

Courses Start On June 9

# Classes Slated Here In Water Safety

**ENTRY BLANK**  
Red Cross Life Saving Course  
June 9-20, City Park

NAME ..... AGE .....  
ADDRESS .....  
(Send to Olen Puckett, 607 Petroleum Bldg., or Mail to The Herald)

Robert H. Lucey of Paris, Texas, special field representative of the American Red Cross first aid, accident prevention and water safety services for West Texas, will be here June 9 to begin swimming and life saving courses at the Municipal pool, Olen Puckett, water safety chairman of the Howard Glasscock chapter, announced Saturday.

ROBERT H. LUCEY

The courses will begin on June 9 and continue through June 20. Included will be courses for beginners, juniors, seniors and instructors. Classes for beginners will be held at 9:30 a.m. each day, with juniors scheduled for 2 p.m. and seniors at 6:30 p.m. Puckett said registration for the course is underway and several persons from out of town already have enrolled. They include Olan Rich, Garden City; Mr. and Mrs. Jack Alexander, Lamesa; Mrs. Wayne Boren, Snyder; Hilton Lambert, Snyder. The course will be the only one of its kind to be offered in this area during the current season. Students at the Howard County Junior college will be given physical education credit upon successful completion of courses, college officials have announced. Lucey, who is a native of Spring-

field, Ill. formerly was swimming coach at Illinois Wesleyan Univ., directing training in all phases of the swimming program for the school. He recently received his discharge from military service after serving for four years. As a first lieutenant with the 24th Infantry Division, he served in the Philippines and Japan.

## Drouths And Dust Storms Will Return, Plains Area Warned

WASHINGTON, May 31. (AP)—The Agriculture Department warned today that destructive drouths and dust storms will return to the Great Plains sooner or later.

They may start next month, or they may not come for 20 years. But it is probable, the department said, that they will hit within five years.

When they do come, they are likely to be more severe and more destructive, the department said, than those of the '30s which brought ruin to thousands of farmers and destruction to thousands of acres of rich soil.

This forecast of returning dust storms was made in a bulletin issued by the department's Soil Conservation Service.

Aggravating the danger, the bulletin said, is the fact that many farmers are plowing up sod to grow wheat at present-day advantageous prices. It said others, influenced by favorable livestock prices, are stocking ranges too heavily.

"Soil erosion on unprotected land will probably be worse dur-

ing the next severe drouth than during the last one," the department said.

"Most of the soil will blow sooner or later. Much of the land that blew before has not recovered from the damage. A large part of the organic matter and fine soil particles were blown away and the granular structure of the soil was broken down."

The department said it will take years of good farming to restore good soil structure to land damaged during the last drouth. Until this is done, the soil is more likely to blow when exposed to high winds.

The department urged farmers in the Plains to "put more land to grass and to plant more trees."

## Million-Dollar Oil Deal Closed

MIDLAND, May 31. (AP)—York and Harper, Inc., of Midland and the Sloan and Zook Company of Bradford, Pa., today purchased all of R. L. (Buck) York's oil producing properties in Ector and Gaines counties for a sum in excess of a million dollars.

The transaction was announced by O. C. Harper, president of York and Harper, and by York.

It involves York's producing wells in the Foster and Harper fields of Ector County and in the Wasson Field of Gaines County. The properties contain 97 producing wells.

The new owners will take charge immediately.

York, who has not been connected with York and Harper Co. since Oct. 1, announced he had retained all his undeveloped properties and will continue in the oil business with offices in Midland.

## Three Divorces Granted By Judge

Divorces were granted in three cases heard by Judge Cecil Colings in 70th district court Saturday morning.

The marriage of Gladys Pyles and A. M. Pyles was dissolved and the custody of a minor child was awarded to the plaintiff, the woman.

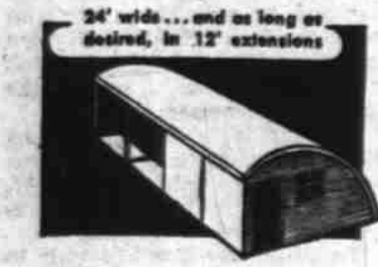

Freddie M. Colbaugh was granted his marital freedom from Wanda Lee Colbaugh. The defendant, a resident of Mason, was awarded custody of two minor children.

A. H. Hughes won a divorce from Audie Hughes after having agreed to relinquish all rights to the custody of three minor children to Mrs. Hughes.

PASSING RENT BILL SEEN  
WASHINGTON, May 30. (AP)—Sponsors of a much-modified rent control extension today predicted Senate passage of their bill early next week.

# India In Turmoil, As Plan For Self-Rule Is Completed

NEW DELHI, May 31. (AP)—Reliable but unconfirmed reports of gun running, troop movements and religious communities arming themselves for conflict spread here today on the eve of one of the most momentous weeks in India's history.

On Monday Lord Louis Mountbatten, Britain's last viceroy in a century and a half of rule, will disclose to India's political leaders His Majesty's government blueprint for transferring power to the Indians. Before the week is out the 400,000,000 people who make this the second most populous country in the world should know whether their land is to be united or divided, peaceful or rent by continued bloody Hindu-Muslim battle.

Since it became known the British blueprint would be impinged June 2 tension has been rising.

Reliable sources said gun running has grown up from Burma and Afghanistan. Jeeps have been purchased in large numbers and driven into Indian states. Large collections of arms were reported being made in some of the princely states, many of which already have strong armies and considerable over war equipment.

Some of the religious communities have been reported encouraging the organization of private armies.

Police and military officials at Calcutta completed plans for a defense cordon about that city. Night movements of troops to strategic areas in the city were reported and an almost deserted war-time military camp began filling up again with troops, mostly Indian. Police extended to June 7 the 7 p. m. to 6 a. m. curfew in six areas which have been

## Sonny Edwards Takes Lariat Against Fort

Sonny Edwards, Big Spring, takes up the roping "feud" with Troy Fort, Lovington, N. M., at 2 p. m. today on behalf of his brother-in-law, Toots Mansfield.

Mansfield, five times champion calf roper of the world, was scheduled to meet Fort in the third and "sugar" match of a series at Levelland, but he sustained a broken leg in a combination steer-calf roping match last Sunday at Pecos.

Edwards was selected by the Levelland Rodeo association to take over for Mansfield, who won over Fort on Aug. 11, 1946 and dropped a match March 23, 1947 to the New Mexico lariat artist in the only two matched contests between the two.

Thirty-one wild Brahma cows and calves have been at Levelland for two weeks now, set for the match. The calves, raw-boned and strong, have never been roped. Edwards is a top-notch roper in his own right, occasionally shading Mansfield in brilliant stretches.

## Four From City Are Listed For Commissions

Four from Big Spring are among the approximately 782 Texas officers of the National Guard, Reserve Corps and Army recommended to the senate by President Truman for confirmation of permanent commissions in the regular Army.

All four were listed for the permanent rank of First Lieutenant.

The Big Springers are 1st Lt. Benjamin C. Bell, 1st Lt. Kermit W. Hardy, 1st Lt. Alvin R. Heslep, and 1st Lt. William E. McElhannon. McElhannon has held temporary rank as major, and Bell that of captain. The other two have been first lieutenants.

Approximately 782 Texans were on the President's list. Senate confirmations of the nominations is necessary. The men were selected from a field of about 70,000, and all have had wartime service. Another 1947 list is to be released this summer.

Mr. and Mrs. B. P. Ledbetter and children, Kay and Ray of Minden, La., are visiting in Corpus Christi with Mrs. Ledbetter's parents, Mr. and Mrs. Edward Gray, former Big Spring residents.

The amount of vitamin C in strawberries depends upon the variety and the weather conditions under which they are grown.

## Texan Honor Man Pleads Guilty

WEST POINT, N. Y., May 31. (AP)—Cadet Robert M. Montague, Jr., of Fort Bliss, 22-year-old son of Brig. Gen. Montague, was announced yesterday as the honor man of the class of 1947 at the US Military Academy.

Cooper C. McCraney, taken into custody by members of the state highway patrol Friday evening on a charge of driving while under the influence of intoxicants, entered a plea of guilty in county court Saturday morning and was fined \$75 plus costs.

## WEE DOG PERFORMS BIG JOB IN CHASING, IDENTIFYING PROWLER

A wee bit of a dog turned in a creditable job of protecting his master's property early Saturday morning despite a terrific handicap in stature.

Robert L. Glaser, 106 Owens, was awakened by noises in the vicinity of his garage at about 1 a. m. An investigation disclosed that a prowler was attempting to enter the building.

Glaser immediately gave his seven-month-old Chow the green light for an attack, and the diminutive animal, already alert and reveling at the chance, launched an immediate offensive. His prey shuffled for a handy fence, however, and the little dog could manage no more than

a few nips at the prowler's heels. Then, as the prowler vaulted over the fence, the dog came through with one mighty effort, and a good one it was. Canine teeth ripped fabric from the prowler's trousers.

With the return of daylight Saturday morning, Glaser respected the battle ground and retrieved the prowler's billfold which contained an identification card. The dog apparently had ripped a pocket from the intruder's trousers.

The identification card was turned over to local police who immediately launched a search for the prowler.

# Put yourself on EASY Street

SKIP styling for a moment—it's pretty well admitted by now that Buick has called the turn on the shape of cars to come.

And for the present, slide over performance—with that big bonnetful of Fireball power, nobody's going to challenge you much on the open road.

What else has the trim Buick got that others can't quite come up to?

You find one big answer where the cobbles are plentiful, the car tracks tangled, the bumps big.

This brawny traveler has a ride—a smooth, level, easy stride that makes you think of a canoe drifting in quiet waters.

One reason: It was Buick that first introduced the American public to soft, gentle coil springing on all four wheels.

It was Buick that first made it

THESE DO IT—four big-but-gentle coil springs permit each wheel to "step over" bumps as it reaches them. It is this independent action of each wheel that gives Buick its matchless buoyancy on any and all roads.

possible for each wheel to step over bumps as they came along, leaving the frame and body to pursue their level way undisturbed.

Buick's coil springs keep their

gentle softness always. They need no greasing or attention. They are unaffected by dirt, wear or the weather, and breakage is practically unheard of.

The net of it all is that you put yourself on Easy Street when you seat yourself in a Buick. You make every road a better road—every ride an adventure in smooth and buoyant comfort.

Why not drop in and learn more? Whether you have a car to trade or want to talk on a "clean deal" basis, you'll always find a warm welcome here.

When better automobiles are built **BUICK** will build them

### Spray-Dip Unit Solves Problem For Small Herds

Farmers and ranchers who find it hardly economical to dip small lots of sheep and cattle may have the answer to their problem in a portable spray-dip unit acquired by O. H. McAllister. Currently McAllister has let Durward Lewter, county agent, have the unit for demonstrations and it may be that a system will be worked out so that it or some similar spray will be available for hire. Mounted on a trailer, the revolutionary spray-dip apparatus can be herded into a crowding chute and run through rapidly. Twenty-five fine nozzles force a fine spray with such force and density that animals are drenched within a matter of moments. Bottom of the unit contains a pin which retrieves run-off dip, which may be used again. Among the values of the machine, said Lewter, are its flexibility and economy, making it ideal for small herds and flocks. It takes 150 gallons of DDT spray to treat 250 cows. Easily 100 head of sheep can be put through within an hour's time. Under the conventional vat method of dipping, it cost about \$100 to charge the vat with DDT solutions, making it impractical for relatively small producers. Grub scrapers increase the effectiveness of the spray, giving it opportunity to penetrate grub holes. DDT is not a cure-all for screw worms, but it does seem to be effective for a period against flies.

**SHEARING TIME**—Harvesting a "wool crop" is a signal for busy times such as those depicted on the Keith Morgan ranch five miles southeast of Big Spring. Here are depicted some of the operations typical of shearing, which is well along in this area. Upper left a shearer rips the wool from an ewe, fleecing an animal in about five minutes. Upper right the clip, which is cut in one piece, is tied before going into the big sacks. Center, riders round up another flock for the shearers so no time will be lost, and below, Hardy Morgan, father of Kent Morgan, watches the action from the growing stack of the clip. (Jack M. Haynes Photos).

### Shearing Nears End In Martin

STANTON, May 31.—Martin county has just about finished a good wool clip which will gross around \$60,000. Census figures for 1945 are not available for Martin county and therefore it is hazardous to estimate the number of ewes, but 15,000 probably would be a top figure. The wool price, too, is uncertain pending final action by Congress on new schedules. The clip has averaged about 10 pounds per animal, according to estimates over the county. Lamb crop will average 84 per cent and the quality of lambs is exceptionally sound. Pastures, having had repeated bookings, have made rapid recovery and are in good condition. An early example of a school lunch program started with a gift by the National Guard in Paris in 1849. The battalion found a surplus in its treasury and donated it to the community to assist poor children in obtaining a schooling. The gift became the nucleus for funds to support extra-academic activities, including school camps.

### Glasscock County Has Heavy Clip

GARDEN CITY, May 31.—Glasscock county ranchers are in the home stretch of reaping a wool harvest that may approach half a million pounds and may gross in the neighborhood of \$200,000. In addition to this rosy outlook, there is good prospect as far as ranges are concerned. Recent rains have brought the grass on faster than most men in the area can remember. This rapid growth, however, plus some high winds, may have set the stage for an earlier need of more rain than at first thought. Based in the 1945 census, Glasscock county reported 82,500 sheep, of which 69,000 were ewe. H. M. Fitzhugh, county agent, estimates that the figure now is nearer 50,000 to 55,000 ewes, due to removal of a large number to market last year because of drought and good prices. Despite a hard winter for sheep, Glasscock county had a good lamb crop, upwards of 90 per cent. Lambs are unusually well along. Over the county, clips have been averaging nine pounds per animal and the quality is as good as previous years and in some instances showing an improvement over last year. The price picture is uncertain pending congressional action but should the 42 cent level hold, the gross on the lamb crop will be satisfying.

