German Stand In Vosges Collapses

Red Army Closes Escape Routes

Germans Backed To Outskirts Of Hungarian City

LONDON, Nov. 21 (AP)—Red army troops closed in today on northern escape routes for enemy troops rolled back to the outskirts of Miskolc, Hungary's fifth city, as the Germans declared the Russians had opened their winter offensive far to the north against 300,000 Nazis pocketed in western Latvia.

Late front reports said a German withdrawal from Miskolc appeared imminent. Nazi escape routes to the east and west of Miskolc, 85 miles northeast of besieged Budapest, already were cut.

One Red army column had battled to the outskirts of Eger, 22 miles southwest of Miskolc, Russian front dispatches said.

Another Soviet armored unit which had rolled through Diosgyor, veered north to grapple for a hold on road and rail communications between Miskolc and the rail hub of Losonc (Lucence) on the Slovak border.

Units of Marshal Rodion Y. Malinovsky's Second Ukrainian army plunged into the southern outskirts of Miskolc with the capture of Csaba and Seirma, less than one and two miles south and southeast of the city.

Berlin reports on the Latvian offensive said the Russians had thrown huge infantry, tank, plane and artillery forces against the Germans on a 30-mile front near Liepaja, one of the two Baltic escape ports left to the Nazis.

Action Expected To Reverse Rise In Living Costs

By STERLING F. GREEN

WASHINGTON, Nov. 21 (AP)—Action to reverse recent price rises described as small but disturbing, is expected shortly, designed as an assurance to workers that living costs will not outrun pay scales.

Climaxing a series of administration moves all pointing to a decision to hold on to the principle of the "Little Steel" wage formula until after V-E day, Price Administrator Chester Bowles called a new conference for this afternoon.

The conference was arranged on short notice following Sunday's statement by Economic Stabilization Director Fred M. Vinson that "disturbing" advances in costs of living, especially in textiles and clothing, "must stop." Observers believed Bowles was ready to:

First, tighten controls over fabrics and wearing apparel, the items singled out by Vinson as inflated; and

Second, announce more rigid standards for ruling on requests for "extraordinary" price increases not provided for in the price control act and other laws.

Events of the last fortnight bear out the impression of a concerted effort for a home-front "freeze" until Germany yields.

Nelson Has Job As FDR Representative

WASHINGTON, Nov. 21 (AP)—Donald M. Nelson has been designated "personal representative" of President Roosevelt, with rank at the cabinet level, and will occupy offices in the White House.

The appointment was confirmed by letter shortly before Nelson, former WPB chairman, left on his second mission to Chungking to create a Chinese war production board, it was ascertained today.

The presidential letter notified Nelson he would sit in cabinet meetings, and was understood also to mention another trip in the Pacific on his return from China. This appeared to point to New Zealand or Australia.

Beyond this, the note did not go much farther in formalizing Nelson's status than the "Dear Donald" letter accepting Nelson's resignation from strife-torn WPB. Mr. Roosevelt then asked him to remain in the government for "a high post of major importance" in international economic affairs.

FEA TO AID VETS

WASHINGTON, Nov. 21 (AP)—Federal Housing Administration field offices have been directed to expedite insured home loans to veterans under the "GI bill of rights."

Bombers Attack Nazi Oil Plants

Superforts Bomb Enemy Industries

By LEONARD MILLMAN
Associated Press War Editor

Superforts bombed the heart of Japan's aircraft industry today in the wake of a sea-borne air raid on Manila that wiped out 118 Japanese planes and added three more ships to the useless fleet of 100 bomb-wrecked craft that litter the Philippines harbor.

Japan has lost close to 1,000 planes this month in the Philippines where rain-chilled American troops slid forward over Leyte island's muddy hills again after being virtually halted for two days by the third typhoon of their brief campaign.

The war department announced "a large task force of B29 aircraft" attacked industries on Kyushu, southernmost of Nippon's home islands.

Tokyo radio said their targets were Omura, big aircraft center twice previously hit, and Nagasaki, west coast port city. Japanese propagandists claimed between 14 and 25 Superforts were shot down in an hour-long air battle fought above low-hanging clouds. They said the giant bombers came from

WASHINGTON, Nov. 21 (AP)—The huge Omura aircraft factory on the southernmost Japanese home island of Kyushu was blasted for the third time today by B-29 Superfortresses.

Adverse weather diverted part of the mission, operating in large force, resulting in two other strikes—one at the docks of Nanjing and the other at Shanghai against military storage and trans-shipment facilities.

west China bases, now threatened by Japanese armies which have driven the 14th U. S. air force from all of its fields in east China.

The Chinese high command acknowledged that units of the 250,000 Japanese troops in southern China effected a junction, thereby cutting the nation in half and preventing Generalissimo Chiang Kai-shek's inland armies from joining a potential American invasion force.

U. S. carrier planes attacking Manila Sunday (Philippines time) found the harbor turned into a shipping graveyard. Like tombstones, 100 half-sunken derelicts testified to the effectiveness of previous U. S. carrier attacks.

The attackers—Tokyo said there were 300 of them—were almost unopposed. They wrecked 100 Nipponese aircraft on the ground. Japanese planes did attack U.

Opening Of Sixth War Loan Drive Nets \$16,162 In E Bond Sales

Total sales for the first day of the Sixth War Loan drive amounted to \$31,162 of which \$16,162 were E bonds, issuing agencies reported to bond headquarters Tuesday. The day's sales plus bonds sold during November brought the overall sales to \$123,918 of which \$49,031 were E bonds.

Although \$123,000 is still a long way from the county's goal of \$1,420,000 which must be reached by December 16th, war bond chairman expressed belief that sales would gain momentum as the drive continued.

Among plans to increase sales is one evolved Monday afternoon when a meeting of representative retail merchants was held at the chamber of commerce to establish a quota of sales of E bonds for employees during the drive.

Chairman of the plan, A. H. Ryle, explained that in the past merchants have accepted quotas for employees to sell but that it had never been attempted on a city-wide basis. This drive is to include every type of retail business in the city.

Each employer is to set the quota for his employees to reach based on the number employed in his business, Ryle said, and the quota will be on the basis of around \$300 per employee.

This would do away with solicitation and canvassing, Ryle said, and will also tie in with the National Retailers Display program. National and regional prizes are being offered for the best bond window displays. There is also a local prize of \$10 and \$5 to be given for the best and second best window displays.

Businesses and chairmen who will contact all employers in his line of business include: department stores, E. Q. Green; men's furnishings, Elmo Wagon; beauty parlors, Mrs. F. F. McGowan; barber shops, Stanley Claiborne;

Record Fleet Of 2,350 Planes In Smashing Attack

LONDON, Nov. 21 (AP)—A record fleet of more than 1,100 American fighter bombers destroyed at least 52 German planes today while the 1,250 heavy bombers they were escorting plunged 4,000 tons of explosives onto three zealously guarded synthetic oil plants.

The plants were at Hamburg and nearby Harburg and at Merseburg, 100 miles southwest of Berlin. More than 1,100 fighter bombers guarded the heavyweights from Nazi interceptors.

The near-record attack on the industry needed urgently to keep Germany's hard-pressed armies on the move came while Gen. Eisenhower's six armies pressed their offensive on the western front.

The Leuna synthetic oil plant at Merseburg, at almost the exact geographic center of Germany, was bombed for the 12th time on Nov. 2. It once was capable of supplying 50,000 tons a month.

The Deutsche synthetic oil refineries at Hamburg are among the largest in the Reich. The great Lohenstein refineries are located six miles south of Harburg. All were objectives today.

More than 100 Mosquitos of RAF bomber command—many carrying two-ton blockbusters—hit Hannover twice last night.

RAF Lancasters also bombed Coblenz during the night.

In addition to yesterday's Eighth Air Force attack on a Gelsenkirchen oil plant and the Munster railway yards, Ninth Air Force Thunderbolts and Mustangs flew 89 sorties in support of frontline troops, mostly between Lt. Gen. George S. Patton's American Third army and the Saar industrial area.

Forty locomotives, 157 freight cars and 24 trucks were destroyed or damaged. Four planes were lost.

Dividend Given By Directors Of Cosden Company

Directors of Cosden Petroleum Corp. Monday declared a dividend of 6 1/2 cents a share on account of accumulated dividends in arrears on the five per cent convertible preferred stock of the company.

The dividend is payable on Dec. 15, 1944, to stockholders of record as at the close of business Dec. 2, 1944.

The company announced that its profit, before federal income taxes, amounted to \$405,827.42 for the six months ended Oct. 31, 1944, compared with \$524,494.43 on the same basis for the like period in 1943. The current results are subject to year-end adjustments.

Reduction in profits before taxes was principally accounted for by increased charge-offs of drilling costs incurred in drilling wells which have materially increased the crude oil reserves of the company.

Graham Mayor Dies
DALLAS, Nov. 21 (AP)—G. Dillard Hinson, 58, mayor of Graham, Young county, since 1941 and chairman of the draft board there, died in a Dallas hospital yesterday.

Sweetwater-Steer Tickets On Sale
Reserve tickets for the Big Spring - Sweetwater traditional Thanksgiving football game are available at the tax office of the Big Spring schools, officials reminded Tuesday.

These will remain on sale there through Wednesday for benefit of local fans who contemplate accompanying the Steers to Sweetwater Thursday.

SINGLE PLANE ACCIDENT
NEW ORLEANS, Nov. 21 (AP)—The loss of only a single plane during more than 10,000 hours of combat operation is the record of the Navy Catalina patrol squadron of which Gardner Sherman Hill, aviation machinist's mate second class, of Abilene, Tex., is a member.

Sarrebourg Captured By Storming U. S. Doughboys

LONDON, Nov. 21 (AP)—French armor thrusting northward down the Rhine stormed Mulhouse today, and U.S. troops captured Sarrebourg, 32 miles from the Rhine, in an eastward drive collapsing the whole German stand in the Vosges mountains.

The swift-paced French perhaps had already entered Mulhouse, an industrial city of 97,000, in exploitation of their Belfort breakthrough. This push was undermining German positions for 100 miles to the north.

Both the American Seventh and Third armies were beating eastward toward Strasbourg and Saarbrücken, meeting weakening rearguard resistance from Germans apparently retreating to the Rhine.

The 44th division of the Seventh army captured Sarrebourg (Pop. 6,500)—70 miles northwest of Mulhouse—and mechanized patrols were stabbing onward toward Strasbourg 30 miles beyond.

Third army forces fought with in 18 miles of Saarbrücken in the industrially-rich Saar basin. Still farther north, tanks of the Third army had driven three miles into Germany.

Further north the Germans were falling back toward Strasbourg and Saarbrücken behind weakening rearguard resistance officially described as disorganized.

Belfort, bypassed city guarding the Rhine, was captured, Gen. Dwight D. Eisenhower disclosed in calling for ever-increasing pressure until victory.

The Germans threw 20 to 30 tanks against the American Ninth army units at Schleiden, seven miles southeast of captured Geilenkirchen, but Lt. Gen. William H. Simpson's men repulsed this blow and advanced a mile and a half northeast capturing Aldenhoven on the road to Julich, three miles away. Julich is a bastion on the Roer river, a strong natural defense barrier before the Rhine.

