West Virginia and Ohio. They were accompanied home by his sister, Mrs. J. Frank Akin of Hundred, W. Va., who will visit here.
Mrs. W. D. Tolleson of El Paso returned home after a stay in the C. E. Morgan home.
Theresa Waldrop of Dixie, La., returned home after a three week visit with Mr. and Mrs. Escol Compton. The first of the week Miss Waldrop, Mr. and Mrs. I. C. Sneed and Alan of Longview, Tom Compton, Mr. and Mrs. Escol Compton and Benny, visited with John Compton at Goodfellow Fla., San Angelo.
Mrs. Roy Owens and son, Benny Pearson, of Austin planned to leave Friday for home after a visit here with Mrs. Louis Brooks.
Elizabeth Carruthers of Snyder arrived to visit this week with Ann Anderson.
Mr. and Mrs. T. R. Barnhill of Hobbs, N. M., spent Monday visiting Mr. and Mrs. Stewart Womack.
Mrs. J. D. Berry of Cleburne, Mr. and Mrs. Stewart Womack and Mrs. T. R. Barnhill of Hobbs, N. M., visited in Snyder Tuesday with Mr. and Mrs. John Watts.

Eastern Star Picnic Is Postponed Until Friday Night

The Robert Morris Eastern Star picnic originally scheduled for Thursday night at the city park has been postponed until Friday night. Members and families will meet at the park at 6:30 o'clock Friday evening for the affair.

Breakfast And Theatre Party Are Given To Honor Miss Don Hutto

MANDARIN sleeves accentuated by buttons pronounce a new theme. In slender silhouette, with fly-front collar, this Forstmann woolen dress suggests classroom or office.

Mrs. Swartz And Mrs. Carter Are Hostesses

A breakfast in the morning and a theatre party in the evening honored Don Hutto, bride-elect of Harold Garvin of Duncan, Okla., Wednesday. Miss Hutto is to be married Saturday evening.
Mrs. A. Swartz was hostess to a group for a breakfast in the gameroom of their home. A kitchen theme was used in the decorations.
A clothes line was stretched across the room with tea towels embroidered with each guest's name. The table was centered with such necessities as a charboyl, lux, cleanser and cleaners.
Placecards were made of wooden clothes pins.
Guest list included Mary Louise Wood, Mrs. Shine Phillips, Mrs. George Oldham, Mrs. W. T. Barber, Mrs. J. Gordon Bristow, Mrs. Curtis Driver, Mrs. Vahos Lebkowsky.
Mrs. Ben R. Carter, Nina Ross Webb, Mrs. William Tate, Mrs. Lee Rogers, Rosemary Laastler, Mrs. Frank McCleskey, Mrs. J. Y. Robb, Clarinda Mary Sanders, Miss Hutto and Mrs. Swartz.
An embroidered towel was sent by Nancy Phillips of Abilene.

Big Spring Hospital Notes

Mrs. W. C. Garner is receiving medical attention at the hospital. H. W. Cross was dismissed from the hospital Wednesday.

Hobo Party Is Held By Beta Sigma Phi

The king and queen of hobos was chosen Wednesday night when the Beta Sigma Phi sorority was entertained with a hobo party at the home of Myrtle Jones. Deortha Roden and Sara Reidy were co-hostesses.
The party was also given to honor Marie Womack who is leaving Sunday for Station where she will be WEA supervisor for three counties for school lunches.
Mrs. Jim Bob Pool was named as queen of hoboes and Paul Drouet was made king hobo.
A gift was presented to Miss Womack and a hobo lunch was served in the yard. Hot dogs and beans comprised the hobo lunch that was cooked over the fire in the yard.
Following the supper the group went to Scenic Mountain for dancing.
Attending were Howard Schwarzenbach, John Reidy, Jim Bob Pool, Mrs. Murlan Smith, Mr. and Mrs. Paul Darrow, Cliff Dunagan, Ed Talty, Len Thompson, Don Burke, Roy Bruce, Elizabeth Northington.
Clarinda Mary Sanders, Charles Pool, Zelma Farris, Neal Rosemond, Marie Maxfield, Albert Fisher, Jr., Fred Koberg, Woodrow Wadzeck, Mary Belle Mengor, Dorothy Dean Sain, Clyde Courtney, Bill Estes, Mr. and Mrs. Loyd Wooten, Mr. and Mrs. Theo Willis, E. C. Bell, Mrs. Hiram Knox.

Glassware Shower Given Mrs. Manning By Forty-Two Club

A glassware shower was held Wednesday for Mrs. C. E. Manning when the All Around Forty-two club met in the home of Mrs. Jim Harper.
Mrs. Manning's home was recently destroyed by fire. Forty-two was played and prizes went to Mrs. R. V. Forestry, and Mrs. Marvin Wood.
Watermelon was refreshment and others present were Mrs. E. J. Tatum, Mrs. Frank Gray, Mrs. D. S. Orr, Mrs. Marshall Byerley, Jr., Mrs. W. C. White, Mrs. C. H. Tamplin, Mrs. D. P. Day, Mrs. P. M. Bradley, Mrs. Manning.

It's About Time...

By DOLORES BOLAND
It's about time to have a bedroom with white or pastel walls. Paint inexpensive wooden brackets the same color as walls and hang them to one wall. On each bracket, place a Victorian bouquet of artificial flowers.

James Holley Has Party On His 11th Birthday

James Holley celebrated his 11th birthday anniversary Wednesday evening with a party given in the home of his parents, Mr. and Mrs. R. L. Holley.
Games were entertainment and birthday cake was served. Others present were Benny Pearson, Billy Satterwhite, Jimmy Martin, Linda Nell Sullivan, Dolores Hull, Clarice Petty, Dorothy Satterwhite, Patsy McDaniel, Pat Kenney, Joe Dick Merrick.
Mrs. Louis Brooks, Mrs. Roy Owens of Austin and Clydene Staw of Austin.

Young People Attend Corps Cadet Rally

A group of Big Spring young people and Major L. W. Canning, Salvation Army head here, spent Thursday in Abilene where they attended a rally of the young people's Corps Cadets.
The sessions were to last both morning and evening with young people from Fort Worth, San Angelo, Wichita Falls, and Big Spring scheduled to attend.
Col. William George Gilks was in charge of the meetings with Major Harold Stout, young people's secretary, as assistant.
Attending from here with Major Canning were Lt. Juan Mason, Wanda Jean Harrison, Anna Jane Hanes, Melba Holland, Florine Daylong, Arvilla, Byron, and De Wayne Hooper, and Frank Gregg.

Needle And Thimble Club Meets Wednesday

Mrs. Jimmy Medford was hostess to the Needle and Thimble Sewing club in its regular semi-monthly meeting Wednesday afternoon at her home.
Embroidering was the activity for the meeting and refreshments were served to Mrs. Buck Tyree, Mrs. Dalton Johnson, Mrs. D. R. Gartman and the hostess, Mrs. Tyree will entertain next on Sept. 10.

Human beings must be no kin to ducks as they shy off from rain, like prissy kittens. Getting out in the rain and wet doesn't appeal to them a bit.
When the heavens open and the rains descend, most people just turn over and go back to sleep again. Those who do wander outside do so with irritation because they get their feet wet.
Seems kind of funny too, since most of us are addicted to a Saturday night bath, if no other, and always talk about the rain being needed for the crops. But nobody ever thinks that they need the rain on them. Galoshes, raincoats and umbrellas are all devised to keep the human from getting in contact with the rain.
But it occurred to us that maybe folks need the showers as well as the crops, the country and flowers. Maybe we'd feel as revived as the vegetation does if we got out in the rain and let it soak us through.
It might make us feel better and look better. Of course, we might catch a cold and a sore throat too as humans are such delicate things. So don't try this unless your Doc is the sort to say "that was a good idea," while he prescribes for the sniffles.
But we are a sort of form of vegetation too, and what's sauce for the goose is sauce for the gander, according to y's olde proverb.

Walter Bishop Is Honored On Birthday With Barbecue
Walter Bishop was honored on his birthday anniversary Wednesday night with a barbecue given by Mr. and Mrs. D. W. Webber in their yard.
Following the barbecue the guests visited. The guests included Mr. and Mrs. Bishop, Mrs. D. W. Dainwood and Margaret Sullivan, both of Dallas, Mrs. Fannie Smith and Mrs. Louis Bird, both of Vernon, Mr. and Mrs. Harry Stalcup, Bill Webber, and Mr. and Mrs. Bishop.

Forsan Residents Have Outdoor Chicken Dinner
FORSAN, Aug. 28 (Spl.) — Mr. and Mrs. Larkin Longshore were hosts to their neighbors for an outdoor chicken dinner at their home Tuesday evening. Those enjoying the occasion were Mr. and Mrs. Mark Nasworthy, Mr. and Mrs. Walter Gressett, Mr. and Mrs. C. L. West, Mrs. Idella Alexander, Mrs. Dora Roberts, John Nasworthy, Dorothy Jean, Donald and Kenneth Gressett, Aquilla, Jim, Mattie and Haroldine West and Roy Longshore.