## From Sun To Sun All Hands Busy As Sheep Shearing Season Unfolds

If you feel brownd when your barber miscues on your locks, take a look at a shorn lamb and be content. After all, even the best shearers, geared to handling 100 or more ewes and bucks a day, can't be entirely meticulous about their work. But when it comes to efficiency, these hands get the job done. In little better than five minutes from the time they grab a prospect by the hind leg and begin ripping wool off around the knuckles, they free the animal as naked as a picked chicken. Typical of the scene being enacted daily on scores of ranches in this region was the shearing on the Kent Morgan ranch southeast of Big Spring recently. Morgan had all hands busy in rounding up sheep, working them into proper pens, so that little time would be lost by shearers. In the matter of a few days several thousand head had been shorn. Juan Aledo of Bellinger furnished the crew working on a 12-drop outfit. These drops work off a central power unit that keeps razor sharp clippers buzzing. Shearers grab a buck or ewe, zip off the wool around the legs. They literally rip the wool off the belly, flush to the flesh, emerging for some hasty head trimming. Before you know it, the lamb is flipped over and the clippers work in deft movements toward the tail. Presto! Buckskin thongs are unwrapped and the animal goes free, leaving behind the clip, all in one piece. While the shearer goes for another victim, one of his constituents grabs the clip, ties it neatly and dumps it into a huge gunny sack, pausing occasionally to pack the wool. Everything is moving at a rapid tempo. A youngster and cowhands pause to stack the bulky wool sacks. Shorn animals are herded into pens for dipping with preparations to heal wounds and combat screw worms and for a neat paint brand on the rump. Riders rush up another batch of sheep. Keeping an eye on over-all operations, Morgan served as doctor occasionally when sheep came up from the shearer with a leg out of joint. A few easy manipulations with pressure at the right point and the leg is back in place. Once

in a great while a shearer manages to nick a lamb rather severely. Crew hands simply whip out needle and thread and sew up the wound. It's a man-killing pace, this sheep shearing. Riders are out on the range early to have sheep penned for the crews soon after sunrise. An hour of idleness during the day means 150 to 200 less animals shorn, so it is essential to have sheep waiting at all times. There is no eight hour day, for it's mostly sun to sun. Shearers and ranchers usually

deal on a per head basis. Half goes to the shearer for each slip turned in, half to the crew boss, who provides the equipment, fuel, etc. Shearing is strictly piece work and good hands hit \$15 and above per day. They hurry from one ranch to another until the season plays out, for the small amount of tagging (clipping for needle grass and around eyes in the spring) usually is insufficient to justify a crew. When the work plays out, so does the pay envelope and the shearer, like a not, swaps his clippers for a cotton sack. Any way you take it, it's the hard way.

### Howard County Sheep Producers Get Good Clip

FORSAN, May 31.—Most ranchers in Howard county have completed their clip which is averaging out nine pounds or better. Unofficial estimates are that there are something like 29,000 ewes in the county, most of them in the southern half. On this basis it would mean better than a quarter of a million pounds with a gross value of around \$100,000. Lamb crop is difficult to estimate in the county, but 85 per cent may be in the neighborhood. Some have dropped as low as 70 per cent while others have exceeded the 100 per cent mark. The Forsan area estimates 80 per cent as an average. Range conditions at the moment leave little to be desired, for recent rains stimulated pastures to a remarkable recovery. Some trouble may result from needle grass, which is thriving along with more desirable forage. Although the lamb crop may be off some, the quality of animals generally is far above average. Ewes are fat and in good condition. Oogs have been giving producers in the southeast part of the county no little trouble.

### Monahans Man Is Treated For Cuts

L. W. Smith of Monahans was carried to a local hospital for treatment of knife wounds he received in an affray Friday night, Big Spring police reported. Local officers said Smith told them he was stabbed with a pocket knife wielded by a man who came here with him from Monahans. Police began an immediate search for the assailant, but preliminary investigation indicated that the man left town immediately after the incident. Smith was said to have suffered serious wounds, although his condition was not believed to be critical.

### Other Agriculture Classes Possible

Teaching staff, long the bottleneck in vocation agriculture training, appears ample now for addition of two more classes for the Howard County Vocational school. The vocational program, offered as an on-the-job program for GI farmers, is handled in conjunction with the Howard County Junior college. Currently there are two classes in operation, one at Big Spring and one at Knott. E. C. Dodd, college president, said that if demand is sufficient, two additional classes can be started.

### Romine To Conduct Class For Scouters

Charles Romine will continue the Boy Scout leaders' training course with a session scheduled for 8 p.m. Tuesday in the First Methodist church basement, Scout officials announced Saturday. The Tuesday class will be the third in a series to be held during the next two weeks. Attending the session Friday night were Ladd Smith, Billy Mims, Wesley Deats, Billy Clanton, Boyce Patton, M. M. Miller, D. M. McKinney, George Mefers, Dewey Martin, Billy Bob Watson and Charles Rainwater.

Mr. and Mrs. Elvis McCrary and sons, Jimmie and Dannie are visiting Mr. and Mrs. Kenneth Fallon in Spanish Fork, Utah.

**The Chiropractor and You**  
No. 13 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic.  
**CASE HISTORY No. 827.** A 13-year-old girl who had suffered with psoriasis for eight years. Face, ears, neck and almost every part of the body, was covered with scaly lesions. Hospitalization, serum injections external applications of many kinds had been tried, but the condition persisted. When she first visited a Chiropractor the child was a pitiable sight. The spine was X-rayed and a nerve blockage causing metabolic disfunction (chemical imbalance) was revealed. Adjustments were begun to release the nerves, and within a short time the lesions began to peel off and disappear. On her thirteenth birthday all trace of psoriasis had left the child's skin, with the exception of a few spots above the knees, and these last traces disappeared within a few days.  
**CASE HISTORY No. 542.** A young man barely 18 years old who had been advised that his condition of epilepsy was incurable. Epileptic fits had grown in frequency since he was nine years old, and all efforts had failed to restore normal health. He visited a Chiropractor as "a last chance", and on April 7th the first spinal adjustments were begun. He has not had a single epileptic seizure since and has improved remarkably in health and outlook.  
**CASE HISTORY No. 38.** A nine-year-old boy with a lengthy record of sickness. At age three his tonsils and adenoids had been removed. When three and a half he had a single epileptic seizure since and he was suffering from rheumatism edema and rheumatic fever. At seven he developed chorea, or St. Vitus Dance, which continued for a year and forced his removal from school. His mother was persuaded to take the boy to a Chiropractor. A spinal analysis revealed severe nerve pressure, apparently the result of an instrument birth, and adjustments were commenced. After several adjustments the boy was able to return to school with an appreciable gain in weight, and has been well ever since.  
**WHAT IS CHIROPRACTIC?**  
Chiropractic is based on the fact that the brain is the human power house. It creates vital energy. Without brain energy no organ or part of the body can function. Brain energy is transmitted over the body's network of nerves. These nerves radiate from the spine, and it is in the spine that the nerves can be "pinched" by vertebrae, and the flow of energy over them impeded or cut off. When, in this way, the connection is broken between brain and one or more parts of the body, disease is the inevitable result. By skillful analysis and precise spinal adjustments, the Chiropractor is able to locate and release impinged nerves, and restore an uninterrupted flow of brain energy to the part affected. Health follows naturally.  
**FOR FURTHER INFORMATION** concerning the modern Chiropractor and what he can do for you, Phone 419. Appointment only.

**Nathan's Jewelers Present Miss Big Spring With 21-Jewel Bulova**  
  
Herb Edenbaum, manager of Nathan's Jewelers, presents "Miss Big Spring of 1947" with a 21-jewel "Her Excellency" Bulova as First Prize at a recent bathing beauty revue held at the municipal swimming pool. Second place winner, Vevagene Apple is at the right of Miss Ray and Rosalyn Beale, third place winner, is on the left.

# Holiday Death Toll Climbs Past 250

By The Associated Press

The violent death toll in the nation's three-day Memorial Day observance swelled to at least 257 Saturday and the automobile assumed its customary role as the chief killer.

Highway deaths rose to at least 103, after having been pushed temporarily into the background by major airplane crashes that took 83 lives in New York and Maryland. A total of 46 drowned and 25 others lost their lives from miscellaneous causes attributed to the holiday observance.

The over-all count of fatalities indicated violent deaths would exceed the 292 toll in last year's four day Memorial Day holiday. However, highway deaths were running behind advance estimates of the national safety council that 275 would die on the highways before Sunday midnight.

The heaviest traffic toll was in California with 13, followed by Indiana 11, and Michigan, Pennsylvania and Wisconsin, eight each.

Deaths by states, including traffic accidents, drownings, and miscellaneous causes, in that order:

Alabama 4 0 1; Arizona 4 0 0; Arkansas 2 1 1; California 13 0 1; Colorado 1 1 0; Connecticut 1 2 0; Idaho 0 0 1; Illinois 3 3 2; Indiana 11 1 0; Maine 1 1 0; Maryland 3 3 53; Massachusetts 1 2 3; Michigan 8 0 0; Minnesota 1 2 2; Mississippi 4 0 0; Missouri 1 0 2; Montana 3 0 0; Nebraska 3 1 0; New Jersey 3 1 0; New York 3 5 43; Ohio 4 3 4; Oregon 1 0 0; Pennsylvania 8 4 5; South Dakota 1 0 0; Tennessee 1 0 0; Texas 5 1 0; Utah 1 1 1; Virginia 1 0 0; Washington 3 0 0; West Virginia 1 0 0; Wisconsin 8 3 0; District of Columbia 0 1 0.

## Midland Rodeo Boosters Due Here Today

A group of Midland rodeo boosters are scheduled to advertise their 1947 production at the Big Spring Municipal Airport this evening.

A 12-plane aerocade will bring the delegation here and they are expected to arrive at about 6:15 p. m.

While here they will extend special invitations to local residents to attend the annual Midland rodeo, which opens Thursday and continues for four days.

The local chamber of commerce announced Saturday that welcoming ceremonies will be informal, but chamber officials urged as many people as could to greet the visitors.

The airport manager's office is located in Hangar No. 1, and can be reached easily by automobile. Motorists are advised to take the Bombardier School road which leads off of Highway 80, and then take the first paved road to the right after entering the post.

## Mitchell Well Is Completed For 152 Bbls.

Tobe Foster completed his No. 1 R. S. Brennard, Sr., Clear Fork discovery two miles south of the Coleman Ranch pool and two and a quarter miles west of the north end of the Westbrook field in northwest Mitchell county, for 152 barrels.

The opener made its rating on a 24-hour pumping test at bottom of 2,800 feet after being shot with 290 quarts from top of pay at 2,703 feet. It is located in the C N E S E NE of section 4-28-1n, T&P. Previously, he had staked an offset, his No. 1 C. R. Womack, 330 feet from the south and 2,310 feet from the west lines of section 22-26, H&T.C.

Taylor Cole and John Darden of Midland staked two locations a quarter of a mile north of production in the Coleman Ranch pool. The first will be No. 1 S. R. Coleman, 330 feet out of the southeast corner of the north half of the southwest quarter, and the second will be No. 2 Coleman 330 feet out of the southwest corner of the same lease, held originally by Cosden in section 76-97, H&T.C. Both are projected as rotary explorations for 3,000 feet.

Ohio Oil No. 1 J. C. Neal, northeast Scurry deep wildcat, cemented fire and a half-inch string and prepared to test to bottom at 7,290 feet after topping Ellenburger at 7,224 feet, 5,060 feet below sealevel. Oil and gas cut mud and some free oil were logged on returns. The test is 660 feet out of the northeast corner of the R. N. Miller survey 1, abstract 868.

Progress Petroleum No. 1 Rogers was staked as a Garza county wildcat, west of post and northwest of the Garza (San Andres) pool. It is in the southeast corner of a 2 01-2 acre tract in 1231-5, J. V. Massen survey.

Humble oil No. 1 L. B. Floyd, proposed 12,000-foot wildcat in western Midland county, has been abandoned temporarily at 5,385 feet in shale and lime with hole cemented from 4,570 up to 4,820 with 100 sacks. Only salt water was recovered during the last hour of a four-hour swabbing test to 2,400 feet. It is in the northwest quarter of section 15-37-3s, T&P, half a mile to the west of the No. 1 L. B. Floyd, reached 11,322 feet in lime and chert.

A generous serving of fresh strawberries will, on the average, supply the recommended daily quota of vitamin C, according to plant scientists of the U. S. Department of Agriculture.

FIVE GENERATIONS are represented in this picture, snapped at a recent family reunion in Big Spring. At left front, held by his father, Keith Bailey, 19, is four-months old Bobby Lee Bailey. Keith Bailey's father, Nile Bailey, 41, is at left, standing, next to his mother, Mrs. Effie Rogers, 67. Her mother, Mrs. Eliza Jane Lovelace, 94, pioneer Garden City woman, is seated at left.

## Two Convicted Of Mail Fraud In Orphanage Fund-Raising

BROWNSVILLE, May 31. (AP)—A federal court jury this afternoon adjudged Mathes and Ruth Coleman guilty of using the mails to defraud while operating a nationwide fund raising campaign in the name of their little Santa Rosa negro orphanage.