Earlier the Ninth army breached a formidable 10-mile German anti-tank ditch.

Five fortress groups at Metz continued firing after the German commander within the enemy-held northern portion of the French fortress city ignored an ultimatum to surrender.

A two-mile advance on the American Third army wing east of Metz carried Lt. Gen. George S. Patton, Jr.'s men to points eight and 12 miles below the Saar frontier. Third army troops entered the old Maginot line defenses north of Faulquemont, 20 miles southwest of Saarbrücken, and took Lelling, 9 1/2 miles from the Saar border, Dieuze, 30 miles southeast of Metz, was captured. The third army had patrols at Insulville, 10 miles northeast of Dieuze.

Patton's Tenth armored division which drove into the Saar—a major German iron and coal region—has deepened its penetration of the Reich to three miles in the Moselle area. This division encountered heavy enemy fire from east of the Saar river.

On the Ninth army's right, American First army troops hacked new gains out of stubbornly defended enemy positions and captured the village of Wenau, approximately 10 miles east of Aachen and six miles west of Duron on the Roer. Heavy fighting was reported in the outskirts of the German stronghold of Aachen, seven miles northeast of Geilenkirchen.

Above the Ninth army, British troops beat off two counterattacks and punched deeper into the Siegfried defenses, reaching the outskirts of Wurm, 3 miles northeast of captured Geilenkirchen.

Below the Rhine-Marne canal, the spearheads of the American Seventh army sped northeastward toward Saarbrücken (which Berlin said was reached) from the Blamont area, punching through spotty rearguard resistance to points only five miles from the key rail and highway junction.

MARKETS TO CLOSE
NEW YORK, Nov. 21 (AP)—All major financial and commodity markets, including livestock, will be closed next Thursday (Nov. 23) in observance of Thanksgiving Day.

BOMBER CREW SAFE
DALHART, Nov. 21 (AP)—A crew of 13 parachuted to safety when a four-engine bomber crashed and burned 12 miles southeast of Dalhart Army Air Field last night.

Specialist Checks 'Nubbins' Hoffman
DENVER, Nov. 21 (AP)—A Denver urologist declared today that 3-year-old Forest (Nubbins) Hoffman, the "early Christmas" boy from Cheyenne, Wyo., is "desperately sick," but said he cannot make a conclusive diagnosis until after another examination late today.

Requesting that his name not be disclosed, the specialist said he plans to give Nubbins an anesthetic so he can search for a possible tumor.

"He apparently has a very bad left kidney, but the diagnosis cannot be confirmed until later," he said. "The child is very nervous." Nubbins' parents, Mr. and Mrs. Marshall Hoffman, and their physician, Dr. G. B. Savory, brought the boy to a Denver hospital last night.

Eisenhower To Increase Pressure On Germans
"To get peace, we have got to fight like hell for it," the commander said, "now let's do it."

Eisenhower appeared fit as ever after a tour of all parts of the fighting zone, and said he was especially happy over the French breakthrough to the Rhine.

"No single instance has pleased me so much in a long while as the capture of Belfort by the gallant French army and its reaching the Rhine," Eisenhower said. "Unless everyone all the way

through the nations—those at the front and those at home—keep on the job everlastingly and with mounting intensity, we are only postponing the day of victory," Eisenhower declared.

"The very maximum effort must be made on the day of surrender," Eisenhower declined to make any prediction as to when the war would end and said his call for an all-out effort both at the front and at home was his "prescription for victory."

Circles Plan Christmas Parties For December

Circle Five of the First Methodist church met Monday afternoon in the home of Mrs. C. R. McClenney.

The devotional and prayer were given by Mrs. Dave Duncan and the chairman, Mrs. Louis Murdock presided at the business meeting.

A Christmas party planned for Dec. 11 in the home of Mrs. M. L. Richards.

Those present at the meeting included Mrs. C. E. Talbot, Mrs. M. L. Richards, Mrs. Pete Johnson, Mrs. Dave Duncan, Mrs. S. B. Nobles, Mrs. Louis Murdock and Mrs. McClenney.

Circle Two Meets
The weekly meeting of circle two was held Monday in the home of Mrs. M. Wentz. The devotional was given by Mrs. W. A. Laswell.

At the business meeting a rummage sale was planned for Nov. 25.

Those attending were Mrs. W. A. Laswell, Mrs. Horace Taylor,

Mrs. J. M. Faucett, Mrs. W. D. McDonald, Mrs. W. Chowens, Mrs. Arthur Woodall, Mrs. A. C. Bass, Mrs. J. L. Hudson and Mrs. M. Wentz.

Mrs. Manien Hostess
Mrs. J. R. Manien was the hostess for the circle Three meeting Monday. Mrs. W. A. Underwood conducted the business meeting and Mrs. J. R. Manien gave the devotional.

Plans were made for a Christmas luncheon and party at the home of Mrs. W. A. Underwood on Dec. 18.

Members present were Mrs. W. A. Underwood, Mrs. T. G. Adams, Mrs. C. A. Schull, Mrs. A. J. Cain and Mrs. J. B. Sloan.

Circle Four Has Meeting
Mrs. H. F. Howie was hostess to circle Four Monday. Mrs. J. B. Pickle gave the devotional, taken from 100th Psalms.

A treasurer's report was given at the business meeting and plans were made for the next meeting to be a Christmas dinner held in the home of Mrs. H. G. Keaton on Dec. 11 with each member bringing a gift.

Members attending included Mrs. N. W. McCleskey, Mrs. J. B. Pickle, Mrs. J. L. Sullinger, Mrs. Albert Smith, Mrs. H. G. Keaton, Mrs. R. E. Satterwhite and Mrs. Howie.

QUILTING HOBBY AT 87
KEENE, N. H.—The New England quilting bee won't be an out-worn tradition while 87-year-old Milan Henry Johnson of Keene still can hold a candle.

Johnson admits his quilting bee's got to be a solitary business, but he declares that it's his principal hobby.

Activities at the USO

TUESDAY
Hyperion Club hostess.
8:30—Treasure hunt and box supper.

WEDNESDAY
Volunteer desk hostesses.
6:15—Hospital visiting hour at the post; Lillian Jordan, chairman.
9:00—Bingo; three-minute free telephone call home with Credit Women's Breakfast club as hostesses.

THURSDAY
Woman's Forum hostesses.
8:30—Games and dancing.

FRIDAY
Volunteer desk hostesses.
SATURDAY
Volunteer desk hostesses and Music Study Club.
8:30—Recording hour.
9:00—Cakes donated by Home Demonstration club.

Spread Of Bollworm Threatens Cotton

WASHINGTON, Nov. 21 (AP)—Threatened spread in pink bollworm infection over Texas cotton fields drew the attention today of Dr. P. N. Anand, chief of the Agriculture Department's Bureau of Entomology.

A first hand report on the bollworm situation in Texas and northern Mexico was to be given Dr. Anand by J. E. McDonald, Texas commissioner of agriculture, and by two agriculture department officials, L. F. Carl, San Antonio, and R. E. McDonald, who has been stationed in Monterrey, Mex.

A study of the reports will help determine whether a special drive shall be planned in addition to the regular eradication program, for which congress has appropriated \$738,000 for the current fiscal year ending next June 30, Anand said.

\$60,000 IN WAR BONDS
CHARLESTOWN, W. Va.—A daily newspaper carrier from Downmont, W. Va., has dealt a blow to the Axis in his own way.

In the past two years Richard Yakes' sales of war bonds and stamps to customers on his newspaper route have totaled \$60,000.

British sailors often call themselves "merry matelots."

Social Calendar Of Events For Week

TUESDAY
ORDER OF EASTERN STAR AND COAHOMA CHAPTER will have a banquet honoring past matrons and past patrons of both chapters at the Masonic Hall at 6:45 p. m.
BUSINESS AND PROFESSIONAL WOMEN'S CLUB will meet at the Settles at 7:30 p. m.
REBEKAH LODGE will meet at the IOOF hall at 7:30 p. m.
EAST 4TH BAPTIST W.M.S. will meet at 3:30 p. m. at the church.

WEDNESDAY
CHURCH OF CHRIST LADIES BIBLE STUDY will meet at 2 p. m.
DOS FOR OCHO will meet at 3 o'clock in the home of Mrs. R. F. Blum.
CHILD STUDY CLUB will meet at 2:30 p. m.
CHILD STUDY CLUB will meet at 2:45 p. m. at the home of Mrs. W. P. Cecil with Mrs. G. K. Chadd as co-hostess.
ROYAL WIVES CLUB will meet at 3 p. m. at the cadet club.

THURSDAY
CELESTINE NEIGHBORS will meet at the W.O.W. hall at 2 o'clock.
FRIDAY
WOODMEN CIRCLE will meet at the W.O.W. hall at 8 p. m.

Daily Production Of Crude In State Low

AUSTIN, Nov. 21 (AP)—Daily production of Texas crude oil in December will be 2,134,978 barrels, based on a proration order of the railroad commission.

The order contemplates an average daily crude allowable of 2,291,979 barrels beginning Dec. 1, but estimated underproduction of 6.85 per cent of allowable will reduce actual flow to 2,134,978 barrels, or 1,978 more than recommended by the Petroleum Administration for War.

The December production pattern includes 24 general producing days, 24 for the East Texas field and 31 for the Panhandle. November's order provided 24 general producing days, 23 for East Texas and 30 for the Panhandle.

The commission ordered another statewide proration hearing in Austin for Dec. 19.

South In Line For Postwar Waterways

WASHINGTON, Nov. 21 (AP)—The south is in line for \$600,000,000 in postwar waterways, canals, harbors, dams and whatnot.

They're stored up in two big grab bags—a billion-dollar flood control bill, under scrutiny today on the senate floor, and a half-billion dollar river and harbors bill, waiting for its turn.

If the flood control proposal comes through intact, \$370,715,400 will go to harness rivers in the southern states from Virginia to Texas.

The south's \$261,615,080 share of the rivers and harbors bill includes the two most costly projects—the \$66,000,000 Tennessee-Tombigbee and \$60,000,000 Alabama-Coosa waterways.

Among big southern projects in the rivers and harbors bill; Ueches and Angelina rivers, Texas, \$28,000,000, and Trinity river and tributaries, \$15,000,000.

J. F. Greenwood Dies At His Home

J. F. Greenwood, 78, died at his home at 1511 W. 3rd street at 9 p. m. Monday following a long illness.

Funeral will be 2 p. m. Wednesday at the Nalley chapel with J. D. Harvey, minister of the Church of Christ, of which faith Mr. Greenwood had been adherent for 39 years, officiating. The body will be taken overland for interment in Tahoka.

A native Texan, Mr. Greenwood was born Aug. 17, 1866 and had been a farmer most of his adult life. He moved here in 1934 from Tahoka.

Surviving are his widow to whom he was married 55 years ago; one son, Tom Greenwood, Oakland, Calif.; and three daughters, Mrs. Ella Nelson, Oakland, Mrs. Glennie Specks, Enoch, Texas, and Mrs. Lennie Mae Edwards, Big Spring. He also leaves three brothers, Will and Dick Greenwood of Abilene and Tom Greenwood of Carbon; 18 grandchildren and 15 great-grandchildren.

Funeralbearers will be W. J. and Howard Ringener, Clyde Ray, Edgar Phillips, Gabe Hamack, and Clarence Fryar.