Miss Hurley Honored At Barbecue Dinner
FORSAN, Aug. 28 (Spl.)—Lucia Ann Hurley, house guest of the R. L. Carpenters and Hollis Jimmie Gilmore were entertained with a barbecue dinner at the Carpenter home Tuesday evening.
Swimming and dancing was entertainment and those present were Russell Wilson, Harold Shaw, Wanda Nell Griffith, Bobby Cowley, Carol Jean Criner, Virgil Green, Jr., Mary Ellen Butler, Floyd Griffith, Amanda Lomax.

Swimming Party And Watermelon Feast Held By Class
A swimming party and watermelon feast was held Wednesday evening at the city park by the senior girls class of the First Methodist church.
Tennis was also entertainment and Mrs. Joe Birdwell, teacher, was in charge.
Present were Ellen Dempsey, Peggy Thomas, Herriett Mayer, Letta Frances Walker, Janice Yates and Dorothy Sue Rows, all members. Guests were Leola Faye Vines and Billy Gilmore.

Premium Sought For First Bale

Swinging out to raise premium money for the first and second bales of Howard county cotton ginned from the 1941 crop, a team had raised \$50 at noon Friday.

V. A. Merrick and D. D. Douglas reported the following subscriptions toward the premium list:

Texas Electric Service, Big Spring Motor Co., Barrow Furniture, and Big Spring theatres, \$7.50 each; J. C. Penney Co., and Sherrod Supply Co., \$5 each; J. & W. Fisher and Lee Hanson, \$2 each; and S. A. Hathcock, \$1.

Another team was due to make the rounds Thursday afternoon. Meanwhile, those who will subscribe to the fund, which will be divided 60 per cent for the first and 40 per cent for the second bale, were asked to call the chamber of commerce. Aubrey Weaver brought in the first bale Tuesday and J. D. Wright the second bale Wednesday.

"THEY CALL ME 'DOC'"

"When someone complains of indigestion I hand them one of my ADLA Tablets," wrote Mr. M. of Penn. If "Doc" met you he'd probably hand YOU one! Aviation Comes Of Age In The United States

By MORGAN M. BEATTY

AP Feature Service Writer

WASHINGTON — Between National Aviation Day, 1940, and the same day this year (August 19), the airplane has reached full stature as the great Jekyll-Hyde of modern civilization.

And man's sky-bird seems destined to fulfill that role for unnumbered years to come.

That's the consensus of air-minded military, commercial and engineering opinion in the midst of our own feverish push for 50,000 airplanes for defense.

Most expert forecasters in the aviation field base their opinions on these contradictory and still developing facts:

1. The airplane has demonstrated its capacity to fly the oceans as well as the continents, regularly and safely. That means the plane even now is beginning to carry commerce to the remote areas of the earth and to eat up the distance separating the great centers of world development. It is thus capable in the future of relieving congestion of population and spreading the benefits and comforts of civilization to untold millions.

2. Military genius, meanwhile, has developed the airplane into a No. 1 weapon of war. It has not distinguished between helpless civilians and military belligerents. Until the military mind can provide better sights for its flying battle-wagons, it is under blanket indictment for adhering to no code of chivalry.

3. The airplane, nevertheless, has proved itself a critical weapon of warfare, extending fire power far beyond front lines, so that every nation must build that instrument to its efficient best, get the most airplanes its taxpayers can afford.

4. Yet, the air weapon so far has been able on its own hook to capture no better a strategic area than the island of Crete, a comparatively unimportant pawn of war. True, the feat was almost miraculous. But the fact remains that the bomb absorption capac-

ity of larger, better-defended areas, is too great for the moment—for air conquest. Tomorrow, the airplane may give a different account of itself.

In any event, the portent of the future is bigger and better airplanes, both for war and peace. If the plane develops in the next ten years as it has in the last ten, most air-minded military men envision great armies and navies of the air.

"We already know," says Secretary of the Navy Frank Knox, "that the range of aircraft will be 25,000 miles and more 10 years from now... that battleships eventually may fight in the skies, rather than on the sea... and an air transport may carry 1,000 men, instead of 50!"

That means most air experts foresee the not far distant day when the airplane will have even more efficient motive power than the highly efficient gasoline motor. The deadweight fuel requirements of motors now limit the range.

Already the airplane industry is exploring the fringes of new motive power. Some builders have brought out the principle of jet or rocket propulsion to an astonishing degree. By utilizing exhaust gases, from the motor, they claim they've added 10 to 15 miles an hour to air speed.

Meanwhile, the scientists of all nations are working secretly with cyclotrons and similar experimental giants to develop the power of atoms.

If the scientists should harness atomic power in the near future, the aviation engineer will grab it first. Atomic power should reduce the deadweight of fuel.

After the war, what? As matters now stand the future is not too bright for the 50,000 to 100,000 pilots we're turning out every year in both civil and military aviation, nor the 100,000 technicians. But there is hope.

John H. Jouett, president of the Aeronautical Chamber of Commerce, tells us the immediate postwar horizon for the airplane may be cargo-carrying.

"Military men are carrying tanks, ambulances, trucks, torpedoes by plane, and hauling gliders..." says Mr. Jouett. "Their work will be invaluable in the development of the cargo plane for peacetime."

Jouett suggests we have great undeveloped areas in the western hemisphere alone, such as the Mato Grosso of Brazil. These, he believes, are fruitful areas for

How US Plane Output Has Soared

1932	1,142
1933	1,057
1934	1,209
1935	1,568
1936	2,700
1937	3,230
1938	4,498
1939	6,119
1940	12,548
1941	25,000

(1937-1941 estimates by Aeronautical Chamber of Commerce.)

4. NEW AIR BASES built or building for the navy total 60. The army listed 27 for the year ending July 1. Monthly U.S. warplane production has been practically tripled in 13 months.

2. MECHANICS, welders, weather observers, etc., are being graduated at the rate of 100,000 a year.

peaceful air conquest by all nations.

"It is possible that air freight rates will ultimately be as low as rail rates, and freight by air can go where rails cannot go at all. Chile and minerals now are coming out of the jungles by air."

1. PILOTS: 12,000 are trained a year by army, 10,000 by navy. (Exact figures secret). CAA trains more.

3. PARACHUTE TROOPS for the army and marine corps number 8,000. A year ago: none.

Funeral Set Here For Wm. Crawford

Funeral services will be conducted here Saturday at 4 p. m. for William Crawford, 38, who was fatally injured in an automobile accident at Hammond, Ind. Tuesday morning.

The body was to arrive here Friday night and Nalley Funeral Home will be in charge of local arrangements.

Survivors include his parents, Mr. and Mrs. W. W. Crawford, two brothers, James Crawford and Johnny Crawford; an aunt, Mrs. Viola Bowles, and a cousin, Watson, Hammond.

Lindbergh Will Talk In Ball Park

OKLAHOMA CITY, Aug. 28 (AP) Charles Lindbergh and Senator Burton K. Wheeler will make their non-interventionist addresses in a ball park outside the city tomorrow night, since the council will not let municipal auditorium be used for the purpose.

The council cancelled a reservation for the auditorium after local protests to Lindbergh's appearance there. Wheeler was booked to speak after the council acted, and while offers for rally sites poured in on the local America First Committee, the sponsor.

Herbert K. Hyde, chairman of the committee, said the sandlot park, which has seating facilities for 10,000 persons, would be flood-lighted and have ample press and radio facilities.

Liberal Pension Laws Recommended

WASHINGTON, Aug. 28 (AP)—A special senate committee recommended to congress today liberalization of the social security laws to provide minimum old age pensions of \$30 monthly to all unemployed persons over the age of 60.

The committee also proposed that old age insurance benefits begin at a \$30 monthly minimum and that combined employer-employee payroll taxes be boosted to 6 per cent by Jan. 1, 1944, a level which would not be reached under present law until Jan. 1, 1949.

At present employers and employees each pay 1 per cent. The extended benefits urged by the committee, named to investi-

gate the government's old age pension setup, would cost an estimated \$4,000,000,000 annually.

Control Of Cotton Insects Studied

DALLAS, Aug. 28 (AP)—Measures to stamp out or control an insect which annually ravages a huge quantity of Texas blackland cotton will be discussed here this afternoon.

Dallas representatives of the cotton industry will meet with T. C. Richardson, editor of an agricultural magazine, to consider methods of combatting the annual destruction by insects of more cotton than the three largest producing counties of the blackland area in the state can grow.