The negro couple showed no trace of emotion as US Asst. Dist. Clerk Otto Reichert of San Benito read the jury's verdict of guilty on each of nine counts for each defendant. Maximum sentence is five years on each count.

Coleman, with the aid of crutches made necessary from injuries received in an automobile accident last January, stood calmly by the side of his wife who had listened to the twelve day trial proceedings from an ambulance stretcher.

The only change in appearance of the couple was the absence of Mrs. Coleman's silver rimmed glasses which she had worn throughout the long trial. She removed them shortly after the jury received the case and retired at 10:05 a. m.

Although a false alarm alerted Judge Allan B. Hannay and other trial participants shortly before noon, G. G. Bevil, Brownsville manager for Pan American Airways and jury foreman did not hand the verdict to Reichert until 2:10 p. m.

The false alarm resulted from the jury's ringing the verdict bell to request drinking water.

The courtroom was only sparsely filled when the shirt-sleeved perspiration-covered jury filed into the box. A large portion of those present were negroes. The crowd was noiseless until Judge Hannay ordered adjournment but a few minutes later the federal building's hallways buzzed with comments of surprise as to the verdict.

Judge Hannay announced he will pass sentence on the couple at 9:30 A. M. Friday, June 6.

This is the Frazer Manhattan—America's Newest Fine Car

AN INVITATION AND A Challenge

THE Frazer Manhattan embodies all that engineers and designers have learned from the accelerated technical advances of four years of war. Two years in preparation, it is a 100% postwar automobile—supremely new!

The designers, given a free hand—unhampered by old dies or tools—have created a masterpiece of functional beauty. This car was designed from the inside out! Its lines reflect its purpose—to carry you swiftly, in luxury, comfort and safety.

There is abundant power beneath that glittering exterior! Smart lines and luxurious appointments veil a smoothly functioning marvel of modern engineering. In performance, roominess and ride the Frazer Manhattan is truly in a class by itself. To see this car is to fall in love with it. And if you drive it, you will never be satisfied until you make it your own.

Superlatives are wasted here. They have all been used before! This announcement is an invitation and a challenge—an invitation to see the Frazer Manhattan and a challenge to drive it. You do so at the risk of being unhappy with whatever you own now—no matter what it is—and the Frazer Manhattan is quite expensive!

The new Frazer Manhattan has been awarded the medal of the Fashion Academy of New York as the "best dressed automobile of 1947".

# THE ASSOCIATED PRESS NEWS IN PICTURES

**SPRINGTIME SNOWBALLS** — It may be springtime in most of the country, but high in the Sawtooth Mountains at Sun Valley, Idaho, three visitors—Shirley Buchanan, Karen Gayford and Pat Hall—find plenty of winter facilities for rolling snowballs.

**STRING SAVER** — Ed Fouts, Columbus, Kas., filling station operator, sits atop the 336-pound ball of twine which he collected in five and one-half years. He estimates it contains some 178 miles of string.

**BIG BEND SENTINEL** — The precipitous north face of Casa Grande mountain, in the new Big Bend National Park, towers 2,000 feet above this concession village store on the slopes of "The Basin," temporary park headquarters. The park embraces 700,000 acres in the Chisos Mountains along the Rio Grande, 80 miles south of Marathon, in west Texas.

**AIRLINE HELICOPTER** — An S-51 Sikorsky helicopter takes the air at Bridgeport, Conn., after being turned over to UAL as the first helicopter for use by a major airline with its regular fleet of commercial aircraft.

**JET-POWERED 'BANSHEE'** — The Navy's newest fighter plane, the Banshee, shown on a test flight, is powered by two jet engines. Top speed is over 600 miles per hour.

**ASSIST FROM SINBAD** — Sinbad, famous Coast Guard mascot, helps Lt. (jg) W. E. Harris (left) administer oath to recruits Glen Smith, John C. Baker, Malcolm Bunch and Andrew Calmi (l. to r.) in St. Louis. Recruiting Officer Barry Hawthorne is at right.

**ANNIVERSARY GIFT** — Dick Van Patten, (right) juvenile in a Broadway comedy, presents a silver wine cooler, gift of the cast and stage hands, to the stars of the play, Alfred Lunt and Lynne Fontanne, on the occasion of the couple's 25th wedding anniversary.

**SURGEON** — Dr. I. Daniel Shorell, New York plastic surgeon, returns from an air trip to Texas City, Tex., to aid explosion victims who suffered disfiguring injuries.

**ANGLING IN STYLE** — Pretty Liz Barber, (above) former airlines stewardess now helping her husband run a flying club at Westport, Conn., uses a floatplane when she feels the urge to do a bit of fishing.

**NEW C-97S FOR ARMY AIR FORCES** — Shown on the Boeing flight line in Seattle are some of the new giant cargo and troop transports being delivered to the Army Air Forces. They carry 41,000 pounds and cruise at 300 miles an hour.

**PRETTIEST** — Lynn Gilmore, (above) former model, was voted the prettiest restaurateur in America in a New York balloting by operators from 43 different states.

**GENERATIONS OF BEARDS** — Three generations of the Bensley family—Lou, Loren and Jack—sport luxurious beards grown for the Traverse City, Mich., centennial celebration.

### Cosden Golf Play Will Start Today

Entrants in the Cosden golf tournament will get in their first holes in match play today and matches in four flights are scheduled to continue through the week.

Frank Morgan vs. O. O. Craig; Jake Morgan vs. James Edwards; Dub Prescott vs. Sam Hefner.

### MUNY GOLF NOTES

### By Nelson May Play Here Later In Year

The Muny golf course, benefiting from the recent rains and the addition of equipment, is in tip-top condition, according to Pro Fanning.

been to tournaments recently, this should be the biggest year in the history of the golfing game.

Some of the 'younger' linksmen, those under 60 years of age, could take notice of the type of golf Owen Walker shoots.

Bobby Wright faced and successfully survived his first challenge in the Muny ladder tournament when he defeated Jack Keith.

According to his opponents, he has regained all of it. In fact, they insist he is better than ever.

The local pro assures that Nelson is still the Mr. Big in golfing circles who, if his putts are dropping, can't be touched by anyone in the game.

Pro Fanning estimates, from the steady demand for golf instruction and the ever increasing play, both here and other places where he has

### Cayuses Sweep Three-Game Set From Odessans

Before the largest paid attendance of the year, the Big Spring Broncs shaded the Odessa Oilers, 7-5, behind the effective pitching of Joe Cindan here Friday night.

Pat Stasey had sent Big Spring into the lead with a two-run circuit play in the first inning.

The Oilers dispatched ten men to the dish in the fourth as Cindan temporarily lost his effectiveness, making the most of six hits and a base on balls.

Bill Boswell was the victim of the 11-hit Big Spring attack.

Chances for securing By Nelson for an exhibition match at the course are very good, according to Fanning.

The Muny ringer tournament, which runs until the night of July 4, has stepped up in tempo.

Bobby Wright, the ladder leader, has stepped into first place in this event, having lowered his score to 55 strokes.

### Braves Whitewashed By Brooklyn, 5-0

BOSTON, May 31. (AP)—Brooklyn went into a third place tie with Boston in the National league pennant race today by whipping the Braves 5-0 behind Ralph Branca.

### Phalanx Takes Belmont Stakes By 5 Lengths

BELMONT PARK Race Track, New York, May 31. (AP)—The new pilot aboard Phalanx today and gave him a different kind of a road map to follow, and the "Gentleman From Virginia" liked it so much he waited home by five lengths in the Belmont stakes.

### Colorado City Routed By Local Girl Softballers

COLORADO CITY, May 31.—The Big Spring girls' softball team made it two in a row over the local feminine Saturday night by pounding out a 15 to 7 decision behind Left Nell Todd.

### Bums In Third Place In Forsan Games

BOSTON, May 31. (AP)—Brooklyn tied Boston for third place when they defeated the Braves in Boston 5-0 behind the six-hit pitching of Ralph Branca.

### Mother-In-Laws Putter Brings Turnesa Victory

### Wee Willie Nips Chapman 3 And 2

CARNOUSTIE, Scotland, May 31. (AP)—Wee Willie Turnesa won the British amateur golf championship today with his mother-in-law's putter and an educated wedge.

WILLIE TURNEZA

tion were all he needed to catch and overcome Dick Chapman, his Walker Cup teammate, 3 and 2, in an all-American final — first in the history of the golfing classic.

Willie and Dick, bosom pals who last played together with the Duke of Windsor in 1941, provided 4,000 Scots spectators to an eyelid of a thrill as the match went down to the curtain on the 34th green.

In becoming the sixth American to carry off Britain's prized trophy since Walter J. Travis won it in 1904, Turnesa made as brilliant a comeback as old Carnoustie ever witnessed, and for the final 25 holes shot a brand of golf that made Chapman's cause hopeless.

He started miserably over a water-logged course, required 41 strokes for the first nine, and was five-holes down to Chapman at the 17th. Chapman, sinking 25 and 30-foot birdies with gey abandon, shot the nine in two-under-par 34. It looked like a runaway.

And then Willie, with one of his noted brothers, Professional Joe, walking behind him and whispering words of advice and encouragement, began to play golf. He shot the next five holes in 444 24—three pars and two birdies—to catch Chapman, who wobbled badly after being bunkered at the 10th.

Willie shot the second nine in 35 strokes to go to lunch all square. He shot a succession of nine straight pars going out in the afternoon, and went ahead for the first time on the 27th hole when Chapman smacked two shots into the rough.

Colorado City Routed By Local Girl Softballers. COLORADO CITY, May 31.—The Big Spring girls' softball team made it two in a row over the local feminine Saturday night by pounding out a 15 to 7 decision behind Left Nell Todd.

No less than five home runs ricocheted off the bats of the Big Springers, with Lefty Todd, Katherine Redding, Lois Kinman, Natalie Smith and Dean Baldock each hitting for the circuit. Reddings round-tripper came with two on, and one runner preceded Kinman across the platter when she connected for four bases.

Libe Adams garnered a homer for Colorado City.

The Big Spring nine took a one-run lead in the first, which was tied up immediately by Colorado City, but the Howard countess moved ahead again in the second and were never seriously threatened thereafter.

The line score: BIG SPRING...155 003 1-15; BIG SPRING...155 003 1-15; 22; Colorado City...130 020 1-7; 8; 22 etain shrdtu etaoin etaoin.

Blue Caps Win, Lose In Forsan Games. FORSAN, May 30.—Dunn's Blue Caps licked Lees Juniors in a slambang softball game, 28-12, then turned around and dropped a 2-4 decision to White's Red Caps, here Thursday night.

Suttles pitched both games for the Dunn gang.

### LOOKING 'EM OVER

Shades of Joe Sewell... Our Town's Pat Stasey struck out but twice in his first 34 Longhorn league games.

Carl Cox is Father of Twins. Carl Cox, the former Big Spring third sacker who is now playing the hot corner for the Hollywood Stars of the Pacific Coast league, is the father of twins.

Lubbock for seasoning later this month... Hugh Mulcahy, the one-time pitching great with the Philadelphia Phillies, is now with Oakland.

Pete Fuglaar Leads High School Mace Marks With .414 Average. Pete Fuglaar, durable backstop, led his Big Spring high school baseball teammates in batting for the season just completed.

Polly Riley Defends Fort Worth Title. FORT WORTH, May 31. (AP)—Polly Riley, the 1947 trans-Mississippi woman's golf champion, successfully defended her city title here Saturday trimming Mrs. Aniela Goldthwaite, 5 and 4, in the 36-hole final at Glen Garden.

Both will pass the West Texas women's tournament beginning Wednesday at Odessa.

### Four B'Spring Players Boast .400 Averages

Four members of the Big Spring professional baseball team, the Broncs, managed to keep their averages at .400 in games through Friday night, a check compiled by the sports desk of The Daily Herald showed.

Bert Baez was setting the pace with a .419 mark. Tony Traspueso was next far behind with .411 while Pat Stasey trailed at .403, three points more than J. K. McClain, newcomer second baseman.

Table of player statistics: Player, AB, R, H, W, L, Pct. Bert Baez, 128, 29, 419, 2, 0, .419.

### Steer Letters To 13 Players

Thirteen boys won Big Spring high school athletic monograms for the season just completed, Coach Conn Isaacs announced Saturday.

Those rewarded for their efforts included Pete Fuglaar, Huck Doe, Donnie Carter, Eddie Kohanek, Harold Berry, Marv Wright, Horace Rankin, Jackie Barron, Sam Thurman, Donald Woods, Donald Reaves, Don Walker and D. A. Miller.

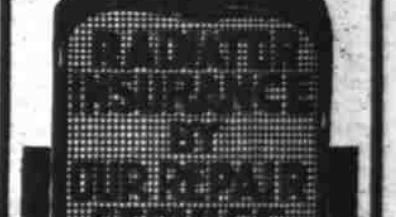

Fuglaar, Doe, Wright, Rankin, Barron and Woods have completed their eligibility.

### Legion Diamond Workouts Begin Monday At 5

First practice session for local American Legion baseballers has been scheduled for 5 p.m. Monday at the Steer baseball park.

Several boys between 13 and 18 years of age attended a called meeting Saturday morning at which plans were made for beginning drills.

Legion officials said they hoped to bring every Big Spring boy between the ages of 13 and 18 into the program.

**Texas Cities, Towns Report Amazing Population Growth**

By JACK RUTLEDGE  
Associated Press Staff

Texas has grown amazingly since the last official census, an Associated Press survey of major cities and counties indicates.