Pearcy Heads AAF Post

WACO, Nov. 21 (AP)—Col. Charles G. Pearcy has assumed his duties as acting commanding officer of Blackland Army Air Field.

Col. Pearcy, of Laredo Army Air Field, was sent here following an accident suffered by Col. J. B. Olson, Blackland commander, while hunting near Redfield, S. D., Oct. 21. Col. Olson is now at O'Reilly General Hospital, Springfield, Mo.

The smallest Coast Guard fire boat has a pumping capacity of 2,000 gallons a minute.

Women Operate Bond Booths

The women of Big Spring were ready and waiting Monday to sell bonds downtown when the Sixth War Loan Drive got underway. Mrs. Douglas Orme, women's chairman, said today.

All those expected were on hand to begin the job of being bond saleswomen during the Sixth. Those taking charge at the State National bank were women of the 1930 Hyperion club and included Mrs. H. C. Stipp, Mrs. H. G. Keaton, Mrs. M. H. Bennett, Mrs. Ira Thurman and Mrs. W. B. Hardy.

Women at the First National bank represented the North Ward P. T. A. and included Mrs. E. E. Winterrowd, Mrs. Melvin Choate and Mrs. W. R. Davis. Selling at bond headquarters was the Ladies Golf association represented by Mrs. Stipp. Those at the Ritz theater were Winona Bailey and Alma Borders representing the Business and Professional Women's club.

Scheduled to take charge on Wednesday will be the Girl Scouts at bond headquarters, the X. Y. Z. club at the State National bank, the College Heights P. T. A. at the First National bank; and the B. & P. W. club at the Ritz.

Mrs. Orme and her co-chairman, Mrs. Hugh Davis, complimented the women on their job for the first day of the drive and stated that much of the success of the Sixth would be due to the salesmanship of the women of the county.

North Nolan Baptist Mission Group Meets
The North Nolan Baptist Women's Missionary Union met at the church Monday afternoon for their regular mission study program.

Mrs. Oscar Jenkins was in charge of the program. Attending were Mrs. Chester O'Brien, Mrs. Oscar Jenkins, Mrs. Claude Russell, Mrs. J. L. Haynes, Mrs. J. C. Harmon, Mrs. P. B. Webb, Mrs. Jack Rose.

McCLURE HEADS U.S. FORCES
CHUNGKING, Nov. 21 (AP)—Maj. Gen. Robert B. McClure of Palo Alto, Calif., has been appointed deputy chief of staff for the United States forces in the China theater.

SUB-DEBS PLAN HAY-RIDE, DANCE

The Sub-Debs met Monday evening at the home of Mrs. George White. Pledges were given first degree initiation and there will be two more degrees before solemn ceremony presentation.

Plans were made for a hay ride and a barn dance to be held in the home of Wilma Jo Taylor next Saturday. Those attending will meet at the home of Wynelle Wilkerson at 6:30 p. m.

Plans were also made for the presentation to be made on Dec. 23 at the country club. Music will be furnished for a dance following the presentation by a part of the post orchestra.

Members present at the meeting were Wynelle Wilkerson, Celia Westerman, Janet Robb, Billie Jean Henderson, Pattie McDonald, Marylou Watts.

Pledges at the meeting included Helen Blount, Cecelia Long, Melba Dean Anderson, Cordie Selkirk, Nancy Thompson, Luan West, Bobbie June Bobb, Betty Sue Sweeney, Anna Claire Waters, Pat Curry, Mary Nell Cook, Betty Lou McGinnis, Wilma Jo Taylor.

The sponsor, Mrs. Hal Battle, was also present.

How Sluggish Folks Get Happy Relief

WHEN CONSTIPATION makes you feel punk as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lax "innards", and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin. INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even finicky children love it.

CAUTION: Use only as directed.

DR. CALDWELL'S SENNA LAXATIVE
CONTAINED IN SYRUP PEPSIN

Why Millions Now Do This!
A FEW DROPS Quickly Relieve Stiffness of HEAD COLDS!
It's so easy to get prompt, effective relief from stiffness of head colds with Va-tro-nol Works right where trouble is to reduce congestion—soothe irritation—make breathing easier. Also helps prevent many colds from developing if used in time. Try it! Follow directions in folder.

Try A More Flavorful Kind of Coffee

SO RICH we urge you
USE 1/4 LESS
coffee per cup

This Rare Kind of Coffee Can Be Yours Every Day in Mountain Grown Folger's

If you will taste Folger's you'll know the difference there can be in coffee! The difference that raises eyebrows—brings smiles and gleeful Ah's—for when you drink Folger's you taste some of the rarest, most flavorful kind of coffee. This rare kind of coffee comes from the mountains of the Tropical Americas where brilliant sunshine, abundant rainfall, even temperatures and rich volcanic soil combine to produce a miracle of coffee flavor.

Of course, that miracle of flavor—the full, vigorous richness that you taste in Folger's Coffee is most important for sheer enjoyment but it also translates itself into extra economy because that extra flavor stretches into extra cups—so surely—that you are urged to use 1/4 less coffee per cup.

Know this enjoyment now when good coffee means so much. Just ask your grocer for Folger's. There's a Mountain of Flavor in Every Spoonful of Folger's

Mountain Grown
FOLGER'S COFFEE

Amazing results shown in improving the Looks... boosting VITALITY!

1—Promote the flow of vital digestive juices in the stomach
2—Energize your body with RICH, RED BLOOD!

Improper diet, overwork, undue worries, colds, the flu or other illness often impairs the stomach's digestive functions and reduces the red-blood strength.

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 80 to 85% normal is severely handicapped. At such times Nature needs extra help to restore its balance and function properly. Undigested food places a tax on the system...insufficient blood strength is a detriment to good health.

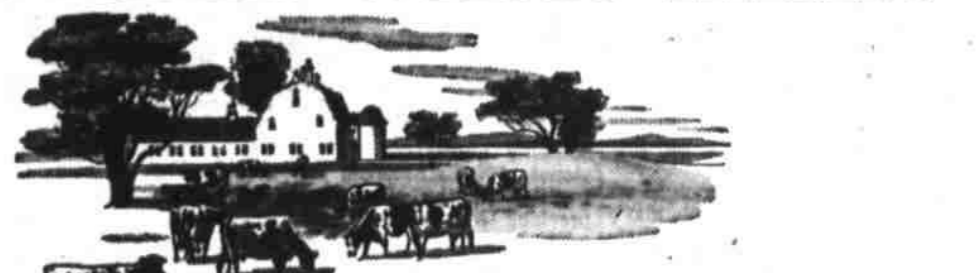

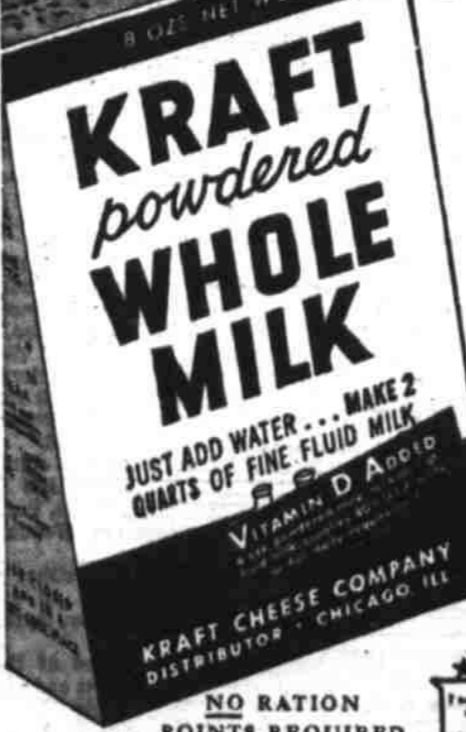

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, you have an organic complication or focal infection. SSS Tonic may be just what you need! SSS Tonic is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

These two important results enable you to enjoy the food you do eat. To make use of it as Nature intended. Thus you may get new vitality... pop... become animated... more satisfied!

Build Sturdy Health and Help America Win
Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 30 cc. sizes. 25¢ & 50¢.

SSS TONIC
helps build STURDY HEALTH

Just restore the water... Get fine whole milk!

Scientific triumph! Fine whole milk from lush dairylands now brought to you by Kraft with the water removed! It "keeps" on your pantry shelf! Makes delicious fluid milk quickly, milk with uniform cream content!

Science predicted that some day a way would be found to remove the water from fresh whole milk... a way that would give you vital food values and tempting freshness of flavor. That day is here!

Right in America's lush dairylands fine fresh milk is pasteurized, the water is removed from it by an exclusive process of dehydration and valuable vitamin D is added.

By simply restoring the water, you get whole milk... delicious milk... and nutritious milk! For, in this powdered form, you get milk's complete protein and its precious calcium and phosphorus. Also food energy and vitamin B₂ (riboflavin). You get also 400 units of vitamin D in each quart you make.

Moreover, Kraft Powdered Whole Milk saves you money two ways: lower cost per quart and no losses through spoilage in your pantry. It keeps well on your pantry shelf and you make it up as you need it. Simply mix with water, shake in a quart jar, chill in your refrigerator. Then it's ready for drinking... cooking... every milk use. Try it today.

2 QUARTS FROM 1 SMALL BOX! Each box contains 2 measured bags, each making 1 quart.

College Heights Plays West Ward Tonight For Title

Midland To Play Lamesa; Not Broncs

The Herald was in error yesterday in stating that the Midland Bulldogs would play the Odessa Bronchos Thursday afternoon. The game will be played the following Thursday, November 30. It was a misquote from the Odessa paper.

The Midland team will play the Lamesa Tornados Friday night in a conference game, while the Bronchos are idle awaiting their clash with the canines.

The Midland eleven will rank the heavy favorites over the oft-beaten Dawson county team which is still trying for its first conference win.

Lamesa has fallen before every team in the district with the exception of Midland. The latter team has lost its conference games

to Abilene, San Angelo and Sweetwater, have won from the Steers, and have Odessa yet to play.

In comparative scores the Tornados lost to San Angelo 6-83, to Abilene 7-40, to Sweetwater 6-47, to Big Spring 6-7, and to Odessa 6-45.

Midland has dropped conference games to Sweetwater 6-28, to Abilene 19-25, to San Angelo 7-49, and have beaten Big Spring 25-9. The game is slated for Friday night in McCollum Field at Lamesa.

YALE TO FINISH SEASON
NEW HAVEN, Conn., Nov. 21 (AP)—Yale's athletic association bigwigs are "extremely flattered" over the bowl game "feeler" being extended to their undefeated and untied footballers but Director Ogden G. Miller today said the Elis "positively" would end their eight-game slate here Saturday against Virginia.

Kickoff At 7:30 To Open Battle To Decide Champ

For all football boosters in Big Spring who wish to take a last gander at 1944 football representing local talent, and who also desire a look-see into the future for local aggregations, the opportunity will be afforded tonight at 7:30 in Steer stadium with no admission charge at the gate. The occasion will be the battle between West ward and College Heights who will battle it out for the pennant of the Junior football loop just ended last Monday afternoon with these two teams tied at the top with no losses and one tie, this coming from a previous engagement between tonight's battlers.

There are no factors that point toward either team with much favoritism. The game, at present, is about evenly matched with any edge going to the big yellow-shirted Westside eleven.