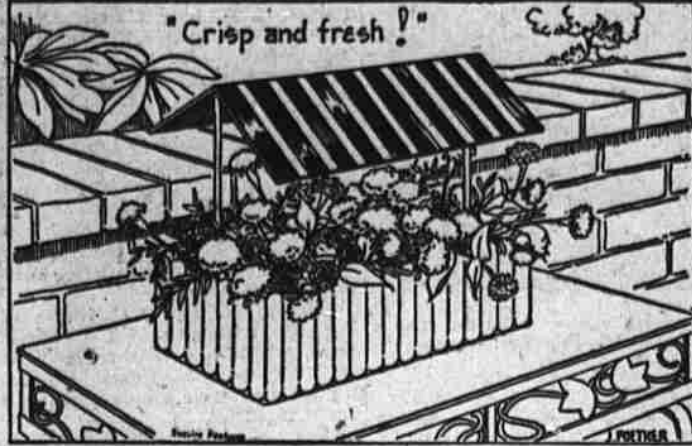

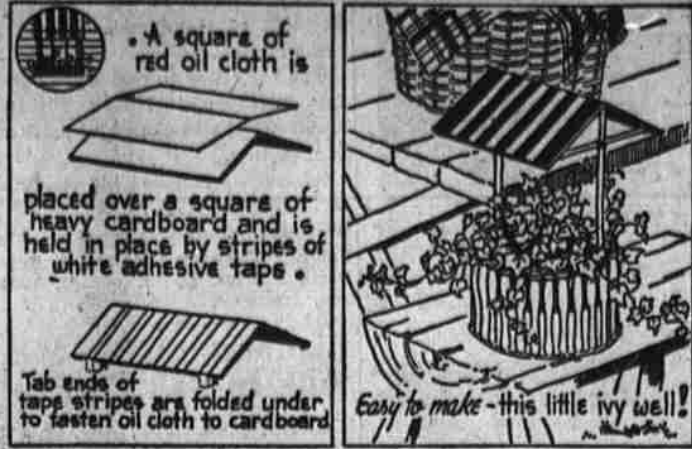

Man Dies Of Hurts In Electric Shock

CORSICANA, Aug. 28 (AP)—J. H. Timmons, 49, general maintenance foreman for district 18 of the Texas highway department, died in a hospital here today from burns suffered Tuesday near Eureka when he came in contact with an electrical power line carrying 132,000 volts.

Timmons was a resident of Waxahatchie.

TOKYO, Aug. 28 (AP)—Teiichi Muto, the newspaper Hochi's widely read political commentator, urged Japan today to seek her aims peacefully through diplomatic channels and said he doubted that the government had exhausted all such possibilities.

Fun With Flowers Gay And Decorative Are Flower Boxes With Tiny Awning Covers

By FRANCES JONES

No. 1—You will adore a new dress for your green plants and a tiny market stand treatment for your garden pots. It's really all "done with the aid of awnings"—make believe, miniature awnings. A square of oilcloth (any color you like—although red looks the gayest) is cut to match a square of heavy cardboard. Stripes of white adhesive tape, placed on parallel lines as sketched, give a striped effect and also hold the oilcloth in place.

No. 2—By bending the cardboard in the center and fastening it with brads or tacks to two supports a real roof is formed. The supports may be any kind of stick; long pencils from the novelty counter or dowel sticks are very good. A tin can or cake box forms the "well house." The rustic fence is—you've guessed it—clothes pins! Stick them right on the edge of the box and use them close together. Ivy, philodendron, tradescantia or coleus is planted in the center.

No. 3—To make the gay flower market stall use an awning top like the one described above. A cheese box is the market house in the above sketch. The wooden palings are natural colored "tongue depressors" like the doctors and dentists use. They come from the drug store and are very inexpensive. Half inch brads fasten them to the cheese box. A loaf cake tin forms the metal liner in which your shortest stemmed garden flowers will be effective. You can use them in tight compact little rows of banded color or in the more open natural manner sketched above. Pompon asters and the new sweet-smelling marigolds are the flowers in the above sketch. It's a perfect arrangement for the porch—as shown—but I like it even more for a breakfast table. I had it on my own breakfast table this morning—result—everything tasted a little bit better.

(Distributed by Esquire Features, Inc. Reproduced strictly prohibited.)

Dallas Fair Labor Troubles Settled

DALLAS, Aug. 28 (AP)—Work was resumed today in preparation for the state fair in October after union labor and fair officials had composed differences that led to a walkout.

Basia of the agreement was not disclosed aside from an announcement last night by Roy Rupard, fair secretary, that "it was just a misunderstanding. Everything is cleared up now, and work will go on exactly as it did before."

Handicaps Of Tanks Listed By General

WITH THIRD ARMY IN LOUISIANA, Aug. 28 (AP)—Declaring tank power has been overrated in this country, officers of the third army said American soldiers were being taught to keep up their fighting courage even while looking into the spitting guns of an enemy tank roaring across a battle field.

"For every weapon man ever invented," declared Lieut-General Walter Krueger, commander of the third army, "there has been adequate defense devised to cope with it."

In war time, he said, infantry units must stand steadfastly in the front line, and should tanks shove through, they must hold firm until steel-puncturing artillery fire can be rushed into place.

"When thus cut off from their food and gas supply," Krueger continued, "tanks will either have to fight their way out quickly or be destroyed by the concentrated fire of the defender."

Although other weapons performed in the initial phases of the third army's maneuvers just completed, every soldier had an opportunity to witness the handicaps as well as advantages of tanks.

"Facing armored forces at close range has largely reduced the popular impression that tanks defy defense," officers said.

Colorado City's Kim Barely Missed Being On Crash Plane

COLORADO CITY, Aug. 27 (AP)—Word has just been received by Mr. and Mrs. Leon Jenkins of Colorado City that their son-in-law, Don Teel, formerly of Odessa and now a trans-Atlantic ferry pilot in Canada's ferry command, missed being one of 22 persons killed in a transport plane crash in England on Aug. 14 only because he gave up his seat in the plane at the last minute.

Teel's name was at first published with the list of crash victims, according to newspaper reports from Montreal, Canada. It developed later that at the last minute he gave up his seat so that the Rt. Hon. Arthur B. Purvis director of the British purchasing commission in the United States, could return to the states after a trip to England with Lord Beaver-

brook, minister of supply.

Mrs. Teel, the former Margaret Jenkins, did not know until after she learned of her husband's safety that he was due to have been on the ill-fated plane, however. He had told her that he would remain in England because of a transport crash earlier in the week. Mrs. Teel and her 7-year-old daughter, Peggy Don, have been in Montreal for the past month. Teel, owner of the Odessa airport, has been ferrying with Montreal as a base for the past six months, however. Forty out of the 43 victims of the two crashes were personally known by the Teels.

15 Per Cent Gas Cut Due

WASHINGTON, Aug. 28 (AP) — Ralph K. Davies, acting petroleum coordinator, announced today that gasoline supplies for filling stations in the east would be reduced 15 per cent in September compared with July.

Davies' testimony opened a senate investigation of threatened oil shortages. He presented a mass of figures which he said showed that the eastern coast faced an actual shortage of both gasoline and oil for heating and industry this winter.

The east coast faced a deficit of 27,500,000 barrels of petroleum products during the last four months of this year, Davies testified. He said the reduction in gasoline supplies to filling stations would help meet this shortage.

If present methods fail to eliminate danger of shutdowns for industry and home heating plants, Davies said officials were ready to operate a rigid rationing plan. But he added they hoped to avoid such drastic action.

Crickets Attack Towns To South

DEL RIO, Aug. 28 (AP)—This border town was under heavy attack today and there wasn't any funny business about it.

Hordes of crickets, presumably the same ones that scourged San Angelo, Sonora and other West Texas towns last week, ate holes in fabrics on store shelves, and clogged sidewalks. Employees at some stores carried bucketsful away from doors before opening for business.

San Angelo staged an actual black-out last week during the cricket visitation. Lights in business district were extinguished to keep the insects from piling against store fronts.

WOMAN OF FEW WORDS.—A year-old newcomer, Alastair Adam, grants an interview upon N. Y. arrival with mother by plane from Portugal. They'd left because of food conditions.

Owner Of Oil Land Succumbs

LUBBOCK, Aug. 28 (AP)—Mrs. W. G. Nairn, 88, died today while oil operators were proclaiming a new pool in Lubbock county owned by the development of a test on her land.

It is the No. 1 Nairn located three and one-fourth miles north-east of Lubbock.

Mrs. Nairn, who had lived in Texas since 1891 and Lubbock county since 1894, had expressed considerable interest in the early stages of the drilling but later had become so gravely ill it was feared she might not live until it was learned whether the well was a producer.

Caviar Thieves Are Sought By Police

KANSAS CITY, Aug. 28 (AP)—Police today sought two men—one believed to be a brother of the late Clyde Barrow—who abandoned 12 cans of caviar, three cartons of chewing gum and their wives yesterday after a 20-minute chase by patrolmen.

Two women police identified as Mrs. Anna Belle Gans Williamson Barrow and her sister, Mrs. Kellie Rhine, were in custody.

Two men fled from a grocery store, leaving a trail of caviar, chewing gum and vanilla extract. Police pursued an automobile with Texas license plates and arrested the women. Two men fled afoot and there were reports one had commandeered a passing car in his escape.

Here n There

Around half of the board of equalization notices for the city listed reductions in valuations. Because most notices mean raises, three quickly called in to ask if a mistake hadn't been made. Then another, with a raise notice called and melted the solder of telephone connections and city employees knew everything was back to normal.

Old settlers of Howard county will meet at 3 o'clock Saturday at the courthouse to elect officers for the organization, according to an announcement made by Mrs. Maggie Richardson, secretary-treasurer.

Mr. and Mrs. Charles Newton and daughters, Dorothy Jean and Estly, will go to El Paso this weekend. Dorothy Jean is to serve as bridesmaid at the wedding of a friend there.