Many towns have become cities, and the wide open spaces are filling up.

The growth is attributed to industrialization, the hundreds of major war industries that have converted to civilian production and stayed in production, the heavy influx of former soldiers who trained in Texas and have moved back with their families to live, increased shipping, greater oil production, increased agriculture and new businesses.

The increase invites speculation. Texas ranked sixth among states when the 1940 census was taken. It had a total of 6,418,321, and trailed New York (13,379,622), Pennsylvania (9,891,709), Illinois (7,874,155), Ohio (6,889,623) and California (6,873,688).

Other states also have grown. Obviously California has increased in population as much or more than Texas. But have Illinois, Pennsylvania and Ohio? Will Texas in 1950 rank among the top four states in population.

The census bureau has estimated that the entire population of the United States has gained about 11,000,000 since 1940. It is now up to 140,000,000. The indicated gain shown by the Texas survey seems higher than the national average.

The Texas survey included all major towns, and every area in the state. The trend is to the city, but counties also have grown, although not as rapidly as the urban areas.

Many of the estimates of 1947 population were made by chambers of commerce. Others were made by utility companies basing estimates on electric outlets, by industrial firms, city directories, government officials, housing authorities, employment bureaus, newspaper circulations, and private statistical surveys.

The over-all average increase of Texas cities was 48.7 per cent. The largest single increase was reported by Orange, which grew from 7,427 to 35,000, or an increase of 372 per cent.

Among the big cities, Dallas led with a 58 per cent increase, jump-

ing from 294,734 in 1940 to 466,300 in 1947. Houston, however, remained the state's largest city with a 1947 estimated population of 480,000, a jump of 25 per cent over 1940's 384,514.

West Texas and the Gulf Coast areas reported the largest growths, both by city and county. The coast boasted greater industrialization, chemical plants, shipping, and the West Texas area livestock, oil, and greatly expanded agriculture.

This is the tabulation of towns, including 1947 population (estimated), the official 1940 census and the percentage of increase:

City	1947	1940	% Chg.
Ahrens	82,000	28,612	286
Alida	18,500	7,725	239
Amartillo	70,000	31,888	219
BIG SPRING	18,250	12,004	52
Brownville	31,000	22,053	40
Dallas	466,300	294,734	58
Denison	20,000	15,981	25
Denison	15,000	11,192	34
Fort Worth	552,978	377,662	48
Greenville	13,500	13,905	3
Houston	480,000	384,514	25
Lamesa	9,242	6,038	53
Lufkin	17,000	9,597	78
McAllen	19,235	11,977	61
Midland	18,000	9,352	103
Odessa	35,000	8,373	286
Orange	35,000	7,427	372
Palmetto	17,000	12,144	40
Pampa	18,000	12,395	45

**Prize - Winning White Oak Band To Give Concert Here Monday**

Director Roy Swicegood is scheduled to bring his White Oak High school band into town again Monday evening for an open air concert on the east courthouse lawn.

The concert is booked for 7:30 p.m.

White Oak's prize-winning musical organization stopped Monday for an overnight stay and staged a brief street parade and then presented several numbers at the baseball park preceding a Longhorn league game.

The band, which plays virtually everything from "Bach to Boogie Woogie" represents a rural high school in the heart of the East Texas oil field about six miles from Lenoir. The organization has won blue ribbons in contests throughout the Southwest including the recent Tri-State band meet at Enid, Okla.

Traveling in two buses, the band left here last Tuesday morning for Carlsbad, N.M. for a week's tour that was to include an excursion to Ruidoso and participation in a Memorial Day parade at El Paso Friday. They are to leave El Paso Monday morning and arrive here during the afternoon.

**ROY SWICEGOOD**

**Adrienne Ames, Actress, Dead**

NEW YORK, May 31. (AP)—Adrienne Ames, 39, stage and screen actress, and radio commentator, died today.

A native of Fort Worth, Texas, she entered motion pictures about 15 years ago, appearing in such films as "The Road to Reno" and "George White's Scandals."

For the last six years she was a Hollywood and Broadway commentator for a New York radio station.

She had been married three times. The last husband was Actor Bruce Cabot.

**East Fourth Church To Be Host To Associational Brotherhood**

**BROTHERHOOD SPEAKERS**—Southland and state leaders will be speakers at the Big Spring association Brotherhood meeting Tuesday at the East Fourth Baptist church. They are George W. Schroeder, Memphis, Tenn., left, assistant director of Brotherhood activities in the South, and L. H. Tapscott, Dallas, right, state Brotherhood secretary. Dr. Thomas Pitts, Odessa, associational president, will be in charge.

Half or more of the 32 churches in the Big Spring association are expected to be represented here Tuesday when the East Fourth

504 W. 3rd

Baptist church entertains the associational brotherhood meeting, the Rev. J. W. Arnett, missionary for district No. 8, said Saturday.

George W. Schroeder, Memphis, Tenn., assistant director of Brotherhood activities for the Southern Baptist convention, and L. H. Tapscott, Dallas, state Brotherhood secretary will be here for the affair. Dr. Thomas J. Pitts, Odessa, associational Brotherhood president, will be in charge and George McClellan, educational director for East Fourth, will represent the host since the church is without a pastor at the moment.

Arnett, who completed moving to Big Spring from Midland last week, said that indications were that there would be a good attendance at the meeting, which will draw from Coahoma on the east to Penwell on the west. Busy season in the fields may cut attendance from some of the rural churches.

**Park Programs Start June 20**

First program of the summer amateur entertainment series will be presented at the City park amphitheatre on the night of June 20, chamber of commerce officials announced Saturday.

Details of the initial program still are incomplete, but a schedule for the entire summer on a weekly basis is being mapped.

The amateur programs were re-inaugurated under chamber of commerce sponsorship last year, after a suspension of several years duration during the war. The series presented last year gained considerable popularity, and estimated attendance for the season was more than 35,000.

**YOU NAME IT AND MAY HAD IT; IN WEATHER VARIETY, THAT IS**

CHICAGO, May 31. (AP)—It was a merry month of May—for the weatherman.

Just name it; the weatherman had it, somewhere in the nation.

There were drought conditions in some areas, with serious forest fire dangers. In other areas it rained almost every day.

There were tornadoes, cloudbursts, floods, fogs, frosts and snow.

Snow, ranging up to 12 inches fell in Midwest states this week.

In some areas crops were damaged by lack of rainfall. In others they were delayed by too much rain. In some regions they were hit by cold.

In the Southwest, tornadoes, cloudbursts and floods, with record high and low temperatures made the month one of the most unusual on record.

Many Texas points had temperatures above 100 degrees early in May. Second and third weeks had excessive rainfall in some areas.

The final week brought record low temperatures, with 31 degrees May 29 at Dalhart, in the north. Dallas' 48 on the same date also was a record low.

Scattered tornadoes swooped down on parts of Texas, Oklahoma and Louisiana, although none did severe damage.

Bones contribute flavor to soup, as well as some calcium and protein, especially gelatin.

## Vacation Time

JUNE BRINGS WARM WEATHER and the end of schools—and with this action of dormant thoughts of vacation. For some it is a reprieve from daily chores, for others it means a return home from college, or freedom from school walls. As the temperature mounts, more and more people will be thinking along lines of trips, swimming, fishing, golfing and a host of other happy ideas for a little change.

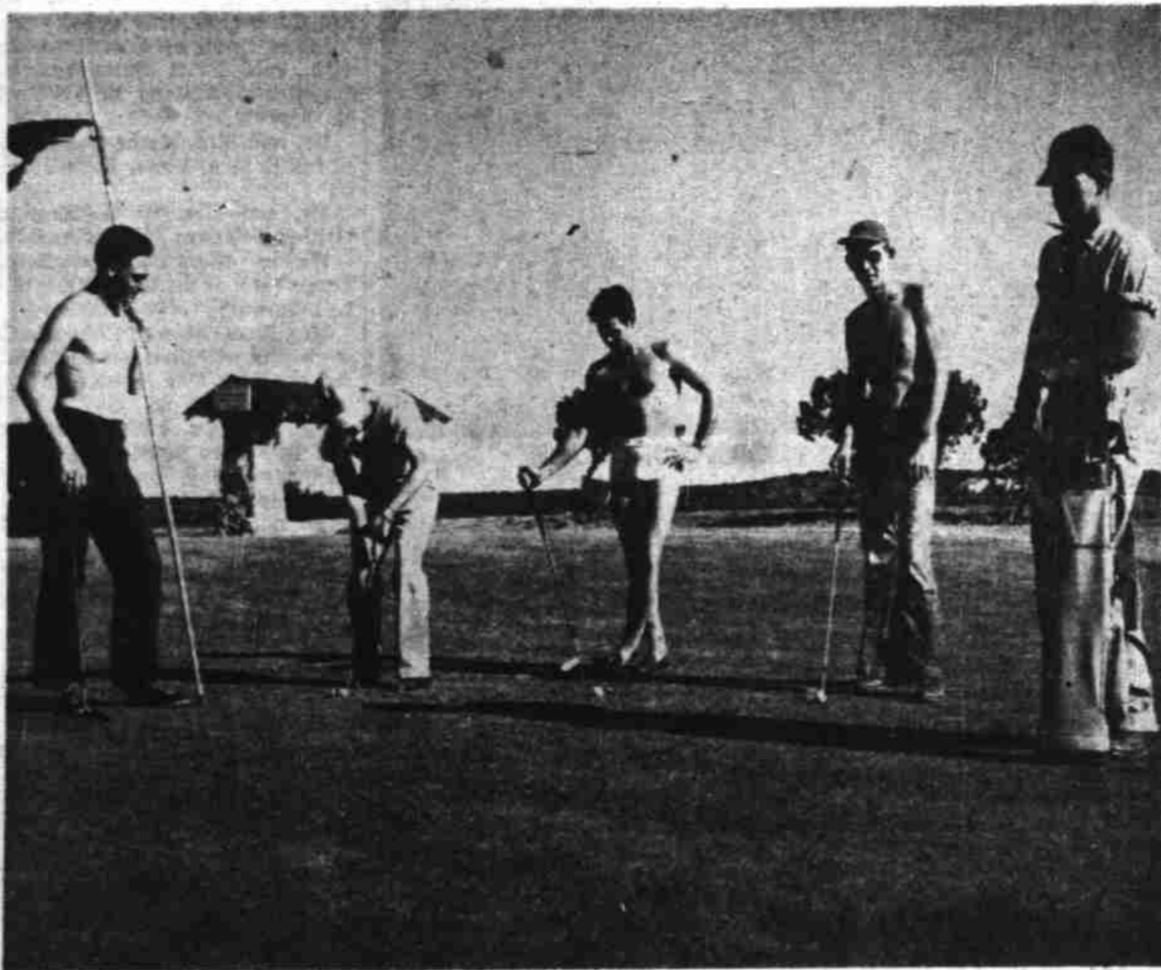

Miss Betty Jean Underwood, daughter of Mr. and Mrs. Alton Underwood, is shown as she boarded the Pioneer airplane Saturday morning for Houston where she is spending the weekend as official queen of Big Spring to help christen two new Pioneer Air Lines planes.

About to leave on a short fishing excursion are Good Graves, Mrs. G. C. Graves and Marjorie Laswell. They are spending their vacation at home, enjoying the entertainment facilities in and around Big Spring.

With hot weather at hand, the cool waters of the Municipal pool are refreshing to these vacation-time swimmers. They are Mrs. Ray Griffin and children, Don and Peggy Sue.

Soon to begin vacation from the Howard County Junior college, which ends the spring term June 6, are golfers Ladd Smith, Dewey Stevenson, Dave Platt, Darrel Hickman and I. B. 'Toar' Bryan.

### Happy Dozen Crochet Club Has Last Meet

Mrs. W. T. Bolt was hostess to the Happy Dozen Crochet club at the last regular meeting until fall recently in her home. Mrs. Luther Ledbetter was co-hostess. A picnic was planned for members' families to be held June 11. Refreshments were served to Mrs. D. T. Evans, Mrs. R. D. Sallee, Mrs. Roy Green, Mrs. Frank Wilson, Mrs. Roy Cook, Mrs. W. A. Abat, Ruth Ann Abat, Ronald Wooten and Bobby Raymond Wooten.

### Mrs. Woodall Wins High Score At Party

The Friday Bridge Club met at the home of Mrs. Ted Groehl. A salad plate was served. Mrs. J. M. Woodall won high score and Mrs. Robert Stripling binged. Members attending were Mrs. Woodall, Mrs. R. B. G. Cowper, Mrs. Larson Lloyd, Mrs. Charles Watson, Mrs. P. W. Malone with Mrs. E. B. McCormick and Mrs. Stripling as guests.

### Alyce Faye Dorsey Is Honored With Tea, Gift Shower

COAHOMA, May 31. (Spl.)—Mrs. C. R. Graves and Mrs. R. D. Cramer entertained in Fellowship Hall of the Methodist church recently with a tea and gift shower honoring Miss Alyce Faye Dorsey, bride-elect of Martin Patterson Hingle of Weslaco. Mrs. C. R. Graves welcomed guests, who were registered by Mrs. Alex Turner, Jr. Betty Jean Graves played piano selections during the afternoon and Mrs. R. D. Cramer displayed gifts. The serving table was laid with a hand embroidered cross-stitched cloth and featured a center arrangement of white roses. Mrs. Ennis Roe Chapman, Gloria Jean and Patsy Harris were at the punch service. Approximately 50 persons attended.