In their previous battle the only threat of the entire afternoon was made by West ward. The big aggregation moved downfield toward the goal until they reached the 18-yard marker where a tumble was pounced on by an alert white-shirted lineman and the only threat of the day was halted.

Bobby Campbell, who played in the forward wall for the West team earlier this year, has been shifted to the backfield and will add one more point, and the only other one which shows any bearing on the outcome, on the West ledger.

Campbell has been shifted to the fullback role and demonstrates a lot of power in his running. He was instrumental in garnering the two scores last week over Central ward.

One of the best little linemen in the league will be featured by the College Heights team. He is Stewart Brand, who is even dwarfed by most of his fellow players, but who has ability and "know-how" to burn. Brand has displayed some exceptional football for his teammates and stands out well in the forward wall of the white jerseyed team.

In the big West line will be such standouts as Bobby Clark at guard and Aubrey Dale at tackle, and J. W. Dreke at center. These lads are the spark of the forward wall, with captain Lewis Gilbert, potent halfback, moving into the line on defense.

Offensively the battle will feature Rusty Rusk, Amos Jones and Johnny Berry of the Heights team against Campbell, Gilbert and Leslie Sherrod. These latter three men have provided the difference in every game of the year, and are fast and powerful runners among the lightweights.

Rusk, however, is the standout of the year. The rusty headed lad is fast, powerful, and shows an amazing amount of shiftness for one so early in the game of football. He is also the strong point of the College Heights defense at his halfback position. He has been the spark of the white shirts all season, and is acting as their captain.

Starting for the College Heights team will probably be Wayne Brown and James Petty at ends; Johnny Coffee and Robert Cobb at tackles; Tommy Morgan and Stewart Brand at guards; Rusk,

Reasons For Rambler Squad Given; Texas Tech Knocking At SWC Door

By HAROLD V. RATLIFF
Associated Press Sports Writer
DALLAS, Nov. 21 (AP)—Better late than never: The information sought on the way and wherefore of football in the air corps under which four great teams were collected

finally has come officially to your correspondent.

Army Tops List Of Grid Elevens With Navy 2nd

By HAROLD CLAASSEN
NEW YORK, Nov. 21 (AP)—Army and Navy—the teams that meet in Baltimore on Dec. 2 in the football game of the decade—rate No. 1 and 2 in today's Associated Press poll to determine the country's outstanding eleven.

The Cadets, who conquered Pennsylvania by a 62 to 7 score last Saturday, hung onto first place in the opinions of the 98 voting scribes but the remainder of the top ten underwent a shake-up that ousted Duke, despite its 34 to 7 triumph over South Carolina, and elevated Southern California.

Navy, 32 to 0 winner over Purdue, climbed to second place from third a week ago. Ohio State retained third but Randolph Field, which romped to a 58 to 0 verdict over Southwestern of Texas, skidded from the runner-up berth to fourth.

The Fliers were followed by Bainbridge Naval, Michigan, Iowa Preflight, Southern California, Fourth Air Force and March Field and Georgia Tech.

Leading teams, determined on a basis of 10 points for each first place vote, nine for second, eight for third, etc. (First place votes in parentheses): Army (65½) 889; Navy (57½) 761; Ohio State (5) 728; Randolph Field (11½) 690; Bainbridge Naval (4½) 412; Michigan 392; Iowa Pre-Flight (2) 316; Southern California (1) 242; Fourth Air Force (3) 184; Georgia Tech 141.

Oppenlander Is Better
PRINCETON, Nov. 21 (AP)—George Oppenlander, 17-year-old Swarthmore college guard seriously injured in the Princeton game here Saturday, was reported by Princeton hospital officials yesterday as holding his own, with chances for recovery improving.

Oppenlander suffered a ruptured kidney in a pile-up. He was rushed to the hospital where he was given two blood transfusions and the ruptured kidney was removed.

Johnny Berry, Jones and Mays in the backfield.

For the West team likely starters will be Atkinson and Regan at ends, Gross and Madry at tackles, Clark and Dale at guards, Dreke at center, with Gilbert, Scott, Byers and Sherrod in the backfield.

Opening kick off is at 7:30 in Steer stadium with no admission charges.

Back in the summer the air forces program was rumored. The report, which came to your correspondent straight enough, was that four major teams would be collected and the idea was to raise a lot of money for army charity. But we couldn't get an official announcement of it. Only when Randolph Field had cleaned up on some Southwest conference teams and a hot discussion broke out in the sports columns did the statement come that Randolph got its team together for the purpose of raising money for the army. That quieted all discontent.

Now comes the information that all this was done in the spring of 1944 and that teams were organized in the AAF Training Command (Randolph Field), the Second Air Force (Colorado Springs, Colo.), Third Air Force (Charlotte, N. C.) and Fourth Air Force (March Field, Calif.). Players were allotted to each, schedules outlined.

So that's the story—five months late.

When the war's over, the Southwest conference is going to be faced not with just one school seeking admittance but two.

Texas Tech has been after a spot for several years. It is not pressing its claim directly these days; it's just playing a good schedule, engaging all conference members it can and making a record to show it would be a welcome addition to the circuit.

And now Trinity University of San Antonio has cast its hat into the ring. This is not an urgent matter; it may be several years, but President Monroe G. Everett says Trinity will seek admission into the conference "as our team may justify such rating."

Judge And Mrs. Landis Confined To Hospital
CHICAGO, Nov. 21 (AP)—Baseball Commissioner Kenesaw M. Landis and Mrs. Landis probably will have their Thanksgiving dinner in St. Luke's hospital where both have been confined for the past several weeks.

Condition of Landis, who yesterday observed his 78th birthday in the hospital, was reported highly satisfactory but he protested mildly because his immediate release isn't in sight. Mrs. Landis is convalescing after suffering a fractured wrist.

TECH TO SUGAR BOWL?
NEW ORLEANS, Nov. 21 (AP)—Likely opponents for the Sugar Bowl football game remained an official secret today, but observers agreed Georgia Tech is almost a "sure thing" to play in the New Year's day classic.

Ponies Prep For Steer Clash With Pass Work

Thursday afternoon's football clash between the Big Spring Steers and the Sweetwater Mustangs will find the favored Mustangs playing their next to final game of the season and the locals flashing their wares for the last time this year, and the Mustangs have been prepping all week for the engagement to put on a show for homefolks and to bring themselves back into the win column after losing to Abilene and Odessa in two consecutive weekends.

The Ponies began preparations this week with intensive workouts concentrating on use of the air lanes for a victory over the locals. Their passing game the past two weeks has clicked fairly well when given a chance but two big fast lines have pushed aside Mustang blockers to harry Towner Leeper and other backfield flashes so much that the Mustangs were held to small scores, a trick that has been hard to turn all year.

The Ponies have won six games this season while dropping two, while the Steers are on the other end of the score, winning three but losing six.

Jack Taylor, early season star at the tackle position, will once again see action for the home team Thursday. The Mustang star has been missing from the lineup most of the year with a cracked rib, but it has healed and he will be back in the lineup on Thursday.

The boosters of the hosts are planning two big pep rallies preceding the game to celebrate the Thanksgiving holidays. One will be held Wednesday afternoon at the school, with the second one slated for downtown Sweetwater Thursday morning on the steps of the court house.

For persons wishing tickets and not having them before they leave Big Spring they may be obtained at the office of the high school principal, Preston Lightfoot, from 9 to 11 a. m. Thursday.

Sweetwater's season's scores stack up like this:
Sweetwater 27, Masonic Home 6.
Sweetwater 26, Brownwood 6.
Sweetwater 18, Ballinger 6.
Sweetwater 26, Midland 6.
Sweetwater 37, Plainview 13.
Sweetwater 47, Lamesa 7.
Sweetwater 29, Abilene 32.
Sweetwater 7, Odessa 14.

This gives the Mustangs a total of 208 points against 84 for their opponents. The Steers are very far behind such an impressive total, but are banking on an upset win over the Mustangs who have

been surprised the past two games in which they participated as the ranking favorites.

The hosts will end their season the following week on home grounds when they meet the San Angelo Bobcats in the final game of district play in this area.

The Steers have no injuries from the Abilene game and go into the game at top strength. The line is being worked over this week in the hope that it will display the same tactics as it did against Abilene, who were rushed constantly all evening.

Such outstanding linemen as Leo Rusk, I. B. Bryan, John Cooper, Kenneth Huett, Ladd Smith and others will be seeing their last action for the Steers if they follow plans to graduate at the end of the year.

Rusk and Bryan are both due to report to the draft board at the end of the school year, if not before. Bryan, giant tackle, will be acting as captain for the clash. During his other turn at this duty, the Lamesa game, Bryan played

outstanding ball, and as this is his last performance as a Steer big things are expected for the tough lineman by Steer coaches.

Demand For Wage Hike Explained

By JAMES MARLOW
WASHINGTON, Nov. 21 (AP)—Are you dizzy from the turmoil over wages, prices and the cost of living? Here's an explanation.

Prices and wages raced upward after Jan. 1, 1941. By the spring of 1942 living costs had risen at least 15 per cent. The government knew this from its cost-of-living index, published monthly by the Bureau of Labor Statistics.

The government cracked down. The War Labor Board was to sit on wages. WLB said: Henceforth no wage increase more than 15 per cent above what the hourly rate for a particular job called for on Jan. 1, 1941.

And the rule on wages became known as the Little Steel formula. But the point was this: Wages and prices both were supposed to be held to an increase of no more than 15 per cent above Jan. 1, 1941.

But prices kept climbing. Labor murmured that the cost of living was greater than the BLS index showed.

AFL and CIO leaders complained in person to the president that the BLS index was too low to show the rise in living costs.

A few weeks later CIO steelworkers demanded wage increases although they had the limit under WLB rules. This meant breaking the Little Steel formula. It meant the whole system of wage controls would have to be revised.

One of the chief complaints: The index didn't take sufficient account of "hidden" factors—like deterioration in quality of goods

—which boosted living costs. So in March, 1944, WLB Chairman William H. Davis asked a special committee of outside economists to examine the index and the AFL-CIO attack on it.

He got the economists' report, studied it, and last weekend announced: The BLS index was too low but the AFL-CIO report was too high.

He said that as of now living costs have risen 30 per cent, 4.5 per cent higher than the 25.5 per cent shown in the index. But whatever happened to the CIO Steelworkers demand—back in the winter of 1943—for a flat increase of 17 cents an hour? WLB has turned the CIO case over to the president to decide.

Crude Production Increases In Week

TULSA, Okla., Nov. 21 (AP)—Crude oil production increased 4,450 barrels daily in the week ended Nov. 18 to 4,736,300 barrels daily, the Oil and Gas Journal said today.

California output was up 7,000 barrels a day to 887,250; Kansas, 16,700 to 282,700; Louisiana 400 to 363,550; Michigan, 300 to 49,800, and the Rocky Mountain area, 6,600 to 133,700.

Production in Oklahoma declined 1,350 barrels a day to 258,050; Illinois, 15,400 to 189,400, and eastern fields, 100 to 67,900.

Texas output was unchanged at 2,132,300 barrels daily and East Texas at 387,900 barrels daily.

Iron canal boats were used in Britain as early as 1788.