Directors of the Howard County Food cooperative Wednesday visited frozen food locker plants in Lamesa, O'Donnell, Tahoka, Post and Lorraine. They were most favorably impressed with a cooperative plant at Post.

Navy Recruiters Set High Goal

WASHINGTON, Aug. 28 (AP)—The navy, in its biggest peacetime bid for manpower, today set its recruiting objective 13,000 men a month for the rest of the year and 15,000 monthly thereafter.

The admirals are counting on newspaper advertisements to help do a good part of the job.

The objectives were named by Capt. F. E. M. Whiting, director of recruiting, who announced that by October the navy would carry its small-town newspaper advertising campaign into thirteen more states—Nebraska, Kansas, Kentucky, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Tennessee and Mississippi.

Governor May Visit Midland Rodeo

AUSTIN, Aug. 28 (AP)—Governor Coke Stevenson, asserting he was under strict orders from doctors not to make speeches due to a recent throat ailment, today said he hoped to go to Midland Saturday and San Antonio Monday.

"I was going to ride in a parade at Midland," he said, "and I'd hate to miss it. I understand they shoot you or hang you or something when you make a date and don't show up for county fairs.

"The medics are going to hold a conference tomorrow morning and decide whether I can go to Midland and San Antonio."

British Concentrate Bombs On Mannheim

LONDON, Aug. 28 (AP)—British bombers, flying to the attack on Germany again last night, centered a heavy assault on the industrial city of Mannheim and also blasted docks at Boulogne, Ostend and Dunkerque, the air ministry announced today.

Other targets in western Germany in addition to Mannheim were subjected to lighter assaults, a communique said.

Cousin Of Late E. M. House Dies

HOUSTON, Aug. 28 (AP)—Dr. James House Butts, 67, a cousin of the late Col. E. M. House, adviser to President Wilson during World War days, died today at his ranch at League City.

Dr. Butts, Houston's first pediatrician, gave up the practice of medicine many years ago, interesting himself in real estate, handling oil properties and ranching.

Wool Market

BOSTON, Aug. 28 (AP)—(USDA) Wool was dull today. An occasional inquiry was received but few sales were closed and these were of small volume. Quotations were steady at \$1 to \$1.05, scoured basis, for short to good French-combing length graded fine territory wools. An occasional small lot of fine Delaine bright fleece wools was sold at 41-43 cents, in the grease. Small lots of combing three eighths and quarter-blood bright fleece wools also sold at 45-47 cents, in the grease.

Grain

CHICAGO, Aug. 28 (AP)—Buyers bid grain, soybeans and lard prices higher again today, wheat, oats and beans reaching new peaks since 1937 before reacting, due in some cases to increased profit taking.

Beans, strengthened by higher cotton and cottonseed oil prices, due to reduced crop prospects and consequent increased demand for soybean oil, soared more than 3 cents at one stage. Wheat was up almost a cent but later fell fractionally below the previous close when hedging sales and profit-taking increased.

Wheat closed unchanged to 2-5 lower compared with yesterday, September \$1.13 5-8 to 3-4, December \$1.17 5-8 to 3-4; corn 1-3 to 3-4 higher, September 77 1-2, December 81 3-8 to 1-3; oats 1' to 1 3-4 up and soybeans 1-4 to 2 3-4 higher.

Livestock

FORT WORTH, Aug. 28 (AP)—(USDA) — Cattle 1,800; most classes as cattle and calves steady; common and medium beef steers and yearlings 6.80-9.20; good and choice 10.10-11.00; beef cows 6.50-8.25; canners and cutters 4.00-6.25.
Hogs 1,000; mostly 15 cts higher; top 17.75; packing sows 10.25-10.50; stocker and butcher pigs 10.00 down.
Sheep 700; all classes around steady; medium grade spring lambs 9.00-9.50; canner and common to medium ewes 1.50-4.25.

Postal Employees Hold Annual Fete

Employees of the Big Spring post-office and their families held their annual picnic at the City Park Wednesday evening.

About 70 persons were present for a banquet of barbecued chicken and watermelon.

... that was the day I wilted away!

The way my energy ebbed during our last warm spell caused considerable confusion at the office. Sarah—she's my secretary—saw that I was wilting away. So, being rather clever, she sent out for grand-tastin' Grand Prize beer—ice cold and comfortin'.

Never having tried Grand Prize, my joy at sampling this sparkling picker-upper was something to behold. Believe me, the first glass of this golden ambrosia brought me bouncing back to my old self in a matter of seconds.

HOW IT'S MIGHTY EASY TO BEAT THE HEAT

If you're keen to dodge warm-weather discomfort, pour yourself a glass of Grand Prize—the grand-tastin' beer. It's a treat you'll long remember . . . one you'll want to enjoy often. For your convenience, Grand Prize comes in Keglined cans as well as in bottles.

GRAND PRIZE IS GRAND-TASTIN'

Young Methodists At Coahoma Hold All-Day Session

COAHOAMA, Aug. 28 (Spl) - Young people of the Methodist church met at the church Tuesday for an all-day program to open fall activities.

Pat Hubbard gave the opening thought an explanation of "The Art of Religion of the Church." The four commissions met to work programs for the departments. These commissions were, "World Friendship," Jim Turner; "Community Service," M. L. Duncan; "Recreation," Vada Belle Dunn;

"Worship," Emma Lee Turner. An hour of recreation was held under the direction of Buzzy Hubbard. Walter Lazenby brought the morning message at 11:15 on "Loyalty to the Kingdom, the Church and to Christ." H. H. Colley brought further study on "The Articles of Religion" and the commissions met in a session planning reports for the next several months.

Mr. and Mrs. Harvey Fryar of Houston visited this week in the home of Mr. and Mrs. H. H. Tanner of the east oil field.

Marie and Bob Davenport of Handley were visitors in the home of Mr. and Mrs. Delbert Cook Monday.

Maile Lee Brooks is spending this week in Westbrook visiting her grandparents, Mr. and Mrs. A. W. Brooks.

Mr. and Mrs. Kenneth Zonker and sons, Charles Harry and Kenneth Larry of Archer City are visiting her parents, Mr. and Mrs. W. M. Spears, this week. Mrs. Zonker and children will remain for a few weeks visit.

J. O. Nickel and son, J. O., are spending this week in Cleburne and Glen Rose visiting. Mrs. Nickel, who has been in college in Montville, will return home with them Thursday.

Rabbits Go Into Anzac Hats SYDNEY, Australia-The rabbit, one of the worst pests the Australian farmer has known, is paying huge wartime dividends. During the present trapping season a million rabbits are being killed and rushed to the market each week. The skins are made into the famous campaign hats of the Anzacs.

AMERICANA FAIR WEEK

By RAY PEACOCK AP Feature Service Writer

NINE or ten years ago they were saying that it was too bad, but the county fair was all washed up. People wouldn't care about such things after the Century of Progress. And now we're forgetting about the Century of Progress, even the World of Tomorrow, and the county fair happily remains a going institution.

Maybe the Century of Progress showed what was wrong with county fairs. Maybe the 4-H kids with their terrible earnestness kept the little fairs going. Maybe lots of things, and I don't care much which. All I know is that I get awfully homesick during fair week and I'm glad they're still here.

When it's fair week I'm as rustic as all-get-out. I prow around the stock pens and machine sheds and collect cardboard fans and literature on De Laval cream separators and John Deere plows.

I sit on a bale of hay and listen to stockmen gossip. I'm a city dude who can tell a Jersey from a Brown Swiss and I can give you six reasons why the Brown Swiss is a better cow. If you want to argue Jerseys, fine.

I wander in front of the horse barns, tripping over sulkeys and getting in the way of old men carrying water buckets, and talk knowingly about who should win the 2:10 trot. And when I've got all that out of my system I wander down the dusty midway trying to bite off a mouthful of cotton candy, without getting it in my long gray beard.

I stop and listen to the hoarse speller in front of a girly show. They say it was pretty lively until the sheriff made them tone it down, but I hate to be seen going in. And I stop in front of the congers of freaks and wonder just how the glass ester does it.

I'm always sorry when fair week is over. The let-down is terrific. And the only antidote I know is to wait 51 weeks for another.

Federal Government Plans Improvement Of U. S. Diet

Recognizing the serious problem of mal-nutrition in the United States, the federal government in cooperation with the medical profession and the millers and bakers of the country, have embarked on a scientific course to improve the nation's diet.

An important forward step in the improvement of America's diet has been the development of "enriched" white flour. Up to this time most of the flour on the market was the plain white kind, made from the inner part of the wheat grain with the germ and most of the bran removed.

With the introduction of the new "enriched" white flour homemakers can purchase a higher vitamin and mineral content flour than in the past. A definition and standard effective under the food, drug and cosmetics act, January 1, 1942. This "enriched" flour will have to contain a certain amount of thiamin chloride (vitamin B1), riboflavin (vitamin G), nicotinic acid (the pellagra-preventive factor), and iron. It may also have calcium and vitamin D added, but these will be optional ingredients. Enriched flour on the market before the definition and standard were announced did not have to contain riboflavin.

The Surplus Marketing administration has listed "enriched" flour as a "blue stamp food." It can be purchased by clients of the food stamp plan with their free blue food stamps.