The bride-elect will receive her degree in drama education with the graduating class at the University of Texas June 2. She has received an appointment to teach in the speech department at Austin high school, Austin. Hingle is a junior student at the university, where he will continue his studies in radio.

### Large Crowd Attends Sub Deb Annual Spring Formal Held At Country Club

Approximately 200 couples were guests at the annual spring formal of the Sub Deb Club Friday evening at the Country Club. A carnival theme was carried out in decorations with crepe paper streamers and balloons about the ballroom. Carnival paintings were also on the walls of various points. Duke Neel and his orchestra furnished music for the dance. They assisted in carrying out the theme by wearing clown collars and clown hats. A floor show was presented during the evening and included a song, "Mummy" by Rose by Burt Ciant, Jr.; a quintet composed by Kittie Roberts, Wanda Lou Pettit, Susan Houser, Jan Masters and Barbara Greer sang "Uncle Re-

mus," accompanied by Mrs. Ann Houser; and James Lee Underwood sang, "About a Quarter Till Nine." Mothers of members were chaperones. Members and dates were Mary Louise Davis, George Worrell, Patsy Sue McDaniel, Tommy Tomlinson, Dorothy Satterwhite, Eddie Houser, Beverly Stulting, Wendel Strahan, Rose Nell Parks, Jack Ewing, Betty Lou Hewett, James Fanning, Anna Currie, Bill Satterwhite, Jane Stripling, Harrol Jones, Dot Cauble, Ernie Ache, Jean Pearce, Dalton Olson, Dot Wasson, James Duncan, and a former member, Nina Curry of Wharton and Paul Schaffer.

Senior members of the club were honored at a breakfast given Saturday morning by the sponsor, Mrs. Willard Hendricks in her home. Those who graduated are Billie Gene Younger, Mary Louise Davis, Patsy Ann Tompkins, Patsy Sue McDaniel, Dorothy Satterwhite and Beverly Stulting. Nina Curry of Wharton was a guest. Other members present were Rose Nell Parks, Betty Lou Hewett, Anna Currie, Jane Stripling, Dot Cauble and Jean Pearce.

### Friday Bridge Club Has Three Guests

Mrs. Roy Tidwell was hostess to the Friday afternoon Bridge club in her home. Mrs. C. E. Johnson, Jr., Mrs. T. W. Hammond, and Mrs. A. E. Underwood were guests. Mrs. Underwood was winner of high score, Mrs. Hammond placed second, while Mrs. Johnson binged. Members who were present were Mrs. Carlson Hamilton, Mrs. J. O. McCrary, Mrs. Roy Lassiter, Mrs. Ray Griffin, and Mrs. Jimmie Jennings. The next meeting will be June 13 in the home of Mrs. J. R. Dillard.

### Mary Martha Class Has Dinner Meet

Officers of the Mary Martha Class of the First Baptist church met for a dinner and business meeting Thursday evening at the Settles hotel. Those attending were Mrs. Glenn Smith, Mrs. Wayne Williams, Mrs. S. M. Sain, Mrs. J. S. Fedem, Mrs. T. B. Atkins, Mrs. W. E. Mann, Mrs. C. W. Nevins and Mrs. C. L. Lumpkins.

### Mrs. Jessie McPhail Is Entertained At Bridge Party

A dessert bridge party was given in the home of Mrs. A. W. Dillon, Thursday evening in honor of her mother, Mrs. Jessie McPhail, who is visiting here from Denver, Colo. Spring flowers decorated the entertaining rooms. Mrs. Ray Boren won high and Mrs. Ralph Wyatt binged. Guests present were Mrs. Robert Stripling, Mrs. John Coffee, Mrs. Kelly Lawrence, Mrs. Bill Danes, Mrs. J. D. Stichter, Mrs. Haley Haines, Mrs. Norman Spencer, Mrs. Fred Haller, Mrs. K. H. McGibbon, Mrs. Henry Long, Mrs. Ralph Wyatt and Mrs. Ray Brown.

### Class Returns From Christoval Trip

FORSAN, May 31. (Spl.)—Members of the Junior High School Class have returned home after spending several days in Christoval. Sponsors on the trip were G. D. Martin, Mrs. J. B. Hicks and Mrs. Ott King. Students making the trip were: Pat King, Gyn Oglesby, Ruth Overton, Gerry Duncan, Bill Leonard, Eddie Ray King, Johnny Neil, James Averitt, Joyce Cleavenger, and Doyleene Gilmore. Houseguests of Mr. and Mrs. J. F. Neel include Mr. and Mrs. Clyde F. Milan and Mrs. J. W. Stokes of Memphis, Mr. and Mrs. H. M. Neel of San Angelo visited with their son and daughter-in-law Friday. Mr. and Mrs. V. V. Strahan and family of Fort Stockton are visiting with Mrs. Amabel Lovelace for a few days.

### Seven Newcomers Add To Population

Of the seven newcomers making appearances since Tuesday in the local hospitals, four were boys and three were girls.

Cowper-Sanders Clinic reported the birth of three sons. Kelly White Peugh, weighing eight pounds, was born Wednesday to Mr. and Mrs. Hamilton Brown Peugh of Knott.

Mr. and Mrs. Charles Cahoon became the parents of a boy Thursday evening. The child, weighing seven pounds, 11 ounces and will be called Charles Bertram Cahoon, Jr.

Delivery to Mr. and Mrs. George E. Kilpatrick was six-pound George Michael.

At the Big Spring hospital Mr. and Mrs. Merrill Craigton became the parents Wednesday of a six-pound, nine-ounce son. The infant was named Clifford Merrill.

Arrival to Mr. and Mrs. Lee Eglington was a daughter, Nancy Pearl, who weighed nine pounds, eight ounces.

Delores Carroll has been select-

### Eager Beaver Club Has Regular Meeting

Regular meeting of the Eager Beaver club was in the home of Mrs. R. L. Johnson Thursday afternoon.

Handwork provided recreation and it was announced that the next meeting would be with Mrs. Elgin Jones.

Mrs. Robert Findley was introduced as a guest and members present were Mrs. R. L. Findley, Mrs. Ben Jernigan, Mrs. J. D. Kendrick, Mrs. Elgin Jones, Mrs. R. G. Burnett, Mrs. Felton Johnson, Mrs. Leroy Findley and Mrs. W. L. Clayton.

ed by Mr. and Mrs. Claude Horn as the name for their six pound, 11 and one-half ounce daughter, born Tuesday.

Mr. and Mrs. W. J. Jones became parents Saturday of a girl born at the Malone and Hogan clinic. The child has not yet been named.

## Formal Wedding Service Read At Church For Bettye Thompson And James Cocks

Miss Bettye June Thompson, daughter of Rev. and Mrs. Lloyd H. Thompson, became the bride of James Thornton Cocks, son of Mr. and Mrs. T. A. Cocks of Petersburg, in a double ring wedding service read at the First Christian church at 8:30 o'clock Friday evening.

The bride's father officiated when the vows were exchanged by candlelight before an altar which was banked with fern and appointed with chapel baskets of white asters and stock. Tapers in white candleabra marked the place where the wedding party stood.

**BRIDE'S DRESS**  
The bride who entered the church with her uncle, Rev. T. J. Youngblood, Jr. of Fort Worth, was attired in a wedding gown of white slipper satin made with a lace yoke, long pointed sleeves and a fitted torso which fastened in the back with tiny satin buttons. The buffant skirt was draped in front with a pleated lace flounce while the back extended into a train. Her finger tip veil extended from a bridal crown which was made with white carnations and orange blossoms. She carried a white Bible topped with a white orchid from which fell white streamers decorated with white carnations and orange blossoms.

For something old, she wore a ring belonging to her aunt, Mrs. Arch Thompson of Henrietta; something blue was a handkerchief; something borrowed was her Bible, and she wore a penny in her shoe. The bride also wore a single strand of pearls, a gift of the bridegroom.

Rosalyn Padon of Fort Worth, maid of honor, wore a blue chiffon organdy dress made with drop shoulders. She carried a bouquet of yellow carnations with matching flowers in her hair. Virginia Wood was bridesmaid and her dress was pink chiffon organdy fastened at Miss Padon's dress. Miss Wood carried a bouquet of white carnations and wore the same type flowers in her hair.

Best man was Robert Foote of Petersburg and Thomas Burrow of Petersburg was the other attendant. Ushers were C. A. Murdock, Jr., Henry Holmes, Russ Mouglin, Jack Murdock and Jimmy Frank Wilcox.

Archie Thompson and Martha Cocks, brother and sister of the bride and bridegroom, lighted the chifon organdy formal with a corsifon organdy formal with a corsage of yellow carnations.

**WEDDING MUSIC**  
Helen June Cole of Fort Worth

MRS. JAMES THORNTON COCKE (Gradshaw Photo)

sang "Because" and "O Promise Me" accompanied by Mrs. John Bronson, organist. Miss Cole wore a white formal with pastel floral design and a corsage of peach gladioli. Mrs. Bronson's dress was black and white and her corsage was of peach gladioli. She also played pre-nuptial music and the traditional wedding marches.

Proceeding the bride's entrance, Karon Koger and Sandra Ann Boyd of Dumas, flower girls, scattered rose petals down the church aisle. Karon Koger wore a yellow organdy dress and Sandra Ann Boyd wore a blue formal.

Ring bearer was Gerald Farrar, who wore a white linen suit. He carried the rings on a white satin pillow.

Mrs. Thompson was dressed in a black sheer dress with a corsage of white gardenias. Mrs. Cocks, mother of the bridegroom wore a black dress and a gardenia corsage.

A reception followed at the Thompson home, 1211 Wood, where guests were received by members of the wedding party. Bridal flowers decorated the house and refreshments were served from a table laid with a lace cloth and centered with a three-tiered wedding cake decorated with pink rosebuds and topped with a miniature bridal couple. The first slice of the cake was cut by the newlyweds.

Mrs. Hudson Bohannon served the cake and Mrs. Arthur Caywood and Mrs. Bill Bonner presided at the punch service. Mrs. James Wilcox was at the bride's book. Others in the house party

were Mrs. C. A. Murdock, Jr., and Mrs. Russ Mouglin.

**HONEYMOON IN DALLAS**  
The couple will spend their honeymoon in Dallas before the bridegroom enters school at SMU. For traveling the bride chose a costume suit of pastel pink and brown accessories. Her corsage was a white orchid.

Mrs. Cocks graduated from Paschal high school in Fort Worth and attended TCU two years before transferring to SMU. She will continue her studies in Art there in the fall. At TCU she was a member of the Bryson club and Brushes club.

Cocks graduated from Petersburg high school and is a business major at SMU. He is also a member of the Kappa Alpha fraternity. The bridegroom spent three years in the Medical Corps in the South Pacific.

Out-of-town guests included T. A. Cocks, father of the bridegroom, Mrs. Thomas Burrow and Mike and Rickie, Mr. and Mrs. Homer Roberson, all of Petersburg; Mrs. Burton Boyd, Mr. and Mrs. Oliver Lilly of Dumas; Mr. and Mrs. H. L. White, Mr. and Mrs. L. B. Thornton, Mrs. John Prince, Jimmy McKnight, all of Fort Worth.

## Vacation Time Noticeable In Forsan As Residents Leave On Trips, Entertain

**FORSAN, May 31. (SpL) —** Mr. and Mrs. J. D. Leonard and family spent several days in Christoval recently.

Mrs. Harry Miller, Tommy and Billy Don are visiting Mrs. Miller's father in Fort Worth.

Mr. and Mrs. W. B. Harmon have as their guest a nephew, C. G. Fisher of Westbrook.

James Thompson, student at Texas Tech, is visiting with his parents, Mr. and Mrs. Earl Thompson.

Walter Chambers of Alva, Okla. has been a guest in the home of his parents, Mr. and Mrs. R. A. Chambers.

Mr. and Mrs. Owen McClure and son of Almagordo, N.M. visited in the C. C. Long home recently.

Mrs. S. C. Crumley, Sr., and Mrs. Lois Colson of Doole have been visiting with Mr. and Mrs. Ray Crumley.

Mr. and Mrs. W. E. Wadsworth, Sr. have had as their guests recently Mr. and Mrs. Roy Davis of Odessa and Mr. and Mrs. T. N. Wadsworth of San Angelo.

Mr. and Mrs. Russell Wilson and Ray of Denton have spent the past week with Mr. and Mrs. Ray Wilson.

Mr. and Mrs. Earl Thompson have returned home following several days in Lubbock where Mr. Thompson underwent surgery.

Mr. and Mrs. Dan Hoyt of Ira were recent visitors in Forsan.

Mrs. H. E. Johnson has been in Electra for the past ten days visiting with her mother, Mrs. S. A. Hodges. Mrs. Hodges returned home with her daughter for a visit.

Mrs. W. O. Averett and Sue have returned from a visit in San Angelo and Coleman.

Mrs. H. W. Gist of Beeville is visiting with her daughter and husband, Mr. and Mrs. Robert Ewell.

Dan Yarbrow was in Wichita Falls this week on business.

## Homemaking Class Organizes for Summer

**STANTON, May 31. (SpD) —**The Homemaking class of Stanton high school met Thursday to organize for the summer and to discuss projects.

As a group undertaking, the girls voted to rejuvenate east-off curtains from the school auditorium by converting them into place mats, living room curtains and sewing-machine covers.

The group will convene again June 3, and other members were urged to attend.

Those present were Vivian Lomax, Yvonne Avery, Martha Murray, Betty Blizard, Dorothy Virginia Baker, Patsy Kelly, Betty Carroll Bennett, Loretta Ross and Mrs. H. G. Hamrick, sponsor.