Wage Formula Change Planned By Workers

Upward revision of the Little Steel formula and an annual wage for industrial workers are two specific goals set forth at the Congress of Industrial Organizations' convention.

Philip Murray, CIO president, and Bishop Bernard J. Sheil, auxiliary bishop of the Chicago Catholic Archdiocese, yesterday endorsed the two proposals as more than 1,000 delegates cheered.

"Labor can give the answer to the persistent quest of the common man—a guaranteed annual wage," Bishop Sheil declared.

Many long-winged, short-legged birds must have room for a take-off like an airplane before they are able to get into the air.

Sliding Down The Sports Chute

with BILL

"We can forgive Bill Barnett, sports writer on the Big Spring paper, for the cracks he made about the Bronch's touncing Big Spring, since he was one of the few that predicted Odessa would beat Sweetwater" . . .

So spoke the prophet . . . or rather "Pure Hokum," column in the Odessa paper dedicated to sports and written (it is rumored) by one Cotton Clover. To the author I thank you, I am most happy to be removed from your black list . . . but I wonder when you will be forgiven for those "unkind" remarks you have cast toward San Angelo, as reported by Blondy Cross . . .

I would like to appeal to my readers, so few and far between, to turn out for the game tonight in the stadium between the two ward schools.

I admit that it will not be college football but I will be willing to refund your admission price out of my own pocket if it is not an evening's entertainment. Everyone should enjoy the game who really enjoys football.

Those youngsters have been having a big time this year with their football, as well as contributing a lot to the future of the high school team and the next generation of citizens in Big Spring. A fair crowd would be

good payment for their hard work and a pat on the back would be a big encouragement to keep this worthy program operating next season.

The approaching Abilene-San Angelo battle Thursday, which is due to settle the district title is fast developing into a grudge fight that is due to attract fans from all of west Texas. Both sides are pouring it on the other and the more is said the more heated becomes the argument.

Publicity from the Abilene camp says they will shave quite a chunk from George Graham's scoring average, as well as his ground gaining totals. They are concentrating on stopping the big Bobcat fullback in the Eagle camp and reports from over in Abilene have them ready to do a good job of it.

But retaliating from the Bobcat camp come reports that they will never be able to do it, but even if they should what could be done about Roe "The Horse" Hall and other speedsters. That is the Angelo attitude.

The Abilene claim the Cats have never run into a line as good as the Eagles. The Cats say they can take any kind of a line and still spot them plenty of points.

No matter who says what that game is going to be a classic that will never be forgotten . . . in my opinion by Abilene. They have a fine ball club with plenty of power. . . but the Cats are too much for them. They are certainly sticking their necks out with the ballclub but it will probably pay dividends . . . by the way the duets for the game are going they will pay well.

Our local game over at Sweetwater is due to be overshadowed by the clash bit nothing will stop the fact that the other is

Plans Laid For Relieving Taxes

WASHINGTON, Nov. 21 (AP)—Plans for price and tax relief for the public shared interest today on the Washington scene.

To keep living costs in balance with pay scales, Price Administrator Chester Bowles is reported ready to crack down on recent price rises. Bowles may tighten controls over fabrics and wearing apparel and announce more rigid standards for ruling on requests for extraordinary price increases not provided for by law.

The chairman of the senate finance committee, Senator George (D-Ga) suggested meanwhile that when peace comes, lower taxes are definitely in order. George believes taxes can be pared, the budget gotten into balance and the national debt whittled down simultaneously.

The War Labor Board may answer the CIO's steel wage demands this week, said Chairman William H. Davis, stressing that it will not alter the Little Steel formula limiting general wage increases to 15 per cent over Jan. 1, 1941 levels. Another source said 5 to 10 cents an hour wage boosts may be allowed to compensate for such "inequities" as night work.

Administration plans call for naming to the senate foreign relations committee in January legislators known to be favorable to strong world peace machinery. The democrats probably will fill three vacancies on the key committee, the republicans two.

A United Nations conference to discuss the new world order may be held next spring rather than in the winter. The meeting probably will be postponed since a Roosevelt-Stalin-Churchill conclave is now considered unlikely until 1945. The entire schedule is uncertain.

Emphasizing his role as direct economic emissary between President Roosevelt and the heads of foreign governments, Donald M. Nelson has been named the chief executive's personal representative with rank at the cabinet level. The former WPB chairman is now in China.

Otherwise the day found—The senate facing a possible lengthy controversy over the St.

Lawrence seaway project recommended by President Roosevelt. This may delay quick passage of a billion dollar flood control bill.

Senator Chandler (D-Ky) proposing a new presidential probe into the Pearl Harbor attack as Senator Hatch (D-NM) tentatively approved a separate congressional inquiry.

The house preparing to vote on legislation resurrecting the government program of crop insurance against floods, droughts, storms, blight and bugs.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 2 1/2 pints a day.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. This poison may start causing backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there's something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Negro Found Guilty Of Houston Murder

HOUSTON, Nov. 21 (AP) — Julius Harper, 18-year-old negro, was convicted on a murder charge in the slaying of Clarence Edwards and was given a death sentence in a guarded and locked courtroom here yesterday.

The jury deliberated less than one hour in District Judge Frank Willford, Jr.'s court.

Two other negro youths also are charged in the slaying but will not be tried until they become 17 years old.

Edwards was stabbed and beaten to death Oct. 22 and his body mutilated by his slayers.

Amendments Offered Flood Control Bill

WASHINGTON, Nov. 21 (AP) — Amendments intended to safeguard irrigation rights in river development programs will be offered to both the flood control bill, expected to be taken up by the Senate today, and the rivers and harbors bill.

Senator O'Mahoney (D-Wyo.) announced the plan, proposed by western senators, following a conference yesterday.

O'Mahoney declared at a news conference there is "no conflict" between his amendment and the Missouri River Valley Authority Bill introduced by Senator Murray (D-Mont.)

Postwar Prosperity Will Show Operators

DALLAS, Nov. 21 (AP) — Postwar prosperity will be accompanied by "the usual horde of get-rich-quick operators," Charles C. Johnson, Jr., of Fort Worth told the meeting of the Tenth district of the Advertising Federation of America here yesterday.

Directors of the organization adopted a resolution recommending that each member advertising club work closely with better business bureaus to prevent fraudulent and misleading advertising.

The Tenth district comprises Texas, Louisiana, Arkansas and Oklahoma.

Administration Is Planning A-Group To Back Peace Plan

WASHINGTON, Nov. 21 (AP) — The administration intends, when it organizes the new congress, to make sure there is a solid majority on the senate foreign relations committee supporting the creation of international peace-keeping machinery.

Although it will be January before anything can be done officially, democratic leaders today began compiling lists of eligibles for five committee vacancies.

The democrats probably will fill three of these, represented by the departing Senators Reynolds (D-NC), Gillette (D-Iowa) and Clark (D-Mo). The republicans may have two spots to fill. These now are occupied by Senator Nye (R-ND) and by Senator Davis (R-Pa), if a check of the service vote shows the latter defeated.

Among those mentioned as possible selections by the majority steering committee are Senators Hatch (D-NM), Lucas (D-Ill), McFarland (D-Ariz), and Maybank (D-SC).

On the republican side, Senator Bridges of New Hampshire, an advocate of postwar international cooperation, looks like an almost certain choice. The other spot might go to Burton of Ohio, Gurney of South Dakota or Wiley of Wisconsin. Of these, only Wiley has been strenuously critical of administration foreign policies.

Pilgrims Progress
MCGREGOR, Ia., Nov. 21 (AP) — A rural school teacher was a bit startled by the statement in an examination paper that the pilgrims were an orchestra that came to this country. Summoning the writer, she inquired where he got the idea.

"The book says so," he replied, pointing confidently to the sentence beginning "a band of pilgrims landed x x x."

Service Dept.
Marshall (Biggie) Goldberg has been re-assigned to the Fort Pierce, Fla., naval amphibious base just in time to get into the amphib's few tough football games . . . Cpl. Bill Kelly, who used to play basketball for Brown, has successfully introduced the "firehouse" game at Walker Army Air Field, Kas. His team has scored 445 points in five games, going over the 100 mark three times . . . Ten years after he starred at Michigan, Willis Ward is regular end on the Camp Lee, Va., football team. Ward, now 31 years old, recently graduated from officers' candidate school.

London Lights On After Five Years
LONDON, Nov. 21 (AP) — London is lighting up after five years of wartime blackout.

The lights came on last night in Fleet street and in Piccadilly. Crowds walked up and down the streets singing and shouting to passersby. A similar scene took place on Oxford street in the shopping section.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.

NEW YORK, Nov. 21 (AP) — Man the dykes, folks, the flood is coming . . . Lt. Comdr. Rip Miller and Maj. Andy Gustafson started it yesterday trying to build up each other's teams for the coming Army-Navy game and with two weeks to go they'll have plenty of time for crying . . . A couple of samples — Gustafson: "We'll continue to use the two-team system. We'll have to. No one team could stand up against Navy." . . . Miller: "Did George Mruer wear that football suit during the Army-Navy game? I would dare do that. It wouldn't be safe the way those Cadets block." . . . Murray Dickson and Howard Krist, former Cardinal hurlers, met recently in a foxhole somewhere in France . . . And those weren't baseballs whistling overhead, either.

Contents Noted
Pfc. Bob Rinehart, a former Ohio Stater on lend lease to Camp Claiborne, La., asks who said that Ohio State didn't have transfer help . . . "How," Bob asks, "about all those shaveless shavers that transferred from those Ohio high schools to the Buckeye varsity?"

Shorts and Shells
The New York boxing managers guild has called a boycott against Joe Turner, Washington promoter, because of Eddie Walker's suspension . . . They claim Eddie has tried to get a date from Turner for that postponed Chalky Wright fight and can't get a tumble . . . Oklahoma City will stage the all college basketball tourney again in December and will follow with three doubleheaders, featuring the Soomers and Phillips 66 . . . Paul Robeson, Jr., whose points beat Dartmouth Saturday, started the game for Cornell only because Navy Trainee Edward Sharafanowich was caught wearing white socks that morning and was confined to quarters for the week-end . . . Must have been an American league umpire who dished out that punishment.

Texas Club Drops Series To Grocers In Bowling League

In the weekly league contests of the Classic Bowling League Monday night at the West Tex Center Lee Hanson, Elmo Wasson, and the Texas Club lost their 2 out of three game series with Lester's Texas Electric, and Safe-way respectively.

Lee Hanson took one game of the series and dropped two to the Lester team.

Texas Electric made the only clean sweep of the night and took three games from Elmo Wasson.

The league leading Texas Club suffered their first series set-back in the evening's play when Safe-way knocked them over in two games, after dropping one of the series.

Sgt. Decarlo had the high single score of the night with a 245. His total of 620 was second for a series' high.

Stanley Wheeler was high scorer of the night bowling over the pins to sack up a 632 total in the evening's contests.

Trains Collide On Mississippi Bridge

MEMPHIS, Nov. 21 (AP) — Two outbound passenger trains collided on the Harahan bridge spanning the Mississippi river near the Arkansas side today and first reports said none of the cars left the bridge but "quite a few passengers were hurt."

Patrolman Onnie Seago said the train swere the Rock Island's passenger bound for Hot Springs and the Missouri Pacific.