In taste, the new flour cannot be distinguished from plain white flour. In looks, the new flour has been "enriched" by the addition of vitamin and mineral concentrates after it has been milled and reassembles plain white flour. On the other hand, the new flour that has been "enriched" by modifying the milling process so as to retain a larger amount of the grain, particularly those parts richest in vitamins and minerals, will be a light creamy color rather than a pure white.

These new flours are labeled "enriched" and homemakers may be sure flour so labeled contains at least the minimum amounts of thiamin chloride, nicotinic acid, and iron set by standard. Many are labeling the amounts of these nutrients in their product.

For home baking, the consumer now has the choice of patent white flour, "enriched" flour, and whole-wheat flour, all are products of the wheat grain, but the "enriched" and the whole grain flours have more vitamin and mineral content than the patent flour.

TROY, Colo. - The "weatherman" in Troy is a 14-year-old girl, dimpled Marjorie Jones. She was named to the governmental post of weather and hydrological observer to succeed her father, E. J. Jones, and now she reports precipitation as registered in the government's rain gauge set up on the Jones ranch last year.

Baptist Education Group Adjourns

FORT WORTH, Aug. 28 (CP) - The Southwestern Baptist Education Association concluded its sessions here yesterday after electing these officers:

Othal Feather, Austin, president; W. H. Souther, Alexandria, La., Rev. J. L. Carpenter, Waco, Miss Blanche Mays, Little Rock, Ark., and R. S. Bazzell, Oklahoma City, vice presidents; Mrs. Ellis Province, Dallas, secretary-treasurer, and Miss Beth Floyd, Austin, social secretary.

Texas' Crop Gains Good

AUSTIN, Aug. 28 (AP)—Although later than usual, most growing crops in Texas last week continued to improve as they moved toward maturity at about the normal rate, the U. S. agricultural marketing service reported today.

Rains extending across most of the north half of the state were copious and timely for late row crops which needed surface moisture in the northwest, but were of doubtful value in sections where their hindered control of insects affecting cotton.

Cotton continued to make satisfactory progress in most of the state considering the general lateness of the crop and previous losses from insects and excessive rains. In the northwest the excellent prospects were maintained by timely rains. Insect damage continued heavier than usual, particularly in the eastern and southeastern areas, although hot, dry weather and more general use of poisons have afforded some degree of control.

Picking was becoming general in the south central part of the state,

and had passed the peak in the lower valley.

Work of plowing stubble ground was checked temporarily by rains in much of the northwest, but the ample moisture will improve soil working conditions and make them almost ideal for crops to be sown this fall.

TCU TO MAKE GAME EASIER FOR FANS

FORT WORTH, Aug. 28 (AP)—It isn't a rule yet—only a suggestion from the national rules committee. But Texas Christian university's Horned Frogs, taking the committee by the horns, are going to wear new jersey numerals this year.

They say, they hope to give a break to the cash customers who frantically thumb through his line-up dictionary to try and find out who tackled whom.

Any time you see a Frog wearing a number in the 60's, he's an end. If it's an even 80 number—82, 84, etc.—he's a right end; if odd, a left.

If his number is in the 70's, he's a tackle, the 60's a guard; the 80's a center. Quarterbacks will wear 40's, fullbacks 30's, left halves 20's, right halves 10's.

Two or three other Southwest conference teams may follow suit this season. By next year, it may be the general fashion. But none except the Frogs have declared their intentions as yet.

"V" FOR BONDS
GALVESTON, Aug. 28 (AP)—When C. E. Outerside gave 376 nickels for a \$25 defense bond, the postal clerk chuckled. Each nickel was an old-fashioned one with a huge "V" on the reverse side.

Ice Box Handies Make For Easy Meals For Snacks Or Dinners

Pink pineapple punch: To one cup of sugar and two cups of water add 1-4 cup cinnamon drops and heat till the drops dissolve. Cool and add 1-3 cup lemon juice and two one-pint-two-ounce cans of unsweetened pineapple juice. Before serving, add a pint chilled ginger ale. Serve over ice. Enough for seven standard measuring cups.

ICE BOX HANDIES make for easy meals, whether it's a snack or a full dinner.

Frosty coolers can be whisked together in no time when the makings are merely picked from a refrigerator stocked with fruit syrups, citrus fruits, fresh mint, carbonated waters and bottled beverages.

Dessert is no problem when a velvety ice cream or tart, creamy sherbet is dipped out of a tray in the mechanical refrigerator. These frozen foods also put extra vitamins and minerals into thirst-quenchers.

It is real fun to rustle up a meal if the refrigerator boasts a glossy-topped baked ham, some spiced boiled tongue and a bowl of crunchy fish or meat salad.

Call on **APRICOT-LIME FIZZ** to bring back spirits wiled by sizzling weather or active summer sports. Eoil 8 fresh mint leaves with a cup water and 1-3 cup sugar—3 minutes. Cool, discard the mint and add, 1-3 cup lime juice, 1-3 cup lemon juice and 3 cups apricot nectar or mashed apricot pulp.

Pour into jar, cover and chill until needed, then pour into glasses 1-3 filled with chopped ice. Dress up with mint.

For another cooler try **FRUIT NECTAR**—a pleasing blend of flavors ready for quick action. The syrup will keep a week, stored in the refrigerator. Boil 5 minutes, 4 cups sugar and 3 cups water. Cool and add 2 tablespoons grated lemon rind, 2 cups lemon juice, 1-3 cup lime juice, 3 cups pineapple juice and a cup loganberry juice. Fill glasses one-third full, and finish each with ice water and chopped ice. Top with thin slices of orange and lemon.

FIRM RING makes a more substantial handy, ready for the main part of a dinner or supper menu. Dissolve a package of lemon flavored gelatin in 1-3 cups boiling water, add 2 tablespoons lemon juice and cool. Mix in a cup tuna or shrimp, 1-3 cup diced celery, 1-3 cup each cooked peas, green beans and cucumbers. Season with 1 teaspoon minced onions, 1-3 teaspoon chopped parsley, 1-3 teaspoon salt and 1-4 teaspoon paprika. Pour into a ring mold and chill. Unmold on a crisp lettuce and center the ring with a dish filled with mayonnaise.

BELMONT HAM LOAF is a main-dish suited to summer fare and it will keep several days in the refrigerator. Any leftovers make delicious sandwich fillings. Soak 2 tablespoons granulated gelatin 5 minutes in a cup cold water and dissolve in 1-3 cups boiling chicken stock or soup. Cool and add 1 tablespoon salt, 1-4 teaspoon paprika, 1 teaspoon minced onions, 2 tablespoons each of lemon juice and sugar, 3 sliced hard-cooked eggs, 2-3 cup diced celery, 3 cups chopped cooked ham and 1-4 cup chopped green peppers. Pour into loaf mold and chill.

A bowl of **VEAL SALAD MARQUETTE** can make the main part of a supper or dinner. To serve 8, mix 1-2 cups cubed cooked veal, 2-3 cup cooked lima beans, 1-3 cup diced celery, 2 tablespoons chopped pimientos, 1 tablespoon chopped sweet pickles, 1 teaspoon chopped onions, 1-2 teaspoon salt and 1-4 teaspoon paprika. Moisten with 1-4 cup salad dressing and chill. When time to serve pile this salad into a lettuce lined bowl, top with more dressing and sprinkle with chopped parsley and minced pickles. Of Life--Flashes

By the Associated Press

UNFAIR WELFARE
ROCKINGHAM, N. C.—The first battalion of the 41st engineers didn't think so well of the second battalion today.

On small-scale maneuvers, the first battalion rode in trucks almost to the place where it was ordered to attack the hike-weary second battalion.

But the second battalion didn't wait for the attack. It marched in a wide flanking movement, captured its opponents' trucks, including the kitchen, and rode back to camp.

The first battalion hiked the nine miles back.

DEFENSE VICTIMS
RICHMOND.—Richmond barbers, who voted to increase their standard price for haircuts from 40 to 50 cents to meet increased living costs, were told by their attorney, Benjamin Lovenstein, that they were "suffering from national defense more than any other trade."

"People are working so hard and trying to make so much money they don't have time to get haircuts as often as they used to," he said.

ONE WAY
ST. LOUIS, Mo.—A 18-month furniture company strike is over—without a settlement—and everybody's happy.

Explained a CIO union spokesman: the strikers and picketers found other jobs at better salaries.

UGHT TO WIN SOMETHING
DALLAS—F. D. Whitting of Oklahoma City timed his plans for a 28-second flight in the southwest model tournament.

It disappeared in a rain cloud and landed two days later at Lake Creek, Tex., 100 miles away.

The United States has been importing 13 pounds of spinach used for every pound produced by national growers.

News Notes From The Oil Field COMMUNITIES

Mrs. Lilla May Johnson was a Lubbock visitor over the weekend.

Mr. and Mrs. Davis Murphree and daughter Wilhena and Frances Young of Enaley, Ala., visited the J. P. Kubecks this week.

Mr. and Mrs. Bill Conger were Sterling City visitors over the weekend.

Judge Green of Mena, Ark., is the house guest of his daughter, Mrs. C. B. Connally and Mr. Connally.