**FOR THOSE HOT DAYS AHEAD**

There is no use in suffering from the heat this year. Let's "get your hair up" with a new permanent and a new style. Be cool the next few months.

## Good News For Folks Who Suffer From

- STOMACH GAS
- SOOR FOOD TASTE
- ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? Is so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

**Miss Davis, J. E. Phariss To Wed At Local Church**

Miss Geneva Davis, daughter of Mr. John W. Davis of Lubbock, and Joseph E. Phariss, son of Mr. and Mrs. J. W. Phariss of Coleman, will be united in marriage at 8:30 o'clock this evening in the First Methodist church.

GENEVA DAVIS

The ceremony will be read by candlelight with Rev. C. A. Long officiating for the double ring wedding vows. Altar decorations will be of gladioli, fern and palm with white tapers in white candelabra marking the place where the wedding party will stand. Miss Davis, who will be given in marriage by Dr. P. W. Malone, will wear a white lace street length dress with white accessories. She will wear a band of orange blossoms in her hair from which will drop a shoulder length veil. The bride will carry a white Bible topped with a white orchid. Helen Fleming, maid of honor, will wear a dusty pink lace dress and black accessories. Her corsage is to be dark pink rosebuds. Theresa Heustis, bridesmaid, is to wear an ice blue lace dress with black accessories. Her corsage will be of tansman roses. Wesley Davis of Anton, brother of the bride, is to be best man. Mrs. H. M. Jarratt will play the traditional wedding marches and pre-nuptial music. The bride has been employed by the Malone-Hogan hospital for the past four years and the bridegroom served three years in the armed forces. Following a wedding trip to Ruidoso, the couple

**Livestock Sales Draw Good Volume**

Two sales at the West Texas Livestock Commission company accounted for a turn-over of around 2,500 head of stock during the week. Tuesday's sale attracted 900 cattle and 45 hogs; the Thursday sheep sale drew 1,600 head. Hereford cows and calves ranged from \$1.40-\$1.65, mixed cows and calves \$1.10 and \$1.40. Fat cows went from 14.00-19.00; fat yearlings 18.00-21.00; fat calves 21.00-22.50; stocker cows 11.00-14.00 stocker yearlings 16.00-19.50; stocker calves 19.00-20.50; canners and cutters 8.00-14.00; bulls (fair) 15.50 top; hogs 24.50. Sheep were steady with feeder lambs going from 14.00-15.50; fat yearling lambs 18.00-19.50; canner ewes 4.00-6.00; fat ewes 6.00-9.50; old bucks 4.00-4.25; ewes and lambs 13.00-16.50.

Mrs. Dean Miller of College Station is here visiting with her parents, Mr. and Mrs. Bart Wilkinson. Her husband will arrive Sunday for a short visit before the couple leave for Ruidoso, N. M. for a visit with his parents, Mr. and Mrs. W. B. Miller. Nina Curry of Wharton is here as houseguest of Beverly Stulting and other friends. Clarice McCasland is spending the weekend in Odessa.

**Three Join Sewing Club**

Mrs. Marvin Sewell was hostess to the Happy-Go-Lucky sewing club at its regular session Friday afternoon, when three new members were introduced into the club. They were Mrs. Walker Bailey, Mrs. A. J. Allen, Mrs. B. Riddle. The refreshment table was laid with a lace cloth and a large bouquet of assorted spring flowers comprised the centerpiece. Members attending were Mrs. Emrie Rainey, Mrs. Allan Wiggins, Mrs. Fred Simpson, Mrs. F. W. White, Mrs. J. W. Croan, and Mrs. L. L. Telford of Fort Worth was a visitor. The club will meet next week with Mrs. Simpson.

**Governor Presents Diploma To Daughter**

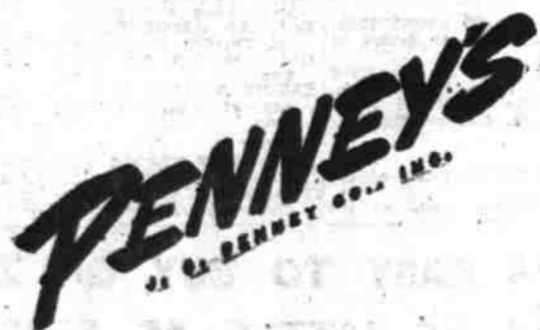

CORSICANA, May 31. (AP) - Gov. Beauford H. Jester returned to the high school where he was graduated 36 years ago last night to deliver a commencement address to 117 graduates and hand a diploma to his youngest daughter, Joan. The governor said that no commencement speaker in Texas this year would experience more happiness in being a part of graduation exercises than he, and added it was a privilege for him to be at Corsicana high school, his first alma mater. He smiled broadly when his daughter came forward to receive her diploma. The Chinese produced culture pearls in the 15th Century.

**Birthday Is Celebrated**

Mrs. Sam Bloom entertained for her daughter, Sandra Rae, on her sixth birthday anniversary Friday evening in the Bloom home. Mrs. Sam Fisherman and Shirley Fisherman assisted the hostess in arrangements. Vari-colored balloons were used as plate favors, and refreshments were served to Buddy Pendleton, Nan Baker Wilbanks, Jerry Brooks, Delores Baird, Linda Kay Sessions, Linda Linder, Gwen McCullough, Toni Thomas, Waldene Pike, June Ann Johnston, Gordon Bristow and Caroline Sewell.

## Local Sanitarian Leaves To Take Abilene Position

Lawrence Wells, sanitarian for the Big Spring-Howard County division of the Midland-Ector-Howard health unit for the past 21 months, will leave Friday for Abilene where he has accepted appointment as city sanitarian.

His work there will be similar to that in Big Spring and he will be in charge of a staff of several assistants.

Bulk of Wells activities here have been in the field of public health and in working with eating and drinking establishments as well as with dairies.

Some 6,000 persons have worked toward certificates as food handlers in the 21 months that he has served as sanitarians. One of the series of schools sponsored by the local health unit drew and enrollment of 1,000 persons and resulted in certificates to 800.

In Big Spring there are 107 eating and drinking establishments.

Supervision of dairies entailed contacts with 14 grade A producers. Wells also was active in a city-wide sanitary survey, made by Lions club members, soon after he came on the field here as a police epidemic broke. Working with the same club, which furnished a revolving fund, he stressed installation of sanitary toilets in the Latin-American section of the city.

## Ulithi Garrison Is Isolated But Sailors Like It

PONTAGERAS ISLAND, Ulithi Atoll—Less than two years ago Ulithi atoll provided one of the great fleet anchorages for American operations against the Japanese. Now it is a lonely, almost forgotten outpost, manned by less than two dozen Navy and Coast Guard personnel.

Battleships, carriers, cruisers, destroyers and countless other craft once found refuge from submarine attacks and storms by entering one of two narrow channels into Ulithi's huge lagoon. Navy men swarmed ashore to the tiny islands for recreation. Supplies were piled high on the coral.

Now the island is visited only twice a month by a ship which brings food, beer and other supplies to the men who operate a weather station and a loran (long range navigational aid) for ships and planes.

The island commandant, Navy Lt. Ernest H. Goldman, directs 22 enlisted men.

Most of the men say they are contented, however, preferring the loneliness with its personal freedom to the stricter spit-and-polish atmosphere of larger bases. The men play softball, badminton and volleyball during their spare time, or go on outrigger other islands. Fishing and swimming are good.

When the supply ship appears virtually everybody piles into a seagoing duck and rides out to gossip and to trade old movies for new ones. Sometimes the ship's crew goes ashore to play softball against the Ulithi team and to have a beer party under the palms.

"The men get along unusually well," says Goldman. "There is rarely any trouble and many of them would prefer to stay here."

### Week's Business—

## Building Total For May Drops Below Average

City building figures for May dipped under the 1947 monthly average with total of \$55,215. Most of the May permits were for residential work, however, with commercial construction limited chiefly to repairs and remodeling. Residential work accounted for \$41,550. Fifteen permits were issued during the past week for construction costing \$16,000. The total for the year is \$590,539.

### Local Livestock sales concerns

moved approximately 1,800 head of cattle and calves on a steady market at regularly scheduled auctions this week. Prices were steady. Sheep receipts totalled 1,600 head at the West Texas Livestock auction company Thursday. The sheep market lost some strength, but the trend was attributed to heavy consignments of ewes which faced slight demand.

Warranty deeds involving property valued at \$12,330 were filed in the county clerk's office during the week. The total for the year was pushed up to \$1,172,425. New motor vehicles registered in the county tax assessor-collector's office included 11 passenger automobiles, one truck and four motorcycles.

## A&M Graduates Nearly 700

COLLEGE STATION, May 31. (P)—Texas Agricultural and Mechanical college last night held its second largest commencement exercises in its history, conferring one doctor of philosophy degree, 42 master of science degrees and 649 bachelor degrees.

Only in 1941, when 735 senior were graduated in one day to don second lieutenant uniforms and report for military duty the next, was the total number of graduates greater.

Just five of last night's graduates had not served in the armed forces. Most of the others were men whose educational pursuits had been in-

terrupted by their nation's call to arms.

Valedictorian of the class of 1947 was Thomas Dewitt Tankersley of Bertram, an agricultural education major.

Upwards of a hundred members of the cadet corps who had finished all scholastic work toward a degree did not receive them. College officials explained they still have one more year of advanced military science to take before earning commissions in the reserve corps. This summer they will attend ROTC camps and follow up with an extra year in school to receive those commissions.

Seventeen regular army officers with ranks of captain, major and lieutenant colonel, sent here by the war department to take master of science degrees in civil engineering, were among the graduates. Another 17 regular army

## Texas City Relief Fund Over \$200,000

GALVESTON, May 31. (P)—Col. Paul L. Wakefield, coordinator for Gov. Beauford Jester on Texas City relief, said today that deposit of funds in banks here had brought the total state relief fund up to \$204,540.43.

Proceeds of three benefit performances are yet to come in, he said.

Col. Wakefield said he was closing his Galveston headquarters

officers already have been assigned here under the program for next year.

following a conference with Mayor J. C. Trahan of Texas City, director of Red Cross Maurice Reddy, and other service agencies.

He said his phase of the work would be handled from Austin in the future, but that future meetings of the governor's committee would be held in Galveston or Texas City.

### TRUMAN'S DAY QUIET

WASHINGTON, May 30. (P)—President Truman spent a quiet Memorial Day "catching up on his work" in the White House, after receiving word that his 94-year-old mother had a restful night in her home at Grandview, Mo.

# Record Appropriation Bills Ready For The Legislature

AUSTIN, May 31. (AP)—Conference committee reports on record-breaking appropriations for colleges and for state departments were laid before members of the 80th legislature today for final action early next week.

Final figures arrived at by Senate and House conferees on differences between the two branches of the legislature, if adopted in that form, will leave expenditures within the limits of anticipated revenues.

Conferees agreed on a total of \$45,447,646 appropriated in lump sums for the colleges during the two fiscal years starting Sept. 1.

The figure for state departments was \$42,691,480. Of this, only 25 million plus must come from the general revenue fund, since it was estimated by Chairman Jim Taylor of the Senate Finance Committee that approximately 17 million dollars for support of the state department comes from special funds.

These conference reports bring the total appropriated or in immediate prospect of being appropriated to \$162,614,146 on the eight so-called "must" bills alone. On the same measures, the current appropriations total \$105,994,128.

If the legislature is so disposed, it could jump on these measures which must be passed before adjournment, and complete its work some time during the 21st week of the session which starts Monday. The last-minute crush on these and other measures considered important could delay adjournment, however, for another two weeks.

The Senate's action Thursday in giving the redistricting board constitutional amendment a further shove toward submission by approving it and sending it to the House gives the House another chance to do something about this issue. It previously rejected a redistricting bill.

Economies in the departmental and education bills were effected by eliminating new buildings and trimming what conferees considered non-essential items, Taylor said. Emergency salary increases for college staffs and state employees, voted earlier in the session, were kept intact, along with a more liberal traveling expense allowance.

The Public safety department's appropriation of \$3,268,612 for the first year of the next fiscal biennium and \$3,468,912 for the second year will permit the addition of 200 highway patrolmen lopped off during war-economy days. Taylor said he believed the bill would give the highway patrol adequate financing for fully covering the state.

The only building provided in the departmental bill calls for \$800,000 to complete a cell block at the Ramsey Prison farm.

The education department's appropriation includes funds for purchase of business machinery equipment for the census division to help keep down duplications in the per capita rolls, Taylor said.

The lump sum appropriations for the colleges were figured on the basis of \$238 for each freshman and sophomore, \$306 for each upper class member, plus \$34 extra for technical students. The number of students enrolled last fall was used in arriving at the total.

## Malone & Hogan Clinic-Hospital ANNOUNCES

Our clinic will be closed each Thursday afternoon, beginning at 12:30. This will allow all persons to have one-half day off duty each week. Physicians and nurses, of course, will be available for emergency and urgent cases at all hours.

Other week-day clinic - office hours 9:00 A. M. to 5:00 P. M. for all physicians.

This new policy effective June 1st

## UNRRA, Italy Join To Fight Eye Diseases

ROME. (AP)—UNRRA and the Italian government, already allies in a war on malaria, have now joined forces in an all-out offensive against trachoma, the dreaded eye disease that threatens almost a million Italians with blindness.