Both trains normally carry nine or ten coaches.

A fog was reported over the river at the time of the accident.

Safe-way had a 2207 high score for the series, by virtue of an 81 pin handicap, with Texas Electric holding the high scratch score with 2122.

Ramsey, Sokelek, Tate, Wheeler (whose high game was 224 to add in with his high night's total) Douglass, Smith, Compton, Eason, and Dozier all had 200-games or better.

League play will be continued next Monday night at the bowling center, and box standings will be printed in the Herald next week, including wins and losses for each team.

Girl Graduating From College At 18

EVANSTON, Ill., Nov. 21 (AP) — Natalie Moskowitz, 18, of Galveston, Tex., is graduating from college at an age when most persons graduate from high school, and she's earned two degrees.

Miss Moskowitz has her master's degree from Northwestern University's Medill School of Journalism. At 17 she received the Bachelor of Arts degree in English and Art from Sam Houston State Teachers College, Huntsville, Tex., which she entered at 14.

She was the youngest graduate student ever to enroll at Northwestern, and the youngest student ever listed in Who's Who among students in American Universities and Colleges.

Cotton Totals Given
WASHINGTON, Nov. 21 (AP) — The census bureau reported today that cotton of this year's growth ginned to Nov. 14 totaled 9,488,233 running bales.

The ginnings, excluding linters, compare with 9,929,895 bales to that date a year ago, and 10,676,532 bales two years ago.

Ginnings for Texas, with comparative figures for a year ago: Texas 1,882,138 and 2,416,852.

McNutt To Speak At AFL Convention

NEW ORLEANS, Nov. 21 (AP) — Delegates to the American federation of Labor's 64th annual convention rolled up their sleeves today to plunge into routine tasks of policy making for another year.

Only speeches scheduled for today were by Paul V. McNutt, war manpower commissioner, and Edward N. Scheiberling, national commander of the American Legion.

Royce E. Satterwhite, who is ill in a local hospital, is reported to be improving.

Editorial - - - Modern "Circuit Rider"

Today members of the St. Mary's Episcopal parish will pay tribute to the Right Reverend E. Cecil Seaman, who soon is due to retire after 20 years in his episcopate.

It is not without regret that all of this community will see him lay aside his official clerical duties, for Bishop Seaman, through his constant visits, has become widely known and loved in Big Spring.

Like all truly great men of God, Bishop Seaman did not stop within bounds of denomination in his service to his fellow man. Nor have his efforts to lift up humanity been confined solely to his calling. While he never sacrificed any of his zeal or fire in administering the affairs of his bishopric, he managed to be a civic minded character who found additional ways to serve both adults and youth.

In some respects, those who know him best, like to compare Bishop Seaman as something of a circuit rider. He has had a phenomenal capacity for visitation, one that perhaps contributed to his break in health; moreover, he has had in his mind a clear picture of what is right and what is wrong, and speaks his mind against that which he believes to be wrong whether it makes pleasant listening or not.

So The Herald, and we are sure the entire community, joins today in expressing appreciation for the labors of the good bishop these score of years and in praying that God will preserve his strength and keep him for many more years of useful service in less strenuous roles.

No Survey Litigation

Texas landowners—and particularly the farmers and ranchmen fortunate enough to possess acreage in the oil fields and potential production areas—will hardly be able to believe that any system of surveying can be devised which will eradicate those troublesome vacancy and conflicting boundary lawsuits.

State Land Commissioner Bascom Giles, along with the U. S. Geodetic Survey and some of the top-flight surveyors and engineers, has held out the promise of litigation relief through universal adoption of the Lambert grid system or co-ordinate method of "permanent" surveying and mapping.

Recognizing that the earth is spheroidal and not flat—as traditional surveying intimates—the projected adoption of the triangulation plan ostensibly would systematize and mathematize the double-header functions of surveying and mapping so that "lost markers" and "wandering compasses" no longer would be big doings in the district and appellate courts.

Already the Lambert grid has been applied to large areas of the United States. In France it is proving a boon nowadays as it enables the jealous provincial farmer to find his battle-torn acreage even when every tree and mound and pit on the landscape has been uprooted and tossed aside by bombings and shell barrages. Reportedly, too, the Germans went in for a similar systematization of the "surveys," a fact which may help when the victorious Allies begin to carve Naziland into assimilable portions.

Hollywood— Movie Reflects Things Backward

By ROBBIN COONS
HOLLYWOOD — This is the other side of the looking glass. This is where they do things backward. This is where they spend thousands of dollars and infinite care to build artistic destruction. This is the set of "A Bell for Adano."

In many ways it's the most extraordinary movie set I've ever seen. It's the bomb-wrecked Sicilian village of John Hersey's story, its ancient buildings scarred and roofless, its remaining walls tottering, its streets filled with rubble and dust. It's a scene familiar to thousands of soldiers, to civilians—a home from news pictures and—worse—of actually bombed cities in Europe—the houses and shops with their concealing walls blown out, exposing more or less intimate interiors with pictures still hanging on walls, a crucifix, a mangled baby carriage, a twisted iron bed, dangling lace curtains.

This fictional town of Adano must have been old and beautiful, with its city hall crowning a gentle slope, its bell-tower looking down over the village square and the water where the fishing boats lay. But it is wrecked, its bell of the title long gone, when the Yanks arrive after driving out the Nazis and the story begins.

Director Henry King, Ben Wurtzell, construction superintendent, and Mark Lee Kirk, art director, were agreed that it would have been easier and cheaper to build an unharmed city than a bombed one. For instance, plaster casts of fragmentary walls had to be made and fitted into place, which is much harder than casting and placing a whole wall. Of course they might have built the village "new," aged it and then wrecked it by bombing, but the effect while realistic would not have been so certainly artistic—and the neighbors might have objected besides.

It also would have been easier to shoot the latter part of the film first, scenes after the village has been cleared up and the streets cleared by the invading Yanks. But certain valuable "props" prevented this: the Army has loaned the studio captured Nazi tanks and guns for the early sequences, and these "props" have to be photographed and sent on their way in time for use in the Sixth War Loan drive.

Because of these, the crew of 375 men who built the "destruction," working two eight-hour shifts for five weeks, had to rush to get all that rubble scattered realistically.

The War Today

by Dewitt Mackenzie
Associated Press War Analyst

We are taking our text today from the Eisenhower "communique" which says that Allied troops on the Cologne plain east of captured Gelsenkirchen "are meeting fierce enemy resistance."

With cities, towns and hamlets falling like tenpins in various sectors, and Allied forces making sensational advances, we are in danger of slipping into the over-optimistic class again.

The Gelsenkirchen-Aachen sector, opposite Cologne and Germany's all-important Ruhr industrial center, is the crucial zone of the moment along the erupting 400-mile battle-front. General Ike is employing great striking power there in an effort to break through to the Rhine, and naturally that's where the Nazis have concentrated all the strength they can spare from their depleted forces.

Now in order to meet the terrific pressure on this strategic sector the Nazis have been compelled to withdraw troops and equipment from other sectors which are less vital.

This shifting of German troops was exactly what Eisenhower figured on, and his army commanders are taking advantage of his successful tactics. The Nazis have been forced to fall back at numerous places, abandoning powerful positions. Some of the sensational Allied gains have been due in part to the fact that the enemy was retreating to fresh defenses.

That in no way detracts from the magnificent work done by the pursuing Allies. However, we should recognize that he who runs away lives to fight another day, and the Nazis who are retreating still must be dealt with further back.

Far worse than the "flat" land studies of the usual surveyors, have been Texas' unfortunate "office" surveys wherein surveyor, rod and transit remained indoors, and hefty tracts of land, including public lands in West Texas, were "surveyed" merely on paper.

Commissioner Giles believes that the Lambert grid system, now made optional by law, will become universal within the next 25 years.

Of course, if the surveyors, engineers, landowners—and, naturally, the lawyers—want to invoke the program much earlier, they might get together with the legislature and the Congress and settle on a program. It's really up to them. The public generally just won't get excited about a land boundary until there's oil spouting in the adjoining section or a neighbor threatens to cut down the pecan tree straddling the fence line.—San Angelo Standard-Times.

Woman Accidentally Shot, Dies in Clinic

FORT WORTH, Nov. 21 (AP)—Mrs. R. E. L. Batts, 55, who returned home unexpectedly 16 days ago and was mistaken for a prowler and shot, died in a hospital here yesterday.

D. B. Sinclair, a taxicab driver, told police Mrs. Batts had asked to be driven to the rear of the house because she said she did not want to disturb her husband and his men friends who were playing cards.

War-Time Employment Drops 18,000 From July

DALLAS, Nov. 21 (AP)—War-time employment has dropped 18,000 here since July, but only half of those who lost their jobs have sought new ones through the U. S. Employment Service and the area War Manpower Commission lags 35 per cent behind its November-December interregional quota, Orville W. Erringer, WMC director, said yesterday.

Manganese is the most important of the six alloying metals; between 12 and 13 lbs. go into the making of every ton of steel.

Hal Boyle: Most Frustrated Soldier In France Pilots Artillery Spotting Plane

By HAL BOYLE
WITH AMERICAN TROOPS IN GERMANY, Nov. 11 (Delayed) (AP)—The most frustrated and one of the blood-thirstiest soldiers in Germany is the slim young pilot of an artillery spotting plane who is angry because the army will not let him use bazookas on his tiny craft to raid the enemy lines single-handed.

Ever since he set down in Normandy and laid claim to being the first Allied flier "to land there intentionally," Capt. David Condon in Germany is the slim young pilot of an artillery spotting plane who is angry because the army will not let him use bazookas on his tiny craft to raid the enemy lines single-handed.

Condon is a native of Goshen, Va., which he said had possessed a population of 162 for the past 52 years.

The American and German lines run together along a certain street in Wurselen, Germany. At some points the Americans have strung chicken wire to foil the German practice of tossing over potato-masher grenades at their living quarters. The wire deflects the Nazis' aim.

"We are really belted right up against the Wehrmacht," said Sgt. W. L. Hinson, Route 2, Le-nos, Ga. "In some places the Jerries are in houses across the street from us, and the only time either of us can stick our heads out without getting them shot off is at night."

Washington— "The Battle Of Pennsylvania Avenue"

By JACK STINNETT
WASHINGTON — In the capital, it's generally referred to as the "Battle of Pennsylvania Avenue." The professors call it the struggle between the executive and legislative branches of government, but it's really nothing more than the constant row between Congress and the President.

Few, if any, presidents have been without trouble with Congress. In the first six years of his now 12 in office, President Roosevelt probably had less trouble than most of his predecessors. There were trenchant criticisms of boondoggling, NRA, and a good many other things, but for the most part the President had Congress on his side. With the battle over reorganization of the Supreme Court and the "purge" of 1938, the picture changed considerably. Since then, only in matters of prosecution of the war has the President had Congress in his camp.

There will be 80 or more changes in the House, with a net gain for the Democrats of some-thing like 28 seats. In the Senate, there may be a change of one or two more seats either way, but the change in political thinking and voting will be considerable.

President Roosevelt isn't going to be able to "order" Congress around, but he definitely will have a bigger majority that thinks as he does on foreign relations and the winning of the peace as well as the war.