Mrs. Etta West and Evelyn of Austin and Mrs. Jimmie Zimmerman of Rogers, New Mexico, visited the C. L. Wests Monday night.

Mr. and Mrs. E. J. Grant and family of Odessa visited friends in Foran over the weekend.

Mr. and Mrs. C. B. Connally, who have been attending summer school at Greeley, Colo., are at home on the Foran school campus.

Kent Morgan of Lamasa spent the weekend on his father's Howard county ranch.

Mr. and Mrs. Jimmie Wilson of Sanatorium visited the C. L. Wests Sunday.

Mr. and Mrs. C. C. Kent were Sunday guests of their daughter, Eloise, in Lubbock.

Betty Louise Stodhill of Waco is visiting her cousin, Chloette Loper.

Mrs. Edgar Chambers and children, Mrs. Carl Tipple and Mrs. Duart Smith, have returned from a trip to Waco.

Mr. and Mrs. O. S. Butler received word of the death of a relative in Hamlin Tuesday.

Treta Des Johnson is the house guest of the C. J. Lamb while her parents are in California.

Don and Wesley Yarbbo are home visiting their parents, Mr. and Mrs. D. F. Yarbbo.

Francell Krebs of Loveland is the house guest of Joy Lana.

Mrs. H. D. Williams is spending a few days in San Angelo.

Mr. and Mrs. C. L. Sterling and Mary Louise of Odessa have moved to Foran.

Mrs. C. C. Dorme and children are here for the week visiting Mr. Dorme, who is temporarily working

in the oil field. Their home is in Colorado City.

John Dean Witt of Phillips is to return home Thursday after a visit with the Virgil Green family. John Dean is a nephew of Mrs. Green.

Charles Dempsey is at home for a few days with his family, the Jack Dempseys, on the Gulf lease. He is a student in Denton Teachers college.

Mr. and Mrs. Pat Lonford were Sunday visitors with Mr. and Mrs. Paul Whirley.

Joanna Lewis is the proud owner of a new saddle and Shetland pony. Mrs. Bob White and daughter, Virginia, are spending the week in Wellington with Mrs. White's parents, Mr. and Mrs. J. S. Johnson.

The E. J. Grants of Odessa were Sunday visitors with the I. O. Shaw family.

Mr. and Mrs. C. C. Kent were in Lubbock Sunday to visit their daughter, Eloise, who is a pupil in Draughon's business college.

Mr. and Mrs. W. B. Dunn visited friends in Sterling City Sunday afternoon.

Mr. and Mrs. Guy Rainey of Falfurias were recent visitors in Foran.

Mr. and Mrs. E. D. White and Billie have returned from Goldsmith after a short visit with their son and wife, Mr. and Mrs. Lee White.

Most of Yellow Daffodils SAN ANTONIO — Among many things the war in Europe has caused is the growing of low daffodils in the Rio Grande valley. Will Joy, national president of the Florists Telegraph Delivery association, predicted that American florists soon will be independent of Europe as far as seed and bulb supplies are concerned.

PICTURE NEWS

BEATS WALKING—With this "Diamond Jim Brady" costume, Mrs. G. L. Wilcox won a prize at Tully-Secane country club golf course in Philadelphia. She pedaled up to the clubhouse thus attired for the women's "wacky" golf tournament.

Famed Bloys Cowboy Camp Meeting In Its 52nd Year

UNIQUE in its field is the famed Bloys Camp Meeting at Skillman Grove in Jeff Davis County, where for the 52nd year members of many churches now are meeting for a week of intensive religious endeavor. The session will close Tuesday. Named for its found-

er, the late Dr. W. B. Bloys, the gathering at Skillman Grove is the original cowboy camp meeting. The monument erected to Dr. Bloys' memory is pictured at the right. Above are the men, all prominent early-settlers in the Highland

country, who as officers of the camp meeting have played an important part in its 52-year history. They are, left to right, C. O. Finley, Pecos, 74; J. B. Mitchell, Marfa, 70; J. T. Jones, Marfa, 82; and J. W. Merrill, Fort Davis, 79. Mr.

Merrill arrived in the Highland country in 1881 and the other three came in 1885. Mr. Merrill, Mr. Jones, and Mr. Finley all attended the first meeting in 1890. Each has been at 51 of the 52 sessions at Skillman Grove.

YOUNG PEOPLE at the Bloys Camp Meeting have their own place of worship. Above, the Rev. A. F. Tucker of Ysleta directs the junior and intermediate service. Ringing the bell of the Young People's Tabernacle, left, are J. W. Evans and John Kimball Miller of Fort Davis. Watching are Mary Lee Cowden, Midland; Cynthia Ann Means, Valentine; and Nancy Fay Roberts, Abilene.

THE PRAYER TREE—Under its branches, men of the Bloys Camp Meeting have gathered for 52 years for strictly masculine prayer meetings. These gatherings, held late each afternoon, are a feature of the camp

LIKE FATHER, LIKE SON—The Rev. Richard Irving, Bloys Camp Meeting superintendent, gazes at a photograph of his father, the late Rev. R. L. Irving, who was superintendent from 1918 until his death in 1937.

VETERANS of the camp meeting, too, are Pedro Barrsda, left, and Santiago Moreno, center, who have cooked at the Means-Evans Camp for about 25 years. Their ranch-style cuisine makes a hit with visitors.

FOR THE CAUSE—For the first time in years, Sgt. Robert W. Hyatt of Miami, Fla., a Spanish-American war veteran, has gone back to crutches. He gave up his aluminum leg to the drive to collect aluminum for plane production.

GLAMOR SWEEPSTAKES—At 17, wealthy young Gloria Morgan Vanderbilt looks like undisputed heir to the glamor girl crown long worn by Brenda Frazier. Grown-up Gloria is at a Hollywood premiere with Actor George Montgomery.

PROMINENT MEN in the religious world are serving as preachers for this year's Bloys Camp Meeting. Shown on the platform in the camp tabernacle, they are, left to right, Dr. L. D. Anderson, pastor of the First Christian Church, Fort Worth; Dr. W. R. White, president of Hardin-Simmons University, Abilene; the Rev. S. L. Terry, pastor of the Madison Square Presbyterian Church, San Antonio; and the Rev. E. F. Bohmfalk, pastor of the First Methodist Church, El Paso. This is Dr. Anderson's 17th year at the meetings.

THEY WERE IN ON THE BEGINNING—These persons attending the 1941 Bloys Camp Meeting were present for the first gathering at Skillman Grove in 1890. Sitting, left to right, are Mr. and Mrs. W. T. Jones, Marfa; Mrs. and Mr. Ed Jones, Van Horn; C. O. Finley, Pecos; and J. W. Merrill, Fort Davis. Standing are Huling Means and Sam F. Means, Silver City, N. M.; Will F. Evans, Toyahvale; and Lee S. Evans, Marquez, N. M. Mrs. Kate Evans, not pictured, also attended the 1890 and 1941 camp meetings.

PRESIDENT'S PROPERTY—Minor White House mystery involved recent disappearance, from F.D.R.'s desk during a press conference, of several packages of book matches such as these. Note the legend appearing on gold-covered cover.

Bears Clash With College Stars Tonight

Chicago Pros Seeking To Make It Three In A Row Over All-Stars

CHICAGO, Aug. 28 (AP) This is the night the Chicago Bears find out what kind of business they can do with Tom Harmon and company. It's the eighth annual battle of college all-stars and professional football champions in Soldier Field. All 93,200 tickets have been sold and 5,000 service men will be admitted free to the game and the colorful ceremonies beforehand.

The Bears are seeking to make it three victories in a row for the pros over the stars, the New York Giants having taken the 1939 game, 8 to 0, and the Green Bay Packers the 1940 contest, 45 to 28. This year, however, the collegians have as great a backfield as any previous all-star squad, and with a great pair of ends in Dave Rankin of Purdue and Ed Rucinski of Indiana they present a formidable air attack.

Against this team will be arrayed virtually the same squad of Bears that mowed down the Washington Redskins, 73 to 0, last year in the championship pro game.

The weather forecast was cloudy with possible showers. The kickoff was scheduled for 7:30 p. m. (Central Standard Time). The game will be broadcast over the Mutual and NBC Blue networks.

Amateur Golf Old Guard Digs In For Hard Battle

Luce, Moore Vie Today In Juniors' Semi-Finals

SAN ANTONIO, Aug. 28 (AP)—Two former champions go up against each other today in a state junior golf tournament semi-finals match that should call forth a mastery display of shots.

Arthur Luce, this year's medalist and 1935, 1937 and 1938 champion, takes on a fellow resident of San Antonio in Joe Moore, Jr., 1939 titleholder and runner-up in 1940, in a 36-hole match over the Brackenridge Park course.

In the other semi-finals Stanley Callahan of San Antonio tries his skill against Herbert Neyland of San Angelo.

Luce eliminated Travis Bryan, Jr., 4 and 3, in a quarter-final match after plastering a 2 and 1 defeat on Claud Wild, Jr., of Austin in a morning round yesterday.