A five-year plan, to be financed from the lire fund built up out of local sales of goods UNRRA has imported over the last 15 months, seeks eventual eradication of the malady in parts of Italy where it is not endemic, and its reduction in 25 provinces where it is endemic to controllable levels.

Found chiefly in tropical and semi-tropical countries, trachoma or granular conjunctivitis causes a discharge of pus from the eyes which is highly infectious. If unchecked, it may cause disfigurement and blindness. It is highly resistant to treatment. But modern therapy — using sulphamides, vitamins and sun baths — combats it effectively.

UNRRA estimates that 934,000 Italians, 200,000 of them children of school age, have the disease, and says the number is increasing. Most of the victims are in southern Italy.

## It's Exam Week At The College

Final exams for the first year of operation for Howard County Junior college will begin at 8 o'clock Monday morning and will run through Thursday.

The examinations are two hours in length. No class meetings have been announced for Friday or Saturday, and final grade cards probably will be mailed.

Registration for summer classes will be held Monday and Tuesday, June 9 and 10, and courses will open June 11.

Enrollees in high school summer classes are requested to meet in room 202 at the school at 8 a. m. Monday to fill out schedules.

Walter L. Reed, principal, reminded students of the "one and one-half credit maximum. One-half credit courses are \$15, full credit course runs \$27.50. Full summer load is \$33.50.

Eighth grade make-up courses are \$32.50. Eighth grade students will meet with high school students Monday morning.

## Thieves Get Cigs From Coahoma Truck

Thieves were busy in Coahoma again Friday night.

Several cases of cigarettes valued roughly at \$350 were taken from a Ponce Wholesale company truck parked near the operator's house in the East Howard county town.

A half dozen different business houses have been burglarized in Coahoma within the past ten days.

## WINGS OVER BIG SPRING

# Cross-Country Stopovers Numerous At Local Ports

Landings of cross-country flights at Hamilton Field, northeast of Big Spring, continued at a good clip for the week. Among those registering in at the post were V. H. Pennington, Vernon; Alton McMinn, Monahans; J. E. Morry, Dallas; J. E. Davis, Los Angeles, Calif.; Floyd E. Henderson, Phoenix, Ariz.; Bruce Smithson, Abilene; L. R. Chadwick, Dallas; J. A. Keith, Abilene; T. W. Farley, McCamey; T. S. Williams, Monahans.

C. H. Michel and party of four, Dallas; J. M. Savage, El Paso; Walter Chambers, Alva, Okla., who was here to visit relatives at Foran; R. J. Wiley, McCamey, DeVon Francis, Los Angeles; H. D. Moore, Brownfield; R. C. Parsons, Tahoka; Stanley Sanders, Levelland; C. L. Lantz, Monahans; A. M. Crowson, Wickett, and D. N. Standefor. Cubs dominated the type of

planes but there was a wide variety including Stearman, Taylorcraft, Ercoupe, Funk, Interstate, Luscombe, Aeronca, Cessna and Stinson.

A. W. White, Big Spring, Richmond Drilling company representative, last week made his first solo since 1941 at Hamilton Field. Formerly a tool pusher for Richmond, he cleared short land strips near wells assigned to him and hopped from one to the other.

John Ray, who recently got his private license, made his first cross-country to Roby last week, picking up Stanton Johnson and returning him to Big Spring.

Hamilton Flying Service has added a red Stearman, a navy job, for use in commercial flight training. Last week seven new students began training and ground school is held Tuesday and Friday evenings, said Cecil Hamilton, operator.

Personnel at the Municipal airport had a clear view of storm and

tornado activity which occurred in the area recently. The cloud which dipped down at Lenora was visible from the Muny port office while it was as far away as Wink. Airport employees said rapid changes were apparent. At times dense rain clouds congregated, but then would clear instantaneously for brief periods during which time a tall-like formation would dip earthward.

Gene Autry's private plane made a brief stop at the Muny port last week, and two AAF C-54's based at Hickam Field, Hawaii stopped for fuel.

Edward J. Aeromotive was recently approved by the CAA to operate a fully authorized instrument school.

A Mr. Walsner, CAA inspector from El Paso gave several tests at the Muny port Thursday. Bill Edwards and Cedric Webb took A&E mechanic's tests and several other local airmen took tests for commercials.

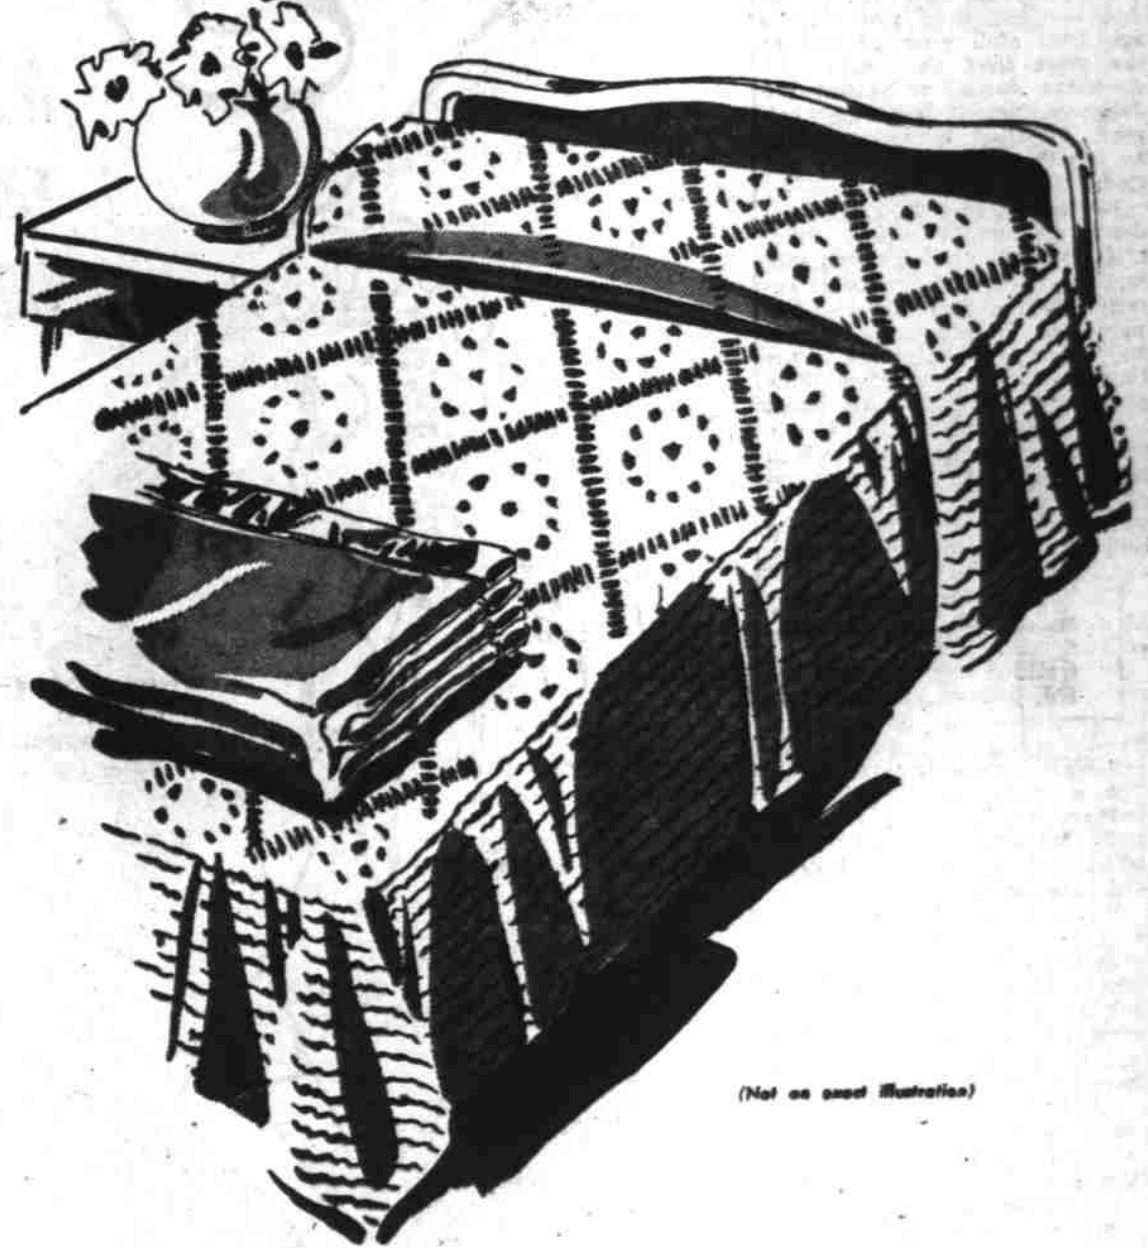

**WHICH HALF OF YOUR HOUSE IS INSURED?**

Silly question? No indeed. Many folks today have little more than half the present value of their homes insured. . . values have increased so greatly. How about YOURS? ### Greater Use Of Library Urged

This information costs you nothing to read and might yield you benefit and pleasure if you like to read.

It's a word about the Howard County Free Library which keeps a file of local and out-of-town newspapers, mysteries, adult fiction (or 'teen age), many of the top flight magazines and technical journals, books in philosophy, religion, scouting, Westerns, biographies, histories and a wealth of material for children.

In addition, there are several sets of encyclopedias, reference books and many other subject

fields to fit a variety of needs. This material, Librarian Katherine McDaniel pointed out, is available for use without charge. She urged wider use as a means of making the city and county more library conscious.

This objective of greater benefit from the library can be achieved by increased reading, by prompt payment of fines (when books are kept overdue) for this goes toward purchase of additional books, and by donating good books, no longer in use in private libraries.

Many people are helping the library, she said, by contributing to the memorial shelf in memory of a member of the family or a friend who has died.

Crude oil is produced in 24 states of the United States.

### Large Number Greet Boosters Of Fort Worth

Scores of Big Spring business and professional men turned out Friday afternoon to get reacquainted with their neighbors, some 113 business executives from Fort Worth.

Later arriving than scheduled because Big Spring had asked that Stanton be given part of its time, a large group of host business men were on hand to greet the visitors when their special train rolled into the T&P terminal at 2:45 p.m.

Big Spring and Fort Worth men marched informally to the courthouse where K. H. McGibbon, president of the chamber of commerce, and Mayor G. W. Dabney extended a welcome. Homer Covey responded for the visitors and Melvin J. Miller, president of the Fort Worth chamber of commerce, brought special greetings and facts about both cities.

"We are very much impressed with the fine reception we have received," he said. "It is evident that the people of this progressive area see eye to eye with us in developing this program of mutual helpfulness."

Two cars of Big Spring men and women journeyed to Stanton where they visited with their neighbors before boarding the train to ride with the Fort Worth trippers to Big Spring. Elmo Wasson, chairman of the chamber of commerce goodwill trip, was in charge of this portion of the program, while the public relations committee, headed by Joe Pickle, contacted local greeters for the 118 business executives who Friday night concluded a four day swing through the Panhandle, New Mexico and West Texas.

The human eye can detect about 10,000 different tints.

### Discoveries Loom In Ector, Gaines

SAN ANGELO, May 31.—Prospective discoveries in southwestern Ector county from the Devonian and in western Gaines county from the Clear Fork featured West Texas oil operations this week. Earlier promise of a major Ellenburger strike in north central Crane county was fulfilled and a northwestern Crockett county shallow wildcat pumped nine barrels of oil daily.

Humble No. 1 Yarbrough & Allen, slated Ellenburger wildcat in southwestern Ector, C NW NE 18-14-pl, recovered 120 feet of heavy oil cut with drilling mud on a 125-minute drillstem test of the Devonian at 8,230-83 feet. It had obtained 720 feet of heavy oil and gas-cut mud on a 90-minute test at 8,190-8,230 feet.

Honolulu No. 1 J. M. White and Geo. M. Shelton, western Gaines county wildcat C NE 40-4-CC-SD&RGNG, was credited with heading oil while swabbing to test the Clear Fork from 6,930 feet, where 7-inch casing was cemented at 6,973 feet, the total depth. It had recovered 5,500 feet of clean oil, 200 feet of oil-cut water and 300 feet of water on a drillstem test from 6,898-6,973.

Gulf No. 1-H-E University, Crane county Ellenburger pool opener, flowed naturally 654 barrels of oil, with a shakeout of two barrels of sediment, in six hours through open 2-inch tubing. The gauge was through six series of perforations between 10,615-875 in 7-inch casing cemented at 10,947. More than 400 feet of pay was logged in the Ellenburger, topped at 10,596 feet, 7,937 feet below sea level, before sulphur water was struck in drilling to 10,933.

The well is near the C SW NE 3-31-U, 3 3/4 miles north and slightly east of the Block 31 (Devonian and Ellenburger) field but on a separate structure. A half mile north outpost is drilling and a southeast offset has been staked.

V. E. Phillips of Iran No. 1 Magnolia-Shannon estate in Crockett county, C NW NW 24-Q-GC-8-SF, three miles northeast of the Shannon (San Andres) field, pumped nine barrels of oil daily from 2,356-65 feet in testing two days. Lime from 2,365-72 was barren.

Amerada No. 1-CTA University, bidding for discovery Ellenburger production in northeastern Crockett county near the C SE SW 22-42-U, was due to perforate 8 1/4-inch casing opposite promising zones above 8,170 feet.