Mirrors Of Austin—

REA Has Escaped Opposition Of Enthusiasts For State's Rights

By PAUL BOLTON
Herald Austin Correspondent

The objections so often voiced by Texas state officials, particularly as candidates for office, against federal encroachment upon state's rights, apparently do not extend to the Rural Electrification Administration.

On the occasion of a luncheon in Austin for Secretary of Agriculture Claude Wickard, there was a veritable string of "testimonials" for the REA. Railroad Commission Chairman Beauford Jester boasted that he had helped form the Navarro county REA and still served it as attorney. Railroad Commissioner Ernest O. Thompson voiced his praise of farm electrification. Others followed suit.

Perhaps the most striking testimonial came from Attorney General Glover Sellers. When Sellers reaches 65, he quipped, he won't apply for any government pension; he's going back to the farm. His farm was going down and down and down back in 1928, but in 1933 it started coming up. Today, with the help of the federal farm program, it's fenced and terraced and the taxes are all paid up.

Incidentally, Austin's Mayor Tom Miller who was host for the luncheon, introduced himself to Secretary Wickard in his own inimitable fashion: "I'm Tom Miller, mayor of Austin. I'm in the produce business. When are you going to raise the price of turkeys?"

There's a sad advance guard of legislators trickling in and out of the capitol these days. Looking forward to their four months' residence starting in January, they've been to Austin house hunting; and the hunting was poor.

This is near-catastrophe for many members who ordinarily move to Austin with their families, placing their children in Austin's schools and calling the capitol home for four or five months. And with the shortage of gasoline making weekend trips home impractical, the situation is aggravated.

The plain fact is that there are

no houses to rent in the capitol city, particularly no short term leases. Occasionally the newspapers list a house for a year's lease, and there are plenty for sale. But renting is something else.

The situation is unusual. Austin is near enough to three great army camps—Camp Swift, Bergstrom Field and Camp Hood—to be accessible for army officers and their families; and while there is no war industry in Austin at this time, neither has there been any housing project, so today the situation is for those hunting a place to live, nearly critical. And the same holds true for a different reason on the university campus. Because girls outnumber boys by nearly two to one, rooms for girls are at a premium.

Some legislators have lived in one of Austin's hotels in past years. There was a time when you could get a special rate of around \$45 a month for a hotel room. But according to the testimony of one senator who managed to get a small suite reserved until he could find a house, the hotel management won't even talk about prices now.

Short takes: Secretary of State Sidney Latham says the (published) reports of his imminent resignation are greatly exaggerated. In the first place, he will serve out his present term. In the second place, re-appointment hasn't been offered him. In the third place, he has given no thought to whether he will accept re-appointment if it is offered; and finally, he says, he has no assurance of senate confirmation if he should be re-appointed. . . . Prominent publishers in West, Southwest and Northeast Texas were offered appointments on the board of regents. One turned it down because his newspaper al-

SCORCHY SMITH

CHET MUST HAVE A BEE IN HIS BONNET!

CAPTAIN SMITH! JUST A MINUTE, SIR! DO YOU KNOW WHO'S HERE... AT OUR BASE??

LET'S SEE, IT'S MAYBE GENERAL MACARTHUR? ...CHENNAULT?

HEY NO, SIR! BUT REMEMBER THAT SLICK YANK WHO POPPED HIS ZEROS FOR US...

...ON ACCOUNT OF HIM USING POP BOTTLES TO KNOCK JAPS? HE'S HERE! RIGHT NOW... AT HIS BASE ... I JUST SAW HIM!!

HE'S QUITE A LAD... I MET HIM IN THE C.O.'S! SEEMS SODDY'S TOP PLAY BOY HERE... AND I GET THE HONOR OF BEING TEAMED TO HIS GANG!

BLONDIE

BOOM! DAGWOOD! WHAT WAS THAT?

WORKMEN ARE BLASTING IN THE STREET IN FRONT OF OUR HOUSE

WELL HAVE TO DO SOMETHING ABOUT IT— I'VE GOT A CAKE IN THE OVEN

SAY, BOYS, MY WIFE HAS A CAKE IN THE OVEN!

OH, FINE! TELL HER WE'LL COME IN AS SOON AS WE FINISH UP HERE

SNUFFY SMITH

OH, OH, SNUFFY... HERE COMES THE BLACK DRAGON SOCIETY AFTER YOU!

GULP!! HUNNERTS OF 'EM!! I RECKON MY SCRAWNY NECK IS GOOD AS CHOPPED OFF NOW

OH MOST EXALTED SUPREME BLACK DRAGON... INSIGNIFICANT SLAVES CRINGE AT YOUR SLIGHTEST GLANCE

ANNIE ROONEY

THANK YOU, YOUNGSTER—I AM GRATEFUL FOR YOUR EYES AND YOUR COMPANY—

HONEST, IT'S LOTS A FUN WALKIN' TO WORK WITH YOU EVERY MORNIN'— ZERO LIKES IT, TOO—

GOOD-BYE NOW—ME AN ZERO WILL BE WAITIN' FOR YOU ON OUR WAY HOME FROM SCHOOL—

GEE, ZERO—ISN'T MR. LEROY GRAND! HE CAN'T SEE VERY GOOD, BUT HE PRETENDS HIS EYES ARE OKAY, 'CAUSE HE DONT WANNA HAVE PEOPLE FEELIN' SORRY FOR HIM—

MIY SAUVER

SULTRY IS... DEAD?

I WAS LOOKING BACK AT THE TAKE-OFF, BUZ. THE JAPS CAME SWARMING OVER THE RIDGE. I SAW HER FALL.

IMPOSSIBLE, MARY! YOU'RE MAD! SHE HAD JUST LOOKED OVER THE RIDGE, AND EVERYTHING WAS OKAY. SHE SAID SO!

BUT IT WASN'T. I WAS WITH HER. I SAW!

BUT SHE TOLD ME NOT TO DARE OPEN MY MOUTH. SHE KNEW YOU WOULDN'T TAKE OFF IF YOU KNEW THE DANGER SHE WAS IN. SHE DELIBERATELY SACRIFICED HERSELF.

JUSTICE NOMINATED
WASHINGTON, Nov. 21 (AP)—Henry A. Schweinhart, Chevy Chase, Md., was nominated by President Roosevelt today to be an associated justice of the United States district court for the District of Columbia.

Postmasters Given Option On Holiday
AUSTIN, Nov. 21 (AP)—Postmasters in Texas have been given local option on the day to celebrate Thanksgiving.

JOAN BLONDELL
Famous Hollywood screen star says: "You bet I use Arrid! Some people may not like to talk about under-arms perspiration, but it's lots worse to neglect it. So I unhesitatingly use the Arrid."

New Cream Deodorant
Safely helps Stop Perspiration

- Does not irritate skin. Does not rot dresses or men's shirts.
- Prevents under-arm odor. Helps stop perspiration safely.
- A pure, white, antiseptic, stainless vanishing cream.
- No waiting to dry. Can be used night after shaving.
- Awarded Approval Seal of American Institute of Laundering—harmless to fabric. Use Arrid regularly.

39¢ Plus Tax Also 59¢ Size

ARRID
THE LARGEST SELLING DEODORANT

Ray E. Lee, Austin postmaster, said he had a telegram today from K. P. Aldrich, first assistant postmaster general, advising that in as much as there was a conflict between the national Thanksgiving day and on Nov. 23 as set by Congress and Texas' Thanksgiving day on Nov. 30 as designated by Governor Coke Stevenson, each postmaster in Texas may select for holiday the day his community will generally observe.

Rural carriers, however, must celebrate Nov. 23 and give service on Nov. 30, said Lee, inasmuch as they come under a different ruling than other postmasters.

Prisoner Total For Allies Given
By The Associated Press
Allied armies on the western front have captured at least 691,989 prisoners since D-Day, the equivalent of 69 German divisions. About two thirds, or 424,124 were caged by the four American armies.

Latest figures show:
U.S. First Army, 200,138; U.S. Third Army 117,400; U.S. Seventh Army 59,918; U.S. Ninth Army 55,870; French First Army 58,939; British Second Army 94,794; Canadian First Army 95,132; French forces of interior with British and Canadian armies 20,000; total captured, 691,989.

IN UNIFORM

BACK FROM OVERSEAS
T. Sgt. Henry L. Wolf was due to arrive at Ft. Bliss on or about Tuesday after five months overseas in the European theatre where he served as engineer and top turret gunner on a B-17 on 32 missions during 250 combat operational hours with the Eighth air force. He will visit his parents, Mr. and Mrs. J. A. Wolf soon.

AT NOTRE DAME
Jack Donald Riggs, son of Mrs. Alice Riggs, has been assigned to the US Naval Reserve Midshipmen's school located on the Notre Dame campus. Upon completion of a four month's course he will be commissioned an ensign in the US naval reserve.

DUE MARINE WINGS
Marine Cadet Alfred Henry Bugg, son of Mr. and Mrs. A. H. Bugg, expects to be graduated from the naval air training base advance flight school the latter part of November and to be commissioned a second lieutenant. He will be designated a naval aviator and assigned to active duty. Cadet Bugg enlisted as an aviation cadet on May 14, 1943 and underwent primary flight training at the naval air station in Minneapolis and entered advance training June 12, 1944. He is a Big Spring high school graduate.

TO REPLACEMENT CENTER
Robert Allen McLemore, 30, has arrived at the Camp Wolters replacement center to begin basic training as an infantryman and has been assigned to a station stressing heavy weapons. His wife, Mrs. Inez E. McLemore, resides here.

Sgt. Granvil Dawson, stationed at Aberdeen, Maryland, will spend part of his leave and the Thanksgiving holiday with the Nat Shicks.

Livestock

FORT WORTH, Nov. 21 (AP)—Cattle 4,300; calves 2,800; slow about steady; medium and good slaughter steers and yearlings 11.00-13.25; cull and common kinds 6.00-11.00; good beef cows 10.00-11.50; canners and cutters 4.00-7.00; good heavy bulls 8.00-9.00; good and choice fat calves 12.00-13.00; common and medium calves 8.00-11.50.

Local Woman From Patriotic Family

Mrs. Gerald W. Schattle of 901 Scurry comes from a patriotic family. She has had four brothers, three brothers-in-law and her husband in the armed forces. In addition her sister-in-law, Mrs. Camille Moore, was a worker in the Caribbean Defense Command after the declaration of war.

One brother, Sgt. Victor Moore of Houston, operated a machine gun in the Los Negros island landing. Another brother, Billy Moore, served for seven years in the army and after his discharge was a member of the civilian crew at Pearl Harbor when the Jap attack came. He was injured in the bombing.

S-2c James Moore entered the navy in May of this year and is now at sea. Another of Mrs. Schattle's brothers, Cpl. Melvin E. Colm, was killed in action in France during the first days of the invasion. He was 21 at the time of his death and had been in the army since he was 17.

M-Sgt. Gerald W. Schattle is stationed at the Big Spring Bombardier school.

Over \$29,000 Given Local Chest Drive

More than \$29,000 was contributed to the Howard County Community War Chest drive, according to R. R. McEwen, general chairman.

The last checks and contributions came in over the weekend and topped the quota of \$28,890 set for this area. The checks have been turned over to the individual agencies combined under the title Community War Chest, McEwen reported.