Moore beat Sam Hickman of Austin, 7 and 6, in the morning and in the afternoon scored an 8 and 7 triumph over Pat Rauschbach of San Antonio in the afternoon.

Callahan eliminated the last out-of-state threat, Joe Zachariah of Baton Rouge, 3 and 1, in the morning, and surprised the gallery with a one-up win over Jimmy Beahdley of Refugio in the afternoon round.

Neyland rubbed out two San Antonians, outshooting Newton Brown, Jr., 4 and 1, and then going 20 holes to defeat Tony Holguin, 18-year-old junior high school champion.

Small School Grid All-Stars Meet Friday

PLAINVIEW, Aug. 8 (AP)—Forty-four West Texas lads, graduates of last season's small-city football teams who seldom find their way into the major spotlight, will meet tomorrow night in the east-west game of Plainview's plains coaching school.

Marshaling the west in Texas Tech's Del Morgan, assisted by his own aide, Bert Huffman. The east coach is A. M.'s Marty Karow with Jack Curtice of West Texas State as top hand.

Visiting coaches report from the fence rails that Morgan's westerners will rely heavily on punting. Warren Waldrip, Taboka's ace punter, possibly will do most of the throwing.

The east, doped superior in the running department, will feature speedy Rudy (Doc) Mobley. Paducah's spark in a bi-district championship and one of the state's highest 1940 scorers.

It is estimated that at least 20,000,000 meteors enter the earth's atmosphere every day and a minimum of one a day reaches the earth's surface.

Lookin' em Over

With Jack Douglas

"All things come to those who wait"—so goes the old saying. At this particular time that is certainly applicable to the Clovis Pioneers, third-place team in the West Texas-New Mexico league and number one bogey of the top clubs, Big Spring and Borger.

Old Grover Setts had little to build on at the beginning of the season, but judicious player-handling and shifting has given him a club that is making a strong bid to have the upper hand in deciding the circuit championship. As for the pennant, little that the Pioneers can do will change Big Spring's prospects for it, but the league championship is an entirely different proposition.

In the event that Borger meets Clovis in the first round of the Shaughnessy playoff, there is strong possibility that the first will fall victim to the last. That would mean that Big Spring, provided it set down Amarillo, would take on the rip-smoring New Mexicans.

At first that did not seem to be such a bad thing. But, the picture has changed somewhat. It is beginning to look as if Clovis, like Britain, wins only a battle, but that's the last one.

Clovis has received some good breaks though. First, they just naturally seem to have a hex on Borger. Second, Big Spring has run into a bit of hard luck, what with players being injured and others falling off.

Of course, Big Spring is a long way from going into a real slump. Wednesday night's fracas at Clovis was the beginning of a three-day engagement. Quite a bit can happen between now and the windup at Clovis—happenings that might make things look much more favorable so far as the Bombers are concerned. Big Spring is not particularly adept at coming from behind in a game, but once the lead is gained, judging from past performances, they are well able to do a spell of trouncing on their own hook.

Nevertheless, some of the lads around town are opining that if things don't look better at Clovis, they're liable to tie themselves to the New Mexico town to give a little support in a rather gloomy situation.

TAKES OVER SHIP

ABOARD H.M.S. ILLUSTRIOUS, Aug. 28 (AP)—Captain Lord Louis Mountbatten, cousin of King George VI of England and one of Great Britain's most distinguished naval officers, formally took command of the repaired aircraft carrier *Illustrious* this morning in a colorful ceremony aboard the ship's flight deck.

NEW BRITAIN, Conn.—New Britain police are telling this story about a fellow officer determined to cooperate 100 per cent with the gasoline conservation program, and announced he was all through using his automobile.

Came Sunday, and his wife insisted she was going to have a ride. So he took her—on four different bus lines.

Reds' Comeback Drive Slows Up

By The Associated Press

The desperate hopes of the Cincinnati Reds for a miracle that would return them to a third straight world series have been engulfed in the slow tide that seems to be carrying the Brooklyn Dodgers on its crest.

They had their best and perhaps last chance to break into the thick of the National league pennant scramble last night and failed, as Kirby Higbe whipped Johnny Vander Meer 4-2 before 30,000 fans at Ebbets field.

It was an important triumph for the Dodgers, preserving their game and a half margin over the St. Louis Cardinals, who beat the New York Giants in another night game 8-4.

But it was even more important for the Reds. They had won 16 of their last 20 games in a great late-summer surge and would have moved within 7 1/2 games of first place if they had won.

However, their loss dropped them to 9 1/2 behind Brooklyn and 8 back of St. Louis, and proved to most people that the flag competition is going to continue as a two-club race right down to the finish.

In the other National league games Pittsburgh walloped the Phillies 12-2 with a 21-hit bombardment, including three doubles and two singles by Arky Vaughan, and the Chicago Cubs divided a doubleheader with the Boston Braves. Many Braves shut out the Cubs 6-0 on five hits in the opener and then Charley Root pitched 8 2/3 innings in relief to win the second session 6-4 and gain the 20th victory of his 16-year career.

The New York Yankees added another game to their immense American league lead by overwhelming the St. Louis Browns 11-1 in a night game.

The last place Washington Senators crushed the second place Chicago White Sox 13-3.

Latty Grove pulled a muscle in his side, possibly meaning his loss for the remainder of the season, and the Boston Red Sox dropped a 6-3 verdict to the Detroit Tigers.

Jeff Heath drove in seven runs with two homers and a triple as the Cleveland Indians assaulted the Athletics 11-4.

One of the largest crowds of the season, guests of a bottling concern, assembled to watch the Mission spill the Cats. The victory set the stage for the decisive contest of the three-game series tonight, the last home game of the season for San Antonio.

The Shreveport Sports continued to slow down the hustling Tulsa Oilers by handing them the second straight shutout, winning 3-0 before home fans.

Oklahoma City split a doubleheader with the Exporters at Beaumont in an afternoon game, the Indians losing 11-4 in the opener and winning 8-2 in the after-piece.

Operation Of Factories In Warring Land

By DOBOTHY THOMPSON LONDON (UPI) — Two sorts of manager employers have emerged in Britain as a result of the war. One is the pre-war factory manager appointed by the stockholders of a corporation accustomed to a competitive system who is now obliged to reconcile himself with a considerable amount of government control and operate under excess profits taxes which, in munitions factories, are 100 per cent.

Man About Manhattan—Buying Record House Gets Old After Third Night

By GEORGE TUCKER NEW YORK—I haven't the faintest idea who holds the record at Loew's State, but for awhile Ben Bernie held it. Loew's State is an important motion picture and vaudeville theater on Broadway, and all of the big acts and many screen personalities and band leaders like to appear there. Once, while Bernie was headlining the State, Al Rosen, the State's manager, went backstage to see him. "Bernie," he said, "You're within \$4 of the record. Why don't you buy \$4 worth of tickets and break the record?"

Thank Uncle Sam For Cotton Price

Although some folks continue to argue about it, we can't see but one reason why cotton is now bringing 16 cents a pound. The government has put a floor under the price. Farmers have been guaranteed a price of 85 per cent of parity for all cotton grown this year within AAA allotted acreage. Exactly what this price would be has not been officially determined. A parity price for cotton would give the producer the same purchasing power that he had in 1909-14. In other words, if a farmer were receiving a parity price for his cotton, it would take the same number of pounds to buy a pair of overalls now as it did at an average time in the 1909-14 span.

Hollywood Sights and Sounds—Movie Story Ghosts Walk Many Ways

By ROBBIN COONS HOLLYWOOD—When the ghost walks in Hollywood these days it doesn't necessarily mean pay-day. It can mean a new movie is mixing this world with people from the next. Very close together, we have "The Devil and Daniel Webster" (which may be "Here is a Man" or "All That Money Can Buy" if a title-change sticks) and "Here Comes Mr. Jordan," and "The Remarkable Andrew."

MADE UP TO KILL

Chapter 35 THE FIRE

"Seven people were killed in the fire," Jeff said, "six of the audience and one member of the company...the juvenile. His body was found in his dressing room. And they found the door to that dressing room locked...from the outside. There was an inquest, of course, and the coroner's verdict was death by some person or persons unknown. There wasn't a scrap of evidence, there never was, and the case went unsolved. But it could have been solved. There was a witness. Eve North saw Clint Bowers lock that door."

MODEST MAIDENS

"Tell him I'll be pretty busy. This is the last day of my vacation."