Union of California No. 1 Jim McCutcheon, "light" wildcat in Coke county, was reported to have recovered a small amount of salty sulphur water in the Ellenburger below a zone from which was credited with having obtained oil and gas-cut mud. Drilling continued past 6,505 feet in lime. The Ellenburger was said to have been entered at 6,304 feet, 4,381 feet be-

### Midland Takes Over Airport

MIDLAND, May 31. (AP)—This city will take over custody of Midland Air Terminal at 12:01 a.m. tomorrow and will operate the establishment as a commercial air field serving Midland and the Permian Basin area.

### Exclusive Football Broadcast Rights OK'd For School

AUSTIN, May 31. (AP)—The Attorney General ruled today that the board of trustees of Ector County Independent School District has the authority to grant an exclusive contract to a radio station to broadcast regularly scheduled football games.

### Tech Expects 2500

LUBBOCK, May 31. (AP)—Approximately 2,500 students are expected to enroll for the first term of summer school at Texas Technological College, according to W. P. Clement, registrar. Permits to register have already been issued 1591 persons. Preregistration will continue through June 6 and classes will be scheduled that day.

Falls in the home, often caused by sliding rugs, accounted for 18,900 fatal injuries last year.

### Rent Hike Allowed For Improvements

WASHINGTON, May 31. (AP)—The office of rent controls announced today landlords will be allowed to raise rents hereafter \$3 a month for each \$1,000 spent on dwelling improvements.

# Olivia De Havilland Plays A Dual Role In 'Dark Mirror'

Olivia de Havilland is provided with the finest acting opportunity of her career in "The Dark Mirror," which is the Ritz theatre's featured offering for today and Monday.

Another casting of interest is

that of Lew Ayres, who returns to the screen for his first role in more than four years, as co-star with Miss de Havilland. Thomas Mitchell has a principal supporting role as a bloodhound of the law. He is seen as a smart detective who refuses to abandon his hunt for a murderer though a blank wall impedes his efforts.

"The Dark Mirror" is a psychological drama of thrills and suspense, and assigns Miss de Havilland the difficult task of playing a dual role. She appears in these parts as twin sisters—two girls who are completely opposite in mental makeup, and carefully shades the characterizations. One of the sisters is the murderer who is Mitchell's quarry, the other is a girl of highest principles. Love enters the highly intricate plot when Ayres, in the character of a young psychologist, finds himself enlisted with Mitchell on the side of the law.

The picture was directed by Robert Siodmak, who has won recent acclaim for suspense melodramas.

Hippopotamuses often weigh more than four tons.

# 'Best Years Of Our Lives' To Open At Lyric Today For A Five-Day Run

One of the most impressive film productions of the season—and one that monopolized the 1946 Academy Award laurels—comes to the Lyric theatre today for a five-day run at advanced prices.

It is Samuel Goldwyn's picture, "The Best Years Of Our Lives," which treats in straightforward fashion with the problems of adjustment from war experiences to peacetime life.

It has a star-studded cast, with Myrna Loy, Fredric March, Dana Andrews, Teresa Wright and Virginia Mayo in the principal roles. "Best Years" took nine Academy Awards—for the best actor, the best direction, best supporting actor, best written screenplay, best

musical scoring, best film editing, and two special awards, one to the veteran (an amateur, as an actor) Harold Russell, who lost both hands in the war.

"Best Years" runs for three hours, longest film production since "Gone With The Wind."

The story revolves around three ex-service men who return to their home town to tackle the problems of reconversion to civilian life. Al Stephenson, played by March, finds a bank vice-presidency waiting for him in addition to his lovely wife, Milly (Miss Loy), and his daughter, Peggy (Miss Wright). Al is not at all the popular conception of a banker, being a fun-loving individual with somewhat

broad-minded views about loans to ex-service men.

Fred Derry, played by Andrews, returns to his wife, Marie (Miss Mayo), who married him when he was a dashing young Air Force Captain. In peace time he had been a soda jerk, and, in the absence of anything better, is forced to go back to his old job. This does not suit the flighty, gold-digging Marie and she gets evincing a lively interest in other men. Fred and Peggy find each other and fall in love, which provides Al and Milly with their knottiest problem.

Homer Parrish, played by Harold Russell, comes home to his sweetheart, Wilma (Cathy O'Donnell), who lives next door. He was seriously injured in an explosion aboard his air-craft carrier and cannot ask the girl to tie herself to a "cripple."

March and Miss Loy are responsible for injecting a good measure of humor into the proceedings, the high spot being a banker's dinner at which March, aided by several libations of wine, tells his listeners what would happen if G.I.'s observed the rules of banking when they went into battle.

Also in the cast are Hoagy Carmichael as Homer's uncle, a piano-playing saloon keeper who manages to bring happiness to Homer and Wilma; Walter Baldwin and Minna Gombell as Homer's parents; Gladys George as Fred's stepmother; Roman Bohnen as his drunken father; and Michael Hall and Marlene Ames as two bright children.

MacKinley Kantor's best selling novel, "Glory For Me," was the basis for Robert E. Sherwood's screenplay, and William Wyler directed this Samuel Goldwyn production which advanced notices has as one of the season's most satisfying entertainments. Gregg Toland is director of photography.

FOUR-STAR COMBINE — Dana Andrews and Teresa Wright, Myrna Loy and Fredric March make up the "big four" of an outstanding cast to be seen in the Samuel Goldwyn production, "The Best Years Of Our Lives," which opens a five-day run at the Lyric theatre today. A winner of no less than nine Academy Awards, "Best Years" deals with the problems of reconversion from military to civilian life.

IN PSYCHOLOGICAL PLAY—Lew Ayres and Olivia de Havilland in a dramatic moment from the picture, "The Dark Mirror," a suspense melodrama with psychological overtones which is at the Ritz theatre today and Monday. Thomas Mitchell is the chief supporting player. Miss de Havilland plays a dual role, that of twin sisters of complete opposite character.

AT THE STATE—Oldtimer Barry Fitzgerald gives Ray Milland and Barbara Stanwyck sage advice, in this scene from "California," a historical action-drama in Technicolor which is at the State theatre today and Monday.

WINS ACQUITTAL  
WACO, May 31. (AP)—A County Jury yesterday acquitted James Henry Bentley, Fort Worth truck driver, of negligent homicide charges growing out of the death of two residents of Moody in a January highway collision.

## Stanwyck And Milland Star In 'California'

Ray Milland and Barbara Stanwyck essay roles of a different type than those fans are accustomed to seeing in the picture "California," which is at the State theatre today and Monday.

Filmed in Technicolor and beautifully mounted against the background of western grandeur, "California" deals in semi-historical fashion with the making of the state. It treats of the conflict between the permanent settlers who seek home and security and the adventurers who are in quest of gold. Then, it develops a story of the struggle between the same homesteaders and powerful land owners who would exploit the country and prevent statehood.

Miss Stanwyck appears as a follower of the dance halls who is wooed by men from both conflicting elements. Milland is the sturdy westerner who leads the statehood forces to ultimate victory. The supporting cast includes Barry Fitzgerald, George Coulouris and Albert Dekker.

## Popular Comedy Offered Tonight On Guild Program

Sam Levene, Shirley Booth and David Wayne will head the cast of "Three Men on a Horse" when this perennially popular comedy by John Cecil Holm and George Abbott is broadcast by the Theatre Guild on the Air, tonight at 9 o'clock, over KBST.

Few characters in recent years have provoked as much hearty laughter as Erwin Trowbridge, the greeting card post-hero of "Three Men on a Horse." His nearly infallible system of picking winning horses, coupled with the collapse of his system once he actually bet his own money on them, led him into dozens of richly amusing situations. Playwrights Holm and Abbott, both skilled writers of farce, displayed great comic inventiveness in the plot structure they created for Erwin's extra-curricular activities.

More than a year ago, early in January, 1946, "Three Men on a Horse" was heard on the Theatre Guild on the Air and, with the broadcast on June 1, it will become the only play ever chosen by the Guild for a repeat broadcast.

Both Miss Booth and Levene, who appeared in the Broadway production of "Three Men on a Horse," will be heard in the parts they created.

## Polio At Houston

HOUSTON, May 31. (AP)—Two new city polio cases were reported today by the city health department.

This makes 13 city cases with two deaths thus far this year as compared with eight cases and one death for the same period of 1946.

Scientists in State and Federal laboratories have developed a simple way to make soft apples firm so that pies can be both good-looking and full-flavored.

**More Funds Given Housing Program**

WASHINGTON, May 13. (AP)—President Truman today signed a bill authorizing another \$35,500,000 for the veterans temporary re-use housing program.

The money, when appropriated, will go toward converting Army barracks and other wartime housing structures as temporary dwell-

ings for student veterans and others.

The new funds will be used to complete many units now under construction but suspended or cancelled in previous cutbacks, and to reimburse public bodies for converting other units and for installation of utilities and other on-site work.

**Conservation Tour Slated At Colorado**

COLORADO CITY, May 31.—Sterling C. Evans, president of the Federal Land Bank of Houston, will be principal speaker at the second annual Colorado City Soil Conservation tour and barbecue Tuesday.

The tour is sponsored by the Colorado City chamber of commerce in cooperation with the board of supervisors and soil conservation committee of the Mitchell County Soil Conservation District.

Evans, who has been one of the chief sponsors of soil conservation in the Southwest, will appear on the day's program with Murry Cox of Radio Station WFAA in Dallas, and Paul H. Walser of the SCS in Temple. Cox will be master of ceremonies.

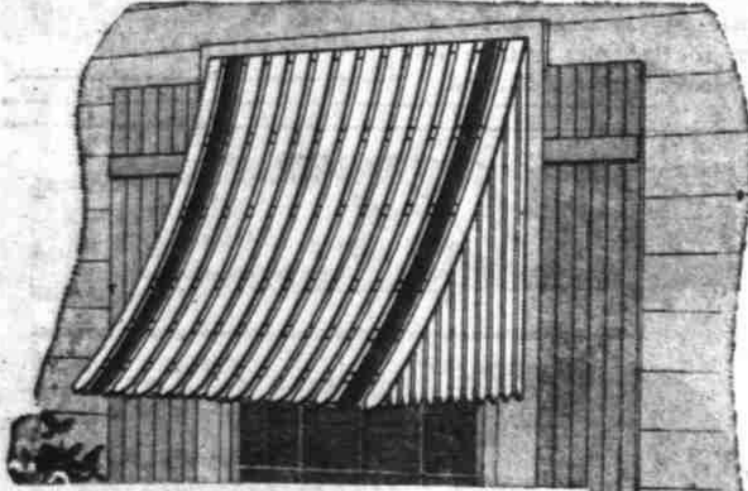

The tour will include stops at various farms where soil conservation projects are being practiced, with the barbecue scheduled at noon.

Most of the district cooperators in the Mitchell County SCS district are included in 36 active groups, with a conservation leader in each group. The district has cooperative agreements on 352 farms and ranches in the country, representing some 285,374 acres.

**Russia To Outline Stand On Korea**

SEOUL, May 30. (AP)—Russia is expected to outline tomorrow its official position in forming a provisional government for Korea, Ma Gen. Albert E. Brown said today.

The chief of the American delegation on the joint commission told a press conference the United States position for consulting all democratic elements was outlined at yesterday's closed session.

**The Texas Poll**

**Majority Fears High Prices Leading To Early Depression**

By The Texas Poll  
AUSTIN, May 31.—Public opinion now is loudly echoing the warning of economists and government officials that high prices may be driving business to ruin.

Almost half the Texas public is expecting a business slump this year or 1948, and seven out of every ten believe a depression will hit the country within the next three years. This fear of depression, The Texas Poll finds, is closely linked in the public mind with the high cost of living.

The public attitude is best described by persons who explain "we will have a depression unless we reduce the cost of living," then add in the same breath "there seems to be no hope of a general price reduction soon."

The latest survey by The Texas Poll indicates a growing number of people look for prices to level off. But most Texans expect no appreciable drop in living costs nor increase in family income. Forty-one per cent feel six months from now it is going to be harder to balance the family budget, 40 per cent believe it will be about the same as now, and only 13 per cent say it will be easier.

If a depression does come as a result of high prices, the public feels that government and political leadership will be first to blame, the people themselves "for wild spending" second, business management third, and labor unions fourth.

Even in the face of higher living costs, the public still is against government price control. While the percentage of those favoring price control on food and clothing has increased from 27 per cent in December, 1946, to 35 per cent

In May, 1947, a majority of 56 per cent believes that return to government controls would not be so good for the country as a whole.

The poll put these questions before a representative cross-section of adults:

1. "Six months from now, do you think it is going to be harder to make both ends meet, easier, or about the same as now?"

	Dec. 1946	March 1947	May 1947
Harder	49%	50%	41%
Same	29	35	40
Easier	18	13	13
No opinion	4	2	6

2. "If we have a depression, who do you think will be MOST to blame for its coming?"

Government, political leadership	21%
People as whole	19
Business management	14
Labor unions	11
Labor and management	2
Minority groups ( Jews, Communists, etc.)	1
Total definite answers	66%
No opinion or indefinite answers	32

3. "In your opinion, how long do you think it will be before a depression hits the country — three months, six months, one year, five years or what?"

Depression has started	2%
Within one year	46
Three years	23
Over three to five years	16
Over five years	1
Depression will never come	3
No opinion	9

4. "Do you think that a return to government price controls on food and clothing would be good or not so good for the country as a whole?"

Not so good	56%
Good	35
No opinion	9

The poll found the lower income groups more pessimistic about their families' future, more inclined to believe a depression is coming soon, and more in favor of government price controls than the upper income groups. On who would be most to blame if a depression comes, both groups appeared to be in perfect agreement.

The first known use of tea was in China in 2737 BC.