Gay Hill 4-H Club Has Meeting Mon.

The Gay Hill 4-H club boys met at the schoolhouse November 20th with County Agent Durward Lewter. Harold K. Simpson was elected president, J. D. Hyden, secretary-treasurer.

In addition to Gay Hill boys regular projects they have pledged themselves to the war effort and the farm labor shortage by picking cotton and shocking grain after school for their parents and neighbors. J. D. Hyden, a 4-H club boy, who lives two miles from school and walks home each afternoon pulled 142 pounds of cotton after walking home after 4 o'clock, and on Saturdays has pulled above 500 pounds. Harold and Billy Simpson have shocked feed for their dad after school hours. The entire 4-H club group, Ted Scott, Harold Simpson, Billy Simpson, Kenneth Lacy, J. D. Hyden, and Howard Smith have pulled cotton at off periods at school for Mr. W. B. Puckett on the Tom Spencer farm adjoining the school ground. Mrs. Hattie B. Lacy, principal, reports that the boys pulled an average of 100 pounds every 20 minutes they were in the field. This same group of boys have also improved the Gay-Hill school grounds, by putting up a flag pole, digging and installing cess-pool for the cook room, Kenneth Lacy is janitor for the school and cook-room.

Here And There

Among leading participants in Kolorad Kanteen, musical production of the Hardin-Simmons Junior class presented last Saturday were: Asa Coach, Big Spring, Frances Merle Cooper and Mary Price, Colorado City; Billie White and Edith Esmond, Lamesa; Melvin Smith, Odessa.

Serviceable electric supplies declared surplus by the army are being placed on sale at Ft. Sill, Okla., and bids will be accepted on them until Nov. 23. Applications may be had from the post salvage officer at Ft. Sill.

A net gain of 12,052 new members during 1944 has been reported by Mrs. Margaret C. Mumms, treasurer for the National Woman's Christian Temperance Union. In addition, the WCTU reported donations of \$35,585 for military welfare equipment.

Betty Collins, senior student in Abilene Christian college and daughter of Mr. and Mrs. J. B. Collins, is for the third year a member of the "W" club, organized by the late Mrs. Jesse P. Sewell to further the principals of Christian womanhood.

Mrs. Clarence R. Pressley of Fort Worth arrived Tuesday to visit her brother and his wife, Mr. and Mrs. Marvin House.

Richard Lefevre, police radio operator, has gone to Dallas to take his first and second class operator's examinations.

Joe Morton of the Federal Works Agency is in Big Spring over the weekend to inspect the new water supply system which is now under construction.

Pete Green, member of the Big Spring police force, has been promoted to police captain, Police Chief A. G. Mitchell announced Tuesday. Green, who was formerly a member of the Abilene police force, has been on the local force for about two months.

Steel Production Halts At Gary Plant

GARY, Ind., Nov. 21 (AP)—All steel production at the Gary Works of the Carnegie-Illinois Steel corporation, the world's largest steel plant, was stopped today, a company spokesman said, by a walk-out of 39 cramenen. An estimated 5,500 employees were kept idle by the walkout and, the spokesman said, this number would increase if the men did not return to their jobs.

The company spokesman said that 49 of the Works' 53 open hearth furnaces have shut down as a result of the walkout. He said four of the furnaces are closed for repairs.

The spokesman estimated that 15,000 tons of production were lost up to 8 a. m. today as a result of the walkout.

Joseph Goin, subdistrict director of the CIO United Steel Workers of which the cramenen are members, said the walkout was not authorized.

Jupiter, largest of the planets, could contain 1,300 bodies the size of the earth.

Jap Ghost Fleet Lies In Manila Bay

By MORRIE LANDSBERG
ABOARD U.S. CARRIER FLAGSHIP OFF LUZON ISLAND, Philippines, Nov. 19 (Delayed) (via Navy radio) (AP)—A ghost fleet of 100 war-crippled Japanese ships lies dissolutely in the calm shallow waters of Manila Bay.

Carrier pilots sweeping over the bay today found few targets in the crowded harbor worth bombing. Most of the ships were small craft already strafed into uselessness by repeated U. S. carrier attacks in recent weeks.

Attacking pilots found at least three usable ships and added them to the wreckage.

Local Police Take Car From Thieves

Big Spring police recovered a 1940 black Ford reported stolen by Mrs. Dan Daugherty Monday night, after frightening the occupants of the car away with gunfire.

Police believed that the car was stolen by three boys who have not been identified or apprehended as yet. The car disappeared from the vicinity of the Malone and Hogan hospital, and was abandoned about six or seven miles north of Big Spring.

The car was slightly damaged after being struck by four bullets in the left rear fender and the trunk. One tire was hit, police said.

Musical Group At Rotary Meeting

The Rotary club was entertained at its regular meeting Tuesday at the Settles hotel by the musical "debutantes," accompanied and sponsored by Sgt. Ed Todd of the local bombardier school, whose membership consists of Sgt. Todd, Pfc. Bernice Scorras, De Alva McAllister, Dorothy Anthony, Maxine Moore, Winnie Rogers, Mabel Smith, Helen Blount, Lela Walker and Fannie Yates.

The debutantes entertained with the vocal numbers of "Louise," "Wish I May" and "Till We Meet Again," accompanied by Sgt. Todd on the piano. R. W. Thompson was program chairman. Dick Cloud was introduced as a new member of the club, and it was announced that he, Stanley Womack and Ray Frager, two other new members, would be presented with club certificates and pins at the next meeting by W. C. Blankenship who will also instruct them in Rotary.

Guests of Rotarians were Richard and Robert O'Brien and visiting Rotarians introduced were S. J. Treadway of Abilene and George Meacham of Seminole.

Somervell Urges CIO To Aid Labor Shortage

CHICAGO, Nov. 21 (AP)—The CIO convention today was urged by Lt. Gen. Brehon Somervell, army supply chief, to help recruit another 100,000 workers for war plants to turn out the fighting tools needed in Europe and the Pacific.

"We must have these workers at once," said the general in an address prepared for the delegates who yesterday cheered their president, Philip Murray after he urged a revision of the Little Steel Formula limiting wages and said "we have no quarrel with business."

Somervell told the convention that production in some items is 40 per cent behind, adding, "it all boils down to this: we are calling on American productive power for a supreme effort to meet a supreme crisis. The Doughboy has fought his way ahead of schedule and we have to catch up with him."

Four Daughters Born

The stork has had a complete feminine turn recently, reports from Cowper hospital indicate. Arrivals include the daughters: Nancy Haron, born to Mr. and Mrs. Walter C. Moore of 803 Lancaster, on Nov. 15; Minnie Marie, born to Mr. and Mrs. Virgil Graham of Ackerly route on Nov. 18; Jo Nell, born to Mr. and Mrs. Cliff Wagley of Sterling City route on Nov. 16; and Georganna Griffith, born to Mr. and Mrs. W. R. Griffiths of 107 W. 19th street on Nov. 17.

Sixteen Days Taken For Group 19 To Become Among Best

DALLAS, Nov. 21 (AP)—Air group nineteen in 16 days became one of the navy's top-scoring carrier-based fighting organizations. In carrier strikes on Formosa, the Pescadore islands, Nansai Shoto and the Imperial Japanese fleet, the group's Helcats, Avengers and Helldivers destroyed more than 100 airborne enemy planes and aided in extensive destruction of enemy surface units.

Three Texans figured prominently in these exploits. One pilot who played an important part in the sinkings was Lt. (jg) Charles E. Phillips, Fort Worth, who scored a direct hit on a Shokaku-class carrier.

On Oct. 8, in the attack on Nansai Shoto, Lt. (jg) Herman Walters, Tyler, Tex., dropped a large bomb from below 2,000 feet and a Japanese merchant ship, loaded with ammunition, completely disintegrated beneath his Helldiver. The plane was lifted 800 feet in the air by the force of the explosion and Walters was cut and dazed, but he returned safely to his carrier.

An 8,500-ton submarine-tender, the largest enemy ship spotted in Nansai Shoto harbor, suffered the same fate as the ammunition ship.

Among those who scored direct hits on the tender was Lt. Everett E. Newman, San Antonio.

Hospital To Bear Name Of Dr. Cozby

GRAND SALINE, Nov. 21 (AP)—Dr. V. B. Cozby, prominent East Texas physician, will have a hospital bearing his name through presentation of funds by E. B. Germany, Dallas oil operator.

The presentation of war bonds with which to erect the first wing of the hospital was made last night at the celebration of the Thirtieth birthday of the Grand Saline Lions club which Dr. Cozby helped organize.

Germany, native of Grand Saline, said the institution would be known as Cozy - Germany hospital in honor of the doctor and of Germany's mother, Mrs. J. W. Germany.

Vealmoor 4-H Meeting

The Vealmoor 4-H club boys met at the schoolhouse, November 20th with County Agent Durward Lewter. Carl McKee was elected president, Ned Clanton, vice president; Dwain Anderson, secretary-treasurer; Joe Don Zant, reporter.

County agent told boys of coming field day, December 16th. Every boy that has his project under way is invited. Prizes will be given to the highest three boys in judging contest. Dairy cows, beef cattle, sheep, hogs, and grain sorghums will be judged. The judging will start promptly at 9:00 a. m.

FIVE WOMEN HELD

Five women were being held in jail Tuesday for VD checks. The city court docket showed Tuesday morning that two arrests were made on assault charges, two drunkenness and one VD checkup.

Cigaret Sales To Be Recontinued Soon

WASHINGTON, Nov. 21 (AP)—From the Pentagon went this word of cheer today to GIs in London where cigarette sales have been halted at all but air force combat stations:

It's only temporary. Army officials here did not know how long the ban would be on "but obviously they won't be denied cigarettes indefinitely."

"There are sufficient cigarettes going over," authorities here asserted. "There is no question about that. What happens after they get there is another matter."

4th WAR WINTER

Winterproof NOW So Your Car Can Take It!

This is at least the 4th war winter for every U. S. Car ... and it's the 5th, 6th, 7th, or 8th winter for most! You can't afford to gamble on protection!

PROTECT YOUR HORSEPOWER

Winterproof

A complete lubrication, pre-winter check-up and servicing of vital parts to get smoother performance, conserve gasoline and prolong the life of your aging car.

ENGINE—Worn out summer motor oil is drained—replaced with the right grade of fresh, tough winter Mobiloil to insure quick cold-weather starts—more gas mileage—safe, sure protection of vital engine parts.

RADIATOR—The cooling system is drained—cleaned thoroughly of rust, dirt and scale with Mobil Radiator Flush; then protected against freezing with the right amount of Mobil Freezone—the safe, dependable anti-freeze.

GEARS—Gear oils used in summer are drained—gear cases carefully flushed—refilled with the proper grade of Mobiloil winter gear oil for easier winter gear shifting and protection of hard-to-replace gears.

CHASSIS—All chassis points are properly lubricated with winter Mobilgrease—the correct grades properly applied in the right places. The entire car should be carefully inspected to uncover any serious needs for repair, replacement or service.

Plus Tire Switch and Inspection—Mobil Wheel Pack Service—Mobil Air Filter Service—Mobil Upperlube Tonic Treatment—Hydraulic Brake Service—Shock Absorber Service—Mobil Polish and Wax Service!