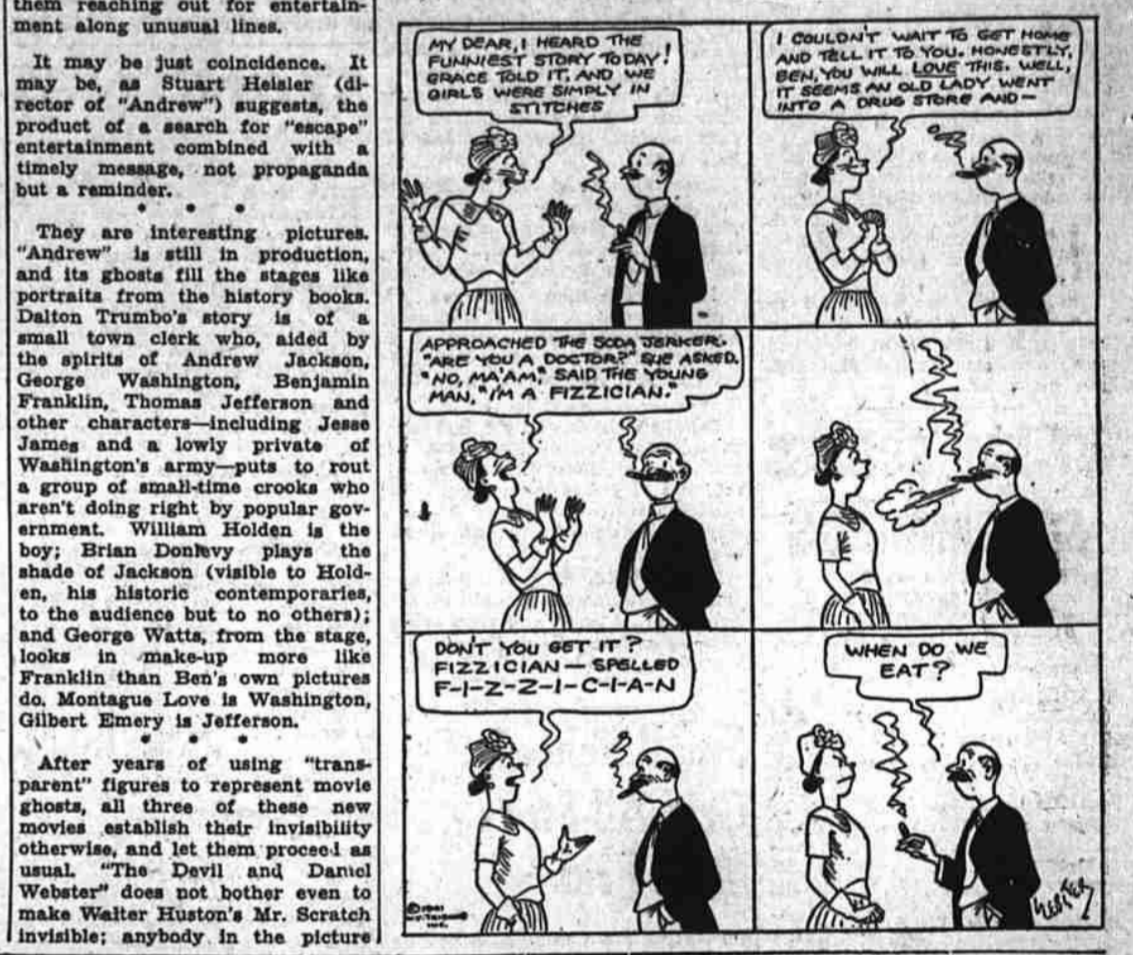

hadn't heard her gasp for help. "And consequently Eve was left to burn...almost to death. The firemen got to her in time, but they didn't get to the juvenile until it was too late. And they did discover that the door had been locked. Nest Egg "I don't know if Eve ever knew why Bowers had killed the boy. But that didn't matter. She didn't have to present the police with a motive to have Bowers hanged. She had plenty; she had been an eyewitness to the murder. But Eve never talked. Perhaps her own tragedy kept her quiet. Or perhaps, even then, she was saving her knowledge for a little nest egg."

pace and demand, even if it is preposterous. Often what seems to be preposterous is due to inarticulateness or misunderstanding. In my factory no foreman speaks harshly to a worker or laughs at him. The humiliation of people is one of the cruelties that invariably brings revenge. "We find we have reasonable work committees if all workers are handled as equal human beings, and tough ones if we offer blind or haughty opposition." Stewards and work committees have no responsibility for planning or production. The responsibility rests wholly with the management. But the stewards and work committees are responsible for labor relations and complaints and their settlement. A new type of management and a new type of worker undoubtedly are emerging in England.

tween the acts the second night

"Yeah, that was the first time Eve heard about the poisoning." "And Clint was in the hall; he heard you and Eve; he realized then that..."

Jeff nodded. "Right. When I asked her why she had been fussing around the table, she knew that she had changed the glasses, given Carol the poison that was meant for her. She knew then that Bowers was out to get rid of her."

"Why didn't she run? For her life!" "I don't know," Jeff said. "The shock. She thought she was protected by the twenty people backstage. She couldn't imagine any way that Bowers could have her dead within thirty minutes. She couldn't believe that he would dare strike again so soon, or at the theater again."

"And when the places were called, she took her place on stage as she had been doing for twenty-five years. Then Bowers watched for his chance. His first attack had been planned for months. This had to be one of the moments. That chance came at Eve's first exit in the second act—and everything worked into Bowers' hands. Eve, waiting there in the wings for her next entrance, leaned up against the scenery and the paint came off on her jacket."

ENVOY—A Californian, Willis R. Fick (above) has been nominated by F.D.E. to be minister to Thailand. He is now counselor of the U.S. embassy in Peking, China.

She whipped it off to look at it after she realized what she had done.

To be continued.

Strontium Deposits Large SWEETWATER — This West Texas town has gained importance because of its deposits of strontium, a mineral essential to national defense. Approximately 600 tons of strontium were taken from the Sweetwater area last year. The mineral is used to make red signal flares.

ROUNDUP SPORTS

By SID FEDER (Finch-Hitting for Eddie Briets)

NEW YORK, Aug. 28 (Herald Special News Service)—Scoop-whoopee! If Georgie Abrams looks good against NBA middleweight champ Tony Zala Sept. 12 in Madison Square Garden, they'll tangle for Tony's title later in Chicago....The winner to meet the guy who finishes on top in the Billy Soose-Ken Overlin fuss, thereby settling all the middleweight mess....No matter what they tell you Whirlaway's next start will be in the Lawrence realization at Belmont this fall....Red Barber and Bob Eison, those silver tongues of the Brooklyn and Chicago ball parks, will team up on the world series broadcast again this year.

Hit-and-run—

Eddie Joost has other National leaguers in stitches these days wearing sun glasses to play the infield....The word is Shorter Luster took one look at his material and everything is rosy now....Submarines at the New London (Conn.) base may torpedo the Yale-Harvard regatta right out of the Thames next year....Which is one way to stop the Ellis' losing streak, anyway....Oddity: four Ray horses won in one day at Agua Caliente recently....Which is like saying Lefty Gomez hit three homers in one game.... Nat Fleischer, the Ring magazine publisher who is just back from a refereeing job in Canada, will keep his bag packed and hop for Albuquerque to do the same thing at the army championships there Sept. 15-18....Six camps from all over the southwest are sending teams.

Headline: Charley Root wins 20th big league pitching victory. Old Charley Root's passing cigars Because he's very happy All the kids pat his arm and brag: He's our very own gran'pappy.

Prediction: Freddie Pope, the Louisville and Columbus clouter, will be featherweight champ in a year if he can get the guys on top to fight him....Has 44 straight wins, 21 by kayo....Vol. 1, Sect. 1 of football's vital statistics for the year: Auburn's gridders will travel exactly 4,374 miles (count 'em) in eight games away from home this year....Ray Mack celebrates his 25th birthday Sunday toiling in the Indian infield....Bill Dismar reports in the Washington Star that tackle Fred Davis, who used to bounce 'em around for 'Bama, is the only rookie worth more than a quarter to show so far at the Washington Redskins training base....And we'll take the Chicago Bears by two touchdowns over the all-stars tonight.

Local Resident Watches Sister Play In Movies

You may pick your movies by their titles, but J. B. Trice picks the ones where the name Anne Gwynne is in the cast. His reason is simple—Anne Gwynne is his sister.

Miss Gwynne, whose name was Marguerite Gwynne Trice before Hollywood, had a part in the show "Black Cat" that played here last week at the Ritz theatre. She was also in the movie "Tight Shoes."

Her current vehicle is "Ride 'Em Cowboy" with Bud Abbott and Lou Costello, to be released this fall.

This summer, J. B., visited his sister in Hollywood and saw some of the work being done on the "Ride 'Em Cowboy" picture. He also met and had dinner with Abbott and Costello who are just as laugh-provoking people off screen as on, he says.

Being in the movies is no haphazard affair with his sister, Trice says, since she has always studied dramatics, music and dancing and prepared herself for the career of a movie star.

And when "Ride 'Em Cowboy" is released and shows in town, first paid admission will probably be to Miss Gwynne's biggest booster—her brother, J. B. Trice.

Of Life--Flashes

By the Associated Press TALLAHASSEE, Fla.—Captain Hugh Mays was dismayed when his company of home guards, neatly dressed in new uniforms, broke ranks without orders and dispersed, yelling in pain.

Captain Mays officially dismissed the already dismissed company when he learned the reason. He had halted the unit on a big ant bed.

STAUNTON, Va.—Trial Justice W. Terrill Sheehan likes his hat even if it is four years old. So to the person who took it from his office he has promised a suspended sentence as a reward.

QUAKERTOWN, Pa.—Devotion of Mrs. S. B. Monosmith to memory of her late husband, a lifetime cripple, prompted provisions in her will that his crutch be placed in a mausoleum with their bodies and that a \$4,000 automobile in which they took many happy rides be burned.
